Texas shows gain of 13 new libraries in 1961

AUSTIN — Texas gained 13 public libraries last year and more than a quarter of a million books, according to a recent tabulation of library reports received by the Texas State Library.

A \$450,000 increase in library development funds was also noted.

'Rural residents still backbone,' candidate states

State Sen. Preston Smith, veteran Lubbock legislator who is seeking the Democratic nomination for Lieutenant Governor, noted this week "we hear reports all the time that our rural population is shifting to the urban areas, but Texas' rural residents still make up her backbone."

Smith, a 50-year-old businessman, campaigned for the Lieutenant Governor's office in 1950, placing third in a field of 12 candidates and leading the ticket in 68 counties.

He already has covered much of the state in the current campaign and said he "plans to shake every hand in sight."

Smith also said in a speech in Houston last week he was "concerned about the possibility of the Big Labor Union bosses taking over in Texas."

"We don't want and don't need the Jimmy Hoffa and Walter Reuther crowd down here," he said.

Smith served six years in the Texas House of Representatives beginning in 1944. In 1956 he was elected to the State Senate and was re-elected in 1960 without opposition.

Smith announced earlier his platform would be to "work for a simpler general sales tax, to correct to correct the auto insurance merit plan and to assure economical government without waste," among many other goals.

Clark new Scout field director

The appointment of William L. Clark of Texarkana as the field director for the South Plains Council, Boy Scouts of America, has been announced by A. W. (Gus) Benner, scout executive of the Council.

Clark will assume his new post May 1. He will be responsible for the supervision of six district scout executives, and also working in the fields of Commissioner Service, Organization and Extension and Finance. He will help to coordinate the training and activities of the volunteer leaders who work directly with the boys in units in the seven Scout districts that make up the 20-County South Plains Council Area.

Benner said, "We are confident that our volunteer leaders in the South Plains Council will enjoy working with Bill Clark, whose previous Scouting experiences will be of great value as he meets his new responsibilities."

CANDIDATE BEN RAMSEY SAYS

Lower prices for petroleum products show rights of Texans safeguarded

Lower prices paid by Texas consumers for petroleum products point up that our state is traditionally and consistently ahead of others in safeguarding the rights of its people, Railroad Commissioner Ben Ramsey said in Austin last week.

Ramsey, appointed to the Railroad Commission last September, is a candidate for the unexpired term of the late Commissioner Olin Culberson.

"The primary function of the Railroad Commission," Ramsey said, "is to protect the interest of the public. Success in this responsibility under conservation laws and court decisions is clearly reflected in the lower prices Texans pay for petroleum products. A good example," he said, "is that the average price of regular gasoline, excluding taxes, in Texas is five cents per gallon lower than the average nationwide price for the same product. This adds up to a sizeable annual savings to the Texas consumer."

Ramsey noted that a survey of 32 cities in 26 states by the Oil and Gas Journal showed that as of March 20, the average price for

the 32 cities was 19.2 cents per gallon as compared with the average price per gallon of gasoline in Texas of 14.2 cents.

Texas receives some \$412,000,000 a year in taxes from the industries which the Railroad Commission regulates, Ramsey said, and therefore, the Commission "must fairly and judiciously administer the laws and court decisions affecting these industries—transportation and petroleum—so as to provide economical and efficient service to consumer and industry."

TURKEY REFERENDUM

Eligible turkey producers will have an opportunity between June 18-22 to vote on the proposed turkey market order as announced by Secretary of Agriculture Orville L. Freeman. Growers who produced and marketed less than 3,600 pounds of turkey—liveweight—in 1961, or producer-handlers who produced and handled not more than 100,000 pounds of turkey—liveweight—in their own handling facilities and who bought and sold not more than 5,000 pounds from or to other persons are not eligible to vote in the referendum.

COTTON SCHOOL SET

The 53rd annual summer cotton school will be held at Texas A&M College from June 4 through July 13. Professor J. M. Ward, Department of Agricultural Economics and Sociology, will again be in charge.

Apha, American Pharmaceutical Association; both of Washington, D. C.

Mrs. Collier accompanied her husband. Headquarters for the convention were at the Vic Mon Motel.

This money does not come from state appropriations but from city and county tax sources. Dr. Dorman H. Winfrey, State Librarian and director, pointed out.

Complete results of the annual library statistical report will be published this month in Texas Libraries. Copies will be available in all public libraries.

Steady gains were recorded in most phases of library service. As an example the 1961 figures show that 106 branch libraries are now in operation compared to 97 in 1960; 117 book deposit stations compared to 87 and six more counties have library service that did not enjoy this source of information during 1960.

"Much of the credit for library development in Texas must be given to the Rural Library Service Division of Texas State Library," Dr. Winfrey explained; "for it is through this division's efforts to promote library service in rural areas of the state that is responsible for much of the growth."

"Many persons interested in library development in our State are under the impression that Bookmobile Demonstrations are the only program available from Texas State Library," the director-librarian reported; "but this is not true. Rural Library Service Division offers the following services:

"Professional library consultants; multi-county bookmobile demonstrations and books for libraries in cities and communities of less than 10,000 population," he he said.

Harold J. Marburger, head of the Rural Library Service Division, stated in "In a country where we, the people are the government, it is necessary that there should be authoritative information available in all Texas communities, and libraries are the place to obtain such information."

"Library services are free and our staff is available to any group or community to help promote library development in Texas," he stressed.

Persons interested in establishing or improving library service should contact Texas State Library for additional information.

Post druggist emcees convention's banquet

Bob Collier was master of ceremonies at the Saturday night banquet when the West Texas Pharmaceutical Convention was held in Amarillo last Friday and Saturday. Guest speaker was Dr. James Christenson, Central Presbyterian Church minister from Enid, Okla.

Two other outstanding speakers at the convention were Willard Simpson, National Association Retail Druggists and Dr. William

Don't forget electrical systems Clean-up Week

COLLEGE STATION — Spring Cleanup Week, April 29-May 5, offers an excellent opportunity to clear up potential hazards in your farm wiring and electrical equipment. This word comes from W. S. Slen, extension agricultural engineer. He says many hazards have never been corrected simply because time was not taken to clear them up.

Allen offers several suggestions for an electrical cleanup program. First, clean around all main electrical switches by removing any obstacles which might prevent your getting to them quickly. Plug holes in any main switch boxes, because small animals can get inside and possibly cause trouble. After this is done, clean the outside of corroded or rusty switch boxes with a steel brush and mineral spirits, and then repaint them.

Cobwebs, dirt and trash should be removed from around lights or switches, especially in hay barns, cribs and feed rooms. Heat from bulbs can set off an explosion or cause fire where dust or cobwebs accumulate.

You should also replace faulty wall switches or convenience outlets that have bad contacts or do not work properly, continues Allen. Repair frayed or damaged cords on any portable equipment such as irons, heaters, lamps or small appliances, and replace outside wires that have lost their insulation.

Make sure that no clothes line poles, antennas or other such possible contacts can be made with your system of wires around the farmstead.

Allen points out that the appearance and safety of the farm is vastly improved by a neat outside electrical distribution system. Spring Cleanup Week is a good time to repair any flaws in yours.

PLANTING MIDLAND BERMUDAGRASS

If you plan to plant Midland Bermudagrass this spring, here is a word from Extension Pasture Specialist Ted Trew that may help you get a good stand. He says there are three major reasons for failures to get stands. These are: 1. Planting in plots that have stands of other grasses; 2. Using dried out sprigs and 3. Grazing before grass is established.

Trew suggests that you plant sprigs on a clean, moist seedbed that is free of other growing grasses.

Use fresh sprigs, with at least 3 nodes or joints. Trew suggests planting sprigs the same day they are dug, or better still, the same half day.

For complete information on how to plant and manage your Midland Bermudagrass, Trew suggests you discuss the matter with your county agricultural agent.

SCREWORM TRANSPORT CONTROL LINE LAID

"The Texas Animal Health Commission has established a screwworm inspection line across Texas from the Gulf of Mexico, up through Bay City, El Campo, Altair, to Columbus, then west along Highway 90 to and above San Antonio to Hondo, and on via Uvalde to Del Rio." Dr. R. G. Garrett, Executive Director of the Commission announced today. This is being done to contain the screwworm infestation within the southern portion of Texas which is now under treatment, and prevent transport

of the parasite to the screwworm-free area above the line.

All roads going north and east will be manned by inspectors where they cross the control line. Livestock owner and hauler cooperation with this effort is imperative if the screwworm eradication program is to be successful.

Northward progress of the screwworm from the southern overwintering area is accomplished in two ways: (1) by natural travel (flying) at the rate of approximately 3.5 miles per week; (2) transport of screwworm infested animals northward by truck and train.

At this stage of the screwworm eradication program, the control line enforcement is equally as important as area treatment by sterilized fly drops.

To facilitate and encourage owner and shipper cooperation by shipping only screwworm-free livestock, plans are in progress to provide treating and spraying and inspection help before the stock are loaded and an inspector will provide certification enabling quick passage at the control line.

The control line is that point by which no screwworms shall pass! Animals passing this line must be free of screwworms and screwworm fly eggs—and all wounds must be treated before the animals pass. Stock will be unloaded and treated at the control line if and when necessary.

To enable rapid passage of livestock across the control line, all wounds should be treated before animals are loaded with an approved screwworm killer and the treatment fact or the freedom from infestation certified by an inspector of the Animal Health Commission, an accredited veterinarian or a brand inspector of the Southwestern Cattle Raisers' Association on a health certificate or on Federal Form 11-1.

