

COMMON SENSE IN HUNTING
WILL SAVE HEARTBREAK

Fall is in full swing. The air is filled with falling leaves and flying footballs. Mom is digging out the heavy blankets and sending the winter clothing off to the dry cleaners, while Dad is busy putting up storm windows and taking down summer screens.

During all this hub-bub precipitated by the crisp air descending down on Texas, a great many Texans take time out to litter up the living room with pieces of torn rags and smelly oil and cleaning rods.

The reason being that hunting season is soon and it is time to get the old 30-06 out of the closet and start cleaning it so as to be ready for the first day to get that big buck you know is just waiting for you.

Just how many Americans and Texans are going to blow their heads off with an unloaded rifle is a matter of conjecture but it is a hard statistical fact that the death rate from firearms jumps up from an average of about 150 deaths per month to over 250 in October.

In November, when hunting starts in earnest, and normally sane men start blasting away at one another on deer leases or contriving intricate methods of suicide as fencers with their rifles off safety, the figure climbs to 340 deaths more or less.

In Texas 159 persons died from firearm accidents last year. It is only reasonable to assume that all of these were attributable to hunting mishaps of one kind or another.

However, death from firearms is the only way to die during hunting season. A good many hunters and fall over precipices while climbing off into the distance instead of watching their steps on unsure ground.

Some get killed before they get their deer lease in their frantic effort to get there fast combined with a few warming drinks on a chilly pre-dawn morning drive.

CARD OF THANKS

We want to thank our friends for their kindness to us during our great sorrow. We appreciate the flowers, the food, the cards of sympathy and your thoughtfulness in staying with our loved one in the hospital home. We were grateful for the beautiful music and the comforting words of the ministers at the funeral service.

May God's blessings be on each of us our sincere prayer.
Mr. Don Edwards
Mr. and Mrs. Marlon Edwards and children
Mr. and Mrs. Wilbur Line

ON TV
An Blocker, son of Mr and Mrs W. Blocker, will be here Friday night with his wife and children to Wood, Calif. after a visit here.

Blocker, a "heavy" TV character actor, was seen Saturday night in "Colt 45" and Monday night in "Restless". He has made scores of TV plays and movies since entering the industry about 2 years ago. He recently will have his head used to make a Christmas TV play. He is rated as a star in his name appears in credit lines.

Seagraves To Play Friday

EAGLES UPSET FRENSHIP 28 - 13

The O'Donnell Eagles struck early Friday night at Wolfcorth to hand the previously unbeaten Franship Tigers their first district loss of the season and the first conference win for the Eagles, 28 to 13 in a game witnessed by about 900 persons.

Wingback Jerald Barton scored first for the Eagles in a 12 yard reverse early in the first quarter. Later in the same period, Q. B. Tommy Gardenhire passed 15 yards to Kenneth White for a T. D. Jerry Gass carried for both extra points.

Franship retaliated in the second period with a 21 yard pass. The Eagles put the game out of reach of the Tigers on two T. D.s in the third period, Barton, on a reverse, went 22 yards and Gardenhire added the extra point. Later in the 3rd down Gass again scored on a six yard run. Gardenhire carried for the extra point.

Friday the Eagles play host to Seagraves and the game is evenly matched although Seagraves has a somewhat better record.

The next week closes the season with Ropes playing here.

Mrs. Roy Elmo Everett, injured about 2 weeks ago in a car crash, is some improved and shows signs of emerging from a coma.

Mr and Mrs. Marvin Kidd of Lamesa visited Mr and Mrs. Jake Burkett over week end.

Bill Schooler attended home coming at Abilene Sunday of H-S. U. Mr and Mrs. John Andy Edwards and Mr and Mrs. Wayne Carroll visited relatives at Waco over the week end.

Don Mansell, local radio operator reported hearing the signal of the Russian "Mutnik" but he said he heard no sound dog music coming in from the space ship.

Sid Cathey of Lubbock visited relatives here Saturday. Mr and Mrs. V O Caswell spent Monday at Earth with Tidwells

Mrs. June McLaurin and children of Denver City spent Sunday with relatives here.

