No. 47

First State Bank Increases Capital Stock

The increased business of the town has demanded expansion in all lines and our business men have not been slow to see this and provide every convenience possible for the people of this trade territory. The latest move in this direction was increasing the capital stock of the First State Bank from \$25,000 to \$50,000. This was decided upon at a meeting of the stockholders Monday morning. This will be hailed with delight by the many loyal customers of the bank.

Attesting the popularity of this bank, within a few minutes after the action of the stockholders had become known to the public, subscriptions to the amount of \$35,000 without solicitation, had been offered by local men.

The contract for the construction of another story to the present home of the bank will probably be let this week and work started at an early date. The upper story will be divided into office suites, part of which have already been leased to professional men.

Economy Store Opens In Sanderson Building

The fact that O'Donnell is growing was further attested to last week when J. G. McCarroll opened the Economy Store, which is located in the Sanderson building on Doak street. The stock for this store is arriving daily and when complete it will include a complete list of dry goods and clothing.

Mr. McCarroll stated that he will handle only the best in these lines and will endeavor at all times to give his customers the best of service and prices.

TREES—Plains grown trees, thoroughly tested varieties. Don't guess. See Ben Moore, (Old Timer) Phone 40 K, O'Donnell, Texas.

Baptists Revival To Start Sunday

H. ELLIS OGDEN, Singer.

Everything is in readiness for the Baptist Revival which will start Sunday, August 15th and will be held under a large tent to be located on one of the lots in the northwest part of town. The meeting will be in charge of Evangelist L. C. Garrison of Houston, who is known all over Texas as a fearless and forceful expounder of the gospel and his messages should be heard by everyone in this territory.

The singing of the good old gospel songs will be under the leadership of H. Ellis Ogden, an accomplished chorus leader, and will be inspirational to all who attend the meetings.

Miss Eloise Foster spent the last week end in Tahoka and was accompanied home by Miss Jewel Minor, who will be her guest for the next few weeks.

J. D. Freeman of Lamesa was in town Thursday on business. Mr. Freeman is a Civil Engineer and surveyor and his services are greatly in demand in this section.

Fine Program at State

Through a mistake on the part of someone, the Paramount picture entitled "The Exciters," which was to be shown at the State Theatre last Wednesday, failed to arrive but it will be shown Monday and Tuesday. This picture is full of excitement and thrills from start to finish and it will keep you interested. Bebe Daniels and Antonio Moreno head the cast of capable stars in this production.

On Wednesday and Thursday nights William Farnum will be seen in his latest picture entitled "The Man Who Fights Alone"

"Biff Bang Buddy," starring the celebrated rough riding star, Buddy Roosevelt, is slated to play here Friday and the patrons who delight in genuine action film are in for a royal treat. As an illustration of the quality of the stunts put over we want to say that in one of the scenes Buddy makes a flying leap on horseback from a fast moving freight train in order to stop a runaway team. Human interest, adventure, romance and conflict are skillfully blended with the thrills and the whole makes a mighty interesting picture. A Fox Comedy and Fox News completes the program.

"The Bloodhound," Bob Custer's latest picture, will be shown Saturday and is heralded by motion picture critics as the best picture in which this popular star has ever appeared. It gives Bob a different role from those which he usually plays, and no actor could ask for a more colorful part. As a sergeant in the Northwest Mounted Police who is forced to trail his man on horseback, by dog sled and in a canoe, and who makes his arrest only to find that the man is his own brother, Bob has slashing action and powerful drama, and he shows that he is as much at home with one as with the other. Mary Both Milford has the leading feminine role.

Building News

The work on the new buildings is progressing and in a few weeks all those now under construction will be occupied.

The finishing touches are being put on the Brinson building on 8th street and it will be ready for occupancy by the first of the week.

The Castles & Co. building is receiving a coat of plaster and the contractors are busy putting in the ornamental brick front.

Carpenters are putting the roof on the Lynn County Motor Company building this week.

Work on the Doak building is progressing nicely and it is expected that the walls will be up by the last of next week. When this building is finished it will be occupied by the Jones Hardware and Furniture Co.

(Continued on last page)

Heavy Rains Cover O'Donnell Territory

Boy Scouts At Camp

The local Boy Scouts left here Monday by truck, for Ruidoso, N. M., where they will spend ten days at the South Plains Boy Scout camp. The boys arrived at Lubbock Monday night and were the guests of Lubbock Scouts. Tuesday morning the truck caravan started west with its load of 150 scouts and their adult leaders.

