# Timely Tips

to help you get the most  
 efficient cooling from your

## REFRIGERATED ROOM AIR CONDITIONER

**COOL ONLY AN AREA WITHIN THE SIZE** your unit is designed to cool. When cooling a larger area, the unit is over-worked and its efficiency is lowered.

**KEEP AIR FILTERS CLEAN.** Clogged filters lower efficiency of the unit and cause it to use more electricity.

**INSULATE CEILING AREA** above room being cooled. Insulation is comparatively inexpensive and keeps hot air out, cool air in.

**LOCATE UNIT IN SHADE** if possible. The north side of house is best, followed by east, south and west. Proper shading of unit increases its efficiency.

**PROPERLY REGULATE** intake of outside air. This is important to operating

efficiency of your unit. Follow manufacturer's instructions carefully.

**KEEP OUT DIRECT SUNLIGHT.** It brings in heat which your unit must work extra hard to remove. Awnings over your windows will help.

**AN AUTOMATIC THERMOSTAT** is recommended to hold room temperature to 78 to 80 degree level recommended for comfort. Each degree below 78 degrees increases power consumption unnecessarily.

**REMEMBER, TOO,** that operating cost is governed by hours of use. Turn off your unit when you expect to be away for several hours. You can quickly lower the temperature when you return.

An Electric Refrigerated Room Air Conditioner is a wonderful boon to comfort during hot summer weather. Follow Reddy's tips and make the most efficient use of your unit. It will help you LIVE BETTER ELECTRICALLY!

Cotton Babies Throng In Goldsmith, Ind.

GOLDSMITH, Ind.—Dr. S. M. Cotton was given a big day recently in this town of 300 population. He celebrated his 50th year as a "country doctor" with the aid of more than 3,000 persons.

Fifteen hundred of the celebrators wore cards on their lapels proudly proclaiming "I Am a Cotton Baby."

The slender, blue-eyed doctor thought he must have delivered "between four and five thousand" babies. Tipton county records show Cotton's name on 4,467 birth certificates.

Cotton was honored at a big dinner in the Methodist Church. Afterwards, the Jefferson Township band led a parade down Main St. to the Old Settlers' Grounds, where the doctor, his sandy hair shot with gray, presided over a picnic.

WOMAN'S WORLD

Vegetables Spark Lazy Appetites With Their Appeal

DON'T try to stuff your family with hearty meals all of the time! Right now with warm weather slowly making itself felt, they're apt to show a distinct lack of interest in meals.

Vegetable combinations make excellent main dishes if you add a protein food such as eggs or cheese to them. Besides, it's an excellent way to keep the food budget trim.

Green peppers stuffed with this corn mixture are a pretty as well as nourishing and interesting vegetable dish. You'll want to keep this recipe on file for the next several months:

Corn-Pepper Bake (Serves 6)

- 6 large green peppers
- 4 slices bacon
- 1 egg
- 1 tablespoon butter
- 2 tablespoons finely diced onion
- 2 tablespoons flour
- 1 teaspoon sugar (optional)
- 1 1/4 teaspoons salt
- 1 1/2 cups milk, scalded
- 2 cups cooked corn
- 1/2 cup soft bread crumbs

Wash peppers, cut a slice from the side of each and remove seeds and fibrous parts. Cover with boiling water and simmer 5 minutes. Meanwhile cook bacon, drain and dice. Beat egg slightly. Melt butter, add onion and cook until tender. Add flour, sugar, seasonings and blend. Add milk and cook

Bacon and corn go into a custard-like mixture as a stuffing for parboiled green peppers to make a satisfying and colorful main dish for lunch or supper. Cheese Sauce adds nourishment to the vegetables.

over low heat until thickened, stirring constantly. Add corn, crumbs and bacon; stir in egg. Fill green pepper shells. Bake in a pan of

**Work Hair Beauty Into Your Routine**

When your hat comes off, and your hair is turned loose to bask in the warm, bright sunlight, it's important that your tresses be in top-notch condition for their Spring-time debut.

You say you have no time for hair glamour routine at a time when you're busy with a dozen housekeeping items like painting the closet, washing curtains and airing bedding. You can accomplish hair beauty while doing these other things if you use a system! While you shampoo your locks or manicure your nails, think over the week's menus or shopping list. Then, while you do your other chores, a self-neutralizing home permanent can be processing.

**Match Lotion to Hair**

Select a self-neutralizing permanent which will give you a type of lotion to match your particular hair. There's a very gentle one for the easy-to-wave hair, or the color-treated or naturally curly hair. There's a super one for tresses which are resistant to waving and a regular lotion for normal hair.

On the day you plan to achieve hair beauty, set the alarm clock a little earlier for yourself so you can have a head start on the family. Include a shampoo with your shower or plan to wash the hair in basin or sink.

**Starting the Wave**

Now, lay out the supply of pin curlers, hair net and contents of your kit. Read the directions thoroughly. Next, block off the hair in the regular home permanent wave blocking pattern.

While the hair is still damp, start rolling the curls. Saturate each strand with waving lotion, slip on end papers and curlers. Once wound, you can forget about the hair for 30 minutes and get breakfast for the family.

Half an hour later finds you rinsing the curls briefly with clear water and towel blotting to out-law dripping. Slip a scarf on the head until your husband leaves, substitute a hair net to hold in place.

A Man Texans Know... and Respect

**Don't Be Sidetracked**

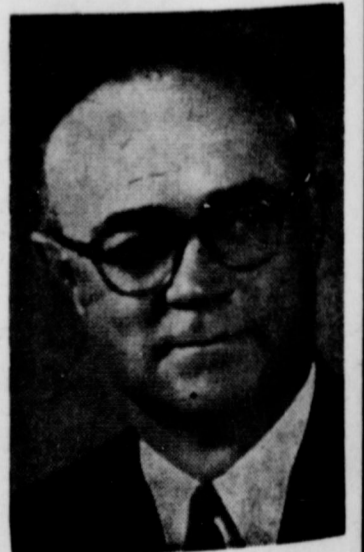

Preston Smith has declared time and again that the big issue in the State Senate race is HONESTY IN STATE GOVERNMENT. Don't be sidetracked from that issue by tricky phrases like "new faces in Senate races" or fact-dodging tactics.

HONESTY IS THE ISSUE. If integrity and honor were more common around the State Capital, most of our problems in Texas government wouldn't exist today.
