### 100 YEARS' SERVICE

A luncheon commemorating the first 100 years of service by the state land-grant college system and the U. S. Department of Agriculture will be held Sept. 3 in Sbis Hall at the A&M College of Texas. Sponsors of the noon luncheon are the A&M College, as the land-grant institution for Texas, and the agencies of the U. S. Department of Agriculture which maintain Texas headquarters.

"Two acts of far-reaching consequence to the United States and to the world were approved into law in 1862 by President Abraham Lincoln," President Rudder said. "One established the U. S. Department of Agriculture; the other, commonly called the Morrill Act in honor of its author, established the nation's land-grant college system, so-called because the federal government set aside a portion of the public domain for the establishment and support of these colleges." Rudder continued.

"This was the first of several acts whereby it became public policy for the federal government to encourage and help support resident teaching, research and extension work through state-administered colleges and universities. "The A&M College was authorized by the Texas Legislature in 1871 under the provisions of the Morrill Act, and opened its doors to students in 1875. This was Texas' first venture into tax-supported higher education," Rudder concluded.

### DRIFT INVESTIGATED

The extent of pesticide drift in the use of agricultural chemicals is being investigated by a team of

scientists from the A&M College of Texas, Texas State Health Department, Entomology Research Division of the U. S. Department of Agriculture and Weather Bureau of the U. S. Department of Commerce.

Incompliance with House Resolution 199 of the 57th Texas Legislature, leadership in the pesticide drift project is provided by the A&M College of Texas through the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service. Field studies with fluorescent dyes and other tracer techniques to determine the extent of pesticide drift and air pollution was conducted during the current growing season at four locations in the Lower Rio Grande Valley.

Comprehensive data recorded in these field experiments were reviewed recently at the Lower Rio Grande Valley Experiment Station at Weslaco. An evaluation of these findings will be presented to the incoming 58th Texas Legislature.

### GAS TAX REFUNDS

Want to add a nice chunk of cash to this year's farm income? Farmers who do are reminded that they may now submit claims for federal gas tax refunds, according to C. H. Bates, farm management specialist, Texas A&M College.

The refund may be received for all gasoline used for agricultural purposes on a farm or ranch, Bates says. Claims should include fuel used by the operator, himself or by custom operators working for him, he added. However, fuel used in vehicles on roads and highways is not eligible for refund.

The claim for federal refunds must be made from July 1 to Sept. 30 on gasoline used between July 1 of 1961 and June 30 of 1962. The procedure is simple and all farmers who filed claims last year will receive Form 2240 in the mail this year. Farmers who did not file last year may obtain the forms from their county agent or from the Internal Revenue Service, according to Bates. He also suggests that a copy of Publication 308 of the Internal Revenue Service may be of help to the applicant.

The federal gas tax refund should not be confused with the state refund which is for a shorter period of only six months, explains Bates. This refund involves a more complicated process and additional information should be obtained from the State Department of Revenue in Austin. Also, Bates reminds that any points that are uncertain should be checked on before the claim is filed and that farmers should keep their records to verify claims submitted.

U. S. Battleships are named for states.

## MISSY SIPPY

A scene repeated millions of times this summer at the beach, mountains and in backyard picnics... children sipping soft drinks in safe, easy-to-cool and light-to-carry cans. This little girl and other thirsty sippers this year will consume 2,000,000,000 soft drinks in cans, half as many again as in 1961.

## FHA girls meet with sponsors; make new plans

Officers of the Future Homemakers Association met last Thursday with their sponsors, Mrs. Willa Didway and Mrs. Marion Duncan, both Home Ec teachers in the Post High School.

Projects, parties and money making activities were discussed for the coming year.

The executive council nominated the following for four offices in the organization that have not yet been filled:

Second vice president, Lin Allyn Cox, Annette McBride, third vice president, Carolyn Matsler, Elaine Wheatley, devotional chairman, Mary Grace Hodges, Cherri Moore, and hostess, Janis Moreman, Diane Bias.

These officers will be voted on the first week of school by FHA members.

The following officers were present for the executive meeting: Margie Harrison, president; Carol Dee Hodges, treasurer; Sandra Gary, historian; Diane Kiker, parliamentarian; Darla Pierce, reporter, and song leader, Linda McMahon.

## Marvin Hudmans home two weeks vacation

Mr. and Mrs. Marvin Hudman, accompanied by Mrs. Hudman's cousin and husband, Mr. and Mrs. Royce Echols of Dallas, returned late Saturday from a two weeks vacation.

They spent three days in Las Vegas, Nev., and saw three good shows. From there they went to Yosemite Park and San Francisco. A trip around the bay was one of the highlights there.

They drove down the coast to Los Angeles where they toured Disneyland and Knott's Berry Farm. They returned via El Paso.

## Eulas Browns owners of lodge at Clifton

Mr. and Mrs. Eulas Brown, pioneer residents of Post, left Monday to make their home in Clifton, Tex.

The Browns have purchased Ridgewood Lodge on Lake Whitney. They have 12 cabins, swimming pool, boating facilities and a restaurant.

The Browns have lived in Post for 41 years with Mr. Brown working in the oil fields the last 14 years.

## Ice Capades is set in Lubbock

LUBBOCK — "New Faces" is an apt theme for Ice Capades, which brings its 22nd edition to the Panhandle South Plains Fair in Lubbock, opening Sunday, Sept. 23, with a 3 p. m. matinee. Producer John H. Harris' latest production, lavishly praised wherever it has shown will have a limited run of four nights and five matinees.

This year's edition, biggest of all the ice extravaganzas, has ten productions, all on the grand scale.

The show has an investment of \$750,000 in costumes and sets alone! Added to the always exciting cast this season are a host of "new faces."

Performances are 8:30 p. m. Monday through Thursday, with matinees at 3 p. m. Sunday through Wednesday and 5:30 p. m. on Friday. Regular prices are \$2, \$2.50, \$3 and \$3.50. For the first time special family prices are offered for the Monday, Tuesday, and Wednesday matinees only. Teenagers (13 thru 19 years) are \$2 for any reserved seat while children (12 years or under) are half-price. Tickets may be ordered by mail by sending check or money order

ICE CAPEDE STARS

along with a stamped, self-addressed envelope to Ice Capades, Panhandle South Plains Fair, Lubbock.

## Discounts urged for safe driver

AUSTIN - Safe drivers have received a belated boost from the Texas Association of Insurance Agents.

More than 400 of the association's members, meeting in Austin, unanimously recommended that the state board establish a new system of credits for good-record drivers.

Urged was a 5 per cent discount to policyholders with an accident-free year, 10 per cent for two years, and 15 per cent for three accident-free years.

Texas' controversial "merit rating" plan was revoked Aug. 1.

SON VISITS  
Mr. and Mrs. Rudy Ardis, family of San Jose, Calif., arrived last Friday for an extended visit with his parents, Mr. and Mrs. King Ardis.

## Thanks, Folks

For coming to our BIRTHDAY PARTY last Saturday and Sunday and buying so many of our birthday specials.

It's a pleasure to serve fine folks such as you. Come often.

# "Seat belts make the critical difference,"

says The National Safety Council

This arrow represents the critical distance between life and death, health and injury.

When your car stops short in a collision—or even in a panic stop—your body shoots forward. Seat belts can save you by maintaining the critical distance between your head and the nearest obstruction: windshield, dash or back of the front seat.

SEAT BELTS CAN SAVE YOUR LIFE! USE THEM.

The National Safety Council says that seat belts in every car, used at all times by driver and passengers, could save at least 5,000 lives a year, reduce serious auto injuries 1/3.

The use of seat belts is also endorsed by the American Medical Association, the U. S. Public Health Service and the American College of Surgeons.

Published to save lives in cooperation with The Advertising Council and The National Safety Council

# Announcing

I am now a real estate broker, licensed by the Texas Real Estate Commission, and am accepting listings on residential, business and farm properties.

My office is at 209 Mohawk in Westgate Terrace Addition. My business phone is 495-3265. To reach me after business hours dial 495-2677. This is in addition to my association with General Builders in the construction business here.

# Bill Edwards

# Officers get ready for Operation Motorcide'

Three times every year, "Operation Motorcide," the official count of holiday traffic deaths on Texas streets, country roads and highways, calls for unusual enforcement agencies.

On the part of the Texas Department of Public Safety, the Highway Patrol, and local enforcement agencies.

On these special occasions is the annual 72-hour Labor Day holiday, the last long holiday of the year, and the DPS has been the State-wide special emphasis program to reduce crashes and hold down traffic deaths. It is joined each Labor Day by city and county law enforcement agencies throughout Texas.

Price Daniel, again this year, has asked every city chief of police and every county sheriff to send as many men as possible on streets and highways in order to catch holiday traffic violators "off guard" and into the courts."

Homer Garrison Jr., director of the DPS, has announced that 150 uniformed patrolmen from other DPS services will join the regular Highway Patrol in its holiday safety campaign.

"Operation Motorcide" results in special police attention to the two types of violations which result in most Texas traffic fatalities—speeding and driving while intoxicated. During those 72 hours of the Labor Day holiday, from 12:01 a. m., Saturday, Sept. 1, to 11:59 p. m., Monday, Sept. 3, more law enforcement officers will be on the highways and streets than usual. They will give close attention to the two major types of violations, but they will also work at places where heavy traffic concentration is known or expected to occur and at places where accident frequency has been abnormally high.

"This special type of law enforcement," Daniel said, "has produced excellent results in numerous holidays during the past five

**WYNNE CHESTER SAYS:**

## Lend Nature a Hand!

Score one for my teen-age Betty this time! She has a noggin-full of interesting outdoor information that rivals mine, Mike's and even her Dad's.

Betty read somewhere that a county in Pennsylvania, frustrated by the high cost of reforestation, has been issuing a packet of white pine seeds with each hunting license, and asking the hunters to drop the seeds in open spaces in the woods and stamp them into the ground. Joe thought the idea so great that he called someone in our county government and suggested it for their consideration.

Meanwhile, however, we've started our own do-it-yourself reforestation program. Joe and I and all our hunting friends have agreed to buy seeds and plant them on our hunting trips this fall. We'll be doing our bit for conservation, preservation of woodlands, and hunting — all at the same time!

You and your friends can do it, too, no matter where you live. Simply find out which trees in your area will thrive when the seeds are planted this easy way, and start stamping!

years. Last year, on Labor Day, it helped reduce the traffic toll from an expected loss of 30 lives to 21 throughout Texas. And that was the first time in years that we had been able to reduce the Labor Day collision violence. Good law enforcement and widespread public education have combined to bring about excellent understanding and cooperation on the part of our five million Texas drivers."

The Department of Public Safety again this year estimates that 30 persons will die in Texas traffic during the Labor Day holiday, but the same massive public education campaign is under way throughout Texas and the same effective law enforcement program will be undertaken again to try to hold traffic deaths well below the estimate.

### DAUGHTER VISITS

Mrs. Don Foster and three children left for their home in Houston after spending two weeks in the home of their parents and grandparents, Mr. and Mrs. B. F. Evans. Lisa, three-year-old daughter of Mrs. Foster, has spent five weeks here with her grandparents.

# Quality Printing Fast Service Reasonably Priced

That's a hard-to-beat combination for your stationery, envelopes, statements, business cards, and business forms.

Remember, Mr. Merchant, everything you mail to a customer reflects your "store image."

Quality printing leaves a good impression—and really costs so little more than a rubber-stamped envelope or unprinted billhead. Proper forms also save you time—a great deal of time—in your bookwork.

We'll help you design and style what you want at no additional charge and will secure any special paper you desire for the job.

We like some time, but when hours or days count—you can count on us. Next time call

# Graham folks attend wedding anniversary

**By MRS. GLENN DAVIS**  
Mr. and Mrs. Richard Overton of Thorp Spring and Mrs. Pearl Graham of Lipan visited last week with their brothers and sister, Mr. and Mrs. Quanah Maxey, Mr. and Mrs. Arthur Floyd and Mr. and Mrs. Bryan Maxey.

Mr. and Mrs. Ambrose Parrish returned recently from a visit in California with relatives.

Capt. and Mrs. Joe Almo of Kansas City, Mo., arrived last Thursday to visit her parents, Mr. and Mrs. Ray McClellan, and other relatives. They returned Monday. Their children, Joe and Britnie, returned home with them after a visit here.

Mr. and Mrs. Raymond Thane and Kim McClellan and Mr. and Mrs. Bill Stone visited Six Flags Over Texas last week.

Mr. and Mrs. Fred Maxey of Kilgore visited the Bryan Maxeys Friday.

Gossett and son, Johnnie, of Lubbock, Mr. and Mrs. Fred Gossett, Mrs. Eaker Stone, Mrs. John Wallace, the Melvin Stewart family, Mr. and Mrs. Delmer Cowdrey and Mr. and Mrs. Lonnie Peel attended the Golden Wedding anniversary of Mr. and Mrs. Frank Gossett Sunday near Bowie.

Mr. and Mrs. Elva Peel, Mr. and Mrs. John Peel and Mrs. Byrl York, were supper guests of the Jimmy Byrds Thursday.

Recent visitors in the Ray McClellan home were Capt. and Mrs. Joe Almo and family, Mr. and Mrs. Thane and son, Mr. and Mrs. Bill Stone and family, Mr. and Mrs. Grover Mason, Mr. and Mrs. Harold Reno and family and Mrs. Charles and children.

Linda McMahon is ill with the flu. We wish her a speedy recovery.

**SUNDAY DINNER** guests of the Quanah Maxey family were Mr. and Mrs. Richard Overton of Thorp Spring, Mrs. Pearl Graham of Lipan, Mr. and Mrs. Louis Sinclair and family of Abernathy, the Noel Whites, the Lewis Masons and the Bryan Maxeys.

Mr. and Mrs. Bob Lusk spent the weekend in Ruidoso, N. M.

Terri Sue Sinclair spent the weekend with her uncle and aunt, the Quanah Maxeys. She visited Beth Peel Saturday afternoon.

Kay Maxey returned home recently after spending the summer in Montana with a group of young people from Lubbock Christian College with Bible school and other church work.

Visitors recently of the Elva Peels were his parents, Mr. and his sister, Mrs. Byrl York of Fort Worth.

Mr. and Mrs. Elvus Davis, Stephanie, Patricia and Beth Peel, attended the Spur art show Sunday afternoon. They also visited the Crosbyton museum and Silver Falls on the way home.

**MR. AND MRS. Cecil Reese** and family of Ralls visited Tuesday with his sister and brother-in-law, Mr. and Mrs. Theibert McBride. The Raymond Reeses, also of Ralls were Sunday visitors.

Mrs. Noel White and son, Mrs. Lewis Mason and son and Diane Maxey attended the Old Settlers Reunion Thursday of last week in Roaring Springs. Diane remained for a few days visit with her grandmother, Mrs. Green.

Mr. and Mrs. Raymond Thane and son are visiting her parents, Mr. and Mrs. Ray McClellan, and other relatives. Raymond has recently returned from Germany.

Mrs. W. O. Fluitt Sr., Mr. and Mrs. Elmo Bush and Carl Fluitt left Monday for San Benito to visit and help take care of Mrs. Mitchell, mother of Mrs. Fluitt, who fractured her hip in a fall Saturday.

Mr. and Mrs. Bill McMahon and Linda returned recently from a visit with their daughter, Capt. and Mrs. Don Brown and family at Fort Benning, Ga. They received word of a new granddaughter born the day they returned home. Congratulations to the parents and the grandparents.

Patricia Davis visited Monday with Nancy Cobb.

## Hospital Notes

Those admitted to Garza Memorial Hospital since last Tuesday were:

## BELGIAN HORSES STAR AT 1962 STATE FAIR

Mighty Belgian horses will be one equine attraction at the 1962 State Fair of Texas, October 6 through 21. The huge draft horses—each weighing in at over 2,000 pounds—will appear nightly in the spectacular Torchlight Parade of Nations. They will also be on view daily at the Dr Pepper Belgian Horse Fair, part of the State Fair's new Circusland exhibit. Standing over 6 feet tall at the shoulder, the Belgians are descended from horses bred to carry the weight of medieval knights in armor.