While at the camp the boys will be given a thorough training in scout activities under the guidance of expert instructors. Everything possible is being done for the boys as there are plenty of men to see that they have every attention and the camp will be run under disciplinary measures. The health of the boys is being looked after by a competent physician who has charge of the sanitary conditions of the camp.

T. J. Kellis has charge of the O'Donnell group which consists of the following:

Lowell Pugh, Claude Tate, Warren Smith, Arthur Singleton, Calvin N. Fritz, Ralph Beach, L. F. Hohn, S. F. Singleton, Cecil Tredway, Sam Singleton, Cecil Foster, Lee Vaughn, J. Y. Everett and Alvin Tredway.

E. M. Wilder left Thursday for a business trip to Lubbock and Muleshoe.

The following persons are visiting at the Boy Scout Camp in New Mexico: W. A. Tredway and family, R. L. Wagner and family, J. S. Fritz and family, H. L. Hohn and family and C. J. Beach and family.

Good old sky-juice began to fall in great gobs last Thursday afternoon and in a short time the entire territory was soaked with the needed rain. Another heavy shower came Thursday night and after it was over there came reports from different sections of the O'Donnell territory that the entire territory had received rain, some parts reporting as high as five or six inches. Since then showers have fallen every night in some section and the farmers report that the lakes are all full to overflowing.

The precipitation was heaviest to the east of town and Tredway reports the largest rain that they have had in years. The rain there for the week amounting to seven or eight inches. That section being in need of rain, there having been but very little all summer and the farmers are now busy planting late feed stuffs.

This rain has put the country in fine shape for the largest crop ever raised in the O'Donnell territory.

Wells Erecting New School

T. B. Franklin, superintendent of the Wells school, was in town Monday and reports work on the construction of the new school building was underway and that it would be completed by the opening of school in October. The old building is being incorporated in the new and it is said that this will be the best rural school building above the Caprock.

The floor space of the new addition covers 60x80 feet and will have a large auditorium on the ground floor and will cost \$20,000.

(Continued on last page)

To Prove

that you really can save, keep a list of the money you spend for a week. Then add the unnecessary amounts and you will have the total that you might have saved. Secure your future financial independence by opening an account at this bank.

New Packing Plant at Amarillo Serves Large Territory

With the opening of the Western Packing Company at Amarillo, Texas, there is no doubt but what the territory embraced in the Panhandle of Texas will be greatly benefited thereby.

The Packing company now employs approximately seventy people, with the following directors and officers:

W. H. Batchelor, president; R. T. Emmett, vice president and sales manager; C. L. Wood, office manager. Three traveling salesmen now cover the territory, Messrs. Floyd Walfolk, W. V. Lowrey and Edgar F. Laird. The packing house is now marketing daily seventy hogs, approximately twenty-five head of cattle and besides this, a large ice plant has been constructed with a daily capacity of 30 tons. In the sales department the E. B. D. Bacon (Every Bite Delicious), boiled hams, baked hams, veal loaf, link sausage, frankfurters, Texas minced lunch, lunch special, are being sold to the public, besides numerous other specialties which will be placed on the market from time to time.

The E. B. D. Lard manufac-

tured is receiving quite a lot of comment over the territory because of its high food values. Coney Island is also being manufactured, which is a pork shoulder, dry sugar cured and made into a roll.

The directors of the Western Packing Company have assured the Tri-State Exposition that car load lots of beef cattle and herd of various character which will be shown at the exposition will be offered the highest market price at the packing house immediately at the close of the Exposition.

The White House Cafe changed hands the first of the week and the new proprietors, Messrs. Bryson & Hyland, are making many improvements at this popular restaurant. The entire interior is being repainted and the fixtures enameled and when the improvements are finished it will be one of the most up-to-date and cleanest restaurants on the south plains. The proprietors state that they will serve only the best of regular meals and short orders and they invite the people of this territory to give them a trial.

Mrs. J. F. Campbell and son, Kenneth, left Thursday for a few day's visit at Blackwell.

Health and Home

FOOD FOR CHILDREN WHO TRAVEL

Many times, and especially during the summer months, mothers are forced to take their children on trips with them. During these trips, the parent is forced to contend with that ever-present and serious problem of food for the child.

As in almost every other case, the chief source of worry, during these periods, is the milk supply, its source, its purity and its food value. It is not always convenient to get market milk of dependable quality for, in many sections of the country, adequate facilities for its care are not provided. To meet the needs of mothers in these trying situations, science has provided a form of milk, conveniently carried and easily prepared. The cans are in two sizes, the one containing six ounces and the other sixteen.

