\$1.50 PER YEAR

## Warner Const. Co. Gets School Job

Warner Construction Co. of San Angelo was awarded the contract to build the new elementary school here. The bid of \$138,652 was the lowest of nine opened by members of the school board. This includes general construction. Lowest bid for plumbing and heating was submitted by J W Gray Plumbing Co. of Lubbock at \$19,500. A low bid of \$9,493 for electrical work was submitted by the J. and H. Electrical Co. of Lamesa.

Construction of the school is pending authorization from the National Production Authority but the order is expected around Oct. 1st.

Bids on general construction were: Chester Blevins Co. of Uvalde, \$139,989; Gilstrap Co of Lubbock, \$143,435; F C Gipson Co of Odessa, \$153,802; Honeycutt Co of Lamesa \$218,795; G A Jones Co of Lamesa \$146,704; Marlang Co of Sherman \$150,500; Norcross Co of Snyder \$157,000 and Wilder Co of Ft Worth \$150,632. The new school will be built on the block immediately northwest of the high school. Estimated cost of the building and furnishings is \$225,000.

Board members present at the bid opening were D W Mires, president, C L Cook, E L Wittee and J W Gardenhire. Present also were John Morris, new superintendent and S F Johnson, former superintendent.

Clara Blackwell, her mother and her sister have moved to their former home at Martin's Mill. They have lived here for the past 2 1/2 years.

Mr and Mrs Littleton of Ozona spent the week end with the Hardberger families. Mr Littleton is building a new home at that city.

Bert Brewer and his mother Mrs P. P. Brewer visited in Arkansas last week; Bert said that state was ideal for cattle; said that the farms are being put into pasture and that an average 160 acre place would run 50 cows the year round. Arkansas was one of the states hardest hit by the 1930 depression.

Something to look at: go see Shorty Wilson's cotton crop on the Higginbotham farm west of town. Shorty has some 700 acres that should average a bale per acre. The cotton is loaded and lapping in the middles. The land lies atop a prehistoric river, the Blackwater Draw, we believe, that runs on thru Portales. At any rate the cotton has been sub-irrigated all year which is superior to surface irrigation.

Mr and Mrs Junior Barnes and Mrs Clarence Daniel vacationed in Colorado last week.

Mr and Mrs Jeff White and family are vacationing in Colorado.

Bobby Sumrow is spending his vacation in Ft Worth visiting his uncle, C H Fleming.

D. E. Sumrow is visiting in Celeste, near Greenville, seeing after his farm there.

Mr and Mrs Marion Edwards and family of Arlington recently visited his parents Mr and Mrs Don Edwards.

John Earles visited at Ruidoso last week; he returned with a sack of Hondo cabbage giving the Ed a nice head; quite tasty, too.

Mr and Mrs G W Gates of Shalwater visited Mr and Mrs Jake Gates Sunday.

Bobby Carroll returned home from the hospital Monday and is doing nicely.

Mr and Mrs Eddie Smith and Mrs Effie Bazler visited. Mr and Mrs Masolon Smith in Lamesa Sunday.

Mr and Mrs Hal Singleton 3rd and Mrs Harold Gene Franklin and Mrs Mutt Gillam, and Mr and Mrs Bill Barnes are vacationing in Colorado.

Mr and Mrs Lloyd Davis and family spent Sunday in Seagraves.

Mr and Mrs Oscar Telchik and daughters left Tuesday for a visit to Muleshoe.

Mr and T L Leach and family of Lubbock visited Supt John Morris and family Thursday.

Among the new teachers who are already located in O'Donnell are: W. Y. Gravitt, Paul B. Williams, Marcus A. Williams and J. G. Freeman. O'Donnell welcomes you and we are anxious to meet you.

**Look Who's New**

Congratulations to Mr and Mrs Joe Harris on the arrival of a fine boy born Monday afternoon at a Lamesa hospital. Grandparents are Mr and Mrs Doc Beach and Mr and Mrs Dorey Harris.

Congratulations to Mr and Mrs W D Parker on the arrival of a fine boy at a Lamesa hospital Monday afternoon. Grandparents are Mr and Mrs Henry Cathey and Mr and Mrs Lester Parker.

Mr and Mrs Gordon King, and family visited his sister Mr and Mrs T M Pearce over week end.

## Reburial Service Tuesday For Cpl. Shepperd

Reburial services for Cpl. Charlie C. Shepperd, of here, who was killed in action in Korea were held at 2 p m Tuesday at the First Methodist church here. Officiating for the services was Rev O D Cox of Coleman County. Burial followed in the local cemetery.

The body arrived at Tahoka Monday morning where it lay in state at the Stanley Jones Funerary Home until the services here.

Cpl. Shepperd, son of Mr and Mrs W R Shepperd of New Moore, was killed in action in Korea Sept. 6th of 1950. He had been in Korea about a month with an Army anti aircraft unit.

He was a veteran of World War II having served in Germany during the war with an army anti aircraft unit. He was discharged after the war but re-enlisted in 1946. He farmed here prior to re-entering the service.

Survivors include his parents; four brothers, Garland of Hope, N. M., Guy of Lamesa, Leonard of Roswell and Billy of here; and one sister, Mrs Bert Aury of here.

The V. F. W. and American Legion were in charge of the military rites.

Charley was born May 19, 1921 at Mason Co. having lived most of his life near Wells and New Moore and attending school there. He was one of our most popular and admired young men. Our sympathy to the loved ones at this sad hour.

Mr and Mrs J O White and Mr and Mrs Woodrow McLaurin vacationed in Colorado last week.

Rev. Edward Crandall visited here one day last week.

Mr and Mrs F M Page visited at Galveston over the week end; Carl is entering medical school there this fall. His friends here have fond hopes of him making a fine doctor. Carl has dedicated his life to this as a minister gives his life to the Lord.

