M. Mathis Is Ark Candidate

M. (Walter) Mathis, county clerk of Lynn county, announces this week that he is a candidate for re-election. Mathis is an efficient and conscientious official, is also in the job attending to business, so far as the News knows, one enemy in Lynn county. Assuming the office three years ago, Mr. Mathis and his wife have been residents of Tahoka and both taken active part in civic affairs.

During his announcement, Mr. Mathis said: "I have much enjoyed serving you as county clerk of Lynn county, for the opportunity I sincerely thank you of the county who saw fit to place me in this position. Your confidence and co-operation is appreciated."

Policy has been to give the best service that was possible. Attention has been given to recording and preservation of county records.

"You think the business of the county has been properly handled and see fit to re-elect me for another term. I promise to continue to give you my very best service to this county. I solicit just consideration and confidence and influence in the connection. I hope to see all the possibilities between now and election day. Again, I thank all you of Lynn county for past favors."

Rotary Club Votes to Gain Hold on Day Programs

Plans will again be featured at a meeting of the Rotary club on Monday so members voted last week. In the past several weeks, no meetings have been held due to the fall and Christmas business.

Three From O'Donnell Enlist In Air Corps

J. D. Stewart, Jesse Bolch and Robt. Golightly have been enlisted into branches of the air corps, so the Lubbock recruiting office has announced.

Stewart is to go direct to Kelly Field as a cadet, while Bolch and Golightly are to be assigned to Wichita Falls.

Weathers Asking For Tax Office

As our readers might have suspected already, R. P. (Ray) Weathers, county tax assessor and collector for Lynn county, says that he would be glad to serve again in that capacity. He is now serving his first term, and seems to be doing it with entire satisfaction to everybody.

"If elected, I promise to give the same courteous, fair, and efficient service in the future", he states. "I will appreciate your votes."

Ray can solve a knotty tax problem, tell a joke, or take your tax money away from you through his little window, with equal facility. Both business-like and pleasing in his dealings with the public, he can soothe the pain of most any individual who feels that his taxes are unreasonably high.

Of course, most any tax collector can pass the buck on that point any way, but seriously we doubt if Ray has ever found it necessary to pass the buck on any proposition.

Gentle, pleasing, and accommodating, and assisted by efficient deputies, we can safely assert that Ray is one of the most popular and efficient tax assessors and collectors in Texas.

W. E. Payne formerly of this city but who now lives in Seagraves was a business visitor here Thursday. He renewed the Press for another year for which he has our thanks.

Mrs. Daniel Asks Treasurer Post

Mrs. Lois Daniel is making her announcement this week as a candidate for re-election to the office of county treasurer.

That she has served well and satisfactorily in this position is generally recognized. She may always be found at her post of duty, within office hours, and few if any are the complaints that have ever been made of her work by even the most meticulous of our people. Her announcement follows.

To the people of Lynn County: I am announcing for re-election to the office of County Treasurer.

I have tried to serve you faithfully in the past and have enjoyed the work. The experience that I have gained during the time I have been in office makes me feel that I can serve you better in 1943-44.—Lois Daniel.

New Grocery Store Is Opened Here

The Self-Serving Grocery will be formally opened here next Saturday morning with a new line of groceries, so C. T. Isaacs, owner, said last night.

The new grocery in O'Donnell is located in the building recently occupied by Townsends, and is next to the Ray's Tailor Shop.

Isaacs has personally overseen the placing of fixtures, and they are arranged for easier shopping by customers.

Mrs. Johnnie Billingsley and small son of Lubbock are visiting here this week.

Mrs. Shack Blocker has been ill at her home this week.

Mrs. Bedford Caldwell and Phil visited in Lubbock Thursday.

Special Subscription Price of Press Attracts Many; Offer Closes January 17

The final call for the Press' bargain subscription drive is now being made, but many readers have already taken advantage of the special low price of 50c.

The bargain offer will only continue until January 17, and all subscriptions unpaid by that time will be dropped from the list.

After January 17, the price will

revert back to the original price of \$1.00 yearly, it will remain at that price until rising costs of living and a reduction in revenue from other sources cut off by the war forces an increase.

We would like to have everyone in this area as a reader—and the special rate of 50c should allow everyone to subscribe.

Louis B. Reed For Dist. Judge

Judge Louis B. Reed, 106th Judicial district, announced his candidacy for re-election to the same office this week. Judge Reed made no formal statement, but will do so later, he informed the Press.

Judge Reed has served as district judge of this district with distinction, and has compiled a good record on the cases over which he has presided.

Bowlers End First Season Monday

With only one game separating the leader from the runner-up in the City Bowling league, final games of the first season will be played next Monday night—and pit those two teams against each other.

The Corner Drug kegglers need only one game of the three Monday night to assure a tie for the top, while the Motor Parts five need three to win and will be gunning for a complete victory without a playoff.

On the whole, poor bowling was done by every team this week, but old man 'Pressure' might be the cause.

The Corner just managed to beat out Cicero Smith's five two games, and the same for the Motor Parts over Whitsett's.

Player averages compiled this week:

CORNER DRUG—Sloan 175, 131, 166; Howard 115, 126, 91; Hunt 104, 140, 132; Hancock 151, 103, 145; Forgy 131, 118, 172

CICERO SMITH—Teeter 139, 118, 117; Davis 123 ave.; Wimberley 133 ave.; Caldwell 112, 126, 129; Applewhite 144, 133, 129.

MOTOR PARTS—Liddle 110, 106, Allen 126, 151, 138; Schooler 115, 122, 138; Nowell 131, 131, 129; Brock 204, 121, 136.

