## Farmer Kills Self Here

Johnnie Milner Johnson, age 51 and who lived in the south part of town, was found fatally wounded at about noon Thursday on a lane bordering a cotton field on the G C Aten farm 8 miles southeast of here. A discharged 20 gauge shot gun was found beneath his body and Justice of the Peace D M Campbell of Lamesa, who conducted the inquest, ruled that Mr. Johnson died by his own hand.

Mr. Johnson was share farming the cotton field with Mr Aten. He made his home in the south part of town. He arrived at the cotton field in company with his wife, and they were waiting for the cotton to dry out before starting to pick it.

Joe Vanhouten, a tenant on the Aten farm, said that Mr. Johnson came to his house shortly after 7 a. m. and suggested that they hunt for a rabbit which he had seen in the field while waiting to go to work.

Mr Johnson borrowed the shot gun from Vanhouten, who took a small calibre rifle and the pair set off across the cotton field. Vanhouten said that after they had gone a short way Johnson suggested that they separate. After hunting for a while alone, Vanhouten returned to his home and later went to pick cotton.

Mr. Johnson became concerned about her husband later in the morning and came to the Aten home and told Mr. Aten that she could not locate her husband. Mr Aten summoned Dep. Sheriff Cleve Bairrington of here and they found the body shortly after noon.

The charge from the gun had entered his head and he apparently died instantly.

The tragedy occurred just over the line in Dawson Co. and Judge Campbell and Deputies L W West and John Maxwell went to the scene and conducted the inquest.

He was born at McClure and was a veteran of World War I. He had been in ill health for some time and recently spent sometime in a veterans hospital. Funeral services were held Saturday at the Rock Springs Baptist Church in Mills county, 22 miles southeast of Brownwood. Burial was in the Rock Springs cemetery.

Survivors include his wife, one son, Herbert of Odessa and a daughter, Mrs. Ovella Orr of here as well as seven half brothers and 3 sisters.

## NEWMOORE NEWS

The local gin has turned out 316 bales so far; the recent rains stopped the harvest.

Mr. and Mrs. H H Williams, who formerly lived here and now of Gatesville, were visiting here Monday. Their grand-daughter at Levelland was seriously burned.

The Luther Williams family visited his parents at DelLeon this week.

Mr. Paul Turner had as her guests the past week her sister, Mrs. Robert Anderson of Andrews and a friend Mrs. Lambright of Odessa.

## COUNTY FARM LEADERS MEET AT TAHOKA

Lynn Co. Farm Bureau community team captains and solicitors met at Tahoka at 7:30 last Thursday evening for the kick-off meeting launching the membership drive for 200 members in this county during state wide Farm Bureau Organization Week Oct. 20 to 27th it was announced by Hubert Tankersley, president of the county organization.

Two radios were in readiness to bring workers the network address of J Walter Hammond. He spoke to some 10,000 workers assembled in approximately 200 Texas counties who will participate in the state wide drive for members during Farm Bureau Organization week. Lynn County's goal is 500 members. The state goal is 70,000 members.

Farm Bureau is an organization of, by and for farmers, Mr. Tankersley said. Its chief job is to main tain farm prices. To accomplish this, farmers must have an organization strong enough today to adopt and maintain an agricultural program that will stabilize the prices of farm products which will in turn stabilize business and industry.

## LOCAL FLOAT WINS IN CO. FAIR

The float the F H A girls and F F A boys entered in the Lynn Co fair won first place. The parade started at the Tahoka high school and proceeded thru Tahoka and on the fairgrounds. The float was similar to the one entered in the O'Donnell rodeo. Sue Smith and Pat Etter rode the float in front of the little house and Tommy Billings and Jimmy Melton rode back. Raymond Hancock pulled the float with his pick up with his two calves in the rear.

Miss Carolyn Middleton, the attractive daughter of Mr and Mrs Dewey Middleton, presided over the fair as Queen.

Several local boys including the Inman boys and the Mires youth won awards in the swine shows.

The Index regrets the Fair group didn't supply the Index with a list of prize winners.

Mrs. E A Hancock of Qanah were the week end guests of Mrs Lydia Hancock and Sunday guests were Mr and Mrs Homer Hancock and Mr and Mrs. Weldon Hancock and son.

The W M S of the First Baptist church met with Mrs J T Middleton sr Monday afternoon. After a social hour refreshments of pecan pie topped with whip cream and speed tea were served to 15 ladies.

Mr and Mrs. C H Mansell visited in Ballinger last week.

Mr and Mrs F M Page spent Sunday at Pyote.

## 14 ARRESTS OVER WEEK END

Deputy Sheriff Cleve Bairrington reported 14 arrests over the week end of drunks which included 1 negro and the others were Latins. Sunday nite a Latin American was treated at a local doctor's office for head cuts suffered in a fight in the flats.

After some delay work on the new jail is starting this week.

## CARNIVAL SET FOR BERRY FLAT MONDAY NITE

There will be a Halloween Carnival at the Berry Flat School Monday nite Oct. 31st sponsored by the Berry Flat P T A. The usual carnivals attractions will be held. Come out and have an enjoyable and spooky evening. The community is cordially invited to attend Sunday School every Sunday at the Berry Flat school.

Mr. Farmer, see me for writing your cotton loan papers; prompt and efficient service; see Elvin R Moore 21p

## 43 Lb. Fish At Possum Kingdom Dam

Pictured above is a 43 pound cat fish caught recently at Possum Kingdom Lake on the fishing party were Mr and Mrs Cummings nee Mrs Bonnie Shepard of Ackerly and Mr and Mrs Alvin Mc Millan of here. Mrs Cummings is pictured holding the prize fish.

## Rain Slows Bumper Harvest

According to a rough survey early Tuesday morning by the Index, the local gins have turned out 6750 bales of cotton from the 1949 crop. The harvest is general ly late and it is estimated that less than 15 per cent of the bumper crop has been harvested. Week end rains amounting to 65-100ths inches according to Weatherman Ben Moore, sr., have caused additional delay and is doing little good to the quality of the cotton which is open. However, this loss is not expected to be high.

A first frost Tuesday morning will aid harvesting by causing the falling of exposed leaves. At this writing it is not known whether the frost Tuesday can be classified as a "killing" variety.

Mid November should see more mechanical harvesting of cotton than ever before in the history of this area. Scarcity of labor and the probable increasing high price for pulling should activate the mechanical harvesting. It is estimated that at present a sharecropper receives less than \$50 per bala after rent, and other expenses are paid.

Retail business in town is excellent will nearly every type of business doing a capacity business. Bill DeBusk sums it up well for the post office crowds. Said he, "The post office must be putting on a SALE by the crowds."