## Gordon and Southland news

# W. E. Edmunds rites held, Bradshaw, Neb.

**By MRS. JESSE A. WARD**  
The community was saddened by the death of W. E. (Uncle Billy) Edmunds in Bradshaw, Neb., Saturday night. Attending the funeral from this community were Mr. and Mrs. Martin Edmunds, Mr. and Mrs. Merwin Edmunds of Lubbock and Mr. and Mrs. Glen Edmunds of Slaton. Due to bad health and the long distance his wife, Mrs. W. E. Edmunds, was unable to make the trip.

Billy Ramsey of Midland spent the weekend with them.

Mr. and Mrs. Clyde Shaw spent the week with their son and family, Mr. and Mrs. J. G. Stacy and children in Levelland.

Bill Aten is spending a few days with his grandparents, Mr. and Mrs. Ed Cummings.

Ned Myers is improving. Ned, Mr. and Mrs. Fred Myers and Mr. and Mrs. Don Stewart had supper in Lubbock Sunday night and played miniature golf.

Ray Willoughby of San Angelo and son, Ray Jr., of Southern Methodist University in Dallas spent Sunday with Mr. and Mrs. Jack Myers and family.

Kelly Jo Myers spent three days attending the Old Settlers Reunion in Roaring Springs and visited Mr. and Mrs. Ronnie Ragland and Mr. and Mrs. Bill Myers.

**MR. AND MRS. Gary Simpson** of Crosbyton and Mr. and Mrs. Fred Myers went to Ruidoso, N. M., this week.

Mr. and Mrs. Arthur Smallwood and sons, Dougie and Ronnie, and friends, the Herbert Pinkert family of Lubbock spent some of last week at Granite Shoals.

Mr. and Mrs. E. C. Smallwood and son, Terry Scott, went to see Six Flags Over Texas last weekend.

Mr. and Mrs. Fred Davidson and Louise left Friday morning to visit relatives in East Texas.

Mrs. Seals returned home Friday after vacationing in Colorado and other northwestern states.

Sunday visitors in the home of the Ed Millikens were their son and daughter-in-law, Mr. and Mrs. Don Milliken of Wolforth, Mrs. D. H. Hatchett, Raymond Milliken and daughter, Maryann, of Lubbock, Mrs. Sam Martin, Mrs. H. W. Seals, Loyce Baker and Mr. and Mrs. Clyde Shaw.

**MR. AND MRS. Clyde Shaw** spent Saturday afternoon at Justiceburg with Mr. and Mrs. Cameron Justice.

Mrs. Jack Myers and Kelly Jo visited Rev. and Mrs. Eddy Fortson in Lubbock Sunday night.

Charles Faglie of Canton was a supper guest of Mr. and Mrs. Arthur Smallwood and sons, Friday night.

Mrs. Ed Denton was reported on the sick list last week.

Mr. and Mrs. Jesse Ward spent Sunday at Levelland with their daughter and family, the R. W. Cooks. They were joined there by another daughter and family, the Stanley Smiths from Canyon.

The Southland school opened Monday morning for the 1962-63 term.

## Prison production of more products studied

AUSTIN — A study committee on the Cost of Government is exploring the possibility of using convict labor to produce more of the products used by the prison system.

The state spends about \$3,000,000 a year for merchandise such as soap, paint, tobacco, tires, mattresses and furniture for the prisons.

In the past, organized labor and business groups have been able to keep the state from using convict labor in competition with paid labor. But the farmers have not been so successful. Prison farms produce much cotton and other products.

## BIRTHDAY DINNER

Andy Andrews of Lubbock, son-in-law of Mr. and Mrs. E. R. Moreland, was honored with a birthday dinner Sunday in the Moreland home. Others present were Mrs. Andrews and two children, Mr. and Mrs. Larry Waldrup and sons, and Buddy and Yvonne Moreland.

## Pressure seen as hazard to safety

AUSTIN — When Brad Smith, the governor's traffic safety assistant, learned that a fatal automobile crash occurred every hour and a car wreck every hour, for three consecutive days, he decided it might be due to the weather.

Study revealed that the barometric pressure had dropped to a low point the day previous and stayed low through the three-day period.

Smith, a former newsman, said that reporters always look for unusual happenings when the barometer falls and remains low for a few days.

"I am now convinced that oppressive weather has a decided effect on some personalities," Smith said. Scientists call the effect of the weather on people "bioclimatology."

## More money for oil well study

AUSTIN — Gov. Price Daniel has okayed the release of \$105,000 from Texas Railroad Commission funds to finance additional equipment, personnel and other expenses connected with the investigation of slant-well drilling and oil producing operations and pollution of public waters.

The governor also authorized Atty. Gen. Will Wilson to adjust his present appropriations to cover slant-well and anti-trust investigation expenses.

Meanwhile, the Railroad Commission called a temporary halt to oil well testing in East Texas and Hawkins fields, in order to rearrange personnel.

## VISIT OVER WEEKEND

Visitors in the home of Mrs. Will Cravy last weekend were her daughter, Mrs. A. G. Brant of Odessa and three of her great-grandchildren, Guv Warren Brant, Doug Brant, and Kathryn O'Neal. Sunday they all visited in Lubbock with Mrs. Cravy's son and family, Mr. and Mrs. Charlie Cravy.

## ATTEND CAMP

Rev. and Mrs. Kendall White and family spent last week at the district camp of the Church of the Nazarene at Glen Rose. They visited friends in Wellington and Bethany, Okla., before attending the camp Tuesday. Mr. and Mrs. W. A. Gray, Mr. and Mrs. O. V. McMahon, and Mr. and Mrs. Earl Rogers attended the camp over the weekend.

## Many elderly in mental hospitals

AUSTIN — State mental hospitals are crowded with elderly persons physically but not mentally ill.

Dr. C. J. Ruilman has so reported to the House Committee on Savings Taxes.

Dr. Ruilman, director of mental health for the State Hospital Board, said about 25 per cent of the 16,000 patients in state hospitals are more than 65 years old.

"Our problem (in cutting hospital costs) rests with people who are physically sick," he said. "Of 3,500 elderly patients in hospitals, only about 1,400 have serious psychiatric disorders."

## SCHEDULE CHANGED BACK

The schedule for Sunday school and the morning service has been changed back to its regular time of 9:45 for Sunday school and for the morning worship at First Presbyterian Church.

## CLOSE CITY ENROLLMENT

The Close City school will enroll Monday morning at the school house. School will start Tuesday, Sept. 4. Lunch will be served on Tuesday, but not on Monday.

# 6 grandchildren visit the Gus Porterfields

**By MRS. O. H. HOOVER**  
The Gus Porterfields were in the city last week with their grandchildren. Tommy, Dan and Kent Stone, children of Mr. and Mrs. T. Stone, and Lesa Ann, Jim and David Porterfield, children of Dr. and Mrs. D. G. Porterfield of Abilene spent the week with their grandparents while their parents were on vacation.

Mr. and Mrs. Jimmy Chapman and four grandchildren, Mr. and Mrs. H. Hoover, Jimmy has accepted a job with the Rexall Chemical Co. of Los Angeles, Calif. They are leaving this week.

Mr. and Mrs. H. L. Crawford and daughter of Houston are visiting in the city. Mr. and Mrs. L. S. Turner.

**TOM MURRAY'S mother passed** away in Mineral Wells Thursday and was buried Saturday. Mrs. Murray had been at her bedside some time. Attending services were Mr. Murray and Hulon, Mr. Mrs. Bert McDonald and Mr. Mrs. James Murray and family.

Mrs. Melton's brother and family of Edgewood came to visit her. Finding her gone they visited Mr. and Mrs. I. V. J. Melton and family from Tuesday till Thursday.

Mrs. J. H. Huddleston has gone to Dallas to take care of her son's wife and the new baby.

Mrs. W. M. Davis who had major surgery recently has improved so much she came home Monday. Charles Probst who was injured in a parachute jump at Levelland recently is improving. The doctor said he is in a steel brace so he can move around some. He came home the first of the week.

Visiting in the home of Rev. and Mrs. Yeats Friday and Saturday were their son, Jackie and family from Snyder.

A former resident of the Grassland community, Mrs. Tom (Grandma) Mitchell, fell last week and broke her hip. She was operated on Saturday and they put a pin in her hip. She is in serious condition. She is 87 years old.

**MR. AND MRS. E. B. Gregg** spent most of last week at a Nazarene camp meeting in Glen Rose. Mrs. Ida Stewart and daughter, Mrs. Joy Huffaker and children are gone to Wichita Falls to attend a reunion of Mrs. Stewart's family.

Mr. and Mrs. Carl Greer visited their daughter and family, the Morris McClendons, in Abernathy Sunday. They came back by Lubbock and visited Mr. and Mrs. Faubion the afternoon. Mr. Faubion had been in a car wreck but was up and around.

Mr. and Mrs. G. T. Shart and Mrs. Shart's daughter, Kathleen and her children, are visiting in the Roy Appling home. Mrs. Shart is the daughter of the Applings.

Mr. and Mrs. John Paul Lawson

**GRASSLAND CO-OP GIN MEETING IS TONIGHT**

The annual membership meeting of Producers Co-op Gin of Grassland is to be held this evening at the gin, with a barbecue dinner to be served at 6:30.

A business session will follow, featuring the annual audit report and election of three directors.

Directors whose terms expire include Ward Eakin, president of the board; Cecil Clem and Alton Greer.

Walter Dubree is manager of the gin.

**Post couple, children visit, attend market**

Mr. and Mrs. William R. Bennett, Patricia and Linda Davis, were in Fort Worth three days last week. They visited Mrs. Bennett's aunt, Mrs. D. E. Grammer, and family. They also toured Forest Park, the zoo and "Six Flags Over Texas."

They went to market for the Lavelle Shop.

On their return they visited Mrs. Bennett's great-aunt and uncle, Mr. and Mrs. Ellis Heads, in Eastland, and the Nazarene Encampment at Camp Arrowhead, Glen Rose.

**RETURNS TO HOUSTON**

Miss Marty Williams returned to her home in Houston recently after a five weeks visit here with her grandmother, Mrs. D. C. Williams. Marty's parents, Mr. and Mrs. D. C. Williams, and her sister, Lynn, came after her.

**PRECISION PRINTING IS WHERE WE SHINE!**

Let us prove the quality of our work with samples, and the modesty of our prices with a quotation on your job.

**The Post Dispatch**

and daughter visited several days last week in the home of Mrs. E. A. Thomas. Visiting Miss Gladys Fox were Mr. and Mrs. Frank Jacobs of Denver City.

Visiting in the H. E. Huffaker home several days this week is Mrs. Huffaker's sister, Mrs. Jocie Perkins of Los Angeles, Calif. She will go from here to visit her mother in Roswell, N. M.

Mr. and Mrs. Herman Huffaker have their grandson, Terry, while Rev. and Mrs. Bobby Huffaker attend a camp meeting in Glen Rose. Rev. Huffaker is pastor of the Church of the Nazarene in Clarendon.

**MR. AND MRS. W. G. McCleskey** and Mr. and Mrs. H. D. Gartman attended the Evangelical Methodist Church in Slaton Sunday. Bro. Fitzgerald was in Glen Rose attending the meeting at Camp Arrowhead.

The Kenneth Huffakers are vacationing and fishing in Colorado.

Mr. and Mrs. C. A. Walker visited her sister and family, the J. D. McGrews in Lamesa, Sunday.

Miss Mercedes Ducey of Dallas and her niece, Sheila Ducey of Waco visited Miss Gladys Fox two days last week on their way home from Hobbs, N. M.

Mrs. Martha Harris, Mrs. Honeycutt and Cecil visited Mr. and Mrs. A. D. Henry in Taboka Monday.

Mr. and Mrs. L. J. Walker, Tim and Dennie of Littlefield visited the C. A. Walkers and his parents, Mr. and Mrs. Lucian Walker, Sunday.

Mrs. Martha Harris' niece, Mrs. Honeycutt and Cecil of Munday, visited her Monday en route to Muleshoe to visit relatives there.

Mrs. (Blossingame) Green, her husband and two children and a granddaughter visited Mr. and Mrs. Belle Mat-Lucian Walker Sunday. They are the thews who is a former resident of this community, now living in California.

Mrs. Doyle Terry and children of Lamesa visited the C. A. Walker and Marion Inklebarger families Friday. Other visitors in the Walker home were Kathryn and Cristy Moore of Seagraves.

Mr. and Mrs. Kelly Law and children returned from their vacation in the western part of Colorado. They visited Mr. and Mrs. Keese in Colorado Springs while they were gone.

**Referendum is being held on wheat quotas**

Wheat growers in Garza County and elsewhere throughout the nation are voting today in a referendum to decide if marketing quotas will apply for the 1963 crop.

Voting in Garza County is at the ASC office, where 12 votes were cast in last year's wheat quota referendum. The polls opened at 8 a. m. and will close at 6 p. m.

The referendum is in accordance with the present law which makes such action necessary when wheat supplies are more than 20 per cent above normal. The same situation exists now as existed in 1961, before the emergency wheat program was enacted, for the 1962 crop.

The law directs that wheat acreage allotments are to be used each year, but at least two-thirds of the voters in the referendum must favor or quotas if they are to apply to the next crop.

Those who can vote are the farmers in the 39 commercial wheat states who will harvest more than 15 acres of 1963 wheat as grain, but those taking part in the 1962 "feed wheat" program are not eligible to vote.

**Polio immunization drives being pushed**

AUSTIN — Doctors and health workers are pushing polio immunization drives.

The 1962 polio epidemic in Texas, now at 176 cases, is small compared to pre-vaccine epidemics, but one case is too many.

Six cases of paralytic polio reported last week were all in West Texas, with one each in Ector, Ochiltree, Potter, Randall, Tarrant and Taylor counties.

Back-to-school booster shots were urged by the State Health Department. It said parents should check their children's vaccination records to see that they are protected against diphtheria, pertussis, tetanus, polio and smallpox.

**Post people attend reunion of families**

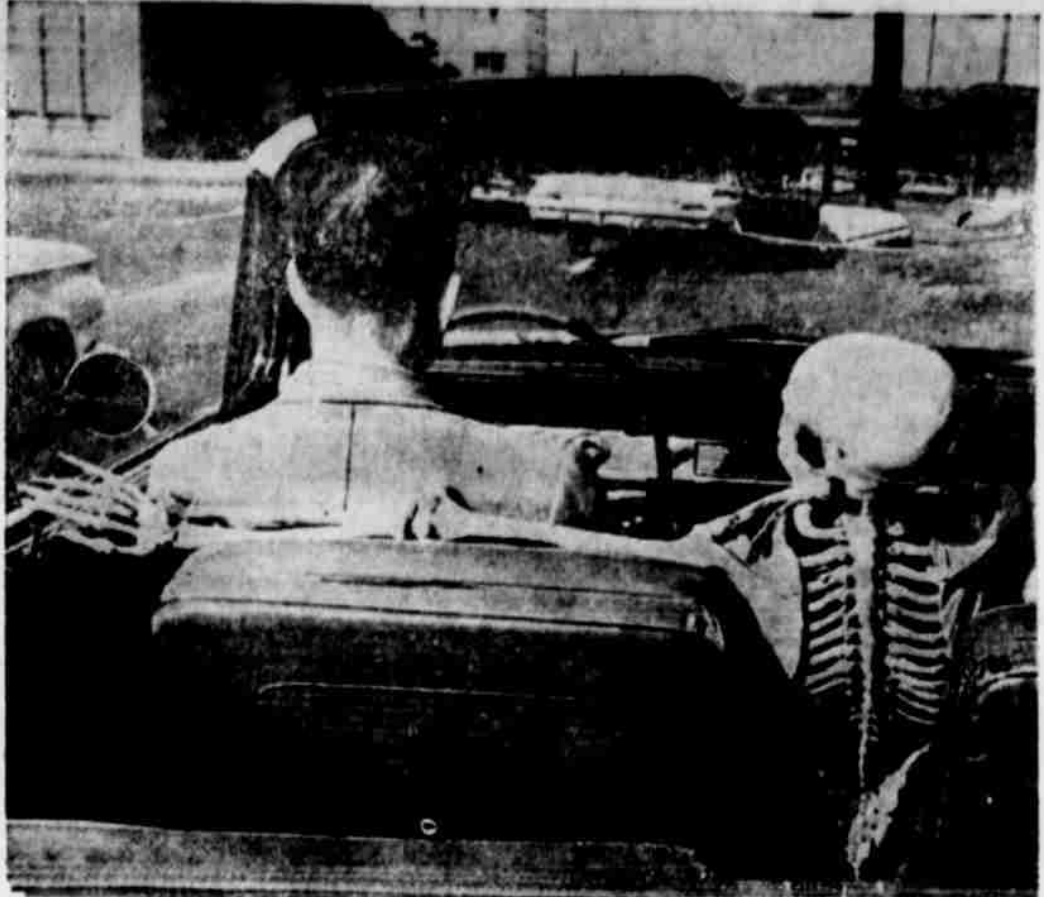

Mrs. Vera Gossett and Sonny spent last week with the Frank Gossetts in Bowie. They attended the Crowover-Gossett family reunion in Nocona and also visited friends in Sherman.