The control line will be moved from time to time as progress of the program warrants, and upon screwworm eradication will be along the Texas-Mexico border.

All livestock markets have inspectors and soon there will be field inspectors who will, upon request, assist in properly processing livestock for shipment across the control line—and will certify to the condition of the shipment.

Ranchers, farmers, truckers, railroads, livestock markets and others interested in the welfare of the livestock industry are requested to assist the personnel assigned to this phase of the screwworm eradication program — its success will vary directly with the degree of cooperation they extend.

The beginning stages of this operation will of necessity inflict detention and inconvenience upon some livestock movements. Rapid development of the inspection force and owner-handler cooperation will minimize this in the near future.

An elephant's pulse rate is 25-28.

Five accidents occur in March

The Highway Patrol investigated five rural accidents in Garza County during the month of March according to Sgt. A. E. Roberts, Patrol Supervisor of this area.

These wrecks accounted for three persons injured and an estimated property damage of \$3,570.

The rural traffic accident summary for Garza County from January through March of 1962 shows

a total of nine crashes. As a result of these crashes one person was killed and four were injured. The estimated property damage amounted to \$7,470.

With the coming of spring, motorists will be getting back on the highway to enjoy the vigorous atmosphere and beautiful countryside. The patrol supervisor pointed out that this cause highway travel to be made safely by leaps and bounds. Motorists, pedestrians, all street and highway users know and obey traffic laws, regulations, ordinances and their application, and pledge their continuous vigorous support of these so that accidents may be prevented and safety universally promoted.

Bible Thoughts

"God's Angels"

By HERB SMITH

Who are angels? What are they for? Perhaps your first thought is a picture of a being with wings sitting on a snowy white cloud plucking a harp. This is by no means a true Bible picture of God's angels. On the contrary a complete contrast of this concept is given in the Bible.

Angels are "ministering spirits" Heb. 1:14. They are spirits or beings employed by God to help Him work and carry out His plans. They are God's working force. Some of the work they do are: Messengers, Luke 1:19; instructors, Acts 8:26; protectors, Dan. 6:22; deliverers, Acts 5:19,20; destroyers, Acts 12:23; and keepers, Psa. 91:11.

Therefore we should picture God's angels as a working force to help carry out God's plans.

Yes, Virginia, there is an Easter bunny . . . but sometimes, he's a bell.

According to one European legend, church bells, which do not ring from Good Friday to Easter, fly to Rome. On their way back, they drop eggs for children to find.

Bells have always been closely associated with religious observances, reports World Book Encyclopedia. Long before Christ, high priests of the Israelites wore bells as a protection against evil spirits.

Since the 500's Christians have used bells to summon worshippers.

During the Middle Ages, bells were considered spiritual things. They received the blessing of a bishop and were washed with holy water—a custom popularly known as the baptism of the bell. The bishop prayed that the bell would summon the faithful to worship, drive away storms and frighten evil spirits.

Easter plans are made by Close City mothers

By MRS. DURWARD BARTLETT
A mothers' meeting was held at the school house Friday to make Easter plans and the end of school plans. The older children will be taken to a museum for their Easter if possible and Mrs. Riley's room of younger children will have an egg hunt at the park. The group discussed the end of school picnic.

Easter bunny is sometimes bell

Yes, Virginia, there is an Easter bunny . . . but sometimes, he's a bell. According to one European legend, church bells, which do not ring from Good Friday to Easter, fly to Rome. On their way back, they drop eggs for children to find. Bells have always been closely associated with religious observances, reports World Book Encyclopedia. Long before Christ, high priests of the Israelites wore bells as a protection against evil spirits. Since the 500's Christians have used bells to summon worshippers. During the Middle Ages, bells were considered spiritual things. They received the blessing of a bishop and were washed with holy water—a custom popularly known as the baptism of the bell. The bishop prayed that the bell would summon the faithful to worship, drive away storms and frighten evil spirits.

Speech class to present 4 plays

Tickets are now on sale for the Post High School speech class' annual presentation in the primary auditorium next Friday night, Apr. 27.

Four one act plays will be presented this year instead of a single three act comedy.

Cast for the first of the four plays, "Daft Danny", includes Susie Jo Schmidt as Molly, the girl friend; Dwayne Capps, as Danny, the boy friend; Bobby Hudman as Howard, the rival; Billy Shumard as Voice, the delivery boy. It's a comedy based on the difficulties of young people and their dating.

"Five for Bad Luck", the second of the four, is a comedy based on an unpopular girl and the way she deals with those who have no feelings in dealing with her.

Kent Wheatley is cast as George Caraway Sr.; Ken Rankin as Arthur Evans, sophomore; Charles Landroop as Dick Pride, sophomore; Bennie Owen, as Bert Stone, sophomore; Linda Pennell as Lois Bridge, senior; Lin Alyn Cox as Jean Blake, sophomore; Elaine Wheatley as D. Trosh, sophomore.

"Which is the Way to Boston", third of the plays, is a drama dealing with emotions and superstitions. Gary Brewer is cast as John Harvey, retired farmer; Marilyn Minor, as Martha Harvey, his wife; Jimmy Wells, as Chris Harvey, his nephew; Marsha Smith, as Mary Harvey, Chris's wife.

"Itchin' to Get Hitched," the last of the four plays, is a hilarious hillbilly play with Meredith Newby cast as Pearly Mae Snead, who's itchin' to get hitched; Elisabeth Tubbs and Glenn Poik as Maw and Paw Snead; Susan Cornish, as Lizzy Snead, age 10; G. T. Mason, as Clem Snead, a kid; Danny Pierce, as Hank Faddie; and Reba Shepherd as Preacher Bessie Smith.

Gossip

By Linda Hays

How did everyone enjoy Friday, April 13?

Can you imagine, we have just six weeks left? Good for some, but bad for others.

How did everyone like the concert?

What are these notes about that Jan Miller and Linda Hays write? Has Coach Kountz enjoyed reading themes this year? Some of the students hands are sort of sore.

Did everyone like their history tests?

Pat Robinson draws very well, especially camels.

In Math (7th grade), we're learning to use protractors.

Couples seen around PJHS are: Mary Eubank and Davis Heaton; Linda Altman and Larry Johnson; Pamela Owen and Sammy Sims; Beverly Duncan and Tommy Mason; Belinda Lee and Donny Windham; Sherry Woods and Steve Stone; Marcia Newby and Ronnie Pierce; Jackie Rogers and Howard Hill; Cerretha Jones and Donnie Cornell; Marta Solis and J. Pat Robinson and J. B. Dillard and Beverly Avant and Johnny Kuykendall.

Can You Imagine?

Steve Stone liking Marla Nichols? Sherry Woods with no bows in her hair?

La Gayluah Young with red hair? Marcia Newby not chewing gum? Belinda Lee "ugly"?

Pat Robinson without her laugh? Beverly Duncan without Pamela Owen?

Brenda Mason singing like Wanda Jackson?

Loy Busto calling Lewis Ayala sweetheart?

Debbie Ryder not doing her homework?

Rosa Saldívar being unhappy about something?

Gary Foster making a "C" on history?

Isabel Valdez having long hair? Lois Martinez having short hair? Beverly Duncan getting jealous? Fernando Raymundo acting like Tarzan every day?

Julie Clark going steady with Bobby Beavers?

Then we get out for Easter!

Out at Post High School

What was going on back in '49?

They were selecting their Senior rings.

Post Antelopes succeeded in clipping the Seagraves Eagles' wings.

They were having their class pictures made and their class officers elected.

The teacher of the week was our ever-loving Mrs. Fleming.

The boy of the week was Charles Brown and the girl of the week

was Cletta Buster.

Some of the "Big Wigs" around were Jack Kirkpatrick, Norman Cash, Jerry Odum, Ronald Joe Babb, Charles Bowen, Junior Malouf, Kay Kirkpatrick, Ronnie Boucher, Joy Stewart, Barbara Lusby, O'Della Morgan, El Wanda Davies, Janie Shepherd, Betty Mills, Bill Jones, Mary Nell Bowen, Leon Miller, and many many more.

The cutest outfit of the year for the girls seemed to be skirts and sweaters.

The jokes of the year seemed to be the "Little Willie Jokes".

The first football game of the season was between Ralls and Post with the score ending in a 13-13 tie.

Our football coach was Bing Bingham.

The teachers were entertained by the PTA.

Some of the popular songs were "Some Enchanted Evening", "Pretty Baby", "I'm in the Mood for Love", "Always", and "Wedding Bells".

The question with a "battle" in it was—"Sportmanship".

6th grade student makes biography report on scientist Louis Pasteur

This six-weeks the 6th grade is writing biography book reports. The following report was written by Gary Foster:

Biography: "Louis Pasteur" by Alida Sims Malkus.

Louis Pasteur was a great scientist, who was born at Dole,

France, on Dec. 27, 1822. He died at the age of 73 near St. Cloud, France, on Sept. 27, 1895.

The most important thing he did was to discover a cure for people who had been bitten by a mad dog or other animals.

The part I liked best was when Louis, at the age of 12, saved the town where he lived by climbing to the top of a stone wall just outside of the city. The enemy baron's horse, with the baron on it, came near the town, and Louis shot the horse in the flanks. The horse ran away and none of the enemy's army came back.