Mrs. Mary Clark and daughter and Mrs. Kellas Davis and daughter of Big Spring were week end guests of Mr and Mrs. F M Jones.

Mrs. C L Tomlinson, Mrs. E J Tredway and Mrs. Paul Gooch had Sunday dinner with Mrs. Suzie Harris.

Card Of Thanks

We wish to thank all our friends for their thoughtfulness in sending cards, letters and flowers during my stay in the hospital.
Mrs. C. J. Beach

Forks You Know

The town is glad to see E C Harris back in Post Office after 3 weeks illness with an injured back.

Mr and Mrs Phil Bairrington and family spent week end here with relatives. They live at Odessa where Phil travels for a grocery firm.

Mr and Mrs. C R Jewell of Fredrick, Okla. visited their aunt, Miss Florence Carpenter here last week

For sale — good gas range, Tom Vandell

Lost — Ladies small red leather coin purse on Oct. 31. Reward Mrs. Bill Snellgrove, rt. 2 phone Nels 3309

Friday night at the Grandview Baptist Church Miss Ellan Pearl Lowery became the bride of Johnny Carroll Bennett. The groom is the son of Mr and Mrs. W G Bennett of near here. They will be at home in Lamesa. Both are graduates of Lamesa High School.

Those from out of town who attended the funeral of Mrs. Don Edwards were —

Mr and Mrs. Fred Smith and Mrs. Carmen Davis of Brownfield, Mr and Mrs. Joe Walker of Slaton, Rev. and Mrs. Marvin Menefee of White Deer and Rev. E. H. Crandall of Lubbock

Friday Madams Howard Marcum C L Crabb, Ben Moore, Sr. attended District Meeting of Methodist Church at Tahoka.

At the formal showing of the new Chevrolet at Ellis Chevrolet Mrs. Bill Davis won the first door prize of a coffee maker, Dick Harris was 2nd with a fruit arrangement and Mrs. Ervin Street 3rd with a carving set.

New Cars Are Due Here

All day Thursday will be the formal showing of the 1958 Ford at Forbes Motors and Saturday the 1958 formal showing of Pontiac will be at Harris Pontiac.

10 Happy Years

At the Forbes Motor Co. that firm will observe its 10th anniversary here. J T Forbes is the owner. At this time coffee, do-nuts, and cokes will be served to guests.

Also on Thursday a used Ford car will be marked a price at \$ 8 a. m. and the price will drop \$50 until sold. The art in getting a steal here is to know when to buy before somebody beats you to it. Much like the "outside event" on TV.

Rains Again Hits Crop

1.4 Inches To Date

Fall rains continue over the area beginning over the week end and the rains pose a very threat to the expected near record crop.

Weather recorder Ben Moore, Jr reported 1.40 inches of moisture from the most recent rainy period. An estimated 13,000 bales of cotton have been ginned here as of Monday and the crop is estimated as half completed.

The continuing wet weather, the early frost and the freeze and the continuing cool weather has caused an alarming delay in the maturing of the cotton and grain. A severe hard freeze at this time would most certainly cut production severely. There is a threat to grain in that it will fall or the heads will sprout. A month of sunny, warm weather is the big current need.

Stained cotton now being ginned is bringing as much as \$15 a bale less than otherwise.

Machine harvesting is slowed as the land is waterlogged and will take several days to dry out.

Pioneer residents here say this is a most unusual fall.

Rites Here For Tom Schooler

Funeral services were read here Tuesday at 3 p. m. at the Church of Christ for Jimmie Thomas Schooler age 26, son of Mr and Mrs C C Schooler of here. Carl Cain of here and W T Hamilton of Lamesa read the service and interment followed in the local cemetery under direction of Higginbotham Funeral home.

Mr. Schooler and a Lamesa lady, Mrs. Nora Billingsley, were shot Sunday night at about 11 p. m. near the ambulance entry of the Lamesa General hospital and both died while in surgery.

Two Lamesa men, Alva Billingsley, 62, and his son, John, 39, were released on \$10,000 bond each on charges of murder.

Mrs. Billingsley was an employee of that hospital. Mr. Schooler was hit in the pit of stomach and Mrs. Billingsley high in the chest.