Evaporated milk is just pure cows milk with more than half of the water removed. None of its food value is lessened; in fact its digestibility is improved. It is easily mixed with water and is, undoubtedly, the most practical form of milk for use as a food for children. Some of the country's leading pediatricians recommend its use, employing the following formula:

From Sixth Week to Third Month.

Milk, evaporated 6 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Billed water 26 ounces
Seven feedings in twenty-four hours.
4 to 5 ounces at three-hour intervals during the day and four-hour intervals at night.

From Third Month to Fifth Month.

Milk, evaporated 7½ ounces
Lime water 3 ounces
Milk sugar 2 ounces
Billed water 29½ ounces
Six feedings in twenty-four hours:
5 to 6 ounces at three-hour intervals during the day and a feeding at 10 p. m.

From Fifth to Seventh Month.

Milk, evaporated 10 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Billed water 29 ounces
Five feedings in twenty-four hours:
6 to 7 ounces at four-hour intervals, the last feeding to be given at 10 p. m.

From Seventh to Ninth Month.

Milk, evaporated 11 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Billed water 35 ounces
7 to 9 ounces at four-hour intervals during the day, last feeding at ten at night.

From Ninth to Twelfth Month.

Milk, evaporated 12 ounces
Lime water 2 ounces
Milk sugar 2 ounces
Barley water 34 ounces
8 to 9 ounces at four-hour intervals during day, last feeding at ten at night.

Mrs. Edward Singleton spent a couple of days at Lubbock last week where she underwent a minor operation. She returned home Friday.

Mr. and Mrs. Rudolph Telcik and family of Palo Pinto county were the guests of Mr. and Mrs. John Kucurek the first of the week.

Chas. Nunnley and family, B. B. Street and family and Mrs. W. S. Street returned the first of the week from Rising Star where the party spent several days fishing. They are now telling their friends about the big 10 pound cats and bass that they caught and they claim that the fish there are so anxious to get out of the water that they jump into the boat.

Word was received from El Paso of the death of J. M. Noble, father of Mack Noble, the assistant cashier of the First State Bank. As we go to press we have been unable to learn any details and a more detailed mention will be made next week.

TO THE PUBLIC

I have just received a shipment of "Band-eze" special Ford Motor Oil in Bbls. and Cans. This Oil is recommended by all Ford dealers as a Special lubricant for Transmission bands in the Ford Car to prevent clutching, bouncing and chattering, is a 100 per cent pure Pennsylvania product, refined and guaranteed by the Oriental Oil Co., Dallas, Texas. Foster's Filling Station.

FREDWAY NEWS

I was over at Seagreaves last week so failed to get in any news.

Things have made a change around Tredway since the last news was sent in. Last Thursday we had from four to six inches of rain, and since that time it has rained every night which has amounted to two inches. Crops have already begun to look better and there will be lots of cane planted as soon as the farmers can get in the fields.

Tredway has had the longest drouth that I have ever witnessed. Everything died on half of the land and blew out of the fields, so we have lots of land to plant late feed to. While it is too late to expect any grain, cane has time to make good roughage. I think we ought to all plant the vacant land in something as the thistles will take it and make it hard on us for another crop and we might make enough bundle stuff and some to sell for another crop. In case you can't get it cut it will make a good winter pasture that will carry your stock through the winter.

Mr. Stewart and family visited Mr. Falkner Sunday.

W. K. Wade sold out and went back to the Ozark Mountains.

Walter Stewart, Owen Davis

and Mr. Falkner were caught at Gail in the big rain and were forced to stay all night. Mr. Falkner said that he didn't mind staying in Gail so much but just wanted to be here to see the rain fall. Well it was quite stimulating.

Marion Gibson and family of Little Rock, Ark. are visiting G. W. T. Hightower of this community and Mr. Bishop of Newmoore. Mr. Gibson is carried away with these windmills and jack rabbits and the country too.

A. F. Holder is back from Hopkins county. I sure would have enjoyed having a few of those Hopkins county peaches. The next truck that leaves had better bring me a bushel.

Jay Bird.

Building Ownership Improves YOUR CREDIT

"He Owns His Own Home"

Have you ever stopped to think what a potent credit statement these words have come to mean?

In almost every community, home ownership has come to mean a guarantee of good citizenship; of good moral credit.

And this is true of all useful buildings; no other possessions—neither cash nor bonds—means as much to you in a credit way, as the ownership of a needed building.