Following are the Easter plans of members of the Junior High paper staff:

Mrs. Florence: Spend holidays with her son in Odessa.

Carol Camp: Sun bathe and sleep late.

Marcia Newby: Stay home and relax.

Delores Strofer: Visit grandparents in Fort Worth.

Gene Wilkerson: Go to Odessa.

Sherry Woods: Stay home.

Danny Markham: Stay home—live it up.

Ronny Wilson: Go to Childress.

Then we get out for Easter!

Two fines in JP court appealed to county court

Justice of the Peace D. C. Roberts assessed fines and costs totaling \$139.40 against Jackie Odom on charges of interfering with an officer and using abusive language, but Odom has filed notice of an appeal of this verdict to county court.

Justice Roberts approved appeal bonds of \$200 and \$125 on the two charges pending disposition by the higher court.

Deputy Sheriff Lloyd Merritt brought the charges April 16. Justice Roberts fined Odom \$75 and costs to total \$94.70 for abusive language and \$44.70 fine and costs for interfering with an officer.

Other charges, date of filing, and fine and costs, if paid, for the last seven days in JP court here are as follows:

T. W. Parrish, April 16, running stop sign.

S. A. Nixon, April 16, no inspection sticker.

B. J. Puckett, April 15, speeding. Juanita Rivera, April 15, no driver's license.

Charley Cattarino, April 15, drunk in public.

Exell Anderson, April 15, intoxicated in public, \$44.70.

Robert Hall, minor consuming alcohol, \$29.70.

G. W. Walton, April 15, speeding. Phillip Martinez, April 15, failure to yield right of way.

O. D. Odom, April 15, operating unregistered vehicle.

L. C. Brogdon, April 16, speeding.

M. L. Jones, April 15, speeding. Clay Campbell, April 15, drunk in public, \$44.70.

Virginia Martinez, April 15, drunk in public, \$44.70.

Willie Ware Jr., April 12, no driver's license.

C. E. Couch, April 12, failure to appear on cause.

Eddie Gonzales, April 12, no driver's license, \$16.50.

(Continued from Page 1) local rooters were saying last year that Norm would have done the Tigers more good hitting No. 4 and followed by Rocky, who hits the ball so hard he grounds into a lot of doubleplays with men on bases. Now we'll get to see maybe how such an arrangement will work out.

Abel Camacho, young Dispatch pressman, entered the Garza Memorial Hospital Monday night for planned surgery, but nothing is ever quite planned well enough when one of the "good hands" is missing from a newspaper shop. Abel is doing fine and will be back at his job in a couple of weeks—we hope. Meanwhile Editor Charlie Didway has shifted back to the Intertype machine as much as he can. That leaves us mighty short up front in the news writing end. It's sort of like vacations came early this year on this country newspaper.

Dr. B. E. Young, the Post dentist who has had almost more than one dentist can handle for the last several years, today announces the part-time association of a second dentist in his office, Dr. E. C. Higgins of Lubbock. Dr. Higgins, a young dentist with several years experience who wants to specialize in children's dentistry, will have office hours here Wednesdays and Fridays, and Saturday afternoons. Dr. Young, we'd guess, is looking forward to his first summer vacation in years. You'll find Dr. Young's announcement on Dr. Higgins on page 5.

New Arrivals

Mr. and Mrs. Charles Hopkins announce the birth of a daughter, Charla Ann, Tuesday, April 17, in Garza Memorial Hospital. She weighed six pounds and one ounce.

GINNING INSTRUCTION

On May 8, in Corpus Christi, cotton gin operators and employees will have an opportunity to get practical information on the operation, maintenance and repair of each piece of machinery in a modern cotton gin, says B. G. Reeves, extension cotton ginning specialist. On that date, cooperating cotton gin machinery manufacturers will staff five schools in which the information and training will be presented. Local county agents can provide registration blanks and detailed information, Reeves said.

Broad physical education program is goal of school

riders set
own standards
for conduct

Teal, Post's new school athletic director and high school coach, told Rotarians at Tuesday luncheon of his plans for a broad physical education program in which parents and townsmen would play essential roles.

Teal reviewed his football program for 1962 and told of the organization of the Antelope Football Association in which football players themselves set their own standards for conduct, scholarship and discipline and hand out their own penalties for infractions.

Teal also revealed he is planning his physical training program to continue through the summer vacation months. The gym will be open mornings, he indicated, for high youngsters, and from 7 p. m. in the evenings for school age youth.

Teal told Rotarians that Post like other communities has its own teen-age morals and standards should not think that community's youth is different from theirs.

Teal cited high estimates of both drinking and smoking among high school students here as examples. "We want every youngster to participate in our program," Teal said.

Teal said he is urging football players to get summer jobs and busy. "So you will be heard from about this," he told them.

By VERN SANFORD

This is that time of the year when people who don't have a boat get the yearns. And those who have a boat want a new one!

So, whether you're a boat owner or an owner to be—read on. We want to tell you about the newest sensation to hit the Texas market.

It's not a large boat—in fact only a little over 13 feet in length. Big enough for a small family outing—yet small enough for ideal fishing. And it can be used for skiing if equipped with a 25 h. p. or larger motor. (Actually, it'll take a 40.)

So, it has a three-fold usefulness family, fishing, and skiing.

What appeals to everyone is its unsinkable features. You can saw it in half, right across the middle, from gunwale to gunwale, and she'll still float.

Now you know we're talking about the new Boston Whaler.

At least you do if you've seen the demonstration pictures which show a man at the bow rowing off with the fore part of the boat, while another cranks up the motor in the stern and speeds away with the aft portion.

REASON IT'S non-sinkable is this—it has an outside and an inside hull. Between the two is four (4) inches of liquid polyurethane foam flotation.

Flotation is not just in the bottom either. It extends two inches thick up the sides.

With the Boston Whaler, the flotation is poured in, in liquid form. When the liquid cools, it solidifies, and expands . . . to fill all the space between the two hulls. This helps strengthen the boat as well as keep it afloat.

Ever forget to re-insert the drain plug in your boat . . . and have it sink while launching?

Ever have rain fill your boat 'til it sinks?

These things do happen! But not with the Boston Whaler.

SLATON VISITORS
Mrs. John Berkley and an aunt, Mrs. Eddie Mathis, both of Slaton visited Mrs. Vera Gossett and Sonny here Sunday.

PARENTS VISIT
Mr. and Mrs. Earl Chapman Sr. of Midland visited with their son and family, the Earl Chapman Jr.'s, Sunday in their new home on Ridgewood Road.

EASTER VISIT
Miss Sharon Jobe arrived Wednesday to spend the Easter holiday with her parents, Mr. and Mrs. Bill Edwards, and her grandmother, Mrs. T. R. Greenfield. Sharon will return to resume her studies at Southern Methodist University at Dallas Monday.

BARBECUED MEATS
The USDA has announced that barbecued meats prepared under Federal meat inspection will continue to be limited to products cooked by dry heat from burning hardwood or hot coals formed by burning hardwood.

Its great buoyancy will keep it afloat even if both drain plugs are out—and a heavy motor hangs on the transom.

Smooth riding is assured with the Whaler's triple-V bottom—which also makes it virtually impossible to tip over. Great for swimmers—wonderful for skin divers!

AND WHAT a boat for children! Fishermen rave about it too! They like it for many reasons, in addition to those already mentioned.

First, they can stand up and fish with absolutely no worry about tipping.

Second, its low slung body makes it easy to flip a fish over the side and into the boat.

Third, the Whaler has a special compartment in the rear that holds water—serving both as a spill-over well for wake and a place to keep the catch alive without your having to hang a stringer over the side.

There are several other interesting features about the Boston Whaler—such as the adaptability of the steering wheel; and a storage compartment under the bow seat for icing down the fish or cold drinks, or for stowing extra gear.

Then there is a built-in bow light; a handy, yet out-of-the-way, channel in which to lay the oars when not in use; and oar lock sockets.

Too, there's ample room to hang a Sportsman's electric trolling motor or a 7½ h. p. Scott on the transom alongside a larger power plant . . . like the 25 h. p. Gale. Either one of these will fit nicely.

Another delightful feature of the Boston Whaler is the time it saves you in housecleaning. Just douse a few suds inside the boat, turn on the hose . . . and let the wash drain out through the transom.

You can flush out the boat while it's on the trailer or even in the water.

Speaking of the trailer—despite the Whaler's unusual three-point hull, the boat fits neatly on any standard trailer.

It's a sturdy, non-sinkable, fiberglass boat—with mahogany seat tops.

All in all it's a beautiful, practical rig. Seldom do you find a boat so ideally built . . . designed efficiently for the fisherman, the skier, and all around family use. But here's one that all can use and all will enjoy.

Only a few Boston Whalers are to be seen on Texas waters—as yet. But they are beginning to appear here and there.

Wherever one is found, you'll find an admiring crowd gathered around it.

AS ONE HOME RUN KING TO ANOTHER
Two World Series heroes—but one had never seen a big league club. That's Eddie Matthews on the left, one of the National League's all-time home run sluggers, playing host in spring training to young Michael Salvatore, El Cajon, Calif. Mike, star of the 1961 Little League World Series, who had no trouble recognizing the Milwaukee Braves' third baseman from his collection of baseball trading cards from cereal boxes, was seeing a major league club in action for the first time.

Hundley wins at Big Spring

Jimmy Hundley was low amateur a week ago in the annual Big Spring Country Club Pro-Am with an even par 72, and his team went on to tie for first place in the 18-hole event.

