Two members of the Four Winds Sailing Club, Commodore David Newby (left) and Pat N. Walker, are working on one of the sailboats that are expected to dot the White River Lake

once it is opened to recreation. Both Newby and Walker are building sailboats in anticipation of the lake opening. The Four Winds Sailing Club was organized here early this year.

80 pct. cotton replanted despite additional rains

65 pct. of crop 'coming to stand'; outlook brightens

Despite three more rains in the last seven days, Garza farmers have 80 per cent of the county's cotton crop replanted.

At least that's the estimate of Lewis Herron, farm representative of the First National Bank who keeps a close eye on such things.

Official moisture measurements here were .55 of an inch in the sudden thunderstorm Tuesday night, .60 of an inch in the Sunday night downpour, and approximately one inch in last Thursday's afternoon and evening showers.

That brought the moisture total here for 1963 to 19.66 inches—most of which has fallen in the last sodden six weeks.

With County Agent Syd Conner out of town on ag business, Herron filled in nicely with his observations on the cotton replantings.

He reports Pleasant Valley's cotton is 85 to 90 per cent "up or coming up." He said the Close City, Graham, and Grassland areas have 50 per cent planted and

should get it up.

Of the overall total of 80 per cent replanted, Herron says 65 per cent of it is in the process of coming up to a stand.

The Graham area has more land under water than any other county area, but Herron reports plantings to the water's edge with the "flocks going down pretty fast."

Some of the rural areas didn't receive as heavy moisture amounts as Post, the area north of Pleasant Valley receiving only 2 of an inch Sunday night.

Herron doesn't view the farm outlook here as dark, or as a hopeless situation.

"The cotton in the ground now has a chance to make an average

crop," Herron said. "While ground temperatures are cooler than normal, cotton seed is sprouting."

Time is hurting us now," Herron said. "The cotton still to be planted will have to depend upon a late frost."

Herron said he had received no reports that Tuesday night's rain did any washing.

White River dam is nearing final height

The White River lake, pictured in The Dispatch last week, is no more. But it won't be long now. Reports from the damsite area that the downpours which flooded the Plainview area over the weekend reached the White River dam sometime Monday night and "washed out" the plug holding water back from the unclosed gap in the big earthen dam.

Huber Brantley, a member of the Luce Construction firm which is building the dam, told The Dispatch Tuesday night there was very little water left in front of the dam when workers arrived Tuesday morning.

Loss of the lake water presents no problem.

Brantley reports that work on the dam is progressing steadily and the main portion of the dam now is within two or three feet of its final height.

He predicted the dam will be ready to "close" the first or second week in July and that ten days or two weeks of dry weather about that time "would be appreciated."

"Closing" means building the final segment of the dam. A gap has been left in the eastern half of the dam to drain water through to protect the rest of the construction.

White River directors met last Thursday night at Spur and voted to inform Mrs. Aletta Walker she should withdraw her cattle from grazing on water district property within ten days as the district plans to begin fencing the property now the dam is about ready for closing.

Mrs. Walker, from whose ranch the dam site was obtained via condemnation proceedings, had been given the right to graze her cattle on the district's land until such time as she would be notified.

Directors also requested Manager Al O'Brien to secure bids on fencing all of the damsite land obtained from Mrs. Walker.

Directors also heard a financial report that out of the \$4,000,000 borrowed for dam construction, the district has paid off a large portion of its construction contracts and has only \$1,180,672.72 in funds remaining.

The report, made by Manager O'Brien, estimated that the district will be short \$74,025.85 in fulfilling its existing construction contracts.

Warren's salary will be \$300 monthly.

Council employs E. A. Warren for city hall duties

The city council at a special meeting Friday night voted to employ E. A. Warren on a temporary basis to help out at city hall.

The former publisher of The Dispatch and a longtime resident of Post began his new duties Monday.

Mayor Harold Lucas said that with the departure of City Supt. Henry Tate various city department heads were "overloaded" with added duties.

The mayor said Warren was selected from a field of seven local applicants and two professional city administrators.

Lucas told The Dispatch that with White River water now only a matter of months away, the question facing the council is whether Post now needs a professional water superintendent. He went on to say the council feels it may find a professional city manager may be more suitable, trained in many fields, with the city's water supply no longer Post's No. 1 municipal problem.

"But our immediate task," Lucas said, "was to hire somebody to take the extra load off other employees."

Warren was not hired as a city superintendent, or a city manager. He pointed out that the city may find it does not need a professionally trained administrator.

Warren's salary will be \$300 monthly.

Post youth home from Boys State

Danny Wayne Odom has returned from Austin where he attended the American Legion Boys State June 9-15.

Danny, who is employed at Lovell's Humble Station, was sponsored at the camp by James C. Cole Post No. 270 of the American Legion. He is the son of Albert D. Odom.

This year's Boys State was attended by 676 high school boys from throughout Texas.

Highlight of Boys State was a trip to the Capitol last Friday morning, followed by the Governor's Ball Friday evening.

Library hours changed to morning schedule

Mrs. Lillie McRee, city librarian, has announced that the library hours for the summer months at the high school library have been changed from the afternoon to 1 a. m. through 12 noon Monday, Tuesday, Thursday and Friday.

The library is open to the public during these hours and those desiring to use this service are invited to do so.

Post man's brother buried at Snyder

Funeral services for John Rogers Williams, 90, of Snyder, brother of Bryan Williams of Post, were conducted at 4 p. m. Wednesday in the First Presbyterian Church at Snyder.

Mr. Williams, who was a former Texas Ranger, died early Tuesday, in a Snyder hospital. He had lived in Texas since 1885 and in Scurry County since 1905. He was a member of the Masonic Lodge.

Bryan Williams went to Snyder Tuesday immediately after receiving word of his brother's death. Mr. and Mrs. Bryan J. Williams attended the funeral Wednesday afternoon.

Burial was held in Snyder Cemetery.

Besides the brother of Post, Mr. Williams is survived by two sons, 132nd District Court Judge Sterling Williams and William S. Williams of Houston, and three sisters, Miss Maggie Williams of Gail and Mrs. Frank Berry and Mrs. J. L. Robinson, both of Snyder.

Police will make vacation checks

City police will keep a close watch for vacation burglars, if people leaving on their vacation will furnish the police department with some information they'll need, Chief Elton Corley said today.

The police chief asks that people leaving on their vacation check the police station—2122—and leave their name and street address along with the time they'll leave on their vacation and the time they'll return.

"By knowing who is away and when and where they live, we'll be able to keep a close check on their place," Chief Corley said.

'HUD' FILM CAST HAS GARZA GIRL

Sandee Cross, daughter of Mr. and Mrs. Sid Cross of Justiceburg, is one of the extras in the motion picture "Hud," now showing at the Tower Theatre here through Saturday.

Miss Cross, an accomplished rider, "fills in" for leading lady Patricia Neal in the scenes calling for Miss Neal to be on horseback.

"Hud," which stars Paul Newman, was filmed at Claude, Tex., which is about halfway between Clarendon and Amarillo. The film was directed by Martin Ritt from a novel by Larry McMurtry of Houston called "Horseman, Pass By."

"Hud" gives a valuable insight into the people and traditions of the Southwest.

Thirty-Seventh Year

Event set for Aug. 7-10

Two rodeo groups name committees

Committees were appointed and plans for getting the rodeo plant in shape for the August rodeo were discussed at a meeting Monday night of directors of the two groups that will stage the western event here Aug. 7-10.

Both Post Stampede Rodeo, Inc., and the Post Junior Rodeo Association were represented at the meeting, since the two groups' shows are being combined this year for the first time.

One of the improvements discussed at the meeting was a new floor and a roof for the dance pavilion. Other preparations for the rodeo will include bleacher and chute repairs and getting the arena grounds in shape.

No decision has yet been made on a name for this year's rodeo, but will be soon. Since it will be both a senior and a junior rodeo, a combination name will need to be decided on, it was explained.

The committee appointments are:

Glorietta test is disappointment

Brown Brothers' Montgomery-Davies A No. 10, a Glorietta test just south of Post, was being put on pump this week with the prospects for making a small well.

But this is a disappointment. It was acidized three times and the last time was making 4½ barrels an hour of fluid, of which only 15 to 20 per cent was oil.

E. R. Moreland said it is hoped the water drops off a little.

A second Glorietta test, the No. 2 G on the same lease is now being drilled by Brown Brothers a half mile west of the first small Glorietta well.

Danish student leaves

Susanne Krause says farewell to friends

Susanne Krause, the foreign exchange student from Denmark who was graduated from Post High School in May, came to say goodbye and thanks to Post Rotarians at their Tuesday luncheon in City Hall.

She will leave Post Saturday morning for Amarillo where she will join a bus load of about 58 foreign exchange students for a three-week tour of the United States.

She will then have about six days for sight-seeing in New York City before sailing for Europe and her

homeland.

Susanne plans to study at the university in Copenhagen for seven years to become a dentist.

She told Rotarians her year in Post "was everything I expected and more." She commented that the young people "completely accepted me although I was different" and later said that "the people here have been so nice and so sweet to me and accepted me." She said it will make her "sad to leave" this weekend.

"I want to thank you all," she said. See SAYS FAREWELL, Page 5

While Garza folks look apprehensively at the sky and wonder when the next drencher is going to come, East Texas is experiencing its worst drought in 55 years. The press wires this week told of a great drought which is parching a 1,690 mile section of the U. S. from Alabama to Idaho. Damage estimates on crops range into the hundreds of millions. Alabama, Oklahoma and Colorado alone estimate crop damage already at \$140 million. Pastures are brown and farmers and ranchers are selling thousands of cattle they cannot afford to feed.

Some cities report water rationing. The Rio Grande "ran dry" at Albuquerque last week. A big Louisiana paper mill closed four of its seven units because the river is so low.

When you read stories like that in your papers, it's nice to look out the window and see another thunderhead rolling in.

A little explanation probably is needed about Post's Public Housing Authority of which we happen to be a member. Many folks think that all the funds to build the proposed 28-unit public housing project here will be gifted from the federal government, with the city maybe "hooked a little", and with the taxpayers having to foot the bill in the end no matter who puts up the money. Actually bonds are issued and sold on the bond market for the funds and then the loans are repaid through rent money obtained from the families living in the project.

The Public Housing regional office at Fort Worth reports that all bonds on such projects are being paid off. The Post Housing Project will be a tough one "to come out on" because of the fixed overhead and the small number of units involved. The only place federal money comes in is to guarantee bond holders their money if the local project doesn't make it all the way financially.

It's been five years since the local project was "started" and people forget financing in a half decade. So we thought a reminder might make some people think better of the plan.

Today's Dispatch is another one of those unusual 13-page editions. The "extra page" is a multi-colored one (page 9) in which Hodges Tractor Company brings color to the Dispatch for the second time in three months. Another blaze of color is scheduled by the tractor and implement firm in the fall.

Pleads guilty to murder

Deaf-mute given suspended term

One of the strangest legal cases on record here was disposed of in the district court here Monday when Reymundo Flores, 36-year-old deaf mute, pleaded guilty to "murder without malice" and received a five year suspended prison sentence.

Flores had been charged with

"murder with malice" in the fatal shooting of Pearlene Stafford, 33-year-old Post Negro woman here Nov. 18, 1961.

District Attorney George Hansard approved of the lesser charge as did District Judge Truett Smith, who passed sentence after receiving the guilty plea and hearing testimony of witnesses concerning the slaying.

