

First in series of CoC city-wide promotions

# Washington Birthday Sale is slated for Saturday, Feb. 22

A George Washington Birthday Sale will be the first of three 1964 Chamber of Commerce sponsored city-wide promotions here Saturday, Feb. 22.

The Chamber directors at a special meeting last Friday afternoon voted to approve a total of up to \$750 from their 1964 organizational budget to be used for the "basic promotion" of three city-wide business promotions here during the year.

The promotions would be held on a quarterly basis.

Dave Sanford, chairman of the Chamber's new promotion committee, asked the board for approval of the \$750 expenditure for the three promotions and said his committee had approved the George Washington Birthday Sale as its first such promotion if the board agreed to underwrite such promotions. Sanford said the committee re-

commended the three promotions with the understanding that the merchants themselves would again underwrite the Christmas Parade if they agreed to continue the highly successful 1963 project again this year.

In past years, the merchants themselves have underwritten the financing of the basic promotion with the Retail Merchants Association planning the promotions, the merchants financing them, and the

Chamber of Commerce office collecting the money and paying the promotional bills.

The "basic promotional package" would consist of newspaper and radio advertising of the promotion and the cost of printing and mailing of any circulars the promotional committee deemed necessary.

The responsibility was left to individual merchants to advertise (See Birthday Sale, Page 8)

Thirty-Seventh Year

Post, Garza County, Texas Thursday, February 13, 1964

Number 37

What do Post leaders want to do about this community's future?

Some answers to that question will be forthcoming in the weeks just ahead when a reorganization plan for the local Chamber of Commerce is proposed and the Chamber's industrial committee asks local business and professional men to tackle the hard problems of reality in setting up a working base to seek additional industry with the White River dam's new water supply a few downpours away from reality.

Post's fresh, accelerated school program is proof enough that enthusiasm, drive and direction can work wonders on the local scene.

The community efforts which have been made in recent weeks to attract new doctors to town is another demonstration of what can be done when folks get down to facing reality in community problems. One new doctor opened his practice here this week and there are encouraging signs that others will follow.

We heard Harry Clark, executive director of the Texas Industrial Commission, speak at Vernon at the West Texas Press Association convention Sunday and he emphatically pointed out that Texas is showing most states in the nation how to attract new industry by putting it on a "community basis" with state experts in the industrial field doing the industrial promotion and lending all possible assistance and advice at the community level.

The most important single thing that Clark said was that he had found some Texas towns and cities were ready and eager to work and some weren't. "We don't have time," he said, "to work with those which aren't ready to go after new industry. But for those who do we have plenty of ways to help."

A mark of any community—in any field—is how ready and willing it is to be on the move and how well coordinated it is and how much enthusiasm it shows in solving its problems. Post has shown it can readily earn such an enviable reputation if enough of its citizens so desire. But it means moving from the talking stage to the "doing stage."

We hope to see Post his spring realize its potential—and get "on the move."

## Voters to name 3 trustees in school election April 4

The board of trustees of Post Independent School District, at its regular February meeting Monday night, called the annual school board election for Saturday, April 4, and named Mrs. Lucille Morris as election judge.

Three trustees are to be elected to the seven-member board. Mem-

bers whose terms are expiring are E. R. (Buster) Moreland, Place 1; Dr. John E. Carter, Place 2, and Russell Wilks Jr., Place 3.

Under the new election system adopted by the board at its August, 1963, meeting candidates will run for a specific place on the board and will be required to designate

## Bouchier is elected secretary of board

Board member Ronnie Bouchier was elected secretary of the board of trustees of the Post Independent School District to replace Malcolm T. Bull when the board met Monday night for its regular February session.

The board had accepted the resignation of Bull, who resigned to enroll in the School of Pharmacy at the University of Texas. The board also authorized a letter of

commendation to the former trustee for his service to the students, teachers and patrons of the school district.

Also Monday night, the board tentatively approved a proposed junior high school intramural program in football and basketball that would do away with 7th and 8th grade inter-school contests except for one all-star game in each (See Bouchier, Page 8)

## Work gets under way on new sewer project

Construction of Post's long-awaited sewer system extension project began Tuesday morning with the Clyde Construction Co. of Odessa as contractor.

The construction company moved in its heavy equipment Monday

and ditching operations began Tuesday at the disposal plant south of Postex Mills.

It is estimated that the project will cost approximately \$62,000, including about \$5,000 in engineering costs. The contract was awarded the Odessa firm on its bid of \$54,062.40, the lowest of four bids submitted.

The contract calls for the sewer extension to be completed within 150 working days after the work order is issued.

Federal aid is being received on the project in the form of a grant paying 30 per cent of construction and engineering costs.

Bill Spenabel is foreman on the project for the Clyde Construction Co.

The project calls for a 10-inch sewer line, approximately 9,400 feet in length, which will start with a tie-in to present sewer lines at Ave. K and 15th St.

The new lines will run down East 15th to Pine Street, south to U. S. Hwy. 380, and continue in a south and southeasterly direction past the Mill Village on the east and around the east side of the mills to the disposal plant.

The extension will provide the first sewer system for that part of the city east of the railroad tracks and will run down the west edge of the site of the proposed Public Housing project located on the former Lincoln School property.

## City sets survey on sewer tie-ins

Residents of those sections of the city to be served by the new sewer system extension are requested to come to the city hall to sign up if they wish their homes tied in to the sewer lines, City Supt. Eddie Warren said today.

Work began Monday on the new sewer project and the city superintendent explained that the city needs to know how many tie-ins are required so cost estimates of the tie-ins can be made.