Higginbotham-Bartlett Co.

"The Home Builders"

E. T. Wells, Local Mgr. Phone 103

O'DONNELL, TEXAS

Mrs. H. E. Gillispie returned from an extensive tour of the Northern and Eastern states Friday. While away, Mrs. Gillispie spent the greater part of the time visiting with friends in New York City. She also stopped at some of the cities en route, including Niagara Falls. Mr. Gillispie has resigned from the Summer Grass Widowers Club, but before doing so swore all his fellow members to secrecy as to his conduct during the absence of his much better half.

Card of Thanks

We take this method of thanking the good people of O'Donnell for their loyal and unselfish help during the long sickness of our children. May God's richest blessings be upon you.

Mrs. and Mrs. Dee Howry.

Mr. and Mrs. E. L. Sorrels and daughters, Misses Tomie and Wynema, left for a week's visit to Amarillo Friday.

COTTON PATCH

By Farmer

Looks as though the miners' vacation will start about Sept 1.

Greeks and Bulgars threatened to go to war the other day, but when the gate receipts weren't so big they called it off.

Flappers roll their socks these days, but the college boys, don't even use garters.

When Dempsey does decide to fight some of these yaps defying him might be sorry that he didn't retire.

Perhaps you're right.

Mrs. J. E. McClung never misses an opportunity to boost for the O'Donnell country, and she backs up her boasting with real hard-earned cash, too, if it is necessary, to get result. This week she sends the Index to Dr. L. C. Roberts at Mineral Wells, and to her father and mother, Mr. and Mrs. C. C. Turner, at Canalou, Mo. This kind of boosting will bring results and has been proven in a number of instances, and if the recipients of the paper do not move here during the next year, they will have to fight against their convictions for the Index will surely make O'Donnell converts of them.

J. W. Stewart was seen going around town Monday with a long green article that his friends at first thought was a snake, but upon close examination it proved to be an eating pea that measured two feet and eleven inches in length. Mr. Stewart says that the pea is not a curiosity but only one of the thousands that are growing on his farm, and they all measure from two and a half feet to three feet in length.

Miss Mary Lee Towles returned Monday from a visit with friends at Old Glory.

For Sale—Seven room house in O'Donnell, 5 rooms down and 2 up, store room, garage, well, wind mill, water tower and two acres of land. Price \$2750, \$1500 cash. See Scott and Pfrimmer.

J. E. Scott purchased the R. J. Murry place five miles east of town last week. The deal was made by Scott & Pfrimmer, local real estate men.

Mrs. Mary Allen of the Pride community, who underwent a major operation at a Lubbock sanitarium last Tuesday, is reported as convalescing rapidly and will soon be able to return home.

A. E. Alter returned Tuesday from a trip to points in California.

AS YOU THINK

If you think you're beaten, you are; If you think you dare not, you don't; If you'd like to win, but think you can't;

It's almost a cinch you won't. If you think you'll lose, your loss; For out in the world you'll find Success begins with a fellow's will; It's all in the state of mind.

Think big, and your deeds will grow; Think small, and you'll fall behind; Think that you can, and you will; It's all in the state of mind.

Life's battles don't always go, To the stronger or faster man; But sooner or later the man who wins, Is the fellow who thinks he can.

—G. P. Bainbridge.

Ford Service Is Obtainable Anywhere

One of the most striking illustrations of changed motoring conditions since a few years back, when the car owner feared to go on any lengthy tour, is found in the Ford organization which is today providing service facilities for approximately half the motor vehicles in the United States. It is estimated that there are 9,000,000 Ford cars and trucks traversing the streets and highways of the nation and Ford service stations are scattered in most every city, village and hamlet to keep these cars running with a minimum of delay and at low cost.

The Ford Motor Company was among the earliest automobile companies to recognize that popularizing motor car travel depended upon service or replacement parts must not be compelled to wait a day or two, but be cared for in the shortest possible time.

Establishment of Ford service stations therefore started years back but under the remarkable demand for Ford cars, particularly during the last few years with sales running close to 2,000,000 annually, it has been necessary to extend this organization and to do it quickly. How well this has been accomplished is seen in company records which show that since 1923, when Ford dealers totaled a little more than 9,000, the number has been increased to 9,800. But in addition to this the authorized Ford Service stations have been increased more than 100 per cent

in the last two years until at present there are 32,000 such stations throughout the country. This makes a total of close to 42,000 places where Ford owners may secure necessary adjustments and service parts for their cars.

