Food Sale, Harvest Show To Be Held On Saturday

In connection with their annual Harvest Show Saturday, Garza home demonstration clubwomen will hold a sale of cakes, pies, fryers and hens at the Greenfield Hardware Store, beginning at 10 a. m.

Judges for the women's show will be Miss Graham Hard of Lynn County, Miss Alta Mae Anderson of Hockley County and Mozelle Parr of Crosby County, all home demonstration agents.

Among the special guests will be Miss Katie Adele Hill of Lubbock, District 2 home demonstration agent.

Through the cooperation of the Post Chamber of Commerce, window spaces for the Harvest Show educational exhibits have been donated by the following merchants:

Sack articles, Cross Roads Club, Herring's, pictures, Barnum Springs Club, Bryant-Link; sequin pins, Verbena Club, Justice Shop; shell jewelry, Justiceburg Club, Dodson Jewelry; Old Hats Made New, Close City Club, Pure Food Store; Cleaning and Adjusting Sewing Machines, Graham Club, Southwestern Public Service Company; Water Bath and Pressure Canning, two windows in Bryant-Link store.

The educational exhibits committee consists of Mrs. Theibert McBride, chairman, and Mrs. V. M. Stone and Mrs. J. C. Fumazalli.

General Exhibits Planned

Mrs. Will Teaff, Garza County Home Demonstration Council exhibits chairman, has announced that general exhibits will be held at the following places:

Needlework, Hudman Furniture; canning, Tom Power; women's and girls' clothing, Haws Department Store; infants and children's clothing, Mason and Company.

Miss Jewell Hipp, Garza County home demonstration agent, announced that all home demonstration clubwomen of the county are eligible to exhibit articles made in the past five years, if they have not been shown at a previous countywide exhibit.

All exhibits must be entered and in their places by 6 p. m., September 19.

Ribbon prizes in the Harvest

(Continued On Back Page, Col. 3)

Revival Opened Here On Sunday

An annual Fall Revival Meeting at the First Baptist Church got under way Sunday with the Rev. Huron A. Polnac, pastor, preaching for daily services at 10 a. m. and 8 p. m. The meeting will be concluded on Sunday.

L. O. White of the First Baptist Church in Lubbock is serving as song leader.

The public is invited to attend the services, the Rev. Mr. Polnac has announced.

Cotton Is Opening Fast In County; Gary Gins First Bale From Plains

The first Garza County bale of cotton raised on the plains belatedly to C. W. Gary who farms 120 acres owned by Sidney Johnson, two miles southeast of Southland on the highway. The bale was ginned September 4 by the Hackberry Gin.

It graded strict middling, weighed 561 lb. and sold for 27.1 cents a pound. It was ginned from 1780 lb. of pulled cotton, which yielded 680 lb. seed.

A \$25 prize offered by the Post Chamber of Commerce for the first plains bale will be presented to Gary Saturday at the Post Truck and Tractor Building, where the bale will be exhibited during the 4-H Products Show.

Cotton is opening fast all over Garza County now, and all the county's gins are in operation, D.

Jones Funeral Scheduled For This Afternoon

Robert Rickett Jones, resident of Garza County for 30 years, died Tuesday noon in the Lubbock Memorial Hospital.

Funeral services will be held at 3:30 o'clock this afternoon at the Hackberry Baptist Church with the Rev. D. W. Reed officiating, and burial will be in the Southland Cemetery with Mason and Company in charge.

Active pallbearers will be W. P. Lester, Hub Haire, Edd Cummings, M. M. Bruster, B. B. Corbell and H. D. Hallman.

Honorary pallbearers will be J. S. Edwards, W. E. Edmonds, W. I. Smith, W. A. Hamilton, Ed Denton and Sam Lewis.

Flower girls will be Mesdames Earl Lancaster, Hub Haire, H. D. Hallman, V. Clark, Jim Hudman, M. M. Bruster, Edd Cummings, Carl Foster, B. Shaw, Dona Basinger, Bee Basinger, Clara Eubanks, Iva White and Nora D. Hamilton.

He is survived by his wife, three daughters, Mrs. J. C. Leake of Southland, Mrs. Grady Hafer of Vernon and Mrs. T. H. Basinger of Post, and two sons, B. H. Jones and Robert Jones, both of Post.

A retired farmer, Jones had been a member of the Baptist Church for 49 years. He was born in 1867 in Cook County. He was taken to the Lubbock hospital on Monday.

Legion To Have Called Meeting

The James C. Cole Post of the American Legion passed the 100 mark this week in its recently organized drive for 150 members. Commander James Minor said yesterday. The quota set by the State Department of the Legion for Post was 91, "but our quota is much more than that," the commander said. The present membership is the largest in the post's history.

Minor announced that a called meeting of the post will be held at 8 p. m. Monday in the Legion Hall. All members and prospective members are urged to be present, the commander said.

FARM LABOR PLACEMENT PROGRAM TO BE CHANGED

The Extension Service will be relieved of the farm labor placement program after December 31, when the job will be transferred back to the U. S. Employment Service and the Department of Labor, the Texas Farm Bureau recently reported.

F. Eaton, county agricultural agent, said this week. Five per cent of the fields are ready for picking and already there is a shortage of pickers. The demand for labor will reach a climax about September 25-30.

Itinerant pickers are needed throughout the area from Caldwell and Waco to Lubbock. This is an unusual situation brought about by the fact that the downstate cotton is later in opening than usual and the cotton in this area is opening earlier than usual, Eaton explained.

The county agricultural agent is assisting in every way possible in the project of directing pickers where they are needed in the county. Any farmer needing help in this respect is invited to contact Eaton, he said yesterday.

Sale To Be Feature Of Open House

A sale of merchandise on Friday and Saturday and refreshments served from 10 a. m. until 6 p. m. on Saturday will mark the formal opening of Piggly Wiggly in the new store building at Main and Jefferson Streets. Coffee, lemonade and cookies will be served.

The store is owned by Davis and Humphries Company in Lubbock, a firm which has expanded from one store in Lubbock in 1924 to 15 stores in 10 towns of this area. A 16th store is now under construction in Lubbock. Local Manager Paul Jones said yesterday.

The company provides the stores with wholesale merchandise and operates its own produce trucks from Los Angeles, San Antonio and Colorado in season.

Jones, who was named Piggly Wiggly manager in Post in March, 1946, has been employed by the company since 1935, one year as a clerk in Lubbock and the remaining years as assistant manager or manager in Brownfield, Seminole and Post.

The local store was operated on a comparatively small scale for several years after it was bought by Davis and Humphries. It now employs seven men regular.

Iron Lung To Be Bought By Post Firemen

An artificial lung portable respirator, will be bought by the Post Voluntary Fire Department at a cost of \$1,215, the members decided at a meeting last night. The iron lung, which was demonstrated to the firemen by W. E. Coles of the Mulliken Southwest Company in Dallas, will be demonstrated to the public all day Saturday in the Tom Power Building, Fire Chief Homer McCrary said this morning.

Although no collection drive will be made to collect money for the lung, any contributions from the public will be gladly accepted by any member of the fire department, McCrary said.

On October 4, a community-wide box supper will be held on the courthouse lawn for the purpose of raising money for the project. The public is urged to attend.

STATE FAIR LEAFLETS AND TICKETS TO RAIN OVER POST SATURDAY

More than 50 private planes carrying 100 goodwill ambassadors from the State Fair of Texas will participate Saturday in a mammoth air tour to West Texas. Pilots will fly over 50 Texas communities and drop hundreds of State Fair advertising leaflets, free entrance tickets and opening day keys.

Post is one of the cities on the tour. Planes are scheduled to visit here at around 12:18 p. m. Saturday.

Mrs. G. Shults Dies Friday In New Braunfels

Funeral services for Mrs. Guy Shults, a resident of Garza County for 32 years, were held Sunday afternoon at the First Baptist Church with the pastor, the Rev. Huron A. Polnac, the Rev. Curtis Butler of Close City and the Rev. E. R. Stiles of Sheffield officiating.

Mrs. Shults, whose home was at Close City, died Friday of peritonitis at a hospital in New Braunfels, where she had an emergency appendicitis operation about a month ago while there with her family on vacation.

Special music for the funeral consisted of "Have Thine Own Way" sung by Miss Wilma Pirtle with piano accompaniment by Mrs. Ray N. Smith.

Active pallbearers were L. F. Short, O. B. Cearley, O. A. Rosenbaum, W. A. Cash, J. F. Brandon and Charley Brown.

Honorary pallbearers were A. C. Howell, Berchard Wilson, C. D. Morrell, J. I. Simmons of Dora, N. M., L. R. Mason, Storie Roberts, Ray Hodges and Walter Brown.

Flower girls were Mesdames W. J. Johnson, Jr., Albert Taylor of Tahoka, E. W. Curry, Elmer Long.

