## Lucas is elected mayor Potts, Collier councilmen

Harold Lucas was elected as Post's new mayor at Tuesday's municipal election, but despite the fact that he "led the ticket" for the third straight time he was given a strong challenge at the polls by Theatre Manager John N. Hopkins, a former city councilman. Lucas polled 253 votes to 193 for Hopkins.

A GOOD TURNOUT of 470 voters also elected J. B. Potts and Drugist Bob Collier to two year terms on the city council from a field of five candidates. Potts, executive vice president of the First National Bank, polled 243 votes and Collier 223. Chant Lee ran third with 185 votes, followed by Frank Blanton with 127 and Ed Sawyers with 107. Lucas, who has served three years as a city councilman, will succeed Powell Shytles as mayor

next Monday night when Shytles will swear in his successor as a special council session in City Hall, beginning at 7 p. m. The new mayor then will swear in the two city councilmen. Potts, who won his first race at the polls, has been serving as an appointed member of the council, filling the unexpired term of the late Roy Baker. Collier will succeed Dr. James

Matthews, who did not seek re-election. Results of Tuesday's election were canvassed yesterday afternoon by the council. The state law requires a waiting period of five days after the canvassing before newly elected municipal officials can take office. PROBABLY THE MOST important item of business to come before the new council Monday night will be the appointment of a successor to Lucas as councilman. Lucas' term still has a year to run. Councilman Wesley Scott will not be present for that session as he will be en route to Japan Monday with Mrs. Scott to participate in the Baptist New Life Movement in that country. The Scotts will leave Post Saturday.

'GAME' INCLUDES RATTLERS

## Game warden says eye-strain easy

"The first thing a fellow in my line of work notices about this part of the country is that it's easy to get eye-strain just looking for something," said William D. "Bud" Howell, who was assigned here March 1 by the Game & Fish Commission as conservation officer or game warden, if you prefer the older term.

Before being assigned to Post, all of Howell's work with the Game & Fish Commission had been in East Texas and Central Texas, where, he said, "You couldn't see fifty yards in any direction because of the trees." The new conservation officer has been busy ever since he's been here, but says he expects his work to get even busier.

Right now, he is assigned only to

## Spelling winner in Lubbock Bee

Marsha Tipton, 11-year-old 6th grade student in the Close City School, will be in Lubbock Saturday to represent Garza County in the 11th annual Lubbock Avalanche-Journal Spelling Bee in the O. L. Slaton Junior High School auditorium.

The Bee, in which 20 county champions will compete, will begin at 1:30 p. m.

Marsha, the daughter of Mr. and Mrs. Marshall Tipton, won the Garza County Spelling Bee over three other contestants here last Friday.

Eight of the spellers who will be competing in the Regional Bee are in the 8th grade, three in the 7th grade, seven in the 6th grade and two in the 5th grade.

## Bostick infant dies Wednesday

Debra Bostick, 11-month-old daughter of Mr. and Mrs. Frank Bostick, died about 3 o'clock Wednesday afternoon at the home of her parents in the Close City community.

The child had undergone treatment for a heart defect in hospital at Dallas and in this area.

Survivors besides the parents are two sisters and one brother. Funeral arrangements for the child were pending this morning at Mason Funeral Home.

## Final day's tag rush is heaviest of year

County Tax Assessor-Collector T. H. Tipton reported that the final day's rush for auto tags Saturday—when his office is normally closed—was the heaviest of the year. There was a mild rush Monday too, he said.

A total of 2,020 passenger car tags for 1963 had been sold by Tipton's office through Wednesday noon.

## Alliance's Good Friday service plans announced

The Post Ministerial Alliance will present its annual Good Friday worship service at 12:30 p. m., Friday, April 12, at the First Baptist Church.

The Alliance is hopeful that local merchants may be able to cooperate in connection with this service, which will last some 45 minutes, by closing for the worship and urging their employees to attend.

Theme of the service will be "The Last Seven Words."

Ministers participating include Ed Herring, First Presbyterian; Joel Pistone, Mexican Baptist; J. R. Brincefield, Assembly of God; K. S. White, Church of the Nazarene; Oscar Bruce, First Methodist; C. B. Hogue, First Baptist; with Bernard S. Ramsey, First Christian, president of the alliance, presiding.

George Willson will be the organist. Singing will include choir numbers by the First Baptist Choir under the direction of Lex Roby and a selection by a Church of the Nazarene quartet.

The public is invited and urged to attend.

## Election is Saturday for school trustees

More candidates' names are on the ballot for Saturday's school trustee election here, but few observers expect the number of votes to top last year's record-smashing 692.

This year's ballot lists four candidates for two trustee places, whereas last year there were only three names on the ballot. A whirlwind write-in campaign for A. Lee Ward was given credit for bringing out last year's record 698 voters.

No such write-in campaign has developed for this year's election. One of the four candidates in Saturday's election, Malcolm T. Bull, is running for a second term on the board. The other candidates are M. S. (Martin) Nichols, Virgil Bilbo and Wallace Simpson. Bobby Pierce, whose term expires, was not a candidate for re-election. He served two terms on the board.

Voting in the school trustee election will be in the high school library between 8 a. m. and 7 p. m. with Mrs. Lucille Mororis as election judge.

Voters in the Southland, Close City and Justiceburg school districts will also elect trustees Saturday. There will also be two trustees elected to the Garza County Board of Education.

Candidates for the Southland school board are F. D. Wheeler, J. D. Basinger, Edmund Wilke, and Arthur Smallwood.

At Close City, voters will elect two trustees from among D. H. Bartlett, Robert Craig and Arlie Ramage. Terms expiring are those of Bartlett and Marshall Tipton.

Candidates for the Justiceburg school board are F. D. Wheeler, J. D. Basinger, Edmund Wilke, and Arthur Smallwood.

At Close City, voters will elect two trustees from among D. H. Bartlett, Robert Craig and Arlie Ramage. Terms expiring are those of Bartlett and Marshall Tipton.

## Rotarians hear foreign student

Susanne Krause, Post high's foreign exchange student from Denmark, spoke before Post Rotarians at the club's weekly luncheon in City Hall Tuesday.

Miss Krause told Rotarians a great deal of interesting information about her country, including its policies, its schools, its sports, and its television (only four hours daily). She concluded by answering various questions.

She was introduced by Dr. B. E. Young. Miss Krause is living with the Youngs.

She said she will tour the south, spend several days in New York City and then sail for Europe after the close of the school term. She will be graduated from the Post High School at commencement exercises here.

## General public invited to PHS Science Fair

The general public is invited to attend the Science Fair at Post High School Friday afternoon and Saturday.

John May, science instructor, told The Dispatch that student classes are scheduled to view the

exhibit on the opening day Thursday and through Friday morning. This would leave Friday afternoon and Saturday for the parents and others of the general public to view the exhibits at their leisure.

May said teachers would be available both days to answer any questions.

Saturday hours would be from 10 to noon and from one to four p. m. Judging is scheduled to get under way at 4 p. m. today for the science fair, which is sponsored by the high school's Science and Math Club.

Certificates will be awarded all place winners as well as special prizes in various fields donated by local individuals or firms.

The fair exhibits are in the east wing of the south section of the high school building and can be best reached through the east door of the south section.

Two assistant professors from Texas Tech will serve as judges for the fair.

## City dads hear police, paving repair reports

The City Council heard the March police department report from Police Chief Elton Corley and a report from City Supt. Henry Tate on pavement repairs at a brief session Tuesday night.

The council's action also included an agreement to pay for the painting of new shelves in the Chamber of Commerce office.

The council meeting, held the night before the city election, lasted only a little more than half an hour.

The police department report for March showed a total of \$1,275 in fines collected on 74 charges.

Of the total, \$910 was collected in fines on drunk charges. Total fine collections for traffic violations were \$155.

The number of charges and fine totals were as follows: Drunk, 45—\$910; vagrancy, 4—\$85; disturbing the peace, 2—\$50; drinking in the City Park, 2—\$50; running stop sign, 10—\$60; failure to yield right-of-way, 1—\$5; speeding, 2—\$25; no driver's license, 1—\$10; defective muffler, 1—\$10; reckless driving, 2—\$10; no driver's license and reckless driving, 3—\$35.

The city superintendent reported that work is progressing on the repairing of pavement cracks by (See CITY COUNCIL, Page 8)

## Mother of Post man is buried

Mr. and Mrs. Guy Floyd and their children of Lubbock were in Snyder Tuesday to attend funeral services for Floyd's mother, Mrs. Crissie Young Ellison, who died at 11:15 p. m. Sunday in the Snyder Hospital.

Mrs. Ellison, who was 88, had been a resident of Scurry County since 1913 and had also lived in Post. She was born in Leon County.

Mrs. Ellison had been living with a daughter in Midland.

The funeral services were held at the First Baptist Church at 2 p. m. with Elder E. J. Norman of the Primitive Baptist Church officiating. Burial was in the Snyder Cemetery.