The Girl Scouts meet was called to order by Chairman Donna Jean Hobdy. The group decided to have their Halloween party with Rita Jan Harges. After the business meeting the group enjoyed games. Friday the Scouts enjoyed a cook-out. Those sponsoring the cook-out were Mrs. Hoffman and Mrs Harges.

## The Eagle SCREAMS

### Brief School Items

#### SIXTH GRADE NEWS

The group recently elected room mothers; they are as follows: Mrs. Pelts, Mrs. Hobdy, Mrs. Harges, and Mrs. Holcomb. Last Friday Oct. 7th Mrs Pelts brought the room ice cream; it was enjoyed and appreciated by all.

#### Fifth and Sixth grade

We have a new pupil in the 6th grade. He is Eugeng Leal from Seguline.

We have an error box in our room for those using incorrect English in their conversation. We find that "aint" is the most common error.

We are making Halloween decorations for our room such as black cats, witches, Jack-o-lanterns and owls.

All our 6 week exams have been finished.

#### Seventh Grade news

Mrs. Gooch has a new car. It sure is pretty. Green must be her favorite color.

Joe and Mary Somero are out picking cotton.

Wonder how Carole and Avery are getting along? Not so good we hear.

Wonder who Mary Fierce's date is now a-days?

Kay and Jack seem to be doing quite well.

Mavis Veach is back after being out for quite a period; we are glad to have her back.

Frankie must think Slaton is the stuff; in fact we know she does.

The 7th grade boys are building a library table for our room.

Several of our class are picking cotton.

Leon Gillespie and Joy B Barnett are working at the skating rink.

#### SCOUTS ATTEND ROUNDUP AT LUBBOCK

Scout master Elvin R. Moore reports a very enjoyable time on the part of all who attended the South Plains Council Roundup held on the campus of Texas Tech Oct 21 and 22nd. Those attending from O'Donnell Troop 85 were: Jessie Barnett, Jack Worthington, Leon Gillespie, Marshall Barton, Otho McCleendon, Gerald Moore, Jimmy Moore, Odell Howard, Avery Doss, Charles Holcomb, Ed Williams, Charles Bob, Snell, Bob Kitchen, Valce Cox, Wendell Mc Clenton, Eddie L. Thompson, Carl Gene Jones, Dennis Herman Slaton Harris and Buddy Veach.

The group attended the Texas Tech and Arizona ball game, the Roundup's climaxing event, Saturday afternoon. The local troop meets at the American Legion hall every Monday nite.

#### LEGION TO HAVE A DINNER NOV. 3rd

Thursday nite, November 3rd the American Legion will meet in their regular monthly meeting and at the time there will be a covered dish supper. All members and ex-service men and their families are invited. There will be a brief program. For further details see J W Gardenhire, commander or J C Harris.

Among the local men away on joying deer hunting are W L Gardenhire, Mack Noble, C. L. Day is and D J Bolch of Lamesa. They are hunting near Monticello, Utah.

#### REV. CRANDALL TO FILL PULPIT HERE SUNDAY

Next Sunday we will have the pleasure of having Rev. E H Crandall to preach for us at both the morning and evening services. Bro. Crandall is a well-loved former pastor of this church who is now associate pastor of First Methodist Church in Lubbock. I know that everyone will want to hear Bro Crandall in each of these services. Come and worship. It would be a great favor to your pastor and a great day for Bro. Crandall and for the Lord if you would make these two services the two best at tended services of the year.

Your pastor will be in Friona leading the singing for their revival. -- Alby Cockrell, pastor

#### SHOWER HONORS BRIDE

Mrs. John Lowler nee Mary Frances Fowler was honored last Tuesday with a bridal shower in the home of Mrs Roy Gibson. Co-hostesses were Mrs O L Harris and Mrs C N Fritz. Refreshments of cake and punch were served to about 40 guests; others unable to attend sent gifts.

Mr and Mrs. Leon Brooks and Leonard Griffin of Big Spring visited Mr and Mrs John Spears Sunday.

Mrs. John Spears and Charlene Vermillion visited the John Lawlers in Lamesa Friday.

#### HI SCHOOL HONOR ROLL

Students on the honor roll are: Peggy Etter 95 3-4th; Pat Etter 93 3-5th. Dale Karpe 93 2-5. Phil Hardberger 93 1-2, Myrtle Walk er 93, Anna Lois Rains 92 1-2; Joyce Culbertson 92 1-4; Frances Holtzclaw, 92 1-4, Rodger Line 92 1-4, Mary Hobdy, 91 3-4, Elaine Hohn 91 3-5., Harrell Line 91 1-4, Marvin McKenzie, 90 1-2, Frances Reeves, 90, J Mac Nobie 89 3-5, Peggy McKee 89 1-2

#### 8TH GRADE TIES TAHOKA

The 8th grade football boys tied the Tahoka 8th grade 13 to 13. The 7th grade was defeated 21 to 6. For the first time the Senior team can show up the Junior and 8th grade teams.

Warning to the football boys who are failing; you had better get to work if you want to play next Friday nite.

Cleo Fultz, a former student of O. H. S., and Glynn Brownlow, also a former student of O H S, were united in marriage last Saturday week at 7 p m at the local Church of Christ with Bro. Bishop performing the ceremony. Nancy Franklin was maid of honor and Pauletta Fannon bridesmaid. Theo Fultz was best man. The couple took a wedding trip to Carlsbad and Ruidoso and are at home in the O. K. Community.

Dorothy Bradshaw spent the week end at home from Lubbock

It is rumored that the small junior pep squad yelled as loud as all the pep squad usually does! Let's do something about that girls

Miss Pat Edwards of Abilene spent the week end here.

Mr. Tubbs, of Levelland, our former coach, visited M D Conger over the week end.

Don Mires won 1st place with his Duron Jersey hog at the Dawson county fair. He received \$1.50 and a rosette. This fair included 7 adjoining counties. Most of the F F A boys showed calves.

#### Fourth grade news

The ones who were still standing when we had our spelling match were Jackie James, Mary, Gusten, Ken, Dan, Annette, Carolyn, Ethel, Fred, Patricia

We have a new pupil, Raymond Villanueva; we are sorry that Charles Ray is ill. We won one half of the money at P T A for having seven mothers present. We have lawns and elephants for our room decorations.

Mrs. Homer Simpson underwent surgery last week at a Lubbock hospital. She is doing fine.

