

29th year; No. 43

Methodist Revival To Begin Soon

Rev. Quay Parmer, an approved evangelist of the Methodist church and a member of the Central Texas Conference, is a native of Alabama. He moved to Texas in 1935 and has made this state his home since then. Rev. Parmer brings to the evangelistic field a wide and varied experience as a pastor and chaplain.

Rev. Parmer has attended and holds degrees from four colleges and universities. He has an B. A. degree from Bob Jones University at Greenville, S. C. Special work was done in the Asbury Theological Seminary at Wilmore, Ky. In 1938 he was awarded the B. D. degree from the Perkins School of Theology, S. M. U. at Dallas. Again in 1951 he was granted a masters degree in theology by Emory U. at Atlanta, Georgia.

Evangelist Parmer served for seven years as pastor of country and city churches. In 1941 he entered the army to serve his church and country as a chaplain for five years. Two years of that time were spent in Europe with a combat division assigned respectively to the 1st and 9th armies.

Upon his release from service Rev. Parmer felt the call to full time evangelistic work. He entered that field of work in June of 1946. Since that time he has held more than 112 revivals in 14 states. He has been elected to office in the Association of the Approved Evangelists of the Methodist church.

We feel that a man has been secured who will inspire our thinking, warm our hearts spiritually, and earn our respect as the meeting progresses. We urge all who will to avail themselves of this unusual opportunity of spiritual refreshment and Christian service in our church and community.

H. A. Longino, pastor

Negro 'Legger' Taken

A local negro bootlegger was arrested here Saturday and was charged with possession of 25 cases of beer and whiskey. He was taken to Tahoka to the county jail pending a hearing and setting of bond. Deputies Loyd Bolin and Charlie Wells made the arrest.

Mr and Mrs Roscoe Snell and family of Rankin visited here Friday.

Among the men assisting Scoutmaster Elvin Moore at camp Post last week were C. A. Doss, Bill Autry, S. M. Clayton, Jr., Homer Hardberger and W. M. Cox.

Visiting their mother Mrs W D Stubblefield the past week were Mrs John Nichols of Crowell and Mrs A A Bishop of Muenster and J. M. Parker of Shafter, Calif. and Mr and Mrs L S Stubblefield of Lovington, N. M. also her granddaughters, Max O'Neal of Ft Worth and Mrs Billy Carver of Nacoma. Mrs Bishop and Mrs O'Neal remained for a longer visit.

Lester Parker was recently awarded the contract to build the Glenn Creek re-achorage by the Borden county school board. Construction to begin immediately.

Rev. C. L. Jennings of Amarillo and a cousin of E C Pace, will preach here Sunday at Church of Nazarene. He is stationed in the army at Amarillo.

Mr and Mrs Wm. Clifford Barnett of Denton is visiting his parents Mr and Mrs Lee Barnett.

Mr and Mrs Lee Christopher and baby of San Antonio is visiting his parents Mr and Mrs Jim Christopher and Mr and Mrs J C Christopher are expected here Wednesday.

Mr and Mrs C D Pickens visited their son, Charles D. Jr recently in El Paso. He is in the Army stationed there.

Mr and Mrs Orbin Rushing, Leon Rusing and Bill Pierce visited Mr and Mrs Billie Ray Rushing at Snyder Sunday.

Rev. Cone Merritt, pastor of the Wells Baptist church, gave the address at the Men's Baptist Brotherhood meeting Monday night. The meeting was fathers and sons night. Ice cream and cake were served. About 40 fathers and sons attended, according to Homer Hardberger.

Visiting Mr and Mrs Orbin Rushing last week were Mr and Mrs Frank Pierce of Hobbs, Mrs Flossie Pierce of Dallas, Mr and Mrs Geo. Pierce, Mrs Katie Hambrick of Lubbock, Mr and Mrs Jim Miller and grandson of Oklahoma City.

Folks You Know

Mr and Mrs. Ervin Jones visited the Joe Garners at Anton Sunday.

Mr and Mrs Mack C Bradley of Midland visited their parents here over week end and Billy Guy and Vikey returned home.

Eddie Noble spent last week in Post.

Mr and Mrs E T Wells returned Saturday from Comanches where they visited their daughter Mr and Mrs Billy McKnight.

Mr and Mrs Mack Haynes were in Seagraves Sunday to visit their grandson Joe Bryan Royce who is in hospital there.

Mr and Mrs J W Singleton attended the horse races at Ruidoso Saturday and Sunday.

James Shaw visited his grandmother, Mrs Julia Statts at Memphis last week.