Sunday, they returned to Bowie to help Mr. and Mrs. Frank Gossett observe their 50th wedding anniversary. They were accompanied by Mrs. Ronnie Morris and son and Mrs. Jewel Graham.

A polar bear uses only his front feet for swimming instead of all four.

**HOME FROM SCHOOL**

Miss Mary Louise McCrary arrived home Tuesday for a visit with her parents, Mr. and Mrs. Giles McCrary, after attending second semester summer school at Duke University, Durham, N. C. Miss McCrary will return to Duke for the school term where she will be classified as a senior.

**AVOID THIS LABOR DAY HITCH-HIKER!**—At least 30 times on Labor Day, this hitch-hiker will try to embrace some friendly and sympathetic driver who has picked him up. He will ask many Texas drivers to give him a free ride, but he is dangerous and treacherous. If you give him that free ride, he will try, every time, to take you for one. **AVOID THIS LABOR DAY HITCH-HIKER!**—(Reproduced by the Governor's Highway Safety Commission through Special Permission of the Tulsa, Okla., Tribune.)

## Vet's Forum

**Q. What is being done for the so-called "veterans of Viet Nam" and other cold war flareups?**

A. There are several pieces of legislation pending in Congress to provide additional benefits for these servicemen.

**Q. What is the average age and the average yearly income of WW I veterans?**

A. The average age is 68.1 and the average annual income, according to most recent Veterans Administration figures available is \$3,034.

## 'Fudging' minors plague to agents

AUSTIN Minors who fudge on their age are the biggest headache to Texas Liquor Control Board agents and the beer industry in Texas.

They "qualify" themselves as beer purchasers by changing birth dates on drivers licenses and raising their ages to 21 on other identifications.

Liquor Board agents reportedly nab most underage beer buyers by watching for unusually large gatherings of the youngsters at taverns and drive-ins where the beverage is sold.

Guests in the Henry Key home recently were Mr. and Mrs. C. E. Liles and Don of Canyon and Miss Sue Potts.

Mr. and Mrs. Henry Key recently visited their children, the Bobby Page family in Pampa.

Recent visitors of the Henry Keys were the Jim Borens and the Elton Nances.

**OLD MEETS THE NEW IN STREET SCENE**

An unusual, yet typical, Post street scene was provided here when two young ladies paused on Main Street to chat with motor scooter rider Dickie Vardiman. The horsewomen are Marilyn Minor (left), daughter of Mr. and Mrs. James L. Minor, and Susie Jo Schmidt, daughter of Mr. and Mrs. H. W. Schmidt. Dickie is the son of Mr. and Mrs. Richard Vardiman.

## 'Suggested' amendment would change procedure of taxing motor vehicles

AUSTIN — Very few cars and trucks in Texas are taxed through the ad valorem tax program.

Some counties, cities and school districts tax them, but close to 80 per cent of the vehicles go untaxed. So the Texas Commission on State and Local Tax Policy proposes that something be done about it.

An amendment to the constitution is their recommendation. They suggest an amendment exempting motor vehicles from the property tax, but allowing the Legislature to tax them.

The plan is to have the Legislature set up a procedure by which a state board would determine the value of all makes and models of motor vehicles. Then the county tax assessor-collector would collect a tax at the rate of \$1.50 per \$100 of market value when license tags are purchased.

Under this "suggestion," 40 per cent of the \$32,000,000 annual take would be divided among the school districts of the counties. The balance would go to the cities in accordance with their populations. The county's share would be that portion represented by population outside cities.

Counties and cities would be required to spend the money only on road and street work.

Before the commission decides whether to recommend this procedure to the Legislature, a public hearing will be held sometime this fall.

Garza County ranchmen are invited to attend the first annual Range Management Conference to be held Friday, Sept. 7, at Texas Tech in Lubbock.

The conference is sponsored by the Texas Section ASRM, A&M College, Texas Tech, and West Texas Chambers of Commerce and will be held in the Student Union building on the Tech campus at 9 a. m.

The purpose of the conference is to disseminate range management information to ranchmen in the range areas of the state. Among the topics discussed will be: Range improvement, range research, range problems and ranching operations.

**ATTENDED WORKSHOP** Mrs. H. J. Dietrich attended the workshop, Tuesday and Wednesday sponsored by the South Plains Music Teachers Association. The workshop was held at the Holiday Inn in Lubbock.

## Texas personal income at record high in '61

Personal income, the most comprehensive gauge of consumer purchasing power available on a state basis, totaled \$414 billion for the country as a whole in 1961, a rise of \$15 billion, or 4 per cent over 1960 according to Harry C. Meyers, manager of the Dallas Field Office of the U. S. Department of Commerce.

Nationally, per capita income last year amounted to \$2,263 or 2 per cent above the previous record of \$2,215 attained in 1960 Meyers stated.

In Texas, the rise in personal income was up 6 per cent in 1961 over 1960, against the rise for the nation of 4 per cent. Total personal income for Texas in 1961 was \$19.5 billion, up a billion dollars, from \$18.5 billion in 1960.

Nevada led all states with a 10 per cent increase, followed by Arkansas with 9 per cent, then Arizona with an 8 per cent increase.

Details on personal income for 1961 are presented in the August issue of the Survey of Current Business, copies of which may be obtained from the U. S. Department of Commerce, Dallas Field Office, 500 South Ervay Street, Dallas 1, Texas.

## Freak mishaps result in two broken feet

ABERNATHY — Freak accidents have resulted in two broken feet for two Abernathy men.

Will Johnson, an employe of Abernathy Motor Co., suffered a broken left foot in an accident which occurred after a bug flew into his ear while he was riding a motor scooter.

S. W. Royal, an employe of Consumers Fuel Association, was the victim of the other broken foot, received when a car jack fell on it.

An alligator may have as many as 40 sets of teeth in its lifetime.

If everyone in Post ate at the Snak-Shak we'd be able to run bigger ads.

## Don't Forget — The Youngsters Will Come Running When Post Schools OPEN TUESDAY, SEPT. 4

Don't be the motorist who in one horror-filled moment must ask himself the question, "Why?" or try to explain it to the parents of the boy lying still and quiet in the street.

Hundreds of Post youngsters will start back to school next week—full of exuberance and fun. Be extra careful. Remember they've had a summer vacation too, and may not be as careful as they should be. Don't get impatient around the schools when traffic forces you to wait. Seconds aren't worth that much when a boy's or girl's life might be endangered.

### Drunk, resisting arrest brings \$50 fine, city court

L. William Armstrong was fined \$50 in city police court Aug. 23 after pleading guilty to being drunk and resisting arrest.

W. R. Burks pleaded not guilty Monday to a charge of being drunk in a public place. His bond was set at \$200 by Judge Percy E. Printz.

Other cases filed the past few days, charge, date and amount of fine and court costs, where paid, are as follows:

Bruce Lee Houser of Seagraves, drunk in a public place, Aug. 27, \$40.

Charlie Lee Wilks, drunk in a public place, Aug. 27, \$20.

O. D. Orr of Tahoka, drunk in a public place, Aug. 22, \$20.

Everado Mondaz, drunk in a public place, Aug. 25, \$20.

Jackie Odum, reckless driving and defective muffler, Aug. 28, \$15.

Harry Barron, drunk in a public place, Aug. 25, \$20.

Fred T. Pendleton, drunk in a public place, Aug. 25, \$20.

Oles D. Odum, vagrancy, Aug. 22, \$15.

Wayne Parrish, drunk in a public place, Aug. 22, \$20.

Pablo Hernandez, drunk in a public place, Aug. 21, \$20.

Reyes Ribera, no driver's license, Aug. 21, \$5.

Alex Casatellum of Tahoka, no driver's license, Aug. 21, \$5.

Frank V. Vasquez Jr., vagrancy, Aug. 21, \$15.

Alex Casatellum, vagrancy, Aug. 22, \$15.

Hilario Montoya of Tahoka, vagrancy, Aug. 22, \$15.

### Rotarians hear talk on Brazil

O. L. Kelly of Spur gave a highly interesting talk on Brazil to Post Rotarians at their weekly luncheon in City Hall Tuesday.

Back from a 30-day visit to that South American nation, Kelly reported he talked to everyone he could and didn't find a single person who thought Brazil would go Communist.

He predicted great progress for that nation in the next ten years and declared its major needs as education, a stable form of government, and land reforms.

Susanne Krause, Post's foreign exchange student, was introduced to the club by Supt. R. T. Smith along with his own daughter, Marsha.

Dr. James R. Matthews was presented with a Rotary past president's pin by Louie Burks, club president, who also presented past-secretary and past-treasurer's pins to Lee Ward and Walter Johnson respectively. Both are currently serving second years in the two club offices.

### Three firms get FFA citations

Citations from the Post chapter of Future Farmers of America were presented three local firms Friday night at an FFA swimming party and watermelon feast at the City-County Pool.

The citations went to the Post Dispatch, meat department of Piggy Wiggly Shop Rite Food, Inc., and Jackson Bros. Food Locker.

The Dispatch citation was awarded for publicity during the past year, and those to the food store and locker were for assistance given the chapter's meat judging teams.

Receiving the citations were Charles Didway, Dispatch editor; Charles Colom, Piggy Wiggly market manager, and Bo Jackson of the food locker.

The citations were signed by Pete Dodson, chapter president, and Ike Trimble, chapter advisor. About 25 attended the swimming party.

**LEADING REVIVAL.** The Rev. Louis O. McMahon of Granada Hills, Calif., son of Mr. and Mrs. O. V. McMahon, is leading a revival at the Fairview Church of the Nazarene, Clovis, N. M. The revival started Aug. 29.

**NEW MEXICO VISITOR.** Dalton Coppel of Hobbs, N. M., visited relatives in Post Sunday. He also visited his father, V. L. Coppel, who recently underwent surgery in West Texas Hospital in Lubbock.

**ATTENDED HOBBY SHOW.** Among the 300 persons registering for the Art and Hobby show last Sunday at Spur were Mrs. W. M. Robinson, Mrs. N. C. Outlaw, Mrs. Stanley Butler, Mrs. Morris Neff, Mr. and Mrs. Elvius Davis, Stephanie and Patricia, Laura Elizabeth Peel, Mrs. Gladys Presson and Mrs. Wilma Olson.

Thomas Jefferson is said to have introduced the finger bowl in America.

### New pay opened, Red Loflin field

The fifth producing zone in south-central Garza County, Spraberry, has been opened by General American Oil Co. of Texas, operating from Midland, in the Red Loflin field 12 miles west of Justiceburg.

On potential test, the discovery, No. 2-744 Koonsman, pumped 25 barrels of 28 gravity oil per day and no water from perforations, 4,778-85 feet, after acidizing with 500 gallons. Gas-oil ratio was 425-1.

The strike was dug to 6,079 feet with 5 1/2-inch casing set at 6,078 feet. It spots 330 feet from south and 2,100 feet from east lines of Section 144, Block 97, H&TC Survey.

The Red Loflin field also produces from the Ellenburger, lower Pennsylvanian, Strawn and Wolfcamp zones.

### Warning issued on Asian flu

AUSTIN — The State Health Department has issued a warning to pregnant women and persons over 45 that it's Asian flu time.

The department is urging adults over 45 (particularly senior citizens over 65), pregnant women and persons of any age with heart trouble, lung, kidney or metabolic diseases to make immediate arrangements for flu shots.

Widespread outbreaks of Asian influenza are predicted for the coming winter.

A strain flu occurs every two to three years.

Two doses of influenza vaccine, two months apart, are urged for people not previously immunized. Both should be administered prior to December, starting point of the cyclical onset.

### Garbage haulers to miss Monday

Because of the Labor Day holiday, there will be no garbage pickup Monday by the City of Post sanitation department, City Supt. Henry Tate said today.

Monday's garbage will be picked up Tuesday and Tuesday's garbage on Wednesday, with the unit getting back on its regular schedule Thursday morning, Tate said.

The garbage truck, Tate said, will be able to resume its garbage schedule on Thursday by operating Wednesday, which is the day the flat-bed truck normally operates for hauling refuse other than garbage.

### FIRST CHRISTIAN CHURCH

The Rev. Bernard S. Ramsey, minister of the First Christian Church, announces his sermon topics for Sunday. At the 11 a. m. service the title for the sermon will be "Come Before Winter." "We Are Ambassadors" will be the topic for the 7 p. m. worship.

### ATTEND CONVENTION

Rev. and Mrs. R. W. Patterson and family, Frances Curb, and Roy Joe Carter will leave next Friday for the annual General Assembly convention of the Church of God of Prophecy. The convention will be held in Cleveland, Tenn., and will start Sept. 4 and continue through Sept. 11.

### IN PASADENA HOSPITAL

Mrs. Elton Corley, wife of Post's chief of police, has called her husband to report that she is getting along fine in a Pasadena, Tex., hospital. Corley took his wife to the hospital last Thursday.

### TO ENROLL MONDAY

Roger Camp, son of Mr. and Mrs. S. E. Camp, will leave Monday for Roswell, N. M., to enroll in New Mexico Military Institute. Roger is a 1962 graduate of Post High School.

### LEADING REVIVAL

The Rev. Louis O. McMahon of Granada Hills, Calif., son of Mr. and Mrs. O. V. McMahon, is leading a revival at the Fairview Church of the Nazarene, Clovis, N. M. The revival started Aug. 29.

### NEW MEXICO VISITOR

Dalton Coppel of Hobbs, N. M., visited relatives in Post Sunday. He also visited his father, V. L. Coppel, who recently underwent surgery in West Texas Hospital in Lubbock.

### ATTENDED HOBBY SHOW

Among the 300 persons registering for the Art and Hobby show last Sunday at Spur were Mrs. W. M. Robinson, Mrs. N. C. Outlaw, Mrs. Stanley Butler, Mrs. Morris Neff, Mr. and Mrs. Elvius Davis, Stephanie and Patricia, Laura Elizabeth Peel, Mrs. Gladys Presson and Mrs. Wilma Olson.

### GARZA COUNTY HISTORICAL SURVEY COMMITTEE

Garza County's Historical Survey Committee (above) already has been successful in obtaining two historical building medallions for the county and is working on other similar projects. From left are: Frank "Chief" Runkles, publicity chairman; Mrs. A. C. Surman, chairman; George "Scotty" Samsen and Walter Duckworth, contacts chairman, and Monta J. Moore, finance chairman.—(Staff Photo)

### Postings—

(Continued From Page 1)  
er that—and there may be an appeal from either side—negotiations will have to be begun for the third parcel of lake site.

But the legal side won't hold up construction and getting the building started in the most important thing right now.

Over on page 5 you'll find the announcement that Gale's Beauty Shop will hold an open house Sunday afternoon in its new quarters at 907 West Tenth Street. Mary Gale Young has had a small residence at that location completely remodeled and added on to. She's quite proud of her new shop where she will begin beauty operations Monday. When you're out driving around Sunday stop by and take a look for yourself.

### White River—

(Continued From Page 1)  
of a 16 inch pipeline to Post.

The pump contract was divided between Byron-Jackson of Plainville for \$6,872 and Fiese and First-enberg Manufacturing Co. of Fresno, Calif., for \$30,516.

When Judge Lindsey completes his ruling on the injunction hearing, White River directors probably will have a special session to consider it.

Mrs. Walker in her suit for injunction sought to block condemnation of land above the high water mark and to loss of minerals beneath all the damsite land condemned.

Mrs. Walker also has appealed the award of the condemnation commission in Crosby County. This appeal is in Crosby County court and is yet to be heard.

### Puckett rites—

(Continued From Page 1)  
of Spur, and Ray N. Smith, J. Lee Bowen and O. F. Pennell of Post.