## Fewer Pedestrians Figure In 1948 Traffic Deaths

CHICAGO.—Fewer pedestrians walked themselves to death during 1948 than the year before. There were 9,850 pedestrian traffic deaths last year, according to the 1949 edition of "Accident Facts," statistical yearbook of the National Safety Council. This was 6 per cent below the 1947 total of 10,450. The yearbook points out that last year was the first since motor vehicle deaths have been tabulated by type of accident that pedestrian deaths were fewer than deaths from two-vehicle collisions.

## Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back. **CREOMULSION** for Coughs, Chest Colds, Bronchitis

## "TRAPPED in a wind that screamed our doom!"

1 "Near midnight, we heard it! A sighing whisper... a lull... a whining gust of wind... a gently silence... a shrieking blast! And the full fury of the tornado struck! My wife screamed! My child whimpered! I grabbed my flashlight. Suddenly—the whole house churned... lifted... spun in air. Everything crashed into blackness.

2 "I came to. I had been hung from the house into a ditch. My flashlight still burned. Frantically, I followed its steady beam along the ditch until I saw the white faces of my injured wife and child!

3 "With the help of our flashlight, we reached shelter. I thank those flashlight batteries for saving three lives that night. Now I know why Eveready batteries are The Batteries With 'Nine Lives'!"

"NINE LIVES!"

Just as an active cat... takes a cat nap... and bounces back with new pep... so "Eveready" flashlight batteries recover power\* between uses and bounce back for extra life!

\* Technical explanation: due to the electro-chemical regeneration of the depolarizer.

Write us about your true experiences with "Eveready" batteries. Address Dept. WN.

### Oyster Digestion

An oyster feeds itself by opening its shell slightly to admit the mineral waters of the sea. Its food is minute plant and animal life, gently absorbed from an intake of water that a human could match proportionately only by drinking 100 gallons a day.

BOY O'BOY! POP'S RIGHT!  
3-IN-ONE MAKES THINGS RUN LIKE NEW!

### Save Money On This Home Mixed Cough Syrup

By Saving. No Cooking. So Easy.

You'll be surprised how quickly and easily you can relieve coughs due to colds when you try this splendid recipe. It gives you about four times as much cough medicine for your money, and you'll find it truly wonderful for relief.

Make a syrup with 2 cups of granulated sugar and one cup of water. No cooking needed. (Or you can use corn syrup or liquid honey, instead of sugar syrup.) Toss in 1/2 cup of Pinex, (obtained from any drugist) in a pint bottle, and fill up with your syrup. This makes a full pint of medicine that will please you by its quick action. It never spoils, and tastes fine—children love it.

The simple mixture takes right hold of a cough. It loosens the phlegm, soothes the irritated membranes, quickly eases soreness and difficult breathing.

Pinex is a special compound of proven ingredients, in concentrated form, well-known for its quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

FOR EXTRA CONVENIENCE GET NEW READY-MIXED, READY-TO-USE PINEX!

### NO MORE LAXATIVES FEELS 100% BETTER

"Laxatives didn't help. I was a victim of constipation for 15 years. Beating KELLOGG'S ALL-BRAN every morning gives me results! Now, I am regular, feel 100% better. Would like others to know!"

David Brownell, Center Ossipee, New Hamp. One of the many unsolicited letters from ALL-BRAN users. Constipated due to lack of bulk in the diet? Eat an ounce of toasty ALL-BRAN daily, drink plenty of water. You may never need another laxative! If not satisfied after 10 days, send empty box to Kellogg's, Battle Creek, Mich. DOUBLE YOUR MONEY BACK.

### MUSCLE STRAIN?

**SORETONE Liniment's Heating Pad Action Gives Quick Relief!**

When fatigue, exposure put misery in muscles, tendons and back, relieve such symptoms quickly with the liniment specially made for this purpose. Soretone Liniment contains effective rubefacient ingredients that set like glowing warmth from a heating pad. Helps attract fresh surface blood supply.

Soretone is in a class by itself. Fast, gentle, antilying relief assured or price refunded. 50c. Economy size \$1.00.

Try Soretone for Athlete's Foot. Kills all 5 types of common fungi—on contact!

### CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women 35 to 52 yrs.? Does this make you suffer from hot flashes, feel so nervous, highstrung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

### Kidneys Must Work Well

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

### DOAN'S PILLS

## HOUSEHOLD MEMOS... by Lynn Chambers

### Win Family Favor with Hearty Soups

(See Recipes Below)

#### Substantial Soups

COLD, BLUSTERY DAYS call for changes in the family meal plans. Something hot, something tempting with which to start off the meal is warming and friendly and it takes the edge off those appetites which have been sharpened by the elements. That something can and should be soup, be it luncheon, dinner or supper.

You could serve a different kind of soup practically every day when it's cold enough and never repeat the same kind because the variety may be infinite. Give your means a lift in nourishment and interest by trying out kinds which you've never had before and see how your rating goes up with the family.

#### \*Crabmeat Bisque (Serves 6)

- 1 1-pound bunch broccoli
- 3 tablespoons butter
- 2 tablespoons finely minced onion
- 3 tablespoons flour
- 4 cups milk
- 2 teaspoons salt
- 1/2 teaspoon pepper
- 1/4 teaspoon paprika
- 1 teaspoon Worcestershire sauce
- 1 cup grated American cheese

Prepare broccoli: cook washed vegetable in an inch of boiling, salted (1/2 teaspoon salt to 1 cup water) water for 15 to 20 minutes, or until tender. Sieve or chop fine and measure. There should be about 1 1/2 cups of the vegetable pulp. Melt butter in saucepan, add onion and cook until tender. Blend in flour. Gradually add milk, stirring constantly, and cook until thick and smooth. Stir in broccoli, seasonings and sauce. Add grated cheese and stir until melted. Serve in warm soup bowls with a sprinkling of more grated cheese on top.

A delicious and different variation of cream soup is bisque which is somewhat thicker, but there's no trick to its preparation.

#### Crabmeat Bisque (Serves 6)

- 1 1/4 cups shredded crabmeat (6 1/2 ounce can)
- 1 1/2 tablespoons butter
- 2 tablespoons flour
- 1/2 teaspoon salt
- Dash of pepper
- 1 cup boiling water
- 1 1/2 cup evaporated milk (1 tall can)
- 1 egg
- 1-2 tablespoons lemon juice

Remove any shell from crab meat, then shred. Melt butter; add flour, salt and pepper and blend until smooth. Add boiling water and cook until mixture begins to thicken. Add milk and continue cooking until slightly thickened. Beat egg; add lemon juice and stir into white sauce along with crab meat. Heat to serving temperature and serve immediately.

