

Well Eagles at Meadow for Homecoming

More than a thousand widely distributed students applied to the well eagles for the homecoming game Friday afternoon. The well eagles defeated the homecoming team 6-0 to make good on the annual Homecoming game.

The game was made by Hack and the second quarter. Going back to the first quarter, the well eagles played on a reverse play but the touchdown was made in the game for the Eagles led nine first downs to eight, but threatened a touchdown in the game. The well eagles led the game 2-0 in the first quarter. The well eagles led the game 2-0 in the first quarter. The well eagles led the game 2-0 in the first quarter.

Auxiliary To Hold Buddy Poppy Sale

Members of the Ladies Auxiliary of the Fern Allen Post of the American Legion will conduct the annual sale of Buddy Poppies this week end, according to announcement from the president, Mrs. Grady Gantt.

The poppies are already here, and will be sold on the streets and in the business houses on Saturday, November 9, and again on November 11. As we have stated from time to time in the past, these poppies are made by disabled veterans who are in the Legion hospital at Leon, Texas, and each of these crippled boys receives a percentage of the purchase price of the poppies. In many instances the "small income" derived from making these flowers is the only income he and his family have for their livelihood.

Remember, Buddy Poppies will be sold here Saturday, November 9, and if necessary, again on Monday, November 11. Save up a generous handful of poppies, and if you can't get a handful buy at least one or two poppies and help the boys who gave their health and their happiness to save you and yours.

MRS. BRADLEY'S FATHER DIES AT PLAINVIEW

Friends and acquaintances of Mrs. and Mrs. Guy Bradley were shocked and grieved to hear of the sudden death of her father, D. R. McVicker, this morning in Plainview, late Friday afternoon.

Funeral services were conducted at the home Sunday afternoon, with Rev. E. E. Robinson in charge. Many friends of the family here joined with Plainview friends in paying last tributes of respect and affection for Mr. McVicker.

With Mrs. McVicker, he had been a frequent visitor here in the home of his daughter, and had scores of friends in O'Donnell. His sudden death, due to a stroke of apoplexy, was totally unexpected by many members of the family. Mr. and Mrs. Bradley and son, Mack C., and her brother, Buddy McVicker, left immediately after receipt of the message telling of his death. Mrs. Bradley remained over this week to be with her mother.

We quote the Plainview Sunday Herald for details of Mr. McVicker's life and death.

"D. R. McVicker, 70, resident here for the past 45 years, died suddenly late Friday afternoon at his home of a stroke of apoplexy.

"Moving to this section long before the turn of the century, Mr. McVicker emigrated from Amarillo to Plainview for 16 years, from 1890 to 1906. He was engaged in buying and raising livestock, remaining active up to the time of his death.

"He was born in Jackson Parish, La. and at the age of five moved with his family to McClelland County. In 1890 he came to Hale County, settling on a farm eight miles north of Plainview. Five years later he moved to the present home site half a mile north of town.

"He is survived by his wife, three sons, who are John, of Plainview; Doc, of O'Donnell; and T. V. of Ardmore; three daughters, who are Mrs. H. L. Bond, Plainview; Mrs. Guy Bradley, O'Donnell; and Mrs. Warren E. Schaulis, Clifton, Kansas. He is also survived by a brother, T. R. McVicker, of Fort Worth, and two sisters, Mrs. Callie Murphy of Cleburne, and Mrs. Bell Southall of Walnut Springs, and by four granddaughters.

"Flower girls will be members of the American Legion Auxiliary."

MRS. MCGINTY GRAVEY ILL IN LUBBOCK HOSPITAL

The many friends of Mrs. Fred McGinty are much concerned this week over her condition since the birth of twin daughters. The babies died soon after birth. It will be remembered, Mrs. McGinty has failed to improve at all, and on Tuesday of last week was taken to a Lubbock sanitarium. Reports from the sick room late in the week were still very unfavorable, and we have been able to learn nothing to the contrary this week.

The Index joins with the community in extending sympathy to the bereaved family.

Mrs. McGinty was here from Monday morning and put Aunt Martha's subscription on the safety list for another year. Thank you, folks.

H. L. Brewer came in Wednesday morning and put Aunt Martha's subscription on the safety list for another year. Thank you, folks.

