## Water Shut Off At Ash Syndicate Well

Drillers of the Ash Syndicate well five miles west of Tahoka are about ready to resume drilling at a depth of about 4650 feet, according to information given us Wednesday morning.

The drillers struck a strong flow of sulphur water last week and had to stop drilling to shut off the water. Casing had been lowered to a depth of 4600 feet and a little under-reaming was being done Wednesday in order to enable them to lower the casing to the bottom and then proceed with the drilling. It is expected that drilling will be resumed at once. Lynn County News.

Mr. Tom Barnett of Revanna and daughter, Miss Pauline Barnett of Tahoka, were the guests last Sunday of Mr. and Mrs. Roy D. Smith.

Mr. and Mrs. C. A. Benson of the Ray Tailor Shop were Lubbock visitors over the week-end.

Mrs. O. F. McLendon 2nd.  
Mr. and Mrs. Ollie Clem of Big Springs are visiting their son, John Clem of the Lynn County Motor Co. Baby Quilt—Mrs. Willis 1st, Mrs. W. E. Vermillion, 2nd. Mrs. P. C. Bird, 1st, Mrs. H. L. Hohn 2nd.

**Culinary**  
Salt rising bread—Mrs. C. L. Davis 1st, 50c; Mrs. G. C. Aten 2nd, 25c. Plain Biscuits—Mrs. Guy Bradley 1st, 50c; Mrs. J. P. Bowlin, 2nd, 25c. Corn Bread—Mrs. J. F. Campbell 1st, 50c; Mrs. C. H. Mansell 2nd, 25c. Tea Cakes—Miss Anna Maude McVicker 1st, 50c; Mrs. D. R. McVicker 2nd, 25c.

**Doughnuts**—Mrs. C. L. Davis 1st, 50c; Mrs. Jno. Johnson 2nd, 25c.  
**Canned Fruits and Vegetables**  
Plums—Mrs. H. H. Williams 1st, Mrs. H. H. Williams 2nd.

**Pears**—Mrs. Ben Moore 1st, Mrs. S. M. Clayton 2nd.  
**Apples**—Mrs. John Earles 1st, Mrs. J. A. Beasley 2nd.  
**Cherries**—Mrs. W. L. Palmer 1st, Mrs. J. W. Gates 2nd.  
**Tomatoes**—Mrs. John Earles 1st, Mrs. Ben Moore 2nd.

**Peas**—Mrs. Ben Moore 1st, Mrs. John Earles 2nd.  
**Pear Preserves**—Mrs. L. T. Brewer 1st, Mrs. G. A. Haneey 2nd.  
**Peach Preserves**—Mrs. O. F. McLendon 1st, Mrs. L. E. Robinson 2nd.

**Plum Jelly**—Mrs. O. F. McLendon 1st, Mrs. W. A. Tredway 2nd.  
**Apple Jelly**—Mrs. W. A. Tredway 1st, Mrs. L. T. Brewer 2nd.  
**Grape Jelly**—Mrs. W. A. Tredway 1st, Mrs. L. E. Robinson 2nd.

**Tomato Pickle**—Mrs. Ben Moore 1st, Mrs. L. E. Robinson 2nd.

Vanity Set—Mrs. Hafford Smith 1st, Mrs. Hafford Smith 2nd.  
Towel—Mrs. C. C. Floyd 1st, Mrs. Grafford 2nd.

## Court Term Opened Monday of Last Week

Grand Jury Is In Session; Non-Jury Civil Cases Are Being Tried This Week

(Lynn County News)  
Immediately upon the opening of district court here Monday morning, the grand jury was impaneled by District Judge Gordon B. McGuire and soon got down to work.

John Heek of New Home was appointed foreman of the grand jury, and J. H. Bulman, Guy Sherrard and T. W. Brown were appointed bailiffs. The grand jury is composed of the following members: John Heek, W. S. Anglin, John A. Anderson, N. M. Biny, J. M. Christopher, G. M. Duckett, I. M. Draper, B. J. Emanuel, Ed Cook, J. J. Gray, L. C. Johnson and Clyde Shaw.

The appearance docket was called in the district court Tuesday morning.