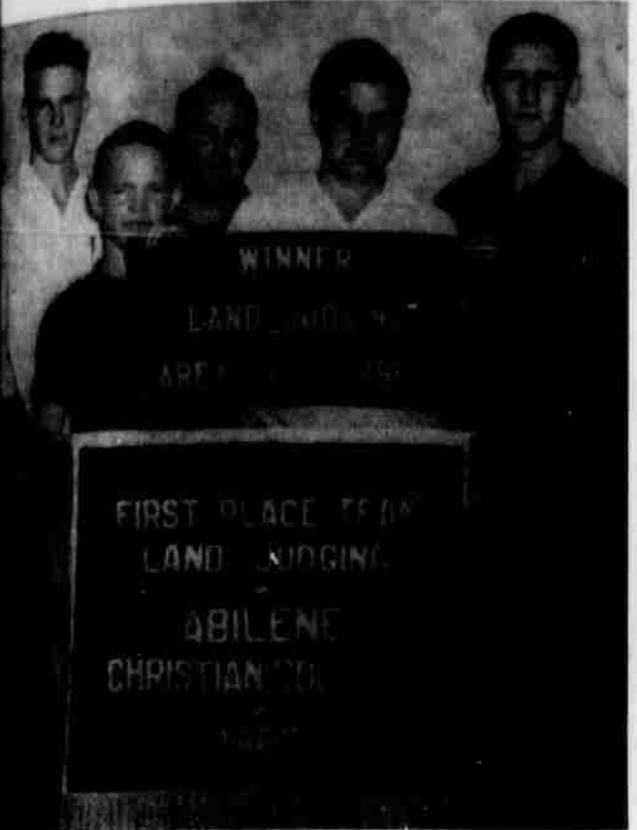

Mrs. Ellison is survived by five daughters, Mmes. Lucy Tatam of Tucumcari, N. M., Ross Huddleston and Clarence Graham, both of (See FUNERAL RITES, Page 8)

## Postex Mills complete big paving project

A big paving project was completed in the city last week—but it wasn't a city project at all.

The Postex Cotton Mills had three of the mills' parking lots black topped as well as some road areas around the local plant.

Over 10,000 square yards of paving were included in the job handled by a Lubbock contractor.

## Damage heavy in barn blaze

Early morning fire at the Brown farm, five miles west of Post, Saturday destroyed a barn, a sow and five young pigs, 12 tons of maize, a combine, \$800 worth of cottonseed and other property.

Owner Charlie Brown, who lives 413 Osage in Post, estimated total loss at \$2,500, not including the maize.

The fire is believed to have started from a sequence of events involving a pig-warmer heated by an electric light bulb.

Brown said the electricity at the farm went off about 7 p. m. Friday during an electrical storm and evidently came back on about 11 p. m.

He said indications were that the sow pulled the pig-warmer off onto the ground and that the fire resulted.

The barn and everything in it was destroyed as well as a combining machine at the west end of the barn, Brown said.

The alarm was turned in by a motorist, who saw the fire while driving past the farm on U. S. Highway 84. The blaze had made such headway by the time firemen reached the scene that there was no chance to save the barn nor any of its contents, Brown said.

The owner said two more hogs in a pen near the barn would literally have been "baked to death" if someone hadn't kicked down a side of the pen and let them out.

Brown said he had not learned the name of the person who let the hogs out.

"Someone who saw it told me the barn just seemed to explode," Brown said.

## School curtain fund project

## FHA bake sale is Saturday

The Future Homemakers of America chapter of Post High School will conclude its observance of FHA Week Saturday, April 6, with a bake sale for the benefit of its school curtain fund, which is just being started.

The fund will be used to purchase a border, or cyclorama, curtain for the primary school auditorium, according to FHA chapter advisors Mrs. Marion Duncan and Mrs. Willa Didway.

The FHA members opened their cancelled postage stamps to help fight tuberculosis in Norway, send Christmas cards to state hospitals.

## Education, Not CCC is answer

The jobless rate among youths is two or three times that of the rest of the population. That fact has been haunting the Kennedy Administration in Washington which wants to spin the clock back 30 years and re-activate the old Civil Conservation Corps in which they hustled the young men off into work camps by the thousands. That's no answer. We guess we should call this kind of stuff "the old deal". It certainly isn't new anymore. After such pick and shovel (ours the youths would be no better prepared for home town jobs than before, it has been pointed out by those who oppose seeing such another federal boondoggle start mushrooming. The core of the problem is getting our youth trained to step into industry, instead of, as so many of them do, "dropping out" of high school before graduation unprepared to do anything but common labor. Uneducated and unskilled people are not wanted for jobs. Therefore, the answer is in education and training. Jobs for people with skill and education are plentiful. You can read today that the latest trend in college education is to cram a four-year college education into three years. Why? Simply because

a bachelor's degree today is about as useful as a high school diploma was to the last generation. If you really want to train your mind for the promising fields today it requires considerable graduate work—master's and even doctor's degrees. Parents of young people must work hard to guide their sons and daughters not only through high school, but as far down the college road as they can go. Another part of the problem is the early marriage. It is extremely difficult for young man, who has the obligation of providing for a wife and probably children, to go to college and obtain the education he needs for today's challenges. The old fashioned idea of a young man completing his education and at least getting into his starting blocks in the business world before marriage is still by far the most sensible. Youth unemployment in our big cities today is really a frightening thing. But it is bad enough in small communities such as ours. The more complex the life, the more preparations youth needs to make for it. And that's the core of today's unusual youth unemployment problem. Most of the unwanted are simply not ready.—JC

## Tornado sophistication needed

It's about that time of year—for the thunderheads to start brewing twisters and spewing them up "tornado alley" through northwestern New Mexico, West Texas, Oklahoma, and on into Kansas and Missouri. The nice thing about it is that along with all the threatening weather come the rain clouds—and once in a while a hard, slushing spring rain-storm. Science has zeroed in on the tornadoes the last few years. Radar has helped to pinpoint the vicious funnels and to track them across country. Now tornado alerts are sounded for large areas even as the thunderheads are building up. When an actual funnel is spotted on radar any community in its path is immediately alerted by the weather bureau. Law enforcement officials then race out and stand guard on the approaches to the town. If they

see it coming they radio the alarm into the police department and the "take shelter" alarm button is pushed to send the citizen running for their shelters—or their nearest neighbor. The only trouble with all this is that this spring emphasis on tornadoes makes nervous wrecks out of lots of otherwise sensible people. The TV stations overdo it breaking into programs—if you happen to be watching—to scare a lot of folks half to death. Science has come a long way. Now it's up to us—the people—to keep pace. We've got to be a bit more sophisticated about our tornadoes. If we can't adjust to the tornado warnings, it probably would be better to do away with the whole setup. After all, we didn't lose many folks when it was everybody for himself—without three-pitch sirens, radar, and TV.—JC

## How about two rodeos in one?

It will be interesting to see what sort of rodeo we will have here this year with the usual two rodeos combined into one. We predict that it will be a highly interesting show from the spectator standpoint, with some of the features of both the Post Stampede Rodeo and the Southwestern Championship Junior Rodeo rolled into one big four-night affair. We understand that the agreement to combine the two shows was reached only after careful consideration, so it stands to reason that officials of both shows will bend every effort to have as outstanding a show as it is possible to have. The way it will be set up, the junior rodeos will not be able to count points toward American Junior Rodeo Association standings, but then

neither were they able to in last year's junior rodeo here because of the way it was set up—with too many different age divisions. Anyway, Post junior rodeo performers who want their season's points to count in AJRA standings will have the opportunity to perform in any number of area junior rodeos sanctioned by the AJRA. From the comment we've heard up and down Main Street, most rodeo fans think the directors of the two organizations acted wisely in deciding to combine this year's shows. The experiment may be successful enough to assure a good rodeo here for many years to come, if they decide to go on with it.—CD

## Stamps are scarce on Sundays

The main thing we've noticed about postage stamps going up from four cents to a nickel is that they cost a penny more, but there is something else. It is much more difficult now to buy a stamp on Sunday than it was when they cost only four cents. For some reason or another—maybe because the new five-cent stamps wouldn't fit—business places here that sold stamps from vending machines aren't doing it anymore. These vending machines were owned by the business places, not by the Post Office Department, and post office personnel explain that any decision to stop vending the stamps by machine was made by the machine's owner. The assistant postmaster here said that since the post office lobby remains open 24 hours, a

stamp vending machine cannot be placed there because it would be contrary to postal regulations. The best way, it seems, to assure yourself of stamps you might need on Sunday is to lay in a supply while the post office is open. Incidentally, the assistant postmaster said they are selling quite a few more books of stamps since the price advanced to a nickel than they were when the stamps cost four cents. The reason, no doubt, is that you can buy 20 of the five-cent stamps in a book for \$1, which means that no extra charge is made for the book, as was the case before the stamps went up to a nickel. The assistant postmaster said that since the price boost they are selling more five-cent stamps in books than they are in sheets.—CD

## What our contemporaries are saying

Well, we did a little of "practicing what we preach" this week in connection with letting our Texas legislators know our wishes about a couple of the bills that have a possibility of becoming law. I think it behooves us all, even after the bills we want or do not want have passed the House of Representatives, to inform our Senators of our desires. It's not fair to our lawmakers not to let them know what we want, and then criticize our representatives for the way that they voted.—John B. King II in The Slaton Slatonite. Never bother about trying to appear smart; put your energy into being smart.—The Oney Enterprise. May we suggest that some new issue of postage stamps carry a picture of a weeping taxpayer.—The Claude News. It's a waste of time to hide your light under a bushel. Particularly when a peck will do.—

Marvin Tomme in The Rails Banner. People who can't keep from criticizing the younger generation usually can't remember who raised it.—James Roberts in The Andrews County News. Little by little, the problem of what to do with, about, for and to teen-agers is being solved. A mother of three teen-age daughters makes the last girl who returns home Saturday night prepare Sunday morning breakfast for the family.—Crystal Springs (Miss.) Meteor. Before you pick up that nice-looking young man thumbing a ride, consider this: The FBI reports that prints of two out of five thumbs raised to beg a ride are on file with the police. Still want to give him a lift?—Calumet (Mich.) News. Heel flies disturb cattle about the same time of the year that income taxes make people so uncomfortable their eyes are glassy in the heat of the day.—Douglas Meador in Matador Tribune.