Jack Cathey and family of Roswell spent week end with Mr and MChas. Cathey.

Mr and Mrs Joe Proctor and Mrs D L Proctor visited in San Angelo Sunday. Mrs D L Proctor remained for a longer visit with her daughter.

Mr and Mrs Reed Yandell and family of Littlefield visited home folks here over week end.

Girls Attend Camp

Thirty five girls and sponsors returned Wednesday from the annual Future Homemakers camp. This year the girls enjoyed three days at Lake Cisco. While there the girls did all their meal preparation and serving and enjoyed swimming, golf, and skating as well as hiking and out door cooking. The girls had a crafts class at which time they made beach coats from colorful towels. The major portion of the camp is paid out of their treasury. The money was made during the school year in various ways, mostly by selling Christmas cards and all occasion cards.

The following girls and sponsors attended: Fern Bairrington, Dru-cilla Cook, Nancy Everett, Jo Ann Griffin, Carol Thompson, Antette Mahurin, Joan Mahurin, Irene McKay, Maurine McKay, Carolyn Pearce, Mary Sanders, Virginia Sanders, Nanabeth Cox, Claudia Shaw, Ann Singleton, Carol Lambert, Frances Vandiver, Mavis Veach, Frankie Young, Jimmie Fultz, Dorothy Locke, Neil Kingston, Yvonne Seay, Sally Gray, Shirley Gass, Glendean Potteet, Mrs Louis Purvis, chapter sponsor, Mrs Floyd Williams, honorary member, Mrs Dorris Sumrow, chapter mother, Mrs Truett Hodnett, honorary member, Mrs Cook of Draw, Mrs Sam Singleton, Mrs Naymon Everett, Elaine Hohn, and Daphene Telchik.

The following committees worked on camp plans: Food committee: Claudia Shaw, Carol Lambert, Jo Ann Griffin.

Work schedule: Frances Vandiver, Nancy Everett, Peggy Pearce.

Transportation: Mavis Veach, Joan Mahurin, Irene McKay.

Otis Arnett of Big Spring spent the week end with his parents the Cleo Arnetts.

Mr and Mrs Hornaday McLaurin and son of Pecos visited relatives here last week.

The Man For The Job Is Carroll Cobb (Pd. Pol. Adv)

Beloved Lady Is Claimed

Mrs. W. E. Vermillion, 68, resident of here for the past 27 years, died at 5:45 p. m. Thursday in a Lamesa hospital.

Funeral services were held at 2 p. m. Saturday at the First Baptist church where Mrs Vermillion was a member. Lurial followed in the local cemetery. The body lay in state at the church Saturday from 10 a. m. until funeral services. Members of the Dorcas Sunday School class and 1939 Study Club composed a Guard of Honor.

Officiating for the services was her pastor, Rev. Troy Dale. Pall bearers were Felix Jones, Truett Hodnett, V B Hohn, W T Snellgrove, Paul Mansell, Burl Koeninger, Dick Harris and John Billingsley. Honorary pallbearers were J T Middleton, Sr. John Anderson, P. A. Mansell, C H Mann-ell, L T Brewer, J A Edwards, Cliff Lambert.

She was born Minnie Eula Mote Jan. 21, 1884 at Blum, Tex. She became a Christian at age of 14 and united with a Baptist church. She was wed to W. E. "Doc" Vermillion in 1903 and in the summer of 1926 the family moved to O'Donnell.

Rev. Dale, her pastor, said "She was more than just a member, she was an active member unto the time her Lord called her home."

Miss Margaret Daquire, a niece sang a special song by request.

Mrs Vermillion was a talented gardener and flower grower delighting the public with her blooms. She was vice president of the 1939 Study Club and president of the Dorcas class.

Survivors include her husband six children, Mrs H L Wallace of Davidson, Okla., Mrs Lee Vaughn of Albuquerque, N. M., Mrs Lick Goflighty of Stephenville, Mrs Mildred McMurry of Abilene, Mrs Rhea Heath of Amarillo, and John Vermillion of Rising Star, three sisters, Mrs D E Dequire of Wichita Falls, Mrs J D Adkerson of Decatur and Mrs C R Woods of Ft. Worth, four brothers, W R Mote of Tulsa, C H Mote of Decatur, E H Mote of Alvord and T A Mote of Sterling, Okla., 14 grand children and one great grand child.