Mrs. Puckett is survived by three daughters, Mmes. M. H. Hutto Sr. of Lubbock and Lala Pennington and Lorene Scarborough of Post; two sons, Clifford Puckett of Lubbock and Brode Puckett of Wichita Falls; one sister, Mrs. Lina Scott of Hamlin; two brothers, Ira Taylor of River Bank, Calif., and George Taylor of Cooper; six grandchildren, 12 great-grandchildren and one great-great-grandchild.

### WEEKEND IN MCKINNEY

Mr. and Mrs. Otis Goode and Martha Ella, spent the weekend in McKinney visiting his father who is critically ill.

### Two sentenced to penitentiary

District Judge Truett Smith sentenced two men to the state penitentiary here Monday and held a hearing on revoking a probated sentence of a third.

Armando Pina DeLeon had his probation revoked and was sentenced to a term of not less than two years nor more than four years.

Revoking the probation was sought to a burglary conviction sentence because De Leon has been convicted of theft in Lynn county court July 30, 1962, because he was convicted in JP court here Dec. 31, 1961, for consuming alcoholic beverage, and for failure to make restitution.

Allen Charles Smith pleaded guilty to two forgery charges and was sentenced to two to three years in the penitentiary on each charge.

Judge Smith heard a request for revoking the probation of Oliver McDougle but will not make his decision in the case until September.

### ATTENDING SYNOD

Elder Giles McCrary and Rev. Ed Herring, pastor of the First Presbyterian Church are attending the Synod of Texas meeting at Trinity University in San Antonio Tuesday through Thursday. The meeting is for United Presbyterian ministers and elders of Texas.

### FUNERAL HELD MONDAY

Funeral services were held last Monday in Spur for Mrs. Mattie Cloud, who was Opal Brant's daughter's mother - in - law. Mrs. Cloud was the mother of Jim Cloud of Lubbock.

In the first half of 1962, traffic deaths increased 35 per cent in Texas towns under 2,500 population, 1 per cent in cities over 2,500, but they decreased 24 per cent on farm-to-market roads and 5 per cent on county roads over last year.

About one-half of the weight of the human body is made up of muscle.

"An old timer is a fellow who can remember when one woman thought the next one was lazy if she bought canned goods."

**WHAT COULD BE EASIER?**

### PASTOR RETURNS

The Rev. Ed Herring, pastor of the First Presbyterian Church, returned last Friday from a three-week vacation in California. Mrs. Herring and three children stayed for a longer visit with her parents in San Diego and will return by train Friday.

### CHURCH CONVENTION

A Christ Ambassador Convention of the Assemblies of God was held at the First Assembly of God Church in Lamesa, Monday. Those attending from Post were: Rev. and Mrs. J. R. Brincefield, Mr. and Mrs. E. L. Bruton, Mrs. Clarence Warren, Mrs. James Ammons, Mr. and Mrs. John Henry Shaw, Doris Turner, Marie Shaw and Willie Dee Oney.

### SERMON TOPICS

The Rev. J. R. Brincefield, pastor of the Assembly of God Church, announces the following sermon topics. "Armour That Has Been Proven" taken from Ephesians 6:13, is the topic for the 11 a. m. service. At 7:30 p. m. the sermon title will be "Water for the Thirsty" taken from Isaiah 44:3. The public is invited.

### FORMER RESIDENTS VISIT

Mr. and Mrs. Jim Simms and four children spent the weekend visiting friends in Post. Mr. Simms is the oil production superintendent for Paul Teas. The Simms family lived in Post before being transferred to Dallas about two years ago.

### Actor to head big GOP rally

LUBBOCK — George Murphy, motion picture actor and executive, is coming to West Texas in behalf of the 19th Congressional District candidacy of Dennis Taylor of Crosbyton. Murphy is to be the featured speaker at a huge Republican rally in Lubbock, on Thursday night, Sept. 6. State Representative Kenneth Kholer, Amarillo, will be master of ceremonies for the rally.

Murphy, a well-known and dedicated Conservative, will leave his Hollywood duties briefly to appear for Taylor in his formal campaign kick-off. George Mahon of Colorado City is the incumbent Congressman for the 19th Congressional District.

Participating in the program with Murphy and Taylor will be the Moon Discs, a musical quartet from Floydada who have just finished a new record, and Bobo the world-famous clown who will delight and amaze the crowd with his demonstrations of magic.

Attractive Texas Tech co-eds (Taylorettes) will act as hostesses for the affair. Candidate Taylor will speak only briefly.

Two major Lubbock streets will be blocked off in front of Taylor's campaign headquarters at 14th St. and Texas Ave. to accommodate the affair, which will conclude about 9 p. m. Refreshments will then be served in the Taylor campaign headquarters.

### SANTA FE CARLOADINGS

Total carloads moved over Santa Fe System Lines for the week ending Aug. 25 were 32,380 compared with 22,039 for the same week a year ago. On-line loadings were 21,188 compared with 20,750 for the corresponding week last year. Cars received from connections totaled 11,192 compared with 11,289 for the same week a year ago. Santa Fe handled a total of 31,721 carloads in the preceding week of this year.

### FROM CALIFORNIA

Mr. and Mrs. Everett Barton, daughter, Karen, and their wife, Pamela Caldwell of Fresno, Calif., have been visiting in Lubbock. Mr. Barton is Mrs. Johnson's brother. They also visited Barton's parents, Mr. and Mrs. A. Goss of Roaring Springs, before returning to their home in Fresno.

### SUNDAY VISIT

Mrs. Jock McClellan, Mrs. J. Ellis Mohr and three children spent Sunday in Levelland visiting the Wayland McClellan family.

### TAHOKA GUESTS

Visiting Saturday in the home of Mrs. Virgie Long were Mr. Mrs. R. V. Long and daughter, Tahoka.

# Football practice picks up steam as first game nears

## Squad 'looks sharp' in scrimmage; injuries hit

The opening football game is a little more than a week from the tempo of daily gridiron for the Post Antelope squad picking up with each successive scrimmage.

## Post, Crosbyton footballers get even split here

Post and Crosbyton all-star soft-teams broke even in games held here Friday night and Monday night.

Post won Monday night's game, 10 to 9, after losing Friday's contest, 11 to 6. The games were played at Babe Ruth League Park before large crowds.

The opening rallies by the Post stars fell short in Monday's game after the visitors had led 10 to 5 lead going into the seventh inning. The locals scored runs in the seventh and two in the eighth, but were retired in order in the bottom of the

inning. The game was a tight one through the first five innings. Post holding a 1-0 lead on the eighth and after rapping a single.

The Post all-stars added three in the sixth and one in the seventh to their lead to 5-0, but Crosbyton came back strong in the top eighth to pull to within one

run to 6-5. The game was a tight one through the first five innings. Post holding a 1-0 lead on the eighth and after rapping a single.

The Post all-stars added three in the sixth and one in the seventh to their lead to 5-0, but Crosbyton came back strong in the top eighth to pull to within one

run to 6-5. The game was a tight one through the first five innings. Post holding a 1-0 lead on the eighth and after rapping a single.

run to 6-5. The game was a tight one through the first five innings. Post holding a 1-0 lead on the eighth and after rapping a single.

The Post all-stars added three in the sixth and one in the seventh to their lead to 5-0, but Crosbyton came back strong in the top eighth to pull to within one

run to 6-5. The game was a tight one through the first five innings. Post holding a 1-0 lead on the eighth and after rapping a single.

outstanding prospect for the center position, received a throat injury Monday in a scrimmage at Tullia. Coach Harold Teal said yesterday the injury was painful, but not serious, and Blacklock is expected to be ready for the opening game.

The injured youngster was taken by Teal to a specialist in Lubbock for observation en route back to Post from Tullia. He is recovering from the injury at his home here.

Also on the injured or ailing list yesterday were juniors Ronald Storie, Jackey Fluitt and Ricky Little. Storie and Fluitt have leg injuries, and Little is slowed by a severe case of blisters, the coach said.

Coach Teal said he and other members of the coaching staff were well pleased with everything except pass defense in the Antelope squad's scrimmage at Tullia Monday. The Hornets scored more touchdowns than the Antelopes, but did it on long pass plays. All the Post touchdowns were ground out on running plays.

The coach said very little practice had been held on pass defense up to the time of the Tullia scrimmage, but that it is being stressed in this week's workouts.

In an intra-squad scrimmage here Friday, the Golds outscored the Reds, 20-0. Two of the touchdowns came on passes from quarterback Pat Cornell to halfback Jackey Fluitt and the other on a run by halfback Delton Robinson.

Both squads moved the ball well and hit "real good" in the scrimmage here Friday and also at Tullia Monday, the head coach said.

In the pro-T formation being used by the Antelopes, there are real battles for starting berths shaping up at practically every position, Teal said.

Danny Pierce and Frankie Gary are the leading contenders for the regular end post, with Ronald Simpson and Kent Wheatley competing for the split end position.

Letterman Jerry Bush is being pushed by sophomore Charlie Brown for one tackle spot, while the other is shaping up as a battle between Pat Sullivan and Billy Shumard, both lettermen.

One of the guard spots is being scrambled for by lettermen Buddy Moreland and Larry Guy, and the other is up for grabs between two non-lettermen, Danny Odum and Glenn Polk.

The injured Blacklock has been giving letterman David Nichols a run for the starting center position. Pat Cornell and Butch Cross are the leading candidates for the quarterback position. Delton Robinson and Freddie Simmons are vying for one of the halfback posts, with Ken Rankin and Benny Owen competing for the other. Teddy Scott and Jackey Fluitt, both letter winners, are battling for the split back position.

The Antelopes will open at home against Ralls Friday night, Sept. 7.

HOME TILL FALL TERM  
Ralph Ardis, son of Mr. and Mrs. King Ardis, came home last Friday for two weeks until the fall semester starts at Tarleton State College at Stephenville, where he will be a freshman.

Both of Texas Tech's returning letterman tackles, Dennis Watkins of McCamey and Bill Shaha of Dumas, were National Honor Society members in high school.

## SPORTS The Post Dispatch

### PS in... SPORTS

By CHARLES DIDWAY

That old fall nip is in the air, which means that the gridiron season is just around the corner. I'm eagerly looking forward to it and to the Post Antelopes' chances for a good season under new Head Coach Harold Teal. The only thing that puts a damper on my spirits is when I pick up a neighboring paper—such as the Floydada paper—and read where they have 75 boys out for football.

If we didn't have Floydada on the schedule, it wouldn't sound so bad. But any time a Class AA school thinks it's doing pretty well in mustering forty or more grid hopefuls and then has to go up against a team that turns out 75, which team do the odds rest with?

There's an old saying that "the bigger they are, the harder they fall," but there's another saying I like best, attributed to Ben Nathan B. Forrest of Civil War fame. He's the one who said, "Get there fustest with the mostest."

Thank goodness, not all the teams we play this season have as many as 75 boys out for the squad so we may be able to even things up somewhere down the line and even slip up on Floydada.

Coach Teal says if spirit and hustle can make a winning team, then Post ought to at least improve on last season's record. If we can get by that first game with Ralls, which we haven't been able to do since 1956 (one tie), then I think we're off to a better-than-usual season.

Most sports fans, including the writer are sorry to see our softball season end so soon. Like some of the feature films we see at night on TV it got off to a late, late start, but it was well worthwhile for the time it lasted.

Next season, perhaps, we can have a full-fledged softball season right along with the Little League and Babe Ruth League campaigns.

This may be the Antelopes' year!

COOLIDGE HUNT  
Texas Tech Fullback

## Tech grid drills to open Saturday

LUBBOCK — Texas Tech opens fall football practice here Saturday.

Coach J. T. King, in his second year of directing the Red Raiders, must get his squad prepared for two tough foes in September—West Texas State the 22nd and University of Texas the 29th. Both will be played here in Jones Stadium.

An improved team, particularly in the defensive phases, is expected. Still, most forecasters figure that the Red Raiders will be hard-pressed to duplicate last year's 4-6 mark. The 1961 team pulled two major upsets, 10-0 over Texas Christian and 19-17 over Baylor.

Season tickets are still available. Mrs. Mildred Wright, ticket manager, said. Besides West Texas home opponents also include Southern Methodist, Colorado and Arkansas.

## Houston Colts to play five teams in final home stand of campaign

Houston — The Houston Colts' open a 10-game home stand on Labor Day, Monday, Sept. 3, against the Philadelphia Phillies. The first game starts at 5:30 p. m. This home stand will mark the last appearance of four of the Na-

tional League teams at Colt Stadium this season. The Phillies will be followed by the Pittsburgh Pirates, New York Mets, and the Los Angeles Dodgers.

Gene Mauch will bring his Phillies to Colt Stadium for three games in two days, playing a two-night doubleheader on Labor Day, Sept. 3, and a single game on Tuesday night, Sept. 4. Monday, Sept. 3, will be "Break the Jinx Night" at Colt Stadium and a special program is being planned to break the Phillies "jinx" over the 45's. Tuesday, Sept. 4 through Sunday, Sept. 9, has been designated "Pan American Days" at Colt Stadium. This colorful "good neighbor" week will feature mariachi bands, fireworks, and a "Fiesta Queen" contest.

Roberto Clemente, Dick Groat and Bob Skinner will lead the Pittsburgh Pirates into Houston for a two-game series Wednesday night, Sept. 5, and Thursday night, Sept. 6. Thursday night will be "Church Night."

Casey Stengel will lead his New York Mets into Colt Stadium for a big four-game weekend series.

## Teams 3 and 4 will launch softball series here today

A 3-out-of-5 series to determine the champion of the men's softball league here is to get under way with a doubleheader tonight, with the playoffs continuing through Saturday night, if necessary.

The playoff series will be between Jack Kennedy's Team No. 3, which finished the short season undefeated, and Gariand Huddleston's Team No. 4, which finished in second place in the five-team league.

Following tonight's doubleheader, there will be a doubleheader, if necessary, Friday night. Should the

same team win both of tonight's games and the first game Friday night, it will end the series. If the teams are deadlocked, 2-2, at the conclusion of Friday night's twin-bill, the deciding game will be played Saturday night.

In the final league game Tuesday night, Team No. 2 had to go nine innings before edging Team No. 5 by a score of 4 to 3, with Jackie Hays the winning pitcher and J. C. Demming the loser.

In Tuesday night's first game, Team No. 4 pinned the fourth consecutive defeat on Team No. 1, which finished the abbreviated season without a victory. Dink Taylor was the winning pitcher with Wilbert Bigott taking the loss.

Last Thursday night, Team No. 4 outscored Team No. 5, 11 to 6, and in the night's opener, Team No. 3 nudged Team No. 1, 9 to 8.

## Set for next spring

## Post is awarded big archery meet

The Southwest Archery Tournament, expected to attract more than 150 archers from over a wide area, will be held in Post next

## Cash benched by Broken digit

Norm Cash's chances to win this season's American home run crown received a severe jolt Sunday when he sustained a broken finger in the nightcap of a doubleheader between the Detroit Tigers and Washington Senators.

The slugging Tiger first baseman will be out of action for at least three weeks, wire reports Monday said.

Cash was hit on the left hand, his throwing hand, by one of Claude Osteen's pitches.

Cash had belted his 34th homer in the first game and was tied with Harmon Killebrew, Minnesota Twin outfielder for AL home run lead.

The Tigers played veteran Vic Wertz at first base in Monday's game.

starting Friday night, Sept. 7. Saturday, Sept. 8, the Colt 45s and the Mets will play two games, and afternoon game at 1:30 p. m. (separate admission), and a night game at 8 p. m. (separate admission). The 45s and the Mets will close the weekend series Sunday afternoon at 2:30 p. m.

The Los Angeles Dodgers led by stars Tommie Davis, Maury Wills, Frank Howard and Don Drysdale will make their final appearance against the 45s at Colt Stadium on Wednesday night, Sept. 12.

The Colt 45s will close out their 1962 home schedule with a big three-game weekend series against the San Francisco Giants Friday night, Sept. 21, Saturday night, Sept. 22, and Sunday afternoon, Sept. 23 at 4 p. m.

Texas Tech quarterback Johnny Lovelace completed seven successive passes in the Red Raiders' loss to Southern Methodist last year.

spring with the Post Archery Club as host, it was announced today.

No definite date has been set for the tournament, which is expected to be a two-day affair, but members of the archery club are already working on their new range to get it in shape for the big meet.

