New Road Set Cemetery Dinner Is Newmoore Thursday

To Run To West Point

The Texas Highway Commission has taken the first step to inaugurate a new two year Farm to Market program for Texas, E. H. Thornton, Jr., Chairman of the Texas Highway Commission, said that the funds for this program are being derived from the Federal Aid Highway Act of 1956 matched with state highway funds on a dollar for dollar basis.

S. C. McCarty, district engineer of District 5 of the Texas Highway Department at Lubbock, said that the following farm to market road in this area is scheduled for work under this program:

In Lynn County a Farm to Market Road extending from US 380 at West Point south to F. M. 213 at New Moore School, a distance of about 9.8 miles at an estimated cost of \$98,000.00.

Work will begin as soon as final planning is complete and right of way is secured.

Mrs. Calvin Luten of Abilene is visiting her sister Mr and Mrs. W. L. Gardenhire.

The band parents will meet Monday Dec. 3rd at 7:30 in High School Auditorium.

Mrs. Shaek Blocker is visiting in Texarkana this week.

DaOne Vickers spent the holidays here and at Tahoka. Wanda Thornton spent Friday nite in the Vickers home.

Bro. Fisher Speaks To Rotary

The O'Donnell Rotary Club met Tuesday with president Homer Hardburger presiding.

Rev. Marvin Fisher was the speaker for the luncheon and spoke on Thanksgiving in conjunction with the Art of Living.

Guests included Carl Cain and Don Douglas and visiting Rotarians were Charles Townes, Herb Carter, W. H. Kenley, Mitchell Williams, Web Harmon, Dean Taylor, Wayne Collier and Dr. Prohl.

Visits California

Mr. and Mrs. Shaek Blocker returned last week from a visit with their son, Dan, his wife and children in Hollywood, Calif.

Mr. Blocker said that Dan had recently completed a 6 day work schedule having a good part in "Cheyenne" with the subtitle of "Land Beyond The Law". This TV show will be seen here in the next few weeks over a Lubbock station.

Shaek said that rent there was comparable to that in Lubbock but that fruits were higher. Mr. Blocker said the most vivid impression of his visit was the famous Hollywood traffic. Cars there drive bumper to bumper at 80 mph on the freeway and when a mishap occurs the cars pileup like falling dominoes.

Festival Is Big Success

The O'Donnell PTA wishes to recognize the wonderful cooperation of the town in making a success of the Fall Festival — our all-school box supper and the queens' coronations.

Our sincere thanks to Jess Merrick who served as Auctioneer for the box supper. He was most ably assisted by C. R. Burleson, D. B. Mc Millan and Don Dingus. The PTA is grateful to Joe Burkett and his string band and to Summer Clayton for furnishing music during the box supper.

Committee chairmen follow — General Chairman, A. H. Burton. Activity, Mrs. Beas Hardberger, publicity, Mrs. Beatrice McLaurin, PTA Food Booth, Mrs. C. A. Lacy, Coronation, Mrs. C. A. Doss and Mrs. Chas. Cathey, stage, Mrs. Elstyn Bates, band, Mr. Richie.

We wish to thank all parents and teachers who worked on committees, served as bookkeepers at the box supper and all who furnished food for the food booth.

A total of \$1907.81 was realized from the event. The PTA received \$250.50 of this amount and the classes the following —

1. 175.38; 2. 96.71; 3. 101.01; 4th, 105.06; 5th, 231.65; 6th, 51.39; 7th, 142.01; 8th, 95.55; 9th, 302.52; 10th, 81.28; 11th 112.38; 12th 368.22

JACKPOT HITS \$281

At the Trades Day drawing held here Saturday, Mrs. M. M. Cook drew \$78 on a 30 percent ticket. This Saturday the JACKPOT will be worth \$281. The drawing will be at 3:30 p. m. in front of the Lott Pharmacy. Ever increasing crowds are attending this goodwill token of O'Donnell. Merchants not now enrolled in this project may see E. J. Smith at the bank for information.

Near 16,000 Bales Ginned

A roundup of the local gins Monday nite showed 15,856 bales being ginned from this year crop with the harvest 98 percent complete. Marched cotton is accounting for most of the current harvest. The total for the town is now estimated to be about 16,500 bales which is far better production than estimated on Sept. 1st.

Fine Meal Planned

Thursday is a red letter day for O'Donnell and all of this area as it is Thanksgiving Day and ALSO the day of the BIG ANNUAL Cemetery Association TURKEY DINNER at the school cafeteria.

Serving will begin at 11 a. m. and will continue until 1:30 p. m. All the turkey and trimmings you can eat is the big drawing card. Workers may come dressed as they are, and if you have guests for their holiday, bring them along. Plates may be taken out to those not able to attend.

All of the proceeds will go toward keeping the local cemetery more attractive during the next year. Donations will be appreciated by the group.