FAMILY REUNION

The Cathey family reunion was held Sunday in the Lubbock park and was dedicated the memory of Uncle Jim Cathey who had he lived would have been 100 years of age in June. Among those present were Mr and Mrs Bob Clem and family of Roaring Springs, Mr and Mrs Jack Cathey and sons of Roswell, Mr and Mrs Douglas Cathey of Colorado, Stanley Cathey and daughter of Hobbs, Mr and Mrs Ben Morrison of here, Mr and Mrs Chas Cathey and family of here, Mr and Mrs Otwell Taylor of Elda, Lucy Morrison of here, Mrs Virgil Mathews and daughters of Lamesa, Bill Cathey of Lubbock, Mrs Tommy Bumpass of Lubbock, Frank J. Norfleet, age 92, of Hale Center, Mrs J F Arnold of here, O L Miller of Loop, E L Miller of Seminole, Mr and Mrs Lonnie Harris of Lubbock, Mr and Mrs C B Morrison, sr of here, Billie Cathey of Lubbock, Mr and Mrs Clifton Cathey of here, Mrs Tom Cathey of here, Mr and Mrs E C Harris of here, Neva Cathey of Bortales, Mr and Mrs J R Richards of Portales, Kenneth Richards of Portales, Mr and Mrs Randall Hughes and family of Loop, Mr and Mrs Dick Morrison of Lovington, Mrs Darrill Parker and family of here, Mr and Mrs Fred Taylor of Elda, Mr and Mrs Bertie Askew and family of here.

Carroll Jones and Mr and Mrs Floyd Caswell of Grand Prairie were week end guests of Mr and Mrs F M Jones.

The Man For The Job Is Carroll Cobb (Pd. Pol. Adv)

LIONS CLUB HAS INTERESTING PROGRAM

The Lions Club last Thursday night enjoyed a very nice musical program presented by the West Texas Ramblers. The Lions are presenting very interesting programs every Thursday night.

Miss Daphene Telchik is the Lion's candidate for Rodeo Queen this year.

Mrs Bill McMillan and brother Archie of Odessa are vacationing in California.

Mr and Mrs Doyle Lane and baby of Camp Hood and Mr and Mrs Leland Lane of Lubbock spent week end here with their parnts.

Last Tuesday noon at Rotary Club, the group's president James Crumley was presented with a president's plaque and an electric razor from the membership. Mr Crumley is moving to Crane this week as manager of Texas Electric there.

Albert DeBusk and family of Hobbs, N M visited in the Bill De Busk home Sunday.

Mr and Mrs T A Wimberley visited with their daughter and family the James Eason at Big Spring Sunday.

Mrs B B Foreman is visiting her father who is ill at Loraia.

Mr and Mrs W O Wartea attended the market show at Lubbock Sunday.

Mr and Mrs Cecil Hobdy and children and Mrs Gustafson of Lubbock visited the Alton Hobdy family Sunday.

Denny Reed of Denver City spending week with Charles Ray Balch.

Tommy Johnson landed at San Francisco last week and arrived here early this week. He has spent 12 months on the Korean front. His parents are Mr and Mrs G T Johnson of Gall.

Mrs C D Childress, Mr and Mrs E G Slaughter and children of here and friends of the Slaughter's from Colorado City visited Mr and Mrs Alvin McMillan Sunday.

BLOWING SAND AND HEAT IS KILLING COTTON

A thunder and dust storm last Friday night resulted in one tenth of inch here according to Ben Moore with 3-4ths at Nef Moore according to Mrs Taylor, and 1-2 inch at Berry Flat according to Mrs Simpson. Joe Bailey got an estimated 2 inches with some hail. Grandview got a nice rain, with some hail according to R M Middleton. The rain did not extend south of town more than a mile but Tahoka picked up a half.

Flow Outs Getting Cotton

The extremely high, dry winds of the past two weeks and the extreme heat has blown out and burned out several thousand acres of young cotton. Fighting sand is the big chore now especially in Joe Bailey area after packing rain. Farmers are generally blue over the present prospects but there is still an outside chance of a record crop.

For sale: 1949 Dodge Pickup, Perfect running condition, Texas and New Mexico license, Texas 1952 inspection passed, \$800, see Harvey Gardenhire.

HIGHWAY MISHAP HERE

Monday morning at about 7:30 a 25 year old El Paso soldier was painfully injured when struck by a car while the soldier was traveling on a motorcycle. Dr. Lehman treated the youth for a broken nose, highway burns and a throat wound that extended from ear to ear. Both vehicles were traveling between north and south. As toward Lamesa and the car "overran" the motorcycle, officers said, Dr. Lehman failed to get the name of the youth but his home is in Ohio.