Mrs. Williams Dies At Home

Margaret B. Harless Williams died at her home here last night after a long illness. She had been a resident of this county for 23 years. She was born in 1870 in Nevada, Texas, and on September 15, 1889, was married to Jesse Calvin Williams. To this union were born 10 children, two of whom preceded her in death. Mr. Williams died 29 years ago.

She had been a member of the Methodist church approximately 60 years.

Survivors include eight children, Mrs. George McCasland of Lamesa, Monroe Williams of Pasadena, Calif.; Coble and Naubie Williams of Caddo Mills; Elzie and Jesse (Bub) Williams, and Mrs. Jewell Hicks, all of Post; and one sister, Mrs. Lilly Osbrook of Farmersville.

Funeral arrangements were pending arrival of relatives by press time.

Garza Hopes To Regain Reputation

For years before the war, Garza County's agricultural exhibit was an habitual first place winner at the Panhandle-South Plains Fair, which opens in Lubbock September 29 and lasts through October 4.

The Post Chamber of Commerce, which is sponsoring this year's exhibit, is making every effort to regain the county's pre-war reputation, Sherrill Boyd, secretary, said yesterday.

George Simson, to whom most of the credit goes for winning booths of past years, County Agricultural Agent D. F. Eaton and Boyd are gathering up the 25 varieties of exhibits needed for the booth, but to date they have been unable to find some of them in suitable quality. They have a need for the following:

One gallon each of millet, sudan, soy beans, cowpeas, black-eyed peas, popcorn, lima or other dried beans, and also watermelons, pumpkins and cashaws.

If anyone has raised a fine crop of any of the above items, they are urged to report it to the Chamber of Commerce, telephone 254 or the county agent's office, telephone 80-W. The fair booth committee will call for the items, if the donors cannot bring them.

GI Vocational Aggies To Assist With Heavy Work

Approximately \$400 in cash and merchandise prizes have been raised for a widely scattered variety of places in the Boys' and Girls' 4-H Club Products Show to be held Saturday in the Post Truck and Tractor Company building. The Post Chamber of Commerce is sponsoring the show. In addition to money and merchandise donated by individual merchants and the chamber of commerce, the Graham and Close City Co-Op Gins have donated \$50 for prizes.

The GI Vocational Agriculture Class taught by Robert Gibson will help set up and take down pens and tables for the show, D. F. Eaton, county agricultural agent, said yesterday.

Because of the wide variety of business firms, individuals and other groups assisting with the show and of the large number of Garza County families represented in the large 4-H membership, a record Saturday crowd is predicted for Post on the day of the show.

Oscar Graham, general secretary for the show, will be assisted by Miss Melba Jo Miller of the county agents' offices and Mrs. L. J. Richardson, Jr., of the chamber of commerce office. Alvin G. Davis, president of the Garza County Boys' 4-H Council, will serve as general superintendent.

All 4-H girls' entries, except animals and poultry, must be entered at the Post Truck and Tractor building by 4:30 o'clock the afternoon of September 19. Livestock, rabbits and poultry must be entered by 9 a. m. Saturday. Judging of all girls' exhibits, except livestock, will be done at 4:30 p. m. Friday, and the exhibits must be kept in place until 6 p. m. Saturday.

Judges for the girls' division will be Miss Maude Alice Zorn, Post High School home economics teacher, and Mrs. Victor Hudman and Mrs. Shelley Camp, former home economics teachers.

Prizes will be awarded about 4:30 p. m. Saturday, said Miss Jewell Hipp, Garza County home demonstration agent.

For each first place ribbon, the winner will receive seven points; for second, five points; for third, four points; for fourth, three points; fifth, two points, and sixth, one point.

Special prizes will be given to the three high point winners in each of the following divisions: 10 years and younger, 11, 12 and 13 year old, and 14 to 20 year-old girls. Additional prizes will go to the three high point winners in county and to the three girls having the greatest number of entries, Miss Hipp said.

Judges for the boys division and their assistants will be as follows: Beef calves, David Sherrill, Lubbock County agricultural agent, assisted by Giles McCrary.

Drivers of 13 Garza School Busses To Attend Institute

Garza County Schools are conforming with the new state traffic safety law, which went into effect September 5, County Superintendent Dean Robinson has announced.

The new law provides that all school busses must be painted national bus chrome (plain yellow), with SCHOOL BUS lettered plainly in keeping with instructions provided by the law.

Instead of the operators' license previously required, school bus drivers must have valid chauffeurs' licenses; they must take an approved Red Cross course in first aid and they are required to escort children across busy intersections when making stops to take on or let off student passengers.

The law also requires that, in event of a bus accident or mechanical trouble the driver must stay with the bus, if there are student passengers, but that he can send students for help.

These and a number of other safety rules provided by the law will be explained at a bus drivers' institute, which all school bus drivers in Garza and several other counties must attend, on September 27 in Lubbock.

Among the phases of the law to be interpreted at the institute will be such safety measures as first aid packs and fire extinguishers and adequate safety lights, with which all school buses must be equipped.

In order to insure conformance with safety regulations, the busses are to be inspected by members of the State Highway Patrol at the beginning of each school year and are subject to further inspection whenever the highway department deems necessary.

The law regarding school busses also affects drivers of other vehicles, which are not allowed to pass a school bus that has stopped to let out or pick up passengers.

The state, in passing the regulations, is complying with the National Transportation Law.

By way of cutting down the expense of bus operation, the state is now requiring all school districts drawing state transportation aid to buy tires and tubes through the State Board of Control, which can get the merchandise at a 30 to 40 per cent discount for the schools.

The contract for the merchandise has been awarded to the Firestone Tire and Rubber Company, Superintendent Robinson said.

Next year, all new busses for state transportation aid schools must be bought through the State Board of Control for the same reason, he explained.

Garza County has 13 school busses in operation: Four at Southland, four at Post, two at Graham and one each at Close City, Verbena and Hartford.

TEN DAYS REMAIN FOR SUBSCRIBING AT CHEAPER RATE

Because of the ever-increasing cost of news print and of increased production expenses, the Post Dispatch subscription rate will be increased to \$2.50 a year for Garza County subscribers and \$3.00 a year for out-of-county subscribers, beginning October 1.

All subscribers have an opportunity to resubscribe at the old rate, which is 50 cents cheaper, during the remainder of September. The renewed subscriptions will become effective on the expiration of the subscriptions now in effect.

There are 10 days left, in which to subscribe to the Post Dispatch at the rate of \$2.00 a year for Garza subscribers and \$2.50 a year for subscribers elsewhere.

Garza Hopes To Regain Reputation

**BANG'S DISEASE PLAN
OF CONTROL IS MAPPED
FOR TEXAS LIVESTOCK**

The organization of a state advisory committee to map plans for controlling Bang's disease in Texas livestock herds is nearing completion. Garza County Agricultural Agent D. F. Eaton has been informed.

Appointments on the committee have been made out of all live-stock breed organizations in the state, including Jersey, Guernsey, Aberdeen Angus, Hereford and milk goat associations. Cattle raisers' associations, the Livestock Sanitary Commission of USDA's Bureau of Animal Industry, the state department of health and the Extension Service, Agricultural Experiment Station and the teaching division of Texas A. and M. College—all are represented on the committee that will attempt to curb the high toll that Bang's disease is taking among the state's livestock.

Dr. E. A. Grist, Extension veterinarian at Texas A. and M. College, says that several new ideas already have been set forth for consideration of the committee, one proposal being a vaccination program for heifers without tests of adult animals. Another is the possibility of complete herd vaccination with special permission. Also up for discussion by the committee is a plan to include local practicing veterinarians in a Bang's disease control plan.

The committee will meet next in Ft. Worth February 12.

**English Study
Can Be Easier
Under New Plan**

Future college freshmen should have no trouble with English if their high school teachers adopt a program designed to adequately prepare them for advanced study.

This program has been proposed as a means of integrating the teaching of English in high schools and colleges, according to Dr. T. F. Mayo, head of the Texas A. & M. College English department and chairman of the 10-member committee which has studied the problem. Noting that a minority of high school graduates attend college, the committee included in their proposal only those procedures that would benefit all students equally.

It is the aim of this program to stress clear, concise, and correct writing based upon a functional knowledge of the fundamentals of English, and to stress effective, comprehending and enjoyable reading so the student may know the main points of what he should read within his age and interest fields.

To give the student knowledge of writing, several recommendations were made: in a four-year high school, freshmen and sophomore students should be required to write a minimum of eight themes totaling not less than 1,000 words, and all juniors and seniors should write eight themes totaling not less than 2,000 words. College freshmen should write 20 themes with at least 8,000 words, or an average of 400 words per paper. Themes should be fairly simple and on subjects within the student's own experience, observation, and reading. Each theme, after being criticized and marked, should be revised by the student for regrading.