Judgments by default were taken by D. N. Arnett in two cases, one against E. X. Minor on one against G. G. Adams, both being suits on notes and foreclosure of vendor's lien on land situated in the north part of the county. Judgement by default was also taken by Otto Stolly in a suit on notes against T. W. Halthcock.

In six appearance cases juries were called for and the jury fees paid and these cases were placed on the jury docket.

Two divorces were granted during the day, one to Jim Burleson against Lucille Burleson and one to Eloise Sanderson against Mose Sanderson. Mr. Burleson resides here while the latter couple reside in O'Donnell.

## Gordon Bros. Shows Coming to O'Donnell

Gordon Bros. Trained Animal Show will exhibit at O'Donnell, Saturday, October 5th, under the auspices of the local fire department and offering a program of Animal Acts all doing their part in a large steel cage. Arena. Every act is interesting to the kiddies as well as the grown ups. A special offer on the matinee is each lady or gentleman buying one paid 50c ticket one lady will be admitted free. See programs for coupons, as they must be presented with each adult paid ticket to matinee only. Avail yourselves of this opportunity and co-operate with the Fire Department.

## FATHER OF W. H. GUTHRIE DIED AT DUNCAN, OKLA.

W. J. Guthrie, aged 74, father of W. H. Guthrie of this city, died in a doctor's office in Duncan Oklahoma on Monday morning of last week while waiting to see the physician. Death resulted from heart trouble. Mr. and Mrs. W. H. Guthrie left immediately for Duncan to attend the funeral which was held at Walters, Okla., on the following evening.

The deceased is survived by six sons and one daughter, all of whom were present at the funeral.

## MISS CLARA RUTH NICHOLS HOSTESS TO SLUMBER PARTY

On last Saturday evening Miss Clara Ruth Nichols was hostess to a lovely slumber party but like most slumber parties there was not very much sleeping done, until the wee hours of morning. First the girls decided they would make some ice cream and amid much laughter and fun it was finally finished. Then they spent awhile discussing their fortunate and unfortunate love affairs. After various other amusements they decided to go to bed but not to sleep because just as soon as they had retired some one started telling ghost stories. Everything got so still that finally they all dropped off into slumberland. Those enjoying this eventful night were:

Misses Florence Gary, Roxie Hancock, Hester Gates, Sue Gates and the honoree.  
All local members, also visiting members of O. E. S. are urged to be present on Monday night October 7. When an invitation will be put on by a visiting chapter. Secretary

Miss Maurine Huff visited in Lamesa last Saturday night.

Mr. and Mrs. C. E. Ray were Lubbock visitors Monday of this week.

## Ginnings Total 1,000 Bales Wednesday Nite

### SILVER TEA SPONSORED BY COMRADES CLASS

First of a series of silver teas to be sponsored by Comrades Class of the Methodist Sunday School was given last Thursday evening at the home of the teacher. A lace covered table on the lawn banked with pink roses and orchid Jack Beans held the punch bowl. This beautiful table was presided over by the class president Miss Hester Gates.

Tables of forty two were enjoyed throughout the evening. Those enjoying this lovely tea were: Rebecca Schooler, J. Y. Everrett, Vernon Kirkland, Jimmie Lee Shook, Mr. and Mrs. J. T. Schooler, Mrs. J. L. Schooler, Mr. and Mrs. W. J. Shook, Newman Caddell, Alta Lee Payne, Annie Maude McVickers, Irma Mask, Mary V. Shook, Vivian Pearce, Gordon Slaughter, Sue Gates, Oleta Moore, Edward Clayton, Jeanette Thomas, Alice Joy Bowlin, Hic Gibson, Louis Edwards, Mrs. L. E. Robinson, Lometa Robinson, L. E. Robinson, Mr. and Mrs. J. P. Bowlin and Sonny Boy.

## Permanent County Organization on Fair at Lamesa

(Lamesa Reporter)  
Dawson county will have a permanent fair association actively functioning during the entire year, according to plans now being sponsored by business and civic leaders.