Dr. and Mrs. C. E. Waller returned from a professional visit to the Concho country Tuesday. The doctor is loaded with a fine bunch of fish yarns which he is ready to spring any time his friends will stop and listen. They are true stories, too, because he caught 'em.

Johnnie Rochell is sporting a brand new Chevrolet touring car, purchased from Grady Gantt.

Burlesonville News

We have sure had some New-moore sky-juice at last. All the lakes are full and fields sure look nice.

Mrs. Bill Brandon has been ill this week but is now improving. Tom Preston is still visiting Bell Burleson.

Miss Leola Sparkman of Plainview and Misses Rosa and Florence Cook were the guests of Mr. and Mrs. Hugh Sparkman.

Mr. and Mrs. E. T. Wells and daughter, Jim, Ellen, were the guests of Bell Burleson Sunday.

It has been estimated that Burlesonville got a 6 inch rain.

Tom Preston and Bell Burleson were present at the Leveland celebration and they report that they had a good time.

Hugh Sparkman is visiting in Roswell, N. M.

Mrs. Grace Richardson and baby were the guests of Mr. and Mrs. Floyd last Thursday.

The frogs and rain are making so much racket that I forget the rest of my news.

"Do Little"

Raymond Busby spent last week over at Knox City

G. W. Lightfoot of the Pride community, does not place all his eggs in one basket when it comes to farming. This year he has forty acres of pinto beans and he says they are coming on as fine as any bean crop he ever saw, the dry weather giving them a chance to make root sufficient to support the foliage and fruit. Mr. Lightfoot has tried out the growing of beans here in other years and says they produce well.

Dr. Kibbe went up to Lubbock Thursday and was accompanied home by his father who has been under treatment by a specialist at a Lubbock sanitarium for eye trouble for some time. Mr. Kibbe, senior, stated that he would soon have his normal sight again

Southside Baptist Meeting A Success

The Southside Baptist meeting closed last week and the members report a very successful revival, there being seven conversions, two reclaimed, three additions to the church by baptism and one by letter. Rev. W. F. Tharp of Lubbock conducted the services.

Rev. Tharp will fill the pulpit here on each fourth Saturday and Sunday during the coming year.

Cramped and Suffered

"My back and head would ache, and I had to go to bed," says Mrs. W. L. Ennis, of Worthville, Ky. "I just could not stay up, for I would cramp and suffer so. I was very nervous. My children would get on my nerves." It wasn't a pleasure for me to try to go anywhere, I felt so bad. "My mother had taken

CARDUI

For Female Troubles

at one time, so she insisted that I try it. I took four bottles of Cardui, and if one should see me now they wouldn't think I had ever been sick.

"I have gained twenty pounds, and my cheeks are rosy. I feel just fine. I am regular and haven't the pain.

"Life is a pleasure. I can do my work with ease. I give Cardui the praise."

Cardui has relieved many thousands of cases of pain and female trouble, and should help you, too.

Take Cardui. At All Druggists' E-108

Mr. and Mrs. Carl A. Holman, E. J. Stokes and family and A. B. Holman returned last Friday from a visit to their old home at Athens. The party intended to stay a month, but two weeks of East Texas climate produced such a longing for the fresh air of the Plains, they only spent two weeks on the trip.

Carl A. Holman of Sweetwater, who has been visiting his old time school mates, left for his home first of the week.

Mr. DeVore of the Pride community, came in last Thursday and purchased a new Ford touring car from the Lynn County Motor Company.

Latest Triumph in Railroading

THE completion of the new Chicago Union Station marks a noteworthy accomplishment in the history of important engineering undertakings, from which travelers from all parts of the United States will derive pleasure and benefit.

The station is without doubt one of the finest and most efficiently designed railroad terminals in the world. It forms a vital link in the realization of the "Chicago City Beautiful Plan." Simplicity, accessibility and convenience for the traveling public are the essential virtues of the new terminal. Rest and recreation rooms, ticket offices, barber shop, dining rooms, stores of various kinds, and almost every convenience known to travelers, are to be found on the one level, no steps to climb.

The main station is a low monumental type of building with a row of massive columns of classic design along the entire east front. Once inside, the traveler finds himself in a gigantic waiting room more than 100 feet high and brilliantly lighted through skylights in the great arch ceiling. Colonnades inclose the room, the walls of which are patterned after the architecture of ancient Rome. Bordering this room are the ultra-complete passenger terminal facilities. An innovation in railway terminal design is a conference room accommodating 125 people, which is available, without

charge, to patrons of the Union Station lines for conferences and other meetings.