Reading comprehension can be acquired not by reading alone but by discussing the material read. The committee recommends requiring all high school junior and senior classes and college freshmen do four assignments each term in reading analysis based on articles from reputable magazines. Before class discussion on reading assignments objective tests aimed at comprehension and vocabulary should be given.

The committee has submitted this program to the English teachers of Texas for their approval and adoption. If the school year 1947-48 proves successful, the program will be extended.

**WEED CONTROL MONTH IS
OBSERVED BY HALE FOLK
TO AVERT CROP LOSSES**

Hale county has added another month-long observation to the list. This time it's Weed control Month which was observed during August.

The idea belongs to the Hale County Weed Control Committee, says County Agent Manuel Ayers, and it tamed from the \$5,000 loss which the county suffers each year in crop damage due to weeds.

Everything from paid newspaper advertisements, through circular letters and plain old "lip service" by the committee members was used, says Ayers, in spreading word about the weed control month. Civic organizations in Plainview and other Hale county towns pitched in to help plan the weed-killing drive, and the commissioners' court made arrangements to let every farmer in the county who wished to take part have weed-killing chemicals at wholesale prices.

County Agent Ayers reports that a big part of that \$5,000 yearly loss was shaved off the books during the month, but that permanent eradication of weeds is a long-time proposition which will call for control work for several years, not only on that "month-at-a-time" basis, but year around.

FIRE PREVENTION WEEK SCHEDULED FOR OCTOBER
 Fire Prevention Week, which will be observed from October 5 through October 11, should have a special meaning for farmers, according to Texas Agriculture, the official publication of the Texas Farm Bureau.
 In 1946, the bureau says, almost 90 million dollars in farm building and property was damaged by fire. One fire protection expert figured out that if all the barns which burned last year were placed end to end, an unbroken wall 450 miles would be formed.
 Secretary of Agriculture Clinton Anderson is urging all farmers to do their part in removing the fire menace. Removing fire hazards and protecting frame with fire extinguishers and portable fire extinguishing equipment can result in savings of both lives and income.
 The Argand Lamp, invented in 1787, is said to have revolutionized illumination by replacing the open flame with a round wick and chimney and thus allowing for the passage of a double current of air.

The old potato hoe has been put in the shade by modern methods of farming... including low-cost dependable electric irrigation.

Today... our potato crop is an important industry in the area we serve.

We have so much confidence in the potato industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

THAT'S A VERY GOOD SIGN!

It's the **FRIGIDAIRE EMBLEM**

This emblem is a good sign for you, because it means so many good things. It means modern styling, high quality, dependability, long years of unflinching service—for back of this emblem is more than a quarter-century of building only the best. That's why we sell Frigidaires!

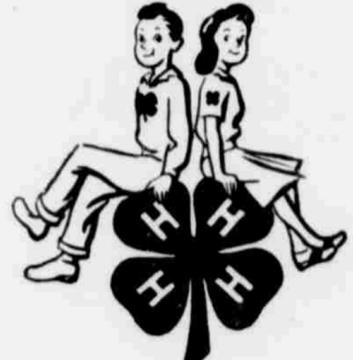

Refrigerators • Electric Ranges
 Water Heaters • Home Freezers
 Automatic Washers
 Automatic Electric Dryers
 Electric Ironers
 Kitchen Cabinets and Sinks

Come in—won't you? Let us show you the beautiful new Frigidaires products that have this emblem on them.

Congratulations...
PIGGLY WIGGLY
 On Your New Building.

and **BEST WISHES**

ROGER W. BABSON WRITES THIS WEEK:

Sacrifice Luxuries or Young Men; Which Is Better?

GETTING OUT

On The LIMB
By EDDIE the EDITOR

The school pep rallies are wonderful things. The boys and girls worked up so much enthusiasm last Thursday night for the Ralls-Post fracas that even the stubborn old Weather Man got the spirit and provided some excellent football weather for the comfort of the boys in the beautiful—but warmish—black and gold jackets. Yessir! The entire community catches the spirit when the youngsters hold their pre-game pep rallies and bonfires.

And I am a dirty dog and an unforgivable heel when I bring up a few words of warning, which I sincerely hope will not be construed as throwing cold water on what generally is a healthy situation.

There's just two things that ought to be altered about the way the youngsters conduct their pep rallies and related activities, as I see it this early in the season.

No. 1 is: Every time there is a rally bonfire, some prankster turns in the fire alarm and this costs the City of Post \$1 for every fireman who answers the call. If the Fire Department were to ignore the call, they might let a real fire in somebody's home run wild and, perhaps, lose some lives. The fire department can't ever afford to ignore an alarm.

The boys and girls, who in a few years will be the leaders of Post, should be taught right here and now that turning in a false fire alarm is not a clever stunt. It is an expensive, wasteful, inconsiderate thing to do. In my opinion it is a crime, because it demoralizes the fire department, which is made up of volunteers who risk their lives each year to protect the homes of those very boys and girls.

No. 2 is: Last Thursday night after the pep rally was over, some 40 or 50 youngsters had so much school spirit, they couldn't calm down. This is a normal thing, and I have no objection to their exuberance.

But I watched them hold a post-rally pep rally right out in the middle of Main Street and Highway 84. Traffic was blocked for some 15 or 20 minutes, it seemed to me. I watched them with fear and trembling, lest some through traffic, unaware of our local enthusiasm, might come tearing along the highway and scatter the happy school youngsters to Kingdom Come.

An accident brought about by such carelessness on the part of the youngsters could put a damper on the entire athletic season not only for this year, but for years to come. Let's hold those peppy post-rally gatherings some place else besides the middle of a state highway. How about it, boys and girls?

Proof that our youths have a serious, stable side will be evident all over Post Saturday as crowds of shoppers take time out to visit the Garza County 4-H Boys' and Girls' Products Show. Most of these youngsters are the same ones who play football and ramrod pep rallies in our local high school. The Products Show will prove that our youths are well-balanced and excellent material for handling the affairs of Post and the county in future years.

The local merchants and the Graham and Close City Co-ops have recognized this in their generous donations of cash and merchandise prizes. I have an idea this annual Products Show will grow and grow, maybe into an annual Garza County Fair. Our boys and girls can handle one, if

Gloucester, Mass.—I have had several good grandchildren; but only two have been boys. One of these is artistic and has no interest in business; he was in the service and returned from Europe safely.

The other, Michael, had been much interested in business, one with whom I had discussed my affairs although he was only 18 years old. He had been working at a Sunapee, N. H., hotel all summer; last week he took a speedboat party out on Lake Sunapee.

Somehow one of the girls fell overboard. Michael stopped the boat and dove in after her, knowing that she could not swim.

He succeeded in dragging her to the side of the boat so that the others could pull her in. This they did; but Michael was exhausted and sank to the bottom. Divers finally recovered his body. It was a splendid way to go and I am much prouder of him than if he had lived and made a million dollars.

Have You Suffered?

But why do I tell my personal troubles to you readers? There are two reasons—First, because it has brought trouble home to me and makes me appreciate human values. It is the first blow which I personally have had since my sister was drowned here at Gloucester many years ago. I lost no near kin either in World War I or II. War fatalities were only cold statistics to me. This is the first time I have appreciated what

these 350,000 families really suffered and what one thousand other families are experiencing every day of every year.

During my career, I have studied only profits, wages, bushels and tons. Friends, I fear there are too many other American businessmen who are like me,—forgetting the human values. This may explain why we do not understand the millions of wage workers whose only assets are their boys and girls. Today I am trying to think of them and also of the millions of starving families in Europe who love their children just as much as I loved Michael.

We Can Prevent War

My second reason for mentioning Michael is to apologize for my habit of discussing World War III as if the money cost and property damage are of primary con-

sideration. Heretofore, I have figured which is the cheaper in dollars,—to help out Europe now or to fight now. I have not considered the millions of good boys who would be killed in another war. Again I fear there are too many other businessmen—and perhaps labor leaders too—who are as ruthless as I have been in thinking too much of the dollars involved and not enough of the human lives. Anyhow, I am a changed man today.

Just one more thought: Of course, if World War III comes, we will be told that it is a fight for "democracy against dictatorship." But since losing Michael, I have been wondering if there is not a more underlying reason for today's world troubles. May not property, stocks, profits and wages be one reason for the struggle

between America and Europe? If we would be willing to sacrifice some of our wealth—in a big way—perhaps Russia would have to call off her gangster methods.

Which Shall It Be?

This does not mean that we would pay tribute, as a cowardly nation, to Europe, but it would be licking these dictators by giving up our luxuries for awhile in order to raise the standard-of-living abroad. We, however, cannot accomplish such without making real sacrifices. It might temporarily require farmers to forego profits, investors to forego dividends and all of us to work 10 hours a day for reasonable wages. The question is whether we will do this voluntarily by the use of commodities, or will we still insist on fighting Russia with human lives?