Congratulations to Mr and Mrs M. J. Dorman on the arrival of a fine daughter, Dorothy Fay, born Sunday at a Lamesa General hospital and weighing 8 lbs. 2 oz.

### 3 1-2 Inch Rain Helps Crop Outlook

A crop saving rain last Thursday netted 3.45 inches of rain here according to Ben Moore. The fall was general with nearly every portion of the trade area receiving from 2 to 6 inches. The moisture is expected to increase this year's crop from a former estimate of 8,000 bales to 14,000 bales ginned here.

The date of the first killing freeze as well as general growing weather for next 60 days will determine the total crop. Feed, especially, is expected to benefit as will the blackeye peas. Many farmers are drilling wheat this week in their acres of poor crop stands and some farmers are planting wheat in the cotton middles. The first bale is expected about Sept. 10th and the crop will be late, probably Oct. 1st before general ginning.

A nice crowd Monday nite heard Robert Scoggin, young Lubbock organist, in a concert of classical organ numbers at the First Baptist church. The audience vastly enjoyed the evening of music and the community would benefit by more cultural programs of like nature.

Let us plan and make your next "Name" belt; see us today, Jolly Shoe Shop and Western Wear.

### PAVING WILL START, SAYS MAYOR HASH

Mayor J L Hash said this week that the paving contractors would be down within the next two weeks to discuss the proposed paving for the city. Mr Hash said that 4 or 5 blocks were signed up and ready for paving.

### BRIDAL SHOWER HONORS MRS DON MANSELL

The home of Mrs Levi Gray was the scene of a bridal shower honoring Mrs Don Mansell Tuesday afternoon. Miss Virginia Sanders gave several piano selections. After the gifts were presented to the attractive bride, a brief note of appreciation by the honoree was expressed.

Miss Marilyn Williams of Littlefield presided at the bride's book. Mesdames Harvey Line and Clarence Gillespie were co-hostesses and presided at the punch bowl and served the cake.

Those attending from out of the City were Miss Pat Phillips, Miss Maxine Stoneman, Mrs Clemmie Cumby, mother of the bride, Mrs C D Blair, Mrs Grover Sutton, Mrs Billy Borum of Lubbock and Mrs J C Bagwell, a sister of the groom, of Dallas.

### EAGLES LOOK GOOD

Coach Robertson reported a very nice turn out of football candidates Monday for pre-school workouts. Ed has high hopes for a good team. The Eagles may not win the flag but they should give the winner a tussle for the district prize.

Seven home games should be appreciated by the fans. Let's plan to attend all 7 home games.

Few people realize to what extent modern education is big business. It is estimated that each month of the school year the System will release \$10,000 in pay rolls and operating expense directly or indirectly which is certainly a nice industry by any yardstick.

Members of the Methodist church and guests will enjoy a chicken barbecue Wednesday nite at the Fellowship hall of the church.

O'Donnell DAIRY KING

The 1951-52 term of school will open Monday morning with a new superintendent, John Morris of Claude, in charge of the system. The first time in 16 years the school has had a change in the top school position.

Mr Morris and family have moved here and reside in the former S F Johnson home which was purchased by the School system. Mr and Mrs Johnson and family moved last week to their new home at Plainview where he is superintendent assistant of the schools there. Mr Morris has been superintendent of the Claude schools for 17 years prior to moving here.

The interior of the high school has been repainted and repaired as has the Home Making Cottage and the Ag building. The grade school has been painted on the exterior with the remodeling of the porch on the south entrance, rest rooms have been added by using a class room and the lunchroom brightened. 2 new buses have been added.

As you will note in the list of teachers this issue, many new members of the faculty have been added. Mr Morris said he looks forward to a smooth running and progressive school year.

### Registration Schedule

The following schedule has been planned for enrollment: Seniors, Thursday 9 a. m. of this week.

**SCHOOL OFFICE TO MOVE**

The O'Donnell School District office will move to the Ben Moore building on or after September, according to T J Yandell, secretary.

**EDWARDS ADDS TO BUILDING**

Clyde Edwards, owner of the Edwards Imp. Co. here is constructing a 75 by 42 ft. concrete tile building as an annex to his present building. Mr Edwards said the new building would be used as a display room for implements and the present building would be used as a repair shop. Joe Rogers is the firm's mechanic.

**DINNER GIVEN**

Mr and Mrs J C Durham were honored with a dinner at the home of Mr and Mrs W E Pierce of Draw, parents of Mrs Durham.

Attending were Mr and Mrs S A Mensch, Mr and Mrs Alvin Mensch and children, Mr and Mrs Doyle Mensch and family, Mr and Mrs Leeroy Mensch, Mr and Mrs Fred B Pierce and family, Mr and Mrs Lloyd Pierce, Tahoka, Mr and Mrs O C Mensch and family, Mr and Mrs Irvin Mensch of Lamesa, Mr and Mrs Louis Pierce and family, Mr and Mrs Leonard Peach, Mr and Mrs Walter Stags of Lubbock and Mrs Reed Yandell and children, Mr and Mrs Wayne Bradshaw and son and Rev and Mrs B T Peck.

**NORTH "Y" IS GROWING**

Almost completed is a new and attractive concrete tile store building at the North Y owned by Joe Jackson. It is expected to be leased soon.

Incidentally a very nice business and residence section is growing up at the North Y and development is expected to continue.

**TELEPHONE CO-OP GETS GREEN LIGHT**

The go-ahead sign was given to the Poka Lambro Rural Telephone cooperative officials last week by the National Production Authority which approved the South Plains organization critical material priorities.

Sam Allerton, coordinator for the Poka Lambro, said that advertising of bids for the materials will go out in the near future. The N P A action was described as most important toward getting the rural telephone project underway.

Class A priority was given Poka Lambro for critical materials, indicating the importance national officials place on the project, Allen said.

The material priority is ticketed for the east half of the telephone district including O'Donnell, Lamesa, Gail, Tahoka and Southland. There should be no holdup on materials orders, Allen stated.