Purpose of the association, as outlined by those in charge, will be to put the annual exposition on a paying basis here in order to raise a much larger premium list and to bring much larger attractions here for the annual free fair next year. It is planned to hold the organization meeting of the association immediately after the present fair.

A year round fair association, it has been shown, could be one of the greatest and most influential organizations in the city. Through its activity, each year dozens of high class entertainments will be brought to this city and Dawson county during the year and proceeds from these entertainments will be used to help defray expenses of the fair in the fall.

With a permanent fair association it is believed that it would be possible to finance the fair each year with practically no donations from the business men of the city. This is the plan which is being followed in all cities the size of Lamesa or bigger in West Texas.

The permanent fair association should be able to bring at least one high class attraction to Lamesa every month, it was said.

## MISS BEVERLY WELLS HONOREE OF SURPRISE PARTY

On last Saturday evening Mr. and E. T. Wells planned a surprise birthday party for their daughter, Miss Beverly Wells. At the appointed hour a number of girls and boys, friends and school mates of the honoree rushed in taking Beverly completely by surprise. The best surprise of all was a beautiful Conklin set given by the guests who were present. After a most enjoyable evening refreshments consisting of sherbet and cake were served to the following guests:

Misses Hazel Burks, Mary Dean Preston, Earlene Mask, Florence Gary, Florence Henderson, and the honoree.

Messrs Barton Burke, Sam Singleton, Ollie Harris, Sumner Clayton, Howard Tredway, Lester Burdine.

## LOCAL BOY FEELS PROSPERITY

Several high school boys reported a very unusual incident which took place in Tahoka during the County Fair. Mr. Jordan Goddard after winning high honors, with his stock at the fair was reported seen in the lobby of Tahoka's best hotel smoking a twenty-five cent cigar.

Mr. and Mrs. Homer Deakin of Midland spent last Saturday and Sunday with Mrs. Deakin's father, J. W. Chandler and family.

Cotton is moving much faster at this time of year compared with the same period a year ago. A check of the ginnings on Wednesday morning of this week show that the fleecy staple is moving in at the rate of 100 bales daily. Approximately six hundred bales had been ginned since our last report. Up until 10 o'clock Wednesday morning there had been ginned by the seven gins of the city 926 bales. Before this paper is in the mails that will have passed the one thousand bale mark.

Approximately one hundred bales had been ginned last year at this date. O'Donnell received its first bale of cotton in 1928 on September 13th.

## Lynn County Fair Ends After Successful Show

Approximately 5,000 Pass Through Turnstiles of Annual Exposition at Today Session at Tahoka.

TAHOKA, Sept. 27.—Following 2 days of the biggest and best fair that Lynn county ever held, bigger and better in exhibits and attendance than the Lynn county fair closed here last night after fully 5,000 people poured through the turnstiles.

Thirteen communities from various sections of the county had exhibits on display and were rated as follows: O'Donnell, first, 862; T-Bar, second, 851; New Lynn, third, 840; Dixie, fourth, 834; Edith, fifth, 821; Wells, sixth, 812; New Home, seventh, 796; Lakeview, 8th, 783; Petty, ninth, 747; Draw, tenth, 743; Wilson, 11th, 731; Midway, 12th 671; South Ward, 13th, 561. Prizes totaling \$136 were awarded the first eight places. Community exhibits were judged by Prof. Miller, agronomist, of A. and M. college.

**Petty Wins First**  
Petty won the first prize of \$20 for having the best float in the parade Wednesday morning. New Lynn was second and Dixie 3rd. The judges were T. A. Watley Jr., J. J. Payne and L. A. Wilson of the Slaton Chamber of Commerce.

Practically all the women and girls' demonstration clubs of the county, under the direction of Miss Tehma Greenwade, and the boys' clubs under the direction of Roy E. Shaver, had exhibits.

Music was furnished the first day by the Texas Technological College band under the direction of Prof. Harry LeMaire.

## Vocational Agriculture Class Takes Prominent Part in Fairs

Both vocational classes of O'Donnell took a very active part in both the community and county fairs. About half the boys exhibited at the community fair while twenty three exhibited at the county fair. Jordan Goddard, Raymond Debenport and Warren Smith were the outstanding exhibitors at both fairs. Elsie Davis carried away his share of the prizes also. Others who won places were: Grey Cook, Benton Payne, O. L. Harris, and Mr. L. Webb.