In either case it would be a real sacrifice for America should be done without. Before losing my grandson, I was all for fighting Russia up; but there may be a better side, do wars ever end? questions when involved?

The Texas Safety asks motorists to let their bells ring when they see a child on the streets. Playing children for which they are not countable. Don't take with little children!

Garza and the World

Editor's Note—Opinions expressed here are those of the author, and they do not necessarily reflect the opinions or policies of the Post Dispatch. The column is carried in the interest of applying world news to the situation here at home.

By EVELYN BOYD

We're the kettle calling the pot black.

Our officials in Washington are chastising England for keeping her people in the dark until the real crisis came. Both conservatives and liberals, among the U. S. policymakers, are saying that Britain's inefficient Labor Government has known all along about the financial crisis she is now facing, but she let her people dream and think that everything was beautiful and lovely for the dim future.

The same U. S. Government leaders are doing the same thing to their own people.

They have known for months that crops in Europe would fail and that the food crisis by November would be acute enough to cause a special session of the U. S. Congress to vote billions of dollars for emergency relief in Europe. But they haven't prepared us for the shock.

The people of Garza County and the rest of the nation who will have to pay for this emergency act—are entitled to know what's cooking. Our government prefers to put us in the dark until the crisis is so bad there is no backing out. Then they will pull the old Roosevelt tactics and make us come through—and like it—as a defense measure.

In November they will tell us all about the crisis, and it will be our patriotic duty to "come through" like we did when the Japs attacked Pearl Harbor.

Along about then, we also will hear a lot about how weak our army is, compared to Russia's, and how Russia is all set to take charge of Europe if we fail to come through with enough money to keep Europe from cracking up.

they make up their minds they want it.

All over town, football fans are saying that Coach Bingham's kids have the makings of bi-district champions.

And the boys do look good, but I hope they realize that Ralls was an easy opponent and that they did not have to do their best. They need a bit of polishing yet. I think the coach realizes this and is hard at work with the shining rag.

This weekend the Antelopes play Spur, who beat the Haskell Indians 13 to 0 in the season's opener. Those boys look good, too, and what's more, they have a reputation for winning—even if they have to get a little rougher than the rule books sanction. After the Post-Spur game, we can better judge the Antelope power.

Our loughest opponent in the District 6-A Conference probably will be Tahoka, who beat the Crosbyton team 25-7 last weekend. We'll need a lot of polishing up in preparation for Tahoka on October 24.

It sure was fun beating Ralls, though, wasn't it?

Already we have procrastinated so long, everybody in Europe—from Greece to England—is losing confidence in us and making fun of Uncle Sam, the Money Lender. They are beginning to feel about us, like we used to feel about the usurper who lent us money each week, during the depression, to help pay our rent and grocery bills.

That was back in the days of \$11 to \$20 a week newspaper salaries, which barely covered the cost of room, board and insurance. When the time came for paying a doctor bill or buying some needed clothes we borrowed the money from a guy who was permitted to garnish our checks and give us what was left over after he extracted his weekly payment plus 10 per cent.

We took his money—because we had to have it—but we hated him for his indifference and his greed. I think this is the way Europe is beginning to look at us.

We could have avoided this attitude—while taking the necessary time, as Marshall is doing, to investigate Europe's needs and selling the Marshall plan to Congress—by keeping up our U. S. Information Service, which was comparable—in its original plan—to an international chamber of commerce. It's main purpose was the promotion of goodwill and understanding of the United States abroad.

Greece is the testing ground right now for U. S. European policies. It is an important, critical spot. Yet, at this moment our lackadaisical Ambassador MacVeagh, who has ruled the U. S. roost in Greece for many years, and our sincere, energetic Dwight Griswold, head of the U. S. aid mission in Greece, are in bitter disagreement over how to purge the corrupt Greek government. All this breaks down goodwill, and encourages Communists, who get a better coordination from Russia. There is no dilly-dallying where Russia is concerned. The orders come straight from the Kremlin, and woe be unto the Russian ambassador in Greece who might think he has a better idea.

I'm not defending the Russian way. I would try to move to another planet, if our country adopted Stalin's method. It is effective in Europe, however, and for that reason our own necks are in danger, if we do not tighten up and polish up our diplomatic corps and do something successful in the way of creating goodwill abroad.

Last week, I was reminded of my 10 months in Greece. The lights were off for nearly three hours on Monday afternoon and I couldn't accomplish anything at the office.

At home I found the hot water heater had gone haywire and we had to turn off both the gas and the water for several days, until repairs could be made.

Over in Greece, the retreating Germans had destroyed the majority of equipment belonging to the Athens equivalent of the Southwestern Public Service Co., and repairs or replacements were not to be had. They also had destroyed the water mains which before the war supplied most of the water to the million and a half people in the city.

The result was that we had electricity only a few hours each evening, about four evenings a

What Our Contemporaries Are Saying:

OIL MONEY—Despite the uncertainties of weather for the farmer and rancher, it is very comforting to consider the oil business, which is now literally a statewide industry. Thousands of dollars are now being spent in Scurry County, and over Texas billions of dollars are being spread across each of the 24 counties which either produce oil and gas, have production or own land and under lease for development.

Since 1919 the oil business, for example, has paid two and one-half billion dollars, chiefly, to farmers and ranchers for bonuses, leases, rentals and royalties, a survey by the Texas Mid-Continent Oil & Gas Association reveals. It is interesting to observe that in 1946 oil bonuses, leases, rentals and royalties totaled \$248,108,000 in Texas—equivalent to 18 cents for every dollar of Texas farm and livestock income.—The Scurry County Times.

STRIVING TO PLEASE—There are some folks including my wife, Bill Sewell and Howard Swanner who read the Slatonite for the purpose of finding errors in spelling, and in dates, and boy do they have fun. Between the mistakes that I make and those that are accidental they have the most glorious time.

My wife sits me down soon after each new Slatonite comes into the house and points them out to me and I'm afraid to go to Rotary Club or to the bank for fear that Bill or Howard will point an ac-

week, and we were never sure just which evenings would be the dark ones. We had running water only three hours a morning, three mornings a week, and we had no fuel except a small ration of coal that we Americans got through the U. S. Embassy.

During that 10 months, which ended in April, 1946, we had the same run of Greek prime ministers—a new one every month or six weeks—that Greece has had in recent months. Themistocles Sophoulis, a doddering 87-year-old Liberal Party figurehead was prime minister for a few weeks at the time of my departure, as he is again now. We called him "Mr. So Foolish."

The revolution was closer to Athens than it is now. Most of the fighting was in and around Athens and down in the Peloponnese, which is a staunch Royalist area. Now the fighting has moved up north, near the borders of Albania, Bulgaria and Yugoslavia where Russia can better support it through her satellites.

"Mr. So Foolish" gang will try once more to work up a coalition cabinet which would be an acceptable compromise for most of the Greek people. Neither the Rightist British nor the Leftist Russians, who work hard at foreign relations, will approve. MacVeagh and Griswold will disagree, and we—who are in a position to influence—will bungle the situation, as usual.

This bungling may take place between the time of writing and the time of publication of this column. By the time you read this, Archbishop Damaskinos, who was the Churchill-appointed regent when I first went to Greece, may be prime minister. This will be okay with me, because he is a pretty smart old duck—as Greek politicians go.

And he will play ball with us—the way he used to play with the British "bosses"—if he can ever find out which of the two sides represented by our two executives in Greece is the side that counts, causing finger at me and scream out before every one that there has been a terrible blunder in the Rotary program or in the paper.

However there is a certain advantage in having a paper where the spelling of words does

not get monotonous and the arrangements of dates too dependable, we give them a wide variety and folks can look for some fresh and amusing mistakes each week. We strive to please.—The Slaton Slatonite.

STEALING LUBBOCK'S BUSINESS—For many years the crying need of Brownfield has been a warehouse where merchants could store surplus goods. Heretofore, Lubbock has been the nearest place, and if a local merchant wished some special size of say, an ice box, electric refrigerator, or even a cashier, a truck had to be sent to Lubbock for it.

But Grady Goodpasture has answered the "maiden's prayer" for just such a building right here in Brownfield, and when this building is completed, the merchant's extra stock is just a few minutes from him. This huge building is 50x320 feet, and lays right along a Santa Fe switch, so unloading is easy, as there is a number of side doors so that freight cars can be spotted along the building.

There is not a piece of inflammable material used in the construction of this building.—Terry County Herald.

When telegraph lines were built across the Great Plains of the United States in conjunction with the first transcontinental railroad, hostile Indians long took care not to disturb the wires, regarding them as the "talking medicine of the Great Spirit."

September Is Time To Fill Holes In Lawn

Has your lawn failed to come up to your expectations this summer?