Flores waived a trial by jury. Witnesses subpoenaed included Melzar Johnson Jr., Jessie Lee Johnson, Dr. John E. Carter, State Highway Patrolman Henry Harden, Police Chief Elton Corley, and Robert Johnson, all of Post.

As District Judge Smith admonished the defendant on his rights, Flores' defense attorney, Mago L. Alaniz of San Diego, Tex., repeated the judge's words in Spanish to the defendant's 24-year-old brother, Isadora.

Isadora would then attempt to tell his deaf mute brother through gestures what the judge was saying, but not completely overcome by smoke, when help arrived.

Pointing out that one prisoner smothered to death recently in the jail at Tahoka after a mattress was set afire, Sheriff Claborn said his only choice was to remove all the bedding. "More uncomfortable, maybe, but safer," he added.

Sheriff Claborn pointed out that with the two-man sheriff's force and the law enforcement radio stationed elsewhere, the jail is not attended by officers from 5 p. m. until 8 a. m.

NO BEDDING FOR DRUNK PRISONERS

There will be no more bedding for prisoners in the "drunk tank" at the county jail here, Sheriff Fay Claborn has announced, because of a dangerous mattress burning recently.

Claborn disclosed that 15 mattresses were set afire one night recently with about eight or ten drunks in the tank.

The sheriff said one man was down, but not completely overcome by smoke, when help arrived.

To speed mail handling

Post's ZIP Code goes into effect on July 1

Post's five-digit ZIP Code is 79356, Postmaster Harold Voss announced today.

"Everyone in Post will use this ZIP Code on all their correspondence to speed mail deliveries and reduce the chance of mis-sent mail," the postmaster said.

ZIP Code, the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1.

Postmaster Voss stressed the importance of all citizens of Post learning this city's ZIP Code and using it in their return address on all correspondence. In answering mail, he said, ZIP Codes taken from return addresses on incoming mail should be used.

"The ZIP Code is literally the 'ast word in mail addressing,'" Voss said. "It should follow the city and state in addresses."

He cited this example of the proper use of ZIP Code:

Harold Voss
Postmaster,
U. S. Post Office,
Post, Texas, 79356

The new ZIP Code plan, Voss said, for the first time will permit the Post Office Department to short-cut repeated address reading.

"The address on mail must often be read as many as eight or ten times by postal employees to get it to the proper destination," the postmaster said. "Each handling slows the process of mail dispatch and adds to the opportunity for human error."

"With ZIP Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined, and to speed it on its way cutting up to 24 hours off the time between deposit and delivery."

The postmaster said that when the ZIP Code is in full swing, the United States will have "the most modern system of mail distribution and delivery in existence."

Flores had been out on \$5,000 bond, pending trial of the case.

The case had been reset for hearing last April 29, but was continued again because the defense attorney had been in federal court in south Texas and had not had time to prepare his case.

District Judge Smith also heard two other guilty pleas here Monday.

Nathan C. Kelley pleaded guilty to two counts of forgery and passing as true forged instruments in writing and was sentenced to not less than two year nor more than five years in the penitentiary on each count, the sentences to run concurrently with credit allowed on the sentence for the time spent in the county jail.

Kelley forged County Commissioner Jack Myers' signature to checks for \$30 and \$20 respectively.

Judge Smith received the other guilty plea from Juanita Featherston, also charged with forgery and passing as true a forged instrument in passing a \$20 check with Claud Collier's signature upon it. She was sentenced to three years in the penitentiary with the sentence probated.

RELEASED FROM HOSPITAL.

Miss Maxine Durratt, who underwent surgery a week ago Tuesday in Lubbock Methodist Hospital, was released yesterday. She is staying in Lubbock for a few days with Lucille Collier.

Let's become a 'town on the move'

Recently the General Telephone Company of the Southwest began a new monthly series of advertisements in The Dispatch entitled, "General Telephone Towns on the Move."

It is a challenging series of advertisements. The third or fourth of the series appears on this editorial page of today's Dispatch. It tells the story of how community spirit built Perryton with population figures more than doubled, 30 new industries added since 1930.

We call the attention of all our Dispatch readers to this advertisement and urge you to read it carefully. Then stop and think, "Why can't we do something like this in Post?"

The answer to that question is WE CAN. Providing we are ready to all work together and plan together. There has been a stirring among

many business folks for the last two or three years to "get going."

We have said to each other, "Wait until the White River dam is built and then we will have all the water any industry can want."

The time is now. The White River dam is virtually completed. There is water in the lake. By this time next year and maybe within six months it will be flowing into Post—all the water we can use.

Sure we've talked about an industry site here. Let's do something about it. It takes plenty of study, work, and solid community leadership by those willing to give freely of their time and ability to get such a program rolling.

How about it? When do we want to start?—JC

How big our stack of traffic dead

During 1962 death stalked the streets and highways of Texas for a record of 2,421 human lives in traffic mishaps, an increase of 107 over 1961.

Another 144,943 were sent to doctors and hospitals, an increase of 12,373 over 1961. Some of these injured were maimed for life.

Some 400,000 automobiles were damaged or demolished.

The economic loss in Texas alone came to an astounding figure of \$387,842,000—an increase of \$31,731,000 over 1961. The liability and collision insurance premiums came to a sum of over two hundred and seventy-five million dollars.

Appalling, aren't we? The Texas Department of Public Safety illustrates all this highway carnage a little more vividly with this description:

"If the 2,241 dead traffic victims were stacked in a pile, the dimensions would be about 2 3/5 miles in length, or 3/4 of a mile in width, or 4/10 of a mile in height. The dimensions for the 144,943 injured would be 158 miles in length, or 46 miles in width, or 23 miles in height. The dimensions of the some 400,000 damaged or demolished vehicles would be 1,330 miles in length, or 500 miles in width, or 379 miles in height.

"Now for a descriptive look at the three hundred and eighty-seven million dollars cost of the traffic accidents. The playing area of a football

field measures 300 feet by 160 feet, or 48,000 square feet. United States currency measures about 2 5/8 inches by 6 1/8 inches. If a football field was completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills, then a layer of ten dollar bills, then a layer of twenty dollar bills, then a layer of fifty dollar bills, then a layer of one hundred dollar bills, then a layer of five hundred dollar bills and on top of all these eight layers of paper money, dump 2,707 tons of silver dollars, this would represent the economic loss we suffered in Texas for the year 1962.

The three hundred and eighty-seven million dollars would have bought 10,000 homes at \$20,000 each; 10,000 refrigerators at \$400 each; 10,000 cooking ranges at \$350 each; 10,000 TV sets at \$350 each; 10,000 washers at \$300 each; 10,000 automobiles at \$3,000 each; 10,000 central air conditioning units at \$1,400 each and furnish the head of each of the 10,000 households with a bank account of \$12,984."

It's all pretty sickening isn't it? Keep the thought in mind when you take your vacation this summer, or depart on a trip. Be sure your car is ready—and you are ready. Then be careful. Drive defensively.

And we'll see you again because you'll get home.—JC

Poll tax repeal vote is set

It's official now. Texans will vote in a special election next Nov. 9 on repealing the poll tax as a requirement for voting in Texas.

The poll tax issue will be in the form of a proposed change in the State Constitution, with two other constitutional amendments to be voted on at the same time.

The Legislature has also passed an annual voter registration bill with a 25-cent registration fee to replace the poll tax if it is abolished.

The vote on the anti-poll tax amendment was set this year so that if it is approved, confusion will be avoided if an amendment to the U. S. Constitution outlawing the poll tax in federal elections goes into effect late this year or early next year.

There'll still be some confusion, however, even with voting on the anti-poll tax amendment this year. Poll tax payments now become due on

Oct. 1 at the same time as other taxes. County tax assessor-collectors are yet to be instructed on what to do about it while waiting for the outcome of the Nov. 9 special election, which comes some 40 days after the start of collection of taxes.

The Dispatch expressed an opinion even before the last session of the Legislature got under way that the state solons would call for a vote on poll tax repeal this year. We admit, however, that there were times when it appeared as if our prediction would not come true and that no action would be taken on the controversial poll tax question.

Now that it is coming up for an early vote, we are making another prediction... that Texans will vote to do away with the poll tax as a requirement for voting and join the parade of progress with a sound voter registration system.—CD

WE'VE GOT A yardstick now to go by on whether or not this nation has progressed as much as we are led to believe. If it takes us as long to send a woman into space as it did to give women the right to vote, then we say no.

A reader, who says she has followed with interest our suggestions for word games, comes up with one of her own, which she calls "Unlikely Book Reviews."

"It is a good game to work on while driving or performing other tasks and might even help some people get to sleep at night when they run out of sheep to count," she says.

She offers these examples in describing her "Unlikely Book Review" game:

"The Surgeon's Manual" (had me in stitches).

"The Story of Cotton" (highly absorbing).

"Dun & Bradstreet Reports" (the author deserves a lot of credit).

"Burpee's Seed Catalogue" (grows on you).

"Handbook of Adhesives" (couldn't put it down).

"Bulletin of the U. S. Revenue Service" (taxing).

"How to Become an Astronaut" (too roundabout).

ALL OF WHICH recalls the Geography Game of a few years ago that consisted of creating unlikely towns to go with various states, such as Noah's, Ark.; Ex. Conn.; Near, Miss.; and Ballpoint, Penn.

Other included Gravely, Ill.; Requiem, Mass.; and, for baseball fans, Nohitsnorunso, Ariz.

From the Gazette of Wellsboro, Pa.: "The Tuesday matinee at the Arcadia Theatre will be on Saturday this week instead of Thursday."

SOME TIME BACK, writes George Fuermann in the Houston Post, a fellow on the copy desk of a San Antonio newspaper wrote this headline: "Gas Tax Cut Due." It was a complete sentence of 3-letter words, and it started a mild madness to see who could write the longest sentence of same-length words—all 3-letter words, all 4-letter words or what have you.

The rules: No foreign words, no proper nouns and no contractions. Two samples:

How far out can the fat red fox run now? (10 words).

The big fat cat ran far and the old red cow sat, all for the man and the boy, far off the bay. (23 words).

Ernest Hemingway once innocently got into the act when he titled one of his books "The Old Man and the Sea." The Houston writer is dismayed with Tom Swiftee. He offers this game as a substitute.

The tourist in Arkansas came to a fork in the road where signs to Little Rock pointed in two directions. He called to a man standing nearby.

"Does it make any difference which road I take to Little Rock?" he asked.

"Not to me it don't," said the native.

WHAT DO YOU think a "ridge runner" is? If Jacqueline Anderson, who does a sprightly column under the headline of "The Ridge Runner" in the Dickinson (N. D.) Press, is right, then I've been wrong all these years.

Jacqueline says a ridge runner is the one animal (usually a mare) in a herd of horses that never stays with the bunch. She will run with the rest, but whenever possible she will follow the ridgeline—apart from the herd.

I'd always heard a ridge runner was a backwoodsman who grew to manhood with one leg shorter than the other—from running along ridges.

I'll admit Miss Anderson's definition is more romantic than mine, and it might well be that a ridge runner in North Dakota isn't the same as a ridge runner in southeastern Oklahoma, where I grew up—with one leg shorter than the other.

The man up the street observes that the men who found their way across the trackless wilderness have grandsons who get lost in a supermarket.

