National Bank of O'Donnell again approved a 10 percent cash dividend payment to all stock holders based on par value of the stock. Also approved was a transfer from undivided profits to the sur-plus account in the amount of \$50,000.00. This amount increases the total capital structure of the local bank to \$200,000,00 which gives a larger lending calacity and

a stronger bank for the community. To Meet Jan. 11 The annual stockholders meeting will be held on Tuesday, Jan. 11th at 3 p. m. for the purpose of elect-

ing directors for the year as well as any other necessary business. Deposits are up over the same period last year and should show a sizable increase immediately after Jan. 1st as there has been a con-siderable amount of cotton carried

Tempest puts safety-minded performance in a gas-saving 4!

(Range of horsepower choices from 110 to 155)

Take a Tempest out on the highway and put it through its paces. This car is a whiz at moving into fast-stepping company on an expressway. Takes you from a standing start to a safe operating speed in seconds . . . gets you up a steep hill in high gear.

Run the Tempest over the roughest road you can find. It rides like the big ones because it's balanced! The engine's up front—the transmission's in the rear. And it's got independent suspension at all four wheels. Tires dig in firm on curves and turns. Full 15-inch wheels make car look big. Tires last. Brakes run cooler.

Before it hit the market, Tempest had 3,000,000 miles of testing by engineers, pro drivers and a team of teenagers. Its reliability checked out 100%. Owners have rolled up millions more. The only kick is the one it puts back in driving. Try it!

THE NEW TEMPEST IS SOLD AND SERVICED BY YOUR LOCAL AUTHORIZED PONTIAC DEALER

Purple Heart Veteran Deported as Wetback SAN ANTONIO-Immigration authorities sent a 21 year-old Purple Heart veteran of Korea back to Mexico as a "wetback" recently. The veteran, Cpl. Alberto Gonsales of Monterrey, Mexico, was sent in an immigration bus to Laredo, Tex., to be put off in Mex-ico. Immigration Officer W. L. Meuhihause said he had entered the United States on a dead man's birth certificate before he joined the American army three years age. Wetbacks-named for those who swim the Rio Grande-are illegal entrants. The G.I. Forum, which works

on the problems of Latins in San Antonio, assigned an attorney, Richard Casilas, to the case with instructions to "go all the way to the state department if necessary" to allow Mr. Gonzales to live in the United States.

The immigration office said he was being allowed to leave the country "voluntarily" and predicted he could get a permanent visa from the American consul in Mexico that would allow him to come back in time for the wedding. Mr. Gonzales was discharged

from the army at Fort Sam Hous-

He joined the Army Sept. 17, 1948, and enlisted for another three years on the same date last year. Velia Sanchez, 20, his fiance, said he had spent a year in Korea, with headquarters of the Eighth army. "He was wounded in the hip and got a broken ear drum," she said. "He has the Purple Heart, five campaign start, the United Nations ribbon, the Korean service ribbon and a unit citation."

Spare Parts for Body Are Available to Man

NEW YORK-Spare parts for the human body still can't be ordered from a mail-order catalog. Nevertheless, the advance of medicine during the past few years has made available an imposing array of replacements for damaged or ineffective organs.

Following the development of the blood bank, first of the spare-part reporistories, ingenious surgeons have found ways to maintain banks for eyes, bone, cartilage, arteries and veins. There are now methods for transplanting whole organs from one individual to another, and for constructing replacement organs from tissues taken from the patient's own body.

Some man-made spare parts, such as the artificial kidney, are already coming into clinical use, while others, among them the mechanical heart and plastic heart valves, are well along in the expe-

A portable ELECTRIC heater

Wherever extra warmth is needed for comfort. a flameless electric heater gives it to you instantly. Just plug it in, flip a switch and radiant, sun-like electric heat quickly chases away the chill. It's the clean, modern, convenient way to warm up any part of the house where extra heat is needed.

You'll find today's electric heaters provide new features-like automatic temperature control and fan-forced circulation-that make them even more efficient and convenient to use than ever before. Select yours now and enjoy extra warmth wherever you need it-all winter long.