These cost estimates need to be made as soon as possible, Warren said in urging homeowners to lose no time in coming to the city hall to sign up if they wish to tie in with the system.

## Post youth enlists for four years in Navy

Kenneth Howard, 21-year-old son of Mrs. Julie Howard, 402 West Sixth Street, was sworn into the U. S. Navy Monday at the main area recruiting station in Albuquerque for a four year enlistment.

Navy recruiter G. L. Vinyard of Lubbock said Howard has been sent to San Diego where he will receive nine weeks of Navy recruit training.

## City reminds of dog ordinance

Dog owners are reminded this week of the city ordinance against stray dogs and are warned to have their pets vaccinated and licensed.

A veterinarian, Dr. Murray, is here from Spur every Wednesday and will vaccinate dogs taken to him at the 4-H building.

Dr. Murray will also issue a city license and tag after the dog is vaccinated or the license and tag may be obtained at the city hall.

## Gas cut off to 12 houses here

Gas to 12 houses in the same general vicinity here was turned off Wednesday night of last week by someone for whom the city police was still searching yesterday.

Most of the houses at which the gas was turned off were in the 500 blocks of 11th, 12th and 13th streets, according to Ansil O'Neal, local manager for Pioneer Natural Gas Co.

The culprit, or culprits, who turned off the gas evidently just picked cutoffs at random up and down the alleys at the rear of the houses.

The gas company learned of the unauthorized cutoff when a user called to say the gas had gone off when he tried to light his stove.

A gas company employe had the gas back on at all the houses within a matter of minutes after the cutoff was reported, O'Neal said.

Police Chief Elton Corley said yesterday that his department is still working on the case.

## Teaching demonstration presented before RMA

Mrs. Bettye Scott, helping teacher of Post Elementary School, gave a demonstration of patrolism before the Retail Merchants Association of Post at its weekly luncheon last Thursday at Levi's Restaurant.

The demonstration, using much of the new visual and sound equipment of schools, was designed to be presented to elementary school children and was given before the RMA to illustrate the new teaching methods now being employed in the local schools.

## School advisory group to meet again tonight

The 15-member Citizens Advisory Committee of the Post Independent Schools will meet at 7 p. m. tonight in the Post High School Library to begin consideration of sub-committee recommendations in various fields of school endeavor.

The sub-committees which have been meeting since November have virtually completed their work on the needs of local schools for the next three years.

PASTOR OF NEW PARISH INSTALLED

The Rev. Richard Casey (right) was installed at 10 a. m. Sunday as pastor of Holy Cross Catholic Church here, which was raised to the status of a parish on Jan. 31. Also shown is the Rev. Peter Marsch, pastor of St. Joseph's Church, Slaton, who installed Father Casey.

## Hospital board names active staff member

The Garza County Memorial Hospital for the first time since the retirement of Dr. A. C. Surman in January now has an active physician member on its medical staff.

The hospital board last Thursday

at its February meeting voted Dr. James G. Casey, Post's new physician who opened his local medical practice here yesterday, onto the staff as an active member.

The board at the session made no change in its policy to admit emergency and obstetrical cases from local physicians not on the hospital staff.

In its only other action, the board accepted the resignation of Mrs. Malcolm Bull from the board. Mrs. Bull has moved with her husband and family to Austin where Mr. Bull is studying to become a pharmacist.

Other board actions were reported to be of routine nature.

## Rotarians told of science fairs

James Pollard, 1964 director of the regional science fair for high school students and a math instructor in the Post High School, showed Post Rotarians at their luncheon Tuesday noon, color slides of the 14th annual International Science Fair held last May in Albuquerque, N. M.

Pollard was assistant director of the regional fair last year and attended the international fair which drew 419 finalists from some 219 science fairs in the U. S., Germany, France, Italy and Canada.

Among the slides were a number of winners in various divisions of the international science fair shown with their projects which Pollard described to Rotarians.

Some of the research done by these high school students, he said, were of such value as to bring about continued study by medical scientists.

Pollard explained the Post science fair will be held here in April for both high school and junior high students with the six best entries going on to compete in the regional fair at Lubbock later the same month.

Regional winners will then be entered in the 15th International Science Fair in May, which will be held this year in Baltimore, Md.

## Nazarene pastor is recalled here

The Rev. K. S. White, has been recalled for another year, his third, as pastor of the Church of the Nazarene here.

The congregation voted to recall Rev. White at a special meeting Sunday evening with the district superintendent, the Rev. R. W. Hurn of Lubbock, presiding.

Rev. White and family moved to Post from Wellington, Tex.

## Dr. James Casey opens medical practice in Post

Dr. James G. Casey, a new physician who moved here this week from Odessa, opened his medical practice yesterday in a new temporary office at 611 West Seventh Street.

The office, a ready-built building moved in from Lubbock, is on a lot just north of the Garza Memorial Hospital parking lot.

Dr. Casey is the first new physician to be attracted here by community efforts to relieve the local "doctor shortage."

He is 36 years of age. His family consists of his wife, Naomi, and one daughter, Debra, 6. They are residing at 1002 West 11th St.

Dr. Casey was voted onto the medical staff of the Garza Memorial Hospital by the hospital board at its monthly meeting last Thursday night.

He is a graduate of the University of Oklahoma Medical School (class of '54). He interned in 1954-55 in Mercy Hospital in Oklahoma City. In 1955-56 he was a surgical resident of the Veterans Administration Hospital in Oklahoma City.

He then practiced for five months at Hollis, Okla., before moving to Andrews, Tex., to open practice there.

From June, 1962, to July, 1963, he was in urological surgery at Veterans Memorial Hospital in Dallas. He had opened an office in Odessa last Oct. 1.