AN ADVERTISING man from the big city had hopes of someday acquiring a weekly newspaper. While vacationing in a small town he visited the publisher of the paper.

He was curious, he admitted to the publisher, whether the paper made its money on its subscriptions.

"Nope," replied the publisher. "How about job printing—you make money at that?"

The publisher shook his head. "Well, now about advertising—you must make out there?"

"Break even."

The visitor was overwhelmed. "Then how in the world do you manage to show any profit at all?"

"Well," replied the publisher. "It isn't easy in this town. Fact, we wouldn't continue publishing if

"Great and Precious Promises"

Adults as well as children anticipate the fulfillment of promises. God has promised many things both in the spiritual and material realm.

Some of these include: remission of sins (Acts 2:38); peace of mind for the troubled heart (John 14:27); joy and happiness (Phil. 4:4); and even life's necessities (Mat. 6:25-34).

Remember, however, that promises are conditional. To receive the rewards of these promises, we must meet the conditions.

GENERAL TELEPHONE TOWNS ON THE MOVE

How Community Spirit Built Perryton

Population figures more than double... 30 new industries added... all since 1950! That is the miraculous record of Perryton in the Texas Panhandle wheat growing area.

When oil was discovered in the early 50's, an aggressive, long-range program was launched by the Chamber of Commerce. An 84-acre industrial tract was secured and plotted; its streets were paved and a railroad spur was built.

So successful was this community development that today a second industrial tract has been acquired and plot-

ted. Perryton, former population 4417, is now known as The Oil Center of the Anadarko Basin, with 9400 citizens. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Spiritual vacuum in Japan being filled

EDITOR'S NOTE: This is an article in a series of articles by the Rev. C. B. Hogue, pastor of the Baptist Church, on the trip made to Japan by Mrs. Hogue and her family to participate in the Japanese Life movement.)

By C. B. HOGUE

How many things we saw in Japan are difficult to share in so short a time and space. We were deeply impressed with their high achievement. All the language, a picturesque matter of their stewardship of the land and their propensity to industrialization, could not be forgotten as we traversed across the land by land and water. Back where foreigners go reminds one of stories of world-wide geography

or the fourth reader. The parasols, the kimonos, the kites, the scarecrows, the constant flop-clop of the cleated wooden sandals, the babies bobbing up and down in the hammocks slung from their mother's backs, the shrines and temples set in hand-groomed gardens were unforgettable portions of a culture very different than the rest of the world.

Yet with this divergent spread of beauty and different ways of life to that which we were used to living, I was impressed with a certain monotony, a greyness and uniformity in the scene of things. The tiled roofs, the uniformed students, the small cars, their order and neatness spoke a discipline which has been upon them for centuries, and is as natural as getting up in the morning. Even their pattern of religious concern is filled with the same grey monotony of uniformity.

For centuries the people have been subject to the same teachings of Buddhism and Shintoism, forced upon them by the shoguns and other rulers. Once Christianity was supposedly stamped out, and the Oriental religions were allowed only among the Japanese. These daily actions of aesthetic living come bound in religious ceremonies where each daily action become rites, such as the tea ceremony, the odd greeting extended each other, and even the expected daily "bath". Really, I do not have the space to tell the thrill of the bath in Japan. It is a delicious thrill of relaxation where once the body was washed of its filth,

The discovery of penicillin was one of those strange, magical accidents quite common in the world of science. A vagrant spore carried out of nowhere on air currents settled on a plate of germ culture being studied by bacteriologist Alexander Fleming in 1928.

The mold left by the mysterious spore intrigued Fleming less than a strange halo surrounding the mold itself. Study revealed that within this ring-like halo all germlife was destroyed.

It wasn't until 1941 that others managed to produce enough concentrated penicillin—less than a teaspoonful—to try on a human being. This amount was tragically small as far as the first patient was concerned, but sufficient to disclose the astounding potential of the new drug.

CHRIS'S COPY

By CHRIS CORNISH

Last week it was too hot and Charlie was gone as I sat down at my desk (Mrs. C is a little touchy about this. It used to be her desk till I moved in and so that left her with the raw end of this letter. I guess being the publisher's daughter does pull some weight after all.) to write my column and this week at the same time it's too cold and the car was in the shop. If we closed the door it was sweltering and when opened it gave just the opposite effect. And to top the office atmosphere off, there were swarms of flies buzzing everywhere. I think they all came in over the weekend when the air-conditioner was getting fixed. Anyway you had to keep a flyswatter in one hand to get anything done at all. Oh yes, about the car. It went to the shop early this morning. I didn't know it was gone till I was out the door heading toward the spot I'd last seen it so I could go home and get a sweater. Naturally since I was freezing to death, it wasn't there. And with the car in the shop that meant that I would have to run all the hundred and one errands you have to run when your father to boot, on foot.

That wouldn't have been quite so bad if I hadn't made this certain resolution. It wasn't a New Year's resolution, in fact, it was made about three months after New Year's. It was made the day of our attempted 50-mile hike. Right then and there I made a solemn oath to NEVER walk any further than I had to and if a car was handy to not even give walking a second thought. By the way I still hold Phil Foster in my highest admiration.

As I was WALKING around FREEZING to death delivering checks this morning I noticed that Elisabeth Tubbs is working for her father. Another one of the lucky ones. I noticed the situation over there was sorta like the one here. Three Tubbs' in one office. The office has a little joke about me going to work here. Mrs. C says that when Walter Frank Didway went to work in the backshop, they were afraid the Didways would would over run the place so I was hired to add one more C. Curtis Didway comes over now and then to sort of even things up for the D's but he doesn't really count.

Speaking of Curtis, he and Johnny Kemp went to Ruidoso, N. M., last weekend. They must have had pretty good luck because Curtis said he only lost about three dollars. Wonder how much he really lost? He said that Johnny caught two rainbow trout and they had them cooked to order. And when Johnny drove his car up the mountain to the ski lodge, Curtis kept one hand on the door. Seems like poor ole Johnny did all the work. Curtis had a pretty good deal going for him.

The religious vacuum which does need some answer will soon in the coming decade be filled with something. Communism is seeking an inroad, and the ancient religions of their fathers are moving with new sects and different modes of impression to keep the people and interest them.

I spoke in Imabari to hundreds of people who for the first time had ever heard of Christianity. Though some had heard before, the response more than satisfied our visit. There were more than 150 recorded converts to Christianity in a series of less than one week. This response proved to me the vacuum can be filled.

TOKYO OLYMPICS STAMPS

Japan has to date issued nine Olympic Games Commemorative Stamps to help publicize the 1964 Tokyo Olympics. One-half of the proceeds from the sale of these stamps were earmarked for the Tokyo Olympic Organizing Committee. Olympic stamps were issued for the first time by the Greek Government in 1896 to commemorate the re-establishment of the Olympic Games.

No teacher changes at county's rural schools

The same teachers will be back for the 1963-64 term at Garza County's two rural schools—Justiceburg and Close City—according to County Supt. Dean A. Robinson.

The teachers are Mr. and Mrs. E. C. Franklin at Justiceburg and Mr. and Mrs. Harvey Riley at Close City.

FAMILY VISIT

Dinner guests in the home of Mr. and Mrs. Fay Claborn Saturday were Mr. and Mrs. L. E. Claborn Sr., Mr. and Mrs. Frank Anderson, Terri and Vicki, and Mr. and Mrs. Gene Claborn, Renee and Lisa. The Andersons spent the rest of the weekend. Terri and Vicki will spend two-weeks with their grandparents. On Sunday, the families enjoyed a picnic at the roadside park.

More than 9,000,000 pounds of aspirin are consumed annually in the U. S.

Anna Pennington is really putting all those talents which won her the Betty Crocker Award to work around the house this summer. I bet she's just cooking away this very minute.

And at last. The annuals finally got in. They came in Friday and no one could be happier than I was. You can go up to the office at the high school and pick them up if the news hasn't gotten to you yet. Not being prejudiced I'd say it wasn't too bad of a year-book. And you know what the say—"Better late than never."

FATHER'S DAY GUESTS

Mrs. Roy Green and Mrs. Herbert Green of Lubbock, Mr. and Nancy of Deming, N. M., Bill Cox and Nina of McNary, Ariz., and Don Cox of Lubbock were all guests Sunday in the homes of Mr. and Mrs. R. E. Cox and Mr. and Mrs. Robert Cox and Lin Alyx.

One out of four physicians in Texas have held an elective or appointive public office.

Tahoka votes high school integration

TAHOKA — The Tahoka school district quietly voted Saturday, June 8, to integrate the Tahoka High School next year.

Little interest was shown with 56 voting in favor and 20 voting against.

The Lynn County News reports the Tahoka School board proposes to integrate the four high school grades, providing Tahoka Negroes with a high school education here.

Previously Tahoka has sent its Negro high school students to the Negro High School in Slaton.

The News said in Tahoka's upcoming \$550,000 school building program, school trustees proposed to add two classrooms to Dunbar Elementary School, which now has three rooms, and make other improvements to bring this school to Negroes up to state requirements or as near to these standards as possible.

FATHER'S DAY VISIT

Mrs. Royce Durham of Lubbock and James Stallings and two sons, Jimmy and Eddie, of Dallas spent Father's Day here with their father and grandfather, Alfred Stallings.

VISITS SISTER

Visiting Saturday through Tuesday in the home of Mr. and Mrs. James Mitchell were her sister and brother-in-law, Mr. and Mrs. R. K. Russell of Winters.

on a '63 Chevrolet... here's what you'll get

You get a whole lot more than that '59 Chevrolet (great as it was!) could offer. Some big improvements, some small, some for savings, some for performance, some for comfort. A few of them: EASY CARE—Air-washed rocker panels help fight rust, while a longer lasting exhaust system, self-adjusting brakes and battery-saving new Delcotron

generator cut costs, too. PERFORMANCE—a wider choice of horsepower from the economical 140-hp Turbo-Thrift 6 up to a 425-hp V8's. SAVINGS—from Chevrolet's traditionally higher resale value and the special deals your Chevrolet dealer is making during Trade 'N' Travel Time. See him now for a Jet-smooth '63 Chevrolet. *Optional at extra cost.

Carlsbad planning big 75th birthday party Aug. 4-10

CARLSBAD N. M. — One would think that a lady who reigns as queen mother to the "Eighth Wonder of the World" might be satisfied to sit back and take things easy when her 75th birthday rolled around.

Maybe that's the way to do it in England but it is not the way Carlsbad is going about the business of celebrating a birthday anniversary Aug. 4-10—a Diamond Jubilee.

But there is no doubt that the entertainment planned for visitors to the Cave City would be fit for a queen or a king.

Aside from the jewel of the crown—the Carlsbad Caverns National Park—there will be activities to keep even the most aggressive visitor in pace.

The Caverns will, of course, conduct their business as usual—a business that has brought more than 10 million to its gate.

The week's schedule calls for Monday, Aug. 5, Governor and Homecoming Day; Tuesday, Aug. 6, Pioneer and Ladies Day; Wednesday, Aug. 7, Salute to Youth Day; Thursday, Aug. 8, Industry and Commerce Day; Friday, Aug. 9, Water Festival; Saturday, Aug. 10, Good Neighbor Day.

Throughout the week there will be a nightly pageant performed at Carlsbad's highly regarded football stadium which will demonstrate the progress of the city and area for the past 75 years. After each performance of the Pageant of Progress, a giant fireworks display will be staged.