All business firms will close for the day Thursday however the post office will be open as last Thursday was the national Thanksgiving.

Friday nite the Christmas lights will go on and the frantic three week pre-Christmas season will open. Try shopping O'Donnell first for your Christmas lists and avoid the traffic and high prices of big towns and cities.

Jack Gleghorn of Army is home on furlough and will report back to North Carolina.

Ben Sidwell of Navy is home on leave visiting his mother, Mr and Mrs. Lynn May.

Band Concert Dec. 7

The Eagle Band will present a talent show in the school auditorium Dec. 7th. The entry fee will be general admission 25c for children and 50c for adults.

Tickets will go on sale Monday and you may get your by seeing any one of the band students.

There will be five divisions — Elementary, 1st thru 5th, Jr. High, High School, Adult, and Out of Town. Entry blanks are available from Band Director Wayman Richey and Mrs. Ben Moore, jr. Joe Burkett will be Master of Ceremonies. Proceeds will go on the \$500 needed to pay for the uniforms.

MRS. WINANS HOSTS CLUB

Mrs. Clyde Winans was hostess to the Thursday Bridge Club last week. Prizes were awarded to Mrs. Mack Noble for high, Mrs. Ralph Beach for second high and Mrs. J. T. Forbes for bingo. Mrs. Ralph Beach will be hostess at the next meeting Dec. 6th.

SKINNER IS LOCAL DRAFT BOARD REGISTRAR

Austin — Weldon Skinner of O'Donnell has been appointed registrar for the Lubbock - Garza - Crosby - Lynn county draft board in the O'Donnell area. Boys who reach the age of 18 can register in O'Donnell by calling on Mr. Skinner at the Superintendent's office, O'Donnell High School. A registrar is maintained in the area so that men will not have to travel to the draft board office at Lubbock.

Col. Morris Schwartz, state draft director, expressed appreciation of the services of Mr. Skinner. "People of the O'Donnell area should appreciate the services he renders to them," Col. Schwartz said, "as he is doing this work without pay as a public service."

All males are required to register under the draft law on their 18th birthday or within 5 days thereafter. Maximum penalties for failure to register are \$10,000 fine or 5 years in prison, or both.

Pioneer Wells Farmer Claimed

James W. Franklin, 86, a retired farmer here, died about noon Sunday in Lamesa General Hospital where he had been a patient for about 10 days.

Funeral services were conducted at 3 p. m. Tuesday at First Baptist Church here with the Rev. Earnest Stewart, pastor, and the Rev. D. W. Copeland of Wells officiating. Burial was in O'Donnell Cemetery under the direction of Higginbotham Funeral Home.

SOMETHING TO BE THANKFUL FOR THIS YEAR

Austin — Searching for something to be thankful for in these times of ominous world tensions with the threat of life-taking war, look at the Texas State Department of Health vital statistics figures which show:

Since 1936 infant deaths during the first year of life have dropped from more than 71 per thousand to less than 30 deaths per thousand today.

During the same period, maternal deaths and stillbirths have been reduced from 6.9 per thousand to less than 0.5 so far this year.

Current indications are that death rates will continue to improve as increased health standards become more commonplace thruout Texas. Making Texans health-conscious is the king sized job of many divisions within the State Health Department. A division concerned, not so much with life and death, but nevertheless with a highly important aspect of Texas health, is the division of Mental Health.

They are responsible for the mental health program of prevention in Texas. Primary focus of the program is on community mental health services, and have been in operation for nine years.

The Christian Youth Is Different

The Christian youth is wholesome. He has a ready smile, and honest countenance, and eager outlook, a confident spirit. He is patient. He is pure. He is dedicated. For him life has a "reason" and a "result". For him there is a "reward" both "here" and "hereafter".

As the Israelite brought a lamb without blemish for an offering, the Christian presents himself, without blemish. (Rom. 12:1) He gives himself, his youth, his strength, his eagerness to God. He presents a wholesome mind and body, free from venereal disease, free from habit forming drugs, free from filth, as a living sacrifice to God. He gives his intelligence, his talents and his heart to God. What a potential for good and for God is possible in the lifetime of one young Christian!

His appetite is good for physical and spiritual food. He knows that "man shall not live, by bread alone, but by every word that proceedeth out of the mouth of God" (Matt. 4:4) He thinks on these things that are true, honorable, just, pure, lovely and of good report (Phil. 4:8). He is like a tree planted by the streams of water, that bringeth forth its fruit in its season (Psa. 1:3). He walks and talks with God as good friends should and do.

In times of temptation, he resists confidently, knowing that God will not suffer him to be tempted above that which he is able to bear, and that a way of escape will be provided (1 Cor. 10:13). He refuses to say "I will try anything once." He flees youthful lusts. He abstains from every form of evil.