WHITSETT'S—Clark 137, 102, 110; McLaurin 110, 147, 121; Gardenhire 113, 97, 125; Davis 124, 189, 145; Brewer 119, 128, 126.

In the Junior League, Saleh's Panthers and Teeter's Wildcats seem to be evenly matched with three wins and three losses each. The youngsters play each Friday night and exhibit good bowling for their individual experiences. A lot of their games are better than the men usually chalk up. More young players are needed to form two more teams.

Frigid Weather Hits South Plains

Dipping to about eight above, winter struck viciously at the South Plains over the past week.

Frozen water pipes, frozen cars and almost frozen parts of the body took the minds of the citizens off the cars, tires, etc. that the federal government is "freezing".

Rush calls for anti-freeze solutions found many places unable to comply, and those ready at the first rush were soon forced to admit they were "out".

A slight snow heralded the coming cold wave, but soon melted. However, patches of snow could be seen Thursday when the sun again shone.

Baptists In District Meet Here Thursday

Approximately 200 persons attended the meeting of the Brownfield district at the First Baptist church here Thursday.

A noon meal was served. Prominent speakers appeared on the program.

Mr. and Mrs. John Earles and her mother, Mrs. W. A. Haney have returned from a trip to Denton.

Connolly Is Out For County Judge

Now serving his first term, Judge Chester Connolly announces this week that he will be a candidate for re-election to the office of county judge.

Judge Connolly had two opponents in the primary election in 1940, and was high man in both the first primary and in the run-off. He has been in office now just one year, January 1, and since the day he went into office he has been making a close study of the duties of the office and how he may best serve the people.

A level-headed business man for long years before he entered politics, he has brought to the office a fund of fine business judgment. Always conservative and careful in handling the county's business, he has been able to perform the duties of the office in a manner that seems to have met with general approval. At least there has been no violent or wide-spread criticism of his work.

Having served only one year up to the present time, he asks the voters to kindly consider his claims for a second term, with the promise that if elected he will continue to serve to the best of his ability.

His statement follows: "In announcing for re-election to a second term as your county judge, I want to thank the voters for their liberal support in the past, and to solicit your vote and support in the primaries this summer."

"I have done the best of my ability as your judge this past year, and will continue to give the business of the office my careful study. Having had this experience in the office, I feel I will be even better qualified for this second term, if you see fit to return me to the office. I propose to give the people of Lynn county a fair, conservative, and business-like administration with careful consideration of every problem coming under the jurisdiction of this office. Again, I thank you for past favors and co-operation."

Huffaker Seeks Return To Office

Calloway Huffaker wants the people to know that he is willing, even anxious, to serve again as county attorney of Lynn county. He is now serving his first term.

Calloway is a kindly good-natured fellow until he has to go to the mat with some offender against the peace and dignity of the State, and when he does it is usually just too bad for said offender.

Not only has Calloway made a record as a good prosecutor, but he has also been active in civic and other public activities.

Recently he was chairman of the committee which made a successful drive for the special war-defense fund for the American Red Cross, Lynn county's quota being \$2,000.00; and the county had already gone over the top last week.

Mr. Huffaker didn't expect us to make mention of this matter in this connection; we just threw it in of our own accord, just as we are solely responsible for the other good things said about him in this announcement.

What Calloway really wanted us to say is that he will keenly appreciate your vote in the July primary. And he will.

Mrs. J. K. Applewhite and Mrs. J. E. Lawler of Tahoka visited Mrs. James Applewhite and young daughter Thursday.

Mrs. J. Mack Noble was returned home Wednesday from a Lamesa hospital where she received treatment.

Candidates For Office Opens 1942 Political Races

Politics, which had lain dormant for many months, erupted this week with several announcements for office being made through the Press.

Statements or articles concerning those candidates who have shown no hesitancy in letting the voters of O'Donnell's territory know of their intentions appear in other columns.

All of those to announce so far are present office-holders.

C. G. (Cleve) Aten, commissioner, Dawson county, was the first to authorize the Press to announce his candidacy.

Aten Announces For Commissioner

Announcement of his candidacy for commissioner, prec. 3, Dawson county, was made this week by G. C. (Cleve) Aten. He has served one term.

Mr. Aten made no formal statement to the voters this week, but intends to do so later during the campaign.

While he intends to discuss with voters of the precinct the affairs of the office, Mr. Aten has always been ready and willing to do this, and has tried in every way to conduct the business of the precinct in the best possible manner for all.

Mrs. J. T. Middleton Sr., Mrs. J. T. Middleton, Jr., and Mrs. Everett Day and Mrs. John H. Jewett were in Lubbock Monday.

Manila Falls to Japanese Invaders Following Strong Last Ditch Defense By Greatly Outnumbered U. S. Troops; U. S. Bans Sale of New Cars, Trucks

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

MANILA: Falls

Since the first detachments of Japanese troops had landed on the island of Luzon in the Philippines and had begun their push toward Manila, Americans had been hoping that the outnumbered forces of Gen. Douglas MacArthur would be able to hold out in their defenses outside the capital city.

But despite a strong last ditch stand Manila finally fell to the invaders. Dive bombers and tanks had smashed the American lines. Greatly outnumbered, the Americans had fallen back as the Japs succeeded in gaining control of the air.

In its communique telling of the city's fall, the war department said that all U. S. and Philippine troops had been withdrawn from the city several days before and all defense installations removed or destroyed. "The loss of Manila, while serious, has not lessened the resistance to the Japanese attacks," the communique said.

As it appeared that the Japanese pressure on the Philippines was driving our Filipino-American defending forces steadily backward, despite the arrival of a certain force of American planes as reinforcements, the war of nerves was giving Tokyo the "jitters."