The feature attracting the most attention at the present is the water festival. To offer the finest in this line of entertainment, Carlsbad officials have reached to Florida and into their own talent.

The Cypress Gardens Aquaballetinas and their troupe of Aquamaids have perfected numerous routines which have attracted world-wide publicity in the past few years while performing on the waters of Lake Eloise in Florida.

Representatives of this group and water ski champions who have won tournaments and are presently setting records all over the world will appear on the placid waters of the Pecos River during the Diamond Jubilee.

Along with the Florida based crew, water shows are being prepared by Carlsbad area skiers. These acts are put together each Sunday at 2 p. m. at the Municipal Beach area in Carlsbad and the shows are open to the public. Along with the ski shows, Carlsbad Municipal Beach offers the summer guest swimming, golfing, boating and plenty of New Mexico sunshine.

Information on facilities and programs may be obtained in Carlsbad by writing to Diamond Jubilee headquarters, 126 S. Canyon Street, Carlsbad, N. M.

DDT is credited with having saved at least five million lives in World War II, a government scientist reports.

Grassland woman's grandson marries girl in Tennessee

Wedding vows were read for Miss Donna Leigh Barnes and Bob Houston Hoover in the Broad Street Methodist Church at Kingsport, Tenn., Saturday, June 15, at 7:30 in the evening with Dr. John W. Rustin performing the double ring ceremony.

Parents of the couple are Mr. and Mrs. Ferrell E. Barnes of Bay City, Mich., and Mr. and Mrs. Houston L. Hoover of Littlefield. Mrs. O. H. Hoover of the Grassland community is Mr. Hoover's grandmother.

The bride, given in marriage by her father, wore a floor-length gown of Chantilly lace and silk organza. The fitted bodice was of lace, with the bell-shaped skirt of organza and the chapel train of lace. Her veil was of silk illusion attached to a crown covered with lilies of the valley. She carried a bouquet of Cattleya orchids and daisies of the valley on a white

It's the Law in TEXAS

CHILDREN IN CAMP

It's a good idea to give written consent for necessary medical care if your child leaves home for a visit or a camping trip, or if you plan to be away for any length of time.

For example, a summer camp nurse may bring a boy into a hospital with an acute case of appendicitis. But the doctor may well hesitate to go ahead and operate without the parents' consent.

Is the doctor arbitrary, and is such permission just a legal technicality? No, he is well within his rights, though he may give first aid—but only for emergency treatment where a child's health or life may be at stake. He is likely to put off follow-up care until he can reach the child's parents. A relative or baby sitter generally cannot grant consent for a child's treatment.

Even an adult must request treatment and grant consent to medical care on his own before a doctor can give it to him. Children cannot do this.

By going to your doctor you show your willingness and consent to accept his treatment. Your consent is assumed also when you ask for a house call by the doctor, or if as a result of an accident you come to a hospital for emergency treatment. If you are conscious, the doctor may well give you emergency care, yet later he should get your consent to further treatment.

Minors cannot consent to medical treatment, and except in dire emergencies their parents or their guardians must give it for them.

The consent should not be broadly or loosely phrased, but should be as specific as circumstances permit.

The principal reason for having the consent in writing is to avoid later misunderstandings. It is a protection both to the patient and physician.

(This newfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

(Paula Baldree)

Past Matrons of Post, Southland install officers

The Slaton Past Matrons Club were special guests of the Past Matrons Club of Post and Southland for the final meeting of the club year, Tuesday night in the home of Mrs. Kenneth Davies of Southland.

Highlight of the evening was the installation of officers for the local club. Miss Henrietta Nichols was installed as the president; Mrs. D. D. Pennell, vice president; Mrs. D. Billy Johnson, secretary-treasurer, and Mrs. Alice Martin, chaplain.

Miss Nichols named committees for the coming year following the installation.

A salad supper was served at 7:30 to the following guests from Slaton: Mrs. R. J. Clark, E. R. Burns, Birdie Culver, H. E. Woods, Mabel Vaughn, Mamie Simmons, Jessie Prosser, J. B. Barry, Sammie Patterson, Douglas Wilson, Bob Smith, and her mother-in-law of Kansas City, Mo., and members: Mrs. Jay Oats, Jack Myers, C. R. Thaxton, Edsel Cross, Huo Haire, and the new officers.

Patricia Nixon to wed Leslie Welch, July 12

Mr. and Mrs. L. D. Nixon of Paducah, Tex., are announcing the engagement and approaching marriage of their daughter, Patricia, to Leslie Harold Welch, son of Mr. and Mrs. L. H. Welch of Lubbock, and former residents of Post.

The Delwin Baptist Church in the Delwin community, near Paducah, will be the scene for the wedding July 12.

Miss Nixon is a graduate of Paducah High School and has been attending Wayland Baptist College, Plainview, for the past two years. Mr. Welch is a graduate of Pecos High School and has been attending Wayland College this year. He attended Post schools for six years.

Paula Baldree, Royce Chance vows exchanged here Sunday

Miss Paula Baldree and Royce Chance repeated their wedding vows Sunday, June 16, at 3 o'clock in the afternoon in the home of the bride's parents.

The Rev. Graydon Howell, pastor of the Calvary Baptist Church, officiated at the double ring ceremony. The couple stood before an arrangement of pink and white carnations.

Parents of the couple are Mr. and Mrs. J. B. Baldree Jr., and Mr. and Mrs. Roy Chance of Slide.

Given in marriage by her father, the bride was dressed in a ballerina-length gown of white lace over tulle featuring a fitted bodice with three-quarter length sleeves and a bouffant skirt. Her veil of illusion was attached to a pearl

tiara. She carried a white Bible topped with a bouquet of white carnations tied with satin streamers.

Miss Linda Williams and Johnnie Pippin of Plains attended the couple.

Other guests attending the wedding were: Gaylon Chance of Lubbock, Miss Jean Scott, Miss Jean Roland, Jackie Baldree, Mrs. A. Mitchell, and Mrs. W. C. Kiker.

The couple attended Post schools and are at home in Taboka where he is employed with an electrical company.

Miss Odam's engagement to Mr. Furlong announced here

Mr. and Mrs. T. B. Odam are announcing the engagement and forthcoming marriage of their daughter, Sara Patricia, to Orval Clifford Furlong Jr., son of Mr. and Mrs. Orval C. Furlong Sr., of Fairfield, Conn.

The wedding is planned for Saturday, July 20, at 7 o'clock in the evening in the home of the bride-elect's grandparents, Mr. and Mrs. Theo Montgomery, in San Angelo.

Miss Odam is a 1961 graduate of Post High School and is attending Vocational Nursing School in Lubbock. Mr. Furlong is a graduate of University School, Bridgeport, Conn., and is now serving with the Air Force at Reese AFB in Lubbock.

Hutto-McClellan wedding is event of June 15 in Lubbock

The parlor of the Asbury Methodist Church in Lubbock was the scene for the wedding of Miss Glenda Jane Hutto and Mason McClellan. Vows were exchanged June 15 at 10 o'clock in the morning with the Rev. A. O. Graydon, pastor, officiating.

Parents of the couple are Mr. and Mrs. M. H. Hutto Jr., and Mr. and Mrs. Ray McClellan, Route 3.

The bride wore an original three-piece suit of imported Swiss cotton lace. The jacket was trimmed with linen and featured long sleeves fitted at the wrist. A short white veil was attached to a white lace pillbox hat trimmed with tiny velvet bows. The bride wore white silk-covered shoes and an orchid corsage.

Mrs. Marshall Ticer attended her sister as matron of honor. Her full-skirted sleeveless white tulle dress was enhanced with a corsage of pink carnations.

Wayne Haire served as best man. For a wedding trip to Colorado, the bride wore a white jersey suit with printed blouse. The couple will reside near Post where the bridegroom is engaged in farming. Both are graduates of Post High School.

Immediate members of the couple's families attended the wedding.

BEVERLY ANN WHARTON

Fall wedding is being planned

Mr. and Mrs. Winston C. Wharton of Taboka announce the engagement and approaching marriage of their daughter, Linda Cheryl, to Patrick Raeburn Gallagher, son of Mr. and Mrs. P. R. Gallagher, Route 1 Littlefield.

The wedding will be an event of Sept. 8 in the Oakwood Baptist Church in Lubbock.

Miss Wharton is the granddaughter of C. D. Morrel, and her mother is the former Louise Morrel.

The prospective bridegroom is the son of Mr. and Mrs. James F. House of El Paso and is an attorney associated with the Veteran's Administration in Lubbock.

An early fall wedding is planned.

It's My Turn ...

—By MRS. C.

Don't swat that fly! It may be the four billionth sterile screw-worm fly released in this area after being fed a nice meal of corn syrup to assure him of being healthy and gay.

Editor Didway, Miss C. (the working one) and I got to talking about the home of Billy, the Kid, in Lincoln, N. M., today and that brought to mind one of the first vacations we took the Misses Cs on. Let's say they were six and eight at the time and we decided they were old enough to see some part of the world.

We choose New Mexico because of the driving range. We started the Misses Cs anticipating shortly after Christmas and they started hoarding their nickels and pennies. We really built this trip up and explained to them that it was all theirs. We, the parents, were really going along to furnish transportation.

Mr. Gordon is stationed with the Air Force at Geiger Field in Spokane and has the rating of Airman second class.

Since the trip was for their enjoyment we promised to stop and look at anything and everything they asked to see. (We're much wiser now.) Well, we thought we'd never get out of Kansas. Our first stop was in Greensburg, Kans., 33 miles from our start, to see the world's largest hand-dug well. This is quite a tourist attraction that we'd never taken advantage of due to the fact that neither Mr. C. or I particularly like looking down wells.

Finally we almost made it to Meade, Kans., but after seeing signs for miles and miles advertising the fact that the Dalton Gang hideout was nearby that was naturally the next stop. We learned then it is better to take children on vacations before they can read signs. Well, it wasn't so bad going through their old home and paying a small fee to walk through the dusty old dark tunnel that led to where they kept their horses and off for a fast get-away. They evidently fooled posers with that old gag for some time before meeting their just deserts in Coffeyville, Kans., which I was happy to know was in the opposite direction from which we were going.

We started this trip out with what I had thought was a lot of planning to make and keep everybody happy. I had made these keen blue and white ticking bags to hold coloring books, pencils, erasers, funny books, rulers, etc. Naturally we had purchased new crayons which I smartly put in a tin-covered container. Each child had a pillow for napping and we had cold water in a thermos plus all sorts of non-melting candy and loads of bubble gum. We also had cold canned pop in an ice chest—this I was really impressed with. Not having to mess with empty bottle sounding like a dream—or did it!

I opened the first round. I spent

After a week of this adventure we headed for home still happy (that was a feat in itself) and much wiser. Even if your children don't like them, take colored pencils—crayons are out—buy identical coloring books, teach your children to like only one flavor of pop, preferably Coke, Dr. Pepper or Seven Up. One can really get fouled up with odd bottles that no one will take on trade-ins. Take two whisk brooms—you'll need them, buy funny books along the way as a last resort, make a larger bag to hold all the stuff, and if your child wants a hamburger when you are in a fine restaurant and splurging, save your money and buy it.

I almost wish Mr. C. was just an employe again instead of a "wealthy" publisher so we could take a vacation again some day.

the next several minutes cleaning pop off the car ceiling, the windows, and me. I felt sticky the whole rest of the trip.

