Thursday Is Clean-Up Day Here

Thursday at noon the fire alarm will sound to signal the opening of the Big Push all of that afternoon to put the finishing lick and polish on the current clean-up week which opened Monday. All business firms, large and small, within the City have agreed to close until 6 p. m. to have a part in the unified project. The program is sponsored by the Rotary Club and Clyde Winans is chairman. (He is the ONLY one entitled to ride around and admire the workers.)

Trucks will meet at the Legion Hall at 1 p. m. to be directed to various parts of the city to pick up trash. Jimmy Forbes is in charge of this part of the drive.

After the drive ends at 6 p. m. everyone is invited to Jackson's Cafe to relax at a Victory Coffee.

Get into the spirit of the project Thursday afternoon and you will find the happy fellowship and the knowledge of doing something for your home town will make you feel elated.

Already A New Look

Already the town looks much cleaner, especially the vacant lots, many of which have been plowed or cleaned. Also nice is the way in which the streets down town have been cleaned. The mild Sandie of Monday slowed out of door work but already the project is a success and our little city looks more like a town that is LOVED — just as you can tell a house that is loved.

Let's bring a big smile to Clyde's face when he views the results Thursday at 6 p. m.

The Return Of The Frontier

Last Thursday the Frontier returned to the 8th grade. The class had been studying how the frontier was settled with the coming of the miner, the cowboy and the homesteader. Students decided to portray the various characters of the frontier. The subject was evidently interesting because the students cooperated wonderfully well by wearing cowboy clothes such as boots, western hats, spurs, chaps and gloves. Two of the girls of the class dressed as dance hall queens of the old days. Their costume included long earrings, heads, heavy make-up and high heels. Some of the boys dressed as river boat gamblers. To top it off the students wrote a two page theme titled "Settlement of the Frontier."

FORD IS AMERICA'S WINNINGEST CAR!

For 1957, Ford's off to a flying start on the NASCAR Short Track, Convertible and Grand National Race Circuit—with more points than all other cars combined!

And now—just in from Daytona—seven more Ford firsts!

- A 300-hp 1957 Ford V-8 out-accelerated all other low-priced cars in the standing mile competition.
- A 1957 Ford Sunliner outclassed all other low-priced cars in the 160-mile National Convertible Championship Race.
- A modified Ford Thunderbird, running in the Experimental Class, out-accelerated every other car in NASCAR history.
- A modified Thunderbird topped every American Sports Car, finished first in its class and placed second to Europe's fastest sports car at the National Amateur Sports Car Race.
- A standard production Thunderbird took first place in the flying mile—outperforming all sports cars made in America.
- A modified Thunderbird won the flying mile in the fastest time made by any car at Daytona this year.
- And a Ford Thunderbird topped the field in acceleration from a standing start in Modified Sports Car Class B.

It was Ford Thunderbird power that set a new stock car record at Indianapolis, too . . . and powered the '57 Ford to 458 world endurance records at Bonneville, Utah.

It is very true that only about one man in a million catches up with catches up with that promising future.

The fellow who sponges his way thru life merely soaks up the fruits of other's labor.

The way to start a day right is to start the nite before.

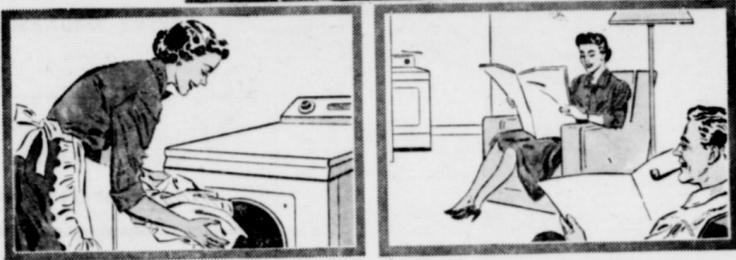

Motorists should remember even St. Christopher begins to . faith at 90 miles an hour.

No man can be expected to pay as he goes if he is always going broke.

The habit of striking back when adversity hits you is sure to be a winning policy.

The busiest man in the world is the fellow who attempts to idle away his time.

It's easier to work and keep house...with an ELECTRIC CLOTHES DRYER

Instead of spending precious time at the clothesline, you just load and set your automatic Electric Dryer

While you relax or busy yourself with other things, your clothes are dried to perfection... automatically

If you are a busy housewife, and especially one who works and must make best possible use of limited hours at home, you will appreciate the time and work-saving features of an Electric Clothes Dryer. You'll find, too, that it's easier to have fresh linens and clean clothes when they're needed—in minimum time and without waiting for clothesline drying. When clothes are washed you just put them in your Electric Dryer, and set the controls. They dry while you do other housework or enjoy precious time for rest and relaxation. Clothes come out of the dryer ready for use with less ironing.

Success is the total of many little things well done

Out of the millions of flickers comes one blaze of genius.

Figures may not lie but some get snarled up in statistics.

A reformer can't be figured a success unless he makes good.

Aspiration plus perspiration enables a man to reach his goal.

It is necessary to cultivate good habits — bad ones grow wild.

Today's bad men count victims by notches on their fenders.

When truth stands in your way it is time to change directions.

Time may be money — but it hangs a lot heavier on our hands.

Always remember that a misguided car can be a deadly weapon.

The fellow who sponges his way thru life merely soaks up the fruits of other's labor.

The way to start a day right is to start the nite before.

Motorists should remember that even St. Christopher begins to lose faith at 90 miles an hour.

No man can be expected to pay as he goes if he is always going broke.