Mr. and Mrs. Waldo McLaughlin made a business trip to Lubbock Tuesday.

Ex-Senior Reunion And Banquet A Great Success

Attendance and interest in the annual ex-senior Homecoming and reunion is growing annually, is the opinion of officials of the organization since the last affair of the kind last week end.

Throughout the day Friday, which was Homecoming Day, ex-students and old grads were coming home, greeting old friends and renewing old acquaintances. Some of these reunions were amusing, and some were just a little bit pathetic, as the old timers observed the changes in their former class mates. Pathetic because of their bewilderment when they found those old friends so grown-up and so dignified. Some of them could hardly realize that their classmates here had not just stayed still, to be the same boys and girls they remembered from high school days. And to come home with that image in mind, and then find these class mates dignified, business men, or teachers, or business women, or the heads of families, was just a bit of a shock.

For the old students, the big event of the day was, of course, the banquet and dancing. This was one of the most brilliant and enjoyable social events of this season, and was thoroughly enjoyed. The Oddfellows' Hall was generously donated to the use of the committee, and had been lavishly decorated with the school colors, black and gold. And the fact that these colors were also seasonable and timely for the Halloween celebrations was just a bit of luck. The long table was a thing of beauty, with low bowls of flowers arranged along its length, and with place cards, nut cups, and other appointments carrying out the chosen color scheme.

Howard Tredway of Lamesa, graduate of 1923, was toastmaster, and was declared the best ever seen here. He introduced the speakers in a clever manner, and carried the whole affair along in splendid style. Several musical numbers and readings were enjoyed along with the speeches, and by the question marks were among the most enjoyable parts of the program.

The program itself was opened with a song, followed by the invocation as given by Miss Gladys Gibson, head of the English department. The faculty was welcomed by Miss Lorene Beach, and Miss Christine Milwee responded. Miss Florence Gary, president of the Ex-Seniors Association, extended the formal welcome to the guests, and Miss Beverly Bels responded. Miss Alice Busto rendered a much appreciated piano solo, and then played the accompaniment for Miss Gladys Gibson's vocal solos, "When I Grow Too Old to Dream" and "I'm In the Mood for Love."

The extemporaneous speeches were followed by a song and the body then went into the election of officers for the coming year.

1935-36 Officers Are Elected

In the election of officers for the 1935-36 period, Ralph Beach was named president, Lawrence Tredway, vice president, Alvis Tredway was re-elected secretary and treasurer, and Miss Jim Ellen Wells was named reporter.

This staff of officers will soon begin plans for next year's Homecoming, plans which will insure the success of the occasion for 1936.

Mr. and Mrs. B. L. Davis and Mrs. E. J. Tredway were in Lubbock on Wednesday.

Mr. and Mrs. Grady Gantt were in Plainview Sunday to attend the funeral of D. R. McVicker.

Mrs. Bonnie Rochelle was among O'Donnell friends who attended funeral services for D. R. McVicker at Plainview Sunday.

New City Well A Certain Success

After an eight-hour period of constant pumping, it seems that the new city well, on the C. H. Doak farm occupied by E. J. Bean, will be an unqualified success. The well has been in the process of drilling for several days. C. C. Nunnally in charge of operations. The well is approximately 37 feet deep, and a water strata was struck at about fifty feet, making the water layer around thirty-seven feet in depth. Using a tractor motor for the work a four inch pump was run constantly Monday, and accurate measurements showed that around 30 gallons of water per minute could be secured from the well right now.

The new well is approximately two miles from the storage tank, but the matter of piping the water to the tank would be of small moment or expense. It is believed. Estimates from the firms who handle such supplies indicate that the expense of piping the water would not be prohibitive.

HALLOWEEN NIGHT HERE ORDERLY AND PEACEABLE

Halloween saw a lively crowd thronging the downtown district, and a number of private parties were held to celebrate the holiday, but the celebration generally was orderly and peaceable, according to statements from local peace officers.

For once, we heard of no broken windows or misplaced property, which is a very pleasant contrast to bygone years when property damage amounted to hundreds of dollars, and we heard no very little complaint of public nuisances or annoyances.