Our first night was in Amarillo (we were only four hours late in arriving there) where I efficiently gathered up all the dirty clothes and put in a laundry bag. Next morning we gaily started off bright and early minus the laundry bag (didn't find this out till we reached Carlsbad) which contained a change of clothing for each of us. That called for a long-distance call to the motel with instructions to mail them to our home address collect. If I remember right I paid \$2.50 to get a smelly bundle of clothes several weeks and many letters after we arrived home.

We did New Mexico up rather grandly in spite of the fact that the crayons had long ago melted, nothing was ever in the bags that I had made, and the non-meltable candy was meltable at times. Let me tell you that we have been in every curio shop from one end of the state through the other. Never once did we complain about stopping (we had promised) though my tongue was in bad shape from being bit. Eventually our Misses Cs got wise and had us stopping only at the best.

They finally purchased many and varied gifts for each other and for us. This last was done most secretly with the receiver being guided to a dark corner while the purchase was rapidly made. I received a rather handsome corn necklace which I soon regretted. At a stop in Taos where we spent a couple of days (love that place) a mouse spent one whole night gnawing at one of the kernels of corn (right in the front where it showed) while I laid in bed terrified and thinking it must be chewing up the bed we were lying in. Mr. C. turned on the light many times to see where the darn thing was but we never dreamed of looking in our bags. Needless to say we checked out of there in the morning.

Oh yes, we did a little cooking out along the way. We planned a cook out at White Sands Memorial Park. It was so hot and the ants so thick we settled on our cold-start with watermelon and left needing baths badly. We cooked breakfast on top of Camel Rock (no one should miss doing that) carrying our grill and all the makings of a good breakfast clear up there. It tasted marvelous—who cared if the coffee finally perked as we were cleaning up to leave and we burned the toast. The younger Miss C. left a member of her famous animal collection up there, which we discovered many miles too late. We consoled her with the fact that the camel needed company.

After a week of this adventure we headed for home still happy (that was a feat in itself) and much wiser. Even if your children don't like them, take colored pencils—crayons are out—buy identical coloring books, teach your children to like only one flavor of pop, preferably Coke, Dr. Pepper or Seven Up. One can really get fouled up with odd bottles that no one will take on trade-ins. Take two whisk brooms—you'll need them, buy funny books along the way as a last resort, make a larger bag to hold all the stuff, and if your child wants a hamburger when you are in a fine restaurant and splurging, save your money and buy it.

I almost wish Mr. C. was just an employe again instead of a "wealthy" publisher so we could take a vacation again some day.

Shower in honor of recent bride

Mrs. Royce Chance was named honoree at a bridal shower in the Reddy Room Friday night before her wedding.

The bride's chosen colors of pink and white were used in the decorations. The serving table was laid with a lace cloth and centered with a pink and white floral arrangement in a crystal basket. Streamers of pink satin extended from the centerpiece with the names "Paula and Royce" written in silver glitter. Crystal appointments were used.

Punch and cookies were served to the 20 guests who were registered by Mrs. Ray Warren.

Assisting with hospitality were the following hostesses: Mrs. Billy Littrell, Ab Mitchell, Otis Shepherd Jr., Claudia Odum and W. C. Kiker.

Mr. and Mrs. Warren Hays returned home Monday from Oklahoma City, Okla., where they had spent the week visiting their son and daughter-in-law, Mr. and Mrs. R. L. Beach.

Keeton-Wallace vows are read June 14 in church at Lubbock

Miss Patricia Yvonne Keeton became the bride of Garland Ray Wallace in the Lubbock Calvary Church of the Nazarene, Friday, June 14, in a double ring service read by the Rev. Pearl Keeton, aunt of the bride.

Parents of the couple are Mr. and Mrs. Lester L. Keeton and Mr. and Mrs. L. B. Wallace, both of Lubbock.

Given in marriage by her father, the bride wore an original gown of Chantilly lace and tulle over a

and satin. A Queen Anne collar of lace complemented the bodice which featured a sheer yoke of appliqued lace and long tapering sleeves. She carried a bridal bouquet of white carnations atop a sible which belonged to her grandfather, the late Rev. H. J. Bingham. Her veil was of French tulle attached to a hat of Chantilly lace.

Attending her sister as matron of honor was Mrs. Lyndell McDaniel. She chose a dress of blue chiffon and lace. Her headpiece caught a short veil and she carried a nosegay centered with white carnations.

Miss Lillie Wilke, cousin of the bride, and David Kounter of Lubbock lighted the candles. Miss Linda Kay Bingham, cousin of the bride, was flower girl.

Oman Turner, brother-in-law of the bridegroom, was best man. Ushers were Lyndell McDaniel and Buford Keeton of Odessa, cousin of the bride. Harold Allen accompanied Miss Connie Hearn, soloist, on the piano.

A reception followed the ceremony at the church. For travel, the bride wore an aqua wild silk two-piece suit with white patent accessories and a corsage from her bridal bouquet.

Mrs. Wallace is a graduate of Monterey High School and Mr. Wallace graduated from Roosevelt High School. Both will attend Bethany Nazarene College in Bethany, Okla., this fall.

Out-of-town guests attending the wedding from Post were: Mr. and Mrs. F. E. Keeton, the Rev. and Mrs. K. S. White, Charles Allen, Miss Onal Waldron, Mr. and Mrs. G. L. Perkins, Mr. and Mrs. W. A. Wilke and family, Mr. and Mrs. Burnie Bingham, Mr. and Mrs. Earl Rogers, Mr. and Mrs. D. J. Riley, and Chester Keeton of Lorenzo.

Mr. Gallagher graduated from Anadarko High School, Anadarko, Okla., and attended Oklahoma Baptist University and Oklahoma State University. He is now attending Texas Tech as a senior electrical engineering student. He is a member of the Institute of Electrical and Electronic Engineers. Mr. Gallagher has served two and one-half years in the Air Force.

PROBING THE UNKNOWN

Early dawn at Cape Canaveral... and out of the flaming roar a finger of science probes the unknown.

Man has never been content to live behind a curtain of mystery. He must seek... discover... explore.

Nor is man's soul less eager than his mind! For if we are meant each day to learn one more truth of our environment, we are meant, too, to learn one more truth of our Creator. There is hope that scientific probing can enrich our physical life; there is promise that religious searching will deepen our spiritual life.

Tomorrow depends on every lesson learned at Canaveral. But, to even greater degree, on every truth learned at Church.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

This Service of Church Features Is Being Published Through the Cooperation of the Local Ministers and Is Sponsored by the Above Individuals and Business Firms With the Hope That More People Will Attend the Church of Their Choice.

Six injured in nine rural Garza car crashes in May

The Highway Patrol investigated nine rural accidents in Garza County during the month of May according to Sgt. A. E. Roberts, Patrol Supervisor of this area.

These wrecks accounted for six persons injured and property damage in the amount of \$7,010.

The rural accident summary of Garza County from January thru May of 1963 shows a total of 18 crashes resulting in one person killed, 11 persons injured and an estimated property damage of \$18,045.

It might well be said that many of our so called good citizens in their thinking do not associate good citizenship in a democracy with safety. The Patrol Supervisor reminds us that these two are so closely related that they cannot be separated. The word safety, as we understand it, implies everything that is good for the citizen. And citizenship also stands for everything that is good. If a person lays claim to being a good citizen, yet is careless in traffic, or disregards simple traffic rules and regulations, then he cannot be considered a good citizen.

What we must learn to accept and to face is that we cannot be good citizens if we do not practice the principles of good citizenship in every area of our lives. If we continue to disregard and break traffic laws and continue to behave in a careless manner in traffic,

State Capital NEWS

By Vern Stanford

AUSTIN — On July 1 every article of outer clothing that costs less than \$10 will go up two per cent.

That is the date the extended state sales tax law goes into effect. All outer clothing now exempt will become taxable.

Smart shoppers will take advantage of the last days of June to stock up on clothing for the family. Buying of school togs may take place earlier than ever before.

Legislation made many changes in the sales tax law. Most changes affect reporting procedures of merchants. An important one, however, raises the state sales tax on automobiles from one and one-half to two per cent.

As of July 1 if you buy a new car costing \$3,000, for example, you will pay a state tax of \$60.

If you trade in an old car the salesman will deduct the trade-in amount from the total, then figure your tax on the difference. In other words, if your trade-in came to \$1,000 toward a \$3,000 car, you would pay two per cent—or \$40—on the difference.

LAYAWAY PLAN — At the last minute Gov. John Connally signed the \$3,000,000,000 state budget bill. He criticized the bill for emphasizing "bricks rather than bricks." But he knocked out \$12,400,000 worth of "bricks"—i. e., construction items—before he affixed his signature.

Connally said he would guard the \$12,400,000 as a "layaway plan" for higher education.

He hopes that his decision on the 1964-65 appropriations bill would decide the special session question fell through. He said he does not want to call a special session, but will not hesitate to do so if he becomes convinced that excellence in higher education is threatened by a shortage of funds for teaching salaries, research and libraries.

VEOTES — When the governor's deadline for signing bills arrived, he inked into law most of the 354 measures passed by the Legislature.

But he vetoes a few, including: Senate Bill 270, revising the antiquated 1856 Code of Criminal Procedure. Connally nixed the controversial code revision, after learning that the copy sent him for signature was not the one passed by the Legislature.

House Bill 789, exempting from jury service "all owners or operators of milk-producing farms where this operation is the exclusive means of earning a living." Connally said, "I believe that dairy farmers occupy an important role in our society and can serve a valuable function as jurors."

House Bill 1053, providing for election of directors of the Upper Guadalupe River Authority, rather than appointment by the governor. Connally said he vetoed this since there was a technical conflict in its legal language which might jeopardize the district.

House Bill 975, repealing the requirement that the Angelton Drainage District get approval of the Texas Water Commission before spending bond money for improvements. He said Water Commission approval would assure uniformity of improvements in all water districts.

MURRAY FILE—Income tax reports made by William J. Murray from 1946 to 1962 have been studied by Atty. Gen. Waggoner Carr. Murray resigned in April as a member of the Railroad Commission, following a conflict-of-interest charge.

After noting that Murray's taxable income from oil, gas and allied operations during those 17 years exceeded \$1,700,000 Carr stated, "This report does raise a serious question of a conflict-of-interest between the official status of Mr. Murray and his private interests."

Carr recommended a Legislative Council study for an improved Code of Ethics for State officials.

Such a code, co-authored by Reps. Jim Nugent of Kerrville, Bob Echardt of Houston and Travis Paevel of Corpus Christi, passed the House during the legislative session but was killed in the Senate.

Study of Murray's finances was made for a Travis County Grand Jury, which will attempt to determine whether Murray violated any laws.

SCREWORM PROGRESS — Up to now, estimates of state and federal animal health authorities that the one and one-half-year-old screwworm eradication program has resulted in anywhere from a 75 to 95 per cent decline in the dis-

ease have been pure guess work. But the joint report of the Texas Animal Health Commission and the U. S. Department of Agriculture for the five-week period ending June 1 confirmed a 93 per cent decline as compared to the same weeks in 1962.

The clear comparison picture was the result of reporting cooperation on the part of livestock producers.

Animal health reports showed that during the period April 28 to June 1, 1963, research workers confirmed 450 samples as screwworm infestations, and 1,281 as non-screwworm. In the same period in 1962 there were 7,013 screwworm cases confirmed, and 597 termed non-screwworm.