Gail and O'Donnell will not get telephones before September of next year.

# Cease Fire Talks Resume in Korea; WSB Advises New Wage Increases

**A MINOR DELAY**—Negotiations for a cease fire in Korea resumed at Kaesong after Communists leaders pledged to keep the conference town clear of armed troops. Gen. Matthew B. Ridgway broke off negotiations after the Reds violated their pledge to keep Kaesong neutral.

Apparently a minor delay in the deadlocked talks, Ridgway's action nevertheless was a firm reminder that the United Nations expected the Communist to abide by previous agreements. It was also a pointed hint that the UN means business and that peace can only be achieved by honor on both sides.

There still has been no announcement of any progress over the question of a demilitarized zone across Korea, which has deadlocked the negotiations for days. The Reds insist that the line shall be centered on the 38th parallel. The allies want it along defensible positions, south of the parallel in the west but north of the old political boundary in the center and east.

**AN ISSUE FOR '52**—The new price control law, signed reluctantly by President Truman, will be one of the big political issues in the 1952 Presidential campaign, as sure as "God made little green apples," as the cracker-barrel philosopher would say.

The fact was evident by the President's blast that the nation's families cannot have protection against inflation until "congress repairs the damage done by this new act." He added, with a grimness of tone that startled many reporters, that the measure was "the worst I ever had to sign."

The Republican and southern Dixiecrat coalition that had refused the President the powers he desired in the bill, continued to maintain it was a good measure if it was properly administered.

**WAGE INCREASE PROPOSED**—With the recommendation of the wage stabilization board that cost of living increases be allowed for all workers, it appears the administration will allow such increases at once. President Truman hinted as he signed the new price control law that the government would allow reasonable adjustments in wages to fit cost-of-living increases.

The new regulation would effect workers who are paid by the hour, or are represented by unions, in three general classes: (1) Those who had cost of living provisions in force prior to Jan. 26, 1951, the wage freeze date; (2) those employers and unions who now want to include such clauses in contracts; and (3) those who want to relate wage rates to the cost of living but who do not want an escalator clause in their contracts.

It is estimated that living costs have increased approximately 11 per cent above January, 1950.

**THE WEST POINT STORY**—The announcement that 90 West Point cadets had been dismissed from the academy for cheating on examinations caused considerable talk across the nation last week. The scandal, breaking of the academy's honor system that dates from 1817, wrecked the army's powerful gridiron team and was the largest mass dismissal since the military academy was founded in 1802.

Maj. Gen. Frederick A. Irving, the academy's superintendent, acknowledged that the action taken was "stern and uncompromising." But he added: "After weighing all factors most carefully, I, and the responsible heads of the army, are convinced that there could be no compromise solution that would preserve the vital honor system of West Point, which is the very heart of the academy."

**FOOD PRICES**—Home towners throughout the nation welcomed the bureau of agricultural economics' report that plentiful supplies probably will keep food prices from going much higher this year. But most home towners, remembering the past 12 months of rising prices, accepted the statement with reservations.

Since July of 1950 retail food prices have increased approximately 12 per cent. For the whole of 1951 they probably will average at least 10 per cent higher than in 1950.

The bureau said livestock and crop-production prospects indicate that food supplies available during the latter half of this year will be somewhat larger than a year earlier. The bureau also reported beef-cattle prices at times may drop below ceilings during the heavy marketing season this fall. However, a strong consumer demand for meat may prevent any substantial decline in prices.

The bureau said future increases in prices probably would be limited largely to revised price ceilings under the new defense production act. The new law relaxes limitations on margins for processing and marketing food and other products. As a result, some widening of farm-to-retail price spreads may occur.

**FUNDS FOR DEFENSE**—The powerful house appropriations committee chopped \$1,542,608,500 off the administration's requested military budget, but the total for defense still is a record in the peacetime history of this country—\$56,062,405,890.

This amount does not include what the country will spend on Korean War replacements and troops in Japan and Germany.

The bill would allot \$20,125,574,665 to the army; \$15,552,143,225 to the navy, and \$19,854,128,000 to the air force.

The committee said a huge outlay is needed "to create sufficient power to prevent disaster in the event war is forced upon us. At the same time the group criticized the defense department's "glaring and wasteful mistakes" in military purchases, "ill-advised buying" of civilian goods, and wasteful use of manpower.

**POLIO FUND**—The Sister Kenney Foundation will open its annual campaign for funds with which to continue treatment of polio and research in the causes of the disease on August 20. The campaign will continue until September 20.

Sister Elizabeth Kenney, who directs the foundation, is the Australian nurse who came to the United States several years ago and since then attained considerable success in the treatment of infantile paralysis.

**Narcotic 'Salesmen' Picked Up**  
The round-up of narcotic violators continues by federal agents with the arrest of "Waxy Gordon" Wexler (left), Arthur Repola (second from left), and Kass and Ben Katz. Their combined bail totaled \$500,000.

## DEFENSE BONDS

### Little Savers Buy More Than Investors

The folks in the home towns of the nation who save a few dollars a week are buying the most defense bonds, according to the treasury.

During the first five months of 1951, the treasury sold 11 per cent more \$25 and \$50 bonds than during the like five months last year. During the same period, however, sales of the giant-sized \$1,000 bonds were 39 per cent under last year.

## THEY WANT TO WORK

### Only One Out of Four Actually Want to Retire When He Is Old

In the face of social security requirements and expanding business programs for retirement at 65, only one American breadwinner out of four actually likes the idea of retiring to a life of complete leisure when he grows old. Three out of four want either to keep on working at their present jobs, or at least "do something useful" in their sunset years, according to a survey of male policyholders by Northwestern National Life Insurance Company.

Of the 3,000 men covered in the survey only 24 per cent want a life of ease when they reach retirement age; 39 per cent want to be financially able to cut their working hours or shift into some lighter occupation while 37 per cent would keep right on working at their present jobs if permitted, and would only fall back on a retirement income when physically or mentally unable to hold their jobs any longer.