This lack of trouble is explained, perhaps, by the fact that most of the grades and classes at school had planned their own parties, thus insuring attendance of their members at orderly gatherings, and also to the fact that modern young folks have become educated to the idea that Halloween stunts are too green and lousy for even the most "foaks" of the creek' kind of fellow. And everyone knows that O'Donnell has very, very few residents of that kind.

Mayor B. M. Haynes and the city council, deputy sheriff John Johnson, and night watchman Bill Brown wish to thank the citizens for their cooperation in the boys and girls of the town for the pleasant and dignified observance of Halloween this year. And the Index represents the community when we here this opportunity to express a very sincere appreciation on our own part.

FIRST FROST COMES ON NOVEMBER 5TH

While a touch of frost had been suspected by some of our readers several days ago, the first conspicuous appearance of old Jack himself was this week on Tuesday, November 5th, and to everyone's surprise, it was not a picture show. Mr. Doak and C. J. Beach own the building.

Mr. Saunders is a veteran of the show business, having been engaged in that line of work for almost twenty years. He came to O'Donnell back in the early twenties, and put in the first picture show here. He had previously been engaged in this work at Knox City.

Mr. Saunders states that there will be considerable work to be done on the building, getting it ready for sound equipment, but that he has purchased new equipment throughout, from seats to projecting machines. He was unable to say just when the new theatre will be ready for business, but will announce its opening through the advertising columns of the Index.

MINSTREL SHOW PLANNED FOR FRIDAY NIGHT

The Ladies' Aid, when they learned that they had the exact sum of two cents in their treasury, decided that the best way to earn money for the "poor, sufferin' heathens" is to turn actresses and give a minstrel show.

JASBOO JUBILEE SLATED FOR SATURDAY EVENING

The public is asked to bear in mind the date of the Carnival or Jasboo Jubilee, which is to be staged at the Oddfellows' Hall here Saturday evening.

The event is sponsored by members of the Senior Class, assisted by the faculty and other high school classes. Some details of the sights and stunts were published in the Index week before last, so our readers will know that it is to be an evening of fun and entertainment.

Remember the Jasboo Jubilee at the Oddfellows' Hall Saturday night.

Mr. and Mrs. C. C. Caldwell spent the week end in Jal, New Mexico, attending to business interests there.

Miss Lorene Beach Suffers Wreck and Exposure Sat. Night

An accident which could easily have been a fatal, followed by several hours exposure Saturday night have kept Miss Lorene Beach on the invalid list this week, and her condition is still regarded as serious.

She had taken a group of friends home after the show Saturday night, and was returning to the home of her parents, Mr. and Mrs. C. J. Beach when the accident occurred. The driveway to the garage is flanked by two tall trees. Just as she turned into the drive way and speeded up to go up the slight incline, the wheels locked and the car crashed into one of the trees. The steering wheel struck her with such force that she was knocked unconscious for more than an hour, and when she awoke her condition was so weak and ill that she could not walk to the house.

After several attempts, she succeeded in getting out of the car and onto the running board, but could go no further. Repeated calls finally attracted the attention of some neighbors, Mr. and Mrs. J. R. Mayo, and Mrs. Mayo came to her assistance, rousing her mother, who could help.

Benjamin Morrison, who makes his home with the Beach family while he is employed at the tailor shop, carried her into the house, and a physician was called.

While she is so sore and suffering so much from shock and exposure that a complete examination is almost impossible, it is feared that one or two ribs are broken on the left side, probably broken when she struck the handle on the door. One knee is severely bruised and crippled, and the blow struck by the steering wheel on the abdomen has made her sore all over. All of these injuries, combined with two or more hours of exposure, have put her into a highly nervous state which is causing considerable anxiety on the part of family and friends.

O'DONNELL TO HAVE SECOND PICTURE SHOW

Rumors which have been current for several days have been verified this week, and it is definitely announced that O'Donnell is to have a second moving picture theatre in the near future.

The announcement came Monday from C. H. Doak, who verified the rumor that the old theatre building, or L. D. Tucker building, has been leased to Mr. J. Saunders for the purpose of putting in a picture show. Mr. Doak and C. J. Beach own the building.

Mr. Saunders is a veteran of the show business, having been engaged in that line of work for almost twenty years. He came to O'Donnell back in the early twenties, and put in the first picture show here. He had previously been engaged in this work at Knox City.