Although there were no direct dispatches from the Jap capital, in the Tokyo broadcasts there was considerable evidence of confusion, of an anxiety to learn what the Allied grand strategy was to be.

President Roosevelt, in his press conferences, was mentioning reinforcements, plans that had been made in collaboration with all the Allies.

He talked of Kamchatka, a peninsula which reaches down to within easy plane reach of Japan itself. The Tokyo radio was warning Japs to be ready for air attacks during the New Year period, was talking of an American effort to get planes to Siberia via the Aleutian islands.

The news from Manila and the Philippines generally was creating great anxiety in this country, which

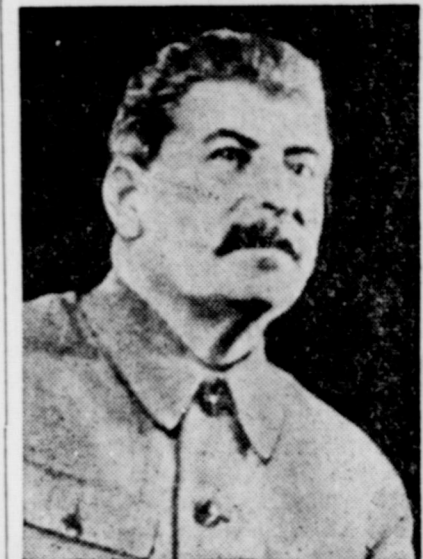

RUSSIANS: Back in Crimea

The southern Russian front, which had been subjected to extra German pressure while the Nazis were on the retreat in the central and northern sectors, suddenly turned the tide with the recapture of Kerch and Feodosya.

The first-named port was opposite the rich Caucasus oil region, separated from it only by two miles of water. These two miles the Germans had not been able to cross because of Black sea fleet activity.

Feodosya is about 100 miles further west, and landings were made simultaneously at both points, the Germans driven back, and an uncounted number of Nazis trapped between.

The German high command acknowledged the Russian landings "in force" and said that counter measures were being taken. Stalin com-

JOSEF STALIN

plimented his general on the south, and then urged that the advantage be grasped and pursued.

"Free Crimea next" he urged his troops. The Russians still were holding on at Sevastopol, and Moscow hoped that the successes farther east would release pressure at Sevastopol and permit the garrison there, aided by sea-borne reinforcements, to take the offensive.

The Crimea was held by a combination of German-Italian-Rumanian troops, admittedly not the hardest to beat if the Russians are able to get a high-pressure drive going.

COMMANDO: A Hero's Tale

A story of black-clad, burnt-cork-faced Commandos on the North Africa front was the most thrilling story of the war thus far.

It told of the attack on General Rommel's headquarters by a small band of British "suiciders," and of the killing of the Commando's own commander, Colonel Keyes, son of the man who originated the idea.

The British Commando group hid in an arroyo during the night before the zero hour, within running distance of Rommel's headquarters.

At the time when the whole imperial offensive was to flare up along the line, they dashed forward, roused a sentry who opened a door, shot him dead and entered the building.

As Keyes, leading his men, threw open the main door behind which were Rommel's aides, he was shot dead, but a sergeant grenaded over his body, hurled two hand grenades and then slammed the door shut, letting the bombs wipe out those within.

By this time the shooting and shouting had roused the whole garrison, who did not know what to make of it all. In the resulting confusion most of the Commandos escaped, but only after fighting a two-hour pitched battle.

Rommel, unfortunately for them, was away at a birthday party, and was not killed. The whole of his staff who remained at headquarters, was wiped out, however.

DRAFT: A Prelude

Seen as a prelude to the new conscription, which was to produce a trained army of 3,000,000-plus men was the army order recalling into service troops over 28 years of age.

First of these orders to be revealed was that of the Third Corps area, which ordered all such men to be back at their posts January 31.

SUGAR:

A government step to prevent skyrocketing of sugar prices and a reasonable supply of this commodity for 1942 in the United States was taken when the government arranged to buy the bulk of the next year's Cuban cane crop.

The transaction was to be handled by the government-owned Defense Supplies corporation and was taken when it became apparent that we would not get our usual supply of sugar from the Philippines.

DUTCH: Steal Show

Dutch sea and air arms under the command of Vice Admiral E. E. L. Helfrich, above, have inflicted severe losses upon Japan's invading forces. He is chief of the Netherlands navy and air force in the Indies. Lieut. Gen. Hein Ter Poorten is commander in chief of the armed forces.

See below DUTCH: Steal Show

The Dutch airmen and submarine crews continued to "steal the show" in the Pacific war, the fighting fliers ranging far out over the Pacific, largely in American-made planes, seeking Jap tankers reportedly loaded with oil stolen from north Borneo.

The N.E.I. commander in chief, Lieut. Gen. Hein Ter Poorten, pledged America that the Dutch alone could turn the tide against the Japs in the south Pacific if only they could get more planes and more anti-aircraft guns with which to fight off the Japanese warplanes.

Apparently there was no lack of Dutch bombers, nor of skilled pilots to man them, the shortage lying chiefly in fighter planes.

The submarines, keeping intact their promise of more than one ship a day, had sunk four more.

That they were faring far afield and not just protecting home shores was seen in the announcement that these latest sinkings had been far from Batavia, way up at the east coast of Thailand. The vessels sent to the bottom were troop transports, landing Jap soldiers for the fight against Singapore.

In the meantime, the Dutch had sent a successful naval raiding party against the Japs near the central provinces of their own islands. The Batavia radio said several launches were destroyed, others were seized and that the Japanese living on the island were taken prisoners and interned.

When the British got out of north Borneo, they were said to have destroyed all the oil wells, or damaged them so that they could not be used. The Dutch revealed, however, that several Japanese tankers had been seen leaving there loaded.