To give some idea of the immensity of the new station, it may be stated that the main building covers an area of about three acres with a concourse covering 60,000 square feet. The entire terminal facilities cover more than 35 acres and will expedite the prompt and satisfactory handling of 50,000 passengers, 400 tons of baggage and 300 trains daily with room for future expansion. Fifteen acres of glass were used in the various coverings over the train sheds, which extend more than 1,200 feet beyond the main structure. A total of 17,000 tons of structural steel, 175,000 cubic feet of Indiana limestone and 10,000 cubic feet of granite were used in the station building and concourse. The foundation consists of 449 cylindrical concrete piers from four to ten feet in diameter, reaching to a depth of more than 60 feet below the level of the Chicago river.

Those who have had the privilege of inspecting the new station pronounce it a marvel in terminal construction and are urging their friends to see it on their next visit to Chicago.

The station is used jointly by the Pennsylvania Railroad; Chicago, Milwaukee & St. Paul Ry.; Chicago, Burlington & Quincy R. R., and the Chicago & Alton R. R.

Local Items

Berry Davis left Thursday for Chickasha, Okla., to join his family who have been visiting there for the past two weeks. They will return in about two weeks.

Rev. A. L. McClellan of Spur, came in Tuesday to spend a week with his son, C. E. McClellan.

Mrs. F. H. Lanham and children of Slaton, and Mrs. Johnson and daughter, Luella, of Oak Cliff, were the guests of Mr. and Mrs. J. R. Sanders Monday.

Mrs. D. H. McDaniel and children are spending the summer at Clouderoft, N. M. Dr. McDaniel accompanied them to this summer resort and says it gives a fellow a grand and glorious feeling to get up among the clouds on a hot summer's day.

Little Miss Inez Anthony of Tahoka, was the guest of Miss Mary Francis Northcross last week.

P. H. Northcross and Joe Pugh made a trip to Portales, N. M., last week. They report that that country was soaked with rain.

J. R. White was in from his farm northeast of town Saturday and was all smiles over the fine rain and bright prospects for a bumper crop, and since his neighborhood had an Angel for a Sunday school superintendent, they were just as near heaven as one would want to be on this earth. Mr. Angel was in town with him.

Mrs. H. N. Lyle and little daughter, Francis, came over from Knox City, Thursday of last week to visit her sister, Mrs. S. H. Pfrimmer. Mr. and Mrs. Lyle will make their home in Post, Mrs. Lyle and daughter going from here over there to join Mr. Lyle.

Miss Ethel Lavene McKinize of Lamesa, is visiting her aunt and uncle, Mr. and Mrs. Leonard Daugherty.

L. D. Tucker is in St. Louis this week purchasing fall stock for his store.

D. Middleton joined the throng of satisfied Ford owners this week by purchasing a new coupe from the Lynn County Motor Company.

Mr. and Mrs. Joe Lee Schooler, Stuart Schooler, Mrs. R. H. Schooler and Miss Willie Schooler left Friday for a visit to points in New Mexico.

Miss Lenore Lowrie underwent an operation for tonsillitis at a Lamesa sanitarium Friday of last week.

Hal Singleton purchased a new Ford touring car from the Lynn County Motor Company last week.

C. C. Jones has been confined to his bed for several days, but is reported as improving at this time.

D. W. Pennington is riding a new Ford purchased from the Lynn County Motor Company Saturday.

Changes Her Name

A story is going around of a girl who went to the twin cities. On the farm she was known as Jessie, but the fifth letter she wrote home she signed Jessica.

Her brother replied as follows: Dear Jessica: Dadica and Maica have gone to visit Lizica.

Uncle Jimica is talking about buying a new autica, but he doesn't know whether to get a Fordica or a Chevica. The old cow had a calfica. I was going to name it Nellica, but changed it to Billica because it was a bullica. Walterica.

While I am away, C. T. Kibbe will look after my undertaking business for me. Remember we carry a full line of caskets, grave liners, shrouds, etc.

J. S. Fritz.

D. G. Phipps returned this week from San Antonio where he had been to bring his family back. Mrs. Phipps is reported to be much improved in health.

Leon Veazy visited his old home at Munday last week.

Health and Home

CARE OF CONVALESCENT IN SUMMER

For those who are just recovering from a serious illness the problem of food is a serious one. The patient, though well on the road to recovery, is usually weakened by the rigors of disease and the excessive heat is wont to sap his energy. Hence, the foods that are consumed during this period should be considered carefully as to digestibility, food value, ease of assimilation, purity and sterility. These are important in any food but especially so when the consumer is not strong and healthy.