Dr. Casey said he had considered coming to Post several years ago and found at that time that only a shortage of water, soon to be corrected by the White River dam, was the community's only drawback.

## Ralph Welch in race for sheriff's office

Welch indicated he will make a formal statement later concerning his candidacy.

## Carrying a message of the future

The Dispatch today salutes the Texas Industrial Commission as the No. 1 unit in Texas state government today which is getting the most mileage out of the taxpayers' dollars.

And mighty few of them they get, too. At the West Texas Press Association's winter meeting in Vernon over the weekend we heard Harry Clark, executive director of the industrial commission, who was our principal speaker.

Harry brought a message which came through "loud and clear" to us—and we hope we can impart some of the enthusiasm Harry has to our Post Chamber of Commerce and its industrial committee.

Some of the things Clark told us were well nigh unbelievable.

As you know Texas was the last state in the nation to organize an industrial development commission. It came about in 1958 and required the approval by Texans of a constitutional amendment to permit Texas to advertise and promote industry with the taxpayers' dollars.

Well, this is to report that on a paltry few dollars, the Texas Industrial Commission is an outstanding success.

Clark, a nationally-known industrial developer, took over his present job in January, 1962.

Today, Clark, besides himself, has a staff of only five persons, including two women office secretaries. He has an annual budget of only \$179,000 on which to operate. That today is the lowest per capita amount being spent by any state industrial commission.

But look at the results. In 1963 Texas ranked second, behind only New York, as the state securing the most new industries within its borders during the year. In 1963 it received the national award as the state industrial commission doing the most effective job.

Clark showed us a number of "mail outs" of the industrial commission which have gone into the office of 5,000 of the nation's leading industrialists. They were superb—eye catching and attractive. He showed us a small ad series run in some of the nation's top magazines out of that small \$179,000 budget. They were judged to be the most appealing ad series to appear last year in any of the magazines from industrial commissions

seeking industry.

When Harry gets a reply from a mail-out or ad, he puts them on what he calls his "suspect list" and makes the list of over 100 firms available to every city industrial foundation or Chamber of Commerce seeking new industry.

Harry Clark has the other two members of his staff traveling like himself constantly back and forth across Texas meeting with Chamber industrial committees and community industrial foundation directors.

He puts out a monthly news letter, filled with new ideas on seeking new industry, to all Chambers and industrial foundations interested.

In other words, he runs the promotion campaign from Austin and encourages Texas communities to do the "follow-ups". He says some towns are "geared to go" for new industry and some aren't. The ones that are get all the help they want from his office, including personal advice on problems and how to go about the job.

This is something Post needs to take advantage of and we hastened after Clark's address to get a supply of his community service mail-outs coming our way for Chamber consideration.

Harry hammered at the theme, as others have before him, that the national trends are for big cities to grow bigger and small towns to grow smaller until 1980 when the trend will be reversed due to saturation living conditions in the big cities. He urged the small towns to get organized—and buck the tide.

He said that U. S. industry, built from the revolution in 1776 to the end of World War II, is due to increase 100 per cent in the 25 years from the end of the last conflict to 1975. This, he said, will account for the big job increase.

Harry Clark is carrying a message of the future all over Texas. We want him to bring it to Post. We want the Post Chamber to reorganize and activate itself with a full-time, professional Chamber manager this year and get on with the all important job of Post's future.

It is going to take some dedication, a lot of time, and some money on all our parts. But as Harry Clark said there is no room for complacency in any small town today.

It we don't—somebody else will.—JC

## Issue developing over fire siren

Ever since the present fire siren was installed here some three years ago, the town has been pretty well divided into two camps—those who think the siren gets the job done and those who think it's for the birds.

It has never become a burning issue on the local scene, mainly because it doesn't blow all the time—only when there is a fire. As a matter of fact, we don't recall ever having heard of anyone having a falling out over the siren, although we have heard some strong arguments pro and con on the subject.

The main objection we've heard to the siren is its location—on the courthouse lawn near four churches. We've heard it said by some of the churchgoers that when the siren blasts off during a church service it is more than a little disconcerting.

We'd heard all along that some of the firemen

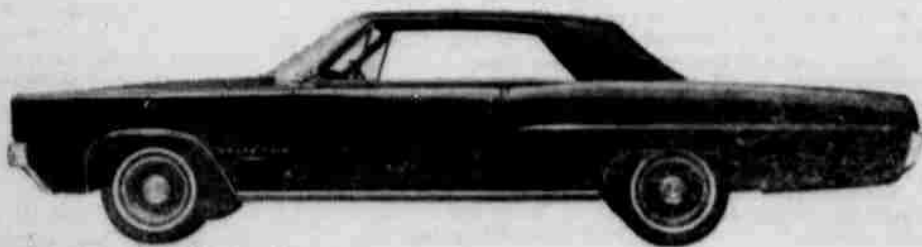

are unable to hear the siren, particularly when the wind is out of the west or southwest, but we hadn't heard this complaint brought out into the open until the fire chief did so at the February city council meeting.

The fire chief told the mayor and city council that inability of all the firemen to hear the siren is cutting down on the number of firemen turning out for fires, which isn't good.

Considering the present hook-up with the police radio station and other investments in the present siren, it no doubt would be expensive, as well as impractical, to stop using it altogether and go back to the old siren. It appears to us that the best thing to do would be to move the siren to another location, where it would be possible for everyone to hear it and at the same time have it where it would not unduly disturb a church service or any other gathering.—CD

ST. VALENTINE'S Day is Friday and that's the day we're supposed to speak the language of love with flowers, poetry and chocolates. But not all three at once, fellows; no sense in overdoing it.

