Speech Teacher Gives Rotary Program

The O'Donnell Rotary Club met Tuesday with President Jack Hackworth presiding.

There have been worthy causes and projects that have been defeated because men and women who believed these projects to be just and worthy were not capable of voicing their opinions.

The speech department is making preparation for declamation events. Clara Augry told of Juvenile Court of Dawson County.

Thought for week: "It takes fire and force and enthusiasm to generate the steam that propels the successful character."

New Hope Offered Arthritis Sufferers

"Dam Your Arthritis" by Robert Shafro for the first time documents what can be and has been done for sufferers from this dreaded ailment.

No home cure peddler, nor counsellor of the despairing, "Learn to live with it".

"Dam Your Arthritis" spells out how, over a 30-year period, a hospital in Ottawa, Illinois, has arrested the disease in many thousands of patients.

Shafro's book recommends wider knowledge of Ottawa's successes against the "great crippler" be disseminated among the more than 11 million American arthritics.

The O'Donnell chapter of Young Farmers held its monthly meeting last Thursday nite with a program on artificial respiration. The demonstration was given by Mrs Greathouse, an employee of Lyntegar Electric Co. op

An educational film strip on accidents in which mouth to mouth respiration and heart massage saved lives. Following the film Mrs Greathouse used a maniquin to demonstrate the technique. The Young Homemakers were guests at the meeting and with their husbands practiced the technique on the maniquin under the direction of Mrs Greathouse.

The charter feels that this program is needed among all age groups and was demonstrated by children of Harold Hahn and Bubs Allen. With adequate instruction the technique can be mastered by a child of school age.

Route Boxes Must Be Maintained, Says Mr. Line

Postmaster Odie Line said this week — "May we appeal to postal customers on rural routes to help their rural carriers make mail deliveries during bad winter weather. The post office has three rural routes over this area. Mr. Line listed these points of concern —

1. Approaches to rural mail boxes must be kept open by patrons.
2. Obstructions to delivery of mail on rural routes should be removed or minimized to the fullest extent possible.

Unless approaches are cleared, it may be necessary to temporarily withhold delivery of mail. Mr. Line

said. Rural carriers are not required to perform service on foot when roads normally used can not be traveled but they are expected to make every reasonable effort to serve as many of their patrons as possible.