BERRY FLAT NEWS

Mrs. Dick Simpson and Fern visited John Berry in a Lubbock hospital Sunday.

The L and B Club met June 16 in the home of Mrs Leonard Isaacs. Punch and cookies were served to 12 members and two guests. Mrs H Cook of New Home and former member of club and Mrs Van Mc Kee and Linda and several children. The H. D. Agent gave a demonstration on frozen foods which everyone enjoyed.

The vacation Bible school was well attended last week with Mr. and Mrs Ross Anderson of Lorenzo as teachers. Everyone enjoyed the week. Thursday Berry Flat Baptist church had Workers Conference of the Lamesa Association. Lunch was served to a large crowd.

Mrs L B Jones visited her parents Mr and Mrs Wright of Leland last week.

Mr and Mrs J G McGee's daughter and son in law of Lubbock visited them for Father's Day.

Mr and Mrs Harlan Williams and boys visited his parents at Petersburg for Father's Day.

Maekey Baahard of Sudan is visiting his grandparents Mr and Mrs Henry Suits.

Berry Flat received about half inch of rain Friday night with high winds and blowing dust.

Mrs S A Mensch is in a Tahoka hospital with acute rheumatism.

City Health Officer To Crack Down On Open Toilets, Cess Pools

To date O'Donnell and area has escaped polio which is currently sweeping Texas and accounting for 28 per cent of the nation's total new cases last week. Lamesa, Stanton and other cities and towns of area have reported cases.

Dr. Joe Lehman, city health officer, and a local physician, urged

town residents to report to him all instances of leaking or faulty cess pools and all privy toilets of Chick Sale variety. He now has the authority and plans to crack down on unsanitary handling of human wastes.

New Drug May Build Resistance To Polio

Dr. Lehman recently returned from a state medical convention at Dallas and he reported a new medicine, globin, which many physicians are giving children to build resistance to polio and other virus diseases. This drug is the protein fraction of human blood and is rather expensive. The cost is according to weight of a child. A child up to 30 or 40 lbs runs \$5 and an 70 to 80 lb child runs \$7. These prices are approximations and definite prices may vary more or less. The drug is thought to be effective for from 2 to 4 months.

It has been used on measles prevention with varying degrees of success. In polio Dr. Lehman said the parent should definite know that the drug may do NO good in prevention yet it may be an excellent discovery. Only time and wide spread use of the medicine will tell. It is no more painful than any muscle "shot".

Flies Are Known To Have Polio Virus On Body

Polio research has definitely shown that flies of all species may have polio virus on them but the link in getting the virus into human blood stream is unknown. It is probably thru the digestive or urinary system. Both food and water, milk, etc should be carefully watched. Neither at home nor in public places should children eat or drink where flies reach, food, drink, dishes, glasses, pans, etc.

Specialists believe the end is in sight for controlling polio. Good medical detective work is now reaching toward the secret. It is thought adults are resistant to polio because of mild cases in childhood. However it is possible to have polio several times as there are several strains of the virus. The negro race seems more inclined to resist virus diseases than the white race.

Sore throat, stiff neck, sore muscles, low degree fever, swollen lymph nodes, headache, upset stomach may or MAY NOT indicate polio. Doctors believe that in 20 minutes of the disease attack that the total brain damage has been done if any damage is to result. Sanitation, rest for the child, general health building practices seem the best bet. Don't worry - diphtheria, rheumatic fever, is a far worse disease and kills many, many times the children, yet the public hears little of it.

Have your winter clothes cleaned and mothproofed at no extra cost at High Cleaners.

Mrs. R E Hardberger and child returned to their home at Beaver, Okla., Saturday after visiting here with her mother, Mrs. Willie Smylie.

Queen Candidates Are Listed

Candidates for title of Miss Rodeo Queen for 1952 have been announced by five of the local civic groups as follows: The committee on planning for the parade, Betty June Cook of the American Legion, Elwanda Stalcup of Lynn Co. Sheriff Posse, Carol Ann Thompson of Fire Department, Roddy Pelts of Rotary Club and Daphene Telchik of Lions Club.

Next week the index hopes to run a large picture of the five candidates all of whom we think would make beautiful queens. The winner will be the candidate selling the most advanced sale tickets to the rodeo.

Mrs F M Jones and Mrs Bill Davis, coordinators of the parade committee announced this week that M-dames-Irene Swin ey, Floyd Williams, Wm. Jackson, R E Harris, Truett Hodnett and L D Bing have would compose the committee on planning for the parade. A goal of some 20 floats is what the ladies will set as a goal. Rodeo banners will probably be sold to local firms to raise prize money for float prizes.