The air force had been sent in pursuit, the Dutch pledging themselves to sink the tankers or not return.

HAWAII: 'Ready'

Victims of the Japanese "sneak attack" which decimated their strength in a few hours, Hawaiians had rejoiced finally that reinforcements to the plane and ship garrison now had the islands ready to meet all comers.

Although the exact nature of the reinforcements was kept a secret it was revealed that the army on the islands had enough planes to give any invaders a "lively reception."

Hero of the December 7 attack, Lieut. George S. Welch, 23, of Wilmington, Del., who shot down four Jap planes though he had to drive 10 miles to get to his plane, said he was "itching for another fight." He said:

"All of us would like to see them come back."

LIBYA: British Get Tanks

The British were polishing off General Rommel's remaining forces in North Africa at a fast rate, aided by a "rash sally" made by a force of nearly 100 tanks.

The British met this assault with such a withering fire from its mobile artillery and its American tanks that 22 of the enemy tanks were destroyed and 20 others put out of action with damage.

It was a demonstration that Rommel's retreat had been cut off, and that the sortie by the German tanks from the spot where Rommel's men were surrounded was a desperate adventure.

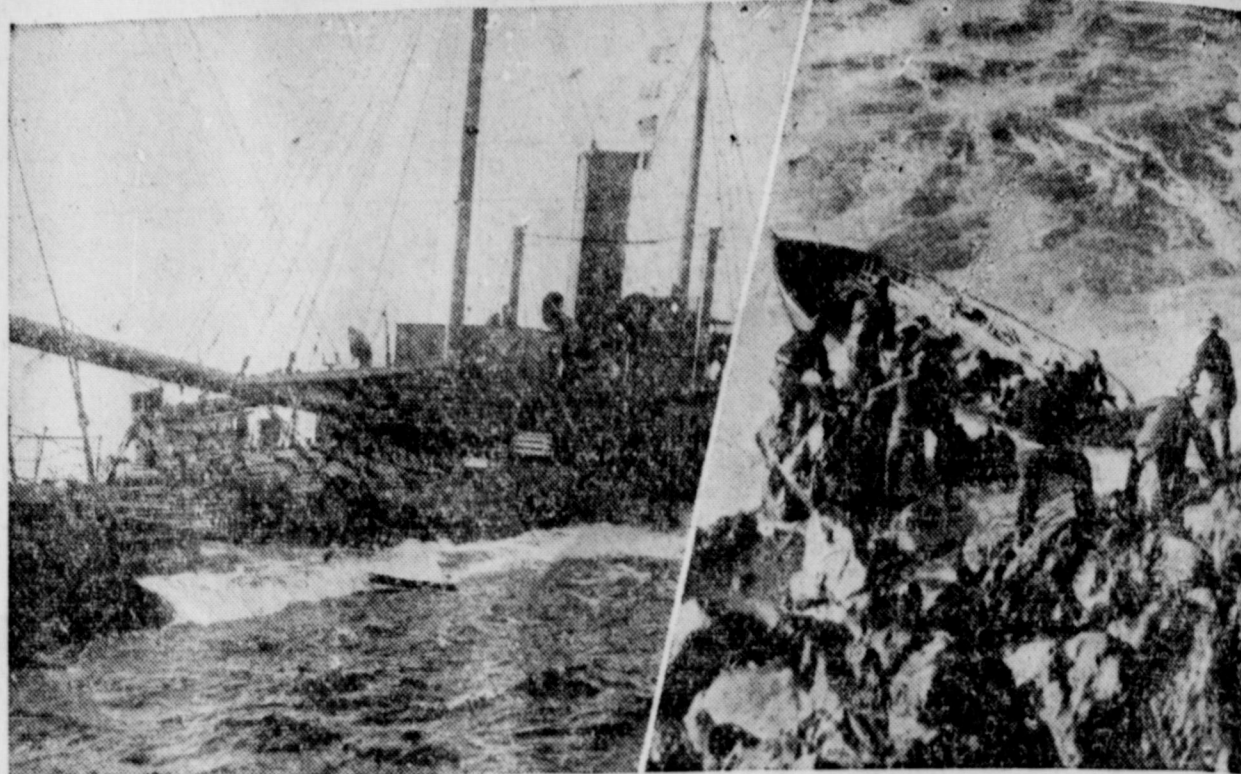

The locus of the attack was given as Agedabia, a point about 100 miles south of Bengasi, the Axis' former stronghold, now in British hands.

MISCELLANY:

Detroit: A Syracuse university professor attributed Churchill's gift of oratory to the fact that as a boy he had not learned Latin and Greek.

St. Pierre: The head of the Catholic church on the islands of St. Pierre and Miquelon had filed a formal objection to the occupation of the Free French, despite the 98 to 1 per cent vote in favor of it by the populace.