Mr. Saunders states that there will be considerable work to be done on the building, getting it ready for sound equipment, but that he has purchased new equipment throughout, from seats to projecting machines. He was unable to say just when the new theatre will be ready for business, but will announce its opening through the advertising columns of the Index.

MINSTREL SHOW PLANNED FOR FRIDAY NIGHT

The Ladies' Aid, when they learned that they had the exact sum of two cents in their treasury, decided that the best way to earn money for the "poor, sufferin' heathens" is to turn actresses and give a minstrel show.

How they did this, and the results of their efforts make the theme for one of the most amusing and enjoyable evenings you will ever spend, and is cleverly carried out when fourteen high school girls play the parts of the ladies in the minstrel at the high school auditorium Friday evening. If you enjoy a real laugh and lots of fun don't fail to see this stunt at the auditorium.

The curtain will go up promptly at 7:45, and admission is the small sum of 10c and 20c.

JASBOO JUBILEE SLATED FOR SATURDAY EVENING

The public is asked to bear in mind the date of the Carnival or Jasboo Jubilee, which is to be staged at the Oddfellows' Hall here Saturday evening.

The event is sponsored by members of the Senior Class, assisted by the faculty and other high school classes. Some details of the sights and stunts were published in the Index week before last, so our readers will know that it is to be an evening of fun and entertainment.

Remember the Jasboo Jubilee at the Oddfellows' Hall Saturday night.

Mr. and Mrs. C. C. Caldwell spent the week end in Jal, New Mexico, attending to business interests there.

Lynn County Old Settlers Organize

Just a few hours too late for publication in last week's issue of the Index, C. H. Doak supplied us with details and information concerning the formation of a permanent Old Settlers organization for residents of Lynn county prior to 1905. Mr. Doak acted as temporary chairman when the organization was perfected at Tahoka Tuesday afternoon.

The meeting was held in the county court room, with an attendance of 19 pioneer men and women of Lynn county. Judge J. W. Elliott was elected president, with Jim Westerford, secretary.

Committee on constitution and by-laws was appointed, composed of C. H. Doak, chairman, A. L. Lockwood, and W. S. Swan. Another meeting is to be held soon, at which time this committee will turn in a report and the suggested constitution, to be approved and adopted.

Other committees appointed were as follows: Membership, J. D. Donaldson, W. D. Nevels, and Mrs. Oscar Roberts. Entertainment and refreshments: Mrs. G. W. Elliott, W. E. Smith, and Mrs. Waldo McLaughlin.

Meeting November 7th

The second meeting is being held today as when to press, at the American Legion Hall in Tahoka, was held promptly at three o'clock. The chief purpose of this meeting, Mr. Doak said early in the week, will be the adoption of the constitution and by-laws, and the completion of a permanent organization. At five o'clock, a basket lunch is to be served, all members and prospective members having been notified to bring well filled baskets. Mr. Doak stated that persons who lived in what is now Lynn county thirty years ago, and who are still residents of the county, are eligible for membership. According to present plans a regular meeting of these pioneers will be held annually, the first one being planned for next summer.

While we are not having the pleasure of being on this mundane sphere at all back in 1905, to say nothing of being in Lynn county, and hence are not eligible for membership in this distinguished body, this matter has our unqualified personal and editorial approval. Index readers will recall that the present writer suggested such a plan back in 1914, when Lynn county was observing its 25th birthday, and in the issue of March 9, 1930 we wrote as follows:

"Far be it from us to appear presumptuous or to offer suggestions to those far wiser than we, but we have not yet been able to understand why Dawson, Garza, and other neighboring counties have well established organizations of old time residents. Our pioneers, while Lynn county has nothing of the kind. Surely our pioneers are as worthy, and their work as great, as that which has been accomplished by residents of near-by counties. Can Dawson or Garza, or for that matter, any other county, have any more distinguished settlers than our own Mr. and Mrs. Doak, Mr. and Mrs. W. E. Smith, Mr. and Mrs. D. W. Harris, or Mr. and Mrs. Wells, here and at Tahoka? Or Judge and Mrs. Elliott at their homes? The answer could be much longer, but it is unnecessary; these few names will prove that Lynn county is just as fair a bid for fame because of its old settlers as any other county in Texas, and we are of the firm opinion that our pioneers should be organized."