New Event Added

C. R. Burrierson, Jr said this week that a new event would be included in this year's rodeo, that of JUNIOR RIBBON ROPING with age limit up to 13 years.

The Country Editor

In respect to the late Mrs. W. E. Vermillion, we are taking the personal right of rural journalism in paying our humble tribute as an individual to a pretty fine lady whose husband, and hers if made our life a bit nicer to live.

We knew her originally only by her beautiful yard of flowers which was a thing of beauty each year for 8 months during the West Texas growing season. Some years later we know her better by way of informal chats as we met at the stores or on the street. A very attractive lady for her age, we surmise she absorbed the beauty of her beloved flowers... flowers which are most remindful to us of God... as the soft colors of a rainbow at evening's end.

As there is the promise of a House of many rooms in that spiritual life which will in time be revealed to each of us... we choose to think of this House as one of many gardens. Beautiful gardens where there is no blight of the tender plants, no untimely cruel frost to curl the leaves, no insects to devour... we are thinking for our friend that in that new life which lies beyond our perception... that the rakes, the shovels, the other garden tools are there awaiting a lady... who could, and more than that, she did give God to a passerby... in a rose... in her garden.

Visit At Camp Post

Parents from here who visited their sons of Troop 85 at Camp Post Friday night were Mr and Mrs E L Thompson, Mr and Mrs Chas. F. Wells, Mr and Mrs W M Cox and Larry Sanford. The group enjoyed freezer cream, cookies and coolade after which they met at Council Ring where they enjoyed the program given by the Scouts. Several war and snake dance were given. Scouts of Troop 85 returned home Friday weary but having a very enjoyable week.

The boys wish to thank Fuzzy Moore, Bill Autry, Homer Hardberger, C A Doss, W M Cox and S M Clayton Jr for taking time out to stay with them at night.

Mr and Mrs Sutton of Lubbock spent week end here visiting Mr and Mrs C H Mansell.

Mesdames Ervin Street, Celsor Shaw, and Roy D. Smith spent a few days at Ruidoso last week.

Mr and Mrs Ross Stark attended the Golden Wedding anniversary of Rev and Mrs Joe Wilson, former Baptist pastor here, last Wednesday at Lubbock.

Mrs James Bowlin Jr and daughter joined Mrs Bowlin's parents, Mr and Mrs Fulkerson of Tahoka Tuesday afternoon of last week for Evansville Indiana where they will attend the wedding of W. H. Fulkerson, Mrs Bowlin will be an attendant at her brother's wedding.

Mr and Mrs Delbert Mires and family of Plainview spent the week end here.

Mr and Mrs Oscar Veach and family and Miss Dorothy Veach visited at Galveston and Corpus last week.

Mr and Mrs C D Pickens attend of the funeral of Jesse J. Billingsley, an uncle of Mary Pickens Sunday afternoon at Methodist church at Dunn.

Mr and Mrs Bobby Proctor left for Pnoix City Saturday where Mrs Proctor will have major surge y.

E. C. Harris Visits Norfleet

Sunday Mr and Mrs E C Harris visited Frank Norfleet at Hale Center. Mr. Norfleet is 92 but is very alert mentally and is in good health. He is a pioneer West Texas rancher beginning work on the Spade ranch 66 years ago and during that time worked 23 years on the spread. His hobbe today is blooded horses and he has an excellent stable. Volumns could, and have, been written about this colorful man.

Summer Reading To Start June 30th

On Monday morning June 30th at 9 a. m. in the homemaking cottage there will be a story hour for the children from the ages 5 to 8. The homemaking girls will tell and read stories to the children for one hour. Also there will be an hour on Wednesday but not on Friday as it falls on July 4th.

Also beginning on June 30th there will be reading facilities for all children of school age who are interested in improving their reading and developing more interest in reading. This reading project is not designed to perform miracles in the child's reading ability but it is hoped that he will enjoy the facilities made available and as a result will improve his reading and develop more interest in reading both for recreation and for the knowledge gained. Children who are interested in this reading project will meet at the homemaking cottage at 10:00 a m and further instructions will be given then.

Craft Work Is Scheduled

At 2 p m June 30th all boys and girls interested in learning leather work or textile stenciling meet at the cottage for further instructions as to meetings. There is no fee for this. The only cost will be the leather you work on such as belts, etc., or textiles, such as towels, etc for stenciling.