In most cases, the one who is convalescing consumes milk in large quantities. This food contains all of the elements that are essential to the body. If milk is pure and germless it is easily digested and assimilated.

Where the milk supply is uncertain, or the quality not of the best, evaporated milk should be employed. It is sterile; it is just pure milk with about sixty per cent of the water removed. Its double richness may be modified if desired, by the addition of water or it may be used just as it is, where rich, creamy dishes are desired.

Many people make the mistake of confusing evaporated milk with condensed milk. They are not at all similar in appearance, composition or taste. They cannot be used for the same purposes; condensed milk is a combination of sugar and milk; evaporated milk has no added sugar, being pure milk of double-rich quality and food value.

Following are recipes of easily prepared dishes and foods that are well suited for the invalid and the convalescent.

Loganberry Cream.

1/2 cup evaporated milk 1/2 cup loganberry juice
1/4 cup water 2 tsp. lemon juice
Pinch salt

Put all ingredients in a Mason fruit jar and shake thoroughly. Chill and serve in glasses filled 1/4 full of ice chips. Raspberry, blackberry, and cherry juice may be used instead of the loganberry.

Iced Cocoa.

3 tsp. cocoa 1/2 cup water
3 tsp. sugar 1/2 cup water
Pinch salt 1/2 cup water
1/2 cup evaporated milk 1/2 tsp. vanilla

Mix cocoa and sugar thoroughly and add the 1/2 cup water and boil over a low flame for 15 minutes. Scald the diluted milk and add cocoa syrup and salt. Continue cooking for 15 minutes in double boiler. Add vanilla. Chill and serve with chipped ice. Top with whipped cream.

Brown Family Holds Reunion

A reunion of the Brown family was held at the home of Mrs. W. E. Brown last Friday, there being forty-two members present. One of the features of the gathering was a big dinner spread on the lawn around which were assembled children, grandchildren and great grandchildren of this fine old lady. After the dinner, the young grandsons challenged the sons of Mrs. Brown to play a game of base ball, and all the family witnessed the game and roosted for their favorites as much as if they had been on a real field of contest.

The following were present: Messrs. and Mesdames T. C. Brown and family, W. R. Brown and family, H. E. Brown and family, of Hamlin. W. D. Apply and family of Ackerly, R. A. Brown and family of Knott, O. J. Brown and family of Big Spring, Grady Brown, Mrs. Cecil Hubbard and son, and Forest Brown.

Mrs. Brown is still hale and hearty and was never so happy as when she again had her children with her at home.

We don't like to say that J. E. is superstitious, but Wednesday night he made a big detour in his car after a black cat crossed the road.

Money to loan on improved farm and city property. O'Donnell Land Company.

Misses Mabel and Hazel Towles and Dick Wood of Omaha arrived Tuesday to be the house guests of Mr. and Mrs. W. E. Dickenson and Miss Mary Lee Towles.

E. M. Winder returned Wednesday from a business trip to Knox county. He states that all that county had plenty of rain and that the roads are almost impassable.

CARLISLE & CO.

Entertains In Honor of Mesdames Parker and Baggett

A short time ago the ladies of the Presbyterian auxiliary gave a reception in the attractive new home of Mrs. A. W. Gibbs honoring Mrs. D. A. Baggett and Mrs. J. Wood Parker. As is customary in large receptions, the guests were invited in three different groups. They were welcomed by the receiving line consisting of Mesdames Gibbs, Baggett, Parker, Campbell and Keoninger. The guest books were in charge of Mrs. Haffard Smith.

A reading by Miss Laynett Smith and a number of contests furnished pleasant amusement. The prizes in the form of dainty handkerchiefs went to the following: Mesdames Orson, Wells, Middleton and Sanders. The punch bowl was presided over Misses Willie Schooler and Laynett Smith, who also passed trays of sandwiches.