Retiring to the life of Riley appeals to more of the younger men—28 per cent of those under 40 said they would like complete freedom from work when they reach retirement age. But only 23 per cent of those aged 40-49 want complete retirement, and of those in the 50-59 bracket—in hailing distance of R-day—only 20 per cent want complete leisure while nearly half of this group—45 per cent—would like to keep on at their present jobs as long as they can "pull their weight."

The remainder (35 per cent) of the older men would like to ease up a bit, or shift to some lighter occupation or money-making hobby, but they still want to be useful.

Results of the survey would indicate, the report says, that a modest supplementary retirement income would fulfill the future desires of most Americans. But the fact needs to be faced, the report adds, that many who don't want to retire may have to do so when the time comes, because of inability to maintain the pace necessary to "deliver" satisfactorily on the job, even though they may think they are "just as good as ever." Therefore, instead of the usual rigidity, flexibility is a vital need in the retirement income program of the average man, so that income payments can be "turned on" earlier if needed, or can be postponed while his fund continues to build up, as long as he is able and wishes to keep on at a gainful occupation.

Among the part-time money-making activities planned for retirement years, small-scale farming is the most popular objective; operating some form of small business such as a few tourists cabins is the next most frequently named plan.

Hunting and fishing are by far and away the favorite hobby to which the full-retirement advocates look forward; next come gardening, woodworking and photography, in the order named. Three out of four plan to do some traveling when they retire; four out of five of these future travelers want to do their sightseeing in the U.S.; one out of five hopes to do some foreign travel. Twice as many would prefer to spend their sunset years in the country as would choose the city.

Among the survey group who do not care for a life of leisure is a 28-year-old architectural engineer, who observes in his response, "Too many who retire are dead 12 months later. I'll stay in harness." A 52-year-old mechanic agrees with him: "Would rather wear out than rust out." The 60-year-old president of an iron works declares, "Tried to retire after the last war. Nearly went crazy. Started new business with son as manager—now very contented."

A builder remarks, "I note that most of my friends who retire are poorly adjusted." The manager of a wholesale grocery, 60, says, "Have money enough to retire but am unable to decide what to do with my time." An independent oilster who drives a pickup and delivery truck declares, "Seventy-two and still going strong; I do not ask for old age assistance, thanks."

A 44-year-old, however, who yearns for complete leisure to enjoy travel and life of ease in the country says, "I might change my mind later, but after 25 years of being dominated by an alarm clock, I doubt it."

### Congress Has Hard Time Subduing Administration

By Wright A. Patterson

**IN A GOVERNMENT** such as ours, the people are the top brass. They issue the orders and demand that their orders be obeyed. Their direct representatives are those they elect to the two houses of congress, senate and house. Any one, big or little, who ignores and flaunts the orders of the representatives of the people, the top brass, must eventually answer to the people.

It has been established as almost a rule that any action taken by congress, if that action did not accord with the expressed wish of the Administration, has been ignored, has been flaunted.

That was true when congress decreed assistance for the Nationalist forces in China, then fighting the Chinese Reds. At the instigation of Secretary of State Acheson supported by the President, China did not receive the aid congress had said was to be sent. It was the President and his appointee who stopped it. Not the representatives of the top brass, the people.

Over the past decade there have been numerous instances in which the will of the people, as expressed by their chosen representatives have been ignored and flaunted.

Another such was when congress instructed that the air force of the nation should be increased to a total of 70 groups. The President did not agree with the instructions of the representatives of the people, and, at the time, reduced the number. Since doing that he has changed his ideas, and has now in-

creased the number of groups, not to 70 but to 84, again ignoring the action of Congress.

His latest flaunting of congressional instructions was in connection with the installation of radar stations in the east and west coasts. Congress not only said such installations were to be made, but appropriated the needed money to pay for the job.

Those radar stations have not been installed nor started, and the people of both coasts are left at the mercy of Joe Stalin's bombers should he wish to send them this way. The destruction of American coastal cities in something the Administration might be called upon to answer for, because of the flaunting, the ignoring of the action of congress, the direct representatives of the people.

It is to be regretted that the people have no immediate appeal from any arbitrary action of the part of any administration, as has England. In the English system, any vote of a lack of confidence in Parliament means the fall of the government and a new election right then.

We vote a "lack of confidence" when Congress passes legislation the President has vetoed. Such a "lack of confidence" vote has been passed by congress on several occasions during the years of this administration, but the people must wait until 1952 before that administration can be changed.

Then the change will probably be made unless the people have forgotten, or unless a sufficient num-

ber of new employees have been added to the bureaucratic payrolls to insure a needed number of votes.

The only recourse congress has to stop that method of vote making is to stop the appropriating of money with which to meet the bureaucratic payrolls. The opposition would quickly stop the appropriations, if they could. They would cheerfully stop the votes, but they do not want to stop the jobs, which they hope to fill should they be successful in the next election.

If the opposition is successful, the flaunting and ignoring of Congress, the direct representatives of the people, will be one of the causes. People of the coast states, east and west, may remember that, through their representatives, they instructed the administration to install radar stations as their defense against Stalin's bombers, but their instructions were ignored and flaunted.

The British labor party has split over whether England should spend its money for false teeth for the toothless or for war munitions to provide England's freedom. Health Minister Bevan would buy the false teeth, leaving the arms investment to America.

We pray for rain, but the Lord never suits us as to time or quantity.

## THE FICTION CORNER

### JIMMIE'S RED

JIMMIE'S RED hair fairly bristled with defiance as he stalked up the pathway to Attorney Denton's spacious home. Any other time freckle-faced Jimmie would have jumped lightly over the low cypress hedge that separated the two homes—but not today!