I was reading the other day where if all the money in circulation in the United States were divided equally, everybody would have \$180.95. But money has a stubborn way of not flowing equally to all, and that is why there are 306 Americans who pay taxes on a \$1 million or more of income each year.

THERE WAS A time when a man who had \$1 million in capital was regarded as a millionaire, but no more. There are so many that the statement made by John Jacob Astor as he watched the tidal waves of money roll in: "A man who has a million dollars is almost as well off as if he were rich."

IT IS COMMON knowledge, of course, that fifty years ago the dollar bill—which it takes a million of to be a millionaire—went a lot farther than it does today. It was larger in size as well as in buying power. Until 1929, dollar bills were seven and three-eighths inches long and three and one-half inches wide. Because smaller bills are more convenient, the Treasury in 1927 ordered the size cut to six and one-eighth by two and five-eighths inches.

Congratulations to the Future Homemakers of America Chapter of Post High School, which this week is helping other chapters throughout the land celebrate FHA Week. The FHA members began their observance with Sunday's church attendance and will continue it right on through a bake sale Saturday, April 6.

IT'S SO EASY nowadays, with so much going on, to get names of new things mixed up. For instance, "limbo" is the name of a dance fad (I won't say "new" dance fad, for I'm so far behind times on such things that it may not be), and "leptospirosis" is a disease which the Texas A&M College Extension Service says livestock producers should watch for this season. Since leptospirosis is commonly known as "lepto" it is easy for a fellow who doesn't own

## Bible Thoughts

By HERB SMITH

### "Searching for Christ"

When the parents of Jesus discovered that He was not with them, they searched the caravan and among their kinfolk, but found Him not. They returned to Jerusalem where He was found. To search for and find Him today we must:

FIRST, realize that we can be separated from and be lost from Christ after once being with Him. Christ does not leave us; but we depart from Him when we sin. (1 John 1:8; 2 Pet. 1:8-10)

SECOND, know where to search for Him and realize that He can't be found in the worldly places. Nor can He be found among our kin if they aren't christians.

THIRD, figuratively speaking, we must go all the way back to Jerusalem to find Christ. That is, we must go all the way back to the Bible. We will not find Him while standing in Rome with merely a glance toward Jerusalem. Nor will we find Him while holding the Bible in one hand and a human creed in the other.

## County gins only '62 ginning total here 20,145 bales

Garza County cotton ginnings were down nearly 6,000 bales in 1962 from the 1961 total, according to a tabulation by the U. S. Department of Commerce, Bureau of the Census. The tabulation shows the ginnings from the 1962 crop to be 20,145 bales, as compared with 26,018 bales from the 1961 crop. Since some of the Garza County-grown cotton was ginned outside of the county, the total is larger than the number shown in the census report, which counts only those bales ginned by gins within the county. The census report shows the 1962 ginning total for Garza County, just to the west of Lynn County, turned out 18,000 bales from the 1962 crop as compared with 175,678 from the 1961 crop, a decrease of more than 100,000 bales. In Scurry County, just to the southeast, the 1962 ginning total was 45,043 bales as compared with 46,709 from the 1961 crop. Counties to the north of Garza showed gains in 1962 ginnings over those of 1961.

**Grassland Methodist to hold Easter revival**

By MRS. O. H. HOOVER

Easter revival will begin April 7 at the Grassland Methodist Church and continue through Easter Sunday. The Rev. C. R. Smelser, pastor from Draw, will do the preaching. Bro. Zed Robinson of Enoch will conduct the song service. There will be no morning services. Evening services will begin at 7:30. Everyone is invited to come and hear some good old-time singing and preaching.

Congratulations to Mr. and Mrs. Jim Parks who are proud parents of a daughter, born Monday afternoon, March 25 in West Texas Hospital in Lubbock. The little lady weighed 6 pounds, 14 ounces and has been named A'Leta Elizabethanne. Mrs. Parks is the former Dottie Harrison of Grassland. Mr. and Mrs. O. C. Harrison are the paternal grandparents.

Mr. and Mrs. Marion Inkleberger, Joe, Jeannie and Clarence visited the Doyle Terrys and the J. D. McGrews in Lamesa Sunday.

Mr. and Mrs. Gus Porterfield are redecorating their home. They have put a picture window in the north end and double doors between the dining and living room. It sure will be nice when completed. They also textoned their walls.

# McMurray Chanters to sing here Friday at the Methodist Church

The widely known McMurray Chanters, making their annual tour, will perform the service for the church at 7:30 p. m. on Friday, April 5, at the Methodist Church. Oscar Bruce, pastor of the church, is in charge of the direction of Dr. Charles C. Von Ende, chairman of the McMurray Fine Arts Division, the choir will perform a variety of sacred music for worship services and secular songs for high school and college groups. The choir will sing along the route of their 900-mile tour.

## It's My Turn ...

—By MRS. C.

This sunflower kid (and I use the term loosely) was put in her Monday afternoon by Sam, a man who knows his bluebonnets.

Mr. Etter came in the office this morning and asked Mr. C. if it was alright for him to feud with a bluebonnet. I finished the line I was writing, my last week's column, and I thought of a thing I had thought of that could be offensive to me except Molly, and I didn't see that column.

Mr. and Mrs. Etter got to wondering about that spot of bluebonnet that I had reported between the highway and Justiceburg, so they drove Sunday for a look-see. The bluebonnets we had enjoyed down the way they were willing to give in but the other ones near the highway they couldn't quite believe.

### Father of former Post minister is buried at Pampa

News has been received here of the death at Pampa in mid-March of the Rev. Phil H. Gates, father of the Rev. Charles Gates of Sweetwater, a former pastor of the First Methodist Church of Post.

The Rev. Mr. Gates had a number of friends in Post, where he visited his son on numerous occasions while the latter was pastor here.

The Rev. Mr. Gates was born in Mississippi on Aug. 22, 1887, and was ordained into the ministry in 1908 after attending Southwestern University at Georgetown, Tex.

He served 48 churches in the Central Texas and Northwest Texas conferences. He moved to Pampa from Floydada in 1961.

The Rev. Mr. Gates is also sur-

### Cowboy artist dies in Clarendon home

CLARENDON — Harold Bugbee, 62-year-old painter of western scenery, died at his home here March 27 after an eight-month illness.

Bugbee, who came to the Texas Panhandle with his family in 1913 from Massachusetts, painted people, places and scenes from the Old West gathering information from pioneers such as Col. Charles Goodnight, freighter John Swenson, buffalo hunters, cowboys and Indians.

He was curator of art at Panhandle-Plains Historical museum at Canyon, where many of his paintings are on exhibit.

### Governor will ride in Paducah parade

PADUCAH, Tex. — Gov. John Connally has accepted an invitation to lead the western parade that will open the 21st annual Cattle-King horse and colt show and rodeo here on April 26.

The parade is scheduled for 5 p. m. and the governor will make a brief speech just before that time.

An Old Settlers Reunion will be staged the morning of April 26. A chuck wagon dinner for the public will be given after the parade.

### RANGER RODEO

RANGER — A three-day rodeo will be produced at Ranger July 11-12 by the Junior Chamber of Commerce. It will be the city's first show since 1956.

He is survived by two other sons, Drs. Joe W. and Phillips A. Gates, both of Pampa; one daughter, Mrs. Jane Bundy of Vernon; one brother and two sisters, 12 grandchildren and three great-grandchildren.

### Two Texans, one from Patton Springs merit Safety Council Heroism Awards

HOUSTON — Two Texas high school youths were cited for separate acts of bravery during the past year at the opening session of the Texas Safety Council's annual meeting here today.

Receiving the Texas Rural Heroism Award, an annual presentation of the Texas Farm and Ranch Safety Council, were Ira Ray Sullivan, son of Mr. and Mrs. Ira Sullivan of Afton, and Johnnie Joe Williams, son of Mr. and Mrs. H. T. Williams of Lufkin. For the first time in the history of the awards program, two entries were judged to be of equal merit and identical awards were presented.

Sullivan, a junior in Patton Springs High School, was commended for retrieving a 2½-year-old girl from a burning farm home. Williams is credited with preventing the drowning of a 3-year-old boy when he plunged into an underground cistern and held the child's head above water until a rescue could be effected. The 17-year-old youth is a senior in Hudson High School.

Bud Fichte, assistant editor of The Progressive Farmer and chair-

man of the Council Awards committee, presented the awards at the TSA meeting at the Rice Hotel. Fichte said 11 persons were nominated for the honor which goes to a person residing in a rural area of Texas (or a community of less than 25,000 population) who exhibits exceptional bravery at the time of a crisis or disaster.

An early Sunday morning fire that destroyed the home of the Eddie Long family, tenants on the Sullivan farm, would have taken the life of little Melinda Long had not the Sullivan youth braved the smoke and flames to rescue the semi-conscious child from a blazing couch.

Sullivan said he knew the children were home alone and suspected one of them was still in the burning house when, upon arriving at the scene, "I started counting heads—there were supposed to be seven children, but I counted only six." He said the television set exploded as he picked up the child, and he had just gotten clear of the house when the roof collapsed and the TV antenna fell to the ground beside him.