If so, there's something you can do about it now, say Extension horticulturists at Texas A. and M. College.

Filling in the low spots to make mowing easier is a good September lawn job. And if there are spots where your grass hasn't grown well because poor lawn grasses like Dallis or smut grass have crowded it out, you can dig those grasses out, and fill in the holes when you do your smoothing job. And while you're at it, you can make yourself a nice green winter lawn by sowing two pounds of Italian rye grass seed over 100 square feet of lawn area. Just scatter the rye grass seed over the surface of the lawn and cover it lightly with rich loam soil.

In some localities in Texas, say the horticulturists, San Augustine grass has been damaged by a disease known as "brown patch". Areas several feet in diameter turn brown, the grass looks like it is dying out and the general appearance of the lawn is spoiled. A pound of seed disinfectant mixed in eight gallons of water and applied to the browned areas ought to clear up the trouble. A few days later, follow up with an application of commercial fertilizer—one pound to 100 square feet. Best fertilizing time is late in the evening, when you can sprinkle the area and wash the fertilizer down into the soil.

FARM LEASE PROBLEM IS SUBJECT OF PUBLICATION

The instability of occupancy by tenants is one of the biggest troubles involved in farm lease operations in Texas today.

That is the basis on which Joe Motheral, rural life economist of Texas A. and M. College, has prepared a publication, "Notice of Termination—A Farm Lease Problem in Texas", which has been made available to Garza county agricultural agent D. F. Eaton. The report describes the character and growth of the occupancy problem and suggests possible solutions that are aimed to aid the farm-tenant and landlord in reaching mutually satisfactory leasing agreements. Motheral's suggestions are based on a 10-year study of farm leases in Texas.

Of several weaknesses in Texas' farm lease set-up, none has so often troubled landlords and tenants, nor slowed economical production on rented farms, as the instability of occupancy, says Motheral. The economist has made this report available to county agents and other agricultural workers in the hope that improved tenant-landlord relationships will come to Texas farms.

An average movie is made in about six to nine weeks.

Justiceburg News

GOOD? Better than that

IT'S DELICIOUS!

Picture yourself reveling in the luxury of a big juicy broiled steak smothered with mushrooms ... or a sweet, toothsome slice of ham with broiled tomatoes and all the fixin's.

A dream perhaps today. But dreams of today become the realities of tomorrow, particularly if you own a new ROPER Gas Range. You'll be delighted to learn how Roper's amazing new "Glo" broiler turns out broiled foods par excellence ... foods with appeal.

WE HAVE THESE RANGES AND OTHER APPLIANCES IN STOCK! For Natural Gas and Butane.

Special Notice To Butane Users:

Equip yourself for the greatest shortage ever known in history of Butane this Winter. LET US HELP YOU FIGURE YOUR PROBLEMS.

Gossip about Garza
Guys And Gals
—by gay nellie

This week was the time for all the College Kids to grab up their book satchels and start every direction to begin another nine months of trying to make a Doctor, Preacher, Engineer or Housewife. Billie Robinson and Betty Williams are attending T.S.C.W. again this year, while Kathryn Childress and Betty and R. D. Travis headed for A.C.C. once more. A. C. Thomas and Ben Cockrell are in McMurry. Bill Fumagalli journeyed to N.M.M.I. again, Alma Outlaw and Mary Margaret Duckworth went to Baylor, Betty Kennedy and Iris Floyd and Carroll and Marcie Bowen to H.S.U., and among the Tech followers this year are Josh Cook, Mary Etta Norman, Louis Mills, Norma Hudman, and Shorty Davis. Someone whom we will probably see a lot of this year is Juanita Sibley of Dallas, a niece of the C. D. Morris. She also entered Tech. Polly Cook will not be known on the Tech campus as Fish, Soph., etc. anymore, but as PROF COOK, as she has accepted a position as a teacher in Zoology there.

We can't decide who is the more popular these days: E. W. Williams, Jr., who is driving a new Mercury convertible or Chas. Hudman who is driving a Model A convertible. Both cars are usually loaded to the brim with admirers.

Iris Parker has joined the faculty of Mrs. J. A. Stalling's Personality School.

Betty Sue Ingram is wearing a sparkler as of Saturday. The lucky guy is Roy Bode. But she doesn't have a thing on Alene Jones, because 'ole slow but sure

GARZA FAIR EXHIBIT—

(Continued From Front Page)
Eaton announced this week that any producer wishing to enter cattle, whether beef, dual purpose or dairy cattle, or to enter swine is invited to contact him for assistance in getting and filling out entrance blanks, interpretation of rules or other problems.

The agent believes that most of the first place winners in the 4-H Club Products Show, to be held here Saturday, will enter their winning exhibits in the fair at Lubbock.

The Fair Association has announced that Wednesday, October 1, has been designated as Post Day at the Fair.

Two chartered bus loads of Lubbock boosters and several other vehicles stopped in Post Tuesday morning while on a goodwill trip to 11 towns in West Texas advertising the fair. Leading the cavalcade was a jeep with two giant balloons from the varied group of stunt balloons which will be used in the fair parades. On another vehicle was a midget auto, advertising the races which will be featured during the fair. The boosters put on a program for the high and grade school students on the football field.

4-H CLUB SHOW—

(Continued From Front Page)
Dairy cattle, Bill Griffin, Lynn County agent, assisted by L. C. White.

Swine, Jamie Caviness of Lubbock, assisted by Oscar Graham.

Poultry, W. L. Braddy of Lubbock, district Extension Service specialist, assisted by C. W. Carpenter.

Field crops, Leroy Colgan of Lubbock, assisted by Glenn (Red) Davis.

Horses, Lewis Nance, assisted by O. D. Cardwell.

O. L. Weakley, assisted by Hans Hudman, will present the cash awards and merchant prizes.

PIGGY WIGGLY STORE—

(Continued From Front Page)
larily and 10 to 12 part-time helpers.

The new building, which is owned by O. L. Weakley and Ira Lee Duckworth, has been air-conditioned and lighted by neon. The display room floor space is 94 feet by 49 feet.

Wayne Hundley presented a good looking solitary to Miss Jones some time ago.

HARVEST SHOW—

(Continued From Front Page)
Show will be given for first, second and third places, with each place earning the winner a certain number of points.

Ribbon prizes also will be awarded to the three highest point winners in the county, to the three women with the most entries and to the three clubs having the most entries, Miss Hipp said.

Plans for the Harvest Show were completed last Saturday at a meeting of the home demonstration council at the court house. Mrs. Julius Fumagalli presided in the absence of the president, Mrs. George Evans. Plans also were made for the new club year, beginning January 1.

Demonstrations Announced
Plans for the yearbook were outlined by the yearbook committee, and the agent discussed the following demonstrations scheduled for the 1948 program: Upholstery, refinishing furniture, making cutting beds for shrubs, planting or setting lawns, setting foundation shrubs, and special demonstrations on hand-tooling leather bags, painting china, rug-making, knitting, making rolls and bread and making sweet dough and variations.

Mrs. Wilburn Morris reported details of the Girls' Division of the 4-H Club Products Show to be held Saturday in the Post Truck and Tractor Company building. A report also was made regarding the 4-H yearbook planning committee.

During the 1947-48 school year, the 4-H girls will make headscarves, sleeping garments, sports clothes, dresses and all types of linerie.

For the annual Dress Revue, in May, girls 10 years old and younger will make one-piece cotton dresses with butterfly or cap sleeves; 11, 12 and 13 year old girls will make cotton school dresses, and girls 14 to 20 years old will make wool and silk dresses.

Every girl will prepare a food production demonstration, and most of the girls will raise gardens and poultry, during the year.

Announcement was made also regarding the Texas Home Demonstration Association's annual meeting in Galveston, September 24, 25 and 26. Three delegates will represent Garza County.

MRS. SHULTS FUNERAL—

(Continued From Front Page)
Woodrow Furr, Pearl Davidson, Bob Thomas and Miss Vera Gollenhor.

Burial was in the Terrace Cemetery.

Among the out-of-town relatives and friends attending included Mr. and Mrs. R. W. Pankey of Anton, Mr. and Mrs. J. I. Simmons of Dora N. M., Mr. and Mrs. Bruce Porcher of Littlefield, Mr. and Mrs. W. W. Conn of Roswell, N. M., the Rev. and Mrs. Stiles of Sheffield, Frank Bryan of Tahoka, Mr. and Mrs. M. D. White and Mrs. Loekey Stone of Abernathy, Mr. and Mrs. T. E. Hayden and family of Abilene, Mr. and Mrs. L. D. Howell and family and Mr. and Mrs. Albert Taylor of Tahoka.