Victims of Jap Subs on California Coast

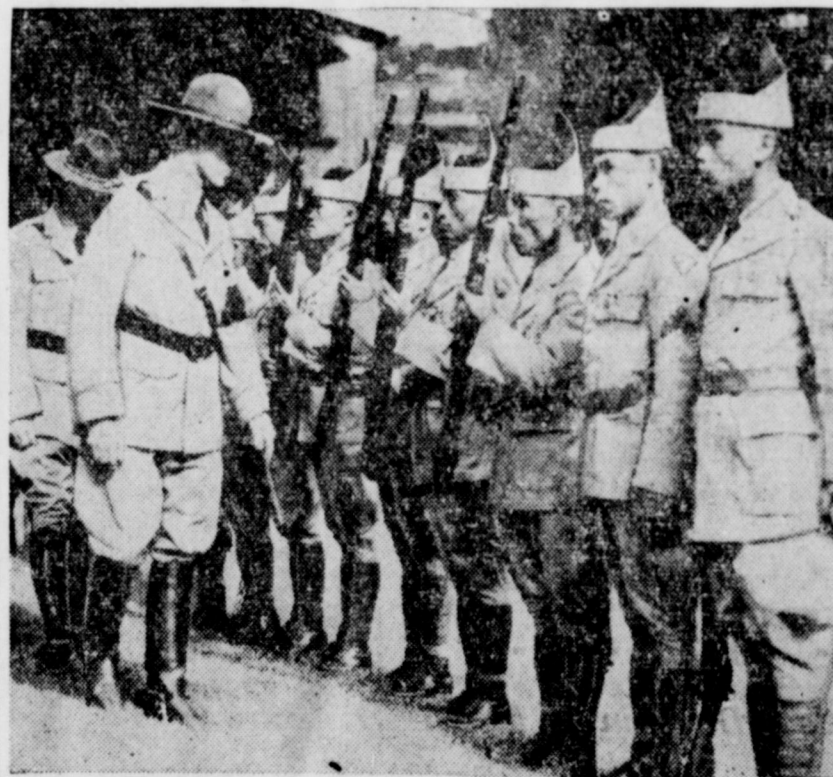

At left, the 5,698-ton freighter Absaroka, hit by a Jap torpedo off the California coast, is shown, with deck awash, as she made some port. One crew member was killed. Right: This photo pictures the thrilling landing of part of the crew of the tanker "Montebello," which was sunk by a submarine off California. Here a lifeboat bobs in the boiling surf, dangerously close to the rocks, as rescuers throw men a line.

'Pause in the Day's Occupation'

Smiling cheerfully as they push German forces back the way they came, members of this Russian tank crew (left) halt for brief pause in their march westward, for lunch. Rigors of the Russian winter seem to have no terrors for these hardy soldiers. Right: These Italian prisoners in the Libyan desert seem too miserable to attempt to escape, and yet they are guarded carefully before being shipped to a concentration camp.

Fierce Moro Tribesmen Fight Japs

A deadly warm welcome was extended Japs who tried to open a second front in the Philippines by invading Mindanao island. On hand to greet them were some of the fiercest fighters known, the Moro tribesmen, to whom fighting is a profession. They are shown being inspected by Col. Ralph McCoy in Zamboanga, P. I.

wanted to see the islands successfully defended and to remain in close touch with Hawaii and the American mainland.

But though the war news generally was favorable, including both that from Russia and North Africa, the dispatches from the Far East told of increasing Jap pressure all along the line, and of a general repeated success for the invader's arms, though bitterly contested on all parts of the 5,000-mile front.

General MacArthur, showing the effect of lack of air supremacy, had grimly acknowledged that Japanese dive bombers had gained control of all roads from both fronts, making the defenders' task still more difficult.

BAN:

On Autos

Earlier than anticipated came the order from the government banning the sale of autos and trucks in the United States.

The prohibition on these sales will remain in effect pending development of a rationing plan which will place an estimated 450,000 vehicles now in dealers stocks where they will do the most good.

Rationing will be directed by the Office of Price Administration, headed by Leon Henderson. This office also administers the tire rationing formula which has established quotas for every county in the country.

SINGAPORE: Must Not Fall

London, saying that "Singapore must not fall," had called on the American navy to aid them in holding out at this base, deemed most vital for the forthcoming allied drive against the Japs in the South Pacific.

One British spokesman had said: "Until our forces there can be built up, we shall have to rely to a great extent on the American navy to regain control of the Pacific."

Twenty-eight Take Physicals At Lubbock Monday for Army

TAHOKA, Jan. 8 (Special)—With the advent of the new year, reductions into the army training camps and all war preparations are being speeded up.

On Monday of this week, twenty-eight Lynn county men went from Tahoka to Lubbock for physical examinations preparatory to being inducted into the armed forces of our country, if accepted.

All men in class 1-H, being those who are more than 28 years of age without dependents, have been notified to report for physical examination. Those who were previously inducted but dismissed because of age have been called back to camp.

Robert Draper, farmer, reported duty Thursday. Principal Lee

Dodson of Tahoka High School will report January 28. Roy Hicks has also been called to report.

Corp. Joy Edwin (Red) Brown, who had served out his first year and had been released, also reported again this week for service; and there may have been others also in this category.

The local board has received a call for eighteen white men to be inducted into the service on January 26; another call for whites, number not stated, on January 29; and two calls for February.

A call for one negro has been made for January 27, and a call for four negroes in February.

February 16 has been set as registration day for all men between the ages of 20 and 44 who are not already on the registration rolls. It is believed that this will include about 1,300,000 men.

There are said to be 1,800,000 men in the Army already.

Mrs. George Walls has been ill at her home this week.

Mrs. James Applewhite and infant daughter, Sharon Lynne were returned to their home Friday from a Lubbock hospital.

Lyntegar Electric Has Preferred Rating; In Area

TAHOKA, Jan. 8 (Special)—Garland Pennington, Manager of Lyntegar Electric Cooperative, Inc., of Tahoka, has announced receipt of an A-10 Preference Rating from Donald M. Nelson, Director of Priorities of the Office of Production Management, to secure the necessary materials for the construction of 230 miles of electric lines to serve approximately 550 new members in Borden, Dawson, Garza, Hockley, Lynn, Martin, Terry and Yoakum Counties.

These lines will be of inestimable value to the farmers, and rural communities of this district in securing electrical energy for the many uses to which this service can be employed in increasing productivity of the farm, and in processing, preserving, and conserving perishable and valuable farm products.