Another tragedy was averted when the Williams youth, hearing a neighbor woman scream for help, rushed to an open cistern where her young son was splashing in water 18 feet below the surface of the ground. Jumping feet-first into the water, Williams held on to the rough protruding concrete side of the structure with one hand and held the small boy with the other. The two were in the water approximately 15 minutes while others made preparations for rescuing them with a rope. Williams said he never did touch the bottom of the cistern and has no idea how deep the water was.

Both of the young heroes were invited to the Houston meeting as guests of the Texas Farm and Ranch Safety Council. The Council's annual meeting was held April 2 in conjunction with the TSA meeting at the Rice Hotel.

### THE LOSS OF FREEDOM IS NO LAUGHING MATTER

Does it shock you to know that in Russia and Cuba most all business and industry, including electric svrice is owned or rigidly controlled by the state?

No, it doesn't—because you really expect that of a dictatorship.

But, here's a fact that will shock you! In 1935, YOUR federal government produced less than 1% of America's electric power. TODAY THIS FIGURE HAS CLIMBED TO 15%—and advocates of government-in-business press constantly for more.

Is it wise to let your federal government continue on a course that promises not less but MORE government ownership and control?

The loss of freedom is no laughing matter.

## Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

AUSTIN — Ask the first 100 people you meet to name their favorite sport and chances are good that at least 70 will say swimming. Even golf and fishing have taken a back seat as sport choices.

There are some great days ahead for Texas' swimming enthusiasts. They have 13,000 pools to choose from, and the season is right at hand.

And things stand to break even better for the wet set in days to come. According to the National Swimming Pool Institute, Texas will have some 70,000 pools in 1970. All this is good, because swimming lends itself to social adjustment. It teaches coordination and builds stamina. A child who overcomes fear of water has learned courage.

But play for the plungers means work for someone else—namely State Health Department engineers and local health department sanitarians who sponsor and conduct training courses for pool managers

and personnel from border to border.

"Short schools" for pool operators are concentrated during April, May and June, the intention being to enroll as many operators as possible before hot weather and overflow crowds make it hard for them to get away from their work.

Co-sponsored by the Texas Beach and Pool Association, courses consist of eight hours of intense technical and practical instruction. It covers such things as how to disinfect the water, and how to control water acidity—the factor, incidentally, which causes swimmers' eyes to burn, rather than chlorine as is popularly supposed.

The course also covers pool safety, bathroom sanitation, and the various filtering systems used in modern pools.

How important are swimming pools as links in the chain of disease transmission? Eye, ear, nose, throat, skin and intestinal infections are among the most common conditions spread in swimming pools.

Most prevalent, however, is ringworm of the feet—commonly called "athlete's foot." It is not contracted in pool water, but by walking on wet walks and floors on which spores flourish.

In well-operated pools there is little chance of contracting any of these conditions. That's the reason the State Health Department puts such emphasis on swimming pool sanitation.

Swimmers, too, have a responsibility toward pool cleanliness. Like most public places, a pool quickly assumes the character of its desirable patron.

### FIRST TRAFFIC FATALITY

BIG SPRING — Big Spring's first traffic fatality of the year occurred March 26 when Sallie Ann Ramos, 4, died in a Midland hospital of injuries suffered when struck by a car. She was playing near her home when the mishap occurred.

### CROSBYTON PIONEER

CROSBYTON — George Pipkin, 78, who assisted in the groundbreaking for the Crosby County courthouse, died March 27 in Crosbyton Hospital. Pipkin, a resident of Crosbyton since 1910, also helped raise money to build the first Methodist Church here. Funeral services were held Thursday.

### Paregoric prescription bill goes to Senate

AUSTIN — A Senate committee has given approval to a bill requiring a prescription to obtain paregoric.

R. E. Scholl of the narcotics division of the Department of Public Safety, told the committee that of the approximately 1,200 addicts in Texas, 80 per cent were using paregoric.

The measure now goes before the full Senate for action.

## Attendance good at Cub Pack meeting

The possibility of a summer program and of organizing a Webelos den were discussed when Cub Scout Pack 316 met last Thursday in the primary school auditorium.

After discussion, it was agreed to discontinue the Cub Scout meetings during the months of May and June and have the regularly scheduled Pack meeting on July 25 in order to have regular meetings in full swing by Aug. 1.

It was brought to the attention of the parents that the 15 cents per week payment of dues should continue throughout the summer, as the budget was set up for the 52 weeks.

The discussions were led by Cubmaster Herb Smith.

A film was shown on the summer program.

The following awards were presented by Bob Pace:

Rickey Mann, Bobcat badge; Johnny Minor and David Woods, Wolf badge; Fritz Gerner, Wolf badge; Gary Shepherd, Bear badge; Jimmy Poer, Gary Shepherd and Joe Shook, Gold Arrow; Ricky Blacklock, Jimmy Pner and Gary Shepherd, one-year Service Stars.

Songs were led by Jim Poer and Den 8 held the flag ceremony.

Den 1 was project winner and Den 2 was attendance winner with a mark of 70 per cent. Judges for the project award were Don Marth

and Cindy Wilson.

Parents attending were: Mr. and Mrs. Herb Smith, Mr. and Mrs. Joe Shook, Mr. and Mrs. James Minor, Mr. and Mrs. F. M. Reep Jr., Mr. and Mrs. Mason Justice, Tom Greenwood, Rufus Gerner, Otis G. Shepherd Jr., Don Marth, Mr. and Mrs. A. J. Mann;

Also Mrs. Tommie Woods, Mrs. Wanda Zachary, Cindy Wilson, Mrs. Joe Faren, Mr. and Mrs. Jim Poer, Mrs. Lester Josey, Mrs. Wynelle Holland, Mrs. Ben Owen, Mrs. A. J. Hubble, Mrs. Charlie Lee, Mrs. Travis Thomas, Mrs. Chester Keeton and Mrs. Jack Hair.

April 25 will be the last Pack meeting until the July meeting.

## Lions to elect next Tuesday

The annual election of officers for the Post Lions Club will be held at the club's dinner meeting next Tuesday night at Levi's Restaurant.

Bud Howell, Post's new game warden, will be next week's club speaker.

Lions attended services at the First Christian Church Tuesday night following their dinner meeting at Levi's. Dan Dougherty, chief engineer of radio station KPOS was announced as a new member, and Chester Collingsworth introduced as a guest.

A sweetheart pin was presented to the club's new sweetheart, Margie Harrison.

## Car inspection deadline nears

Approximately 75 per cent of the registered motor vehicles in Garza County have obtained their 1963 safety inspection stickers, according to Capt. Alan Johnson, Motor Vehicle Inspection Service of the Texas Department of Public Safety.

With the April 15 deadline only a little more than a week away, Capt. Johnson predicts that there will be long lines of vehicles waiting at the inspection stations.

Failure to have a 1963 inspection sticker displayed on the windshield of your vehicle after April 15 is a violation of the law and is a punishable fine not to exceed \$200, Capt. Johnson said.

Activities yet to be carried out by the FHA chapter this school year include a senior tea, mother-daughter banquet, 8th grade tea, and attendance by two girls and the sponsors at the state FHA convention in Dallas.

## Two plead guilty to drunken driving

Two men entered guilty pleas to charges of driving while intoxicated before County Judge J. E. Parker Monday.

Chester Donald Jones was fined \$50 and costs, sentenced to three days in jail and had his driver's license suspended for six months.

William G. Chauncy was fined \$150, sentenced to ten days in jail, and had his driver's license suspended for one year for a subsequent offense.

## Postal receipts show gain here

Postal receipts here for the first quarter of 1963 showed a gain of 11 per cent over receipts for the first quarter of last year, according to Assistant Postmaster O. V. McMahon.

Receipts for the first quarter of this year totaled \$12,663.37 as compared with \$11,255 for the first quarter of 1962, an increase of \$1,408.37.

The gain can be attributed to the increase in postage rates, the assistant postmaster said.

## ARTIST OF THE MONTH

Mrs. Juanice Robinson has been selected to exhibit her paintings for the Post Art Guild during the month of April. A picture and story will be published in next week's Post Dispatch.

## Only traffic offenses are filed

Motorists and truck drivers were the only ones charged in Justice of the Peace D. C. Roberts' court during the last seven days.

Those charged, together with fine and cost if paid, are as follows: Steven R. Preston, April 2, unregistered vehicle.

W. J. Holmes, April 1, driving on wrong side of highway.

R. S. Veckert, April 1, failure to control speed.

Genaro Pacacios, April 1, speeding.

E. R. Rodriguez, April 1, permitting unlicensed driver to drive.

## Wrong identification given in school pix

Correction, please! In the identification under the academic sweater award picture on the school page (page 10) The Dispatch has one youth wrongly named.

In the front row, next to Elisabeth Tubbs, with his head turned sideways when Editor Charlie Didway snapped the camera button is Billy Hahn, not Lewis Herron, III, as so identified in the picture.

The school office called in the corrector after the school page had gone to press.

## County court jury returns guilty verdict

Jack W. Jones, now of Crosbyton, was found guilty by a county court jury here Monday, of unlawfully carrying a pistol on and about his person.

The jury assessed Jones' fine at \$250 plus costs.

The charge was filed some months ago and Jones had been out on bond.

The Jones case was the only one tried.

## New Arrivals

Mr. and Mrs. Holmes P. McLean of Denver, Colo., are announcing the birth of a daughter, Martha. She has been named Kirsten Patricia.

## District court to open here again Monday

District Judge Turret Smith will hear non-jury cases here Monday in a continuation of the March term of the Garza County district court.