Mrs. Shults is survived by her husband and three children, Mary Ann, Hazel and Jim Bob; three

Robinson Named CSA President For Ninth Year

For the ninth consecutive year, Garza County School Superintendent Dean Robinson was elected president of the County Superintendents Association of District 2, which comprises 22 West Texas counties, at a recent monthly meeting in Lubbock.

Other officers elected were Mrs. Lenore Tunnell of Tahoka, who was elected secretary for the ninth consecutive year, and Roy Boyd of Lubbock, vice president. Robinson and Mrs. Tunnell were the organization's original president and secretary.

Robinson was accompanied by C. S. Lindsey, Southland school superintendent, to the meeting. The group discussed rural aid problems.

Peanut Farmers Paged By A.C.A.

Peanut producers have until October 1 to fill out the questionnaire regarding acreages and production which has been sent to the County Agricultural Conservation Program Office.

"A questionnaire should be filled out for each farm on which peanuts have been picked and threshed since 1944. The information will be used in establishing eligibility to vote in the coming marketing quota referendum for 1948-crop peanuts. Therefore it is highly important that peanut farmers contact the county A.C.A. office and obtain questionnaires.

The fact furnished by the producers will be used in determining each farm's share of the state peanut allotment. Producers will be notified of their acreage allotments before the referendum on marketing quotas.

The date of the referendum will be announced soon.

NEW ARRIVALS

A son, Tommy, Jr., was born to Mr. and Mrs. Tommy Pettigrew in a Brownfield hospital on September 11. He weighed 6 lb., 4 oz.

Mr. and Mrs. Luther Bilberry are announcing the arrival of a son, Jerry Tom. He weighed 9 lbs. 2 ozs. and was named John Thomas.

Mr. and Mrs. Walter W. Smith are announcing the arrival of a son, Jerry Tom. He weighed 8 lbs. and was born Sept. 5.

Mr. and Mrs. E. D. Vaughn are announcing the arrival of a girl, Carol Joyce, Sept. 13.

A daughter, Mary Ann, weighing 7 lb., 4 oz., was born at 1:58 o'clock last Thursday afternoon to Mr. and Mrs. J. W. Stone of Route 3 in the Lubbock Memorial Hospital.

brothers, J. S. Tipton of Cleburne and T. H. and J. D. Tipton of Post, and four sisters, Mr. C. C. Grizzle of Lubbock, Mrs. D. L. White of Abernathy and Mrs. Tex Shults and Mrs. Reece Hodges of Post.

Mrs. Shults was born in Lee County on August 9, 1907.

Fingerprints Identify Boy Vandals Here

Three Post boys, 11 and 12 years old, were identified through fingerprints as having driven vehicles and handled other objects in several places of business that have been visited by vandals in recent weeks.

Fingerprints showed that two of the boys were associated with break-ins at Connell Chevrolet, Post Auto Supply and Greenfield Hardware; that one of the two was associated with at least one break-in at the Plains Lumber Company, and that the same boy and a third boy was associated with several other break-ins.

One of the boys was caught by personnel of the Plains Lumber Company several weeks ago. In lieu of a trial and possible punishment, he worked for the lumber company long enough to pay for the cost of a radio which he confessed that he stole. Sheriff Nathan Mears said yesterday.

All three boys will be tried on September 24. It is the first offense for two of the boys, whose names are withheld because they are juveniles. The third boy has already served a reformatory sentence.

A 15-year-old boy, charged with stealing Floyd Stanley's car, will be tried also on September 24.

POST TO GET BRANCH OFFICE, FEED PLANT

Post continues to benefit from Lubbock's overflow population.

The latest addition is Branch Manager J. W. Sharpe of the Western Mineral and Milling Company of Kansas City who was transferred from Arizona with instructions to open a branch in Lubbock and later, a plant for manufacturing cattle feed.

In Lubbock, he learned that because of crowded conditions in schools that his children could not enroll until January, when "they might be permitted to attend half a day."

His company permitted him to choose a neighboring town in which to open the branch office. He selected Post, and on Tuesday two of his three children, Allen J. and Eddie, were enrolled in the local grade school. His youngest child, Barbara, attended school in Arizona last year but is too young to enter school here, he said.

The Sharpe family is living at the Algerta Hotel until adequate living quarters can be found. Mr. Sharpe plans to open the cattle feed manufacturing plant here within two or three months, he said yesterday.

CLAIRMONT IS HAVING RODEO AND RACE MEET

A first annual Amateur Rodeo and Race Meet got under way at Clairmont yesterday and will last through Saturday. Events include calf roping, wild cow milking, ribbon roping, junior cowboy steer riding, junior calf roping and cutting horse contests.

The Race Meet consists of five purse races each afternoon.

A dance follows the rodeo performance each evening.

BORROWER—

A woman living in Brooklyn, Mrs. Joseph Pearlman, has filed suit to make her 78-year old stepfather return her copy of D. H. Lawrence's "Lady Chatterley's Lover."

Parents, the Texas Safety Association suggests you remind your bicycle-riding youngster that his bicycle is a vehicle, not a toy, and that he must abide by traffic rules. Get a copy of your city ordinances pertaining to bicycle riding and go over them with him. Impress him that riding without holding the handlebars, weaving, speeding around corners and other such stunts do not show either smartness or bravery. A few words of caution may save his life.

CARD OF THANKS

We take this means of expressing our sincere thanks to everyone who was so kind to us during the loss of our wife, mother and sister.

Watermelon Rind And Cucumber Recipes Given By Mrs. Barton

Recipes for using watermelon rind and an excellent sweet cucumber pickle formula, from the files of Mrs. Horace Barton of Barnum Springs, follow:

1 quart ground watermelon rind
1 quart granulated sugar
1 pint water
2 cups grated pineapple

Remove all pink and green from the watermelon rind. Soak rind for 5 hours in salt water, using 3 tablespoon salt to 1 quart water. Drain and soak rind in clear water two hours. Drain and cover with clear water and bring to the boiling point and boil for 10 minutes. Drain and run thru food chopper, using coarse or medium size blade. Combine sugar and water and cook until sugar dissolves. Add ground rind and cook until clear and of medium consistency. Add grated pineapple about 10 minutes before the rind has finished cooking, when jam has cooked low in syrup and is amber in color. Let come to a boil again and cook slowly for 10 minutes. Fill sterilized jars to overflowing. Seal and process in boiling water for 20 minutes. Wash jars and label. Store in cool place.

Watermelon Preserves
2 pounds watermelon rind (prepared).
2 quarts sugar
4 quarts water
1 lemon sliced thin or juice of 1 lemon
6 pieces root ginger

The thick rind melon is preferred for preserves. Remove peel and any pink meat of the melon. Soak in lime water overnight using (4 tablespoon lime to one gallon water). Next morning drain and allow rind to soak in clear water for two hours. Drain, drop in boiling water, cook very rapidly for 10 minutes. Drain again, and add to the syrup (made by boiling together the 8 cups of sugar and 4 quarts water.) Add lemon juice and root ginger which has been cut in 1-2 inch lengths and tied in cloth bag. Cook until the rind is tender and transparent. About 15 minutes before it has finished cooking, add the slices of lemon, or the lemon juice. Pack firmly into sterilized jars. Fill to overflowing. Seal and process for about 15 minutes in boiling water.

Watermelon Pickles
7 pounds prepared watermelon

From where I sit... by Joe Marsh

Yes, I'm Guilty!

Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big... human, local news in place of world events.

I can't deny it. Read the Clarion and you'll learn about the Martins' golden wedding anniversary... about the community sing down by the river... the husking bee at Sober Hoskins', where neighbors helped husk the corn, and later drank sparkling beer together.

"Little things?" Maybe. But from where I sit, they add up to the

bigger things we call America: The friendliness of small towns... the helping hand... the respect for one another's rights. And above all the love of fellowship and freedom—whether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.

I figure that if everybody looks after the "little things," maybe the bigger things will take care of themselves.

Joe Marsh

Antelopes Roll Jackrabbits, 20-0, Season's Grid Opener Last Week

By HANS HUDMAN
Booster Club Sports Writer

A near-capacity crowd jammed Antelope Field last Friday night to see the Ralls' Jackrabbits fall before the big guns of Coach Bingham's fast-improving football eleven.

The Antelopes scored in the first, second, and fourth quarters to end the game with a score of 20 to 0 over the visiting Rabbits.

Ralls took the opening kickoff and, after a couple of exchanges, fumbled, deep in their own territory. Two running plays netted the locals nine yards and set the ball up on Rall's six-yard line. Stanley Bengt slanted off tackle for a touchdown, and Hugh Ingram repeated the performance for the extra point.

In the second quarter, the Antelopes opened an aerial barrage with Pleasant Hill passing to Malouf for thirty-six yards, and Hester firing again to Malouf for thirty-eight yards and a touchdown. The educated toe of Ingram converted the extra point.