Last weekend, playing in the Reese Air Force Base Pro-Am at Lubbock, Hundley and his team tied for fourth. He had been on the winning team the previous year.

Babe Ruth League draft is slated for tonight

Manager of the five Babe Ruth League teams will meet tonight at 7:30 p. m. in the Reddy Room to draft new players who will be entering league competition for the first time next month.

Ben Owen, league president, said tryouts for the new players were conducted at 4:30 p. m. Monday and that approximately 35 boys turned out.

Owen said boys, 13 through 15, who did not make the tryouts Monday night but want to play must report and turn in their cards before tonight's draft.

He said the 35 would about fill the rosters of the five league teams who keep the players, still eligible, who played with them last season. The 35 new boys are Little League graduates, new move-ins, or boys coming out for baseball for the first time.

The Babe Ruth Season opens in May two weeks before school is out.

Girl tracksters to Baird relays

Coach Van Kountz will take his Post High School Girls' Track team to Baird to participate with 14 other teams in the Baird Belle Relays, Friday.

Making the trip, Coach Kountz said yesterday, will be Janie Carradine, Cheryl Martin, Mary Ann Stone, Shirley Isaacs, and either or both Vivian McWhirt and Dee Ann Walker.

He said Nita Wilson, the squad's fastest runner, re-injured a basketball knee in practice and will be unable to compete at Baird although she probably will make the trip.

Antelope golfers fifth in regional

Post's high school golf team finished fifth in Class AA high school regional play over the Meadowbrook golf course in Lubbock Friday in a field of 12 teams.

Coach Charles Hopkins' team wound up its spring season with an 18 hole total for their top four players of 353 strokes, some 14 strokes back of Hamlin, the regional winner with 339.

Roger Camp led the local shooters with an 83. Leslie Acker had an 88, Lee Williams an 89, and Tommy Bouchier a 93.

Coleman finished second with 341, Muleshoe, third, with 342, and Slaton fourth with 350.

Behind Post were Ounah 355, Crane 360, Childress 362, Olton 363, Canyon 399, Crane B 402, and Balingier 405.

John Haire in 220-yard dash

John Haire, Southland sprinter, will be Garza County's only representative in the state track and field meet this weekend at Austin.

Haire turned in a brilliant 22.3 effort at Lubbock Saturday to finish second in the Class B 220-yard dash to Larry Henton of Booker, who won the event in the record-breaking time of 21.9 seconds.

Both Henton and Haire broke the old record of 22.6 set by Norvel Roberts of Bula in 1959.

Although Haire was the only Southland competitor to qualify for the state meet, his teammate, Webster Crawford, finished sixth in a fast field in the 880-yard run.

Haire's eight points and Crawford's one point gave Southland a total of nine points.

Booker and Rule each finished with 74 points to tie for the Class B championship.

The O'Donnell Eagles were the Class A champions with 55 points, and Fort Stockton won the Class AA title with 90 points.

Denver City, the District 3AA champion, scored a total of 39½ points for fourth place in the team standings. Pat Hubbard, however, was the only Denver City qualifier for the state meet. He won first place in the low hurdles.

CALIFORNIA GUESTS
Mr. and Mrs. H. C. Day of San Diego, Calif., will arrive Easter Sunday to spend a week with their daughter and son-in-law, the Rev. and Mrs. Ed Herring, and children.

R. E. Josey wins new roping honors

R. E. Josey has won more calf roping honors and prize money over last weekend.

The Post roper won the calf roping at Auliff's Arena in Lubbock last Saturday and then placed first in two go-rounds at Silvertown Sunday in a four-calf average calf roping.

At the Lubbock rodeo events, Ed Sims split third and fourth money in the calf roping. Eddie Stewart placed second in bareback bronc riding.

Laiete Sims, daughter of Mr. and Mrs. Ed Sims, won first in barrel racing in her age group (through 10 years of age) and her sister, Jeana Sims, placed fifth in the same division.

Frank Blanton, local druggist, also participated in the bull riding and bareback bronc riding.

Little League tryouts are set for May 3 and 4

Tryouts for 1962 Little League teams are scheduled for 5 p. m. May 3-4 behind the elementary school building.

The dates were set at a league organization meeting Tuesday night in the Community Room.

Boys who want to try out must have registration cards signed by their parents. The cards can be obtained at the school office for parent signatures.

The 1962 schedule of play will open May 28 with coaches meeting to select their players on May 7. Bud Avant was elected president of the league for the new season at the Tuesday night session with Dee Caffey named vice president and Bob Pace, secretary-treasurer.

Staff umpires will be J. P. Parnell, Ted Williams, Jackie Hays, Charles King and Ed Blanton. Bill Gary was named player's agent.

Legion Junior meeting Friday

Parents of American Legion Junior baseball players and interested adults are urged to attend a meeting at 7:30 p. m. Friday night in the Reddy Room, Neal Clary, president of the club, announced today.

Some important decisions need to be made, Clary said.

LUMBERMAN'S CONVENTION
Robert Cox, owner and manager of R. E. Cox Lumber Company and his wife attended the Lumberman's Convention in Austin over the weekend.

**FILING A DECLARATION
OF ESTIMATED TAX**

The Declaration of Estimated Income Tax, form 1040-ES is overlooked by many taxpayers who regularly file income tax returns. The purpose of this return is to put you on a pay-as-you-go basis as income is earned, where either the income you earn is not subject to withholding taxes or the withholding taxes are less than the net tax which you will have to pay upon filing your return.

The failure to file this return might result in a 6 per cent charge on the underpayment of installments which you should have paid. It is also to your advantage to file the return and pay your taxes on an installment basis so that you will not have a large amount of tax due at the time that you file your return.

Generally, an estimate must be filed if you expect to earn more than \$200 in income not covered by withholding taxes. In addition, you must file this return if you are single and expect to earn more than \$5,000 in 1962 or are married and expect to receive more than \$10,000 in 1962. However, no estimate need be filed if your estimated tax liability is expected to be less than \$40.

If you are within the class of taxpayers required to file this return, your estimate is due not later than April 15, 1962, on form 1040-ES. With the return you must pay 25 per cent of the difference between your estimated tax and the amount you estimate will be withheld in 1962 by your employer. Similar quarterly payments are due on June 15, 1962; Sept. 15, 1962, and Jan. 15, 1963.

By filing this return and estimating your income tax to be the same or greater than the tax which you paid for the previous year, you will avoid all potential liability for interest penalties under the provisions of this section. However, if you attempt to estimate your exact amount of tax for the coming year, and estimate incorrectly, you should file an estimate or amend your estimate on the date the next quarterly tax payment is due and pay your amended estimated taxes over the remaining installment periods.

Farmers who earn at least two-thirds of their gross income from farming have until January 15, 1963 to file their declaration of estimated 1962 income tax. At this time, the entire estimated income tax is due. However, if he prefers, a farmer may file his final 1962 income tax return by Feb. 15, 1963, and pay his entire income tax due at that time instead of filing an estimate on or before Jan. 15, 1963.

*worship together
this week!*

Since the first Easter, the Cross has remained the one great and enduring symbol of Christianity because it best expresses the meaning of faith. Like a precious jewel, the Cross shines with many facets of truth.

† The Cross signifies the hope of faith. It reveals God's love for us in the sacrifice of His Son. It is our assurance of His promise of salvation.

† The Cross signifies the challenge of faith. It reveals God's love for all men which we must share. It is the motivation of Christian action.

† The Cross signifies the victory of faith. It is the pledge of God's loving purpose in saving the world. It is the source of peace.

What does the Cross mean to you? On Easter — this greatest festival of our Faith, will you come to Church and discover its message?

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE MAGNOLIA

The Federal steamer Magnolia appeared off the west and about 30 miles of Galveston Saturday noon.

She hoisted the Confederate flag and fired a gun.

A boat was sent out from the fort at San Luis with a white flag but as the steamer did not show one she returned after reaching the bar when the steamer fired another gun.

Lieut. Edwards and Mr. Alexander Tollett then went out with eight men in a boat and boarded the steamer where they were treacherously detained no doubt under the excuse the steamer had never shown a white flag.

Two boats with 30 men arrived with carbines, cutlasses, revolvers and boarding pikes; boarded the schooner Columbia, which was lying inside the bar with 275 bales of cotton. Capt. Davidson, of the Columbia arrived from Galveston in a small sloop, and was fired on by the Federals, from his own vessel, as he approached. They did not injure him but mortally wounded one of their own men on the Columbia. When Capt. Davidson got aboard, the Federals urged him to take the schooner over the bar.

The Federals then attempted to warp her out, but failing they took the captain, crew and passengers aboard their boats and set the schooner on fire. The boats together, with a small boat of Capt. Davidson were taken to the bar where they remained all night.

About 9 o'clock the flames burst out on the schooner and lit up the whole horizon.

She burnt all night and in the morning fragments of cotton were afloat in the vicinity.

After they had parted from the enemies boats, two guns were fired upon the latter from the fort at San Luis. They were answered by two from the steamer and two were then fired from the fort on the Montgomery, but all appeared to fall short. The Columbia is reported to have been burnt within less than a mile from the fort.

Her papers were demanded from Capt. Davidson but he had prudently put them out of reach.

The federals told Capt. Davidson that they were from the Balize where they left 80 vessels destined to operate in New Orleans. They said the obstructions on the Mississippi were to be removed on Saturday night in order to attack Fort Jackson.—The Galveston News.

