Frost Feeding Project One Of Largest

One of the most ambitious feeding projects in this part of the country has just been started by our fellow townsmen, H. C. Frost, veteran cattleman and resident of this section for many years.

Mr. Frost has just completed a 35 day trek from a point west of Amarillo, driving a herd of 800 cattle down to their pasture on the Murray place just below the caprock.

Other than the Hearst project at Brownfield, it is believed that Mr. Frost's is the largest in this immediate part of the country.

CHILDREN WARNED AGAINST MOLESTING FIRE AGENTS

Fire Chief Roy Gibson, Mayor W. S. Cathey and members of the city council unite this week in warning children against playing in and around the fire station, and particularly against meddling with the fire truck and the apparatus.

One night last week the firemen were unable to answer a call because thoughtless children had tampered with the truck, running the battery down so that the engine refused to start.

Nevertheless, the Index is asked to announce and to suggest, from the aforementioned officials, that children find more suitable locations for their playgrounds than the fire department quarters.

ONLY TWELVE MORE BARGAIN DAYS

Counting today, only twelve more days remain during which subscription rates for your home paper will be as low as fifty cents a year.

As the management is very anxious to build up an even wider coverage of the trade territory, these token subscriptions will be marked off when those readers renew for the first fifty cent rate.

GOOD REPORT SHOWN BY LOCAL BANK

In face of the most stringent financial conditions in twelve years, the report of the First National Bank here at the close of business on December 31 shows that it is in splendid shape.

Though deposits have been greater in past years, condition of the bank is sounder than it has ever been. As proof of this, one needs only a glance at the statement which appears in another part of the Index as compared with the report of September 30.

Mr. Shoemaker declared Saturday that the stickability and determination of farmers and business men in this section of the state has been a revelation to the whole state.

MRS. SCHOOLER'S ARM FRACTURED MONDAY

Mrs. Floyd E. Schooler, who lives one mile south of Pride, was brought to the office of a local physician on Monday afternoon for treatment after her right arm was fractured as she attempted to crank a car.

It is supposed that the crank struck her forearm, but she was in so intense pain that it was impossible to secure many details of the accident from her.

MAN KILLED THURSDAY RESISTING ARREST

Sheriff B. L. Parker shot and fatally wounded Walter Lackey, 21, and arrested his companion, Charles Clifton, 19, last Thursday morning at Tahoka after the pair had attempted to sell 100 stolen hens to a Tahoka produce house.

Latest dispatches connect these two with a gang of thieves who planned to operate under the name of 'The New Mexico Bandits'.

"EAGLES" SCREAMS

Evidently high school news staff members are too busy preparing for mid-term exams to worry about news items, for at a rate high school news is conspicuously absent this week.

Grammar School

Our grammar school order, little Miss Hope Shook, is always on the job, and came trotting down in the rain Tuesday afternoon to bring her news. Thanks, Hope; we're proud of you.

Fifth Grade

We are preparing for mid-term exams, and are studying hard for them. We were indeed glad to have a former pupil, Bill Clemens, enroll this week.

Durwin Curtis. We want all our mothers to come to P. T. A. meeting Tuesday and cast a vote for us so we can win the story book.

ROBERT E. LEE

This date is the anniversary of the birth of one of the South's own heroes and leaders, Robert E. Lee.

There is no need for this publication to mention in detail any of the facts of his life; they are known to every true Southerner and their memory will be enshrined in the heart of the South until the end of time, but we cannot permit his birthday to pass without offering some slight tribute to his memory.

Born January 19, 1807, Robert E. Lee was the son of a distinguished family whose fame runs back not only to our revolutionary war, but also back in the annals of English history. He was educated in the leading schools of the South, with military training receiving the greatest emphasis.

On the eve of the war between the States, Lee spent hours, even days and nights in the struggle to decide his course. He then held a commission in the United States army, and his mind and heart were torn between duty to his president, the Commander-in-chief of the army, and to his own state.