#### HERE ARE TWO hearty soups, both of them regional favorites:

- Dutch Vegetable Soup (Serves 10)**
- 2 cups dried lima beans
- 1 large soup bone

#### LYNN SAYS: Soup variety Tempts Cold-Sharpened Appetites

Frankfurter or salami sliced 1/4-inch thick adds flavor and richness to pea, bean, corn and tomato soups.

When you want to get fancy with soup garnishes, serve with a float of salted whipped cream, sprinkled with slivered toasted almonds.

If soup seems thin and unappetizing, drop a few pieces of macaroni into it for thickening and texture interest.

#### LYNN CHAMBERS' MENU

- \*Crabmeat Bisque
- Tossed Green Salad
- Fudge Cake
- Melba Toast Beverage
- \*Recipe Given

- 2 cups tomatoes, fresh or canned
- 2 cups corn kernels, fresh or canned
- 2 cups chopped cabbage
- 1 large turnip, diced
- 1 carrot, diced
- 1 onion, sliced
- Salt and pepper to taste
- 1 teaspoon flour
- 1/2 cup milk

Soak lima beans in enough cold water to cover, for several hours or overnight. Wash soup bone thoroughly and cover with cold water. Bring to boil and simmer for three to four hours. Skim off fat and add drained lima beans and prepared vegetables. Season to taste and cook until vegetables are tender, about one hour. Mix flour with milk and stir into soup. Cook for 15 minutes and serve hot.

#### Back Bay Fish Chowder (Serves 6)

- 1/2 pound salt pork, sliced
- 2 cups diced fish
- 6 small potatoes, sliced
- 2 onions, chopped fine
- 3 cups boiling water
- 2 cups milk
- 1/2 teaspoon salt
- Dash of pepper

Fry salt pork in deep kettle. When crisp, remove pork and add fish, potatoes and onions. Add boiling water and simmer one-half hour, or until potatoes are tender. Add milk and cook for five minutes longer. Season with salt and pepper and serve with pilot biscuits.

#### CABBAGE SOUP is an old-fashioned favorite, and you've probably made it often. Here, however, is a tasty recipe for it, seasoned to perfection with salt pork and a few wisely selected herbs.

- French Cabbage Soup (Makes 2 1/4 quarts)**
- 1/2 pound salt pork, cut in cubes
- 2 quarts cold water
- 2 spray parsley
- Pinch of thyme
- 1 bay leaf, crushed
- 1 cup diced raw carrots
- 1 cup diced raw turnips
- 1 cup diced raw potatoes
- 1 quart finely shredded cabbage
- 1 large onion, chopped
- 1 teaspoon salt

Place pork in soup kettle with water, parsley, thyme and bay leaf. Bring to a boil and simmer gently for one hour. Strain out pork and herbs. Add vegetables to the broth with salt; bring to a boil and simmer for one hour. Add pork to the soup, and season to taste with more salt and pepper, if desired. Serve with grated cheese, if desired.

Clam chowder and consomme can stand a bit of tartness so it's a smart idea to float thin lemon slices on top of the soup when serving.

Grate cheese or puree some red pimientos and fold them into whipped cream for a colorful soup garnish especially attractive for the cream type soups.

Soup will tempt youngsters and oldsters alike if it's sprinkled with buttered popcorn just before serving. This is an excellent idea for tomato, pea and corn soups.

### FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: I have a dining-room set with a lacquer finish. The top of the table is scratched. Could I just finish the top, or do I have to do the whole thing over?

ANSWER: If the finish is scratched all over, I believe you would get more satisfaction by doing a good job of refinishing the top in the right way, rather than varnishing over the scratches. You can take off the scratched lacquer with a small, portable electric sander, which can be either bought or rented in the larger cities.

sun-fast, they probably will fade to some extent. Slip covers would help to protect the furniture in the summertime. Some varnishes become checked if left exposed to direct sunlight. A hot sun also may cause a delicate or very old fabric to disintegrate.

### RESET LOOSE SCREWS

EASY! No skill required. Handles like putty... and hardens into wood.

### Kids! Get a Turbo-Jet Plane!

NO EXTRA COST in Kellogg's PEP

**Barren Land Reclaimable With Fertilizer, Know-how**  
 Under proper management, worn-out land can be converted into grass legume pasture capable of carrying one cow and a calf to each one and one-half to two acres. Three acres of good permanent and supplementary pasture will carry a cow and calf through the year. Principal requirements are fertilizer, willingness to grow something beside the immediate money crops and a knowledge of livestock.

**Farm Show Schedules New Machinery, Ideas Modern Devices Slated To Indicate Progress**

New devices and machinery which are attracting the interest of farmers generally will be on view at the national farm show at Chicago starting November 26. The show will be held in the Chicago coliseum. Prominent among new scientific farming aids to be shown will be the radically-different tractor-move irrigation systems. Consisting of long lines of pipe which can be hooked onto a tractor and moved to any section of a field, these systems are said to be able to triple acreage yield. Water, nitrogen, fertilizer, DDT or 2,4-D can be put down through the sprinklers. Vacuum unloaders, rotary hoes, heated tractor seats and grain testers are included among the hundreds of items for the modern farm and farm home which will be displayed, and visitors will see a wider range of implements and equipment than has ever before been assembled under one roof. The special events are likewise shaping up into a program of unusual interest. The second annual invitational interstate 4-H poultry judging contest on November 29 will draw entries from at least 20 states, according to H. G. Ware, director of judging.

Modern farm machinery, such as this "damper-downer" in use in a North Carolina tobacco field, will feature exhibits at the National Farm Show to be held in Chicago.

Modern farm machinery, such as this "damper-downer" in use in a North Carolina tobacco field, will feature exhibits at the National Farm Show to be held in Chicago.

**Reduced Grain Growing Brings Seed Hold Need**

Prospects of reduced grain-growing, including corn and wheat in 1950 and following years should cause farmers to consider saving more grass and clover seed, says a statement from the college of agriculture, University of Kentucky. The seed, it was pointed out, will be needed for the sod crops that are to take the place of grain. The bureau of plant industry at Washington says that grain reduction will mean at least 25 per cent more grass and hay.

**Harvest Your Cotton this TIME- and MONEY- SAVING way**

**JOHN DEERE No. 15 Two-Row Cotton Harvester**

You'll make short work of harvesting cotton... slash expenses to a fraction of hand-pulling costs when you own a John Deere No. 15 Two-Row Cotton Harvester.

The John Deere does an excellent job of harvesting any cotton that is suitable for mechanical snapping. Stripping two 40-inch rows at a time after defoliation, the John Deere does a once-over job, saving more cotton than the average hand-puller. Harvested at the same time, cotton pulled with the No. 15 grades as high as that picked by hand.