After an uneventful third quarter the Rabbits came back with a passing attack in the fourth that ended when scabback Malouf made a shoe-top interception of a Rall's pass, and raced twenty-five yards for the final counter. Ingram's kick for point was blocked.

The end of the game found Ralls still throwing passes right and left in a desperate attempt to score, but heads-up Antelope defense kept them away from pay-dirt.

Commenting on the game, Coach Bingham said, "Our offense didn't work as smoothly as it should have, but the boys looked good as individuals. I am well pleased with the showing made by Maurice Fluitt and George Pierce in the line, and by the fine backfield work of Shorty Hester, Junior Malouf and Stanley Bengt. The game at a glance:

POST	RALLS
10 First Downs	9
121 Yards Gained Rushing	103
75 Yards Gained Passing	45
4 Passes Completed	5
2 Passes Intercepted	0
88 Yards On Punts	54

Post drew three penalties for 25 yards and Ralls two for 10 yards.

In 1945-46, the United States exported a total of 16,700,000 tons of goods, more than 11,600 going to Europe.

Garza Loses To Crosby Ropers By Few Seconds

Despite the excellent showing made by Lewis (Sonny) Nance and Ed Kelly Sims, Garza County lost the matched roping contest to five Crosby County ropers Saturday night in the local arena by 41.7 seconds.

Nance, with 13.1 seconds in a match with Willard Davis of Crosby County, made the best time of the entire event. He and Ed Kelly, with average time of 19 seconds on four calves each, tied for the best average in the evening's performance. Sims' opponent was Dub Behrens, Crosbyton High School football coach, whose average was 23.7 on four calves. Davis' average was 29.2. Other contestants and their averages follow:

Dub Gray, Garza, 30.1 vs. Billy Robertson, 39.2; Jack Meeks, Garza, 32.2 vs. Bud Leatherwood, 36; Ben Porter, Garza, 42.9, vs. Willis Brunson, 28.9.

Total time for Garza on four calves was 652.7; for Crosby, 611 seconds. In the jackpot tie down roping which followed, Willis Brunson won first with time of 16 seconds; Dub Gray, second with 16.2, and Bill Robertson, third with 16.4. Other contestants were Leatherwood, Behrens, Nance, Sims, Porter, Harold Childs of Garza, Billy Kirk and Davis.

A ribbon jackpot followed. Willard Davis won with a time of 14.5 seconds; Willis Brunson was second with a time of 15.9, and Ben Porter was third with a time of 17.5. Other contestants were Gray, Leatherwood, Behrens, Nance, Childs, Robertson, Kirk, Meeks, Jack McClellan and Earl Hodges of Garza.

It was announced that on Saturday night, September 27, there will be a matched calf roping between a group of Garza County men who do not belong to the calf roping club and a team from the Garza County Calf Roping Club. The challenge was made last Saturday night by O. D. Cardwell on behalf of the non-club ropers.

The size of the average Puerto Rican family is 5.5.

Friday Night's Game Rated One Of Best On Card

When Coach Bingham's Antelopes prance out on the Spur gridiron to-morrow night to face the Bulldogs in a non-conference tilt they will not only get cheers from the Post High pep squad, but will receive a big hand from the large crowd of Antelope fans who will see the game.

Coach Bingham and twenty of his gridsters will leave here shortly after noon Friday, and will be followed later in the afternoon by a motorcade of fans. The delegation will be headed by Monk Gibson, president of the Antelope Booster Club, which organization is sponsoring the motorcade and making arrangements to carry the remaining twenty or more squadmen to the game. The pep-squad will go to Spur in a school bus.

Although not a conference game, the Antelope-Bulldog tussle, will likely be one of the liveliest on the Antelope 1947 card. The teams are reported to be well matched, and evenly paired as to weight, experience, and all that goes to make good high school teams. Both teams won their season opener last Friday night, Post taking Ralls, 20 to 0, and Spur walling Haskell, 13 to 0.

According to the dope sheet, the Bulldogs, like the Antelopes, rate a stronger team this season than last. Both teams have the greatest number of returned lettermen than in years, and in addition to the 1946 lettermen, the Bulldogs are said to have three outstanding players who starred on the 1945 team, but who did not participate in last year's football, are in the Bulldog pen again this season.

The Antelopes are in fine physical condition for the game, and Coach Bingham has polished off some of the rough edges shown in last week's game.

Bingham indicated his probable starters tomorrow night would be: Buddy Hays, center; Carter White and Calvin Storie, guards; George Pierce and W. J. Goss, tackles; Bob Johnson and B. Rammage, ends; Chas. McGuire, quarterback; H. Reno, left halfback; Ronnie Bouchier, fullback; Kay Kirkpatrick, right halfback. The game will be unreeled at 8 o'clock.

Insects and plant pests do approximately \$7,000,000,000 of annual damage to American agriculture.

Personal reflector lights for pedestrians to wear on wrist or clothing have been suggested to cut down traffic mishaps.

Across the Tracks

By H. H. H.

Last week we crawled 'way out on a limb and criticized Garza County farmers as being responsible for the closed game bird season—and promptly got the limb sawed off behind us. We have talked to many farmers and ranchers since then and their argument is entirely logical and well founded—so I guess we're not quite so smart as we thought we were.

From a farmer's point of view, the situation stacks up like this, (and true enough it is.) Garza County seems to be the mecca for non-resident hunters from the South Plains counties that have no good hunting spots of their own. Some of these hunters have no respect whatsoever for a farmer's land, fences, livestock, safety, or anything else. In answer to our argument that each individual landowner should be guardian of his own property, the farmers convinced us that it couldn't be done—short of hiring a full time watchman. If a farmer goes visiting on Sunday, he's apt to come back and find his fences torn down, his crops trampled, his livestock shot, his backyard littered with empty shotgun shells, and his pet covey of barnyard quail gone. We certainly agree that a covey of quail feeding placidly with the chickens is a mighty pretty sight, and we wouldn't shoot one of 'em for a twenty dollar bill.

So, I guess we'll have to concede that argument to the landowners. We are certainly sorry to learn that all hunters are not the soul of honor and integrity (like ourselves), and that the hunters themselves are indirectly responsible for the closed season. It seems rather drastic to close the season to all hunters in order to curtail the wanton destruction caused by a few—but in this case, the end seems to justify the means.

Sincerely,
HANS HUDMAN

NEWS NOTES FROM . . . Duck Creek Soil— CONSERVATION DISTRICT OFFICE AT POST

To Plant Vetch

W. C. Quisenberry, cooperator of the Duck-Creek Soil Conservation District whose farm is in the Canyon Valley Conservation District, intends to plant 15 acres of hairy vetch this fall. Quisenberry will plant about 12 pounds of vetch seed mixed with about one-half bushel of rye per acre. An application of 200 pounds of super phosphate will be made before the vetch and rye mixture is planted.

Technicians To Assist

The three requirements for successfully growing hairy vetch are: First, the seed must be planted early in a well-prepared seed bed; second, phosphate must be present in the soil naturally or applied in the form of fertilizer; and third, the vetch seed must be properly inoculated before it is planted. Soil technicians assisting the Duck Creek Soil Conservation will assist all district cooperators who are planting vetch for the first time in inoculating their vetch seed.

Pete Ottinger, who is in charge of the local office, advises cooperators to get the proper kind of inoculant for vetch seed and be sure it is fresh. Last year in another district, where a rather large acreage of vetch was planted, the vetch fields without proper inoculation were a failure. Ottinger recalls a planting where one box of inoculant used was apparently out of date. This vetch planting to the drill row was a failure, while the rest of the field averaged 400 pounds of vetch seed per acre.

Supervisors Meeting

Supervisors of the Duck Creek Soil Conservation District will hold their monthly meeting in Spur today. Through their soil conservation district, farmers can unify their attack against soil erosion. The Duck Creek Soil Conservation District is an organization set up by farmers. Assistance to the district is given by technicians who have no other job but conservation of the soil. In the beginning a complete coordinated over-all soil conservation plan is made, thus avoiding costly mistakes which might occur when the job is done piecemeal. By cooperating with the district, soil is saved, crop production is increased, and income raised. The district supervisors are Will Wright, who lives six miles southwest of Post, C. P. Witt of Calgary, and Oscar McGinty, Riley Wooten and Tom Murdoch of Spur.

Visitors are welcome to present their soil conservation problems at the regular monthly meetings.

Deterioration Survey Made

A soil deterioration survey made by technicians for supervisors of the Duck Creek Soil Conservation District shows that an estimated 130,000 acres of land in the district are no longer fit for cultivation. This means 4,333 acres of land every year for the past 30 years have become too poor for continued cultivation, more than 11 acres of land every day went out of cultivation. Land in Garza, Kent, and part of Stone-wall counties has become a liability at the rate of one acre every two hours for the past 30 years. Biblical history shows that civilizations have perished as soils no longer supported its people.