ORIGIN OF CAVALRY

Calvary, the name of the site of Christ's Crucifixion, comes from the Latin word for skull. The place may have gotten the name from its shape, from skulls seen there in ancient times, or from a legend that the skull of Adam was buried there. No one knows the actual site of Calvary, reports World Book Encyclopedia, but tradition places it where the Church of the Holy Sepulchre now stands.

DAUGHTERS VISIT

Mrs. Jackie Bowden and son, Mark, of Big Spring are visiting her parents, Mr. and Mrs. Tom Williams. Visiting Mr. and Mrs. Williams last week was another daughter, Mrs. Jack Coulter, of Waco.

The population of San Salvador has passed the 2,500,000 mark. This means an average of more than 300 persons per square mile.

Vet's Forum

Q. — I am a World War II veteran planning to convert my GI term insurance policy to a perman-

ent plan. May I convert as little as \$500 at a time?

A. — No. The Veterans Administration does not issue new policies for less than \$1,000, and your partial conversion requires a new policy to be issued each time you convert part of your present term policy. However, you may convert in multiples of \$500 above \$1,000, as \$1,500, \$2,500, etc.

Q. — Does the VA provide transportation to a domiciliary at Government expense, when a veteran becomes a resident of one of these homes?

A. — As a rule, transportation to a domiciliary at government expense is provided only for the initial admission of the veteran.

Dr. A. C. Surman made the following talk to the congregation.

"It is my privilege and pleasure this morning to express our appreciation and to give formal recognition to Mrs. Hazel Stallings for the more than 40 years of faithful service to our church and to our community. It is said that God's greatest gift to man is woman and this good lady is one of those gifts. She is the type person who gave of herself with no hope of fee or material reward, because she wanted to. To her, this doing, together with the satisfaction of a job well done, was her reward.

"So many have been her contributions that one might use the word 'endless', including the church, musicals, school, fraternal and civic organization, wedding, funerals, and so on, always on hand to be of service.

"In many of our minds she occupies the unique distinction of not only being our organist for so many years, but it was through her determination that we ever got the organ at all.

"We are proud of Hazel Stallings and her endless contributions and to the betterment of our church and our community.

"And with a feeling of pride and deep appreciation, we present this plaque, as a small token of a larger remembrance. It reads:

"In recognition of her faithful and unselfish service to our church and community, this plaque is presented to Mrs. J. A. Stallings.

"Mrs. L. C. McMinn of Post was third with Mary Dickason for her story, "Devastating Hate."

Mathis-Griffin wedding vows read in candlelight ceremony

Minnie Lee Mathis and Griffin exchanged marriage vows at 7 o'clock in a candlelight ceremony at the First Methodist Church with the Rev. C. B. ... pastor, officiating for the wedding service.

The bride, given in marriage by her father, wore a gown of white rose patterned Chantilly lace over satin. The fitted bodice featured a sweetheart neckline and buttoned down the back. Long sleeves came to petal points over her hands. The

skirt was fashioned with three tiers of lace falling into a chapel train. Her veil of silk illusion fell from a pearl tiara. She carried a white orchid surrounded with feathered carnations atop a white pearlized Bible, a gift from her grandparents. Mrs. Jack Kennedy designed and made the wedding gown.

For something old she wore a gold wedding band belonging to her maternal grandmother. Something borrowed was her veil which belonged to her matron of honor. For something new she wore a blue garter edged with white lace with gold wedding rings tied on by blue ribbon love knots.

Matron of honor was Mrs. Gary Watson of Tahoka. The bridesmaids were Miss Judy Griffin, sister of the groom, Miss Sandra Kennedy, Miss Inez Butler and Mrs. Dale Kincer of Floydada. Miss Donna Ruth Mathis, cousin of the bride, was the junior maid of honor. All the attendants wore dresses of apricot brocaded satin designed with scoop neckline, elbow length sleeves, and bouffant skirt with cummerbunds of apricot chiffon falling into streamers in back. The headpieces were of apricot tulle with a wreath of roses. Accessories were apricot shoes and white gloves. They carried white carnation nosegays.

Marla Beth Mathis was flower girl and Lance Harlan Mathis was ring bearer. Both are cousins of the bride.

Miss Karen Potts and Mrs. Ronnie Morris, attired in identical dresses to the attendants, lighted the candles.

Serving the groom as best man was John Billy Koonsman of Snyder. Groomsman were E. L. Franklin, Sidney Johnson, John Ward and Jimmy Cloud, all of Snyder. Ushers were Jimmy Avery Moore and Bill Valentine, Snyder.

"I Love You Truly", "Oh, Promise Me", and "The Lord's Prayer" were sung by Lex Roby, accompanied by Mrs. Glenn Norman at the organ.

The reception was held at the Community Room. The table was laid with a white ruffled lace cloth over apricot. Baskets of gladiola and white tapers decorated the table.

Mrs. John Billy Koonsman of Snyder poured the punch and Mrs. Sid Johnson of Snyder served the cake. Mrs. Bill Valentine of Snyder registered the 100 guests attending.

For her honeymoon trip to Ruidoso, N. M., the bride wore an off-white suit designed and made by her mother, and wore an orchid corsage.

Mrs. Griffin is a 1960 graduate of Post High School and attended North Texas State University. Mr. Griffin attended the Snyder schools and is employed with K&K Rodeo Stock Producers of Snyder, where the couple will reside.

Out-of-town guests attended from Snyder, Lubbock, Slaton, Levelland, Colorado City, Hereford, Tahoka and Lamesa.

R. E. Cox honored on 85th birthday
R. E. Cox was honored in his home Sunday with a dinner on his 85th birthday.

Those attending the dinner were: his brother and sister-in-law, Mr. and Mrs. Carl Cox of Amarillo; his sister and her husband, Mr. and Mrs. W. L. Porter of Lubbock; a niece and her son, Mrs. Harold Sullenberger and Joe, Lubbock; two daughters, Mrs. Rene Jones of El Paso and Mrs. Ray Green of Lubbock, and two grandchildren, Lou Rene Jones and Herbert Green.

Mrs. Jones and Lou Rene were weekend guests in the Cox home.

Judy McCullough to wed Friday in Maryland

Mr. and Mrs. L. C. McCullough have announced the engagement of their daughter, Judy, to Stewart W. Fairall, son of Mr. and Mrs. Meade C. Fairall of Kensington, Md.

Miss McCullough and Mr. Fairall are to exchange wedding vows April 20 in the home of his parents at a 5 o'clock ceremony.

The bride-elect attended the Post schools until Dec. 20, 1961, when she left to attend Walter Johnson High School in Kensington. She will graduate in June.

Mr. Fairall graduated from Wheaton High School and is employed by the International Bank for Reconstruction and Development in Washington, D. C.

Miss McCullough's brother, Larry, and an aunt, Miss Virginia Brasfield, live in Washington.

Wedding shower in Slaton for Linda Payton

Miss Linda Payton, bride-elect of Earl Kinney of Slaton was complimented with a wedding shower Saturday morning in the home of Mrs. J. L. Reed in Slaton.

Guests were greeted by the receiving line composed of Miss Payton, Mrs. Reed, Mrs. Carl Payton, mother of the bride-elect and Mrs. Leon Kenney, mother of the groom-to-be.

Miss Areta Privett registered the gifts. Miss Joanne Thomas was at the serving table.

The hostesses, who presented Miss Payton with an electric appliance and cooking ware, were: Mmes. A. J. Hoover, B. B. Green, John Berkley, J. L. House, Cecil Self, J. L. Reed, Edgar Williams, Dwayne Walters, J. L. Parks, Hulene Eaves, R. W. Cudd, Clark Self Sr., W. A. Soikes Sr., Joe Delsey, Lee Jones, Jasper Campbell, Sue Campbell Weaver, Yeates Key, Truman Bishop, Delma Hodge, Ben Davis, Henckel Glasscock, Harold Wilson, Keneth Jones and Roy Verner.

Four seniors to be honored

Graduating seniors of the First Presbyterian Church will be honored Wednesday, April 25, at 6:30 o'clock at the church when a family night supper will be held.

Miss Melinda Newby, Neal Francis, Roger Camp and Lee Williams, the graduates, will be presented with Bibles.

Guest speaker will be the Rev. Malcolm Carrick, former missionary to Japan, who is currently studying at Austin Seminary.

Graham gives surprise party for Mrs. Mary Lee Wristen

Mrs. Mary Lee Wristen was honored with a surprise birthday party in the Graham community center Monday night by a number of friends, former students and relatives.

Mrs. Wristen, who is a seventh grade social science teacher in the Post Junior High, is a former resident and teacher of the Graham community.

After the group sang "Happy Birthday" to the honoree and the gifts were opened, dinner was served.

The evening was spent with visiting and "42".

Those attending were: Mr. and Mrs. Albert Stone, Jerry and Danny, Mr. and Mrs. James Stone and Mary Ann, Mr. and Mrs. Quanah Maxey and Diane, Mr. and Mrs. Glenn Davis, Mr. and Mrs. Delmer Cowdrey and granddaughter, Susie Cowrey, Mr. and Mrs. Mack Ledbetter and family, Mr. and Mrs. Ray McClellan and Kim, Mr. and Mrs. Lonnie Peel, Mr. and Mrs. Elmer Cowdrey, Mr. and Mrs. Theibert McBride and David, Mr. and Mrs. Elvys Davis and family, Mr. and Mrs. Bob Lusk, Mr. and Mrs. Elva Peel and Beth and D'Lynn Byrd, Mr. and Mrs. Bryan Maxey and Don, Mrs. Lucille McBride, Annette and James, and Mr. and Mrs. Jimmy Doggett and family.