An article published several weeks ago in a leading periodical described in the words of his wife how he meditated and prayed all one night, seeking for guidance. And when he came down stairs in the morning, pale and

worn, he had made the decision. He had cast his lot with his own people. No need for us to call to mind how he was appointed Commander-in-chief of the gallant Southern forces or how his own indomitable courage and faith gave heart and energy to men in gray. All that is engraven on the heart of the southern people. The memory of them is still green with our own people, many of whom are descended from those heroes of a lost cause.

A lost cause, yes, and perhaps a mistaken cause, but nevertheless, Robert E. Lee was never more the hero of the south than on that bitter day at Appomattox when he gave up his sword and told his boys to go home.

So today we join with the South, the Nation, and the world in paying homage to a great soldier, a fearless leader, and above all a gallant gentleman—Robert E. Lee.

OUR NEW GOVERNOR

While this paper has never been a very enthusiastic supporter of the Ferguson family, and has in the past been opposed to many of their policies, we can still honestly wish our present governor the best of success and extend our sincere offer of support during her administration.

Mrs. Ferguson, a most estimable and capable lady, has been elected governor of Texas by the voice of the majority, and it behooves the rest of us to be good sports and do our best to help her in any way we can.

Though we realize that the Index and O'Donnell are very small cogs indeed in the affairs of the State we still insist that it is our duty to support our governor. Even though it is a recognized fact that Mrs. Ferguson is only a proxy governor and while we deplore this fact, the Index all sincerity, can say quite cheerfully: "Good luck, ma'am, and if we can help you in any way—you're the boss."

Mmes. L. E. Robinson, Fred Henderson and J. Mack Noble, Jr. were in Lubbock Tuesday.

POLOGIE

The Index extends sincerest apologies to master Raymond Eldon Hancock, who arrived December 29 to make his home with his parents, Mr. and Mrs. Homer Hancock, for the delay in announcing his arrival. That was no new item, which someone failed to give the reporter, else it would have been on the front page. However, the young man weighed 7 1/2 pounds and is growing like nobody's business. We will be coming down to subscribe for the Index before long, as his grand-daddy believes he can read already.

W. L. Palmer was in Lubbock on business Tuesday afternoon.

Mrs. David Taylor of the Joe Bailey community has been seriously ill since Sunday, but is slightly improved at this date.

Miss Marie Sutton of Lubbock spent the week end here with friends.

D. M. Estes renewed his subscription to the Index Tuesday afternoon. Thanks, Mr. Estes.

Mr. and Mrs. H. E. Gillespie of Levelland were in O'Donnell on business the latter part of the week.

Mrs. R. R. Curtis and family had as guests the lady of the week her sister, Mrs. R. L. Northam, and family of Ropes.

Stokes, and Southwestern Sewer Co., at Dallas. We appreciate each of these subscriptions, and will do our best to give our readers their full month's worth.

Mrs. J. W. Gates accompanied her brother, Mr. Flake Garner, to Amarillo Monday, and will spend several days with her daughters, Misses Sue and Hester.

Mr. and Mrs. W. R. Sanderson returned Thursday from Big Spring where they have been visiting their daughter, Mrs. Tom Goode and family. Mmes. Fred Henderson, L. E. Robinson and J. Mack Noble, Jr., drove down to spend the day and to bring them home.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

(REV. P. R. FITZGERALD, D. D., Member Institute of Christian Education, 1812 Western Newspaper Union)

Lesson for January 22

JESUS FORGIVING SIN

MARK 2:1-12. GOLDEN TEXT—The son of man hath power on earth to forgive sins. MARY 2:12. PRIMARY TOPIC—Jesus Forgiving a Man. JUNIOR TOPIC—Jesus Forgiving a Man. INTERMEDIATE AND SENIOR TOPIC—How We May Be Forgiven. YOUNG PEOPLE AND ADULT TOPIC—Jesus Forgive Our Sin.