As anyone can tell by looking at the picture, our cat Blackie had wandered far from home when he was caught in the above "pose."

THE MAN UP the Street says a good listener is not only popular everywhere, but after a while he knows something.

Louise (Mrs. James) Dietrich was the first to call in last Thursday afternoon with a correct solution to our "Who Is the Engineer?" puzzle. Others who worked the puzzle correctly found that Smith was the engineer, Jones was the brakeman and Robinson was the fireman. So, to Mrs. Dietrich goes the Dispatch subscription we offered as a prize to the first reader turning in a correct solution.

ONE READER called to inform us that the same puzzle appears in the current issue of Reader's Digest. That makes The Dispatch and the Reader's Digest even. They ran the Norwegian, zebra, etc., puzzle about six months after it appeared in this newspaper.

Russia and Cuba have been mad at us for a long time. The Panama Republic got huffy over the canal question and France got sore at us for our reaction to their recognition of Red China. But we didn't know England was mad at us until they sent the Beatles over here.

TWO NEWCOMERS to Post have the same surname—Casey. They are the Rev. Richard Casey, who was installed Sunday as pastor of Holy Cross-Catholic Church, and James Casey, M. D., who has moved here to practice medicine and become a member of the medical staff of Garza Memorial Hospital. A few folks here were wondering when they heard a Dr. Casey was moving here if his first name might be Ben. As it turned out it wasn't, but Father Casey out at the Holy Cross Church has a brother who is a doctor and his name is Ben.

On the same subject, I've about come to the conclusion, after all these years, that one of my first newspaper employers might not have been so far off base after all in his desire to have everyone whose name appeared in the paper's editorial box to use initials instead of a first name. For instance, he suggested that instead of me using my first name, I use my initials, "C. L." This fellow was of the opinion that there is something more "solid" in initials than there is in a first name, such as Billy, Bobby, Jack, Charlie, etc. I've never run across another fellow just like him since, but as I said, he might had had something... especially when you stop to think of Billy Sol Estes, Billy Jack Gage, Bobby Baker, and a few others. You can balance things up, of course, with such "solid" fellows as Billy Sunday, Billy Graham, Bobby Jones, and others. Excuse us for not including Billy James Hargis, the Christian Crusader of Tulsa, Okla., in either list.

WITH A BIG election year under way, folks are becoming more and more "political" conscious. I attended an '88' domino party Saturday night at which one of the players remarked: "Evout for two people from Precinct 2 this is strictly a Precinct 1 party."

I'm keeping my collection of candidate cards under the glass on my glass-topped desk here at the office. Candidates are invited to drop by to see if their card is there—in case they're interested.

## In Texas... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

Now time to plan for native grass seeding

By DOUG CUNNINGHAM
Soil Conservation Service
This is the time of year when farmers or ranchers who are considering native grass seeding should be making plans to do so. Unlike annual crops, seeds of native grasses are comparatively slow-germinating, and much of the seed will be dormant on the ground for some time before sprouting. Early seedings may have the advantage of some snow before spring rains. The Double U Ranch has converted several hundred acres of low capability cropland to native grass in the past five years. Most of this was sandyland, supporting a vegetation of only weeds and inferior species of grass. It is being returned to productive grassland by reseeding with good grasses such as Indian grass, switchgrass and sideoats grama. They feel that early seeding has contributed to the success of their plantings. Considerable acreage in Garza County would be better used as grassland. Persons interested in more information about grass seeding should contact the local Soil Conservation Service office, assisting the Garza Soil Conservation District.

AUSTIN — Eating out and grabbing a cup of coffee are part of the American tradition. Twenty-two million meals — roughly speaking—will be served in 16 thousand Texas restaurants this week. And enough coffee is drunk each year in the nation to float about 450 mammoth battleships. The fact that you can go into the majority of the restaurants and eat a wholesome meal is an accomplishment. This is especially so when you consider the 75 different communicable diseases existing in the United States — about 28 or more which can be transmitted through insanitary food production, processing, distribution, preparation and service. For more information about these food schools, contact your local or state health department. Managers, supervisors and all other employees of eating establishments are principal participants. However, the same principles apply to all public and private foodhandlers—whether housewife or canner. Discussions during the three sessions of two hours each deal with the causative agents of communicable diseases: virus, bacteria, protozoa and worms; the source of these organisms (sick people, people who are carriers, and sick animals); the mode of transmission from the source to susceptible persons; and the ports of entry. Emphasis is placed on the fact that if people are properly vaccinated, and thereafter practice sanitation, personal hygiene and food refrigeration, the majority of these diseases could be greatly reduced or stamped out. Do you plan to eat one of the estimated 105 million meals to be served in the nation or 2.5 million meals to be served in Texas today? If you do, look for the restaurant's placard and personnel certificates showing their interest in a high standard of health by participating in the available training.

## It's My Turn ...

—By MRS. C.

One has to water the beans every two hours in order to make them sprout so I guess I will raise them (or grow) mine at the Post Dispatch. I didn't think to ask if one had to get up during the night to water them but have just remembered that this restaurant closed at 11 p. m. and the cook didn't look like he slept in the kitchen, in fact he looked well rested, so I'm sure not. I'm going to put my beans in a coffee can and devise a cover of some kind that rests on the beans and has holes in it and is weighted down with something and I'll bet you anything that this does not work, my thumb being anything but green.

If I start this project Thursday and bring them home for the week, end I ought to have something to show off by next Monday or Tuesday. If successful, we can all start raising mung beans instead of blackeye peas, open a Chinese restaurant, and serve our own bean sprout salad and give a whole new spurt to the local economy.