Glancing over his shoulder, Jimmie could see his Dad watching from the dining room window, in all probability chuckling over the predicament old gabby Denton was in. It was, in fact, Judge Reed's words that had sent Jimmie on this errand, "Son, you go right over to Denton's and tell him exactly what happened. He's legally bound to pay off."

"Good afternoon, Jimmie," Attorney Denton smiled as he opened the door, "what brings you here—and why so serious, son?"

"Without bothering to return the Attorney's friendly greeting Jimmie took a deep breath and plunged in: "Mr. Denton, while I was in the bakery today, a big dog jumped up on my bike carrier and stole a rib roast—and ran away with it!" Catching his breath, he continued, his words crisp and defiant, "What can be done about it, sir?"

The attorney smiled, "Well, Jimmie, that shouldn't be too difficult. It appears to me you have an excellent case against the dog's master. You should have no trouble whatsoever in collecting."

"Is that right, Sir?"—well, Mr. Denton, it was YOUR dog! Jimmie was elated—this was much easier than he'd figured.

"Oh—my dog Rex, eh? Well, Jimmie, in that case I'll be glad to pay the costs. How much was the roast?" Denton reached for his bill-fold.

JIMMIE chuckled to himself, "This guy's an easy one! I'm doing okeh—even better'n Pop could do it! bet!" Out loud he said "Attorney Denton, the cost of the roast is a minor matter—there's my time going back and forth—and Jimmie squared his shoulders, "my injured reputation. No one will trust me to deliver things for them now—and that's how I earn my money!"

"That should do it," Jimmie thought proudly, "That ought to bring me enough to get a Hop-along-Cassidy hat, as well as pay Mom for the roast."

Attorney Denton looked thoughtful, "H-mmmmmmm, I guess you've got me on all points, Jimmie. How much are the total damages?"

Mentally figuring, "Three-fifty for the roast and two-fifty for the hat," Jimmie replied briskly, "Six dollars, Sir, should cover all costs." Dad would be proud of him—he'd shown the attorney he wasn't so smart after all!

Denton looked down at the minor duplicate of his old friend Judge Reed, then slowly opened his bill-fold.

"Thank you Sir!" Jimmie thrust the six crisp one dollar bills into his pocket while making a quick, but dignified, move toward the exit. In his haste to get away, Jimmie fumbled with the door knob—most anxious that the attorney didn't see the smile he was trying to hide. He was pleased as punch with himself, and awfully anxious to show Dad how well he'd come off. "Nothing to it at all if you use your head," Jimmie thought gleefully to himself as he stepped out on Denton's porch.

"Just a moment Jimmie," Denton's suave voice interrupted his flight, "Didn't you forget something?"

"No—no, sir, I don't think so." Jimmie glanced around—he hadn't brought anything with him—not even a hat. "Well, Sir, thanks again, and goodbye."

"But Jimmie—you HAVE forgotten something. My legal fee for advice. That will be two dollars and fifty cents!"

# HOUSEHOLD MEMOS... by Lynn Chambers

Serve a Salad for a Satisfying Supper (See Recipes Below)

## Summertime Salads

**PLEASANT SUMMER DAYS** are numbered just about this time, and you want to make the most of them. Quickly, easily made salads that are appealing and substantial enough to satisfy appetites will give you the time to stay out-of-doors longer and enjoy yourself.

Salads which can be made ahead and which require thorough chilling are the ideal dish to serve for supper or for lunch. They give you an opportunity to use garden produce as well as to supply the essential health-giving vitamins and minerals.

Here are salad recipes designed to save you time to stay away from the kitchen, except for the briefest preparation, and to give you time for sunning, garden activities or just plain loafing.

## Vienna'd Macaroni Salad

- 1 8-ounce package macaroni, cooked and drained
- 1 cup chopped celery
- 1 cup chopped sweet pickles
- 2 tablespoons grated onion
- 2 cans Vienna sausage, chilled
- 1 cup mayonnaise or salad dressing
- 2 tablespoons juice from pickles
- 1 teaspoon salt
- 1/4 teaspoon pepper

Combine macaroni with celery, pickles, onion and 1 can sausages, cut in thin slices. Blend in mayonnaise, pickle juice and seasonings. Add to macaroni mixture. Chill thoroughly. Arrange on salad greens and spoke remaining sausage around the top of the salad. Halves of deviled eggs may be arranged around the salad, if desired.

## HERE'S A HEARTY salad which will win approval from the men folk if you serve it for supper on a sizzling summer evening:

### Sardine Salad Bowls (Serves 4)

- Romaine or other salad greens
- 2 3/4-ounce cans large sardines, chilled
- 4 hard-cooked eggs, sliced
- 8 sticks sharp cheese
- Carrot strips
- Celery sticks
- Peppy dressing
- Rye bread toast

Cut enough salad greens to fill bottom of salad bowls. Arrange sardines, hard-cooked eggs, cheese sticks, celery sticks and carrot strips on greens. Serve with Peppy dressing and rye bread toast.

### Peppy Dressing (Makes 3 cups)

- 1 can tomato soup
- 1 cup tarragon vinegar
- 2 teaspoons salt
- 1/2 teaspoon paprika
- 1 tablespoon Worcestershire sauce
- 1/2 cup salad oil
- 1/4 cup sugar
- 1/2 teaspoon pepper
- 1/2 teaspoon dry mustard

## LYNN SAYS:

### Good Sense in Cooking Saves Cents on Meals

A single carrot, shredded, a few green onion tops, minced, or diced leftover prunes or an orange, added to cottage cheese makes a good tasting cottage cheese salad. Leftover broth from cooked ham, tongue or chicken can be used for cooking dried split peas for a hearty soup. Add onion and celery salt for flavor, then dilute the pea puree with milk and heat for serving.