Be sure to stop in soon and let us tell you more about this time- and money-saving two-row cotton harvester.

WEEKLY NEWS ANALYSIS

Control Atom, Keep Alert: Baruch; Senate Clashes on Price Supports; U. S. Seeks Method to End Strikes

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

A-CONTROL: 'Truly Effective'

After President Truman's announcement on September 23 of an atomic explosion in Russia, U. S. citizens worked up a kind of peculiar, detached tension that seemed to have been born out of the expectation that somebody—maybe Bernard Baruch—ought to say something significant pretty soon about the world and the atom bomb.

And Mr. Baruch, who is the author of the plan for international atomic control that was rejected by the Soviets in 1946, measured up to the demand for an opinion by coming out with what looked to be some practical suggestions.

PRIMARILY, he urged that "nothing less than a truly effective" system of international control be put into effect.

He supplemented this major point with three other recommendations as to how to face up to the Russian atom:

1. Pending such "safe and sure" control, make every effort "to maintain our overwhelming advantage" in the development of atomic weapons.

2. Re-examine our strategy for peacemaking.

3. Enact a standby mobilization plan, including civilian defense, immediately.

BASIC IDEA, of course, is for the U. S. to do its moral best with the olive branch, but in the meantime keeping a gun handy, just in case.

Baruch's conception of a mobilization plan would include price, wage and rent controls, rationing priorities and anti-profiteering measures.

Russia's counter-proposal to international control—the outlawing of the bomb and international agreements to destroy all existing stocks of the atom bomb—oversimplifies the problem, Baruch said.

HE WARNED that a would-be aggressor easily could divert "peaceful" atomic material to "international blackmail and destruction."

STRIKES: Economy Throttled

The history making double basic-industry strikes—coal and steel—were rapidly throttling the nation's economy as the first week of the twin work stoppage drew to a close, causing:

1. The layoff of about 100,000 white collar workers whose clerical services no longer were needed.

2. Furlough of 49,829 railroad men.

3. Curtailment of Packard motor company operations.

4. Reduction of steel output to an anemic 8.2 per cent of capacity.

5. Daily loss of 30 million dollars worth of business in the steel and coal industries alone.

6. Daily loss of 11 million dollars in wages to nearly 900,000 striking steel and soft coal workers.

President Truman had indicated that he planned no direct government intervention in the strikes, but Federal Mediator Cyrus Ching was trying to figure out a new attempt to settle the disputes.

With the steel mills and coal mines idle, Ching's massive problem was to find a workable solution first of all to the pension demands of Murray's United Steelworkers and Lewis' United Mine Workers. Making it more difficult was the fact that neither the industry leaders nor the unions were in mood to make any concessions.

An added grim note was sounded by Philip Murray, CIO leader, when he warned that still another 500,000 of his steelworkers would be going on strike by the end of October unless the company-financed six-cent pension and four-cent insurance program was accepted by the steel industry.

PERCENTERS: 5, That Is

What happened to the 5 per cent inquiry that was hotter than a two-dollar deep freeze box a month or two ago?

According to Senator Hoey (D., N.C.), who heads the special senate subcommittee which studied whether federal buying was improperly influenced, the probe probably won't be resumed this year; although the senator indicated that he might release a report on it soon.

"FOR ALL practical purposes the investigations already is completed," said Hoey.

However, the subcommittee was still waiting to get the testimony of James V. Hunt and David Bennett, both of whom were described as being too ill to take the stand.

Hunt is the Washington management counselor who allegedly collected fat fees for his help in seeking government contracts for others. He was the one who said, "All I have to sell is influence."

Bennett is head of the Chicago perfume house which footed the bill for several home freezers presented in 1945 to Maj. Gen. Harry Vaughan.

Confidences

Trygve Lie (left), secretary general of the United Nations, chats with Bernard Baruch at dinner during which Lie received the third annual award of the American Association for the United Nations for distinguished service to the U. N.

HIGH SUPPORTS: Good or Bad?

Despite worried administration warnings against setting farm price supports so high as to "price the farmer out of the market," the senate went ahead to hit a new parity ceiling for six basic groups.

Senators Young (R., N.D.) and Russell (D., Ga.) spearheaded the successful drive for an amendment to peg support prices on wheat, cotton, rice, corn, tobacco and peanuts at 90 per cent of parity. Previous support prices on those crops had been 75 per cent of parity.

SEN. SCOTT LUCAS of Illinois, senate Democratic leader and voice of the administration in this case, had opposed the Young-Russell amendment to Sen. Clinton Anderson's bill and had fully expected that it would be defeated in the senate.

But after a lusty battle, the measure was sent back to the agriculture committee where attempts were made to work out a compromise.

Senators Anderson, Aiken and Lucas had argued that a high-support measure, keeping food prices high, might one day cause consumers to rebel and possibly throw out the entire price support program.

Backers of the 90 per cent parity legislation contended that any serious lag in farm prices could set off a depression affecting the whole national economy.

THERE MATTERS stood for the time being. Prior to the senate fight on the support bill, however, Sen. Scott Lucas had delivered himself of an opinion that could, under the right circumstances, turn out to be prophetic:

"When the government continues to subsidize a little more and a little more all the time—without sticking to a farm program dealing with the basic commodities that can be controlled—you are taking a chance that the whole thing may be struck down."

BIRTHDAY: U. N.'s Fourth

October 24 is United Nations Day. The organization, wherein repose the hopes for peace of all free and thinking men, is just four years old—four years old as the passage of time goes, but already ageless in its experience and the good it has accomplished.

WHAT HAS THE United Nations done since it first convened during the immediate aftermath of World War II in 1945?

First of all, it has constantly kept the hope and prospect of peace alive in the minds of the world's people. It has come to mean, to the common man, a functioning object lesson that "working it out is better than shooting it out."

The U. N. already has definitely stopped three wars—in India, in Palestine and Indonesia.

IT IS LEADING millions of non-self-governing territories toward the realization of self-government.

On the basis of the best evidence, the U. N. has contributed enormously toward the job of keeping the peace won through the bloodshed of World War II.

The birthday of the United Nations—October 24—is a day to fix in memory. Odds are that in terms of human achievement and benefit and the dignity of man, history will write that date as being one of unparalleled significance and importance.

Border Backfire

When the Russians eased their border travel restrictions at Frankfurt, Germany, to draw west Germans into the Soviet zone for Communist "Peace Day" demonstrations, the results were reminiscent of the fabled halfback with the pointed head who ran 90 yards for a touchdown—the wrong way.