As for the world championship quarterhorse, he sounded dull. He lives in an air-conditioned stable and charges \$5,000 dollars for a stud fee. We only paid 25 cents apiece for our salads and came home much brighter than when we left. That old Chinese philosopher, Confucius would say if he'd thought of it: "More people eat two bits for salads than \$5,000 for quarter-horses."

This is National Electrical Week, marking the 117th anniversary of the birth of Thomas Alva Edison. It was Edison's invention of the first practical incandescent lamp that gave birth to an industry that now employs more than three million men and women, or 1 out of every 20 American workers. MY

UPSIDE

DOWN

PRAYER

I'll never forget the first time I saw a harp. I was walking by a music store with my mother and it was there in the window, tall and golden. I knew, then and there, that I wanted to be a harpist.

But, my heart sank, for I knew my parents could afford neither the instrument nor the lessons. I started to pray every night to God to send me a harp.

Nothing happened. My small spirit rebelled, and I blurted out to my Sunday School teacher that my prayer hadn't been answered. My teacher was a wonderful woman. She just said, "You've been going about this in the wrong way, Ann. You've been *demanding* something of God. Don't you think it would be better if you *asked* Him?"

Her quiet words made an impression. The tenor of my prayers changed. And the teachings of the Church meant more to me than ever.

Well — in time I did become a harpist. Recently, I played my first concert. And as the great, golden instrument came to life beneath my fingers I hoped that the angels, too, were smiling.

**THE CHURCH FOR ALL • ALL FOR THE CHURCH**

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Lab explosion burns teacher**

Norman Gee, high school science teacher, received third degree burns on the right hand and first degree burns on the face last Thursday in an explosion in the chemistry lab.  
 Mr. Gee was making flash powder outside class for use in the Senior play. The explosion occurred when potassium chlorate and sulphur was ignited by the friction of metal on metal.  
 The teacher was treated for the burns and is in school this week with a bandaged hand.

**Problem of two-faced friend handed Gerty**

**DEAR AUNT GERTY:**  
 What can you do when you find out that a friend, whom you thought you could trust, turns into a two-faced person? I really like this person, but I cannot trust her with anything. Please tell me what to do.  
 RUINED-BY-BIG-MOUTH

**DEAR RUINED:**  
 The solution to this problem is not too hard to figure out. Surely you could have done it without my help. Simply stop telling this person anything you do not want to get around. That is, if you can keep it to yourself.

**SHOWING AT TOWER**

Elvis Presley stars in "Fun in Acapulco," now showing through Saturday at the Tower Theatre. It's a Hal Wallis production in Technicolor and also stars Ursula Andress, Elsa Cardenas and Paul Lukas.

**- Post High-lights -**

The Seniors' lives have again become their own. Now that the play is over they will again be able to experience the comforts of home life.

The play cast and the Senior class would like to express their appreciation to Mr. Carlyle and the class sponsors, Mrs. N. R. King, Mr. Charles Hopkins and Coach Glynn Gregg for their wonderful cooperation in making the class play, "Drums of Death," an outstanding success.

Many of the girls in Post High School are looking forward to Saturday night and the FHA Valentine Sweetheart Contest. There will be a representative from each organization, club and class competing for the title. Good luck, girls!

French 1 class seems to have a major problem. It seems Mr. Robertson and the red marks in his grade book are a hindrance to the gossip in the class.

It seems Mr. Gee had a small accident last week. He got rather singed while concocting "Devil's Breath" for the Senior play.

It has been school policy that students are not to receive notes in class unless sent from the office. It seems things have changed, because Linda Rogers receives mysterious notes from the AA.

Valentine's Day is upon us. There are many "fat" and happy girls who are lucky enough to already

have their candy. Others remain hopeful, while others long for it to pass quickly. Wouldn't it be nice if Cupid were a constant friend to all?

**Long Tall Traveler**

The 8th grade girls' basketball team made up this song to be sung to the tune of "Long Tall Texan". Well we're the long tall Travelers,  
 We ride a big gold bus.  
 Yes we're the long tall travelers,  
 We wear a black and gold suit!  
 Well people look at us and say  
 Oh coach, oh coach, is that your bus?

Well we're the long tall travelers,  
 We wear a black and gold suit.  
 Yes, we're the long tall travelers,  
 We wear a black and gold suit!  
 Well people look at us and say,  
 Oh coach, oh coach, are those your girls?

We were walkin' down the street with our black and gold socks.  
 Our tennis hangin' at our feet,  
 We saw a judge comin', comin' with a trophy.  
 We just can't be beat!

Yes, we are long tall travelers,  
 We enforce justice to the team.  
 Well we are long tall travelers,  
 We enforce justice to the team.  
 Well people look at us and say,  
 Oh coach, oh coach, are those your travelers?

**7th Grade Gossip**

By Petra Hill  
 We're all sorry to see Thomas and Billy Cain leave.

We're all giving a big boost to our basketball teams, the Toastettes, Crispy Critters, Travelers and Antelopes.

Is everyone being popped with rubber bands??

Vicki, congratulations on being the queen of the Crispy Critters. They were giving you a present but Coach Jones got it.

Has everyone been satisfied with Coach Black's fish, frogs and cats?

What three lucky boys are getting licks from Coach Jones for fighting on the bus? Tell us about it Mike, Murphy and Gary.

Tomorrow we get out at 2:20 (Whew!)

**Pictures taken for PHS annual**

By Carol Camp  
 Thursday was a jumbled day at Post High School. Pictures for the annual were taken.

Some of the pictures taken were Who's Who, class favorites, senior superlatives, National Honor Society, paper staff, Language clubs, Math & Science Club, Future Homemakers of America, Pep Squad, basketball.