Most of the cases expected to be heard will be criminal cases. C. Cederholm, court clerk, told The Dispatch.

# 4 Post track teams to Denver City for district meet

## 8th, 9th grade squads counted as contenders

The 8th and 9th grades being the best chances of winning the district championships, four Post teams will compete Friday, April 4, in the District 4AA track meet at Denver City.

Coach Glenn Gregg's young Post boys will be fighting it out in the 100-yard dash and 200-yard dash. Spur and Frenship to name who finishes as runner-up in the well-balanced Denver City track team, which is an odds-on favorite to annex the title.

Coach Will Bigott's 9th grade boys and the 8th graders of Coach Dwan Robertson could come through with championships when points are totaled up following Friday's meet.

Coach Bigott's freshman team is the championship in the Cross-Country Junior High track meet two weeks ago and could make things interesting on Friday for the tracksters in the other four District 4AA meets.

The 8th graders of Coach Robertson have finished ahead of Denver City, Slaton and Spur 8th graders in two meets this year. They favored to win the championship at Denver City unless the host city's 8th grade team has shown considerable improvement in recent meets.

The Post 7th grade team has an initial star in sprinter David Brown, but due to a lack of team depth will be lucky if they finish top in their division's team.

standings.

Following is a complete, but tentative, list of Post entries as announced Tuesday by the coaches:

### Plays Frenship Friday

## Volleyball team in district meet

The Post Doe volleyball team will play Frenship at 1:30 p. m. Friday, April 5, in a first round game of the District 4AA volleyball tournament at Denver City.

If Coach Van Kountz' Does defeat Frenship, they will play the winner of the Denver City-Slaton game at 3:30 p. m. for the district championship and a place in the regional tournament. The Denver City-Slaton game is scheduled for 1:30 p. m. Friday.

The Does have been practicing volleyball for the past two weeks, but have not played any matched games, Coach Kountz said.

Denver City is favored to win the district tournament.

Members of the Doe volleyball squad are Janie Carradine, Nita Wilson, Barbara Craig, Marianne Jones, Janith Short, Mary Ann Williams, Linda Pennell, Shirley Sappington, Vivian McWhirt, Dee Ann Walker, Cheryl Martin and Pamela Stewart.

### Two Post students pledge fraternity

CANYON — Danny Jones and Larry Welch, both sophomores from Post, were among 80 men who recently pledged the four national social fraternities and one local fraternity on the West Texas State College campus.

Jones and Welch both pledged the Kappa Alpha Order, national social fraternity. Jones, an art education major, is the son of Mr. and Mrs. Walter Jones of 705 West 13th Street in Post. He was a freshman senator for the Student Senate last year. A math major, Welch is the son of Mr. and Mrs. Ralph Welch of 216 West 15th Street in Post.

On April 18, 1949, Eire became the Free Republic of Ireland, cutting last ties with Britain.

RECEIVE RODEO JACKETS

Five members of the South Plains College rodeo team, including Sidney Hart of Post, recently were presented new jackets as an award for their services on the team last year. From left to right are Sherrill Overturf of Levelland, Hart, Bowie Wesley of Happy, Burl Branscum of Muleshoe and Cheryl Allred of Vega.

## Girls relay team to Austin for big meet

The Post High School girls' 440-yard relay team has accepted an invitation to compete in a special event Saturday, April 6, at the Longhorn Relays in Austin, Coach Van Kountz said today.

The coach was contacted by telephone from Austin Sunday night and asked if the Post team would compete in the special girls' 440-

yard relay. The invitation was accepted late Monday, Coach Kountz said.

Other teams in the relay event are expected to be from Abilene, Houston, Fort Worth, Lubbock and Austin.

The Post relay team is composed of Cheryl Martin, Janie Carradine, Nita Wilson and Mary Ann Stone.

Miss Martin will also compete in the special 100-yard dash event, the coach said.

"Considering that only six relay teams will compete in the event, we consider it quite an honor that the Post team was invited," Coach Kountz said.

The Post team's only competitor thus far this year came in the indoor meet at Lubbock last winter, in which it finished third.

## Eagle sprinter breaks one mark, equals one

Johnny Haire, Southland Eagle sprinter, broke one record and tied another Friday and Saturday in winning the 100 and 220-yard dashes at the Class B track and field meet in Levelland.

The Southland track team scored 28 points to tie with Matador for sixth place in the team standings.

Besides Haire's two first places, which accounted for 20 of the Eagles' points, Webster Crawford scored eight more with a second place finish in the 880-yard run.

Haire's winning time of 21.9 seconds in the 220-yard dash broke the record of 22.4, which was held by Norvell Roberts of Bula. The Southland sprinter racked up a time of 10.1 to win the century and tie the record held by Tommy Weaver of Roosevelt.

Crawford's time was 2:09.0 in his second place finish in the half-mile run.

New records were also set in the high jump, discus throw and 440-yard dash in the Levelland meet.

Ken Coffey of Roosevelt broke the high jump mark with a leap of 6 feet and 1 inch. Jim Barrington of New Deal broke his own record in the discus throw with a toss of 151 feet and 10 inches, which was 15 feet and 10 inches better than his old mark of 136 feet.

Larry Duke of Pep ran the 440-yard dash in 50.9 seconds in the finals to break his own record of 51.7 set in the preliminaries.

The Southland Eagles will compete in the district track and field meet this afternoon on the Monterrey High School track in Lubbock.

### Would benefit Cold War GIs

## Yarborough resumes his battle for bill

Sen. Ralph Yarborough said in Washington Monday he will make another effort to get congressional passage of his controversial "Cold War GI bill of rights."

Hearings on the bill were set for Wednesday by the Senate veterans affairs subcommittee, of which Yarborough is chairman.

The measure has been opposed

by President Kennedy, the Veterans Administration and Rep. Olin Teague of College Station, chairman of the House Veterans Affairs Committee, as being too costly.

Yarborough's bill, which passed the Senate three years ago but got nowhere in the House, would provide educational, on-the-job and on-the-farm training for post-Korean War veterans.

"In many parts of the world," Yarborough said, "our servicemen are performing dangerous missions in circumstances which are not officially war, but certainly not peace."

Cuba, Berlin, the Congo and many other places in the world are tinderboxes which contain high potential for involvement of American servicemen in a shooting war, as they are now engaged in South Viet Nam."

Yarborough said 38 other senators are co-sponsoring his bill.

Oscar Bruce, of the Post church, and Mrs. Bruce. He is a member of Nuva Social Club and a past member of the band. A senior student, he is an English major. The McMurry Chanters will be in Post on their annual spring tour.

**Band rates in Division II**

Saturday morning at 6 o'clock the Post High School Band left for the contest at Plainview. The band was judged in concert playing and sightreading. The band received a Division II rating in both events.

After receiving the ratings they stopped in Lubbock and went skating at "Iceland." A good time was had by everyone even though there were a few (?) falls taken by most everyone.

The band finally wants to thank Mr. Evans for his patience, calmness, and direction in working toward contest and for making this rating possible.

Congratulations, Johnny, on breaking the record in the 220-yard dash, and tying the record in the 100-yard dash at the Levelland track meet. Hope you do as well in the district meet.

Kathleen, everyone is really proud of your winning fourth place in the interdisciplinary science contest.

Well, the annuals are due in any day now, and the seniors are eagerly awaiting their arrival, so they can see what they have turned out. How about you, Sharla, are you nervous? Huh?

The chemistry class is going to Burger April 17 to visit the petroleum refinery, and they are pretty happy about the whole thing. You see, April 17 is a school day!

**Saturday is favorite day of most students**

By Calvin Davis  
Some of the Junior High students, asked their favorite day of the week and why answered as follows:  
Ronnie Petty — Saturday: I get to go to the show with girls.  
Calvin Davis — Saturday: I don't have to go to school or to church.  
Donnie Blacklock — Saturday: I can watch TV.  
Sandra Forrest — Sunday: I get to go to town—sometimes.  
Carolyn Davis — Friday: I go to Odessa most of the time.  
Julie Clark — Saturday: I don't have to go to school.  
D'Wayne Gannon — Saturday: I don't have to go to school.  
Roy Long — Friday: school lets out.

**Reporter writes of spring and flowers**

By Glenda Ruth Watson  
Spring is here and flowers are coming out. Roses are very beautiful flowers and have a scent we all like.  
The roses which bloom in early spring are red, pink, white and yellow.  
Roses are my favorite. Are they your favorite, too?  
Everyone should like flowers. Flowers are beautiful.  
The bluebonnet is the state flower.  
There are some flowers growing in early spring—violets, lilies, yellow violets and many others.

**Speech Department practicing on plays**

The Speech Department of Post High School is now working on four one-act plays to be presented on April 26. The names of the plays and the casts are:

"The Ant Bed", a comedy. The cast consists of Bobby Roach, Suzanne Krause, Jerry Bush and Diana Baron.

"The Great Smokies" is a hill-billy play. The cast is Dennis Cornwell, Sharon Borgman, Shirley Degeest, Wanda Bilberry, Diana Valdez, Dorina Bowen, Jack Burk, Jeffrey Earthman and Jimmy Hutch-

ney. "When the Fire Dies", a drama. Its cast is Marsha Smith, Chris Cornish, Elaine Whoutley, Mary Beth Ford and Dennis Payne.

The fourth play is "Mr. Snop is Murdered", a comedy. The cast is Billy Hahn, Ricky Welch, Diana Borgman, Robert Moreau, Mary Barnes, Sammy Sims and Julia Childs.

The classes are working full force on these plays and others that are to be presented only to the class or in other classes.