Of course, we do not claim that a five-year old article written by an insignificant society editor could have had any bearing on the ultimate organization of these grand men and women; we merely quote it to show that the Index has long been in favor of the move. Any activities of the Association will be watched with much interest, and all its moves will be faithfully reported in these columns. We hope to have a full report of today's meeting for our readers next week.

DR. SHEPARD TAKEN TO HOSPITAL MONDAY

Dr. O. H. Shepard, local physician, was taken to Lubbock sanitarium Monday after an illness of several days, and will probably undergo surgery before this issue of the Index is in the hands of our readers.

The Index joins with the community in extending best wishes for a speedy and complete recovery.

Howard Tredway was here from Lamesa for Homecoming Day Friday.

Mr. and Mrs. C. C. McKee are among new subscribers.

B. L. Davis made a business trip to Lubbock Thursday of last week.

Mr. and Mrs. C. C. Caldwell were in Lubbock on business Friday morning.

To a Certain Extent COLDS CAN BE PREVENTED

1. Build up body resistance with Nyal's Cod Liver Oil Tablets.
2. To fight the germs, use Nyal's Nose Drops and use Nyseptol as a gargle and mouth wash.
3. Keep system alkaline with Nyal's Magnesia or Antacid Powder.
4. Keep system regulated with Nyal's Mineral Oil or Nygar.

P. S. In spite of this, you may take cold anyway. If so, we can sell you 2 packages (500 sheets) of Nyal leansing Tissues for 35c. A real bargain.

FARM NOTES

By V. F. Jones, County Agent

Mr. C. A. Cobb, chief of the Cotton Section, from Washington, D. C. will speak at the Municipal Auditorium in Plainview, at 2 o'clock P. M. Wednesday, November 13th.
 Mr. Cobb is making only two addresses in Texas on the Cotton program, one of them at Temple and the other at Plainview. We would like to urge that a good representation of farmers and business men from Lynn county attend this Plainview meeting.

We have received notice that the sale certificate on the 2c subsidy payment must be filled out by the buyer and the forms turned in at this office. Here is the latest ruling on that thing: The sale certificate must be turned in by November 16th, on all cotton sold up to and including Nov. 9th. Any cotton sold after Nov. 9th, the sale certificate must be turned in within seven days of date of sale.

In case the seller cannot comply with the above requirements because of illness, forms not available or any other legitimate reason, the seller can write a full explanation of the reason for delay on the back of the original form, sign and date the statement with a witness to his signature and turn the form in at our office. Just now we are out of these forms and the supply at the State office has been exhausted. Forms will be distributed to buyers in the county as soon as available.

A number of pullet flocks throughout the county have become affected with chicken pox. This is a disease of head parts of the fowls and is first noticed by appearance of small red pimples on the comb, face or wattles. These pimples later ulcerate and cause sores. There is usually very little death loss from chicken pox, but it does stop egg laying, and puts the pullet in poor condition for winter egg laying.

Chicken pox can be largely prevented by vaccination, but after the fowl is already affected, you have to resort to medical treatment, and there is not much you can do. Carbolicated vaseline rubbed on the affected parts is greasy of some kind and pull it off and apply iodine or a mixture of iodine and glycerin to the sore.

Maintain sanitary conditions by frequent cleaning and disinfection of the hen house, and plough up the yards and runs where possible.

8½ chilly hours since he parked BUT NO CHANCE OF DAMAGE... HIS ENGINE

stays oiled

Today you can use a winter oil which builds itself right into the "innards" of your engine. That is, a certain portion of Conoco Germ Processed Oil really forms a BOND with metals, and stays on continuous duty where all the worst friction used to come.

This uncanny action, created by the patented Conoco Germ Process, automatically wipes out the costliest winter wear...

"Dry," unlubricated, wracking starts? ... Not with the oil that's Germ Processed to stay up on the job every minute, every hour, every day that you park—"whatever the weather"... Not when Germ Processed Oil has become

a part of all metal surfaces... Not with the Hidden Quart, which has enabled many an engine to run with the crankcase absolutely empty—in verified show-down tests.