Both classes did most of the work in preparing the O'Donnell booth at the county fair which won first place over thirteen competitors. O'Donnell was first with 862 points, T-Bar was second with 840 points, and Wells took 6th place in the trade territory. Tom Gayland, Perry Howard, Tom Brewer, Mrs. John Earls and Vernon Martin collected the exhibits for the booth.

Very few people realize the value of farm boys taking active part in fairs. Not only train boys how to prepare exhibits, but also teaches them the value of growing the best crops and live stocks.

## W. M. S. ENTERTAINS HOSTESS TO OTHER CHURCHES

The W. M. S. of the Baptist church entertained the ladies of the other churches on September 30th at 3:00 o'clock. After an interesting program a social hour was observed. Delicious refreshments were served to forty-five persons.

UNFOUNDED CRITICISM

Critics of the modern trend of consolidating electric power units into great interconnected systems claim that the result will be "trusts," which will exploit the public, charging exorbitant rates or service.

If any power monopoly charged exorbitantly for its service, industry and the home would quickly turn to generation. Public good will be the various substitute forms of electric first necessity of modern industrial success.

Whenever a monopoly is granted by the people a commission of experts is given charge whose duty it is to protect both the company and the public. The utility is allowed to earn only a determined adequate return.

The actual production of power is not expensive. It is the application of power—bringing it to the home of the factory—that represents the major part of the electric bill. And great concerns, with their unrivaled facilities, their financial reserves and their elimination of duplication and waste, create standards of efficiency and economy that cannot be equaled by small plants.

The final test must be the actual costs of power to the consumer. As our electric utilities have grown this cost has steadily decreased. At the same time service has been immeasurably improved and good dividends have been paid to the millions of citizens who own interests in our major utilities.

In the light of actual conditions—not dubious theories—it is no wonder that the American people are wholeheartedly in support of government-regulated power monopolies. The critics with their implied belief in peanut-stand methods, would live in a dark age of industry which our civilization has left far behind.

FIRE PREVENTION WEEK OCTOBER SIXTH-TWELFTH

Statement by Secretary Arthur M. Hyde of the U. S. Department of Agriculture, Urging the People of The Farms and Rural Communities

To Try to Reduce Their Fire Losses

The week of October 6-12 has been designated by President Hoover as Fire Prevention Week. The annual observance of this week, says Secretary of Agriculture Arthur M. Hyde, undoubtedly has contributed materially to the cause of human safety and well-being.

Following the President's announcement on fire losses in general, Secretary Hyde called attention to farm fire losses in the following Statement:

"The farmer has as much reason as the city dweller or any other owner of property, to interest himself in these special annual campaigns against fire.

"The loss on farms and in rural communities due to fires has been estimated to have been as high as 3,500 lives and \$150,000,000 worth of property in a single year. The rural population of our Nation should give serious and constructive thought to this problem and make special efforts to eliminate needless fire losses.

"Lightning, defective chimneys and flues, sparks on combustible roofs, matches, smoking, spontaneous ignition of agricultural products, careless use and storage of gasoline and kerosene, faulty wiring and improper use of electric appliance, continue to be the principal known causes of fires on farms.

"The individual has it in his power to combat these hazards, and I urge that he do his utmost to safeguard his family and property against the fire menace. Periodic clean up and inspection of premises will remove many serious fire hazards.

"The U. S. Department of Agriculture has a special committee on farm fire protection, which is actively co-operating with interested national organizations in an effort to reduce the losses from fires on farms and in rural communities.

"Rural volunteer fire departments, equipped with modern motorized apparatus are receiving merited and widespread attention, and represent investments which pay dividends in fire protection, especially where good roads have been provided.

"The rural fire prevention and control movement calls for concerted and continuous effort by all concerned, with the common end in view of conserving national resources, both in lives and materials."