Mr. Pennington states that electricity on the farm means more to the farmer, and to the nation, than ever before, as a tremendous burden will be placed on the American farmer to provide food and clothing for the people of the United States and our Allies during the years of conflict that lie ahead. Since farm labor is becoming very difficult to obtain, and since the cost of this labor is becoming prohibitive for the average farmer, the value of electricity for the farm is reaching the proportions of an absolute necessity.

Lyntegar officials are paying high tribute to Mr. Donald M. Nelson and the Office of Production Management for the wisdom and foresight they have shown in making available the materials for this line construction as the increase in farm production which will result from the increased usage of electricity will do much to help win the war and write the peace.

Mr. Edward P. Price of the Consulting Engineering firm of Price & Hawk, who are the engineers for this project, states that much credit is due Senator W. Lee O'Daniel and Congressman George Mahon for their loyal and untiring efforts in behalf of the farmers and rural communities of this section in presenting their problems to the Office of Production Management, and in securing the Preference Rating necessary to the construction of these lines. Mr. Price also says that he has written numerous letters to Senator O'Daniel and Congressman Mahon in regard to priority ratings for rural lines and that they have given much of their time and effort to this matter.

The Reinhart and Donovan Company of Oklahoma City have the contract to build these lines, which will receive energy from the transmission systems of the Texas-New

Mexico Utilities Co. and the Texas Electric Service Company who have given excellent service to the cooperative. Mr. Price states that all necessary surveying and staking for these lines has been completed, and that construction will start as soon as a work order can be issued to the contractor and materials can be received.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

THE INFANCY AND BOYHOOD OF JESUS

LESSON TEXT—Luke 2:25-35, 39, 40. GOLDEN TEXT—Jesus increased in wisdom and stature, and in favor with God and man.—Luke 2:52.

"Nobody knows what a boy is worth. And the world must wait to see; For every man in an honored place Is a boy that used to be."

Jesus was "only a boy" as He grew through infancy and childhood, but in that baby and that boy rested all the hopes of mankind. While He was not just like any other boy, yet His growth and development were normal, and we may learn much that will enable us to help the boy in our home, in our block, or in our church.

The mother of Jesus, in fulfillment of the law of her people, on the eighth day identified Him with the nation (Luke 2:21), and then at the end of 40 days brought Him, with her humble sacrifice, to present Him to the Lord. There a beautiful and prophetic scene took place as the Holy Spirit revealed to godly old Simeon His

I. Complete Salvation—in a Baby (vv. 25-35).

The Holy Spirit (not yet come as the indwelling presence in believers' hearts) had come upon Simeon, a man right with God and with a deep longing in his heart for the coming of the Messiah—"the consolation of Israel." He was assured of living until that day, and now as he waited in the temple the babe who fulfilled that promise was laid in his arms.

He blessed God as he broke forth in praise and prophetic utterance. Note the full conception of the work of the Redeemer—deliverance from bondage and fear of death, light to the Gentiles and glory to Israel, a stone of stumbling but also of rising again. A revealer of the hearts of men—yes, and One whose sacrificial death would pierce the heart of His mother.

One is glad that Simeon and Anna (v. 38) and "them that looked for redemption in Jerusalem" saw in Mary's infant son the Son of God incarnate, for round about was unbelief (John 1:11), hatred (Matt. 2:16), and indifference (Matt. 2:4, 5).

Is it not so today? Christmas has just been celebrated. How many saw the babe in the manger as Jesus the Saviour?

The scene changes—the little family is back in Nazareth in the humble home—and there we see

II. Perfect Development in a Boy (vv. 39, 40).

The period from infancy to accountability (12 years) is summed up in the full-orbed growth of the boy Jesus described in verse 40. The one business of every child from birth to 12, or somewhere around there, until the period of adolescence, is to grow without any sense of responsibility except obedience to authority; and obedience in the case of a child is always in order to give the child perfect freedom from everything else, without any sense of responsibility. That is the story of Jesus: He grew! (G. Campbell Morgan).

Growth is, first of all, physical. Jesus stands by the side of every boy and girl as the body grows from babyhood to maturity, for He too knew that experience. We may talk to Him as an understanding friend about the physical needs and problems of our children. Let us remember that here, as elsewhere in Scripture, the physical body is recognized as important.

Mentally, He experienced growth. The strange, apocryphal tales about the child Jesus, representing Him as a man of mature wisdom in a child's body, do not compare even remotely with the beautiful naturalness of a keen-minded boy asking questions, observing, always learning. Boys and girls, you may talk with confidence to Him about your lessons, your growing interest in this exciting world of ours, of your need for guidance in learning. Be sure that He will understand.

The crowning touch upon the growing personality of the child is the spiritual. We read of Jesus that "the grace of God was upon him." "Grace," says Dr. Morgan, "is first, that which delights and charms. Grace, secondly, is desire to impart to others the things that make them happy. Grace, finally, is the activity that does this at all costs." A gracious child is an altogether delightful being; and when that graciousness is the result of the "grace of God" upon him, it is surpassingly lovely, for it makes him Christlike, even in the days of childhood.

Great and grave has been the neglect of the spiritual life of children for whom much has been done physically and mentally. Christian parents must not make that mistake—and they need not, for the Lord Jesus here too stands ready; to counsel, guide, encourage, and strengthen them in every good purpose and deed.

Tahoka Plans Golden Gloves

TAHOKA, Jan. 8 (Special)—

Approximately 82 entries from 9 schools will participate in a preliminary Golden Gloves boxing tournament in the Tahoka gymnasium Monday, Tuesday, and Wednesday nights, January 19, 20 and 21. Coach Leo Jackson said response is so hearty that he considers the above estimate conservative.

Red and black sateen boxing trunks and a free trip to the district tournament at Lubbock are to be awarded the winners.