And this same patented Germ Process means extra protection not only for the conventional babbit bearings, but for the newest bearings—whether copper-lead, high-lead or cadmium-alloy. Germ Processing also creates the high-durability oil film... hence a light, free-flowing winter oil that's tougher too, for the toughest going of all the year. You and your Conoco man can make this whole Winter "act gentle" to your motor, beginning today. Drive in.

B & O STORE SELLS OUR MILK

"If the people who use our cars every day are not praising them, it matters little what we may say. The last word must be spoken by the car itself."

(FROM AN ADVERTISEMENT SIGNED BY HENRY FORD IN JULY, 1933)

AGAIN, A NEW AND MORE BEAUTIFUL FORD V-8

Speaks for Itself

MORE than two million Ford V-8's, in America alone are now in the hands of drivers. These owners have heard, from the car itself, a clear story of motoring value and pleasure that far outstrips all previous achievements in low priced cars.

Now, the 1936 Ford V-8 speaks for itself... new beauty of line; new, brighter colors; easier steering and gear-shifting; super-safety breaks. We urge you to get this car's story from the driver's seat—to know at first hand its V-8 performance—its luxury-car comfort and roominess.

Let the last word about the 1936 Ford V-8 "be spoken by the car itself."

TRUETT HODNETT MARRIED TO AUSTIN GIRL

Of interest to a wide circle of friends here is the following story, taken from the Sunday edition of the Austin Dispatch; giving details of the marriage of Mr. Truett Hodnett, son of Mr. and Mrs. J. J. Hodnett, former residents of O'Donnell. Truett is a graduate of the local high school and also of Wayland College at Plainview. The happy couple will be at home here in the near future. The Index joins in extending a hearty welcome to the newcomer and to our former resident.

The story reads in part: Miss Leo Bernice Bugg, daughter of the Rev. and Mrs. W. J. Bugg of Austin, and Truett Hodnett of O'Donnell, were married Friday night at 8 o'clock at the Hyde Park Baptist church with the Rev. W. H. McKenzie, pastor of the University Baptist church officiating. The altar was banked with ferns which framed an arrangement of merrills and cosmos.

A program of wedding music preceded the ceremony. Miss Lillian Reese Johnson, Miss Agnes Stark and Miss

Katherine Wright giving numbers. Miss Johnson played the wedding march.

Attendants were Miss Anna Floy Bugg, sister of the bride, accompanied by Lowell Morgan, Miss Iva Lee Hunt with Kelly Gansney, Miss Caro Dell Weiss escorted by Jo Lee Johnson, Miss Julia Ellen Henry escorted by Stanton Weiss, maid of honor was Miss Virgie Hodnett of O'Donnell, sister of the bridegroom. Matron of honor was Mrs. Daisy Crow. Flower girl was Eunice Wayland Fletcher, niece of the bride, while the ring bearer was Wilton Oakley, Davis, Jr.

Best man was James L. Fletcher. A reception at the home of the brides parents the Rev. and Mrs. W. J. Bugg followed the wedding ceremony. Members of the wedding party and their families were included in the personnel of the party which was informal in nature.

ROOM MOTHER HOSTESS TO FIFTH GRADE

Pupils of the Fifth Grade were guests at a Halloween party in their honor last Thursday evening, at the home of their room mother, Mrs. Ferrell Farrington.

Guests came in costume, and were received on the lawn by Wilda Gene and Jo Anne Campbell, and by their teacher, Miss Dean. A huge bonfire was started, and in the firelight passers-by were treated to glimpses of a fantastic gathering, with Uncle Sams, Miss Muffets, witches, goblins, ghosts, fairies, and all the troop of Hallow'en folk in full regalia.

After a game of ball, guests were asked to help prepare their own refreshments, and assisted with a hearty good will in the roasting of wienies and marshmallows and buns, which were served with pickles, fruit and punch by the light of the fire.

At the close of the feast, Miss Margaret Sue Goddard made a gracious little speech for the class and presented the room mother with a pretty copper radio lamp, which was received with

much appreciation and thanks. Guests then formed a parade and marched into the living room to be displayed in a contest for the cleverest and most appropriate costume. Dr. Farrington, Miss Dean and Miss Edna Tucker were judges, and awarded the prize to Robert Crogan.

Forty-five guests were in attendance.