ATTENDANCE RECORDS BEING BROKEN AT PANHANDLE SOUTH PLAINS FAIR

LUBBOCK, Texas, Oct. 3.—Attendance records are being broken here every day this week as people from all over the Plains are coming in to attend the Panhandle South Plains Fair that opened Monday and will close Saturday night, October 5.

In addition to exhibits that fill every building to overflowing and many interesting exhibits on the outside, the air is featuring some of the best entertaining and amusement events ever offered here.

The Cotton Belt Shows has the best carnival that has ever played in

West Texas with nine rides and a big number of clean shows.

Each afternoon circus stunts free, with everything from the high diver to the clown policeman, amuse the crowds before a free football game. A mammoth fire works program is offered free each night, following the six free circus act.

Monday, the opening day, 13,911 fair visitors clicked through the turnstiles. Tuesday, Lubbock day found all Lubbock turned out to see the fair with all the stores closed during the afternoon. Wednesday, school day, brought thousands of school children that jammed the fair grounds from early to late. Thursday, Friday, and Saturday, are expected to be big days. Football games Thursday, Friday and Saturday are: Thursday Tahoka and Littlefield; Friday, Post and O'Donnell; and Saturday, Plainview and Slaton.

The record attendance of 120,713 set up last year is going to be badly shattered this year form present indications, says Bryon C. Dickinson, president.

With exhibits from all over the Plains, the fair is known as the Show Window of the Plains.

The best butter can be made only from clean, sweet cream. The better the quality of cream delivered, therefore, the better the creamery will be able to pay the producer. Be sure the cream that you produce is first grade.

I you find small, blackish, white-winged ants flying in large numbers in your house in fall or spring, do not sweep them up and forget about them, advises the U. S. Department of Agriculture. They must be termite, or so-called "white ants," and perhaps are destroying the wood-work of your home.

C. E. CAMERON is the representative of the Texas Electric Service Company in O'Donnell.

For any information about your electric light service call Mr. C. E. Cameron at Texas Electric Service Company, Lamesa, Phone No. L. D. 11 or or at Lamesa Texas, Phone 237.

Mr. and Mrs. R. K. Thornhill of Lamesa were guests of Mr. and Mrs. W. H. Thornhill of this city last Sunday.

TEXAS

young men and women who wish to conquer the world

we recommend Texas

TEXAS NEEDS YOU, wants you! Her resources await the magic touch of your youth, vision, courage and boundless energy to bring them to full fruition. Look the whole world over and you will find nowhere a more thrilling, more romantic, more substantial combination of opportunities than Texas has to offer you. Whatever training you may take—engineering, finance, journalism, economics, science, business, industry, agriculture—Texas presents an array of potential avenues for your broadest development.

To return for all that you bring to your tasks in Texas, she will repay you in fullest measure. Wealth, happiness, men and women associates of world significance—all that youth could ask in its wildest flights of ambitious dreaming, Texas supplies with lavish hand. Opportunities on every hand for making a name for yourself, carving that idealized niche in the hall of fame which is the priceless birthright of every Texas youth. Stay in Texas and Texas will stay with you.

For the past several years the Texas Electric Service Company has served a large number of Texas cities and towns with electric service. We intensely understand the boundless opportunities which Texas has for young men and women with college background. We urge you to stay in Texas and work, as we have worked, for the development of the mightiest empire in all America—Texas.

Texas Electric Service Co.

The Silent Partner of Progress

**LET MOTOR CO. SELL 1,200,000 SIX CYLINDER CARS SINCE JAN. 1**

Oct. 3.—The Chevrolet Company announced here today that it has sold more than 1,200,000 six cylinder Chevrolet cars on the road since the year.

The achievement accomplished in nine months, is three times as many as any other manufacturer has sold in a calendar year of 1928. It is certain that six cylinder cars will set a world record surpassing the first in the history of the industry of four cylinder cars. This is because of Chevrolet's achievement in 1928.

Factory officials declare the reason for the success of the six is the public's preference for construction affords, but too that the influence of volume production, which has made it possible for the industry to get six cars down to the lowest on the market.

During 1929, for the first time in many years, railroads are earning more or less adequate dividends. If this record continues to the end of the year, it will be a triumph not only for railroad efficiency and economy, but over the tax collector.