**Service Machinery
Before Rush Season**
Servicing Will Prevent
Expensive Breakdowns

The big season of work is here.
If you haven't prepared your equip-
ment for the long hard grind, you
better hurry.

What about the tractor? If it has
sat idle in the barn through the
cold months, it needs attention.
Service chores now are easier than
later when you're in the midst of
the rush season.

Give your tractor a spring lift
with fresh oil, grease and gasoline.
Stale gasoline literally gums up an
engine; clean the carburetor care-
fully making sure there's no gum
in jets and in the float chamber.

The oil probably had hours of
use last fall, so change it. Examine
the oil filter; if the element is dirty,
play safe. Install a new one.

Next, check the ignition system
and the spark plugs. You can tape
a minor break but if the ignition
cable insulation is brittle, don't
take a chance put in a new set of
cables.

While on the subject of ignition,
check the timing; your tractor ser-
vice manual shows how. Improper
timing is a power thief but easily
remedied. Don't drag a plow or
harrow around your acreage in
second gear when a few minutes
work will let you do it in third.

Clean the air filter now—and
throughout the season. During the
busy season douse it in kerosene,
add fresh oil every ten hours or if
fields are real dusty, every five.
Remember, too, that a good op-
erator puts a grease gun to pressure
fittings every ten hours on wear-
and-tear spots.

Keeping your tractor and other
equipment in good operating con-
dition is a matter of pure dollar
economy.

200,000 Farm Tractors Operate on Butane Gas

More than 200,000 farm tractors, either factory designed on converted, now run on liquefied petroleum gas. Many farmers report that by using liquefied petroleum gas, engine maintenance can be reduced up to 50 per cent. Known also as butane, propane, tank and bottled gas, the fuel also has many household applications such as cooking, house heating, water heating refrigeration and incineration.

AIR POLLUTION TO BE STUDIED

A public hearing on atmospheric pollution, the first of its kind ever held in Texas, is scheduled for June 25 and 26th in Houston at 9 a. m. The hearing, to be held in the Baylor U. School of Medicine auditorium, is for the purpose of allowing industrial plant managers and the public to see what can be worked out on pollution abatement.

Texas has no specific anti-pollution laws and no standards to go by. The ultimate goal is to develop a control program.

Industry has indicated as great a desire to do something about the situation as has the public.

About 85 percent of all air pollution complaints come from the Houston ship channel area which is the reason for the first public hearing there.

This is the first in what health department engineers hope will be a series of public meetings on air pollution abatement. Potential pollution problems will increase with Texas industrialization.

Blue Ribbon

The 1951 and 1952 grand champion of the Denver stock show and 1952 grand champion of the Phoenix show, was purchased by Roy A. Kropp for breeding purposes at his Chardon Farm at Grayslake, Ill. He purchased the prize animal from Jack Howley of Minneapolis for \$50,000.

Described as Effective Against Rootworms

Growers of corn, peanuts, sugar beets, sugar cane, small grains and similar crops may get economical control of soil insects with Aldrin, a new insecticide.

The U.S. Department of Agriculture recently accepted the new chemical for registration for use against soil insects, grubs, harmful worms and other burrowing pests, following proof of its effectiveness by many experiment stations.

It is described as being particularly effective against rootworms, wireworms, and white grubs—and in far smaller doses than those needed in previously known treatments. Damage to crops by above-ground insects is easily seen, and until recently has been the primary concern of the farmer. But damage to plant roots by soil insects, while not so readily recognized, is often more widespread and serious.

The new insecticide may be applied by any method available to the average farmer; by mixing with starter fertilizer, with manure, or

One Nutrient Will Not Nourish a Crop
Balanced Food Elements Needed for High Yields

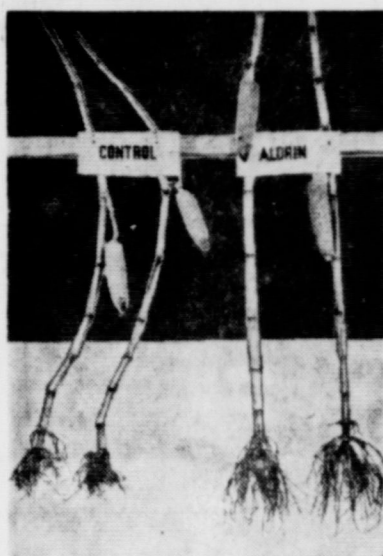

It takes the teamwork of plant nutrients, good soil tilth and plenty of moisture to produce 100-bushel per acre corn crops.