**EDITORIAL (FOR SENIORS ONLY)**

**THE OLDEST YEARS OF OUR LIFE**

Yes, we are right in it. Senior year is a peak in our life. Here in Post we are the oldest young people. And it seems at times our community expects more of us than is fair. Up to this year we have had youthful immunity, a second chance, an escape. But not now. We are a Senior—old enough to know better.

It's time to be high man on the totem pole. Freshmen seem so much younger than we were three years ago. Even Sophomores seem younger. We are the old hands. We know everyone and what they do—

the star football player—the most talented student—they're all so friendly and familiar, so much a part of being a Senior.

But behind all the fun is a growing realization that this is the time when "Next year in school" is not automatic. Our fond adults can't insure our plans for the fall of '63. Our entry into future plans depends on our efforts during the rest of this year. Warning one: Don't let this year be so pleasant and seemingly complete that we forget it is a turning point.

With everyone telling us that we are no longer a youngster, but that we are entering an adult world, there is a real hazard. We know we feel and react as an adult—to put it mildly. We don't feel like youngsters anymore. But it's hard to draw a line between areas where we are "old enough" and areas where we are not. At the risk of infuriating us, we are told that we are not old enough to choose a life partner. We can be in love—and probably are. We can build that love into a towering and dangerous structure by intensive steady-dating during this year. In the realm of our emotions, we have not had enough emotional experience to make a wise and apt-to-endure choice.

Senior year is a wonderful year—if we use it as a preparation, not a terminal for our life.

His friend told him that God had given him two ears, two eyes, and two legs on which to walk.  
He went on to say that he had given him two children and a salary on which to feed them. He asked him if he had ever asked God to help him to do right and he said he was never a praying man.  
His friend said now was the time to start and so he did.  
I am sure everyone who heard this would agree that Linda gave it very well.

**Members tell of gains from FHA**

By Diane Maxey President 1963-64

I became an FHA member my Freshman year. I worked as reporter my Sophomore year and as Vice president my Junior year.

In FHA I have acquired many new friendships by working with other members and leaders. Together we have had the experience of sharing and learning many new skills. Next year I will serve as President of our chapter.

During my second year in FHA I attended the State FHA meeting in Dallas. I gained a lot of facts about FHA and this helped me to be a better member and leader in our chapter. As incoming president, I am fortunate enough to be able to attend the State Meeting again this year. I think this will improve my leadership ability so that I can help my chapter with a better understanding.

This year I am taking Homemaking III. During my three years, I have learned the basic steps in sewing, cooking, family relations, home nursing and child care. This has helped me a lot at home and I wish every girl had a chance to take homemaking.

I would like to say that I know I will enjoy being president next year and I will try to fulfill my duties as best I can.

By Wynanza Windham Secretary 1963-64

This is my second year in homemaking and FHA. I think it has helped me to become a better home member.

In my years in homemaking I have made four dresses, a skirt and blouse. Learning how to sew has enabled me to help my mother in keeping my clothes in good condition.

In homemaking II we studied about personality. We learned the different types of personalities. We discussed our own personalities and the bad and good traits we have.

We learned how to choose clothes that fit our personality and goes well with our coloring.

To go with our study of personality we studied family relations. In this we learned how to cope with different types of personalities. We studied and tried to gain from the study how to take responsibilities and prove to our families that we can and will do the best we can.

In child care we learned how to get along with smaller children. We learned that if you can make the child think he is doing something because he wants to and not because he has to.

We also studied first aid. In this we learned what to do in case of emergencies and for sickness. We learned how to recognize an emergency.

Now we are studying meal planning. In doing this we have to include the basic seven. This is very important in every day life because if you don't get the proper foods it can become real serious.

I think home economics is real important and real helpful. It helps you realize and accept your responsibilities.

By Linda McMahon 1st Vice President 1963-64

I became an FHA member my Sophomore year and I was a member this year. During this time I have learned not only the basic steps of homemaking, but I have gained much knowledge of leadership. This year I was elected 4th Vice President, which is recreation leader and I gained a lot in attending the meetings, and acting as an officer. Next year I will serve as Vice President and I hope to gain as much then as I have in the past.

FHA has not only taught me facts of housekeeping but how to understand other people and how to help them as well as myself. We have had several wonderful speakers who brought out points to our club that has helped each of us with problems.

I'd like to say that each girl coming into high school should be given the privilege of being in Homemaking and being a member of FHA. I really believe that it will help them as it has me and that they will gain something from it also.

I'd like to say also that I appreciate the honor of being elected Vice President and that I will do my very best in fulfilling my duties.

By Bobbie Compton 2nd Vice President 1963-64

In FHA I have learned to take on new responsibilities and learned to get along with others. I learned to prepare myself for the future and to get along with my family and help us to have a better life at home.

In taking Home Ec. I have learned to sew and make clothes and save money. I learned in first-aid things which would help me in any emergency.

In studying Personality I learned how to improve myself by learning to choose the correct clothes and colors I should wear and how to improve myself in many ways.

In cooking I have learned the correct way to set a table and to clean the stove and so forth. I have learned to prepare meals that will supply the family with the proper nutrients and help to give them energy.

Everything I have learned in FHA and Home Ec. such as home decoration, first-aid, foods, serving, personality and child care will help me in the future with my home

**Revival to begin here Friday at Calvary Baptist**

Evangelist Leslie M. James of Plains, Tex., will conduct a revival at the Calvary Baptist Church here beginning Friday, April 12, and continuing through Sunday, April 14.

There will be weekday services at 10 a. m. and 7:30 p. m. and Sunday services at 11 a. m. and p. m., according to the pastor of the church, the Rev. Graydon Howell.

The Rev. Mr. James, who attended Howard Payne College and served as pastor of churches in New Mexico and Colorado, is widely known as an outstanding evangelist. The Rev. Mr. Howell said: "The public is cordially invited to attend this revival meeting which will feature Bible preaching and spiritual singing," the pastor said.

Combining romance and comedy in just about equal portions, "If a Man Answers," which opens Sunday at the Tower Theatre, is a perfect answer to anyone seeking a momentary escape from today's stark realities.

Sandra Dee and Bobby Darin happily brought together for the first time in "Come September" are again paired off, this time in frothy situations that heighten conflict of, and the natural attraction between the sexes.

"If a Man Answers" was adapted from Winifred Wolfe's best-selling novel.

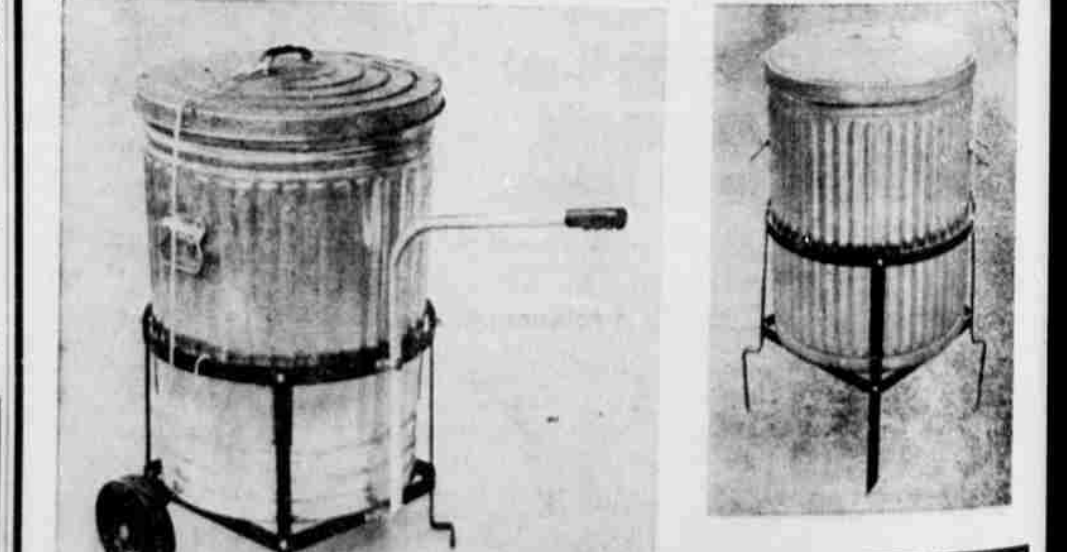

life. I have learned many things that I will always use in the future and now.

Now during school I can use what I know to show others how me these two organizations can be you and I can spread good relations with the people I meet. FHA.

**\$34,856 bond sales is 2-months total**

February Savings Bond sales in Garza County totaled \$11,662, according to Irbey G. Metcalf Jr., chairman of the County Savings Bond Committee.

Sales for the first two months of 1963 totaled \$34,856, which represents 31.7 per cent of Garza County's 1963 sales goal of \$110,000.

Bond sales in Texas for the first two months of 1963 were \$28,367,297 and 18.8 per cent of the 1963 sales goal of \$150,600,000.

Metcalf said that according to a report just received, hundreds of civic, fraternal, business, labor, professional and women's organizations are assisting the Treasury Department in urging all Texas families to buy a Savings Bond before the Fourth of July.

Lion's, Civitan, Kiwanis, VFW, Texas AFL-CIO, American Legion Auxiliary, and Texas Federation of Women's Clubs are only a few of the organizations that are cooperating in this year's Freedom Bond Drive. Chairman Metcalf said.

**Longtime members of Tech faculty retiring**

LUBBOCK — An era will end May 31 at Texas Technological College with retirement of the two remaining members of the original faculty who came to Tech in 1925.