Thousands of eastern Germans poured into the western zone, while only about 500 went the other way.

? Current Events ?

Here are five questions, based on recent happenings in the news, which are practically impossible to answer—unless your children give you enough time to read your newspaper before they start playing tag-of-war with it. Anyway, try them on your I. Q. for size.

1. Yugoslavia, aided by the U. S., recently bid for election to a seat on the U. N. security council. How many elective members are there on the security council?

2. News from London following the devaluation of the pound made frequent mention of the "shadow cabinet." What is it?

3. U. S. aid to foreign countries in fiscal 1949 totaled 5 billion dollars. Would you say Britain, Germany or France received the most?

4. Oklahoma voted recently to keep its 42-year-old statewide prohibition law. How many other all-dry states are there?

5. Guam, a U. S. possession formerly run by the navy, recently inaugurated its first civilian governor. When did the U. S. get Guam?

- ANSWERS
1. Of the 11 seats, five are held permanently, six are elective. Elective members now are Argentina, Canada, Cuba, Egypt, Norway and the Ukraine.
2. The phrase describes a group of leaders of the Conservative opposition, headed by Churchill.
3. Germany, 993 million dollars; Britain, 899 million; France, 750 million.
4. Mississippi is the only other state with a statewide prohibition law.
5. In 1898, by the Treaty of Paris, after the Spanish-American war.

SECURITY: On the Way

Judging from all the activity that has been generated around the idea recently, apparently the thing Americans are most concerned about is how they can keep a few dollars rolling into the family till each month after father reaches the ripe old age of 65.

Pension plans have been an issue in major strikes confronting the nation, and congress was coming up fast on the outside of a greatly expanded social security measure.

Even as the administration-sponsored bill was reported out onto the floor by the house rules committee, it had been fairly obvious that the house would approve this portion of President Truman's program.

Briefly, the current measure provides for:

1. An increase of 11 million in the number of workers covered by old-age and survivors insurance for a new total of 46 million.

2. An average 70 to 80 per cent increase in old-age benefits.

3. Creation of a new insurance system for persons who became totally and permanently disabled.

4. An increase in the payroll taxes by more than 300 per cent during the next 20 years.

At any rate, the prospects were bright for those legislators who were plumping for passage of the expanded social security law. Senator George (D., Ga.) chairman of the finance committee, freely predicted that the senate would pass the hopped-up social security program in 1950.

REVOLUTION: With Trailers

Tomorrow's butcher, baker and candlestick maker may desert main street to come rolling right up to Mrs. America's doorstep to sell their wares.

This minor revolution in retail salesmanship was forecast this week by America's trailer coach manufacturers as they prepared to

display commercial and industrial trailer models at their first national exhibit in Washington, D. C. November 18-20.

In addition to a complete line of house trailers, the show will feature, among other specially-designed coaches, a well-stocked traveling grocery store, mobile beauty parlor, library, dental unit, field office and medical unit.

Hailed as a progressive step in relieving congested shopping centers and simplifying the housewife's marketing problems, the new trailer stores already are winning favor in both metropolitan and rural areas, say sponsors of the idea.

Tell that grocery store to wait, Mother—I'll be right out!

DEFENSE: Bacteriological

The city of Chicago, aware of the high attack priority it would have in the event of war, is becoming more defense conscious.

About two weeks ago, Dr. Herman Bundesen, Chicago board of health president, convened the first conference ever called by any city in the world to protect its citizens from the threat of biological warfare. Said Bundesen: "There is vital need for planning."

DEVALUATION FAIRY TALES

ONCE UPON A TIME there was a man who married for his second wife one of the haughtiest women in the world. She had two daughters of her own who were a pair of fine meenies. She had a stepdaughter of unparalleled goodness and beauty. She was called Cinderella. Her stepsisters kept her at the meanest work. They made her sleep in an old abandoned thirty-room showplace which nobody wanted while they had things easy in a \$25,000 four-room ranch house, with no garage.

The king gave a great ball to which he invited everybody of prominence, including the two sourpuss sisters. They got themselves up like Mrs. Astor's pet ponies and paraded before Cinderella, who, after they founced off, said, "I wish I could go to a great ball." Instantly her fairy godmother appeared.

"These great balls are not what they used to be," she said. "Before you get in you will have to take chances on a couple of automobiles and maybe a dream house. And there will be be-hop music. Still, if you wish to go..."

"Oh, I do," said Cinderella. "Fetch me a pumpkin, then," said the fairy godmother. Pumpkins were pretty high, as the government had underwritten them, or something, but she got one.

"Get me a mousetrap, a rat and six lizards," said the fairy godmother.

"I wanna go to a ball, not an animal show," wagged Cinderella.

The fairy godmother had a wand, a book on economics by Sir Stafford Cripps and several speeches by government experts, so she was able to convert the pumpkin, mice, etc., into a coach with white horses, a coachman and six attendants. Whisk! And Cinderella was off to the ball before anybody could arrive to demand that she pay luxury taxes on the whole business.

She was the most ravishing dish at the ball. The king's son went for her in a big way at once, much to Cinderella's discomfort. She was a smart cookie. (This could get serious. A prince would have loads of money, and she knew what that meant these days. He would have to spend all his days figuring out how he stood and all his nights checking to see if there had been anything new from Sir Stafford Cripps.)

Suddenly the great clock struck "twelve," said Cinderella. "Eleven," said the prince. "Ten," said the king.

"My goodness, one can't figure anything these days," said Cinderella, taking it on the lam. (She had to take a taxi. The coachman, the big rat, had struck for more money and all the lizards had walked out in sympathy.)

Well, to make a long story worse, she was not through with the prince and the problems of having everything. She had left a glass slipper.

The prince searched the whole land until he found that the slipper fitted Cinderella, and was he glad when he discovered she was really a working girl and hadn't a thin dime! It meant less bookkeeping.

He proposed and Cinderella accepted, saying, "I suppose I could have done worse. Look at all those girls who win giveaway programs!"

So she married the prince, who got back to the palace just in time to find the pound had been devalued again and he wasn't worth very much which meant, after all, a life of comparative tranquility.

"The outer burlap covering of the Peruvian mummy was swipped away by Dr. Carrion and Dr. Bird while 60 scientists watched," News Item.

Carrion and Bird didja say, or is somebody spoofing?

Gov. Dewey has come out with a letter endorsing vaudeville. "I remember it fondly as a popular form of entertainment," he says. Come, come, Thomas, you can't top Harry's vaudeville statement with anything as cool and general as that. What knock-about acts do you recall? Did you ever usher in a theater?