## LYNN CHAMBERS' MENU

- \*Sardine Salad Bowls
- Rye Chilled Tomato Toast Juice
- Lemon Meringue Pie Beverage
- \*Recipe Given

- 1 clove garlic
- 1 small onion, grated
- 3 tablespoons horseradish
- Mix all ingredients well in quart jar. Shake well before using. (This dressing is excellent on any meat or fish salad that needs a tart dressing).

## Ham and Egg Salad (Serves 4)

- 1 1/2 cups diced, cooked ham
- 6 hard-cooked eggs, diced
- 1/2 cup chopped sweet pickles
- 1/2 cup mayonnaise or salad dressing
- 2 tablespoons prepared mustard
- 2 tablespoons lemon juice
- 2 large tomatoes

Combine ham, eggs and pickles. Blend in mayonnaise with mustard and lemon juice. Toss with ham mixture. Mound on halved tomatoes and serve on lettuce.

## HERE'S A REFRESHING salad that can be a meal in itself especially if it's served with sliced ham, chicken, turkey, cold cuts or cheese for a meal on a plate:

### Tomato-Herb Salad (Serves 5)

- 1/2 cup finely chopped parsley
- 1/2 cup finely chopped green onions, including tops
- Few leaves fresh thyme or marjoram
- 1/2 cup salad oil
- 3 tablespoons tarragon vinegar
- 6 tomatoes
- 1 teaspoon salt
- 1/4 teaspoon coarse black pepper

Combine greens with salad oil and vinegar. Peel and halve tomatoes and sprinkle with salt and pepper. Arrange in layers in a shallow bowl. Pour dressing over each layer. Serve on lettuce leaves, after thorough chilling.

## A TASTY SALAD may take the place of salad and dessert if it's like this one made with bananas:

### Banana Frozen Salad (Serves 8-10)

- 2 3-ounce packages of cream cheese
- 1 teaspoon salt
- 2 tablespoons mayonnaise or salad dressing
- 1/2 cup drained, crushed pineapple
- 1 1/2 cups lemon juice
- 1/2 cup coarsely cut maraschino cherries
- 1/2 cup coarsely cut nutmeats
- 1 cup whipping cream
- 2 cups diced ripe bananas
- Salad greens

Soften cheese with a fork. Add salt, mayonnaise and lemon juice. Mix well, fold in pineapple, cherries and nuts. Whip cream until thick and shiny but not stiff. Fold into cheese mixture. Fold in bananas. Turn into freezing tray of automatic refrigerator. Freeze, with indication at coldest setting, about 2 hours, or until firm.

## Raw apple slices combined with peanut butter in a sandwich make the peanut butter go further as well as giving extra nourishment.

Leftover ground beef can always go toward making chili. Team this with cornmeal waffles, and you'll get a tamale flavor, but much more easily.

Freshly baked cookies right from the oven and a chilled glass of milk give an excellent dessert for simple suppers. Or, try hot gingerbread topped with a mixture of cream and cottage cheese.

### Handy Tool Hangers

Saw off on this side  
Bore hole at slant

Here is an idea for the gardener who never has a place to hang up his tools. Bore holes, at a slant, in a piece of 1 by 4 board. Drive old clothes pins in holes and saw off protruding ends at back. Nail the board up on a wall where tools are kept and hang up your tools. It's convenient and practical.

### Dyed Mulches Suggested As Aid to Garden Beauty

Mrs. Phil Patterson of Colorado came up with a new idea in the current issue of The Farm Journal. She suggested dying garden mulch to harmonize with the colors in your flower plot. A 10-cent package of vegetable dye, mixed with water, would dye a great amount. Mulches have been recommended for years as the home gardener's best friend. Now, it will add to the beauty of your garden.

### IN MEMORY

Of Our Dear Mother  
ELLEN JANE JACKSON

Thou art gone, our precious Mother  
Never more we'll see thy face,  
How it fills our heart with sorrow  
When we behold thy resting place.

We are often prone to wonder  
Why the Lord was pleased to take  
So quickly our dear Mother  
And her loved ones all forsake

How it fills our heart with sorrow,  
Seems like more than we can bear  
When we visit dear old Daddy  
And we see her vacant chair.

And our hearts are often troubled  
When we remember how our Mother  
Was always patient, good and kind--

It is hard to say: "They Will not mine."

To us she was a token  
Of a better, fairer, land  
When no hearts are ever broken  
There we'll be our happy band.

But we know that she is waiting  
In that home beyond the skies  
Where there'll be no sad parting,  
And no tears will dim the eyes.

She is done with sin and sorrow  
Trials and suffering are o'er,  
For she has gone to that bright City

Where all these will be no more.  
But someday we'll meet up Yonder,  
Then we'll meet and greet our Mother.

On that happy, golden strand,  
And once more we'll clasp her hand.

-- Sent in by a daughter, Mrs C. J. Beach.

Take to the Outdoors for a Basket Picnic (See Recipes Below)

## Picnic in a Basket

WITH ONLY a short time remaining for the picnic season, plan one last, memorable picnic before the season is over. A simple prepared menu with family favorites, with the added plus of good eating and carrying ease will bring cheers from everyone including mother and dad.

You've probably had picnics already which require outdoor cooking, and those were wonderful. Then, too, you've probably had the sandwich, potato salad and deviled egg kind. Now you're ready for something that's different. What about a skillet baked chicken with corn bread dressing. It's a sure hit with all the family.

Use young chicken for frying and cut them into serving pieces for picnic style eating. Place a few pieces of the chicken in a paper bag with pancake ready mix to apply a light coating and thus prevent the absorption of grease from the frying. You'll have chicken that retains a crisp and tempting texture. Heat fat in a heavy skillet or chicken fryer, having fat 1/2-inch deep and brown each piece carefully, using kitchen tongs to prevent from piercing the chicken while turning.

Prepare the dressing while the chicken browns, using cooked giblets for extra flavor. Place the dressing in the skillet you have used for browning chicken, leaving only enough grease in it to coat bottom and sides of skillet. Top the dressing with chicken pieces, cover and bake. Then wrap the skillet in several layers of newspaper to keep hot while you go to the picnic spot.