Each of the principal plant food elements—nitrogen, phosphate and potash—has its particular job to do in building strong roots and stalks and developing well finished, fully matured ears. Each reinforces the others.

University of Illinois agronomists demonstrated that you can't depend on any one nutrient to do the whole crop feeding job. When nitrogen alone was added to corn, yields were only one-third as much as when lime, nitrogen, phosphate and potash were used. Phosphate alone gave only half as many bushels of corn per acre and potash alone, only one fourth.

Keeping the soil in good tilth is just as important as maintaining a balanced nutrient level. This can be done by following a rotation that puts in a well fertilized legume-grass crop a year or two before corn planting.

Land plowed out of a good sod crop is well conditioned to make maximum use of nutrients and mois-

Note the fuller roots, larger ears and straight stalks of the corn grown in soil treated by the new chemical.

by broadcasting a mixture on the surface and then discing it in. Treatments vary from a few ounces up to three pounds or so per acre, depending on what pests are being fought, and on other factors. Farmers should obtain competent advice from their dealers before using the new product.

While Aldrin's approval as a soil insecticide is new, it has been known for several years as a highly efficient and inexpensive surface insecticide.

If you want your progress to stop, just be totally satisfied

Worry kills more people than work because more people worry than work.

The brightest side of politics is on the inside.

Flattery is a form of soft soap and soft soap is mostly lye.

Before you question your husband's judgement, take another look in the mirror.

The installment plan is the only method so far discovered that will induce some people to do things on time.

Women should believe in free speech, they are free enough with theirs.

ture and to produce extra bushels of corn per acre. Such soil is mellow and porous. Drainage is good. Water is absorbed quickly and more of it is stored for the use of the crop.

Agronomists point out that another requisite for high corn yields is good seed and a stalk population sufficient to make use of the soil's nutrient supply. They advise planting well adapted hybrids that are particularly suited to your growing conditions. A stalk population of from 14,000 to 16,000 is needed on most loam soils.

A lot of people are late for church because they have to change attire, and a lot of others because they have to change a dollar

What we can't understand is how nature takes care of things, even though they may happen years and years later. For instance, look how our nose and ears are located, just to hold spectacles.

The reason they call money "Jack" is because it lifts such a load off a person.

The man who is down on every thing is usually up on nothing

See that your news gets to your home town paper;