YE GOTHAM BUGLE AND BANNER

You can't tell Ben Whitaker, whose My Request and Miss Request won two big handicaps in succession, that 13 is an unlucky number. . . He bought one of the parents, Requested, for \$1300 on the 13th of the month and on Saturday Miss Request's weight was 113 pounds. . . He's gonna name the next colt Thirteen and hope that the unlucky number happens to pay off.

NEW RELIEF! For Stiffness, Coughs of Colds
You know—like millions of others—how wonderfully effective Vicks Vaporub is when you rub it on. Now...here's amazing, special relief when there's much coughing or stiffness, that "choked-up" feeling. It's Vaporub in Steam... and it brings relief almost instantly! Put 1 or 2 spoonfuls of Vaporub in a vaporizer or bowl of boiling water. Then—breathe in the soothing, medicated vapors. Every breath eases coughing spasms, makes breathing easier. And to prolong relief—rub Vaporub on throat, chest and back. Use it in steam... Rub it on, too!

WOMAN'S WORLD

Fit Toys to Children's Choices, Ages, for Best Playtime Results

By Eritta Haley

YOU'VE HEARD about the father who brings a fancy electric train to the hospital for his newborn son, and have probably thought it quite a joke. Experts, however, tell us the same type of thing happens practically all the time when parents buy toys for children, and when the story ceases to be a joke and becomes somewhat pitiful.

Mother buys a fancy doll for the three year old daughter, probably thinking this is the doll she would always have wanted and never had. Result? She gets frantic every time the precious doll is dragged along the sidewalk or goes into the wash bowl for a dunking.

Another question bewildered parents often ask takes the following form: "Jackie has so many toys, and such nice things, too, but he never seems interested in them." True, the child may have a lot of toys as well as the instinct for play, but the toys are probably above his age level.

It's natural for parents to think their youngsters smarter than they are, and this is particularly true in purchasing toys. Those who know

Choose Safe Toys

Rattles of different sizes and shapes with varied grips add interest to baby's ambitious efforts to learn to use his muscles. Like all properly chosen baby's toys, these are lightweight, washable and safe for sucking, and interest which is strongest during the first year. There should be no loose parts which the child can swallow.

Why such a fuss about toys? To make you and the youngsters happier. With proper toys you can partially relegate them to their playroom when you have important household duties and want to get them out from underfoot.

Youngsters, too, will be happier with the right toys which add much to intellectual and muscular development.

**Infant Appreciates Rattles, Cuddly Toys**  
By the time a baby is three months old, he'll be interested in watching daddy maneuver a balloon or a quacking duck. Within a very short time he'll enjoy brandishing rattles himself and will appreciate the varied shapes and sounds which American toy makers have been developing through a watchful study of infant's activities.

Sitting up is the next milestone; you may then introduce baby to cuddly animals and dolls. Then, when teething starts, the cherub becomes an enthusiastic customer for toys to bite. You'll find a variety of plastic and wood rings, beads and other shapes designed scientifically to meet this specific play need.

Textures are the next interest. It's smart to have some of smooth plastic like a rattle, then a plush bear for contrast and a yielding rubber duck that's fun to squeeze.

It's important, when choosing for these very young children, to avoid anything which might strain the baby's muscles. Make certain the toys are lightweight. Never have small parts that can be pried loose with baby fingers to be swallowed. American toy makers choose paints and dyes that are safe for inveterate suckers, so there's no danger of the child getting lead poisoning.

**Activity is Important During Second Year**

Don't expect the two year old to sit primly at a table with coloring books; he's just learned how to get around nicely and likes push and pull toys. He may occasionally be interested in looking through books when he learns to talk, but the coloring books must wait until he's three. Mechanical toys, which parents will have to wind, will offer great interest to the two year old, and occasionally they will enjoy fitting blocks and pegs into their proper places.

Balls, yes, such simple things as these, will be of great interest since they foster activity. Give them dolls and animals, too, since they show a tendency to play house with them, and like to cuddle them.

**Three Year Olds Like to Imitate**

When a child is three, a tricycle is important for he pretends it's daddy's car, a train, or the truck in which groceries are delivered, or any vehicle which he may see. Smaller toys which imitate real life activity such as cars, simple trains, boats and airplanes are also important to him.

The three-year old will also enjoy such things as playing with coloring books and crayon, modeling clay, stringing beads, fixing blocks, building sets, animated animals and simple musical instruments. Picture books and dolls rate high, too.

**Five Year Olds Know about Life**

Five year old Jane likes a doll and buggy so she can be like mother. Her twin brother may like cowboy gear, soldier set, airplanes, miniature cranes and steam shovels because they are real "man stuff." Dollhouse equipment rates high interest for girls in this group just as do wind-up cars and other mechanical toys for the boys. Both boys and girls like simple games, jigsaw puzzles and storekeeping equipment.

THE BIBLE SPEAKS

By DR. KENNETH J. FOREMAN

SCRIPTURE: Isaiah 7: 12-22; 25-29; 30: 1-17.  
DEVOTIONAL READING: Psalm 27.

Trust God

Lesson for October 23, 1949

SHOOTING WARS and cold wars were going on. A great whirlpool of international intrigue was roaring around and around, and Judah was in the midst of everything. The star of the once-great-empire of Egypt was setting, and the star of the new and powerful nation of Assyria was rising. Judah was only one of 20 or more little countries between those giants. Some of the little nations were trying to take advantage of the disturbed situation by getting up little empires of their own. All of them were scheming and scrambling for a place in the sun. Some were betting on Assyria, some on Egypt; no one knew just what to expect, but every one was afraid.

Dr. Foreman

**Cowardly King, Bold Prophet**  
INTO ISALIAH'S little country of Judah an invading army was marching, and the hearts of king and people trembled "like leaves in the wind." Little Judah was being invaded by a combination of two ambitious powers, Syria and Israel, either one larger and stronger than Judah. Isaiah had to go out and try to calm the mind of the King. It was of no use; it was clear that King Ahaz did not believe the prophet. But Isaiah was right nevertheless.

The foreign army that looked so big would not win the war. The alliance that looked so frightening did not last. It could not last, because God was against it. Military men and others too find such things hard to believe.

Is not God "on the side of the largest battalions"? Is not "Gith that fustest with the mostest men" the one and only recipe for victory? Nevertheless, the prophet was right. In fact, whenever a prophet raised a banner inscribed, **Trust in God**, it was not likely to be at a time when things were going smoothly in the world. That banner most often appeared in times of trouble, of darkness and dismay, of wars and invasions.