The new range is located on city property just west of the city water reservoir. Fourteen targets are already up at the range, with 14 more to be installed.

The local club is anxious to build up its membership between now and the date of the tournament. The club now has about 25 members, but would like to have at least that many more. Current membership plans also include the recruiting of junior and intermediate members.

Anyone interested in becoming a member of the archery club is asked to contact either Mr. and Mrs. Fred Cockrell or T. V. Hampton.

A club shoot for members will be held at the range Sunday afternoon, Sept. 2. The public is invited.

The regular monthly league shoot will be held at the range Sunday, Sept. 16, with archers competing from the local club and from clubs at Snyder, San Angelo and Abilene, other cities in the league.

In a recent league shoot at Snyder, the Cockrells and T. V. Hampton represented the Post club and all won ribbons in the competition.

Four members also took part in a recent invitational tournament at Odessa, with T. V. Hampton, Roy Garrison, Ed Redwine and Ralph Davis winning trophies. Garrison lives in Lubbock and Redwine and Davis in Tahoka.

## 60 in it here last year

## Punt, pass and kick sign-ups in October

The second annual Punt, Pass and Kick competition for the nation's grade school football enthusiasts has been announced by the National Football League and the Ford dealers of America.

Again this year, Tom Power, Ford, will sponsor the contest in Ford, and registrations are scheduled to be held there from Oct. 1 through Oct. 31.

Last year, some 60 Post boys participated in the contest. First place winners in each age division were: Mike Bingham, 10; Glenn Carlyle, 9; John David Gist, 8; Tommy Jack Taylor, 7, and Freddy Wilson, 6.

"PPK&" pits the punting, passing and place-kicking skills of boys against all other participants of their same age. The program attracted some 205,000 youngsters last year and was cited by President Kennedy for its contribution to "the physical fitness of our youth."

Top prize for the 10 national finalists—one in each age group from both the Eastern and Western Divisions.

Chris Blocker, 1961 Southwest Conference golf champion for Texas Tech, is now in the Army stationed in Italy.

**STOCKS AND BONDS**

When you buy a share of stock, you own an interest in every single thing a firm has; when you buy one of its bonds, you don't own any part of the company. The bond or debenture is merely a promise to pay.

Suppose out of 1,000 shares outstanding, you own one share. Then you have an undivided one-thousandth share in the company, not in any particular thing but in every piece.

When you buy a bond, you own no part of the company. The firm promises to pay the loan back when the bond matures.

As a rule, bondholders have little say directly about the firm or how it picks its officers and manages its business. Of course, lenders exercise indirect influence since they must have confidence in the firm and its management before they will part with their money.

Bondholders get their interest before any stockholder gets his dividends; and should the firm go broke, they get paid out of its assets before the stockholders get a nickel.

Preferred stock, as a rule, yields fixed dividends before the common stockholders get anything, but preferred stock dividends are payable only if declared by the corporation.

As a rule, common stockholders risk more and therefore stand to make greater profit (or loss).

The legal invention of the entity called a corporation has made vast public investment in industry and commerce possible. By allowing anybody to buy in or to lend to the firm, a corporation has made large scale research, production, and marketing possible while each investor can study and decide where he wants to risk his capital.

**TCU will host piano contest**

FORT WORTH — Thirty-seven leading young foreign artists, including four from the Soviet Union, will represent 16 countries in the first Van Cliburn International Piano Competition here Sept. 24-Oct. 7.

They will contend with 49 U. S. pianists for the \$10,000 first prize. The event, now planned as a quadrennial affair, will be held on the campus of Texas Christian University. Other sponsors are the National Guild of Piano Teachers, the Fort Worth Piano Teachers Forum, the Fort Worth Chamber of Commerce.

The entry list, as released by Mrs. Grace Ward Lankford, competition director, includes five from Canada; four each from Brazil, Mexico and Russia; three each from Korea, Japan and Argentina; two each from England and Uruguay; one from Switzerland, Finland, France, Belgium, the Bahamas, El Salvador, Guatemala.

**Texas is finally out of the 'red'**

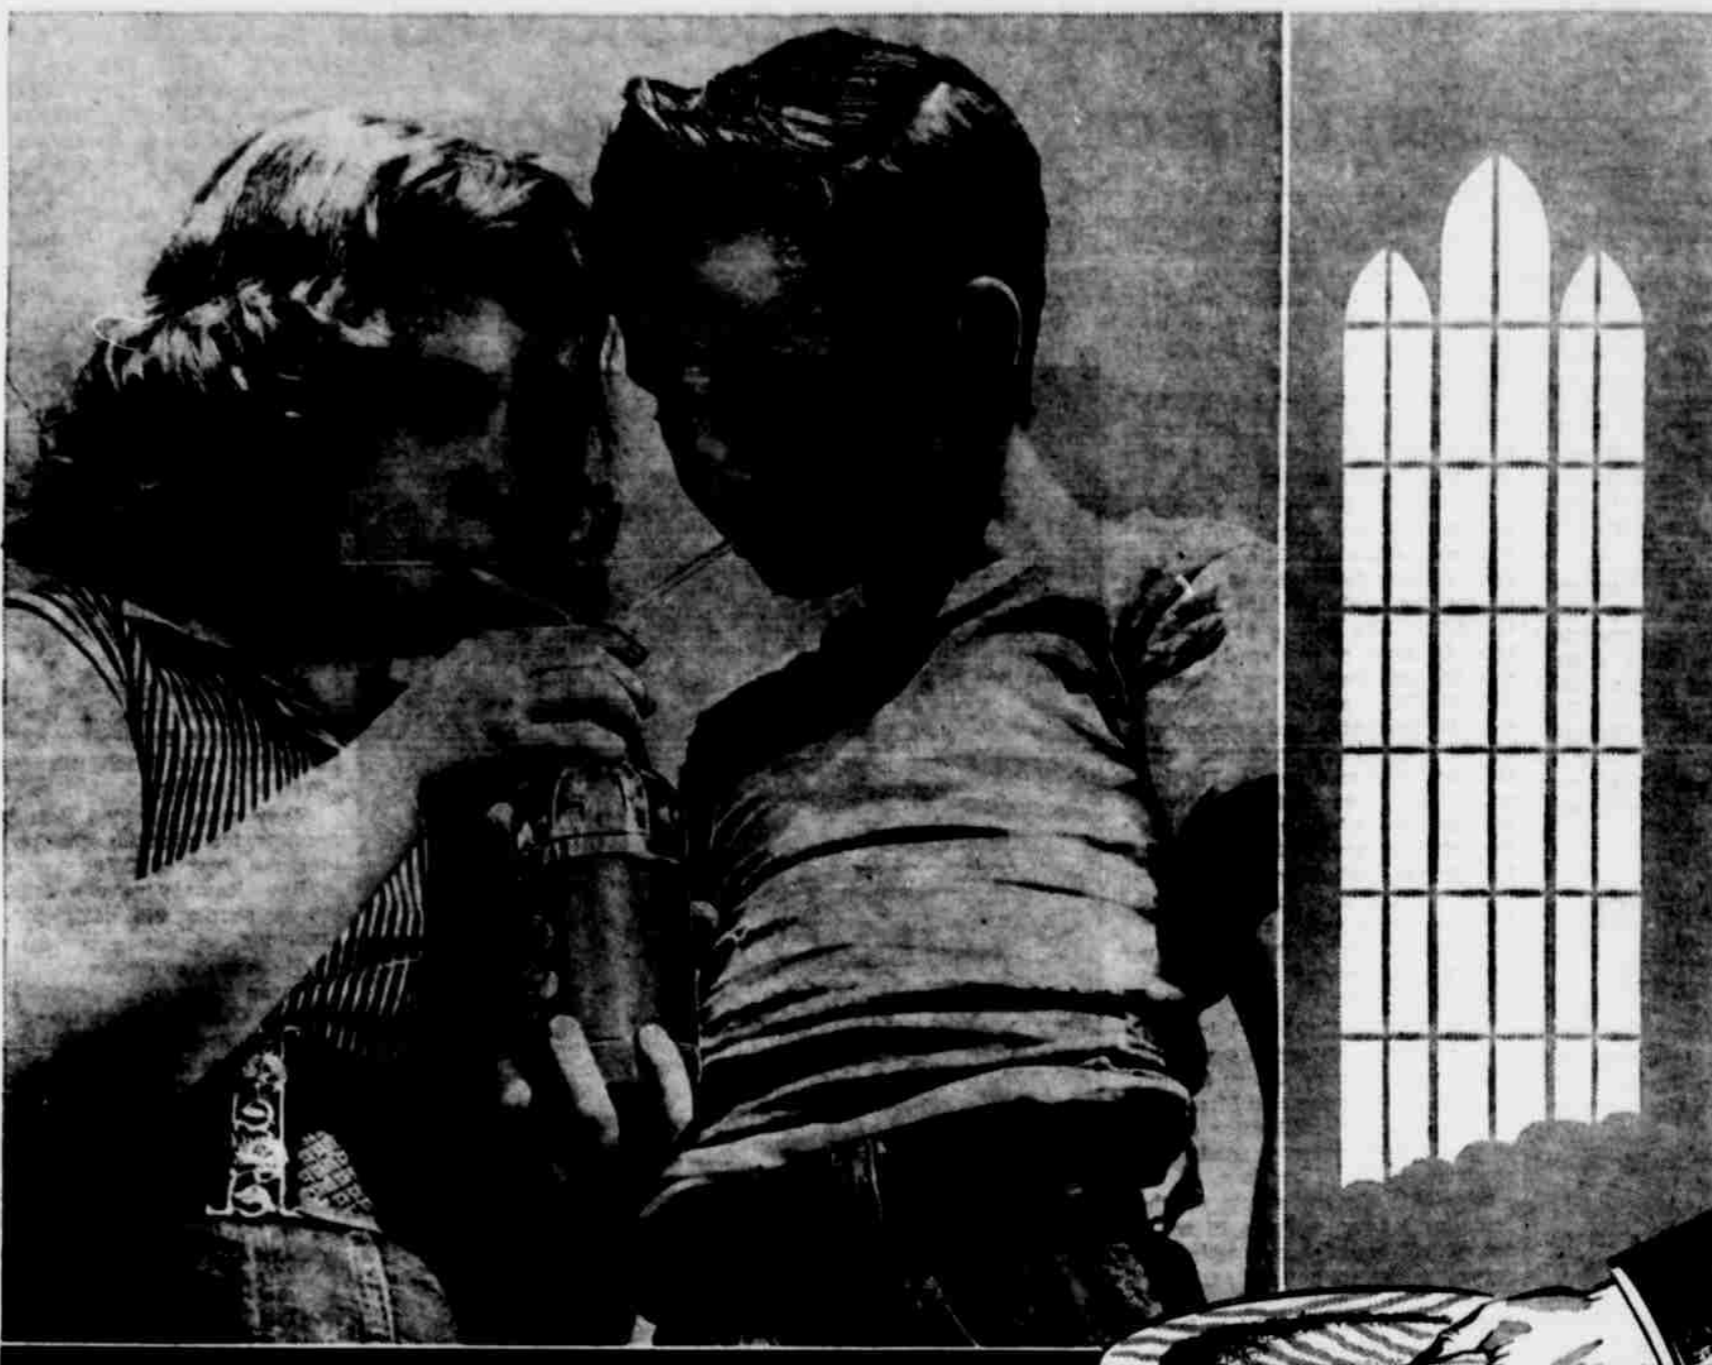

AUSTIN—Treasurer Jesse James reports that Texas' general revenue fund is out of the red after having been in deficit almost continuously for the past four years.

Revenues deposited to the credit of the general fund wiped out the deficit and raised it to a cash balance of \$4,601,020.

General fund may dip again periodically, but is expected to at least break even at the end of the current appropriation biennium, a year from now.

**Follow the leader...**

**SHARING**

Sharing isn't one of those things that come naturally. It takes a fair bit of "character building" before two youngsters get to the point where they're happy to go fifty-fifty on so much as a bottle of pop!

Fred and Marilyn, as it happens, have learned a lot about sharing in church. For, many years ago, Christ clearly demonstrated that man should be neither selfish nor greedy, and that to live successfully he must learn to give not only of himself, but of his possessions.

In a small, childlike, but completely joyous way, Fred and Marilyn are putting these teachings into practice — just as in many more serious ways, they will be putting other teachings of the Church into use, throughout their lives.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## County well past 1962 bond goal

Bond sales in Garza County totaled \$6,937 during July, according to Irby G. Metcalf Jr., chairman of the Garza County Savings Bonds Committee.

Total sales during the first seven months of 1962 were \$129,110, which represents 107.6 per cent of the county's 1962 sales goal of \$120,000.

Of the 12 counties in District 4, Garza and Cochran are the only ones already ahead of their 1962 bonds sales quotas.

Texas July Savings Bonds sales of \$12,516,786 were the highest monthly sales since March. Total sales for the state during the first seven months of the year were \$89,237,662. This figure represents 84.1 of the state sales goal.

Lindbergh received the first Distinguished Flying Cross awarded by the U. S.

# Garza County ranch set up for deferred grazing experiments

LUBBOCK — More grazing from the same amount of land is the aim of Texas Tech researchers and the Post-Montgomery Ranch near Post where more than 6,000 acres have been set up for deferred grazing.

Using a method devised by Dr. Leo B. Merrill, range specialist at the Sonora Experiment Station, Sonora, Tex., the test acres have been divided into four pastures which will be grazed on a rotating basis so each pasture is grazed one year and then given a four month rest period.

Tech researchers headed by Dr. Gerald Thomas, agriculture dean, are working with Tom Copeland, range management specialist for the ranch, and members of the Soil

Conservation Service in the experiment.

Dr. Thomas and his men went to the ranch recently and began setting up 200 test plots where the vegetation will be checked as to species and growth during the experiment.

At each plot, the researchers set a metal rod and then measured 20 feet before setting another rod. After the area was laid out, the field men mapped the vegetation in a strip one foot wide between the rods noting the various species of grasses, weeds and bare spots within the area. After the vegetation was mapped, the researchers then used a 20-foot tape to measure and map the mesquite within a 20 foot radius around each test plot.

The mapping of the mesquite will be used in later surveys—after the brush has been sprayed—to check the per cent of kill on the sprayed areas.

When the experiment begins, each pasture will be given a number. At the start, pastures 1, 2, and 3 will be grazed the first four months with pasture 4 setting idle. During the next four months pastures 1, 2 and 4 will be grazed with pasture 3 setting idle. This will continue through a period of years, with the idle pasture being changed once each four months so each pasture is used one year and then allowed to set idle for four months.

In commenting on the rangeland experiment, Dr. Thomas said the rainfall in the Post area is variable enough so we don't know what the results will show, but, in the past, the experiments conducted at other locations have shown remarkable results even during the drought periods.

This will be the first time the deferred grazing system has been used in any area outside the Edwards Plateau region of south central Texas. The rainfall and size of the range available at Post makes this an ideal testing area

for West Texas, he said.

Before setting up the grazing experiment at Post, the researchers checked the rainfall records at Post for the past 43 years and found that the yearly average was 19.6 inches. It was also found that more than 60 per cent of the years in which records were kept there was less than the average rainfall. Twenty-five per cent of the years had below 14.6 inches rainfall which parallels the rainfall pattern for much of West Texas area.

During the 13 years the deferred grazing system has been used at Sonora, the gain put on animals grazed on the rotation pastures equaled the gain put on animals kept on pastures which were lightly grazed, the year around grazing capacity has increased 13 animal units per section during the 13 years the experiment has been carried on, and the range improvement has been better in the rotation pastures than in the pastures grazed lightly all year long.

Poisonous weeds, one of the worst enemies the cattle producer faces when his range is overgrazed, were crowded out as the native and other grasses made a comeback in the rotation pastures.

## Crime 'explosion' being predicted

AUSTIN - Texas prison wardens and agencies interested in rehabilitation of 'first offenders' are being haunted by the expected population bulge just as are colleges, universities and, for that matter, all future planners.

Post-war bumper baby crops which started in 1947 are expected to hit the cell as well as the campus in full force in 1964.

Three phases of clemency—sus-

pending sentence, judicial probation, and state parole—are being studied as a means of keeping youthful offenders out of the penitentiary.

The objective is to make the prison an old settler's home for hardened congenital criminals who cannot be rehabilitated, and who have aged in making their record.

There are 24 karats in pure gold.