Jean Hagler honored with bridal shower

Miss Jean Hagler, bride-elect of John Gilliam was honored at a bridal shower given in the home of Mrs. J. H. Huddleston, recently.

Thirty-two guests registered and the hostesses presented Miss Hagler with a bedspread.

Hostesses for the shower were: Mmes. Van Foster, J. B. Rackler, Herman Dabbs, Huddleston, Claud Roper and Weldon McGehee.

Touching Mrs. Glenn Davis' community news late this year and couldn't help chuckle to the last line. It is the end of the HD Club meeting those attending were all the names were written normally and all of a sudden to a first name printed in letters—E S K E R Stone, C. I said, "I think Mrs. is trying to tell us something." We, at the office mostly apologize to Mrs. Stone for using her name to Esther for a knows how long.

It's awfully nice that two correspondents have been honored within the last two weeks. So often, we neglect to those who keep working after year after year and are as a habit. Both the Presbyterian Church and the Christian Church can be mighty proud of Hazel Stallings and Winnie as members of the respect.

active churches.

The town population increased by at least one this week that I know of, when Dezzie Dickinson moved back to Post to make this her permanent home. I particularly admire Mrs. Dickinson for the way she has recovered from a harrowing automobile accident and many long weeks in the hospital. She could be a cripple instead of the active, vivacious person she is.

I asked one of the Miss C's why they were getting out Tuesday as part of the Easter vacation. She replied that it was a "snow" day. That caught me a little off balance so I asked for an explanation. Seems as though they expected to miss at least one more day of school because of weather so they get that extra day come Tuesday. If it gets a trifle warm on Tuesday just remember that it's really a "snow" day and that will help keep you cool.

The latest joke making it in the high school was brought home by another of the Miss C's. Here goes: "There's not going to be an Easter Sunday this year and they're not going to hunt for eggs." "It's going to be an Estes Sunday and they are going to hunt for tanks."

Easter Day and rabble-rousing

Easter, commemorating the resurrection of Jesus Christ, is the most joyous observance of the Christian year.

If Christ had not risen from the dead—as all Christians know he did—then the words of the New Testament would be as nothing and the Christian teachings of the past 1,962 years would be as chaff in the wind.

Everything in the Christian faith is based on the fact that our Savior rose from the dead on that Easter morning and ascended into Heaven.

Without that fact to go on, what would the Christian faith amount to?

Today, Christianity in every land where it is predominant or even has a foothold is assailed from every side by every un-Christianism that has ever been known and by new ones that have cropped up in recent years. The Founding Fathers of our faith had no harder fight on their hands than Christians have today.

Decidedly un-Christianlike, however, are the means some groups in this nation are taking to combat the forces they believe most inimical to their faith.

To put it plainly, some of these groups are going overboard in their defense of the principles on which this nation was founded and on which it has thrived.

It is our humble opinion that the gentle, but firm, teachings of that greatest Teacher of all should be the pattern for us to follow in our fight to overcome the insidious forces that are attack-

ing our Christian faith and our way of life.

Rabble-rousing is just what the term implies and will accomplish nothing. This rabble-rousing has increased to the point where no Christian faith of today has not been attacked and accused of harboring ministers and other church leaders who would not hesitate to defect to the enemy camp, if convenient.

We do not believe such to be the case. As a whole, we believe Christianity is firmly aligned against the non-Christian forces, as it has been ever since the time of Christ, and we believe the Christian church—any Christian church—is the least logical place to look for those who would sell out themselves, their congregations and their nation.

To put it plainly, we do not go along with this "party line" deal that the most stable influences in America are working hand-in-hand with communism or any other "ism." In fact, it sickens us to hear their expounding, and it is getting to the point where one hears it on every hand. That, to us, seems the biggest threat to this nation's security. It tends to divide rather than unite the American people against a common enemy.

Easter is a time for renewing our faith. Let us hope that those doing most of the rabble-rousing wake up to the facts in time to help us keep this nation strong. Their tactics, as of now, certainly aren't helping any.—CD

Horse racing and poll taxes

At the primary election Saturday, May 5, both Texas Democrats and Republicans will have the opportunity to participate in public opinion polls on whether constitutional amendments should be submitted by the legislature to (1) legalize parimutuel wagering on horse races and (2) abolish the poll tax.

We say "public opinion polls" because the results will serve merely as a guide to legislators on the two subjects. There is nothing mandatory about them.

The Dispatch is opposed to legalizing horse race betting in Texas. This newspaper, at the same time, strongly favors abolishment of the poll tax.

Efforts will be made in the next few weeks to convince voters of both parties of the rosy economic benefits which will accrue if we let the tracks and the betting machines back into Texas.

Don't forget Texas had race track betting back in the 1930's. It lasted some four or five years. It was legalized in 1933 and four years later a special legislative session was called to start the legal process of doing away with it.

The idea that legalized gambling will be a revenue-raiser is an illusion. Every dollar Texas receives from such an enterprise means five dollars spent in higher police costs, higher court costs, higher penitentiary costs and higher relief costs.

Gambling is the biggest single cause of such crimes as embezzlement. It invariably brings in

its wake a mounting stack of unpaid bills, skipped installment payments, repossessed automobiles, appliances and furniture, and lapsed insurance policies.

Don't let anybody kid you that gambling is "good for business." It isn't.

New Mexico has legalized horse race betting. For the folks who want to spend a weekend wagering on the ponies, we say New Mexico is close enough.

For the vacationers there's cool Colorado and the bright lights of Las Vegas—that is, if it's gambling you want.

As for the poll tax, it's an outdated nuisance tax which should have been dumped into the ash can long ago.

Now that Texas has the sales tax, it can well afford to forego the poll tax income. And look at the gain—from hustling down to pay \$1.75 for the privilege of voting for the next 12 months.

Texas, which comes into two-party stature this spring with the legal requirement of a Republican primary, needs to overhaul its primary voting system.

We, at least for one, would like to see the costs of primary elections taken off the backs of the candidates and see a state-wide primary election system similar in design to its general election system. That's the practice in many states now—just as Texas is only one of the four states of the U. S. 50 that still retains the poll tax. And for what?—JC

Preston Smith is 'our man'

Preston Smith of Lubbock appears to The Dispatch as being outstanding among the five Democratic candidates for the lieutenant governorship of Texas.

Smith is thoroughly seasoned as a legislator by six years of service in the House of Representatives and six years in the Senate.

Smith's experience in government is fortified by sound and growing success as a private business man. His views on state government, his attitude toward the citizens, its role in promoting the economic well-being of the state, are such that the conservative and the moderate can rally to him. Even those of a liberal disposition—and

count the writer among that number—can be assured that there is nothing hidebound or reactionary in his views.

The lieutenant governorship is a place of major importance, and the people of the state should take great care in filling it.

This is an important race in which all the candidates except one have had experience in the Senate. But because of qualities he has shown himself to possess, we believe Preston Smith has a distinct edge, and that the voters would serve themselves and their state well by electing him.—CD

Park vandalism needless

Vandalism, which each year takes its expensive toll in almost every community, is often just thoughtlessness instead of viciousness.

There is no use appealing in an editorial column to the vicious adult or youngster who wants to destroy for the "pure" sake of destroying. But an appeal can be made to the thoughtless—and that is to whom this editorial is addressed.

There has been some needless and wanton destruction of young trees and water fountains at the city-county park. Park board members want to urge the public to take care of their own public property.

We have waited so long for a beautiful park—and it is being developed on a limited budget—that it is a shame to waste needed funds on replacements and repairs.

Caution youngsters when they go to play in the park to take care of things. Leave the trees alone. Don't romp over them or "through" them. Remind them that the park is theirs and they should treat it as they do their favorite toys.

As for the oldsters, who might be thoughtless, the same appeal applies. Let's take care of our fine, new park.—JC

THURSDAY to THURSDAY

By CHARLES DIDWAY

WHEN THEY pick Texas' top ten news stories of 1962 along about the middle of December, the Billie Sol Estes story will be right up near the top, if not on the very top. About the only happenings I can think of that would top it would be for West Texas to secede from the rest of the state or for the voters to elect a Republican governor.

The man up the street says: "Never have so many people lived so well so far behind before."

THE ABOVE expression reminds me of the fellow who was slowly recovering from a hang-over. Someone asked him how he felt, and he said, "I feel more like I do now than I ever did."

This newspaper is always glad to get news items of Post's college students. One of these items has just arrived from South Plains College at Levelland telling of the selection of Miss Linda Wilks as one of the ten Caprock Beauties for 1962, which means that Linda and the nine other beauties will be featured in a special section of the "Caprock," which is the South Plains College school annual.

THERE'S ALSO an item from Texas Tech telling of the success of Jim Shults as construction crew head for the college's Speech Department in the department's upcoming presentation of three one-act plays. And there's an item from Lubbock Christian College listing Leta Stone as one of 77 LCC students scheduled to receive diplomas at commencement exercises May 25, and one from Wayland Baptist College telling of double honors coming to Alice Frances Barron. In this week's Dispatch news columns you'll find all these stories in detail.

"Is there any danger of tornadoes here?" asked a visitor in Texas of a native.