PROGRAM IN JEOPARDY? Members of the Texas Screwworm Eradication Committee considered Governor Connally's veto of a \$300,000 appropriation for the eradication program a matter of "serious concern."

They said more than 100,000 livestock producers raised \$1,400,000 toward its \$1,000,000 goal this spring in a 30-day period on the governor's word that the State would carry its share of the \$12,000,000 program.

Committeemen said that unless the \$300,000 vetoed by Connally is restored, the entire program is in jeopardy, and possibly the loss of the huge investment producers already have made in the program.

LAND SALE POSTED — Land Commissioner Jerry Sadler announced the sale of several South Texas tracts of forfeited land on which bonafide Texas veterans are invited to submit bids until 11 a. m. on July 2.

Each eligible veteran will be allowed to purchase only one of the 13 available tracts, but he may submit bids on as many as he desires.

Sadler, chairman of the Veterans Land Board, said, "The board strongly recommends that each bidder personally contact all taxing agencies to satisfy himself as to the exact amount of taxes and charges due and take those into consideration in making his bid."

Further information about the land sale may be obtained by writing the Land Commissioner at the Veterans Land Board, General Land Office, Archives and Library Building, Austin.

FARM JOB INCREASE — Vegetable harvesting, berry picking and cotton cultivation during May caused placement of farm workers to increase from 24,809 in April to 28,131 last month, according to the Texas Employment Commission.

But elsewhere, there was little change in the job picture. Non-farm placements increased only one per cent on the workday basis.

FIRE PROTECTION RULING—That part of a 1961 law which provides that counties could provide rural fire protection to residents of adjoining counties was ruled unconstitutional by Attorney General Carr.

Carr declared that a county can only contract to provide rural fire protection for residents of the same county living outside incorporated limits. He said his ruling did not negate the rest of the rural fire protection contract law, however.

ATTENDS CONVENTION

Police Chief Elton Corley returned Tuesday night from San Antonio where he attended the annual convention of the Texas Police Association. There was good attendance at the convention, the police chief said, and an outstanding program, which included talks by Atty. Gen. Waggoner Carr, Col. Homer Garrison, head of the Texas Department of Public Safety, and others.

ATTENDS WEDDING

Miss Judy Clary assisted with hospitalities at the reception following the wedding of her roommate, Miss Jetta Butler to Jerald Darr. The wedding took place Saturday at 2 p. m. in Rising Star.

told Rotarians who helped raise funds to bring her to America by playing a benefit basketball game with the Post High School girls' team.

"If you have gotten half as much out of this project as I have, it has been worthwhile," Susanne told the Rotarians in closing.

Louise Burkes, club president, presented her with a gift from the club, a necklace, "to remember us by."

The high school annual, The Caprock, which arrived here this week for distribution to Post High students, is dedicated to Susanne.

Dr. B. E. Young said the Young home was going to be "mighty empty" next week. Susanne has made her home here with the Youngs since November.

Susanne, who is 17 and will be 18 in December, told Rotarians one of her big thrills in her school year here was having a part in the senior play in December.

She told of her experiences here during the year and said the United States would be like a second homeland to her now. She said she planned someday to return to Post to visit with her friends.

4-H'ers Shine Up House For Spring

Home Improvement Program Teaches Latest Methods

Hard working 4-H Club members throughout the state are helping with Spring cleaning and dressing up their homes. They are quite adept at painting, papering, and refurbishing just about any area in the house.

They have learned these skills in the 4-H home improvement program which annually attracts hundreds of girls and boys. Their ingenuity and perseverance add beauty and comfort to their homes.

Public Library Modernized

Usually other members of the family are involved because any major project requires cash and parental approval of changes to be made.

Sometimes a 4-H home improvement project benefits the community. Such was the case last year in a small southern Kansas town. There 4-H'er Nancy Davey submitted modernized plans for the Mulvane City Library. They were approved and used in remodeling the structure.

One example of family enterprise in a California project was that of the Ervin Williams who purchased a home in Visalia. It needed a thorough going over. Daughter Patricia, 19, through her 4-H home improvement training and learn-by-doing experiences made a major contribution.

Patricia helped with the planning, interior rebuilding and decorating. What's more she selected colors for walls and draperies, chose fabrics and sewed both draperies and curtains.

Home is Showplace

The Williams' home became a showplace for home improvement 4-H Clubs in the area. Patricia's reward was pride of accomplishment and saving her folks money.

Next fall the state winner named by the Cooperative Extension Service will receive a \$150 scholarship. This award comes from the Spery and Hutchinson Company through arrangements made by the National 4-H Service Committee.

HOUSTON VISIT

Mrs. C. R. Thaxton visited their daughter and family, Mr. and Mrs. Charles Prather, in Houston last week.

FEEDING THEM FIRST

Sterile screwworm flies are now being fed prior to their release under the screwworm eradication program. Entomologists have found that flies fed from a small paper cup containing corn syrup have a better chance to survive and perform their important job.

SANTA FE CARLOADINGS

Total carloads moved over Santa Fe System lines for the week ending June 15 were 36,214 compared with 33,903 for the same week a year ago. On-line loadings were 24,711 compared with 23,156 for the corresponding week last year. Cars received from connections totaled 11,503 compared with 10,747 for the same week a year ago. Santa Fe handled a total of 31,937.

Red Sox, Dodgers battling down to wire in LL race

The Little League baseball season is scheduled to end Saturday night, but make-up games will keep it going through July 6.

Currently, the Red Sox are leading the league by one full game over the Dodgers, but the two teams meet Saturday night in a crucial contest that either will find the Sox pulling ahead by two games or the Dodgers climbing into a first place tie.

The Dodgers were ahead of the Red Sox by one full game going into Monday night's games, but the leaders were upset by the Tigers, 10 to 3, and the Sox drubbed the Cardinals, 10 to 1, to take over the lead.

Saturday night's Dodger-Red Sox

game would have ended the regular season, but rain and wet grounds have made 13 make-up games necessary.

Of these make-up games, the Red Sox will play six and the Dodgers five.

Of the other four teams, only the third place Corvairs and the fourth place Cardinals are still in the running and both teams would have to win all their make-up games and the Sox and Dodgers would have to lose all theirs for the Corvairs or Cardinals to have a chance to win the 1963 championship.

The Red Sox held a one-game lead over the Dodgers going into Saturday night's games and the two leaders maintained the pace,

with the Dodgers edging the Corvairs, 11 to 10, and the Red Sox blanking the Yankees, 7 to 0.

It took the Dodgers extra innings to eke out their 11-10 win over the Corvairs Saturday night.

D. Dodson walked in the bottom of the eighth, took third when T. Greenwood doubled and scored on T. Williams' single to settle the issue.

A six-run third inning kept the Corvairs in contention after the Dodgers had jumped to a one-run lead in the first inning when Neff Walker's single scored B. Alexander.

Greenwood, the last of four Dodger pitchers, was the winner and G. Morales, the third of three Corvair hurlers, was charged with the loss. Loyd Mauldin led the Corvair hitters with three safeties in six trips. T. Cross with three hits in four official trips to the plate and Jimmy Poes, also with three for four, did most of the damage for the winners.

Hits were few and far between in the Red Sox' 7-0 win over the Yankees Saturday night. The winners collected six hits off loser Jack Hair and Mike Scott, while the Yankees got five off starter J. Bratcher, who pitched three innings, and Batch Heaton.

The Red Sox scored three runs on two hits in the third frame and four runs on three hits in the fifth. Jay Bird had a single and a double to lead the Sox, while the Red Sox baseman Robert Pace and Scott paced the Yankees with two hits apiece. One of Pace's hits was a triple.

The Tigers climbed out of the league cellar Monday night by scoring seven runs in the fifth inning to break a 3-3 deadlock and humble the Dodgers, 10-3. The winners jumped on starter R. Buerger for six hits in their seven-run seventh.

V. Vargas went the route for the winners, holding the Dodgers to three hits. Buerger was the losing pitcher, with Greenwood relieving after five innings. The Tigers' 10 hits were scattered among seven of their nine players.

Collazo yielded only two hits in pitching the Red Sox to their 10-1 win over the Cardinals Monday night. Ammons doubled for one of the Cardinal hits and Reno singled for the other.

The Red Sox, meanwhile, were combing the offerings of three Cardinal pitchers for a total of 10 hits. Heaton got three of them and Hernandez and Bratcher two each.

Odom was the losing pitcher with Ammons and M. Clayton coming on in relief.

First weeks in July Tangerine slates bowling tourneys

It'll be tournament time at the Tangerine Bowl here the first two weeks in July.

The third annual Men's Invitational Handicap Tournament is scheduled for July 6-7 and July 13-14, and Mixed Ragtime Doubles and Ladies' Doubles for July 6 through July 14.

The ABC-sanctioned Men's Handicap Tournament will consist of a five-man team event, two-man doubles event, singles event and an all-events division.

The closing deadline for entries is 5 p. m. July 14, according to Richard Borgman, Tangerine Bowl manager. All entries should be mailed to him at 206 Mohawk, Post.

In addition to prize money, trophies will be awarded first place winners in each of the four events. Men's handicaps will be figured on the basis of 66 2/3 per cent of 200, and women's handicaps on basis of 75 per cent of 200.

The Mixed Ragtime Doubles is ABC and WIBC-sanctioned and the Ladies' Doubles is WIBC-sanctioned.

The biggest tournament in the history of the local bowling alley is anticipated, the manager said.

Post golfer sets new meet record in Gaines tourney

Charles Hopkins, industrial arts teacher at Post High School, set a new tournament record in winning the championship of the Gaines County Invitational Golf Tournament Sunday.

Hopkins rode in with a nine-under par 207 for the 54-hole affair to easily smash the tournament's record for six rounds of play.

The Post teacher sailed through Sunday's three rounds in 105 strokes, compared to the 102 shots it took him Saturday.

Despite his record-breaking performance, Hopkins had to fight off the challenge of former Hardin-Simmons golfer Tommy Hale on the last 13 holes to salvage the victory.

Hopkins' winning 207-stroke total was 14 under the 221 turned in last year by Bob Hankins in winning the 1962 title.

Hopkins finished three strokes ahead of Hale, the second place winner. Lindsay Telford of Lubbock was third with 213.

Roger Camp, home for the summer from his first year at New Mexico Military Institute, won the second flight championship by beating Billy Vaughn, 1-up, after disposing of Benny Nichols, 1-up (10 holes), in his semifinals match.

Top woman bowler to arrive Monday

One of the nation's top women bowlers will roll into Post on Monday, June 24, and will be here through Friday, June 28.

Brunswick star Jere Price, record-holder in some of the game's top events, is scheduled for an appearance at the Tangerine Bowl here.

According to Richard Borgman, manager, Mrs. Price will roll an exhibition match and give free instructions to local bowlers.

A native of Fort Worth, Jere is seven-time champion of the city's all events competition. She has also won the Fort Worth Singles, Texas Singles, Texas All Events and the Texas Match Game three times.

Three of Mrs. Price's proudest records have been established in the tough World's Invitational Tournament. She holds marks for 11 200 games in a row, highest 12 game qualifying total of 2577 and most 800 series (for four games) in a row.

In addition, she owns the highest 4-game series ever bowled in the Oklahoma Times Classic, 842.