Teh school board has planned on buying the boys and girls some basketball suits in the near future.

J. W. Franklin, Jr., son of Mr. and Mrs. J. W. Franklin has recently returned from the Lubbock Hospital, after remaining there for several weeks suffering from a broken leg.

Mr. Showalter, superintendent of this school has recently ordered some new text books. We have been doing some splendid work and hope to do better.

The school boys played the outside boys a game of basketball Friday, September the twenty seventh. The game was a good one. The boys played well but the outsiders won.

Some of the citizens of this community won some prizes on their stock at the fair at Tahoka. The community won sixth place on the community exhibit.

There was a meeting at the school building Monday night and decided to begin school early and make the noon hour short, until the cotton is picked.

For the twelve month will be in the neighborhood of \$415,000,000, about 25 per cent of net earnings.

American railroads have been continually raising their standards of service. Car shortages have disappeared, the speed of freight trains and the dispatch with which goods are at least earning a reasonable profit under such circumstances is nothing short of an industrial miracle.

Pasture rotation, use of forage crops, feeding from racks or bare floors, draining or filling swamps, and restraining wandering dogs are valuable measures in parasitic control.

**RAILROAD EFFICIENCY WINNING**

During 1929, for the first time in many years, railroads are earning more or less adequate dividends. If this record continues to the end of the year, it will be a triumph not only for railroad efficiency and economy, but over the tax collector.

In the first six months of this year the railroads' tax bill was about \$12,000,000 more than in 1928, the former high record period. The total

David Chandler of Lubbock spent Sunday with home folks, returning Monday accompanied by his brother, Joe who will attend the Lubbock Fair.

Mrs. Roy Moore of Slaton spent last Thursday with her sister, Mrs. J. L. Shoemaker, Jr., and family.

Mr. and Mrs. Marshall Whitsett and B. J. Boyd were Lubbock Fair visitors Monday of this week.

Mr. and Mrs. Joffrey Holman of Levelland spent last week-end with their parents, Dr. and Mrs. D. H. McDaniel and family and E. D. Holman and family.

Mr. and Mrs. E. J. Tredway spent last week-end in Gall visiting Mr. and Mrs. L. A. Pearce.

Mrs. M. T. Gillispie of Eden is here this week attending to business and visiting friends.

Chas. Cabool of the C. C. Dry Goods Co., spent the past week end in Lubbock.

Miss Bertha Williams of El Paso, and Mrs. J. W. Sharp and children, of Aresia, N. M., are visiting their mother and father, Mr. and Mrs. G. W. Williams, of the O. K. Community.

Miss Louise Anderson returned home Sunday from an extended visit at Waco, Fort Worth and Dallas. Miss Agnes Anderson accompanied her home.

Mr. and Mrs. C. J. Edwards of Crawford, Texas, are visiting in this community.

**GRANDVIEW**

We don't ever see any thing from Grandview in the O'Donnell Index so here we come.

This is a good lively place. Sunday School every Sunday.

Preaching every fourth Saturday night, Sunday and Sunday night by Rev. DeGuir.

Cotton pulling and maize heading is the order of the day in this part of the country.

Willie King and wife of Breckenridge came in Thursday to visit Mr. King's brother here.

There was a dance at Mr. McLaurens Friday night and a large crowd enjoyed by all was the report.

E. A. Smith and family visited in the home of Mrs. Smith's parents, on Saturday night and Sunday.

J. McIntyre the Piano man was seen in this community last week. He also visited his niece Mrs. Smith while here.

Everybody come to Sunday School and bring some one with you.

High-producing dairy cows not only excel low producers in production of milk and butterfat, but they show more economy in utilizing feed. Records of more than 100,000 dairy cows, compiled by the U. S. Department of Agriculture, shows that the cost of feed for cows producing 2,000 pounds of milk a year per cow was only about 40 per cent more than for cows producing 4,500 pounds.

And on top of this must be placed the still greater destruction in human life.

During Fire Prevention Week we will learn of the danger of neglected wiring, carelessly disposed of matches or cigarettes, piles of refuse, poor building construction and so on. But unless our citizens carry the lessons learned through the other 51 weeks of the year nothing will be gained.