Dr. William Bryan Gates, professor of English and dean of the Graduate School, and Dr. Eunice Joiner Gates, professor of Spanish and Portuguese, have announced that they will retire from the Tech faculty at the end of the spring semester.

**AUSTIN** — Texas' Padre Island Seashore project is getting closer and closer to reality. Already approved by Congress, now is waiting for financing by the U. S. and approval by the State of Texas. Project could become a major tourist attraction for Texas.

Final version of the bill giving Padre Island and the state's approval of the project was worked out in conference committee. It is now waiting for Senate approval. House enactment virtually is assured.

This will convert the northern 81 miles of Padre Island into a natural reservation of seashore, to be open to the public for the enjoyment of future generations.

**LOANS** — One phase of the battle over interest rates has ended. More rounds likely are to come.

Senate spent two tough days in debate before passing a bill which allows those who lend \$1,500 or less to charge more than 10 per cent interest. It does not apply to banks, savings and loan institutions, credit unions and many types of cooperatives lending organizations. But it does apply to finance companies.

Sponsors of the bill wanted to allow more than 10 per cent interest on loans up to \$3,000. But the Senate cut it down to \$1,500. Rates as high as 46 2/3 per cent were permitted on loans as small as \$5, under a fixed fee basis of calculation.

# Pleasant Valley phone trouble slows visits

By MRS. MAX CHAFFIN

This no phones in our area for three days at least gave me a chance to get out and see people in person for a change. I don't know how they liked it but I liked it! The weather we had over the last weekend was supposed to have done the damage to our phones. Let us hope Pleasant Valley is back on the line by the time this newspaper goes to print! On with the news!

You want to know who belong to that pretty blue car with the light blue top I told you about last week. Well, it is the James Sheltons and it took Mrs. Shelton and her father, A. L. Buznet of Lubbock, to see her grandmother in Fayetteville, Ark., last week. While there they visited Bill Rodgers, former professor of animal husbandry at Texas Tech for 32 years, and who is now retired and living at Bentonville.

Mrs. Jim Hall entered Slaton Terecy Hospital a week ago yesterday with virus pneumonia. Among her many visitors were: her sons, Elmer and Comer, of Littlefield, Mr. and Mrs. Wallace Hall (another son) of Oklahoma City, Okla., Rev. Joe Green of Slaton, the Wesley Scotts, Vernon Scott, Mrs. Lena Chaffin, Max Chaffin, Mrs. Maxine Lewis, Mrs. Roy Collins of Slaton and Mrs. A. R. Robinson. We all hope that you will be back home real soon, Mrs. Hall.

Mrs. Carl Payton, the lucky thing, won one of those wonderful barbecue grills at the Poka-Lambo membership meeting in Tahoka last Thursday night. She has already used it twice and we sure have had the weather for it. (This humidity we have had this past week made me homesick for good old Maryland). Those who were also there were Mrs. Robert Mock, Myrtle Johnson, Mrs. B. L. Thomas with Kelvin and Clark Barton.

Have you seen the two new chef's centers in the community? One belongs to the Jack Meeks and the other to the T. L. Barnes. They both are custom built kitchens and look like something you might see in House Beautiful!

The 4-H Club girls met at Mrs. Spence Bevers on Thursday of last week and learned how to make biscuits. Laura Bevers and Kathy Long were present.

Mrs. D. Wilson and sons, Billy and Gary, came from San Angelo last weekend to see the Elmer Psenick of this area.

Mrs. Jack Burkett and kiddoes went to Sweetwater on Friday with Mrs. Bryan Landers of Lubbock and stayed overnight with the Vernis Shaws, Mrs. Burkett's aunt and uncle.

MRS. L. M. Sherbert and sons took a trip to Lamesa to visit friends and spend the night.

Mrs. Richard Lewis had her grandsons, Tommie and Raymond, staying with her the first part of this week while their parents, the Ward Thomas of Brownfield, attended the ginners' convention in Dallas.

Mrs. Spence Bevers, Laura, Sue and Mark took a trip to Abilene over the weekend with Mrs. Bonnie Hodges of Post and her daughter, Geraldine. They were weekend guests of the Bill Jacobs and they talked to the Dub Hodges while there.

The Max Chaffins visited Wayne Chaffin after his operation on Wednesday in Lubbock Methodist Hospital. The patient is convalescing.

A session of dry water wells this week! Too bad, Deamos and Buddy. We were pulling for you!

Mrs. Carl Payton had dinner with the Earl Kennenys in Lubbock on Friday.

Mr. and Mrs. J. T. David, Johnny, Richard and Kathy of Lubbock visited Agnes and the T. L. Barnes on Sunday.

Mrs. Elmer Psenick made a Sunday afternoon call on Mrs. T. A. Bownds in Slaton.

Mrs. A. R. Robinson spent the morning with Mrs. S. M. Lewis one day this week.

Mr. and Mrs. B. L. Thomas and Kelvin drove out to the White River Dam on Sunday afternoon.

Mr. and Mrs. W. J. Schilling of Slaton had their grandson, Samuel Sims, and his friend, Tommie Mason, spend the weekend with them.

Mr. and Mrs. Walter Burkett of Lamesa spent Sunday with the Jack Burkett.

Some fishermen who went to Lake Falcon this week were Jack Meeks, James Shelton and Don Bastinger.

Mrs. Spence Bevers went to see her grandmother and Mrs. John Posty in Post last week.

Mrs. C. R. Scott and the Vernon Scotts were invited to the Joe Green's home for dinner on Sunday.

L. M. Sherbert attended the ginners' convention in Dallas this week.

MR. AND MRS. C. C. Lee and Mr. and Mrs. Dub Kenley of Tahoka drove to Denver City to visit with Mr. and Mrs. Lewis Kenley.

Cindy Altman, Kathleen Smith and Robert Lee Mock took part in the Senior Day activities at Hardin-Simmons on Saturday.

Visitors at the Pleasant Valley Baptist Church on Sunday were the Wallace Halls, weekend guests of the Buddy Halls, and Mrs. Earl Kenney.

Visiting in the Clovis Robinson home Sunday night were Mr. and Mrs. Weldon McGehee and Dennis, Myrtle Johnson and Floyd Reese.

The Cline Drakes went to Colorado City the first part of this week to fish. Mr. and Mrs. Robert Lee Hagler were their guests.

The Floyd Hodges and the Bonnie Hodges of Post stopped by the Spence Bevers one evening last week.

Mr. and Mrs. Henry Wheatley and the Doug Livingstons were at Lubbock Methodist Hospital seeing about Mr. Wheatley's father the past week.

Mrs. T. L. Barnes is still under a doctor's care for her hand which is slowly healing.

Mrs. Elmer Psenick visited the Max Chaffins on Wednesday evening.

Mrs. C. R. Scott and Mrs. A. R. Robinson came home with a nice "catch" of fish from Colorado City last week.

Mrs. Jim Sain of Slaton visited her mother, Mrs. S. M. Lewis, on Thursday afternoon.

Mrs. Jack Meeks and Mrs. Jack Burkett called on Mrs. Earl Kenney in Lubbock last Wednesday.

Mr. and Mrs. Elmer Hitt, Mrs. C. R. Scott and the Vernon Scotts went to the H. D. Bevers' home in Post Sunday night after church for a farewell party honoring the three couples leaving for Japan: the Matthews, the Hodges and the Wesley Scotts.

Mr. and Mrs. Deamos Altman and children attended the track meet at Levelland on Friday and Saturday of last week.

Mrs. Lena Chaffin spent three days in Lubbock this past week to be with her son before and after surgery.

MR. AND MRS. Jack Hargrove visited the T. L. Barnes on Saturday night.

We are happy to report some rain this week. We measured two-

## It's the Law in TEXAS

**TRUST ARRANGEMENTS**  
When property is placed in trust it is turned over to a trustee who will see to it that it is properly managed for the benefit of a person or persons you name as beneficiaries. It is a method of disposing of your property and may be used in conjunction with a will.  
Trusts have many advantages. A trust may be used to provide income for persons unable to support themselves, to provide funds for a child's education, as a means of establishing an annuity, or to provide a gift for a charitable institution.  
In these days of high taxes, a trust may be utilized to minimize the tax burden. If carefully planned, a trust may decrease income and inheritance taxes.  
A trust arrangement works roughly in this manner. A person who desires to create a trust is called a grantor. The grantor chooses a trustee. The trustee may be a bank, an individual, or a trust company. The grantor through a trust instrument tells the trustee how to distribute the trust property or income. The trustee will then manage and distribute the trust proceeds or property in whatever manner the grantor desires.  
A very common arrangement is to place the property in trust with directions to pay the income from the property to a wife for her lifetime, and upon her death the trust to end and the property to be distributed to the grantor's children.  
An interesting type of trust is that which is sometimes called a spendthrift trust. This is an arrangement whereby one sets up a certain sum of money to be given out to another at a definite rate per month or per year, or under definite restrictions.  
This type of trust is generally used in wills where a person desires to leave money to an individual, but feels that the individual is not capable of properly caring for the money and that if left to him in full that the person receiving the money will spend and waste the money and not receive the maximum benefit from it.  
Trust property quite often consists of securities. The law regulates the type of property in which trust funds may be invested. However, the grantor may designate the type of investments the trustee may make.  
The effectiveness of a trust is dependent largely on its proper creation. To avoid the pitfalls and dangers of lawsuits and ineffective trust operations, a trust instrument should be properly prepared. A poorly planned or carelessly drawn trust instrument can not only defeat the objectives of its creator, but may prove costly as well.  
Your lawyer can advise you whether a trust arrangement will be advantageous in your particular situation, and is qualified by education and experience to prepare properly the legal papers necessary to set up a trust. If you have in mind some bank or trust company to act as trustee, that firm's trust officer will be glad to discuss the matter in a conference with you and your attorney.