The following guests enjoyed the hospitality of the pleasant occasion: Mesdames J. B. Miles, T. M. Wright, D. W. Harris, L. H. Moore, H. L. Hohn, J. W. Smith, Ella Gaines, Mary Gary, F. M. Vaughn, Will Orson, Robert Orson, T. L. Mean, Bailey, Musick, Hamilton, E. T. Wells, F. C. Hart, Gladys Tomlinson, C. A. Baldwin, Carrie Shumake, J. T. Middleton, J. E. McClellan, Madge Strickland, J. H. Strickland, J. H. Hardberger, C. H. Mansell, R. L. Wagner, C. J. Beach, Byrdie Sanderson, W. B. Hicks, Major Rodgers, W. E. Dickenson, C. C. Jones, C. I. Kuykendall, W. H. Crunk, Dick Burford, M. P. White, N. L. Jones, Harvey Everett, J. R. Sanders, Ben L. Camden, B. J. Boyd, J. P. Bowlin, W. J. Smith, R. H. Schooler, Haffard Smith, D. A. Baggett, J. W. Parks, J. F. Campbell and A. H. Koeninger and Misses Roxie Weinke, Mary Lee Towles, Willie Schooler and Laynett Smith.

Dress for Dinner

Dressing up for dinner is not excluded to the class of people we call society. It should be a practice in every home, even though the dressing up consists of a clean gingham dress. And it should not be excluded to the wife and mother, but each individual should observe this rule as well. Children should be taught the habit in the high-chalk days.

This custom not only takes the family out of the "shiftless class" but aids digestion as well. An unkempt person at the table spoils the appetite of the rest of the family and makes the dinner less appetizing and less attractive. And when the member of the family who has cooked that dinner has labored so hard over it that she is "just too tired to dress" she has defeated her purpose.—Exchange.

Dan Cupid Still on the Job

Miss Margie De Vore and H. C. Hanes were married in O'Donnell Sunday morning at 10 o'clock, Dr. C. P. Tate performing the ceremony at his office in a manner that starts this popular young couple off on life's journey in fine shape.

Miss Margie is one of the most popular young girls in this county, having just returned from A. & M. College where she was a student in the Summer Short Course, being sent there by the business men of O'Donnell, being thus honored on account of her splendid club work.

Mr. Hanes is a son of Mr. and Mrs. C. D. Hanes also of the Pride community, and has the reputation of being an honest and industrious young man and fully capable of taking care of the charming young woman he has chosen as his life's companion.

The young couple have the sincere best wishes of a host of friends for a long and happy life.

Miss Winnie Gillespie and L. F. O'Conner were married at Lamesa last Thursday, and the young couple are now at home to their friends on their farm east of town.

The bride is the daughter of Mr. and Mrs. A. Gillespie and is one of the most popular young ladies of the community in which she resides. The man of her choice, Mr. O'Conner is a young man of sterling worth and capable of providing and making a home all that it should be.

In honor of the bride and bridegroom, Mr. and Mrs. A. Gillespie entertained with an elegant supper Thursday night, which was attended by a number of relatives and friends. This young couple have the best wishes of a host of friends for a long and happy life.

Building News

(Continued from first page)

The forms for the concrete work on the Phillips building are being put in place.

C. L. Tomlinson is making many improvements in his building, which is occupied by the Johnson Barber Shop, West Side Tailor Shop and Rodger's Hamburger stand. The entire interior is being repainted and entire new fixtures have been ordered for the barber shop which will make it one of the most up-to-date shops on the plains.

No, O'Donnell is not booming, it's just growing naturally.

BIDS WANTED

Notice is hereby given that the Wells Independent School District at its meeting to be held on the 27th day of August, 1925, will receive proposals from any banking corporation, association or individual banker in Lynn county that may desire to be selected as the depository of the funds of the said Wells Independent School District.

Any banking corporation, association or individual banker in Lynn county, desiring to bid shall deliver to B. J. Bolch, president of the board of trustees of the said Wells Independent School District, on or before 2 o'clock p. m. on the 27th day of August 1925, a sealed proposal stating the rate of interest that said banking corporation, association or individual banker offers to pay on the daily balances of the funds of the said Wells Independent School District, payable every thirty days, for the term between the date of such bid and the next regular time for the selection of such depository.

Said proposals to be mailed to D. J. Bolch, Box 105, O'Donnell, Texas.

Said proposal shall be accompanied by a certified check for not less than \$100 as a guarantee of good faith on the part of the bidder and that if his or its bid should be accepted he will enter into a bond as provided by Article 2771 of the Revised Statutes of the State of Texas; and upon the failure of the banking corporation, association or individual banker, that may be selected as

such depository, to give bond required by law, the amount of such certified check shall go to the said Wells Independent School District as liquidated damages, and the said board of trustees shall readvertise for bids.

Given under our hands at Wells, Texas, this 7th day of August, A. D. 1925.

D. J. BOLCH, President Board of Trustees Wells Independent School District.

Attest: W. G. ALLEN, Secretary.

Wells Erecting New School

(Continued from first page)