Make Fire Prevention Week the start of a Fire Prevention Year.

flowers to Mr. T. B. Franklin, who was the Superintendent of this school last year. The Sunday school sent a bouquet to Mr. T. B. Franklin and also one to J. W. Franklin, last Sunday.

Mr. Edwards, the Superintendent of the O'Donnell School very kindly let us have a part of his supply of book covers for which we are very thankful.

The teacher of the third and fourth grades, Miss Mable Draper and her pupils entertained chapel last Friday, with a program, which was very interesting.

Miss Eunice Little, teacher of the fifth and sixth grades and her pupils are to entertain with a program in chapel next Friday morning at nine o'clock. All interested patrons of the school and others are invited to be present.

Helen Askew spent the day with Gertrude Waldrep Sunday.

J. W. Franklin, who has been in

the Sanitarium at Lubbock, since he was injured some weeks ago, by being thrown, will be brought home on Thursday.

Wells people were represented in the O'Donnell community fair, September twentieth and twenty first, and were pleased very much at the decision of the judges, which gave Wells first place in the "Community exhibits. We are going to Tahoka, the twenty-fourth and twenty-fifth.

Brother Shumake filled his appointment here Saturday night, Sunday and Sunday night. The school boys fixed the basket ball courts Tuesday and spent all of their spare time putting up the goals, marking courts, and fixing things for the playground. It will not be long until the boys and girls will be working at all kinds of athletics.

The entire school have memorized America, "Twenty-third Psalm," and the Lords Prayer this month.

The school is progressing nicely, but some of the students have stopped order to help pick cotton.

Miss Mabel Draper and Miss Eunice Little, two of our teachers, spent the week-end visiting in Lubbock and Lorenzo.

The following people of our community won prizes at the O'Donnell Fair.

Mr. M. L. Taylor, first prize on best individual booth.

Mr. D. G. Phipps and Mr. D. J. Bolch on Poland China hogs.

Mr. E. Bayer won first on corn and second on Hegira.

Mr. Cecil Yeatts won first on millet.

**FIRE PREVENTION WEEK COMING**

October 6 to 13 has been set aside as Fire Prevention Week. During that time public and private organizations and authorities will make an effort to instruct citizens in the fundamentals of doing away with our terrible fire waste.

In past years the fire rate has always gone down during the week, only to rise again to "normal" immediately after. It is the old case of a lesson going in one ear and out the other.

Fire is perhaps the greatest single menace to progress we must face. Every year it destroys property which in terms of monetary value, would support whole governments, cover the country with paved highways, provide greater educational facilities, or do any number of other great ser-

**WELLS NEWS**

(Too late for last week)

Our young people met Sunday night, September the fifteenth, for the purpose of reorganizing the B. Y. P. U. C. Bolch was elected president, Donald Tucker, vice-president, Ray Askew and Miss Willie Ruth Little, our primary teacher were elected as group captains. Ray Askew's group gave the program Sunday night. Miss Willie Ruth Little's group will entertain next Sunday night. Everyone is invited to attend.

The farmers of this community are busy harvesting their crops. Eleven bales have been ginned at the Wells gin. Mr. Roberts ginned the first bale here.

Mr. T. B. Franklin, who has been critically ill in the Lubbock Hospital with the typhoid fever is reported to be improving nicely.

Early last week the pupils of the Wells High School sent a bouquet of

The only show that is coming this season.

ONE DAY—AFTERNOON and NIGHT

**Sat. Oct. 5th.**

The one difficult phase of dahlia culture is successful storage of the dormant roots. As soon as the tops are killed, lift the plants and cut the tops off 8 to 12 inches above the crown. Let the tubers dry in the air for a few hours and store them in a frost-free cellar that is not too dry. If the cellar is too warm or too dry, as is apt to be the case, store the roots in barrels filled with dry sand or sawdust. Dahlias should be used not to injure in digging as decay that would wound will soon spread to roots.

In Texas in 1923 life insurance companies paid out \$29,000,000 in death benefits, natural gas dividends and cash surrenders, ranking eleventh among the