"Heck, no," replied the native. "The winds we have just tear a tornado all to pieces."

SOME OF THE folks back East evidently don't pay any attention to the warning not to take any wooden nickels. Joan Stewart, secretary of the Chamber of Commerce, says the CoC office has recently received requests from New York City and Rochester, N. Y., from folks wanting some of the wooden coins issued here in 1957 during Post's Golden Jubilee celebration.

Joan says both these requests were filled, since the Chamber office still has some of the wooden coins, which, you'll remember if you were here in 1957, were issued in nickel, dime and quarter sizes. "These wooden coin requests from New York are the two most recent ones; we've filled a number of other requests for them," Joan said.

THE UNUSUALLY accurate Old Farmer's 1962 Almanack weather man predicts snow or rain on Good Friday. He is to be forgiven, however, in view of his Easter Day forecast: "The sun dances today."

From a daily newspaper's ad on cigarette lighters: "Buy several for gifts at this new low price!" Next to that sentence was another: "1-to-a-customer."

FOLKS LIKE Mrs. Walter Boren help make a photographer's life easier. When Mrs. Boren is at a meeting or some other event where I have taken a picture, she never fails to tell me how much it is appreciated. There are others, of course, who also express their appreciation, but Mrs. Boren is one who never fails, so this is an opportunity for me to express my own appreciation—to Mrs. Boren.

Bert McCoy, who was head basketball coach here in 1956-57, stood off at Judy's Cafe for breakfast Friday morning, along with another coach and members of the Merkel High School track team who had qualified for the weekend regional meet at Lubbock. Bert was asking about as many of his former "boys" as time would allow.

TEXAS' POLITICAL machinery went into gear Monday when absentee balloting began for the May 5 primary election. It'll shift into high gear within the next week or two.

State Capital NEWS
By Vern Sanford

AUSTIN — John White, State Commissioner of Agriculture, injected a bright note in Billie Sol Estes investigations when he predicted, "I am confident that the grain storage picture is going to come out all right."

He and his men completed inventory of grain in elevators Estes owned at Lamesa and Levelland. They assured receipt-holding farmers that their grain is there.

The State's responsibility lies in supervision of elevators where farmers store their grain and then borrow money against their warehouse receipts.

White suspended the licenses of five grain elevators in which Estes has an interest, and sent his men to check the contents against warehouse receipts. Then he announced temporary warehouse license suspensions on Hale County Grain Company and Southwestern Grain, Inc., both in Plainview.

W. L. Cooper of Plainview, operator of one of Estes' large grain

storage facilities, is also listed as operator of these two warehouses.

State Securities Commissioner William M. King said his investigators are checking evidence which would tend to show Estes has violated the Texas Securities Act.

MEASLES POPPING OUT — A remarkably rapid spread of measles was noted by the Texas Department of Health last week when 99 counties reported 4,316 new cases.

More than a third of the week's total was reported by health officials in Jefferson, Nueces, Dallas and Travis counties. Jefferson County listed 479 new cases; Nueces County, 470; Dallas County, 282; and Travis County, 263.

During the first quarter of 1961 the measles outbreak totaled only 4,441 cases. First quarter this year a total of 32,538 outbreaks have been reported.

Dr. Van Tipton of the Health Department's communicable diseases division said the epidemic followed a trend of light incidence one year and heavy the next. He said enough children seem to escape the highly-infectious disease one season to catch it the next time around.

EMPLOYMENT UP — Unusually mild weather caused employment in the State to reach a record high for February. Texas Employment Commission announced 3,346,900 jobholders that month, as compared to 3,330,100 in January and 3,312,300 for February of 1961.

Warm weather was favorable for construction workers, agricultural employees and other outdoor workers, and helped reduce the number of unemployed from 239,900 to 189,900. The commission predicts an even better employment picture by mid-April, if prospective manpower needs reported by employers hold true.

NAMES REPRESENTATIVE — Texas Farm Bureau appointed Charles H. Huff of Taylor as its new legislative director. Farm Bureau President J. H. West said Huff will move to Austin, soon, to replace Bob A. Lilly.

The new director is well-seasoned in Capitol contact work. He served as full time assistant legislative director during the regular and special sessions of the Legislature last year.

Huff is a graduate of Texas A&M College. He served as associate county agent in Panola County prior to joining the Farm Bureau Staff as field representative in 1959.

COUNCIL DEFENDS SYSTEM — "How do you deal with the extremely aggressive, hostile student?" asked Dr. James A. Turman when the Texas Youth Council conferred with members of the Texas Citizens Committee of the National Council on Crime and Delinquency.

Youth Council's executive direc-

tor referred to criticism from the committee's vice chairman, Mrs. Edmund P. Williams of Corpus Christi, who earlier had called the barbed wire fence around Gatesville's Mountain View School "the only one of its type outside of Nazi Germany."

Dr. Turman said two such security units in California are fenced. He joined council chairman Robert W. Kneebone in informing the committee that Gatesville inmates include 387 boys who have committed serious crimes—45 convicted on murder charges.

The citizens committee proposed a statewide study of community services for delinquent children, which the Youth Council said it would welcome. However, it already has retained a prominent authority, Dr. Austin McCormick, to survey the five detention institutions it oversees.

STATE ARCHIVES OPEN — Invaluable historical documents which tell the story of Texas' history have finally found a safe and permanent home. For more than a century they have been placed and misplaced in various temporary quarters.

Now they are housed in the \$2,500,000 Texas State Library and Archives Building adjacent to the State Capitol. Prior to the April 10 dedication researchers and librarians had been collecting and classifying the precious documents in a quonset hut in North Austin.

Gov. Price Daniel, whose hobby as a Texas historian is almost an avocation, started urging the Legislature to approve an archives building in 1957. Appropriately, he made the dedicatory address at the opening ceremony.

A special exhibit will be on display during April. It will include William B. Travis' letter from the Alamo, the Texas Declaration of Independence, five treaties of the Republic of Texas and other memorable papers.

FLIGHT CLINIC SET — Instructors from the Federal Aviation Agency, Texas Aeronautics Commission and private industry will take part when the TAC conducts its free, one-day Flight Clinic in El Paso on April 14.

Four Texas areas put over library drives
AUSTIN — The current issue of Texas Libraries contains a factual article about successful library building programs of Taylor, Rockdale, Navasota and Alvin. Reprints are available upon request from the Texas State Library Rural Division, according to Harold J. Marburger, director.

Taylor citizens invested more than \$51,000 in its library; Rockdale is working toward a \$35,000 goal; Navasota has almost completed a drive for \$20,000 and Alvin citizens have raised \$22,000 of a \$30,000 building fund.

Marburger pointed out that more than \$4.4 millions was spent for library construction last year, "possibly the biggest library building year in more than three decades," he stated.

There is a lot of criticism of our welfare programs. You hear about all kinds of fraud and swindles. Like the people getting a handout of surplus food and driving off with it in a new Cadillac car.

My opponents are opposed to all these programs. They say if these people on welfare had any initiative they would be getting a big soil bank check, or a twenty seven and a half percent depletion allowance, or even inheriting a big department store. Then they wouldn't need welfare.

But both of these perennial politicians that I'm running against have been on the public payroll almost ever since they were old enough to vote. After they lose this election, they may be glad they passed all those welfare programs.

Second police car needed for third officer

Corley, Post's new chief of police, told The Dispatch today that he does not plan to employ a third officer until a complete "relief" law enforcement car can be purchased.

Corley said he has several applications for the job on file.

The city council at its last meeting discussed the purchase of a second police car but took no action.

Meanwhile, County Judge J. E. ... announced that the Garza Commissioners' Court has decided

to pay \$300 monthly additional towards the salaries of the city-county radio dispatchers. The city has been paying the bulk of these salaries.

Judge Parker emphasized that county money was not going to pay city police officers salaries, but for the radio dispatchers only which is a joint city-county operation.

This will give the city the "relief" it has sought so it can employ the third police officer without a major budget boost.

Judge Parker pointed out that the "relief move" still keeps the county within its law enforcement budget. The court recently decided not to authorize the salary for a second sheriff's deputy. This money can now be applied to the dispatchers' salaries without any county budget boost.

To clarify recent moves, Judge Parker explained that the court authorized a second deputy in the first place to work with a second city officer for nighttime law enforcement.

Since the necessary degree of cooperation was never established between the sheriff's office and the city police department, this joint night-time protection never became reality, he indicated. The city first cut its second officer by not replacing him after resignation and then the county dropped its second deputy.

The city expansion to a three-man police department will enable "round the clock" operations, it the city to provide the wanted was pointed out.

Sheriff Fay Claborn declined comment when asked if he had any views on the subject he wished to express.

Carl Cederholm, unopposed candidate for re-election as county and district clerk in this year's Democratic primaries and the general election, this week issued the following statement to the voters of Garza County:

"Although unopposed in my candidacy for re-election to another term as your county and district clerk, I wish to solicit your vote and support.

"At the same time, I wish to express my appreciation of the confidence you showed in me in electing me to the office in 1954. The duties of the office have increased considerably since I took office Jan. 1, 1955, and if I did not feel that I was qualified by experience and past performance to ask for re-election, I would not be doing so.

"Again, I thank you for your past support and promise to continue serving you to the best of my ability if you see fit to re-elect me."

Special Easter services here

Easter—the symbol of everlasting life to the Christian world—will be observed in Post churches Sunday with many of the churches planning special Easter or pre-Easter services.