1. Jesus Preaching the Word (vv. 1, 2). To whom (v. 2). It was to the surging crowd which was gathered about the house where Jesus was stopping. So great was the crowd that there was no room to receive them, even about the door. This house may have been the home of Peter where he had healed his wife's mother of a fever. As soon as it was noted about that Jesus was in the house, the multitudes gathered. It is always so, that the multitudes gather where Jesus is.

2. What Jesus preached (v. 2). He preached the Word before he wrought miracles, for his supreme mission was to make known God's will. Miracles were not an end in themselves, but to authenticate his work. The people came, some to be healed, and some out of curiosity. The Word of God should be preached to all so that the will of God may be known even though the heathens gather with an unworthy motive.

3. Jesus Forgiving Sins (vv. 3-5). The man brought to him was suffering from the dread disease of palsy, but his deadly affliction was that of sin. Palsy was a type of sin. The miracle was wrought by Jesus in confirmation of his message. It was vital to his people. Faith coming to Jesus (v. 3). The contacted with the palsied man and his four friends who carried him was faith. They believed that Jesus had power to save.

4. Faith overcoming difficulties (v. 4). Though prevented by the crowd from coming to Jesus, they ascended the outer stairway and let the afflicted man down through the roof into his presence. They disregarded conventionalities, knowing that the all-important thing was to go to the Lord with their need.

5. Faith rewarded (v. 5). No word was uttered by either the paralytic or his hearers. No words were needed. Their action was enough. The paralytic got more than he expected. He desired healing of the body and he received forgiveness of sins—the healing of the body plus forgiveness of sins.

6. Jesus Answering the Scribes (vv. 6-10). 1. Their objections (vv. 6, 7). a. Why does he thus speak? b. Who can forgive sins? They were asking right to their consciences that only God can forgive sins. Their blunder is in not perceiving him as God. The very one who was speaking and acting was the living God.

2. Jesus' answer (vv. 8, 10). Know that their inner thoughts and reasonings, he manifested unto them his essential duty in that he had power to know their thoughts. He inquired, "Which is easier, to say, 'Thou art forgiven;' or to say, 'Arise and take up thy bed, and walk?' But that ye may know that the Son of man hath power on earth to forgive sins, I say unto thee, Arise, and take up thy bed, and go thy way into thine house." He was willing that his power in the invisible realm should be tested by his power in the visible.

7. Jesus Healing the Paralytic (vv. 11, 12). 1. His method (v. 11). He spoke the word and it was done. His words were enough. This man was helpless and unable of himself to move, but with the command was given the strength to obey. It is always so, that when Christ commands he gives the strength to perform.

2. The obedience of the man (v. 12). He immediately arose, took up his bed and went forth among them all. The poor helpless man walked away with his bed upon his shoulder. At the words of Christ, disease and death flew away. This was a fine example again of divine healing.

3. The people were amazed, and glorified God (v. 12). They said, "We never saw it on this fashion."

World Movements. God dwells in the great movements of the world, in the great ideas which act in the human race. Find him here in the interests of man. Find him by sharing in those interests, by helping all who are striving for truth, for education, for progress, for liberty all over the world.

Confide in Him. Confide to God that which thou hast from him. O thou soul weary of wand'ring! Confide to the truth that which thou shalt lose nothing—S. Augustine.

The Disciples Sent Forth. Go your ways; behold, I send you forth as lambs among wolves. They neither purse, nor scrip, nor shoes:—salute no man by the way.—Luk. 9:3 and 4.

THE UNDERTAKER ASSISTANTS

The undertaker has always had a lot of assistants who have helped to boom his business. Among those we recall are these:

The man who rocked the boat. The boy who didn't know it was loaded. The man who stayed in a closed garage with his auto running. The man who used wood alcohol for his cocktail.