SENIOR CLASS HAS HALLOWEEN PARTY

Members of the Senior Class enjoyed a Halloween party last Thursday evening in the home of Norma Vermillion.

Reception rooms and the porch were decorated in Halloween symbols and colors. Games and contests were enjoyed until a late hour, when it was

suggested that the group tell ghost stories. The suggestion was vetoed after some discussion, because they all thought of stepping out soon into a night of ghosts, goblins, and spooks. So, to round out a most delightful occasion, delicious refreshments of pumpkin pie and hot chocolate were served to some thirty guests.

Helps Babies Rest Ends Colic Pains Aids Digestion

When your baby tosses about, cries in pain, and cannot sleep, why not get at the cause with McGee's Baby Elixir. It neutralizes indigestion acid, ends gas cramps and colic pains, and then helps them become cheerful again. They sleep better. McGee's Baby Elixir is made of the purest medicinal extracts and syrup. It cannot harm. Years of use has proven that. Simple directions tell exactly how to use it. Tastes good. Gives relief promptly. Two sizes: 35c, 60c. (adv)

DAVIS DRUG STORE
O'Donnell, Texas

A TAXPAYER WANTS TO KNOW
Has the Board of Education of the O'Donnell Independent School District made any effort to adjust the bonded indebtedness of the district so that taxes can be lowered?

THE MAN WHO PAYS THE BILL
Wants to know why it has been possible for the City of O'Donnell to reduce its bonded indebtedness by approximately fifty per cent, and why the school bonds cannot be reduced in like manner?

This tax payer pays taxes in several school districts and those he pays in the O'Donnell District are by far the highest in the lot.

THE BILL PAYER WANTS TO KNOW
Why the school board hasn't done something to adjust this matter.

(Editor's Note: This article was brought to us by one of our subscribers and one of the largest tax payers in the school district, with the request that it be published this week. The same space, or as much space as is necessary, will be given to other readers who wish to express their opinions on matters of public interest, and especially to the Board should its members wish to explain the school debt situation to tax payers of the district.)

Having just completed an agreeable connection with the Board in an official capacity, the editor takes no part in the argument, lest she be accused of having a biased opinion, but we like to see and hear a good debate. Does anyone else have anything to say along this line?)

HESTER SELLS PRIZE STOCK TO SAN ANTONIO DAIRY
A transaction of some importance and interest was completed this week-end when the Rio Vista Dairy of San Antonio purchased nine heavy milkers from E. W. Hester's prize Jersey herd. Mr. Hester is known far and wide as a breeder of Jersey stock, and this last deal was one of the biggest he has made in several years.

Eight head were sold at \$125 each, the ninth going at \$140. Delivery is to be made this week.
The dairy, which was represented in this transaction by its owner, supplies most of San Antonio with milk, cream, eggs, etc., selling the milk at 16 cents per quart. Mr. Hildebrand said some very complimentary things about this section of West Texas, especially regarding crops and livestock conditions.

DEER HUNTERS RETURN WITH GOOD RESULTS

C. L. Davis and Lon Jones returned last Thursday night from a deer hunting expedition in the mountains of New Mexico, near Quemado, and report a most enjoyable and thoroughly successful trip.

Both men succeeded in bagging a deer. We could not see Mr. Jones to get measurements, etc. of his trophy, but that of Mr. Davis was a ten-point buck which makes any we have seen in several years look like mere babies.

We are expecting a series of similar trips to be reported, as soon as some of our readers see this above article, and as soon as some of the harvest work is done.

(How about it, Mr. Bolch? And Deacon Dub Middleton?)

LATERAL STREETS RECEIVE MUCH NEEDED ATTENTION

The big county grader and scraper were put to work on O'Donnell streets this week, with lateral streets receiving some much needed attention during the first few days. We understand that the city council secured the use of the grader free, and will be out only the cost of the fuel.

We understand also that all the residential and business streets are to be thoroughly worked over.

Mr. and Mrs. Shaek Blocker and son, Dan Davis, accompanied by Mr. and Mrs. Christberg of Plainview, spent Sunday in Brownfield.

W. T. Burk has done considerable rearranging and building in the office of Miss Beverly Wells, new school tax collector and secretary of the board. The office is located in the First National Bank Building, and will soon be one of the most convenient and attractive spaces in town.