## School buses cheaper in Texas this year

AUSTIN - Texas school boards shopping for new school buses this year will find prices sharply below last year.

Competitive bids received by the Texas State Board of Control show a substantial reduction in the prices since March of this year, and an even greater reduction over last year.

The sugar content of the blood increases under stress of strong emotion.

## Many hazards exist around cotton gins

COLLEGE STATION—How much time was lost at your gin from accidents last year? How much will be lost this ginning season? Chances are good as much or even more time will be lost unless accident hazards are removed, points out B. G. Reeves, extension cotton ginning and mechanization specialist.

Though the cotton ginning season is still young, reports of accidents are already coming in and will increase unless safety is made a regular part of the cotton ginning operation, says Reeves. Preharvest preparations should include installation of proper belt guards, guardrails for overhead platforms and walkways, guards on all shaft ends, and replacement of extended pulley bolts and set screws with proper set screws. All extension cords should be rubberized and ladders should be adequate and strong enough to get to any part of the gin.

ways and platforms free of oil and grease.

Reeves also suggests regular sessions with the entire gin crew on the importance of safety and the hazards that go with carelessness. Be sure that at least one member of the gin crew knows how to use the first aid kit but make sure the entire crew is safety conscious. Remember, points out Reeves, the attitude of the crew is usually a reflection of your own.

And, concludes the specialist, it is now time to give the gin plant a final check for hazards and make the needed corrections. Time saved by reducing accidents means more efficient operation of the gin plant to say nothing about financial savings, and prevention of human suffering.

Platinum is heavier than gold.

Here are other suggestions from Reeves which could help make the upcoming ginning season safer and freer from accidents. Provide adequate grounding for electrically powered gins; protect all starter boxes with circuit breakers; cover open conveyor between gin stands; provide sturdy stairways and protect them with handrails; remove from the gin building all unneeded items of equipment before operations begin and keep floors, walk-

### Recent ruling doesn't alter sales tax plan

AUSTIN - Robert S. Calvert, state comptroller, warns that merchants must pay the state sales tax on gross receipts despite a recent court ruling by District Judge Herman Jones.

Calvert expects a lot of merchants to quit paying the tax on sales of under 25 cents after reading about the ruling.

Judge Jones ruled that the state has no right to make the merchants pay while at the same time prohibiting them from collecting.

"There won't be any charge until the suit finally is settled by the higher courts," Calvert said.

# GOOD CREDIT

*The majority of people use Credit in its various forms, but only those who realize the importance of meeting their obligations, as agreed, continue to enjoy these advantages.*

*The credit you command rests largely on one thing—not the position you hold, not the property you own, not your bank account, but—the way you pay your bills.*

*To maintain a good credit record pay all charge accounts promptly each month and installment accounts when due.*

## Mark Twain's Story

### OF THE READING SPIDER

During Mark Twain's days as a newspaperman, he was editor of a small Missouri newspaper. One day he got a letter from a subscriber, stating that he had found a spider in his newspaper and asked if this was an omen of good luck or bad luck.

Twain wrote: "Finding a spider in your newspaper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

You will find no spider webs across the doors of the merchants who advertise in your local newspaper.

## It's My Turn ...

—By MRS. C.

heavens! Ouija boards are again. At least they are again. I hear all sorts of things have been answered—some will greatly surprise I know will greatly surprise the team and the coaches. I hear it, Post will defeat City by one point! That's the ouija board says. I don't think we should tell Denver City. It's more fun to surprise them.

school starts next week. have changed there, too. I remember way back when school started the day it started. Now, I'm like half the youngsters who started some part of it already. The boys are footballing, and the girls are marching. The pep squad is marching, the pep squad is marching, the pep squad is marching. They both might feel like their vacation is starting next Tuesday—at least we've heard no complaints about school starting.

Well, I lose all my good summer help Sept. 4. Miss C, the younger help has become quite a proficient housekeeper and a good enough ironer to hire out if worse comes to worse. The Elder Miss C will be sorely missed at the Dispatch. They both might feel like their vacation is starting next Tuesday—at least we've heard no complaints about school starting.

Guests arrived at 3 o'clock and spent the afternoon visiting, playing records and ouijaing. Cakes, cookies and dips were served buffet style.

Those attending were: Misses Janith Short, Marsha Smith, Glenda Hutto, Ann Pennington, Alyn Cox, Vonda Howell, Judy Clary, Lynda Taylor, Melinda Newby, Pam McCrary, Mary Ann Williams, Marianne Jones, the honoree and the hostess.

ARTIST OF THE MONTH  
The Post Art Guild through the Texas Federation of Fine Arts will present Mrs. Bea North as September "Artist of the Month."

## Miss Nonnie Hue Rogers to wed John Marcus Ward this evening

Miss Nonnie Hue Rogers and John Marcus Ward will exchange wedding vows tonight in the First Christian Church in Snyder.

Parents of the couple are Mr. and Mrs. Novis N. Rogers and Dr. and Mrs. Harry W. Ward, both of Snyder.

The Rev. Allen Lynch will officiate at the double ring ceremony at 8 o'clock. Candles and ivy will be used to decorate the church.

The bride, who will be given in marriage by her father, will wear a formal dress of white silk mist peau de soie designed and fashioned for the bride by Mrs. Charles C. Miller. The bodice of Alencon lace features a scalloped bateau neckline and long tapered sleeves. The bouffant skirt is applied with flower motifs and deep points of the lace re-embroidered with silk cord and seed pearls. The low waist line is accented in the back with crushed hibiscus roses with a trio of streamers falling over the full chapel train. Her veil is in tiered puffs of French illusion held in place by a small silk pill box applied to match the gown. She will carry a bouquet of gardenias and stephanotis.

Mrs. Jimmy Cloud will be matron of honor. Attendants will be Misses Helen Joyce, Jerry Springer, Judy Huddleston and Mrs. Sonny Harrell. They will wear dresses of emerald green brocade and carry bouquets of roses.

Miss Lila Boren, cousin of the bride, will wear a dress of white net with bows of green ribbon to serve as flower girl. Miss Susan Rogers, cousin of the bride, will be junior attendant. Misses Lea Boren and Jean Griffith, both cousins of the bride, will be candlelighters. Best man will be Jimmy Cloud. Groomsmen will be Gene Griffin, E. L. Franklin, Sonny Harrell and Bo Brown. Ushers will be Gene Bristo of Vernon and Bo Brown.

Mrs. E. L. Kubala, organist, will accompany Mrs. Louis Smith, sister of the groom, as she sings "Because" and "The Lord's Prayer." A reception will be held following the ceremony.

For travel to the Davis Mountains, the bride will wear a charcoal suit with leather trim and accessories.

### Shell Oil Co. here hosts at fish fry

A group of people enjoyed a "Fish Fry" and covered dish supper at the Shell Oil Co. production office on the Clairmont highway last Thursday at 7:30 p. m.

The fish were caught and cooked by N. R. Landreth and his son, Nuel.

Those attending were: Mr. and Mrs. John Gist and family, Mr. and Mrs. Joe Irons, Sandy Irons and Ray Crispin, Gary Foster, Mr. and Mrs. Billy Hill and Betty Jo, Mr. and Mrs. Johnnie Robison, Earl Chapman and daughter, Mr. and Mrs. L. P. Kennedy, Mrs. Vergie Young and children, Genny Bowling, Mrs. Landreth and Mr. and Mrs. Fernie Reed from Justiceburg.

### VISIT BROTHER

Mr. and Mrs. James Dooley and children visited with his brother and family, Mr. and Mrs. Harold Dooley, in Grand Prairie last week. They visited Six Flags Over Texas and returned home Saturday.

The couple will live in Alpine where they will attend Sul Ross State College.

The bride attended Texas Tech and pledged Delta Delta Delta. Mr. Ward is a graduate of Abilene

Christian College and will do graduate work at Sul Ross this fall.

Out-of-town guests will come from Post, Lubbock, Midland, Austin, Moran, Abilene and Cassville, Mo.

MISS NONNIE HUE ROGERS ... Wedding Is Tonight

### UPW members meet, Nell McCrary home

The United Presbyterian Women met last Thursday morning at 9:30 o'clock in the home of Mrs. Nell McCrary with Mrs. Giles McCrary as co-hostess.

Coffee and rolls were served. Mrs. Bryan J. Williams gave the program on "Problems in Latin America."

Those attending were: Mmes. W. C. Dent, Howard McCampbell, C. I. Dickinson, M. J. Malouf, David Newby, A. C. Surman, Mary Alice Mitchell, Williams and the hostesses.

## Williams home on Route 2 is scene of family reunion

The sons and daughters of Mr. and Mrs. W. N. Williams gathered at the Williams home on Route 2 recently for a family reunion. This was the first time all the family had been together since 1937, and they plan to make it an annual affair.

Sons and daughters attending were:

Mr. and Mrs. Truett Meek and son, New Braunfels; Mr. and Mrs. John Rodden, Oklahoma City, Okla.; Mr. and Mrs. Varnell Templeton and daughters, Dublin; Mr. and Mrs. Ira Shepherd and children, Houston; Mrs. Gorman Odum and children, Bellflower, Calif.

Mr. and Mrs. Joe Williams, Ballinger; Mr. and Mrs. D'Wayne Brown and children, Artesia, N. M.; Mr. and Mrs. Horace McAfee and sons, and Mr. and Mrs. Bob Poole and Judy, all of Post.

Grandchildren and families attending were:

Mr. and Mrs. Walter Williams and sons, Tahoka; Mr. and Mrs. Everett Williams, Merkel; Mr. and Mrs. John McAfee and Kathy, Mr. and Mrs. Norman Washburn and sons, Mr. and Mrs. Cotton Bridgeman and daughters, and Mr. and Mrs. Jake Heiskell, all of Post.

## Planning retreat is held by CYF

The Christian Youth Fellowship of the First Christian Church enjoyed an overnight planning retreat last Friday.

Mr. and Mrs. Byron Haynie and the Rev. Bernard S. Ramsey, minister, accompanied the group to their camping site 10 miles out on the Ralls highway.

The boys and girls slept in sleeping bags and on cots. Each took a sack lunch for Friday night but breakfast and lunch were cooked over a campfire.

They were divided into three groups for planning the program for the year of CYF.

Rev. Ramsey gave a devotional on a nearby hill early Saturday morning.

Those attending were: Susan Ramsey, Lana Haynie, Susan Cornish, Pam Owen, Pat Martin, Benny Owen, Larry Osman, Curtis Hudman, Sammy Sims and Donnie Cornell.

### RETURNS HOME

M. G. Binam returned to his home in Locust Grove, Okla., last Saturday after visiting here with his daughter, Mrs. Janie Bias.

### WATERMELON PARTY

The young people's group of the Church of the Nazarene will meet at 6:30 Friday in the City-County Park for a watermelon party.

## Teacher reception set for tonight

Teachers of the Post schools will be honored tonight with a reception in the Community Room between the hours of 7:30 and 9 o'clock.

Hosts for the annual affair are the board members of the Post Independent School, their wives and Supt. and Mrs. R. T. Smith.

Teachers and their wives or husbands will be greeted by Supt. Smith and E. R. Moreland, president of the board.

### MANY SUNDAY GUESTS

Sunday guests in the home of Mr. and Mrs. Ab Mitchell were Mr. and Mrs. Gus Sherrill and Paula, Mr. and Mrs. J. E. Sherrill, all of Draw, Mr. and Mrs. J. W. Shook and Linda, Mr. and Mrs. Gerry Sherrill and son, all of O'Donnell, Mr. and Mrs. H. G. Smith and children, Taboka, Gene Redman, Lubbock, and Mr. and Mrs. C. A. Redman and children.

### WEEKEND GUESTS

Weekend guests of Mrs. Ethel Redman and family were Mrs. Bobbie Cowdrey and daughters, Mr. and Mrs. Jimmie Redman, Jimmy Thomas of Lubbock, Carroll Davis of Levelland, Mrs. Hubert Cook and sons of Levelland, Miss Vera Wilson of Slaton and Sam Wilson.

### LEAVING FOR COLLEGE

Judy Clary, daughter of Mr. and Mrs. Alton Clary, will leave for Cisco Junior College Saturday where she received a scholarship as a Wrangler Belle.

### LAKE THOMAS TRIP

Mr. and Mrs. Jackie Payne, owners and managers of the Snak Shack, will return today after spending four days vacationing at Lake Thomas.

RECENT BRIDE Mrs. Elwyn (Pete) Pierce (above) is the former Miss Letta Stone, daughter of Mr. and Mrs. James Stone. She and Mr. Pierce were wed Aug. 18 in the Post Church of Christ.

Thursday, Aug. 30, 1962

## Labor Day—signal of changing seasons

Labor Day—the accepted dividing line between the hot, slower pace of the late summer and the quickened activity of fall—arrives Monday.

That doesn't mean of course that the weather will cooperate. The heat can be expected to linger on through September and into October.

But Labor Day is a signal of changing seasons. The women's clubs which have been inactive through the summer launch their new nine months seasons. School begins. Football arrives. Vacations are over.

It's no secret that in the newspaper business the arrival of Labor Day means that things will really start jumping.

All of a sudden the nights will be filled with meetings of every size, kind and description.

There's a sudden churning on almost every community front. Everybody is back on the job and eager to go.

It won't be long either before Community Chest time and tax-paying time.

## Broadside invitation to safety

The time was never more opportune to offer a broadside invitation to safety.

Coming up almost before the ink used to print this week's paper dries, is the long Labor Day weekend, followed by the opening of school, and including the opening of the hunting season.

Motorists, along with hunters, are urged to exercise every possible degree of caution during this danger-studded weekend. The Department of Public Safety has predicted 30 traffic deaths for Texas during the weekend beginning at midnight Friday and ending at midnight Monday.

## County historians lose no time

The Garza County Historical Survey Committee is to be commended for what one of its members correctly terms a "whirlwind" campaign in getting two historical building medallions for the county.

Far behind other counties in the appointment of a historical survey committee, Garza County more than made up for it in the quick action it got in less than two weeks after the committee was appointed.

## An ounce of prevention . . .

Members of the State Animal Health Commission, along with County Agent Syd Conner, are complimentary of the manner in which Garza County cattle owners responded to the recent brucellosis testing program here.

"People who had never known—and cared less—about brucellosis eradication got their herds tested," said Dr. Seymour J. Smith of the animal health commission.

Dr. Smith attributes awakened interest in this area and elsewhere throughout the state to the state-federal plan of market testing.

The testing program was more or less of an outgrowth of the mosquito menace in May, June and July, which caused an estimated loss of 50,000 Texas cattle and ruined many more in Jefferson and Chambers counties alone.

## Super-highways needed, but . . .

How is one going to slow down and say "Howdy," as the see-Texas-first boosters suggest he does, if he is traveling on one of the many super-highways now lacing Texas?

Many of us who don't get to do much touring around and who tour at a rather leisurely pace when we do, have a legitimate "beef" as far as the super-highways are concerned. They will get you where you are going in a hurry, but if you're not in a hurry, they can be rather irksome.

Personally, we like to stop every now and then for a cup of coffee or a cold drink, shop around for an out-of-town newspaper, look at the courthouse and other buildings in a new town, etc. You don't get to do that any more unless you take one of the exits and do some of the tortuous turning and twisting to get to the by-passed towns and then go through the same process to get back to the super-highway.

## Healthy sign in community

It does our hearts good when the occasion arises to make mention in The Dispatch of a business firm's anniversary, and the higher the anniversary the better it makes us feel.

Nothing reflects the stability of a community more than the successive anniversaries of established business firms. When a business place is able to stay in business year after year, it proves that it is rendering a real service and is being well accepted by the community.

Last week, we were happy to report the first birthday of the Snak Shak, one of the city's newer business firms. Next week or the week after, it may be the birthday of some other business establishment, even older and farther along.

## What our contemporaries are saying

Tahoka Chamber of Commerce and the Rotary Club have both launched projects to help make Tahoka a more friendly town. We understand at least two of the local churches started moves to promote more friendliness in congregations. David Bray suggests that the idea could be extended still further—into the schools, other churches, clubs, and to the average man on the street and housewife in her home. A friendly smile and a handshake costs nothing. They can mean a lot to a stranger. They even make the giver feel better. Being a friendly person or a friendly community can mean a lot to all of us.—Frank Hill in The Lynn County News.