Participants expected from the various schools are: Post 10, Littlefield 10, Slaton 8, Lubbock 10, Brownfield 10, O'Donnell 5, Wilson 5, Tahoka 18, Rural schools 6.

Three new weights have been added in the competition, 85 pounds, 95 pounds and 105 pounds, giving the small boys a chance to compete. The trunks will be awarded the winners in these weights also.

Tahoka boys are working out daily, and some of them are showing a lot of promise, Coach Jackson said. G. W. White, who has added weight since last year will compete as a light weight. Others who have had previous experience and will make good showings for themselves in the local and district meet are Jim Bob Curry, middleweight; Kelly King,

welterweight; Pete Jolly, middleweight; Werner Shaffner, light heavyweight; Sport Pendleton, flyweight; Wayland Hughes, featherweight; Buster Driver, lightweight; Jack Swafford, middleweight.

Some of the new participants who are coming along fast are James Eabousette, John Bigham, Robert Macha, Bobby Ray Scott, Jerry Edwards, Billy Knight, and Durwood McClintock.

Arrangements have been made for the best on the plains to meet the Amarillo Golden Sandies here in the near future, but no definite date has been set for the meet.

Mrs. Everett Day and Mrs. John H. Jewett will spend the weekend visiting their sister, Mrs. Sam Newsome and Mr. Newsome in Anthony, N. M.

Miss Daisy Celsor of Gruver is visiting her sister, Mrs. Irvin Street.

Serve One-Dish Meals as Smart Budget-Stretchers

Appetite Appeal Plus

Dents in the budget? Appetites wilted after the rich foods as a result of the double holidays? Well, you can smooth out those dents and at the same time perk up the jaded appetites by smart, simple, easy-to-manage one-dish meals.

To stretch that food dollar, you can use leftover meats and vegetables that are called for in these casseroles. Yes, and what's especially nice about them is that they're tops in vitamins and minerals because they're fortified with those perfect foods, milk and butter.

Here's a meal-in-a-dish which has a luscious butter and bread crumb topping to recommend it:

*One-Dish-Meal

- (Serves 6) 2 cups diced carrots (6 medium carrots) 1 1/2 cups diced celery 6 medium potatoes, pared and sliced 3 tablespoons butter 2 tablespoons flour 2 cups milk 1 cup meat stock or 1 bouillon cube in 1 cup hot water 1 teaspoon salt 3 to 6 tablespoons grated onion 1 cup peas (canned or fresh) 2 cups diced leftover meat 1/2 cup sifted bread crumbs 3 tablespoons melted butter Cook carrots, celery and potatoes separately in boiling salted water until tender. Melt butter, blend in flour, add milk and meat stock. Cook over direct heat, stirring constantly until sauce boils and thickens. Add salt. Combine sauce with remaining ingredients, except crumbs and melted butter, and turn into a buttered casserole or baking dish. Combine crumbs and melted butter, sprinkle over surface. Bake in a moderate (350 degrees) oven 35 to 40 minutes.

Cabbage, one of winter's best vegetables, is featured in this casserole of tuna or salmon:

- Scalloped Tuna and Cabbage. (Serves 8) 2 cups boiling water 2 quarts chopped cabbage 2 cups rich milk 3/4 pound American cheese 1/4 cup flour 1 teaspoon salt 1 can tuna or salmon, flaked 2 cups buttered bread crumbs Pour boiling water over cabbage, heat to boiling, add 1 cup milk and cheese, cut in pieces. Cook over hot water until cheese is melted. Blend flour, salt and remaining milk and add to cabbage. Add tuna or

LYNN SAYS:

Can you name the one food that does most for your body's health, most cheaply? Milk, of course! Why? Because milk does all of the following:

- 1. Promotes growth and maintains the body's resistance to infection through vitamin A. 2. Stimulates appetites and keeps the nerves in top-notch condition through vitamin B1; promotes growth and keeps the skin healthy through vitamin B2(G). 3. Helps calcium and vitamin C to develop teeth and bones properly if fortified with vitamin D. 4. As an excellent source of phosphorus, it also works to keep the teeth and bones in class A. 5. Milk's proteins come to the fore in repairing worn-down tissues and muscles and boosting growth.

salmon and put in buttered casserole. Top with crumbs and bake in moderate (350-degree) oven 20 minutes.

Beef Pie

- (Serves 6) 1 pound ground beef 1 onion, chopped Salt and pepper 2 1/2 cups green beans, cooked or canned 1 can tomato soup 4 large potatoes, cooked 1/2 cup warmed milk 1 beaten egg Salt and pepper Brown onion in hot fat, add meat and seasonings. Brown and add green beans and soup. Pour in greased casserole. Mash potatoes, add egg, milk and seasonings. Scoop over meat and bake in a moderate oven.

Baked potatoes and salmon are a favorite cold weather combination, but have you ever thought of blending the two together as one dish? No? Then you have a real treat coming if you try:

Salmon Stuffed Potatoes

- (Serves 6) 6 potatoes, baked 1/2 cup hot milk 1 beaten egg Salt and pepper 1 tablespoon lemon juice 2 cups flaked salmon 1/4 cup minced onion, sauteed 2 tablespoons butter Buttered crumbs Split baked potatoes and scoop out. Mash the potatoes, add milk, egg, salt. Fold in salmon, lemon juice and onions. Refill shells and sprinkle with buttered crumbs. Bake in a moderate oven 20 minutes.