**Leagues Don't Always Last**

The situation had a different angle, later on. The Syria-Israel invasion collapsed, just as Isaiah said it would. But still the little nations jockeyed and maneuvered. It looked like a death-grapple between Assyria and Egypt and every nation wanted to be on the winning side. So it was a great time of treaty-makings, of pacts and agreements and alliances.

Isaiah changed the form of his message to suit the changing times, but the core of it was still the same. To King Ahaz he had said: Don't be afraid of hostile alliances; trust in God. To King Hezekiah and others he said, in effect: Don't put all your hope in alliances; trust in God. Egypt will fail you, any alliance you form will melt away in time.

But God will not melt away. You can depend on him. Now in our time the situation is strikingly like what it was in Isaiah's day. People today are tempted to put their trust in what is big and imposing. Big nations, big armaments, big armies, big alliances.

Men once put their trust in the League of Nations, and it died (of cowardice and dishonesty, among other things). Millions put their trust in the Axis, and for awhile it looked as if the Axis powers would overspread the earth. But the Axis vanished under the blows of the Allies.

**Are All Alliances Bad?**

THIS does not mean that no alliance is good, or that no treaty can be relied on, or that the United Nations (for instance) is bound to collapse. What Isaiah is driving at is this: God has a Purpose to work out in this world, and the name of it is Justice, Righteousness, Peace, Love.

Any nation or combination of nations, any pact or agreement or program, that goes against God's purpose is going against the grain of things and is bound to fail. Pure "power politics" always looks impressive; but the question is: What is the power going to be used for? If it is really for the benefit of mankind, God will bless it; but if it is selfish and unjust and against the peace of the world, it will fail, because the God of Justice has set his face against it.

**Left-Over Pie Dough**  
When you have left-over pie dough, wrap it in wax paper and keep it in the hydrator of your refrigerator. It'll still be in good condition for baking for several days.

**Use Double Boiler**  
To avoid lighting the broiler or oven when you have to cook a tiny piece of meat for the baby, place the meat in the top of a double boiler, along with some butter; put the lid on and let it cook.

**Reason Enough**  
It was a big funeral and everybody was there. Kaplan had already filled two handkerchiefs with his tears and was half-way through the third.  
"Kaplan," said Greenberg, "I didn't know that rich man was a relative of yours."  
"He ain't," sobbed Kaplan.  
"Why do you suppose I'm cryin'?"

BUILDING? REMODELING? PLANNING?

SAVE TIME, MONEY AND EFFORT WITH  
**HOME PLANS**  
Practical home plans prepared by a contractor who has personally designed and built these charming and durable homes. 43 different homes described—city, ranch, vacation, and 61 homes—2 1/2 to 10,000 sq. ft. 27 architect's illustrations, 34 easy-to-understand floor plans. Homes for every size and type of family, every income group. Cherry bungalows, cottages, colonial types, ranch styles, moderns. Homes not only can aid in, with changing needs and income. Helpful information on fireplaces, foundations, selecting a lot, steel casement windows, bathroom, color selection, building restrictions, concrete floors, heating and ventilating, radiators, insulation, garages. Dozens of building hints, each well worth the price of the book.  
NEW HOME PLANS show you how to get the greatest possible value for least possible expense. Plans incorporate newest and latest building materials and inventions.  
Furniture outlines to fit your furniture right into your future floor plan! A book anyone planning to build or remodel should have to study and refer to. Just \$1.00. Send check, cash, or money order to:

**3 times as many women prefer FLEISCHMANN'S YEAST**

Select toys to fit . . .

ask the adults who buy toys overestimate their youngsters ability by about two years.

If a toy is too advanced for the child, it gets relegated to the bottom of the bin, no matter how pretty or expensive or clever it is. When the toy is too nice such as an expensive ball, dishes, train or auto, parents get spastic at what the child may do to injure it, and this may make strain at playtime which should be a free and happy activity.

**Scientific Study**  
**Went In Toy Making**

The situation need not be as desperate as it sounds. Lots of study has gone into making toys and fitting each age and activity group.

Consult the age group for your child and select from the suggested list I'm going to give. Study your child and his activities and interests and get further clues. If necessary, take him to the store

The youngsters' interests.

and see what interests him. Let sales people help you since they're usually experienced and know pretty well what's popular with the younger set.

Play patterns do not change much over the years. A doll and buggy is pretty much of a necessity for the three year old girl while the boy of three can fall pretty hard for a tricycle. Most toys are pretty much standardized as to age groups, and you can't go wrong if you use well tested information.

**Be Smart!**

There's plenty of newness in the constantly growing fashion for fur-lined coats. First, the new three-quarter and finger-tip lengths come in for a portion of the fashion spotlight. The second news is color, gorgeously colored woolens with many of the browns, grays, and blacks with furs to harmonize closely. In other cases, the jewel-like reds and wonderful fall greens are in deliberate contrast to the furs. Thirdly, the fashion treatment is at the other extreme of the fur-lined coats of yesteryear. The richest furs, such as minks, now are used in coats and suit ensembles.

### Milk Output Seen As Forecastable

'Factor' Method Used In 50-70 Day Tests

Breeders of Ayrshire dairy cattle can now determine the annual milk production of their cows, with a maximum margin of error of only eight-tenths of one per cent, on the basis of fifty to seventy day milking records.

It is expected that dairy farmers will save untold thousands of dollars every year by the scientific selection of bulls at an early date. The breeding value of bulls, whose blood strains affect milk production as well as the butterfat content in milk, can now be determined more quickly than ever before by the application of this accurate advance data.

This revolutionary development in dairy farming was announced by Henry Mosle, chairman of the Ayrshire research committee of the Ayrshire

A famed Ayrshire cow, Iroquois Sally Winters, with owner Robert L. Knight, of Lippitt Farms, R. I., one of the nation's top dairy cattle farms. Knight can now forecast Sally's annual milk yield on analysis of 50-70 day lactation figures by using the Ayrshire "factors" service.

breeders' association. Mosle, owner of Fair Meadows farm, Litchfield, Connecticut, made the announcement after the 1949 annual meeting of the research committee, at the headquarters of the Ayrshire breeders' association in Brandon, Vermont.

The accuracy of the statistical "factors" which forecast the annual milk yield of Ayrshire cows was established after a year's intensive survey by Donald Trombly, head of the division of records of the Ayrshire breeders' association. Approximately 500 Ayrshire herds in 40 states participated in the survey, in order to insure a genuine cross-section in testing the "factors." Each herd numbered from five to 125 cows. It was established that the 50-70 day "factors" can determine a herd's annual milk yield with 99.25 per cent accuracy.