## Two individuals and one group receive annual Farm and Ranch Safety Awards

HOUSTON — Winners of the Texas Safety Association's annual Farm and Ranch Safety Awards were announced today at the 24th Annual Texas Safety Conference and Governor's Highway Safety Conference being held at the Rice Hotel here.  
Two individual awards were presented for outstanding work in farm and ranch safety and one group award was given.  
Winners of the individual awards are Cal Farley, Founder and President of Boys Ranch, Amarillo, and Peter Stewart, President of the Stewart Company, Texas Distributors of Ford Tractors and Implements, Dallas.  
The Texas County Judges and County Commissioners Association received the group award for outstanding contributions to farm and ranch safety.  
Farley was cited for his outstanding safety program at Boys Ranch for his work with the Boys Ranch staff in providing safety education, and for his cooperation with local groups in securing protective equipment for the Ranch.  
Stewart was cited for his work with and contributions to the 4-H Farm and Home Safety Demonstration Program. The program involves hundreds of farm youth working and studying farm safety in Texas. Each year the program awards all-expense paid trips to two of the program's award winners to the National Safety Congress in Chicago, Ill.  
The Texas County Judges and

## Post service station manager is to attend convention in Ruidoso

HOUSTON — Derl Lovell service station manager for Humble Oil & Refining Company in Post, will attend the 9th annual Humble Manager's Convention in Ruidoso, N. M., Monday and Tuesday, April 8 and 9.  
He will join approximately 300 other Humble service station manager and sales representatives from Texas, New Mexico and Arizona at the two-day meeting to be held at the Chaparral Hotel. Keynote speaker will be H. L. Wilson, sales manager of Sales-Sonics, Inc.  
During the convention, presentations will be made on Humble's 1963 advertising, sales promotion, and merchandising plans, new product developments, and customer service techniques. Clinics will be held on tires, batteries, and accessories; motor oil and lubrication; cleanliness, and business analysis.  
The purpose of these yearly meetings is to provide product and marketing information which will help Humble service station managers give better service to their customers.

## Vet's Forum

Q. As an enlisted man in the reserve I was recalled to active duty and I have been told my former job will not be waiting for me. What should I do?  
A. If you are refused reemployment and you apply for it within 31 days after release from service, you should report immediately to the nearest state employment office or, if you were working for the Federal government, to the nearest office of the Civil Service Commission. This benefit is administered in the case of private employment by the Bureau of Veterans Reemployment Rights of the Department of Labor.  
Q. I am a veteran, but I did not serve in either World War II or in Korea. I am applying for a federal job under Civil Service. Do I get any veteran's preference?  
A. There is a 5-point preference for peacetime veterans if they have been in campaigns or expeditions for which a badge or service medal is authorized. A 10-point preference is granted peacetime veterans if they meet the above condition and were wounded in action, have a service-connected disability or receive compensation, disability retirement benefits or pension. To be eligible for any veterans' preference you must have been honorably discharged from the service.  
Q. Who receives the \$250 payment by the VA towards a veteran's funeral expense?  
A. The undertaker, if unpaid, otherwise the person who bore the veteran's burial expenses.

## The FIVE DAYS

The Palms and the Cross were but five days apart!  
On Sunday, down a road strewn with palms, Christ rode triumphantly into Jerusalem . . . and men hailed Him as their King.  
On Friday He climbed the rugged slope of Calvary . . . and they nailed Him to a Cross.  
How suddenly good turns to evil! How quickly we sometimes lose our vision of God!  
The paradox of those five days is history's striking lesson in the importance of a constant faith. The faltering, hot and cold sort of religion made possible the Crucifixion!  
Palm Sunday you'll be going to Church. In a quiet moment in the sanctuary remember those five days . . . resolve to worship EVERY Sunday, and to live your faith EVERY day.

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**by Dr. Sam Dunn**

Three new locations have been staked in the Post (Glorieta) field Garza County by Dr. Sam Dunn of Lubbock.

The new locations are on a 160-acre lease 10 miles east of Post, each scheduled to be drilled 2,800 feet with rotary tools.

They are the No. 2 Jones, No. 1 Social and No. 2 Social.

The No. 2 Jones spots 468 feet from south line and 1,530 feet from line of the northwest quarter Section 1, Block 8, H&GN Survey.

The No. 1 Social is 468 feet from north and west lines of the northwest quarter, same section, block 8 survey, and the No. 2 Social is 468 feet from south line and 1,668 feet from west line, same section, and survey.

**How to Get a Deeper View of the News!**

If you wanted to choose just one section of a newspaper each week as a quick way to become superbly "informed" that section could be "Perspective" in The Houston Post.

But as perspective is the way an artist projects depth into a picture, "Perspective" is the way Texas' greatest metropolitan newspaper projects to readers a deeper view of the week's news each Sunday.

A wide range of topics from world affairs to local politics, new books, science, and education are collected and brought into sharp focus weekly in this thought-provoking new Sunday Houston Post section.

"Perspective" is just one more reason why every thinking person will want to read the Sunday Houston Post, Texas' greatest newspaper. Subscribe today.

**Leaflet is out on tornadoes**  
 AUSTIN — "If spring comes, can tornadoes be far behind?" Texans can appreciate the paraphrase of Shelley's poem. In the past two years, the U. S. Weather Bureau tallied 253 tornadoes and 383 other severe storms which resulted in millions of dollars of property damage, 85 deaths and 668 injuries.

With tornado season soon to be in full swing, the Office of Defense and Disaster Relief of the Texas Department of Public Safety has issued a special leaflet containing safety information for coping with these destructive storms. Titled "Tornado Precautions," the leaflet details procedures to follow when tornadoes threaten, whether in open country, in cities and towns, schools, factories or industrial plants. Knowing a few basic rules of what to do when a tornado is approaching may mean the difference between life and death.

The leaflet also contains descriptive material on occurrence, frequency and weather conditions most apt to produce tornadoes.

Free copies of the special leaflet can be obtained through local civil defense directors and from the Office of Defense and Disaster Relief, Texas Department of Public Safety, in Austin.

Members of the Post Neighborhood of Adult Girl Scouts met in regular session, Tuesday, March 26 at 7 p. m. in the Girl Scout Little House. Mrs. Darrell Eckols was elected Day Camp Director. Day Camp dates have been changed from June 3-7, to June 10-14. Please mark this change in your camp folders. Site of Day Camp will be City-County Park. Leaders attending the meeting were Mmes. J. P. Parnell, Herbert Smith, Gene Gandy, Eckols and Katharine Trammell.

Mmes. Ted Aten, W. D. Williams and Parnell attended the fourth session of the Leadership Training Caravan at Camp Rio Blanco, Thursday, March 28. This session was on the out-of-doors and is the last session for this year.

Junior High Troop No. 286 are planning their Court of Honor with assistance of their troop leader, Mrs. J. P. Parnell. Parents of troop members have been invited to attend, Friday, April 5 at 6:45 p. m. in the conference room at Postex Cotton Mills.

Troop No. 49 are having their Fly-up Ceremony Sunday, April 7, at 3 p. m., in City Hall Auditorium. This troop of Brownie Scouts have worked hard on their Tenderfoot requirements and are looking forward to this transition into Intermediate Scouts.

Brownie Troop No. 61 met Thursday, March 28 at the Little House. Della Whitaker was flagbearer and the troop formed a horse shoe and saluted the flag and sang a song. They continued to work on their project and closed the meeting with songs. Pamela Littrell and Beverly Buttrell served refreshments.

Brownie Troop No. 84 met Wednesday, March 27 at the Little House. They practiced first aid applications. The troop hiking song was sung. Jean Huffman served refreshments to the following troop members: Jan Bilbo, Sue Britton, Phyllis Eckols, Jo Beth Gandy, Cynthia Hill, Debbie Hundley, Patricia Greenwood, Patricia Mann, Crystal Nichols, Vicki Odem, and Kathie Smith and to troop leaders, Mmes. Darrell Eckols and Gene Gandy.

**Right side of road is mail box decree**

All rural mail boxes on rural and star routes must be placed on the right side of the road in relation to the direction the rural carrier travels, Postmaster Harold Voss said today.

This regulation of the Post Office Department has been in effect for some time, the postmaster said, but this year the department decreed that it must be enforced, with no exceptions.

Mail boxes on the wrong side of the road must be moved before May 1 or service will be discontinued, the postmaster said.

The purpose of the regulation is to help eliminate accidents caused when the carrier or patron stops on the left side of the highway.

**SPRING VACATION**  
 Miss Pam McCrary returned to Hockaday School for Girls in Dallas Sunday after visiting here with her parents, Mr. and Mrs. Giles McCrary, during the school's spring vacation. Miss McCrary will be a spring graduate.

Rex Allen is narrator of "The Legend of Lobo," which was filmed in Technicolor.

**'The Legend of Lobo' is showing at Tower**

Walt Disney's "The Legend of Lobo," in which a wolf is the hero and a dog the heavy, is showing through Saturday at the Tower Theatre.

The wolf is Lobo, who became a legend across the great Southwest by dining on prime beef on the hoof, then leading cattlemen on wild wolf chases. The dog is an oversized Irish Wolfhound, who outclasses Lobo in the size and speed departments, but is a mile short on brains.