Looks BIGGER

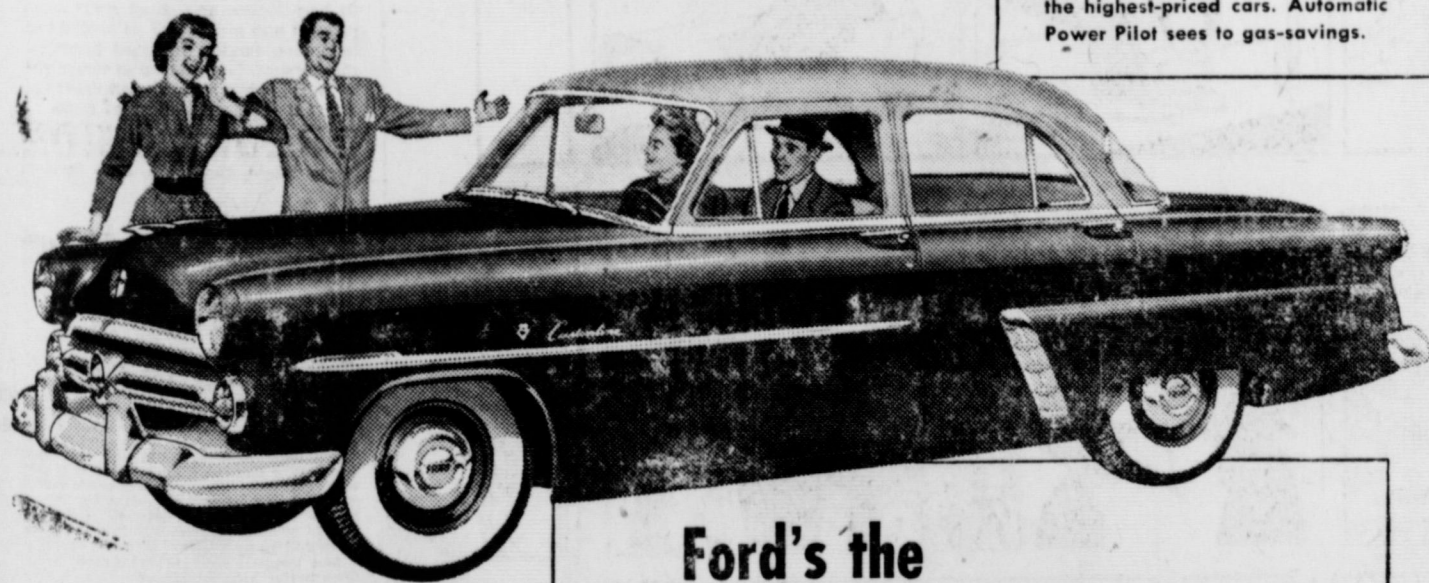

You can believe your eyes when you see its size because the '52 Ford is actually a bigger car! Wheelbase is longer, front tread is wider and its modern-design body is really six people big.

Feels BIGGER

You can tell it's a big car when you drive it, for beneath Ford's brawny beauty, there's greater strength. New Ford bodies are sound and solid. Chassis has a more rugged K-bar frame.

Powers BIGGER

You know it's a big car when you step on the gas! New 101-h.p. high-compression Mileage Maker Six or the 110-h.p. high-compression Strato-Star V-8 give you "go" to rival the highest-priced cars. Automatic Power Pilot sees to gas-savings.

Ford's the **BIGGEST** package in the low-price field!

With all its big-car looks, big-car feel and big-car power, the '52 Ford is in the low-price field! And with new lower center of gravity, new diagonally mounted rear shock absorbers, and new tailored-to-weight front springs, Ford's exclusive Automatic Ride Control brings you a big-car ride. A "Test Drive" will convince you the '52 Ford is the big-car buy of the low-price field.

THE '52 FORD is the only low-priced car that brings you new, easier-acting Power-Pivot Clutch and Brake Pedals. Ford's the only car in its field to bring you new convenient Center-Fill Fueling. Ford's the only low-priced car with a curved one-piece windshield, a car-wide rear window, Full-Circle Visibility. And, Ford's the only car in the low-price field to give you a choice of power—V-8 or Six; a choice of drives—Fordomatic, Overdrive or Conventional.

'52 FORD

You can pay more but you can't buy better!

Electric Incubator Was Invented 30 Years Ago

Thirty years ago, in a cluttered storeroom in the tiny cross-roads town of Gettysburg, O., the hen was forever replaced as mother of the chicken by an invention perfected by Ira Petersime and his son, Ray. The Petersimes completed on that blustery winter day the first successful electric incubator. Their invention was the foundation of today's 4 billion dollar poultry industry.

Proper Farm Belt Care Gives Longer Service

Proper care of the flat belts that drive threshers, ensilage cutters, buzz-saws and other farm machinery will result in years more service and prevent breakdowns and costly repairs.

Here are a few suggestions for prolonging the life of farm belts:

1. Protect belts from oil by splash guard.
2. Use vulcanized splices to repair belts. Metal fasteners tear the fabric, expose belt ends to moisture.
3. Remove oil or grease accumulations with dry-cleaning fluid.
4. Store belts in a dark, cool and dry place when not using them.
5. Maintain correct alignment and keep pulleys clean.
6. Keep belt tension properly adjusted at all times.
7. Specify the manufacturer's machinery part number when ordering replacement belts.

THE CHRYSLER NEW YORKER CONVERTIBLE
 (This body style also available in Windsor Deluxe with Spindle Engine.)
 White side-wall tires at extra cost.

ITS ENGINE ADDS MUSCLE TO EVERY DROP OF GAS!

To many owners, the mighty 180 H.P. V-8 engine that powers the Chrysler New Yorker is the most remarkable feature of this remarkable car. It is certainly the most discussed automobile engine in many, many years.

This is the engine with hemispherical combustion chambers... the engine that gets more power out of every drop of gas. And non-premium gas at that!

Actually, it puts you in control of more power than you'll probably ever need use. You'll sense this... together with its unequalled response... the very first yards you drive. It runs smoother, more

quietly, and with less wear than any other engine ever built into an American automobile.

... and it makes driving (both cruising and the short runs) more fun than you have ever known it to be!

But that's not all. Along with this engine there are scores of other reasons, too, for driving a New Yorker before resolving on any new car. Like Full-time Power Steering that makes steering five times easier... and your control five times greater... than in ordinary cars. Like Power Brakes that cut needed pedal pressure by as much as two-thirds.

Like Oriflow shock absorbers that make even bad roads feel "newly paved"... restful chair-high seats... big, wide-opening doors... big windows that let you see more.

It's true... until you drive a Chrysler New Yorker you won't know what you're missing. Why not stop in today?