A very unique presentation of the "seven last words" will highlight the Union Good Friday service, sponsored by the Post Ministerial Alliance, which will be held in the First Methodist Church tomorrow, beginning at 12:30 p. m.

While most local stores will remain open, merchants have indicated they will let any employees off to attend the services who wish to go, the Chamber of Commerce office announced.

Participating in the Good Friday service will be the Post Music Club Chorus and the combined choirs of Post churches. Vernon Scott will sing a solo.

Both the First Christian Church and the First Presbyterian Church are planning candlelight communion services this Maudy Thursday evening, the Christian Church service beginning at 7:30 p. m. and the First Presbyterian at 8 p. m.

The Calvary Baptist Church is planning an Easter Sunrise service at 6 a. m. Sunday at the church. Margie Harrison will sing "The Holy City" and the Rev. Graydon Howell's message will be entitled, "Is Your Christ Living or Dead?"

The Holy Cross Catholic Church has been holding nightly services all through this Holy Week. High Mass of the Lord's Supper will be given tonight, beginning at 8 o'clock. Good services will begin at 7 p. m. On Saturday night, beginning at 10 p. m. will be the Easter Vigil. Easter Sunday Mass will be at 10 a. m. The Rev. L. Eugenio de Francisco is pastor of the Holy Cross Church.

The Assembly of God Church is planning an Easter Sunday morning communion during the morning worship services and an easter egg hunt Sunday afternoon at 2:30 p. m.

The First Christian Church also will observe the Lord's Supper at its 11 a. m. Easter Sunday morning worship service. The Rev. Bernard Ramsey's sermon topic will be, "The Power of the Resurrection."

Other local churches will observe Easter during their regular Sunday worship services.

The Twin Cedar Nursing Home is planning a special Easter service at 3 p. m. Sunday afternoon with the Rev. Shelby Bishop of the Friendship Baptist Church in charge of the program.

Pre-School Day is scheduled for Friday, May 4

Pre-school Day, for youngsters who will begin school in the first grade next fall, will be held Friday, May 4.

Letters have been sent to those students whose names and addresses have been made available to the Primary School. If you have a pre-school child and if you have not received this letter, please contact Primary School Principal Noel Clemmons in order that proper room assignments can be made.

Parents are asked to take their children to the room number given in their letter of instruction at 10 a. m. May 4. Parents are then to go to the auditorium where a program has been planned for parents.

This is an opportunity for your children to meet their teachers for next year, to do a little first grade work, and at the same time to provide parents an opportunity to learn more about their schools.

Schools dismissed for long Easter holiday

Post Independent schools were dismissed at 2:30 p. m. today for their traditional Easter holiday.

But it will be a longer holiday this year. Students will not have to return to classes until Wednesday morning.

Twin Cedar Nursing Home gets license

The Twin Cedar Nursing Home has received its state nursing home license. Mrs. DeWitt Taylor announced this week.

District entries named in county 4-H competition

Representatives to the district 4-H demonstration contests were selected Saturday at the Garza County 4-H Demonstration Contests at the 4-H building in the city-county park.

The district contests are May 5 at Texas Tech in Lubbock.

In the "Share the Fun" contest, blue ribbon winner and district representative is the team composed of Beverly Avant, Jan Miller, Linda Hays and Jackie Wilson.

The team of Jo Beth Dillard, LaGayluah Young and Sherry Woods, also received a blue ribbon.

Six of the nine team entries in the vegetable demonstration contest received blue ribbons with Teresia Sims and Judy Hitt selected as district representatives. Other blue ribbon winners in this event were Elaine Pate and Anita Pruitt, Patricia Robinson and Linda Altman, Zelika Freeman and Sandra McDonald, Barbara Bartlett and Marsha Tipton and Debbie Hitt and Laura Bevers.

Winning red ribbons in this event were the teams of Dayneen Dunn and Joy Jones, Jody Kolb and Janet Ray, and Karen Wilson and Kay Mann.

In the poultry contest, Debbie Brewer and Lillie Wilkie were named as junior representatives to the district and Sue Pritchard and Sherry Bevers as senior representatives to the district. Both teams won blue ribbons. Winner of a red ribbon were Helen Cheshire and Patsy Pierce.

Kay Altman and Peggy Bevers won the dairy foods demonstration contest and will be the county's district representatives. Red ribbon winners in this contest were Nancy Hart and Debbie Gray and Carol Wilson and Karon Henley.

Debra Britton was named district champion.

Police Chief requesting— Cooperation asked in dog problem

The city has a "dog problem" on the local school grounds which is worrying school officials. Police Chief Elton Corley today requested the cooperation of both students and parents in solving it.

The school grounds are covered with dogs," Chief Corley explained. "If one of them got hydrophobia and then started attacking other dogs and school children we'd have a mighty bad situation."

Corley said there were 14 dogs on the school grounds yesterday when he stopped to confer with school authorities on the problem and that the dogs got into a fight. The police wants parents and students to keep their dogs at home either penned or chained as provided by the city's dog ordinance.

Corley said "if we don't have some improvement by next week we'll get a man and start picking up dogs and disposing of them."

Principal Clark, family injured in 2-car crash

High School Principal T. C. Clark and the other three members of his family, Mrs. Clark, Julie 11, and Tom, 16, all were injured but none too seriously late Saturday afternoon in an unusual two-car collision on US-84 about three miles southeast of Slaton.

All were treated at Mercy Hospital in Slaton and released.

The high school administrator received a head laceration and a bruised left knee. Mrs. Clark received a gash on her forehead, another on top of her head, and was bruised. Julie was severely bruised but was not cut.

Tom suffered a severe gash on the back of his neck and a slight brain concussion.

Investigating Highway Patrolman L. C. Melton Jr., said Elia Trevina, 36, of Lubbock, driver of the other car in the collision was traveling north when he swerved around a truck on the wrong side via the bar ditch, swerved back on

Young burglar caught in act

The first home burglar reported here in a long time was caught red-handed by sheriff officers at 3:25 a. m. Sunday in Walter Boren's residence at 504 West 12th Street.

He was a 15-year-old boy who was turned over to juvenile authorities.

Sheriff Fay Claborn said neighbors called him and reported they thought someone had broken into the Boren home. Nobody was at home at the Borens.

Claborn and Deputy Lloyd Merritt searched the house and found the youth in an upstairs room. He had gained entrance through a first floor window.

Inducted from Post were Johnny Gray, Ivan Jones, Billy Ramage, Don Morth, Charles Colium, and the Rev. Bernard Ramsey.

Bill Bennett won the local club's membership lamb for the coming week. Band Director Bob Meisch will be charge of next week's program.

Senior invitations are ready for pick-up

The official invitations of the 1962 Post high seniors arrived at The Dispatch last weekend and are now available for picking up by seniors who haven't as yet done so.

The Dispatch office will be open from 8 a. m. to 5 p. m. Friday, except for the noon hour, and Saturday morning.

CLASS CONDUCTOR

Lowry M. Carpenter (above) will conduct classes in a "Retail Credit and Collection Procedures" course beginning April 30. The course is being sponsored by the Retail Merchants Association of Post and conducted by the University of Texas. Arnold Parrish, RMA president, said that at least 40 are expected to be in attendance when the first class starts.

Faye Cockrell in statement

Mrs. Faye Cockrell, Garza County treasurer and a candidate for election subject to the May 5 Democratic primary nomination for that office, has authorized The Dispatch to issue the following statement:

"I wish to take this opportunity to express my sincere thanks and appreciation for your cooperation and assistance during the time I have served as your County Treasurer, and to solicit your vote and active support for my election to this office.

"I have served as county treasurer, by appointment, since January, 1961. Prior to that I was employed as deputy county and district clerk and I feel that my experience and knowledge gained through the work in various phases for the county, will more fully enable me to perform the duties of the office of county treasurer. I assure you that I will perform the duties of the office to the best of my ability.

"Since the duties of the office demand the greater part of my time, it may be impossible to contact each of you in person; thus, I am making this appeal to each of you for your support and vote in the forthcoming election. Thanks,

Faye Cockrell

Randy Baldwin, Patti Power win Easter coloring contest

Randy Baldwin, who won The Dispatch's Christmas Coloring Contest, made it two in a row by winning the age 7 and under division of this newspaper's Easter Coloring Contest.

The six-year-old who lives at 603 West Tenth, wins a new fielder's mitt just in time for the baseball season.

Winner of the 8 through 12 age division is 10-year-old Patti Power, whose older sister, Terry, was a frequent coloring contest winner. She is the daughter of Mr. and Mrs. Tom Power, 909 West Main.

Patti's first prize is a badminton set, complete with racquets, net, poles, and everything needed for the game.

Second prize winner in the 7 and under age division is John Eddie Shook, age 7, of Post, who wins that new national craze game, Wahoo.

Third prize in this division, a pair of beginners skates, goes to Dana Moore, age 7, of Levelland.

Second prize winner in the 8 through 12 age division is Larry Brown, age 11, of Route 1, whose entry was the most unusual ever

submitted in a Dispatch coloring contest. It consisted of an Easter egg train with each colored contest picture mounted on one of the "egg cars" of the train.

Larry wins a high plastic water float for swimming pool play fun.

Third prize of a stuffed dog was won by Judy Sue Lofton, age 9, of 214 East Eleventh.

Winners are asked to stop by The Dispatch office and pick up their prizes at their convenience.

Every one of the 52 contest entries also is entitled to pick up a