Choir, Band, Junior and Senior play casts, Library Club, Mr. and Miss PHS, Football Queen, Pep Squad Sweetheart, Band Sweetheart, FFA Sweetheart, Student Council, and the teachers.

Even though this seems as though it should be plenty, there are many more pictures yet to be taken.

**Party is held Friday following Senior play**

By Diane Kiker  
 Following the Senior play, which was a great success, the Senior play cast and student assistants celebrated with a party held at Weldon Reed's home. It was also a surprise birthday party for Linda Pennell.

Refreshments were served while everyone laughed over the blunders of the play.

After the boys left, the girls remained for a slumber party.

By Patsy Pierce  
 Have you heard about Kay Linton? She is going with someone. How about it Kay, could it be Roy Britton?

I wonder who has been bothering Mr. Davis lately. Could it be you, Kay?

What's this about Mickie Sterling getting thrown out of the dressing room in gym.

Hope the 8th graders like saying poetry.

Hey, Helyn, please don't take all of Mr. Stone's rulers.

Melba, have you and Mr. A settled your problem about a purse?

8-C surely is happy to be ahead in the attendance contest.

Sure hope that the basketball games turn out all right.

Zelika, will you please stop taking people's notebooks out of their lockers?

When 8-C met on Jan. 24, they elected Ronnie Petty as their vice president. On Jan. 31 8-C heard a talk on party manners during activity period.

**45 Post teachers are attending workshops**

Forty-five Post teachers are attending workshops in English at Lubbock and Andrews.

The in-service workshops, sponsored by the West Texas Study Council and Texas Tech, were held at Lubbock Friday and Saturday, and one is scheduled at Andrews Friday, Feb. 14.

The workshops are designed to improve the quality of English instruction at the elementary and secondary level.

Due to the workshops, school will be dismissed at 2:30 p. m. Friday, Feb. 14, and all buses will run at that time.

**SOME UNREHEARSED ACTION**

**Senior class thanks all who helped make 'Drums of Death' big success**

The Senior class says "Thanks" to everyone who turned out Friday night for the Senior class play, "Drums of Death." We sincerely hope you enjoyed watching the play as much as we enjoyed putting it on.

A special thanks goes out to Mr. Carlyle for devoting his time and energy to help make the play a big success. We cannot leave out our sponsors, Mrs. King, Mr. Hopkins and Coach Gregg, who were so very patient with and helpful to us all. We could not have made it without any of these.

There were a few unrehearsed parts in the play that added a few laughs. For instance, the lights were supposed to go out for just

a flash, but since it was completely dark, it seems Carol Smith could not find the light switch. As a result, it remained dark longer than it was supposed to, while the actors on the stage extended the screams a little longer, between laughs.

We cannot forget Kenneth Barnes, playing the part of the sheriff, tripping over the lamp cord, leaving the stage close to dark again. All in all, the cast did very well. The Senior class says thanks to them for working so hard to add to its success.

Last, but not least, a thanks goes out to the student assistants, who worked very hard on just about any and everything.

their own particular promotional bargains, just as it has been in the past.

A George Washington Birthday Sale, held annually in most major cities across the country on Washington's birthday, Feb. 22, calls for all participating merchants to advertise a limited number of bargains at ridiculously low prices besides other specials which would be good throughout the day.

The sale here will be a one day affair. It was tried last year by several merchants only and they reported it an outstanding success.

Dispatch readers are advised to watch next week's paper for Washington Birthday Sale bargains which will go on sale here on a first come, first served basis.

Members of the Chamber's promotion committee, besides Sanford, include T. B. Odum, Don Dunbar, Victor Hudman, Clint Herring, Jim Jackson, Jimmy Hundley and Jim Cornish.

At the Chamber's directors session, President Frank Blanton announced the following committee chairmen appointments for 1964: Buster Moreland, budget committee; Jack Lott, farm-ranch relations; Jim Cornish, reorganization study committee; Irby Metcalf, industrial committee; and Barry B. Thompson, membership.

Directors voted to have five Chamber observed holidays for 1964—the same ones as in 1963—New Year's Day, Christmas Fourth of July, Thanksgiving and Memorial Day.

J. T. Strance appeared before the directors and asked for any assistance possible in helping work out details of a road straightening project to a new gravel pit he has opened east of Southland. He said most of his employees planned to make their homes in Post and that his truck fleet would be registered in this county.

Odams are staging a real Sizzler Sale at Western Auto, so there ought to be a lot of activity in the 300 block east Main the next few days. Look for their sale announcements in this issue.

Postings today welcomes a new business to Post — The Happy Donut. That's the imaginative name of a new donut shop at 409 South Broadway operated by Bob and Inez Denton. The Dentons came to Post from Oklahoma City, but they are not entirely newcomers to the community. They lived here in 1951-52 when Mr. Denton did some highway concrete work in this area. Mrs. Denton, who has been baking for so many years she refuses to name the actual number, was last employed by the Sky Chef restaurant of American Airlines at Oklahoma City. It prepares the food to serve on flights of all major airlines out of the Oklahoma City air terminal. You'll note the Dentons' announcement ad on page 8 of today's Dispatch.

Dear Editor:  
Would like to express my opinion on the hospital and Dr. Tubbs.  
Dr. Tubbs is one of the best doctors I have ever known and I think he should not be denied the right to use the hospital.  
Thought this was a free country but guess it isn't as the board and commissioners seem to run it.  
Respectfully,

sport. At the same time, the proposed new junior high athletic program would furnish the opportunity for more students to participate in organized athletics under school supervision.