With the coming of Labor Day and the stepped-up pace of September, Post will really be on the go-go-go again.

Let's resolve one thing—to dig in and really do a job for community improvement. Let's accept assigned responsibilities and cooperate together.

Towns either move forward or fall back. There is no standing still.

Post will do well to close ranks and march ahead.

Much can be done with real cooperation. The extra effort that is required to step out of your business routine to do a community task will pay big dividends both to you as an individual and to your town.

Let's resolve in the "new year"—after Labor Day—to do more as individuals and to cooperate and work with everybody else.

Let's don't pick things to pieces—but put things together. The same effort properly channeled can work wonders for Post.—JC

We've seen no predictions on the number of hunting fatalities, but with the dove season opening in this area Saturday, there'll be large numbers of hunters out for birds. And it seems that hunting accidents are more numerous right at the start of the season than at any other time.

Last, but not least, another school term opens here next Tuesday and The Dispatch repeats its warning to motorists to be careful of the swarms of youngsters returning to school, and to the youngsters to keep an eye peeled at all times throughout the school term.—CD

Some of the other counties in this area of the state have had historical survey committees at work for a year or more with no results yet to show as far as the medallions or historical markers are concerned.

All of which proves that Garza County not only has a highly historical past, but that it also has people who know how to go after and get the recognition such historical heritage deserves.—CD

As it developed, Garza County herds were relatively free of brucellosis. Only five reactors showed up among the hundreds of cattle tested during the five to six weeks the mobile testing unit was in the county. Four of the reactors showed up in the final week of testing.

The low percentage of reactors here was the lowest of any county tested to date by the unit, it was reported. That's an outstanding record, but the tests were by no means wasted. It is always best to know for sure when an epidemic threatens. It points up again the old, old saying that an ounce of prevention is worth a pound of cure.—CD

We had that unpleasant experience recently in returning from a trip to Dallas when we came a new route and hit the super-highway west to Abilene and Sweetwater. We made time, but that's about all. Even to get gasoline, we had to turn off the highway and twist around to get to Merkel, and then twist back.

That's progress, we're well aware. And with the numbers of automobiles and other motor vehicles increasing at a rapid rate, we realize the super-highway are needed—but not by us. We like to slow down long enough to get the feel of the country, hear its speech, smell its smells. The small towns of Texas are far too interesting and colorful to be treated that-away by the super-highways.—CD

These milestones of business places help make the community great. Their owners, proprietors, etc., whose foresight and confidence in Post's future led them to invest time and money in their business places here are deserving of recognition right along with their respective firms.—CD

With school just around the corner, the recent Supreme Court ruling forbidding prayer in public schools is brought to mind. One interesting theory has been put forth by Comedian Dick Gregory. He says that just as soon as the kids find out it's forbidden, they'll be sneaking off in corners praying instead of smoking.—Wini Jones in The Denver City Press.

Fear the goat from the front, the horse from the rear, and some men from all sides.—Neal Estes in The Stanton Reporter.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

AS SURE A sign of September's coming as football, is the new telephone directory, which always puts in its appearance along near the shag-end of August.

This year's directory must have been designed for the women, bless 'em, since the cover picture of a cream-colored telephone and a big bouquet of roses is about the most attractive cover design I've ever seen on a 'phone book.

AGAIN THIS year, it's L. M. Acker first and William Zetman last in the Post listings. It's been that way for years and is likely to remain so for years to come unless we have some Aarons and Zimmermans move in and have telephones installed.

Another big change—and I do mean big—is that this year's directory has about 300 more listings for Post than there were in the September 1961 directory. The accommodating folks at the General Telephone business office just told me—by telephone, of course—that there are approximately 1,260 subscribers listed in the new book.

NOT ONLY THE cover, but the inside of the book is more attractively printed this year, with a new type-face throughout. To a person who can sit down with a telephone directory and enjoy it about as much as he would a best-seller, the new telephone directory is an interesting book. Much to the alarm of close associates, including solicitous relatives, I've been known to spend hours in the reference rooms of big libraries doing nothing except leafing through the city and telephone directories, seeing how many more Smiths are listed than Joneses, or vice versa; jotting down in a stenographer's notebook, which I always take with me to a library, the names of folks whose family name is the same as mine; looking to see if any William Shakespeares, George Washingtons, or other notables are listed—and, believe it or not, I've found both a William Shakespeare and a George Washington in 'phone books.

It is, in fact, such a hobby of mine, that I've been enthused of late over the way the city directory library is growing at our own Chamber of Commerce office. Nearly every time I've gone in lately, secretary Joan Stewart has called my attention to one or more new directories added there. Each time, I take the new directory, sit down and start poring through it, and for as much time as I have to spend, Joan doesn't get anything more than mumbles out of me. I've often wondered if there is anyone else who shares my enthusiasm for such off-trail "reading."

BUT, TO GET back to the new Post telephone directory, it is interesting (to me, at least) to note that the Williamses, with 21, still hold the numerical lead. They're five ahead of the Smiths' 16 listings and six ahead of the Joneses' 15 listings. In last year's book, there were 19 Williamses, 15 Smiths and 13 Joneses. To use a basketball scoring expression, there are no other names in double figures, but the Bakers are close with 9, and the Johnsons, Robinsons and Stones with 8 each.

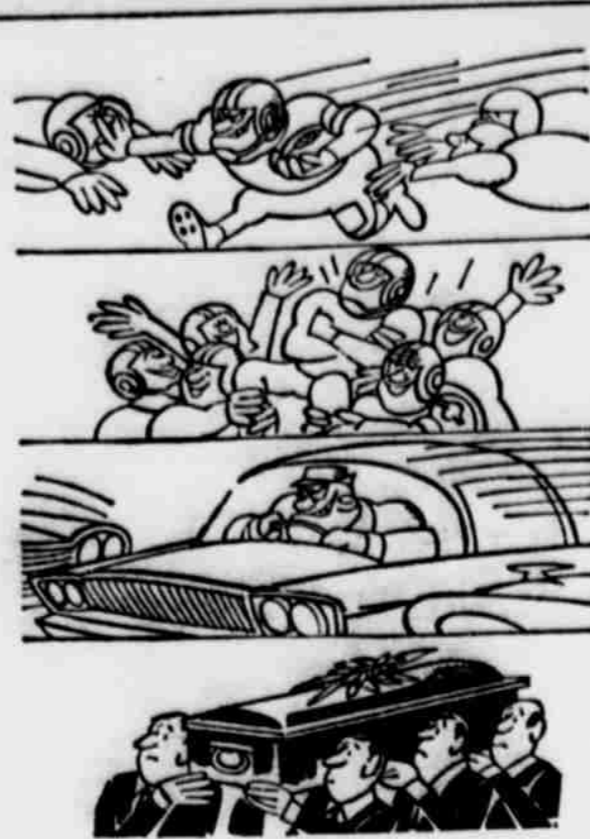

My friend up the street says philology is something rich people use to convince the rest of us that it's no disgrace to be poor.

UNTIL WE, OUT at our house, started watching it ourselves several weeks ago, we didn't realize the "As the World Turns" television program had so many viewers in Post. Coming on at 12:30 noon, the program's time slot is such as to attract a large number of viewers, and brother, it has them here in Post. It's fairly attractive fare as soap operas go, and anytime you think you are burdened with all the troubles in this little old world, you start watching "As the World Turns." I'm not concerned with "plugging" the program . . . the whole purpose of this paragraph—when I commenced it—was to mention that the program even has what one might call "unorganized clubs" of fans. What I mean is that some of them—just the women, not the men, of course—even telephone each other and talk over what has just happened that day on "As the World Turns." And I've heard of some of the women, when they knew a friend had missed that day's program, calling to tell her what had gone on.

Parting Thought: Some people celebrate holidays by smashing their heads against the windshields of their cars.

June traffic deaths in Texas, tragically, set a new all-time high for traffic deaths in that month, when 254 persons died on Texas streets and highways. Of these, 54, or 20 per cent, died in the first three days of the month in 35 fatal crashes.

## Cowboys and Engines by Irwin Caplan

The Travelers Safety Service

37,600 persons were killed and 3,057,000 were injured in motor vehicle accidents in 1961.

## Remembering yesteryears . . .

### Five years ago

Total enrollment in school system is 1,134; Joyce Bilberry critically injured in motor scooter accident; Ruth Ann Long receives 1957 Gold Star Girls award; engagement of Gay Roberts to Jerry Morris is announced; Mr. and Mrs. Glenn Whittenberg hosts at lawn party for high school faculty; Mr. and Mrs. Curtis Williams are parents of a son, Andy Dale; Curtis Pierce and Linda Hedgepath injured in traffic mishap; Post and Coahoma tie in scrimmage; Pvt. Charles Kilpatrick in basic training at Fort Carson, Colo.

### Ten years ago

Edgar Moseley gins first bale of 1952 cotton; Gottfried Reichel of Frankfurt, Germany, spoke at the Church of Christ; J. C. Eubanks Jr. of Lueders assumes duties as minister of the Church of Christ; funeral rites held for John T. Herd; military rites conducted for Pfc. Billy James Odom; funeral service for Farris Raven Briggs held; Geneva Walls honored with party on her ninth birthday; Doris Ritchie named winner of Gold Star Girl Award; Mr. and Mrs. Jimmy Hundley announce the birth of twin daughters, Kay Kynn and Kim Ann.

### Fifteen years ago

Rev. Paul Lawson is evangelist for Third Street Church of God revival; Piggly Wiggly opens in Post; Charles L. Moore, Billy Jo. Owen, David B. Hodges, Earl L. Daniels

and Kenneth R. Reeves join U. S. Air Force; Sonja Sue Cass has party on seventh birthday; Miss La Nell Dixon and Alton L. Warren exchange wedding vows; James Lucas honored at Verbena parties Miss Edna Ruth Swanger and H. W. Jobe wed in Lueders.

## Screwworm fight is making gains

AUSTIN - Weekly production of sterile screwworm flies has hit the 50,000,000 mark and is expected to reach 75,000,000 by Sept. 1, according to Dr. G. D. Stallworth of the Texas Animal Health Commission.

Dr. Stallworth said the battle against screwworms, initiated a year ago, is going so well that the Kerrville sterile fly plant is being closed down and all production centered at Mission.

Outcome of the fight for screwworm eradication this year may depend on winter's weather whims.

"We're at the mercy of winter weather," Dr. Stallworth said. "If a very mild winter occurs, the overwintering line that serves as a boundary for release of sterile flies will have to be pushed farther north, and more resources and more flies will be needed.

## Bible Thoughts

By HERB SMITH

### "SUCCESS"

Too many people in this free land do not know what success is. Many teen-agers consider themselves successful only when they have their own car to drive. Many young people consider marriage a successful start only if they can begin housekeeping with what it took Mom and Dad twenty years to get. The young college graduate often times feels like a failure unless he can begin toward the top of the ladder where it took others a life time to get.

Many Americans think of success as being: 70 hour pay for a 40 hour work week, two car garage, season football tickets, greenest lawn, and a boat.

Material things are not wrong. When they become symbols of success, something must be wrong with us. Other nations must believe that we actually worship material things. If these are our God, we are the most unsuccessful.

## TMA to recognize Garza MSH project

Garza County's Medical Self Help Program will be recognized by the Texas Medical Association at its eighth annual Public Relations Conference with Dr. Harry A. Tubbs speaking on the afternoon program. His subject will be "Implementing an Emergency Medical Training Program."

The conference will be held at the TMA headquarters building in Austin Saturday, Sept. 22.

Guest speakers for the one-day conference will include Melvin T. Mumm of Pampa, public relations consultant; Allan Shivers, chairman of board of Western Pipe Line, Inc., and former governor Texas; Leonard W. Larson of Bismark, immediate past president of the American Medical Association; Thomas R. Reid of Dearborn, civic and governmental affairs manager of Ford Motor Co.; and John H. Furbay of New York, lecturer and author on international affairs.

During the first half of 1962, traffic deaths were down 3 per cent, traffic crashes were up 2.5 per cent, traffic injuries were up 14 per cent, economic loss was down nearly 1 per cent, miles traveled increased 0.4 per cent.

Sapodilla is a tropical fruit.

## Another effort seen limit term of govern

AUSTIN - Another effort made to limit the term of the governor.

A similar resolution was ceaselessly sponsored in the Legislature. The new proposal would set the governor's term for four years. It provides that could not succeed himself in many legislators feel that system actually stretches a life rather than limiting it.

The dodo was a form of p

**BARNYARD POPULAR AT STATE FAIR**

The Future Farmers Children's Barnyard, featuring all kinds of farm animals and their young, has been so popular at the State Fair of Texas that it has become a standard attraction for the kids. The barnyard at the 1962 State Fair, Oct. 6-21, in Dallas will again have on display behind the "big red barn" entrance a variety of calves, colts, kittens, puppies, poult, goslings and other baby animals, like the lamb in the picture. There is no admission charge to the barnyard, which is sponsored by the Texas Association Future Farmers of America.

ing of his state water advisory committee for Sept. 1, for the express purpose of organizing support for the amendment.

**SCHOOL PRAYER RULING** — Atty. Gen. Will Wilson has been asked to advise Texas public schools regarding the U. S. Supreme Court's highly controversial prayer opinion.

Request for an interpretation from Wilson came through Dr. J. W. Edgar, commissioner of education, on a query from school officials at Port Arthur.

Wilson was asked:  
1. Whether a school board can permit a student or teacher to say the blessing before meals in a public school, without running afoul of the Supreme Court decision?

2. Whether school may authorize "a period of silent meditation" during the meal period?

3. Whether Bible-reading is permissible in homerooms or on assembly programs?

4. Whether the court's opinion permits public prayers at football games involving public school teams, or at other school-sponsored events?

**WHOPPER DROUGHT** — Texas will have another mighty drought by 1970, is the prediction of Judge J. E. Sturrock, of the Texas Water Conservation Association.

Gigantic sunspots, many months old, still are raging at the center of our solar system, says Judge Sturrock.

When the great gusty winds of the universe die down, and the solar tumbleweeds stop tumbling, about 1970, Texas will have another mighty drought.

Meanwhile, Texas' rains and its "little droughts" like the current one, will follow each other in their normal seasons, says this leading authority on Texas water.

**COTTON PICKING MONEY** — Cotton picking is brightening the outlook for a lot of people who are concerned with the state's budgetary problems—especially those in the Texas prison system.

Dr. George F. Beto, director, reports that fair weather for the next month during harvest would mean a \$2,000,000 crop from the system's 10,000 acres of cotton.

**TEXAS OR MEXICO** — Gov. Price Daniel says it will be up to the officials of El Paso whether

**Wilson church is dedicated Sunday**

The Revs. James Erickson and Raymond Cushall, pastor and assistant pastor, respectively, at Holy Cross Catholic Church here, took part Sunday in the dedication of the new Blessed Sacrament Church at Wilson.

The new church was dedicated at 5 p. m. by Bishop John L. Morikovsky of Lubbock.

Father Erickson was the celebrant of the dedication Mass, and Father Cushall served as deacon. The Rev. Edward Clinton of Slaton was master of ceremonies.

Wilson is a mission of St. Joseph's and Our Lady of Guadalupe churches of Slaton.

Despite the June, 1962, tragedy in Texas traffic, when 254 persons died, the first half of the year showed a 3 per cent reduction from the average of the past six first-half figures, which was 1,104. The first-half for 1962 recorded 1,074 deaths.

BUY AN  
**USED OK CARS**

When Jim Leonard, ex-secretary of the Republic in Texas, asked Atty. Gen. Will Wilson to impound ballots in Zapata and Starr counties after the general election in the Fall political year, immediately got under

Commission announced the addition of 28 new industries. Although the big Houston and Dallas areas captured 17 of the new plants, 11 companies picked non-metropolitan towns as industrial sites: Bushland, Comfort, Crockett, Denton, Jacksonville, Kaufman, Lewisville, Malakoff, Marfa, Mount Pleasant and Quanah reported new industries.

TIC is a state agency dedicated to stimulating more business in Texas by cooperating with chambers of commerce and other local-level groups in bringing more industries to the state.

Allen Searight, commission's community coordinator, will speak at several industrial development meetings over the state during the next month.

**DOUBLE TAXATION** — Texas Commission on state and local tax policy has suggested that virtually all intangible personal property held by Texans be exempt from taxation. This includes taxes on bank accounts, securities, mortgages and similar financial assets.