A district coordinated soil conservation farm program, where every acre of land is treated to its capability, will maintain and improve soil fertility.

Rain Reports

Rain reports received last week are as follows: Calgary—1.25 inches, Justiceburg—55 inches, and Pleasant Valley—27 inches.

The Week's News in Brief

Mr. and Mrs. Clarence Sibley and daughter, Juanita, of Dallas arrived here Sunday night for a visit in the home of Mrs. Sibley's brother-in-law and sister, Mr. and Mrs. C. D. Morrel. The two families went to Lubbock Monday and Miss Sibley enrolled in Texas Technological College. Her parents and the Morrels left Post again Tuesday for a week's trip to Ruidoso, N. M., where they were to visit Mr. and Mrs. Tom Welborn, and Albuquerque and Santa Fe, N. M.

Mr. and Mrs. J. A. Stallings feel lost without their grandbaby, Jimmy. His parents, Mr. and Mrs. James Stallings, finally found living quarters in Lubbock, where James has been employed for several months.

The Bring-Your-Own-Lunch Plan in use here by the Post Rotary Club, is getting a reputation in other Rotary Clubs of West Texas. Last week when W. E. Holcomb, Herman Doak and J. J. Callaway of the Snyder Club made up at Post they brought a large basket of food. In recent weeks, Rotarians from other towns have showed up at the local meetings with sandwiches in hand.

Guests of Mrs. Oliver McMahon and Mrs. Z. P. Lusk Monday night and Tuesday were their mother, Mrs. E. L. Redd, and brothers, Raymond Levi Redd, all of Georgetown. A niece, Louise Tommie of Lockney who came with the Georgetown visitors remained here for a short visit.

Ruth Noles is proud as can be over her new nephew. He was born to Mr. and Mrs. Olton Noles of Kermit.

Mr. and Mrs. E. E. Pierce are rejoicing over the birth of a granddaughter, Cynthia Jean, to Mr. and Mrs. Joe Pierce of Coulee City, Wash., on September 10. The baby's father, a former member of the Lubbock Avalanche-Journal sports staff, is editing a paper in Coulee City. E. E. Pierce is the grade superintendent here.

Mr. and Mrs. Buck Adrian of Austin arrived here Monday last week and visited until Saturday with Mrs. Adrian's father and sister, Dean Robinson and Miss Billie Jane Robinson.

Three unidentified little girls have been having great fun ringing the doorbells of the J. E. Parkers, D. C. Williams and others in that neighborhood while going to and from school. The other day, Iris Parker saw them coming and suddenly opened the door just as they started ringing. One of the little girls said "we want to know if you have any flowers?" Iris said "no," and the guests departed, one of them saying "See, I told you they wouldn't have any." They then stopped at Williamses, rang the doorbell and ran.

Mr. and Mrs. Charles Benson spent the weekend in Wichita Falls with Mr. and Mrs. Monta Staniforth.

Verbena Bits

Please Send News Not Later Than MONDAY to HENRIETTA NICHOLS, Verbena Correspondent

Mr. and Mrs. J. W. McQuien, Jr., and daughter, Nelda, of Post were Sunday guests of his parents, the J. W. McQuiens. Lester Nichols of Post visited here Sunday and spent the afternoon in the home of his grandmother, Mrs. Isabel Nichols.

Sunday visitors in the home of Mr. and Mrs. Tommie Johnson were Mr. and Mrs. W. C. Melton, Mr. and Mrs. B. W. Blacklock and son and Mr. and Mrs. Coy Samples and son of Lubbock. Mrs. Samples and Mrs. Blacklock are sisters of Mrs. Johnson.

The Verbena Church and Sunday School is trying to build up their attendance. They are now providing transportation for those who would like to attend and do not have a way. The Rev. A. B. Cockrell of Post preaches here each first and third Sunday.

Mr. and Mrs. Raymond Davis have been enjoying a visit from their daughter and her husband, Mr. and Mrs. R. D. Travis of Abilene. He is a student at A.C. C. in Abilene and they have been here between semesters.

Richard Bird and little son, Ritchie, of Lubbock have been visiting here the past week. They built some stock pens on their ranch while here. Richard entered Tech this week for his second term.

Mr. and Mrs. Bruce Tyler were recent Lubbock visitors.

Mrs. C. A. Buchannon has returned to her home in Spur after an extended visit here in the home of her grandson, Allen Bird.

Mr. and Mrs. Bake Robinson of Post were recent visitors in the Pete Kennedy home.

Graham Gossip

Please Send News Not Later Than MONDAY to MRS. JESSIE LIGON, Graham Correspondent

Mr. and Mrs. O. L. Ferguson from Laverne, Okla., are visiting her parents, Mr. and Mrs. J. F. Mason here this week. The Fergusons brought their baby to Lubbock for treatment.

Mr. and Mrs. P. L. Reese of Falls visited their daughter, Mrs. Theibert McBride and family over the weekend.

Mr. and Mrs. J. B. Ferguson have returned from Lampasas where they visited her parents.

Mr. and Mrs. Iva Reno and Harold went to New Home Sunday to visit her sister, Mrs. Jimmie Clem and the R. R. Adamson family.

Cotton gathering has begun, a number of workers are in the community and all seem to have jobs.

The Highway Department has its road construction signs up from the Graham store to the highway, therefore we hope to have two more miles of pavement before too long.

The pouch of one full-grown pelican is capable of holding seven quarts of water.

ONE WAS LOST

THE NINETY AND NINE
W. C. CHRISTIE
REV. H. HANCOCK

1. There were ninety and nine that safe - ly lay in the fold - er of the fold,
2. "Lord, Thou hast here Thy ninety and nine; Are they not a - enough for Thee?"
3. "But, some of the rascals, ev - er, or know how deep were the ma - ture snows,
4. "Lord, where are those hundred - fold of the way? That mark out the mountain's track?"
5. "But all thro' the mountains, un - der - way, And up from the rack - y slope,
6. "But one was out on the hills a - way, Far off from the gates of the fold,
7. "The Shepherd made no - voice: "Thou of man, Has wander'd a - way from
8. "The fold, and was the night that the Lord pass'd that! The Shepherd found the sheep that was
9. "They were lost for one which had gone a - stray; For the Shepherd could bring him
10. "There a - rose a grating in the gate of heav'n, "He - jee! I have found my
11. "A - way on the moun - tain - side wild and bare, A - way from the
12. "And, al - though the road is rough and steep, I go to the
13. "Oh! in the morn - ing he heard the cry: "The sheep is back and
14. "Lord, where are Thy hands and feet and feet?" "They are put out for
15. "And the an - swer came: "I will bring him back, "He - jee! I have found my
16. "The Shepherd's care, A - way from the ten - der Shep - herd's care,
17. "One out to find my sheep, I go to the desert to find my sheep."
18. "He - jee, and read - y to die, Back and before, and read - y to die,
19. "By man - y a sheep, They are surround - ed by man - y a sheep,
20. "Lord, bring back the sheep! He - jee! I have found my sheep!"

The shepherd of this flock has gone away. He's seeking the ONE sheep that has gone astray. America is becoming alarmed over the sheep that is out of the fold. This land was founded upon the right to free worship. But there are so many now who don't worship at all. Lukewarm church people have allowed the worldly to criticize churches, advertise vice, ostracize preachers, minimize righteousness and practically idolize the ungodly. Many fathers and mothers have grown indifferent about the religious teaching of their children. They SEND them to Sunday school (if they go at all) and are not much interested in whether they attend church. As parents they should lead their children to all portions of the churches' rounded program. Go out after those who have no church home, those who have wandered. Seek out that one which is lost. Be sure to take your youngsters to church school and remain for all services next Sunday . . . Your Pastor expects you.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Know Your Churches

The Church of God Church

The Church of God Church was organized in 1930 in a little Spanish Cafe across the street from Pure Food Market used for the meeting place where six persons assembled to effect the organization. Rev. Jess Stratton was the first pastor.

For a year a small building on the Lubbock highway at the curve was used as the meeting place. Later a church was built on East 3rd Street, the present location.

The church building today is almost twice its original size and under supervision of the present pastor, Rev. M. C. Rains, a five room modern parsonage has been built. Although not finished, the church now has a seating capacity of 250. The church has grown from a membership of six to many times that number and is one of the most active organizations in Post.

Young people's work has always been stressed in the church program and at the present time there are many young people who take a great deal of interest in instrumental music and in the song services. Special groups are engaged in giving beneficial training to the younger children. Rev. and Mrs. Rains are leaders in this field.

Calvin Cooper is serving as Sunday School Superintendent. Mrs. Cooper is president of the Ladies Missionary Society, and Mrs. Rains is Director of Young People's Work.

Pastors who have served since the church was organized are: Reverends Guy Bohanan, J. R. Moxley, Leo E. Silvers, and M. C. Rains.