Mr. Schooler was born and reared here attending the local school and was currently employed by a gin here.

Survivors in addition to his parents are:

The widow, a two year old son, James Curtis Schooler, and a sister, Miss Sis Schooler.

Mr. Schooler was one of the most popular youths of the town being very well liked. Our sympathy to his loved ones.

The Golden Age Club will meet Thursday afternoon at 3 p. m. at Fellowship Hall of Methodist Church. Phone Mrs. G. C. Aten, president, or Mrs. Joe Schooler, secretary.

Carnival Queen

Above is Miss Donna Vestal who was named Halloween Queen of the school. She is a junior.

Turkey, the traditionally popular Thanksgiving main dish, heads the U. S. Department of Agriculture's plentiful foods list for November. Pork, lamb, broiling and frying chickens, cranberries, fall fruits, grape products, Irish potatoes, pinto beans and peas are other November plentifuls.

Secretary of Agriculture Ezra Benson has asked hog producers to avoid heavy production in 1958 due to the present hog situation. Hog prices have been fairly good this year but too many sows farrowed early next year could mean a severe decline in price next fall.

The domestic demand for agricultural products will probably be good in 1958 but it appears that exports in this fiscal year, July 1, 1957 to July 1, 1958, may not be as high as they were last year, according to John McHaney, extension economist. He points out that cattle prices in 1958 will probably be somewhat higher than in 1957 and lower feed prices can be expected because of higher production

Non-fat dry milk solids, or dry milk, can be a big help to homemakers in cutting down on the family budget and reducing calories. It is easily stored, simple and versatile to use and is less expensive than whole milk.

What ever amount you can give to the upkeep of the O'Donnell Cemetery Association for the year 1958 will be greatly appreciated.

The Annal Cemetery Dinner will be held Nov. 28th in the Elementary School Cafeteria. Serving will begin at 11 a. m. and continue until 1:30 p. m.

Carnival Big Success

The Halloween Carnival held in the School Gymnasium Thursday night drew a good crowd with the young spooks seeming to thoroughly enjoy themselves.

Donna Vestal, the Junior class candidate, was crowned queen. The colorful coronation ceremony was put on by the band and was held at the close of the carnival.

The monies taken in and distributed was as follows:

Queen's race (all kept by the classes) —
Seniors \$98.04
Juniors: \$300.06
Sophomores: \$196.84
Freshman: \$96.84
Queen's coronation (1-2 to band and 1-2 to Athletic fund) \$115.25
Main Gate (1-2 to PTA and 1-2 to Athletic fund) \$68.45
Class concessions (1-2 to class and 1-2 to PTA)
First: \$27.85
Second: \$17.75
Third: \$20.50
Fourth: \$23.65
Fifth: \$36.45
Sixth: \$21.20
Seventh: \$38.75
Eighth: \$20.64
Ninth: \$32.03
Tenth: \$26.65
Eleventh: \$21.86
Twelfth: \$29.00
FFA \$52.38
FFA: \$9.30
Total for carnival \$1253.49
Total to PTA \$223.21

The PTA wishes to thank all those who worked on or helped with the carnival in any way and expresses the hope that it can be improved upon from year to year.

For sale — Cordova Barley seed 1st year from certified seed, no Johnson grass seed, \$3 per bu. Hubert Walker 12 1

PTA To Meet

Next Tuesday, Nov. 12 is the regular meeting of the PTA in the school cafeteria at 3:45 p. m.

The program will consist of a film "Banishing The Word Delinquent." A skit will be presented by the FFA youths.

The PHA girls will keep the children in the homemaking cottage Mrs. Bill Hays and children of Ballinger visited her parents Mr. and Mrs. Roy D. Smith last week.

Mr and Mrs. Mack Noble vacationed on the Gulf last week.

Capt. Joe Lehman of the Army stationed in Arkansas, was here last week. He assisted in surgery on his father in a Lubbock hospital

"A dollar spent in O'Donnell CIRCULATES 7 times before going inactive... trade at home"

If we can't save you from 10 to 25 percent, we don't want your job!

The Index

Proved and approved around the world and now it's here for you... the 58 FORD

One look tells you... there's nothing newer in the world!