**HIGH COSTS LOW** — Texas is building its Interstate Highway system for almost \$400,000 a mile less than the national average, according to the Texas Highway Department.

U. S. Bureau of Public Roads figures show Texas will complete its portion of the Interstate system at an estimated \$600,000 per mile,

compared to the national average of about \$1,000,000.

**HOSPITALS CROWDED** — County judges are blamed for cramming state mental hospitals by committing too many old people, who really just need rest-home care.

Board for State Hospitals and Special Schools reports that some mental institutions—especially the Kerrville State Hospital and the Confederate Home at Austin—are so crowded with old people there isn't enough room to care for the state's mentally ill.

Board member W. G. Kirklind of Odessa said he has been told that some juvenile delinquents, who aren't mentally ill, are also being routed into mental hospitals by judges. Corrective legislation is being studied.

Dr. C. J. Ruilman, director of mental health and hospitals, says facilities for 9,000 elderly people would be needed if the Legislature decides to care for them somewhere other than the mental hospitals.

**PARKS PLAN DEBATED** — State budget officials and parks experts differed on the popularity of the state's 50-plus public parks.

Parks Board told the Legislative Budget Board it wants \$2,100,000 to improve four parks and increase funds for others.

Reese Martin, vice-chairman of the board, claims record attendance. His optimism about public use of state parks was shared by E. Urbanovsky and Charles Doell of Texas Tech, who are working on a master plan for Texas' recreation facilities.

But Jess M. Irwin Jr., governor's budget director, and Vernon A. McGee, director of the Legislative Budget Board, were reluctant to recommend the Legislature's approval of a plan to:

Spend \$600,000 to improve the newly-donated Wheatley Ranch in Blanco County (which already has a state park); \$550,000 at Lake Whitney State Park; \$650,000 for a new park in the Big Thicket; and \$300,000 for a new park at Falcon Lake.

**FAIR FARES WELL** — State Game and Fish Commission's wildlife exhibit is such a prized attraction at fairs, sport shows and other community events that it's being booked on a first-come, first-serve basis so everyone will have a chance to see it.

T. D. Carroll, G & F Commission's coordinator of information, said the exhibit—made up of live birds, mammals, reptiles and fish of Texas—will go on the road Sept. 4. First showing is scheduled for the Floyd County Fair on Sept. 6-8.

Exhibit will travel west from Floyd County; then move to East Texas for October dates; and to South Texas in November.

**A&M GETS REPRIEVE** — "For Men Only" apparently will continue to be the policy, for at least one more year, at Texas A&M College. The touchy matter of admitting women students has been temporarily side-stepped by the Texas Commission on Higher Education.

On the Commission's July meeting agenda, the issue was suspended when the Commission staff pleaded more time was needed for the study. Another school year will be underway before the matter can be given any further consideration.

**STIR CAMPAIGNS** — At least two of the 14 proposed constitutional amendments Texas voters will consider on Nov. 6 appear to be firing campaigns.

Proposal No. 14 appears to be stirring opposition from the Texas Municipal League which asserts that this amendment as presently written "could virtually destroy municipal government in Texas, except for certain of its police powers."

Proposal No. 4 on the ballot would permit the state to buy conservation storage in locally or federally-owned reservoirs. Gov. Price Daniel has called a special meet-

# Sabin oral polio vaccine program to be Sept. 16

## For all citizens of Garza County

This could be it—the big push to stamp the threat of polio out of Garza County.

The county-wide effort to wipe out polio through the Sabin oral vaccine program will be launched here Sunday, Sept. 16, Dr. James R. Matthews, Garza County health officer, announced today.

Phil Crenshaw has been appointed chairman of the steering committee to complete plans for the mass immunization program in Garza County and already has set plans-machinery in operation for the first big day—Sunday, Sept. 16.

In cooperation with other physicians throughout the area served by the Lubbock-Crosby County Medical Association, of which Garza County is a part, local physicians are underwriting the oral vaccine program, which they hope will reach every citizen of the county.

Crenshaw was to meet late yesterday afternoon with the county health officer for the purpose of deciding on a site for the mass immunization and on other phases of the program.

Complete details will appear in next week's Post Dispatch. There will be no charge for the lump of sugar containing the vaccine, but donations of 25 cents or more will be accepted.

Dr. Matthews said any profits accruing from the donations will go to some worthwhile community project or projects. He said Mayor Powell Shytle will be asked to appoint a committee to recommend the project or projects for which the excess funds would be used. Dr. A. C. Surman will represent the medical profession on the committee, Dr. Matthews said.

The Sabin oral vaccine will be available to all persons six weeks of age and up.

How will the vaccine be given? Several drops of the vaccine, which is tasteless, will be put on a lump of sugar. It also can be mixed with distilled water. It will be given by dropper to infants. Should you have oral vaccine if you have already had Salk vaccine?

Yes, it is wise to take the oral vaccine. The Sabin vaccine is more effective and also eliminates the possibility of a person's being a carrier—which the Salk vaccine does not.

Effort fails to break into JP office here

Somebody unsuccessfully tried to force his way into Justice of the Peace D. C. Roberts' office in the courthouse Tuesday night or early Wednesday.

When Roberts came to work Wednesday morning he found evidence that an intruder tried to force the lock on the door.

does not. Do you have to register? Yes, Registration forms will be made available.

Already, some three weeks ahead of time, the program is becoming a community-wide and county-wide project. Most Post business and professional firms are sending out, in their regular monthly statements, reminders of the oral vaccine program.

Chairman Crenshaw said yesterday morning that in his meeting with the county health officer, a "make-up" time for those not receiving the vaccine on Sunday, Sept. 16, also will be decided on.

Complete immunization requires three doses—each about six weeks apart.

"While there has been a dramatic decline in the number of cases of paralytic polio," Dr. Matthews said, "the disease is not yet defeated. In the United States, there

were more than 1,500 cases of polio in 1961. More than 800 of these suffered either death or some sort of paralysis from the disease."

"The Sabin vaccine," he continued, "may be the final answer to the fight against this dreaded disease. The vaccine is easy to administer—no injection; it provides rapid action—in about one week, and it helps break the chain of transmission by stimulating intestinal resistance to future infection."

Work may begin within two weeks

## Dam's construction drawing near start

Construction of the long-awaited White River dam is expected to get under way within the next two weeks.

Not that everything has been settled by any means—but the six construction contracts have been awarded by the White River Board of Directors.

Although District Judge Victor H. Lindsey is reported still considering his ruling in a suit for injunction against the White River Municipal Water District to stop condemnation proceedings to take the land of Mrs. Lee Walker and others, the ruling will not affect actual construction work at the damsite, White River authorities said.

**THE AUTHORITY OF THE** district to take the necessary land up to the high water line has never been in question in the suit.

Awarding of the construction contracts came last Thursday afternoon at Crosbyton at a special meeting of White River district directors after completion of the injunction hearing before Judge Lindsey.

The contracts went to the low bidders previously announced. Steve Luce, former Post resident.

## No civil case goes to jury

Not a single one of the nine civil cases on the docket of the Garza district court here Monday reached a jury for decision.

Some were settled and others continued.

The contest of will case in the estate of Annie E. Cardwell was settled out of court.

A jury was impaneled and heard opening arguments in the case of Marion M. Mullins vs. Texas Employers Insurance Association, but a compromise settlement was reached at this point in the proceedings.

as the the Luce Construction Co. of Vernon received the contract to build the big earthen dam at a cost of \$1,000,152.65.

Talon Construction Co. of Texas received two of the contracts. It will build the water treatment plant at a cost of \$465,000, and the pump stations and tank foundations for \$78,445.

Black, Sivals and Bryson of Midland received the contract for the bolted steel ground storage tank for \$77,740.

**THE BIGGEST** contract, for the water pipelines to the four member cities, went to Steed Construction Co. of Fort Worth for \$1,720,183.60, figuring on the basis See **WHITE RIVER**, Page 8

In Close City school district

## Integration vote scheduled Friday

Eligible voters in the Close City Independent School District will be given the opportunity Friday, Aug. 31, to vote on whether or not they wish the dual school system continued in the district.

Absentee voting for the election on integration ended Monday with four absentee votes having been cast in the county clerk's office.

There were no requests for mail ballots for absentee voting, according to County Clerk Carl Cederholm.

The election will be held at the Close City school house, L. H. (Lonnie) Peel will be the election judge, W. D. Livingston, assistant judge, and Mrs. Lola Peel and Mrs. H. F. Wheatley, clerks.

The election was called by the seven-member Close City school board at a meeting Aug. 6 after the board had been presented a petition asking that the election be called and signed by the required number of qualified voters.

N. C. Outlaw, Post attorney, is handling the board's legal work for the election.

The Close City School has taught only through the seventh grade for

the past few years. Eight Negro students from the district attended Lincoln Elementary School in Post during the 1961-62 term.

Seventy-four residents of the Close City school district paid poll taxes for this year and it is estimated that there are about 20 registered exempted by reason of age.

## Garza PCG elects Herron and Bush

One new director was elected and another re-elected Monday night at a meeting of the Garza County unit of Plains Cotton Growers, Inc. in the district courtroom.

Lewis C. Herron Jr., a vice president at the First National Bank, was elected as a new director to succeed Powell Shytle. W. C. Bush was re-elected as the county's other PCG director.

approximately 30 persons attended the meeting and heard Donald Johnson of PCG headquarters give a resume of the past year's progress of the area-wide organization.

# The Post Dispatch

Post, Garza County, Texas, Thursday, August 30, 1962 Number 13

## Postings

By JIM CORNISH

The Dispatch's two top news items on today's front page are "good news." One is about the mass inoculation of Garza County against polio by the vaccine on Sunday, Sept. 16. The other is that they will soon get "moving dirt" on the long White River dam.

The effort against polio will require everybody's cooperation. Plans are now being formed up for the occasion and will be announced shortly.

The White River dam's beginning should get under way within weeks or as soon as former resident Steve Luce can get equipment on the site.

The amount of dirt that is going to be moved around for this one is something tremendous. We'll try to give you some idea of the size of the operation as soon as Steve and his crews in and lets us know plans.

One thing the damsite is going to have to be excavated down to a bottom depth of 60 feet, we expect before the dirt movers can get moving it in. That's quite a job to dig—and fill—just to start.

It'll still be reading a lot about the White River project in the weeks and months ahead. The district court out of the courthouse on its first condemnation—although the judge's full ruling will be available next week. **See POSTINGS**, Page 8

## Sprinklers going at park here

A sprinkler system is being installed this week by the City of Post on the south side of the City Park, between South Lake and the 4-H building.

To protect the new sprinkler system from motorists, some 200 posts have been erected to form a definite parking area, according to Camp, park board member.

Because of the lateness of the season, grass will not be planted on the south side until next spring, Camp said. In the fall, after the grass is up to a good stand, trees will be planted on the south side about the same pattern as already up on the north side of the park.

Tables and barbecue pits will be installed on the south side of the park after the grass is according to Camp.

## Faculty completed; schools will open new term Tuesday

The faculty of the Post Independent School District was completed here yesterday and everything appears to be in readiness for the opening of the 1962-63 term Tuesday morning.

The completion of the faculty came about at a luncheon session of the board of trustees at Tom's Place.

Meanwhile, at the schools, principals reported this week that enrollment, on the basis of pre-registration figures, will be up over the enrollment for the 1961-62 school year.

T. C. Clark, high school principal, said last year's peak enrollment there was 305 and that more than that have already been registered this year.

For the first time, the Post schools will be operating on an integrated basis following an election held here early in the summer. Some 80 pupils will be gained this year from the Lincoln Elementary School and from local Negro

## Mrs. S. M. Puckett rites are Tuesday

Funeral services for Mrs. S. M. Puckett, 84, of 105 West 14th St., who died Sunday afternoon in Garza Memorial Hospital, were held at 2 p. m. Tuesday at the First Baptist Church, where she was a member.

Mrs. Puckett's death followed that of her husband by only a little more than two weeks.

The Pucketts moved to their present home in Post 30 years ago from Dickens County. Mrs. Puckett had been in the hospital four weeks.

She was born Nora Taylor on March 11, 1878, in Fannin County and was married to S. M. Puckett on Nov. 5, 1899, at Fairlee, Tex. They lived on a farm near Greenville and in Hopkins County before moving to this area and settling in the Dry Lake community, near Spur.

The Rev. C. B. Hogue, pastor of the First Baptist Church, and the Rev. Clayton Pennington of Hodges, Tex., officiated at the funeral services. Special music included a violin solo by Lex Roby, "When They Ring Those Golden Bells," and two songs by the choir, "Rock of Ages" and "Abide With Me." Mrs. Glenn Norman was the organist.

Burial was in Terrace Cemetery beside her husband, under the direction of Hudman Funeral Home. Pallbearers were Archer Powell, Lloyd Hindman and Joe Kidd, all

**See PUCKETT RITES**, Page 8

high school students who had attended school in Slaton.

The first day of school Tuesday will see class periods operated on a shortened basis, with school to dismiss about 2:30 p. m. Buses will run and the lunch room will be open the first day.

The regular schedule will go into effect Wednesday, Sept. 5.

In the school board session yesterday, Dwain Robertson was employed as a math teacher and junior high coach. He comes to Post from Mineola.

James McEachern, a recent graduate of Howard Payne College, whose home has been in Midland, will be the new Spanish teacher.

Curtis Boase from Eastland is the new high school chemistry and physics instructor.

The school board also employed Mrs. Malcolm T. Bull as junior high school office secretary.

In the only other action at yesterday's meeting, trustees decided that the sex education instruction proposed for high school and junior high school here this year was not the proper responsibility of the schools.

Trustees decided that a meeting place would be made available for after-school-hours instruction to any group asking for it.

The condition of Nuel Landreth, 18, who was seriously injured late Thursday night or early Friday morning when his automobile overturned near Post, was reported improved yesterday afternoon at Garza Memorial Hospital.

The youth, son of Mr. and Mrs. N. R. Landreth of 715 West 4th St., has been unconscious much of the time since the accident and also sustained a fractured right shoulder and fractured right pelvic bone.

The accident occurred as Landreth was pulling onto FM Road 1313 one and one-half miles southwest of the city limits on a curve. His 1956 Ford sedan apparently turned over three or four times. He was thrown from the automobile, which stopped rolling about 125 feet off the road.

Sheriff Fay Claborn, who with Highway Patrolman Max Knox investigated the accident, said Landreth was found about 40 feet from his totally wrecked automobile by an oil field pulling unit crew going to work a little after 7 a. m. Friday.

The sheriff said the wreck was visible from the road in daytime, but not at night.

Young Landreth, a 1962 graduate of Post High School, was brought to the hospital here by an ambulance summoned by a member of the work crew that found him. The youth is an employe of Western Construction Co.

**County budget is to be adopted Sept. 10**

No citizens appeared Tuesday for the public hearing on Garza County's new budget which calls for the same 95 cents per \$100 valuation tax rate based on a taxable valuation of 12½ per cent of true worth.

County Judge J. E. Parker said the commissioners' court will formally adopt the budget at its next meeting Sept. 10.

## First stalk shredders shipped out

**TEN STALK SHREDDERS ON LINE**

Pictured above are the first ten Original Young Rotary Stalk Cutters on the assembly line at the Farmer's Machinery Corporation plant on the west edge of Post on the Tahoka

highway. First shipment of completed machines was made from Post Tuesday.—(Staff Photo)

William Young's patented four-row stalk shredders now are being built on an assembly line basis at the Farmer's Machinery Corporation's new plant on the Tahoka highway.

What's more, Post's newest industrial firm already has jumped its payroll to six production employees.

The first ten machines will be completed early next week. Several of them already have been delivered for sale in the Brownfield area.

William Young, head of the firm, explains that the firm is expanding its production line as it moves along in its early production stages.

"Right now," he says, "we can't keep up with our orders."

The company hopes to produce at the rate of 25 to 30 stalk cutters weekly when everything smooths out.

Already in the planning stage is a 100-foot extension to the rear of the present plant and the addition of a 100-foot ceiling track to move the cutters down the assembly line.

New manufacturing equipment is being installed and more is on order.

**JURY NAMES SELECTED**

A jury commission met at the courthouse here Tuesday and selected two lists of petit jurors and a grand jury panel for the September term of Garza district court beginning Sept. 24.