A mother of two, Mrs. Price was Fort Worth's "Bowler of the Year" in 1955. She has a high career game of 278 and series of 735.

As a member of the Brunswick Advisory Staff of Champions, Mrs. Price is one of more than 140 big league stars who promote bowling with exhibition and instruction appearances throughout the country.

Legion nine to resume action

Post's entry in the American Legion Junior Baseball League will resume action at Lubbock Friday night against the Lubbock Bell-Chek team and then will return home for games against Petersburg and Plainview.

The Petersburg game will be played Saturday night and the Plainview game Monday night, both starting at 8 o'clock at the Babe Ruth League field here.

The Post team, co-managed by Charles Black and N. R. Landreth, has a 1-1 mark in league play, having defeated Petersburg and lost to Slaton. League action has been slowed by rain and wet grounds the last several days.

KANSAS VISIT
Mrs. Julian Smith left Thursday for an extended visit in Kansas where she is visiting the J. D. Hensleys in Salina. Mrs. Smith and Mr. Hensley are brother and sister.

Babe Ruth League White Sox '9' regains lead

The White Sox replaced the Indians as Babe Ruth League leaders by winning two games over the weekend while the Indians were splitting two.

The Sox pulled a full game ahead of the Indians by whipping the Pirates, 14 to 6, Friday night and then shutting out the Braves, 8-0, in a make-up game. The Indians lost to the Cubs, 6-0, Friday night, but stayed well up in the running by edging the Pirates, 3 to 2, Tuesday night.

The regular season is scheduled to end Friday, June 22, but a number of games postponed because of bad weather are still to be made up before the schedule is completed.

Tuesday's game between the In-

dians and Pirates was a pitching duel between the Indians' Long and the Pirates' Jackson, with each hurler yielding only three hits.

The Pirates scored in the first inning when Horton's single scored Sappington and held their one-run lead until the fifth when the Indians knotted the count on a walk to Heaton and a single by Dean.

The Pirates went ahead, 2-1, in the top of the sixth but the Indians came back with two tallies on one hit in the bottom of the frame for their winning margin.

David Condon allowed only one hit in pitching the Cubs to a 13-0 win over the Braves Tuesday night in a five-inning game. Riviera, who went the distance for the losers, gave up eight hits, with Charles Landroop and Rickey Welch getting two apiece.

Larry Johnson, who relieved Paul Walker with one man out in the first inning, gave up only one hit—a single by Johnny Bilberry—in hurling the White Sox to an 8-0 win over the Braves in a make-up game. Bilberry was the losing pitcher, with the Sox unloading for six runs in the second inning. The winners collected 12 hits, with Ronnie Pierce getting three for four and Duke Altman two for four.

Still wet; no easy life for the farmer

By MRS. GLENN DAVIS

Here it is Monday again and we have had more rain. The lakes aren't drying up very fast and the fields sure aren't getting dry. Who said the farmer has an easy life?

Congratulations to Mr. and Mrs. Mason McClellan. We wish for them a long and happy married life.

Margie Harrison spent Friday night with Linda McMahon.

Mr. and Mrs. Harry Lee Mason and family and members of the Hester family have gone fishing at Possum Kingdom Lake.

Mr. and Mrs. B. J. Woods and family of Odessa visited Sunday with her sister, Mrs. Carter White and Mr. White, Cynthia and Sherry returned home after a three-week stay with their aunt and family while their mother was recuperating from surgery.

Mrs. Carl Fluit and granddaughter, Melinda, visited Mrs. L. W. Gandy in Tahoka Sunday afternoon.

Lamar Jones spent Sunday night with Stanley Jones.

Capt. and Mrs. Joe Aimo and family of Amarillo spent the weekend with her parents. They attended the wedding of her brother, Mason, and Glenda Hutto in Lubbock Saturday morning. Mrs. Aimo and children remained to visit for a week.

Mrs. Glenn McWhirter and children of Alvarado visited a short while with Mrs. Delmer Cowdry. They were on their way home after

visiting in Amarillo with her parents, Mr. and Mrs. Walter Stephens, and a sister and family.

Sunday luncheon guests of the Glenn Davises were Mr. and Mrs. Lonnie Peel and Gene, Carol Davis and afternoon visitors were Mr. and Mrs. Donald Windham.

Mrs. Maud Thomas, Mrs. Carl Fluit, Mrs. Mack Ledbetter and Mrs. Patsy Craig, all have been visitors of Mrs. Carter White.

Sunday luncheon guests of the Bobby Cowdreys were her mother, Mrs. Ethel Redman, and his parents, Mr. and Mrs. Delmer Cowdry.

DARLENE, SANDRA and GARY Jones had a little car accident Sunday afternoon. Someone drove into them from the back. Fortunately they were not injured.

Bryan Maxey and Delmer Cowdry went to the Ira Howard farm near Midland Saturday after cotton seed. Mrs. Howard is Bryan's sister.

Monday morning visitors of the Ray McClellans were Mr. and Mrs. Grover Mason, G. T. Jody and Richard Lewis and Mr. and Mrs. Glenn Davis.

Mr. and Mrs. Bill McMahon and Mr. and Mrs. Quannah Maxey went to Lake Thomas Friday afternoon. They didn't have very good luck as the fish didn't happen to be hungry.

Mr. and Mrs. Jason Justice and family of Petersburg visited her

parents, Sunday.

Mr. and Mrs. Blovens and family of Lubbock visited Sunday with her sister, Mr. and Mrs. Jimmy Doggett. Other visitors were her parents, Mr. and Mrs. Walter Cridler, and her grandmother.

The Graham HD Club met in the home of Lodesca Cobb, June 13 with Dorothy Cowdry as co-hostess. Roll call was answered with "My Favorite Outdoor Menu". A ten minute demonstration on the use of spice and herbs was given by Bernita Maxey. The club was to have had a demonstration on outdoor cookery but the weather wasn't quite favorable—it was raining.

The president, Lucille Bush, gave an interesting talk on things she had learned when she attended a training meeting on outdoor cookery recently. Refreshments were served to one new member, Jennie Lou Cowdry, and Lucille Bush, Jane Mason, Maurice Bush, Bernita Maxey, Nita Mason, Sue Maxey, Innis Thuet, Alma McBride, Viva Davis and the hostess, Mrs. Ethel Redman.

The next meeting will be June 27 in the home of Viva Davis with Mary Cowdry as co-hostess.

Mrs. Jennie Lou Cowdry and her twin brother, Jimmy Redman, celebrated a birthday last Tuesday. Those helping them celebrate in the Cowdry home were the Jimmy Redman family, Mrs. Ethel Redman, the Bob Baker family, the Delmer Cowdreys, the Elmer Cowdreys, James and David Sparlin, the Lonnie Peels, the Elvius Davis family, and the Glenn Davises. They enjoyed home made ice cream and cake.

Cindy Childs of Colorado City spent last week visiting her grandmother, Mrs. B. C. Childs. Another granddaughter, Nedra Childs, of Close City spent part of the week

with them.

Stephanie and Patricia Davis spent last Tuesday night and Wednesday morning with their grandparents, Mr. and Mrs. Glenn Davids.

Mrs. Ethel Redman spent a few days last week with her daughter and son-in-law, Mr. and Mrs. Bob Baker and family.

Mighty little land showing in fields

By LUCILLE WALKER
Farmers are still trying to plant crops in between showers. A lot of them have much land showing their farms—just a little corner here and there. Guess we might well invest in a boat and try some rice paddies. We've been to figure out some way to make a living. We're not complaining—just trying to think of something to plant instead of "King of the Hill."

E. A. Thomas drove down Wednesday Friday to meet with her cousins from Yuma, Ariz. and Fresno, Calif. They all came to see relatives and friends in Grassland, Friday. They drove to Brock, Saturday, for a reunion. Mrs. Thomas returned home Sunday and Mrs. Pauline Hopper, who lives in Yuma, came home with her.

Mrs. L. J. Walker and her husband, L. J. Walker, who lives in Littlefield, dropped by from their parents, the L. J. Walkers, Sunday afternoon. The Rev. Bobby Huffaker and his wife, through Friday of the week. Bobby is pastor of the church of the Nazarene in Clarendon.

Chas. Childs of Colorado City has been visiting her grandmother, Mrs. C. C. Childs.

Arch Aten, former resident of Grassland, now living in Harper, Ariz. is Saturday visiting Mrs. Aten, and friends.

Gordon Appling from Mount Blanco, visited in the Roy Appling home Monday.

Mr. and Mrs. Ted McDonald, Mr. and Mrs. Bert McDonald and children, Mr. and Mrs. Kelly Laws and family, visited in the home of the James Murrys Thursday evening.

Visiting in the W. G. McCleskey home Sunday were the C. O. McCleskeys and the W. L. Gribbles.

THE REV. AND MRS. Ira Campbell were luncheon guests of the Odie Campbells Sunday.

Bud Inklebarger and son visited the Doyle Terry and J. D. McGrew families in Lamesa, Sunday.

Father's Day visitors in the C. A. Walker home Sunday were their daughter and family, the Bill Moores, of Seagraves.

Mrs. V. V. Laws has bought a house in Tahoka. We understand they are redecorating it this week.

Mrs. Kelly Laws and Mrs. Dea n Laws are hanging paper and helping Mrs. Laws get things in order. Mrs. Laws has lived in Grassland community for a number of years. She and her husband moved to Hobbs, N. M., where they lived for two years. After Mrs. Laws' death, Feb. 21, of this year, she sold her home in Hobbs and purchased one in Tahoka where she will be close to her sons who farm in the Grassland community.

Mr. and Mrs. Ted McDonald and children left Friday morning for their home in Selah, Wash., after spending some time here with her parents, relatives and friends. They arrived home around 1 a. m. Sunday morning. Jo Nell called Mrs. G saying they had made the trip without any trouble.

Mrs. O. C. Harrison was in Lubbock Sunday to visit her granddaughter, A'Leta Parks, and to help care for her. Dottie, the baby's mother, was ill with strep throat.

Six from county at 4-H workshop

Six Garza County 4-H Club members were in Levelland Tuesday, Wednesday and Thursday at the district Two 4-H Junior Leadership Workshop held on the campus of South Plains College.

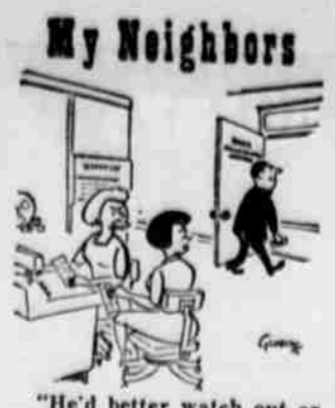

Club members attending from the county were Shirley Bostick, Arv Pierce, Jo Beth Dillard, Ron Thuet, David Dabbs and Pat Benson. They were accompanied by county agents, Juanette Wilms and Syd Conner.

The workshop was open to 4-H members of the 20-county district to show potential leadership qualities.

While at the workshop, the 4-H members attended group sessions on the role of junior leaders, the junior leader handbook, parliamentary procedure, how to prepare and make a talk, planning yearly programs and how to conduct recreation.

The three-day event also included swimming, parties and other recreation.

Slaton replacing city secretary

SLATON—Apparently the "outs" are in and the "ins" are out since the spring city election here.

The city commission last week by a 3-2 split vote decided to hire a new city secretary.