New deep-sculptured styling
New interceptor V-8 power
New Cruise-O-Matic Drive
New Ford-Aire Suspension
New Magic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

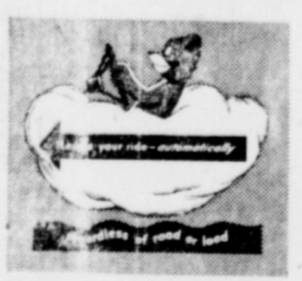

Here's a car so new, so beautiful it made eyes pop from Paris to Pakistan... a car so rugged it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the world's most beautiful new bargain!

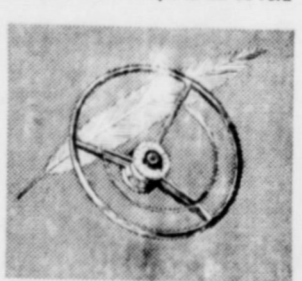

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From less gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air boxes literally soak up the bumps! And Ford's new air suspension relieves the car every time someone steps into or luggs it is loaded. An extra cost option, you get all this at traditionally low Ford prices!

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

Purple Heart Veteran Deported as Wetback

SAN ANTONIO—Immigration authorities sent a 21 year-old Purple Heart veteran of Korea back to Mexico as a "wetback" recently.

The veteran, Cpl. Alberto Gonzales of Monterrey, Mexico, was sent in an immigration bus to Laredo, Tex., to be put off in Mexico. Immigration Officer W. L. Meuhlhouse said he had entered the United States on a dead man's birth certificate before he joined the American army three years ago. Wetbacks—named for those who swim the Rio Grande—are illegal entrants.

The G. I. Forum, which works on the problems of Latins in San Antonio, assigned an attorney, Richard Casillas, to the case with instructions to "go all the way to the state department if necessary" to allow Mr. Gonzales to live in the United States.

The immigration office said he was being allowed to leave the country "voluntarily" and predicted he could get a permanent visa from the American consul in Mexico that would allow him to come back in time for the wedding.

Mr. Gonzales was discharged from the army at Fort Sam Houston.

He joined the Army Sept. 17, 1948, and enlisted for another three years on the same date last year. Vella Sanchez, 20, his fiance, said he had spent a year in Korea, with headquarters of the Eighth army.

"He was wounded in the hip and got a broken ear drum," she said. "He has the Purple Heart, five campaign stars, the United Nations ribbon, the Korean service ribbon and a unit citation."

Spare Parts for Body Are Available to Man

NEW YORK—Spare parts for the human body still can't be ordered from a mail-order catalog. Nevertheless, the advance of medicine during the past few years has made available an imposing array of replacements for damaged or ineffective organs.

Following the development of the blood bank, first of the spare-part repositories, ingenious surgeons have found ways to maintain banks for eyes, bone, cartilage, arteries and veins. There are now methods for transplanting whole organs from one individual to another, and for constructing replacement organs from tissues taken from the patient's own body.

Some man-made spare parts, such as the artificial kidney, are already coming into clinical use, while others, among them the mechanical heart and plastic heart valves, are well along in the experimental stage.

**Curves Eliminated
Between N. C. Towns**
OLD FORT, N.C.—The re-loc-
ation of a road between here and
Ridgecrest is taking the hairpins
out of a mountain trail, but the job
itself is a hair-raising one.

With an army of bulldozers, trac-
tors, trucks and other earth-mov-
ing machines, construction crews
are making war against a moun-
tain. In jeeps that scamper over
ravines, like mountain goats, engi-
neers direct the operation by ra-
dio-telephone.

The road-building project is
based on the "leveling off" prin-
ciple, which means filling in the
valleys, as well as cutting through
the hills. And in making the nec-
essary "fills" and "cuts," work-
ers must cope with the movement
of millions of cubic yards of stone
and soil, frequently working at
angles that defy the law of gravity.

In the words of one engineer,
"The project would be next to im-
possible were it not for jeeps,
which we use for operating in all
advanced positions, and for the
many trips we must make to and
from the field office." The radio-
telephone system of communica-
tions was also rated as "vitally
essential."