The Christian youth is different from those about him — and what a difference! Even those who ridicule him respect him and secretly wish they had the courage to be a Christian. — Dr. J. P. Gibson.

Recent rains in many areas of the state have been sufficient to germinate and start growth of dry planted pastures. Plantings can still be made but late plantings mean less grazing.

Winter is here and a hard freeze can play havoc with auxiliary motors, tractor engines and sprayers unless they have been properly winterized.

The farm population of the United States has been decreasing about 600 thousand a year since 1949. Farmers who have remained on the land have achieved record breaking harvests on about the same acreage and with 30 percent less labor.

No Skeeters Pester Ormond Beach, Fla., After Experiments

ORMOND BEACH, Fla.—There are no mosquitos left in this small village, reports Dr. Morton C. Kahn, Cornell university medical college professor.

Last spring, the insects were so thick in town that the residents dared venture outside only when it was necessary. Mayor Leo Foley heard of Dr. Kahn's experiments and invited the professor to help Ormond Beach rid itself of mosquitos. Dr. Kahn promised to experiment.

Dr. Kahn took his assistants, Dr. William Offenhausser Jr., Dr. Daniel Alvarez and Edward Berg, all of the department of public health of the medical college, and his equipment. The equipment, on which Dr. Kahn has been working for 14 years, consists of a recording device, a phonograph and loudspeaker, and an electrically charged grill.

In Ormond Beach the scientists captured specimens of aedes taeniorhynchus, bothering Ormond Beach by day, and aedes sollicitans, bothering the village by night. They recorded the low-pitched love cry of a female of each insect. Then they set up the grill in front of the loudspeaker and turned the electricity on. Mosquitos were lured from miles around, and they perished on the grill as they plunged headlong into the loudspeaker.

Earlier tests indicated that the siren voice of the female mosquito lured only males to their deaths. Dr. Kahn said. The new tests indicated that females also were lured by female mosquito voice recordings.

This Small Town Is Mail Center for Rays of Cheer

CANASTOTA, N.Y.—Ma and Pa are a couple nearing their birthday who live near here and consider bringing cheer to others the greatest satisfaction in life. This town is mailing center for rays of sunshine.

They send greetings, "sunshine letters" to hundreds of the bed-ridden or persons in wheel chairs, often suffering more from loneliness and neglect than from physical ailments.

During the past nine years though hundreds of shut-ins have received today and Christmas greetings as well as letters twice a month from the Bobbs.

The letter-visits to the shut-ins began in 1942. At first only lonely persons received letters, but the idea grew until now more than 1,400 elderly people, all with physical handicaps, hear regularly from Ma and Pa.

The Bobbs find their shut-ins by routing through the mails with health departments and public health associations.

There is no mention in the letters to the shut-ins of wars and economic problems. They concern them like the buckwheat cakes used to make the woodbox side the kitchen stove, and the oldsters who used to come around in pins, threads, shoelaces and pins, the old covered bridges, and other things the oldsters remember with fondness.

The oldsters know that they are expected to reply to the "sunshine letters."

Coffee 'Sneak' Becomes 'Break' in Los Angeles

LOS ANGELES—The first municipal recognition of man's inalienable right to drink a cup of coffee during working hours on the bosses' time is working out fine for both the City of Los Angeles and its 15,000 employees, according to Samuel Leask, Jr., administrative officer.

Los Angeles became the first U.S. city to legalize coffee breaks for municipal workers when it passed an ordinance authorizing employees to take 15 minutes each morning and afternoon at no loss of pay of time to themselves. Previously, city workers had been permitted to take such breaks but the time was deducted from their lunch periods when—and if—employees reported it.

According to Leask, replacement of the coffee "sneak" with the regulated coffee break has been a decided "plus" operation for the city.

"The purpose of making the coffee breaks legal and regulated was to increase work output and thus promote efficiency and economy in the conduct of city business," he said. "After several months of observation, it certainly seems to be working out that way."

"Just like the coffee break in offices and factories, our city rest periods have ended time-wasting 'sneak outs' and other abuses which were costly to taxpayers."

It's a smart child who understands her parents.

A friend is someone who doesn't expect any favors.

As yet we haven't seen a do it yourself operating kit.

Larger debts sometimes force one into larger earnings.

When it gets down to the dollar, life usually becomes a cat fight.

Not every religious person understands religion and religions.

Commuter Snags Train But Can't Hold It

EUREKA, Calif.—Loafers around the railroad station here tell this for the truth. Seems the station agent heard a loud crash on the platform. He ran out and saw the rear end of a train disappearing around a curve. A disheveled gent lay prone on the ground, surrounded by the contents of his banged-up suitcases.

An owlish youngster stared at the gent, but made no effort to assist him. "Was he trying to catch the train?" the station agent asked the youngster.

"He did catch it," replied the youngster, "but it got away."