Here are exact recipes for preparing the chicken and dressing:

### Golden Corn Bread (Makes 1 8-inch square)

- 1 cup enriched yellow corn meal
  - 1 cup sifted enriched flour
  - 1/2 cup sugar
  - 1/2 teaspoon salt
  - 4 teaspoons baking powder
  - 1 egg
  - 1 cup milk
  - 1/4 cup shortening, soft
- Sift together dry ingredients in medium-sized bowl. Add egg, milk and shortening. Beat with rotary egg beater until smooth, about 1 minute. Do not overbeat. Bake in a greased 8-inch square pan on greased muffin pan in a hot (375° F.) oven for 20 to 25 minutes.

### \*Fried Chicken

- 2 frying chickens, disjointed
  - 1 cup pancake ready-mix
  - 1 teaspoon salt
- Cook giblets from the frying chicken in salted water to cover. Set aside to use for dressing. Roll chicken in ready-mix combined with salt and brown in chicken fryer or deep frying pan.

### \*Corn Bread Dressing

- 1/2 cup butter
  - 5 cups corn bread crumbs (made from corn bread)
  - 1/2 cup diced celery
  - 1 teaspoon salt
  - 1/2 teaspoon pepper
  - 1/2 teaspoon sage
  - 1 egg, beaten
  - 1/2 cup chicken broth
- Cut giblets and butter in small pieces. Add to corn bread crumbs. Add all remaining ingredients and mix well with crumbs. Put dressing in deep skillet and lay fried

### LYNN SAYS:

Try New Flavors On Old Favorites

Everyone knows with soft custard sauce, but what about flavoring it with some instant coffee? Serve this on chocolate or cottage pudding. Anybody will like spinach when it's cooked and seasoned with salt, pepper and nutmeg. Place in a casserole and make nests in which to break raw eggs. Dust with salt, pepper and shredded cheese and bake until the eggs are set.

## Lynn Chambers' Picnic Menu

- \*Skillet Baked Chicken
- \*Corn Bread Dressing
- \*Sliced Garden Tomatoes
- \*Carrot Strips
- \*Celery Fans
- \*Radish Roses
- \*Picnic Lemonade
- \*Chilled Watermelon
- \*Coconut Gumdrops Cookies
- \*Recipes Given

chicken over top of dressing. Cover and cook in a moderate (350° F.) oven for 30 to 40 minutes or until chicken is tender. Remove cover during the last 10 minutes to crisp the crust on the chicken.

Crisp vegetable relishes are good accompaniments for fried chicken and corn bread dressing. When you wash and prepare these, put them directly into plastic bags so that you can take them directly from the refrigerator to put in a basket.

Include a variety of raw vegetables to nibble with the chicken, such as crunchy carrot sticks, crisp celery fans, radishes and green onions, along with whole plum tomatoes that can be sliced when you're setting the picnic table.

### FOR A REFRESHING picnic beverage, there's nothing as refreshing as well chilled-lemonade placed in a thermos or insulated jug. If you don't have either of these, use a gallon glass jug or jar for it:

#### \*Picnic Lemonade (Makes 1 gallon)

Fill a gallon container with ice cubes or crushed ice. Pour over the ice 1/2 cup strained honey or 1/2 cup sugar, mixed with 1/2 cup lemon juice. Screw the top on tightly and place the jar in the picnic basket where it can serve as a "refrigerator". Surround with relishes and watermelon which you'll want to keep cold en-route to the picnic. By this time the ice will have melted to make the lemonade.

### BRING ALONG plenty of soft, chewy cookies for youngsters and grownups alike.

They go nicely with watermelon or other fruits for a simple and well-balanced dessert. Like most oatmeal cookies, these are not only extra tasty but also nutritious:

#### \*Coconut Gumdrops Bars (Makes 16 bars)

- 1 cup sifted enriched flour
  - 1/2 teaspoon soda
  - 1/2 teaspoon salt
  - 1/2 cup brown sugar
  - 1/2 cup shortening, soft
  - 1 egg
  - 1/2 teaspoon vanilla
  - 1/2 cup milk
  - 1 cup quick rolled oats, uncooked
  - 1 cup chooped gumdrops
  - 1/2 cup grated coconut
- Sift together flour, soda and salt into bowl. Add brown sugar, shortening, egg, vanilla and milk. Beat until smooth, about 2 minutes. Fold in rolled oats, gumdrops and about half of the coconut. Spread dough into greased 7x11-inch pan. Sprinkle with remaining coconut. Bake in a moderate (350° F.) oven for 25-30 minutes. Cool and cut into bars.

#### Baking powder biscuit is a fine topping for leftover meat pie, and it's even more delicious if you add some sage to the biscuit mix.

Sandwich cookies that go nicely for a snack—use thin gingersnaps put together with cream cheese to which some crystallized ginger is added.

Cut cold, boiled sweet potatoes into slices, dip in beaten egg, then fine crumbs. Fry in deep, hot fat until deep golden brown and serve with ham or chicken.

International Uniform Sunday School Lessons

DEVOTIONAL READING: ISAIAH 11:1-10.

## One World

Lesson for September 2, 1951

HOW rare it is to think of persons simply as persons, without any tags or labels! We think "policeman" or "lawyer" or "soldier" or "farmer" or "Japanese" before we think "man." One of the commonest tags we use is the race-tag. So-and-so is a Negro or an Italian or a Pole or a Mexican or a Scotchman — at least that is the way he looks to us, even before he is Dan or Tony or Steve or whatever his name is.

Dr. Foreman

We say off-hand, "All Negroes are like that" or "all Mexicans are that way" and we don't often take the trouble to see whether a particular Negro or Mexican is really "like that" or not. But from the Christian point of view, the first and most important fact about any person is that he is a person and not a thing.