The man who honestly believed he could beat the train to the store. Policeman: "But didn't you see the burglars when you pulled the bureau drawers? pulled their contents in disorder?" Mrs. Jones: "No, I thought hand had been looking for shirt."

Messrs. Ennis Curtis and Owen Davis made a business trip to Fort Worth Tuesday of this week.

"Daddy, John asked me to marry him," said the sweet young thing, "but I told him I couldn't leave mother."

"That's all right," said the father brightly, "take her with you."

A patient in a hospital awoke after an operation and found the blinds of the room drawn. "Why are those blinds down doctor?" he asked.

"Well," said the physician, "there is a fire burning across the alley and I didn't want you to wake up and think the operation had been a failure."

METHODIST CHURCH

W. R. Burnett, Pastor

All the services at the Methodist church last Sunday were well attended. However, we still need to learn to expect to find at the church. To those who may be in danger of forming the habit of staying away from church, suppose you make next Sunday the time to start back to the place of worship here. You are needed in the church, and you need the church.

There are many evidences that people are turning back to the churches and God, as the only source of comfort in these trying times. The Methodist Church had the largest increase in membership during the year just closed that it has had in several years. People are getting tired of feeling on a hand and are coming to long for the peace and satisfaction and comfort that can be found in the church of Jesus Christ. If you have been trying to get along without Christ and as a result have an unassisted longing in your heart, we invite you to come and worship with us, and together we shall enter into a closer fellowship with the Author of our being.

All the regular services of the church will be held Sunday. The organization of the Hi-League will be completed next Sunday evening at 6:45. Bro. W. J. Snook will be in charge, and Bro. M. C. Pearce will lead the singing for the Hi-Leaguers. We are asking all young folks from 12 to 15 years of age to be present for the organization.

We were happy to have had several visitors in our congregations Sunday. Come again and often. Every one will find a hearty welcome at all the services of the Methodist Church.

SERVICES SUNDAY AT SOUTHSIDE BAPTIST

We are asked to announce that Rev. George Fletcher will conduct services at the Southside Baptist church on Sunday morning at eleven o'clock, and also at two-thirty in the afternoon.

All members of the church and others are cordially requested to attend both these services.

We were greatly pleased with both the morning and evening services at last Sunday with a large crowd at both services, and especially at the evening service, for which we are very grateful.

Beginning Monday evening, Bro. Key of Tahoka will teach the book Building a Standard Sunday School. Each evening we will have an inspirational address by an outside speaker. Bro. Key will then bring the lesson. Everybody is invited to come and be in this meeting.

THE HOUSE PROTECTS ITS OWN

A vote of 111 to 34 to maintain the constitutional limit of ten dollars per day for its members indicated that the house of representatives does not take to heart the old proverb quoted by Joseph's son in his first sermon to the citizens of his old home town of Nazareth. That proverb, "Physician heal thyself." The Great Physician, himself, told the homefolks that doubtless they would want to apply the proverb to Him. And then He uttered a great truth: "No prophet is accepted in his own country."

House members who preach economy in their own country but reserve the right to apply salary slashes to everybody else, sometimes will surely find the effectiveness of their gospel seriously impaired.

The people by constitutional amendment authorized the members of the legislature to draw a maximum of ten dollars per diem. The legislature as soon as the amendment was adopted, proceeded to hike the pay scale to the limit. Last year the Senate was willing to cut its pay, but the house rejected the offer and the \$10 rate was maintained. The Senate voted a few days ago to reduce salaries to \$8, but the house indignantly refused.

So it comes about that a legislature which must apply the axe to the salaries of many state employees will be two-timing the taxpayers. It is not willing to swallow the same medicine it must dish out to others. This places the legislature in a false attitude. If it would first adjust its own salaries to present conditions it would have fewer objections when it undertakes to reduce expenses in other departments.