When completed this fall, the
new road will replace an eight-mile
section of U.S. 70, which has 98
dangerous curves and a bad acci-
dent record. The new highway will
have two 22-foot lanes, no hazard-
ous bends, only 19 curves of the
easy-to-take variety, and it will
reduce the overall traveling dis-
tance by a good two miles under
the old route.

The construction firm of W. E.
Graham & Sons, Cleveland, N.C.,
called the road re-location project
the biggest ever undertaken on this
side of the Mississippi. Pointed out,
too, was the fact that the new road
will have 10-foot shoulders
and a drainage system utilizing
heavy-duty culverts up to 54 inches.

SAVE MORE and CLEANER COTTON

with the
JOHN DEERE
No. 16 Two-Row
Mounted Stripper

IT'S ADJUSTABLE TO
ALL ROW SPACINGS

Fast, efficient stripping and thorough clean-
ing make profits for owners of the John Deere
No. 16 Two-Row Mounted Cotton Stripper.
You'll save \$30 to \$50 or more per bale over
hand-picking costs—save more higher-grad-
ing cotton than ordinary machines.

The John Deere No. 16 Stripper is adapta-
ble to stripping in any row spacing from 36
to 42 inches by 1 2-inch adjustments to meet
your conditions exactly. It's easier to mount
on the tractor... easier to operate and adjust.

Come in soon. We'll be glad to go over all
the advantages in owning a John Deere No.
16 Stripper.

A NEW KIND OF CAR IS BORN!

A GOLDEN ANNIVERSARY TRIGGERS
THE BOLDEST ADVANCE IN 50 YEARS!

On November 9th you will see a car like nothing
you have ever seen before. It was created...
literally from the ground up... to celebrate
the Golden Anniversary of both Pontiac and
General Motors. Never before has a car left
yesterday so far behind. For this new Pontiac is
the showpiece of a whole new generation of
engineering genius. From its revolutionary new
chassis design to the refreshing new lines of
its styling, this is the car that will trigger the
next big trend in automotive design!

MY NEW ELECTRIC RANGE...

What a wonderful time saver!

I just set the controls and I'm free to go!

Cooking electrically gives you more time for your family, and for shopping, club work and other activities. Clock-controlled electric ovens cook whole meals automatically while you're away from the kitchen. Automatic electric surface units eliminate pot-watching. And electric cooking is so clean, you can save hours of extra work cleaning in the kitchen. Let your electric range dealer show you how easy, clean and cool electric cooking can be. **COOK BETTER... ELECTRICALLY!**

58 FORD
COMING
NOV. 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris couturiers at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon. Into Turkey; and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford... has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!

TREES AVAILABLE FOR WINDBREAKS

A new release of windbreak plantings thru the Texas Forest Service is now available at the office of the county agent, Bill Griffin. The species offered farmers for the purpose of providing windbreaks on farm steads include Austrian pine, Ponderosa pine, Chinese elm, and red cedar. The minimum order that can be filled is 100 trees which will cost the farmer \$3 per 100. Order blanks are available now at any county agent's office.

For sale — a nice house, 3 rooms and bath, corner lot on payment, 11th and Standifer, see Mrs. Hervey Gardenhire 9 18 c

Ear Trouble Still Problem

Severe infections of the ear are not as common as they were before the appearance of sulfa drugs and antibiotics. But while the severity and frequency of these infections have been reduced, earaches still occur.

Most ear pain comes during childhood, the reason being that small children have shorter passages for infections to reach the ear. When they get colds, they do not blow the nose or clear the throat as adults do. This results in an accumulation of mucous which may congest narrow passages and start an ear infection.

Infections of this type begin when bacteria reach the middle ear. The infections of this type begin when bacteria reach the middle ear. The pain—intermittant at first, then constant—is a sign that this has happened. In this condition, pain may be followed by drainage. The start of drainage may mean the end of pain because the pressure has been relieved. Pain subsides only when pressure and infections have been brought under control.

As bacteria multiply and produce their poisons, the body's natural defenses rise to fight the infection. Blood vessels expand to carry more blood to the ear. Serum passes from blood vessels into the middle ear to try to neutralize the invading bacteria. White blood cells, normally present in the body, increase in numbers to destroy bacteria.