This in effect dispenses with the services of J. J. Maxey who has served as city secretary for the last 19 years. Maxey will stay on at his own request until after completion of the audit.

The tie-breaking vote on replacing Maxey was cast by the city's new mayor, Jonas Cain.

Mayor Cain started the discussion which led to the change by saying he believed it proper time to consider re-hiring or change of department heads in the city administration.

The action on Maxey was the only one taken on various department heads at last week's session.

First Holy Communion is received by class

A class of about 35 children received first Holy Communion at the Holy Cross Catholic Church here Sunday morning.

The children had just completed a two-weeks catechism class taught by two members of a teaching order of sisters from Slaton.

The class received first communion at the regular 9 o'clock Mass, celebrated by the Rev. Edward Clinton of Lubbock.

Mrs. Johnnie Hamilton to teach in Garland

Mrs. Johnnie Hamilton will leave Friday to make her home in Garland, near Dallas, where she will teach English in Garland High School.

Mrs. Hamilton has been teaching in Tahoka High School for the last five years and prior to that was a member of the Post schools faculty for four years.

Mrs. Hamilton's son, Billy, has enrolled for the summer term in North Texas State University at Denton after graduating June 2 from Castle Heights Military Academy in Lebanon, Tenn. He will major in music and English at NTSU.

"CARE" MILESTONE

The 50 millionth CARE package is presented to Mrs. Barbara da Ripe in Bogota, Colombia, by Daniel Gelford of Bayport, Minn., as his son, Randall Gelford, at left, looks on. The Gelford family, including Mrs. Eileen Gelford and daughter, Judith Gelford, 18, were chosen CARE'S "Citizen Ambassadors" because their donation provided the milestone package. The South American trip was made possible by the Fibre Box Association whose cartons carry CARE food and tools across the world.

Former resident elected by bank

A former Post resident has been promoted to executive vice president in charge of administration of the Republic National Bank of Dallas.

He is William O. Stevens, who attended school here and was at one time employed by the First National Bank.

A native of Bridgeport, Stevens is the son of the late W. G. Stevens, longtime Post resident. His mother now lives in Lubbock.

He joined Republic as an assistant vice president in 1959 and has been a general vice president since 1961. He is a director of Harvest Queen Mill & Elevator Co. of Plainview and of a number of other Southwestern corporations.

Post woman is home from 15-day visit

68 of Ben Altman's family hold reunion

It's reunion time this week! One took place right here in our community, Ben Altman had his children, grandchildren and great-grandchildren all in his home on Father's Day and there were 68 altogether and 41 didn't come! Now, that's a family for you! Those from out of town were: Mr. and Mrs. Dude Altman, Enochs; Mr. and Mrs. Kenneth Coates and children; Mrs. R. H. Baker and children; Morton; Mr. and Mrs. Wayland Altman and children; Three-way; Mr. and Mrs. Luther Harold; Mr. Loyd Crosby and Patricia; Mr. and Mrs. Ed Altman; Mr. and Mrs. Travis Altman and children; Littlefield; Billy Wayne Sison; Friona; Mr. and Mrs. Woodrow Altman and children; Smyer; Mr. and Mrs. Dan Altman and sons; Mr. and Mrs. Burl Jones; Tullia; James Altman and daughter of Lubbock; Mr. and Mrs. James Altman; Linda and guest, Beverly Avant; Mr. and Mrs. Vance Bowen and children; Post; Mr. and Mrs. James Blair and Roger, Wolfthorpe; Our neighbors, Mr. and Mrs. Deamos Altman and children and Mrs. Artie Baxter and Mrs. Carrie Guest were also there. Kay Altman and Carol Bowen returned home with the Travis Altmans after the big get-together.

THE ROBERT MOCKS, Mr. and Mrs. Lee Ward, Uncle Mun and Aunt Dolly Shelton and Mrs. Martha Mock all spent Father's Day at Lake Thomas.

Mrs. Eula Mae Willingham of Post came by on Sunday to tell us that Mrs. J. I. Northcutt, former resident of this great community, is in St. Mary's Hospital in Lubbock for a hernia operation.

The E. A. Franklins' house is finished except for a few odds and ends and I feel lucky to live in such a beautiful neighborhood. It is really something to behold!

Virgil Smith's mother is out of the hospital. (Gotta talk about my neighbors first!)

Mrs. S. M. Lewis had some visitors on Saturday—Bro. Joe Green and Roy Garza.

We have a little cotton pecking through the ground out here!

Mrs. Spence Bevers took her girls' 4-H group to the Court House on Friday morning for a sewing workshop. Debbie Hitt, Kathy Long and Laura Bevers learned how to make a skirt.

Brenda Dabbs spent the night with Shirley Lee one night last week.

AGNES RINKER had a marvelous vacation trip after she arrived in Albuquerque. She joined the Dale Coles and Randy and Terry for a trip to Denver, Colo., Kansas, Missouri, Arkansas, and Oklahoma with a Thunderbird trailer. I can smell that bacon frying and that coffee brewing! If you have never camped out you have really missed something in life, right Agnes?

Justice of the Peace D. C. Roberts accompanied Leroy Nehring of Stamford thru Pleasant Valley last week to view the hail damage. Mr. Nehring is a state adjuster and his home office is Brenham. It took him five days to investigate the claims.

Sam Horton visited with the Clovis Robinson family Sunday afternoon.

Mrs. Fred Schmidt of Irving has come to stay with the Stanley Sims off and on between now and the Slaton ex's reunion on June 22. Her new baby daughter, Kathy, three months old and son are with her.

Part of Cindy Altman's graduation gift has just happened. She took a trip by train with her grand-

mother, Mrs. Frances Sargent, to Dallas and visited four days with the Van L. Stokes. Returned the first part of last week.

Mr. and Mrs. Neil Crosby attended the Bashan Reunion in Snyder Park on Sunday. Among their house guests before and during the reunion were: their daughter and family, Mr. and Mrs. Johnny Rodgers, Jill and Carla; Gram; Mr. and Mrs. Olen Kaelke, Compton, Calif.; Mr. and Mrs. J. D. Bashan; Ganado; Maggie Rodgers, Dallas, and Mrs. Oliver Pierson, Big Spring. The grandchildren, Jill and Carla, will remain with the Crosbys for two weeks. There were approximately 125 people at this reunion, about one-third of the usual amount!

Mrs. B. D. Robinson has been sick three weeks with a lung infection. During her illness she stayed with Mrs. D. C. Roberts in Post. She returned to this community June 15.

Mrs. Vernon Scott, Mrs. C. C. Lee, Bro. Joe Green and David Green attended the Worker's Conference for Baptist church members in Wilson on Monday. This is a monthly affair.

The O. B. Franklins are refreshing their home with new paint inside, etc.

Mrs. Dezzie Bevers, Mrs. Evelyn Dorman and Mrs. Albert Bevers came Wednesday to see the Spence Bevers.

Mrs. Barnes' niece of Hale Center visited him on Sunday—Mr. and Mrs. H. S. Eubank.

Don Altman accompanied J. W. Basinger to Clovis, N. M., where J. W. rode in a rodeo. En route they stopped by Tullia to see the Dan Altmans and were treated to a dinner. The water crept over the road while they were in Clovis so they had to spend the night.

Mr. and Mrs. Sonny Roberts and family of Denton spent the weekend before this last one with the Stanley Sims.

Mrs. C. R. Scott called on Mrs. S. M. Lewis on Sunday.

Sonny Wade of Post stopped by out here one day last week for one of his rare visits.

Dan Hodges had Joe Bevers over one night last week.

Murphy Bowco of Post stayed with the Deamos Altmans this week.

The Vernon Scotts visited the J. B. Potts family Saturday night.

Royce Robinson, Mike Winchester and Myrtle Johnson went to Hale Center Monday.

Bro. Joe Green and family had dinner with the Buddy Halls on Sunday.

Theresa Sims is in Fort Worth for a stay with her aunt and uncle.

The Weldon McGehees visited in Lubbock Sunday with his father.

Our rainfall measured .07 of an inch Sunday night. This weather is beginning to remind me of Maryland dampness and humidity.

The Rev. Bill Hogue of Post is scheduled to talk on his trip to Hong Kong Tuesday night at 8 at the Pleasant Valley Baptist Church, if he isn't rained out! Tune in next week to find out what happened.

The Stanley Sims had to re-pasture all their cows except 12 because of high waters, right up to the stock pens. Why did they keep 12? Well, because they only had 12 life jackets of course! (Courtesy of Mrs. Stanley Sims—that's her joke!)

The average Texas physician practices medicine 60 hours a week, devoting two-thirds to patients who are unable to pay for medical care.

DAMPENED ARDOR

While looking around the flooded area of our community, WE SUGGESTED that a canal be cut and all the lakes drained into it and RUN OFF THE CAPROCK into the ranch land BUT one of our good customers had a different idea SINCE IT ISN'T ALWAYS WET here he wants to rig up some way KEEPING all that water.

Having been in WEST TEXAS all my life, I right quickly agreed BUT somebody is going to have to help us figure that out — some way to get the lakes into storage for future use. PROBABLY it can all be figured into the SPACE PROGRAM but our space is too limited to discuss that as we started all this to TELL YOU that we are NOT FLOODED with customers and that some of our SURPLUS needs draining off into the hands of somebody that needs it.

WE WOULD SUGGEST that while you wait for the dry spell that's coming, why don't you pick up a few items like fishing tackle, camping equipment, etc., and rest up a few days for the FUTURE GRIND, then to save a trip back, you could include some HOES, FILES, SWEEPS, WEED KILLER, GODDEVIL KNIVES and other items we don't have space to mention and still get this into a SMALL AD in our weekly paper. IF YOU ARE AFRAID your property will get wet while you are away PUT A WATER-PROOF TARP over it all. WE HAVE ALL SIZES.

for Hay Tools

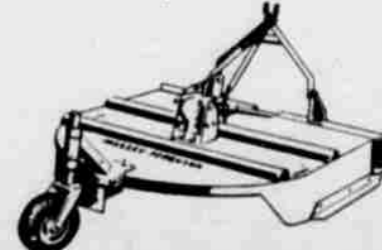

Saves more leaves

The MF 36 Pull-Type Side Rake handles hay gently—moves it the shortest distance possible to protect the protein-rich leaves. Available with exclusive 6-bar reel, or with low-cost 4- and 5-bar reels.

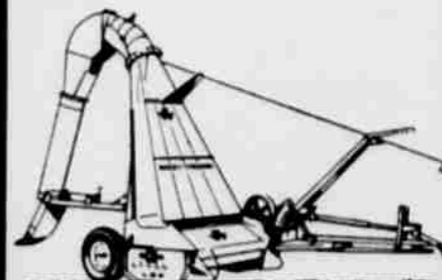

Improved Pitman Mower

The economical Pull-Type MF 52 hooks up easily to any standard drawbar. Improved pitman drive is fast, quiet, smooth—holds vibration to minimum. Available with mechanical or hydraulic lift.

Cuts a 66-in. Swath

The MF 65 Rotary Cutter mows, shreds stalks, cuts brush, mulches stubble, clears pasture, and more. Double-life reversible blades. Battleship-tough steel construction. In mounted or pull-type models.

Does dozens of jobs

You'll keep the flail-type MF Super 60 Forage Harvester profitably busy all year. It chops grass silage, conditions hay, makes corn or row crop silage, clips and shreds weeds and crop residues, and much more.