The solons received a 100 per cent hike in salary at a time when the

MALAY "UPSIDE-DOWN COUNTRY" SAYS WELLS

"Malay is such a queer land that the seasons as well as the plants and men's lives become confused. While one bird hoots, another of the same species may be laying eggs in the same tree. One tree may be bursting into bloom at the same time that the one next to it is dropping its fruit."

JONES FAVORS SUBMISSION OF 18TH AMENDMENT

Austin, Jan. 19.—Congressman Marvin Jones, in voting for the Garner resolution submitting repeal of the Eighteenth Amendment, has established a precedent that the two State Senators and ten House Members, whose districts are all or partially within the Eighteenth Congressional District, will probably follow by voting to submit Statewide prohibition to a vote of the people when it comes up in the present session of the legislature, according to prevalent opinion here.

The Eighteenth Congressional District favored submission in the primaries of July 23rd last year by a vote of 37,711 to 25,381 against. This is a majority of 12,330 for submission. Senatorial District No. 30 represented by Senator A. P. Duggan of Littlefield voted for submission by a majority of nearly 4,000 and Senator Small's District, in which Amrillo is located, gave a majority of 8,500 for submission. The ten State Representative Districts in the Panhandle all gave large majorities for the proposition. Each State Representative in the Panhandle and the way his district voted on submission is as follows:

Rep. Dennis P. Ratliff of Haskell, for 2,056, against 1,473; Rep. George Moffett of Chillicothe, 2,120 for, 1,517 against; Rep. W. H. Scott of Sweetwater, 3,372 for, 1,978 against; Rep. Joe A. Merritt of Snyder, 2,036 for, 1,730 against; Rep. John N. Thomas of Tahoka, 8,406 for, 6,855 against; Rep. A. E. Tarwater of Plainview, 3,580 for, 2,939 against; Rep. Bob Alexander of Childress, 2,509 for, 1,813 against; Rep. John Puryear of Wellington, 4,682 for, 2,669 against; Rep. H. K. Stanfield of Amrillo, 6,412 for, 2,016 against; and Rep. B. L. Rogers of Farnsworth, 5,455 for submission and 3,050 against.

There are 54 counties in the Congressional district represented by Congressman Marvin Jones; 36 substantial majorities for submission; six recorded slight majorities against submission while 11 counties held no elections on the proposition last summer.

It is the plan of anti-prohibition and temperance reform leaders here to submit Statewide prohibition to a vote of the people at this session of the legislature in such a way that the return, establishment and operation of the saloon will be prohibited by Constitutional provisions; local option, which was discarded when statewide prohibition was adopted in 1919, will be revived and the sale and manufacture of mild beer will be legalized. It is the opinion of leaders that the Legislature will call such an election this summer.

HELPFUL HINTS

- Pearl-handled articles should be cleaned with fine sand and polished with chamouis.
- Damp sawdust will keep down the dust in sweeping.
- When potatoes get old add a little sugar to the water in which they are boiled. This improves their taste.
- Dip the knife in boiling water before cutting cake or pie.
- If curtains are dry before being starched they will keep clean longer.
- Iron rust may be removed from white goods with sour milk.
- To remove fresh paint spots from clothing saturate with turpentine and spirits ammonia.
- Gilt picture frames which have tarnished can be restored by rubbing them with a sponge or cloth moistened with turpentine.
- crash was impending. To refuse now to take a 20 per cent reduction when everybody else has either taken a salary cut or lost all income completely is to stand convicted of insincerity.
- The congress of the United States cabinet members and most government employees have taken theirs. If the Texas law makers continue in their willingness to reduce everybody's pay but their own, the people of Texas are going to regard all this talk of economy as just so much hogwash. It will strike most voters as the rankest sort of class legislation.
- And the legislative payroll isn't a minor item, at all. Eighteen hundred dollars a day is not a lot of money. A saving of \$360 a day is distinctly worthwhile even in Texas.—Abilene Morning News.