A NEW KIND OF CAR IS BORN!

At Your Pontiac Dealer's Nov. 9

BOLDEST ADVANCE IN 50 YEARS!

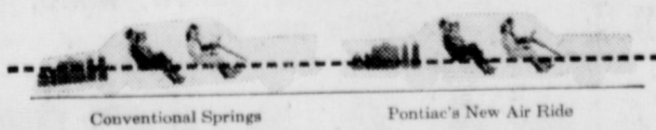

THE GOLDEN JUBILEE CAR!

It's a revolution on wheels—boldly planned from the very beginning as a Golden Anniversary showpiece for Pontiac and General Motors.

This one you really must see—here is a car unlike any you have ever known! This Golden Jubilee Pontiac is actually an all-new breed of cars—in four brilliant series and 16 sleek models covering virtually every price bracket.

In all of them you'll find engineering advances so daringly different yet so basically sound that they will trigger the next big change in automobile design. You'll find a few of these ideas illustrated here, but even they can't begin to tell the full story.

Why not be among the first to discover the newest. When you meet this bold new Pontiac, you're in for a driving thrill that is impossible to duplicate in cars of conventional design. So make it a point to see your Pontiac dealer soon and prove to yourself that no car in history ever left yesterday so far behind!

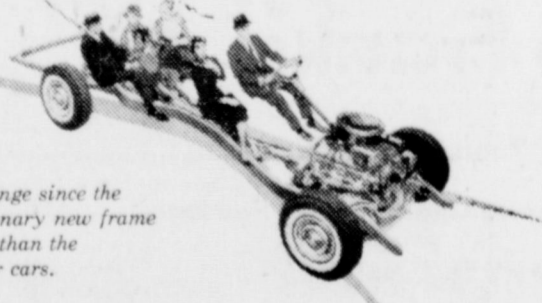

Ever-Level Air Ride*

The most perfect suspension system ever designed—and Pontiac's revolutionary Aero-Frame is specifically designed for it! Air cushions on all four wheels literally float you over the bumps . . . keep the car perfectly level regardless of load or road!

Aero-Frame STABILITY

Here is the biggest basic construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the conventional box type used on other cars.

Quadra-Poise ROADABILITY

Only the wheels know where the bumps are! Pontiac's new suspension geometry ends dive, sway and bounce to bring you the smoothest ride, easiest handling you've ever known!

Circles-of-Steel SAFETY

Pontiac's completely new body construction surrounds you with girder steel protection—above, below, fore and aft. Now you can drive with wonderful new peace of mind!

Tempest 395 PERFORMANCE

Try Pontiac's new jeweled-action response! Scores of exclusive engineering innovations make Pontiac's hefty power plant a miracle of smoothness . . . and you can choose from four horsepower ratings including Tri-Power Carburetion* and Fuel Injection*.

Principal Outlaws T-Shirts, Dungarees

ROSELLE, N.Y.—Schoolboys should dress properly for an occasion and school is an occasion was the recent ruling of Albert S. Felling, principal of the Abraham Clark school here.

He told the parent-teacher association that clothes may make the man but all types of clothing are not becoming to school boys.

He called upon parents to see that their sons were dressed properly. "T-shirts and dungarees are all right for a job, he opined, but they are not appropriate for school attire. He made no criticism of the apparel of the girl students.

Mammoth Black Bear Scares Mountain Folk

ROCKTON, Pa.—Residents of this little mountain village are sighing with relief—a mammoth black bear that had been frightening the community was trapped and removed by the Pennsylvania game commission.

Although bears are not uncommon in this locality, this fellow was of uncommon size, village residents declare. Those who saw him claim that he must have weighed at least 500 pounds.

A farmer, Murlin Burt, whose fields had been raided many times by the bear, requested permission from the game commission to kill the brute, but the game protectors denied his request. Bear season doesn't open until December, the commission replied. But the commission came to the rescue of Burt and the community.

Game Protector Claude Kelsey built a box trap made of big planks. He baited the trap with honey, and he and the villagers waited. It wasn't long before the big bear, always on the prowl for food, walked into the trap.