The new intramural program is still in the process of being organized and is scheduled to begin with the 1964-65 school year is approved by the board.

Supt. Barry B. Thompson told the board that while it will take a fairly large initial investment to set up the program, he is convinced it would help keep more of the potential dropouts in school and create a greater interest in school on the part of the junior high students.

The board voted to renew the contract with Prichard & Abbott, tax engineers, at the same fee of 2 per cent per \$100 tax valuation.

Supt. Thompson reported that \$3,386.20 in delinquent school taxes have been collected since the delinquent tax collection program started Sept. 1, 1963. He also reported the school district has filed 13 delinquent tax suits in district court, four of which have been settled out of court by payment of the delinquent taxes.

The trustees also saw a teaching demonstration presented by Mrs. Ella Mae Hudman of the elementary school faculty. The demonstration was on the teaching of health and science in the elementary school.

# Does defeat Slaton Tigerettes to win district title

## Lopes lose to Tigers, 58-56, double overtime

Post Does defeated the Slaton Tigerettes, 42 to 33, to win the District 4AA championship, and the Lopes lost to the Tigers, 58 to 56, in a double overtime Tuesday game before a wildly cheering crowd packed the high school gym here.

Does' big victory over the Lopes was a spotless record for the team with a spotless record through five district games. The Friendship game here was the only regular season game left on their schedule.

The second year in a row, the girls will meet Friona in the district game to determine the champion in the regional tournament in the regional tournament. Last year, Friona defeated Does by two points, then won the tournament and finished runner-up in the state tournament.

**BIG BREAK** for the Does came in the fourth quarter when they broke a 23-16 lead to lead 23-16 at the time intermission.

Does' defensive play marked the first five minutes of the third quarter with each team having only one point each halfway through the period.

The Tigerettes were able to get only one point off the Does in the third quarter and the Lopes were out in front 28 to 23 into the final 12 minutes of the game.

Does' first score in the fourth quarter came with 7:38 remaining when Nita Wilson that led the Does' lead to 30-23.

McSween hit two charity shots to make it 30-25, but the Tigerettes pulled up two free throws to tie the score with 7:20 left.

**HIT TWO** more from the drive line to tie the score at 27, but the Tigerettes kept up with Williams driving in lay-up. Wilson committed a foul in the rebound and was sent back both free throws to Slaton behind by only one point.

Does was fouled by Tigerette as she drove for the lay-up and hit one of her two free throws to make it 33-31 in the final seconds later, Mar-

ilyn Jones hit one of two from the free throw line after being fouled by Davis and the Does were out in front, 34-31.

Jones, fouled again by Davis with 3:11 remaining, hit both free throws to boost the Post lead to 36-31. Two more charity tosses by Wilson after Post guard Cheryl Martin was fouled by McSween gave the Does a 38-31 lead with 2:02 left to play.

McSween added two points for the Tigerettes on free throws with less than two minutes left and with the Does in their delay game. That ended the scoring for the Tigerettes, but Wilson hit four more free throws for the Does to give them their nine-point margin of victory, 42-33.

**MARILYN JONES** was high scorer for Post with 22 points, with 17 of those points coming in the first half on eight field goals and one free throw. Wilson finished with 20 points on four fielders and 12 free throws. The Does' other forward, Vivian McWhirt, did not score, but contributed greatly to the Post win with her cool ball handling and her feed-ins to Jones and Wilson.

Starting guards Cheryl Martin, Darla Pierce and Dee Ann Walker went all the way for the Does and did a good job of holding the well-balanced Tigerette scoring attack in check.

McSween's 12 points took scoring honors for Slaton, with Williams hitting for 11 and Jane Thompson for 10.

The large crowd barely had time to recover from the girls' game before they were in the thick of the thriller between the Antelopes and the Tigers.

Employing a sinking man-to-man defense, Coach Will Bigott's Antelopes held the Tigers to 14 points in the first half and were ahead, 24 to 14, at halftime.

**SLATON CHOPPED** four points off the Post lead in the third quarter to trail by six points, 36-30, going into the final 12 minutes.

The final period proved the upset-minded Antelopes' undoing, with starters Teddy Scott, Danny Pierce and Ronald Simpson fouling out and being replaced by Robert Moreau, Charlie Brown and Sammy Sims.

The Tigers kept shaving away at the Antelope lead, pulled up to 50-42 at the end of the third quarter. (See Slaton Games, Page 11)

Two of the many fans who have high hopes of the Does going all the way this season are Nita Wilson's parents, Mr. and Mrs. C. R. Wilson, who rarely miss a game. They admit they've been pulling for the Post girls' team to make it to the state tournament since long before Nita began playing.

**AS ONE OF THE** South Plains area's most outstanding high school girl basketball players of all time, numerous honors have come to Nita, but she is still just as modest about it all as she was when she first made the varsity team as a freshman. Her popularity with her fellow students is attested to by her recent election by the student body as "Miss Post" of 1963-64.

Nita made the all-district team as a freshman, sophomore and junior and appears well on her way to repeating as a senior. She has been named to the all-tournament team in just about every tournament in which the Does have participated.

At last year's Post High School athletic banquet, Nita received the

Outstanding Athlete award, as well as the Most Valuable Player award in basketball. She maintains a "B" grade average and is secretary of the senior class.

Nita's coach says her best move at the basket is a jump shot. She is deadly at the free throw line, where she is hitting at a 74 per cent average.

She ranks high among her teammates in grabbing off rebounds, plays an all-around good defensive game and makes few mechanical errors. Double-teamed a lot this season, she has helped take up the scoring slack with accurate "feeds" to the other Does forwards.