### A Lower Race

THE story of Jesus and the Samaritan woman shows how Jesus treated a person of a "lower" race than his. We needn't argue the question whether the Samaritans were actually beneath the Jews. In any case, the Jews treated the Samaritans like dirt.

On top of that, the particular woman with whom Jesus talked at Jacob's well was poor and with no good reputation even among her own people. The disciples were surprised that Jesus talked with her at all. But as we read the story, it is clear that while Jesus "spoke of her condition" as the old expression is, he was dealing with her all the time as a particular human being, not merely as "a Samaritan."

Evidently, to be sure, she was greatly inferior to Jesus, and admitted as much herself; yet this fact did not raise a barrier between them.

### A Dominant Race

WE often talk of "race prejudice" as if it were prejudice of top-dog against under-dog. But prejudice runs in both directions. Of course all race prejudice includes a strain of contempt; but a citizen of a conquered nation may despise his conquerors, the weak may despise the strong quite as easily as the other way around.

In the Bible we have an excellent example of a Christian coming into contact with a dominant, that is, a conquering, race: the story of St. Peter and the Roman officer Cornelius.

Peter at first did not want to have anything to do with Cornelius. God had to shake him into it, so to speak. But once Peter saw the point, he saw it plainly: God made no difference between Cornelius and Peter's own people, the Jews. It was not for Peter to call any man, even an officer of the foreign army that occupied his little nation and held the Jews severely down, common or unclean.

Which is harder: for a Jew to treat a Samaritan like a human being, or to treat a Roman the same way? Which is harder, for a white man to treat a Negro like a human being, or for a Negro to treat a white man like one? It may be hard either way, but it is Christian.

### "In Christ There Is No East or West"

AN old Scotch elder tells this story. "My church had invited the youth fellowship of all the denominations in the state to meet in our church, and the officers of our church were to serve the communion on the last afternoon. It had never occurred to me that some of the delegates would be Negroes. But when I stood up to pass the bread and wine, there sat some Negro young people right beside the white ones.

For a minute I thought I couldn't do it. In forty years as an elder in the church, I had never passed the communion plate to any but white persons. But then I thought, after all I am not passing the bread and wine to Negroes and white people, but only to Christians. So I went ahead with it and I never felt such a blessing as I had that afternoon."

The elder had discovered that what Paul wrote is true: in the "new creature" in Christ there is neither Greek nor Jew, slave nor free man; that in Christ's presence the stone walls that divide the human race melt like snow.

# NO MORE RUN-DOWN FEELING NOW; SHE THANKS HADACOL

HADACOL Relieves Weak, Run-Down Conditions When Due to Deficiencies of Vitamins B1, B2, Niacin and Iron

When a person feels tired all the time, is run-down and lacks energy, life just isn't too pleasant. Mrs. Floyd Smith, P. O. Box 623, Tolleson, Arizona, had been feeling that way. Then she heard about HADACOL—how it had been helping folks who were tired, run-down and suffered from a lack of energy when due to deficiencies of Vitamins B1, B2, Iron and Niacin in the system. Mrs. Smith decided to try HADACOL, and now says she intends to always have HADACOL on hand.

Here is what she writes: "I have been taking HADACOL for about two months. I had been quite run-down, just didn't have any energy at all. We, my husband and I, had heard so much about HADACOL, so we decided to give it a trial. My land, in just a short time I could certainly tell a big improvement. I felt so much stronger—was no longer as tired as I had been. HADACOL has certainly helped me, a... I just can't praise it too highly. I'm still taking HADACOL and intend to always have it on hand."

Is it any wonder that Mrs. Smith is going to continue taking HADACOL?

HADACOL makes it possible to actually relieve the REAL CAUSE of that run-down feeling and lack of energy when due to a deficiency of Vitamins B1, B2, Niacin and Iron in the system.

AND LISTEN TO THIS! Continued use of this great HADACOL not only gives continuous complete relief but helps keep such distress from returning when caused by such deficiencies. Now that's the kind of product folks have been looking for... the kind to buy and start taking at once. HADACOL's wonderful Vitamins and Minerals come in liquid form and are quickly absorbed and assimilated in the blood, ready to go to work at once.

HADACOL is So Effective Because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ and to every part of your body. You may have tried other Vita-

min preparations or other Vitamin and Mineral preparations, so we make you this offer. Try a bottle of HADACOL today if you need Vitamins B1, B2, Niacin and Iron. You be the judge. If you do not believe that HADACOL is the best Vitamin and Mineral preparation you have ever taken, we will gladly send you back your money. That's our positive money-back guarantee. You take no chances.

So be fair to yourself. Don't go through life suffering from a run-down condition and lack of energy when caused by lack of Vitamins B1, B2, Niacin and Iron, when relief may be as close at hand as your nearest drug store.

Refuse Substitutes There is only one HADACOL. Don't let anyone tell you something else is "just as good." Insist on genuine HADACOL. You risk nothing because HADACOL is sold on a strict money-back guarantee.

Sold at all drug counters. Trial size, \$1.25, but buy the large family-size, only \$3.50. If your dealer does not sell HADACOL, order direct from The LeBlanc Corporation, Lafayette, Louisiana.

### The Country Editor

Very nearly everyone we know have taken a vacation this year traveling to the far reaches of the nation. Canada and Mexico. The western states, particularly Colorado, caught the bulk of the travel. Now, however, residents of the nation should come to the South Plains for our beautiful fall weather. The next 70 days should see the most ideal weather on the face of the earth. Living here year after year we overlook the beautiful fall weather which Texas and especially this area, enjoys.

Probably not noticed by many is the fact that this week the Texas Electric meters are being checked. The meter must be accurate to within 2 tenths of 1 per cent.

It may be a false assumption but it seems the City water is increasing in its total soluble salts content. A late chemical analysis might be a good idea. Alkali taken into the body over many years is a distinct health hazard. Our water is probably safe, however.