Whisk away your problems with leftover chicken or turkey by serving the meat creamed with vegetables in the center of a rice ring, adding mushrooms, sauteed, if desired. Serve it also cut up in croquettes, in chicken tamale pie, curried with rice, scalloped with noodles, in chop suey, or as a pie like this one here:

Chicken Pie

- (Serves 6 to 8) 3 cups diced, cooked chicken 1 cup diced, cooked carrots 6 cooked, small white onions 1 tablespoon chopped parsley 1 cup milk 1 cup chicken stock 2 tablespoons flour Salt and pepper Arrange chicken and vegetables in layers in casserole. Combine milk and chicken stock, add flour, blending in slowly. Cook until thick, stirring constantly, then season. Pour over chicken and vegetables. Cover with a sweet potato crust and bake in a moderate oven 40 minutes.

Sweet Potato Crust

This crust is the distinctive part of the chicken pie and a wonderful way to use up those few potatoes that are left over from the holiday dinner along with the chicken. It's a crust de luxe, a crisp, golden brown topping well worthy of chicken pie:

- 1 cup sifted flour 1 teaspoon baking powder 1/2 teaspoon salt 1 cup cold mashed sweet potato 1/2 cup fat, melted 1 beaten egg Sift dry ingredients. Work in mashed potato, milk and egg. Roll 1/4 inch thick, cover pie and flute edges. (Released by Western Newspaper Union.)

County Defense Guard Planned

TAHOKA, Jan. 8 (Special)—Aubra Cade, Commander of the Marion G. Bradley American Legion post, has called for all ex-service men and all others in the county interested to meet at the Legion Hall in a mass meeting next Tuesday night at 7:30 o'clock to organize a Home Defense Guard. Application for the guard with the necessary recommendations has already been submitted to state headquarters, and Mr. Cade and Don Turner will meet with the Home Guard in Brownfield tonight to get pointers on the organization. Brownfield's unit has been organized a year and a half and are supplied with rifles.

75 members make up a unit, and at least that many men are needed to join. The Home Guard takes the place of the National Guard, which is serving in the U. S. army at present, and is subject to call to any place in the state when needed. Training will be along the same line as that formerly given National Guardsmen.

Drills can be started as soon as permission is granted from state headquarters.

Man Injured In Car Accident

Lendon Ray Russell, 22, of O'Donnell, was seriously injured last Friday afternoon about 2 o'clock when struck by a car, driven by a Leveland man, about seven miles south of Tahoka. He was rushed to a Tahoka clinic for emergency treatment and then carried on to a Slaton hospital.

He suffered a fractured collarbone, wrist, hand, two fractured ribs, hand and scalp lacerations, and possibly more serious head injuries.

Russell had been to Tahoka to discuss volunteering for army service, and had parked his car and started across the highway when struck. Because of sight defect, he thought the automobile had already passed when he stepped out in front of it. The man whose car struck him rushed him to Tahoka.

Defense Bond Meeting Called

TAHOKA, Jan. 8 (Special)—Deen Nowlin, Lynn county chairman of the Defense Bond and Stamp drive committee, has announced that a county-wide mass meeting in the interest of the purchase of Defense securities will be held in the district court room of the court house Thursday afternoon, January 22, at 2:30 p. m.

A program of interest to all is planned, with out of town speakers and two or three local speakers. Everyone is urged to attend.

Although here has previously been a shortage of bonds in this county, there are now plenty of bonds at the banks and post offices in Tahoka, Wilson and O'Donnell, Mr. Nowlin said.

Sales of bonds and stamps have undoubtedly been large in this county in the past few weeks, although it has been impossible to make a definite check of the exact amount sold because of the shortage of bonds.

Tire Rationing Board Is Named

TAHOKA, Jan. 8 (Special)—W. O. Thomas of Tahoka, E. J. Treadway of O'Donnell, and Lynn West of Wilson were sworn in as members of the Lynn County Tire Rationing board Tuesday morning. They will meet at the courthouse Saturday.

The board has asked every tire dealer in the county to have a member of that firm designated to the board as tire inspector. Inspectors should make application immediately at the county judge's office.

The selection was made by the county defense board, County Judge Chester Connolly, Mayor Deen Nowlin of Tahoka and Mayor Stansell Jones of O'Donnell.

The board will serve without remuneration. Their duties will be to accept applications of automotive vehicle owners for tires and tubes, and then to decide whether such owners should be allowed to purchase them.

Lynn County's quota for January, as fixed by the Office of Production Management, is 26 tires and 22 tubes for passenger cars, motorcycles and light trucks; and 49 tires and 41 tubes for trucks and busses, according to press dispatches.

Certificates may be issued, if the tire is to be mounted, for use on vehicles operated by physicians, surgeons, visiting nurses, veterinarians, for professional service; on ambulances; on vehicles used exclusively for fire fighting, police services, to enforce laws for public health and safety, to maintain garbage disposal, and to maintain mail service; on vehicles with a capacity of ten or more passengers, operated exclusively for regular public transportation service, for the transportation of students and teachers to and from school, or the transportation of employees to or from necessary construction projects, etc., if public transportation is not available; on trucks operated exclusively for the transportation of ice or fuel; of material and equipment for building and maintenance of public roads, public utilities, production facilities defense housing and military and naval establishments; for roofing, plumbing, heating and electrical repair services, transportation by any common carrier, of waste and scrap materials, raw materials, semi-manufactured goods, and finished products, including farm products and foods, other than deliveries to the ultimate consumer for personal, family or household use, and provided the above meets certain requirements, on farm tractors and other farming implements.

Mrs. Lenore M. Tunnell, county school superintendent, went to Austin Wednesday in company with Miss Anne Martin, superintendent in Howard county, to attend a conference of school administrators and look after other school business Mrs. Tunnell stated before leaving that she would make her formal announcement for the office of County Superintendent in next week's paper.

Miss Mary Frances Fowler of Lubbock spent the weekend here.