The attractive brown-haired cage star plans to attend college, but as yet is uncertain whether it will be at a college where she can continue her basketball career.

# 'Miss Basketball' is setting records here

**Captains Does to second district title**

A fabulous four-year basketball career at Post High School is nearing an end with the approaching graduation of Nita Wilson, captain of the Post Doe girls' team, which defeated Slaton Tuesday night to repeat as District 4AA champions.

Nita, a 5-foot, 8-inch forward on Coach Mary Lee Stockton's Doe team, began setting new individual scoring records here as a freshman. She hit her peak scoring mark as a junior with 1,071 points in 1962-63. This season, through 24 games, she has scored 756 points, an average of 31.5 points a game.

With this season's shorter schedule, Nita admits she doesn't have a chance of shattering the record she set last year. Her average this

season, however, is only .5 of a point below her record-setting average of 32.0.

Tuesday night's title-cinching win over Slaton brought the Does' season record to 23-2 in this, Miss Stockton's first year as coach. Post's only losses have been to Idalou, in their season opener, and to Slaton in a pre-conference tournament game. Each defeat was by two points.

**ALONG WITH NITA**, the Does will lose only forward Shirley Sappington from this year's squad. Returning will be starting guards Cheryl Martin, Darla Pierce and Dee Ann Walker, who have held the Does' opponents to a stingy 35-point average in 24 games; starting forwards Vivian McWhirt and Marilyn Jones; guards Pamela Stewart and Edith Johnson, a freshman and forwards Becky Thompson and Mary Ann Stone.

Last season, the Does lost to regional champion Friona by only two points in a bi-district game. This season their bi-district play-off opponent again will be Friona, already champions of District 3AA.

The Does' many supporters in Post and throughout Garza County think the team's chances are good to defeat Friona, win the regional

tournament and advance to the state tournament in Austin.

# Freshmen win championship in tournament at McAdoo

Post's fast-stepping freshman basketball team won its second tournament championship of the season Saturday night by defeating Floydada, 68 to 44, in the annual McAdoo invitational meet.

Coach Charles Black's high-scoring frosh team advanced to the finals after a 58 to 43 semi-finals win over Lockney, following a 55 to 31 first-round victory over Matador.

Ronnie Pierce, who scored 73 points in three games, and Clint Johnson, defensive whiz, were named to the all-tournament team. Pierce also received the Most Valuable Player trophy.

Saturday night's championship game with Floydada was nip and tuck until Clint Johnson broke it open for Post by hitting six field goals in the third quarter.

Post trailed 21-19 after a high-scoring first quarter, and the score was tied 27-27 at the half. Johnson's 12 points in the third period were part of a 25-point team effort

# Junior High cagers divide Slaton tilts

The 7th grade girls won, 22 to 16, and the 8th grade girls, 19 to 13. The 7th grade boys were edged out, 22 to 21, and the 8th grade boys, 26 to 23.

# Jr. High season is nearing end

Post's four Junior High basketball teams will play Idalou here Monday night, Feb. 17, and then finish out their season at the Junior High District Tournament at Tahoka on Feb. 20, 21 and 22.

The winner of the district tournament in each of the four Junior High divisions will be this season's champion.

The 7th grade boys lost, 30 to 19; the 8th grade boys, 38 to 30; the 7th grade girls, 27 to 20, and the 8th grade girls, 20 to 16.

# A Moment With God

HE CAN ANSWER OUR PRAYERS  
There appeared an angel unto Him from Heaven, strengthening Him. Luke 22:43

This was not what Jesus had prayed for. On His trembling knees in Gethsemane He had asked to be spared the suffering. But that cup of sorrow was not removed; He had to drink it. Yet who would dare say that His prayer remained unanswered when "an angel appeared from heaven, strengthening Him"?

As His followers we are to expect Him to answer all prayers spoken in His name according to His will. If not, we are forgetting Jesus' own unlimited promise: "Whatsoever ye shall ask the Father in My name, He will give it you". This does not mean His answers always match the ones we have in mind. Like our Lord we may ask for the removal of a sorrow, but may He not answer with something greater — an angel from heaven to strengthen us?

His faithful apostle Paul prayed to be relieved of a "thorn in the flesh." This was not granted; he had to live with it. But the more wonderful answer was given: "My grace is sufficient for thee," and God's strength was made perfect in his weakness. So a sick mother, despite many prayers, did not recover. In her illness, however, she came to know Jesus as her personal Savior. No stay of life but the greater joy of eternal life was given her. Noting this, dare we say those prayers were unanswered? We rather say in Jesus' words:

Father, I thank Thee that Thou hast heard me, and I know that Thou hearest me always. Amen.

## Slaton games—

(Continued from Page 9)

48, and Tiger Bobby Brake hit a field goal with three seconds left on the clock to send the game into a three-minute overtime.

The Antelopes scored two quick baskets on Ronnie Pierce's tip-in and Moreau's driving lay-up, but Brake and Gamble hit for Slaton, the last bucket coming with 19 seconds to go, to knot the score at 54-54 and send the game into a second overtime period.

**MOREAU HIT FROM THE FIELD** to give Post a 56-54 lead, but Pierce fouled Leslie Brown and the Tiger ace hit both free throws to tie the score again.

Brake fouled Moreau, but the Post cager missed on his 1-and-1 try. With 19 seconds remaining, Brown grabbed a loose ball near the center circle and raced under for a lay-up. The Tigers regained possession of the ball on a wayward Antelope pass, and Danny Odom's deliberate foul of Smith with six seconds left failed to help matters any. Smith missed on his 1-and-1, but the buzzer ended the game before the rebound could be untangled.
