

The O'Donnell Index

VOLUME 3.

O'DONNELL, LYNN COUNTY, TEXAS, JUNE 11, 1926.

NUMBER 38.

Chamber of Commerce Meeting

A special meeting of the Chamber of Commerce was held Wednesday afternoon to consider taking the band to the meeting of the West Texas Chamber of Commerce at Amarillo June 21, 22 and 23. T. J. Kellis was elected chairman and stated the object of the meeting. After talks by a number of the members, a committee, composed of Ben S. Coin, Jack Fleshman and Wade Christopher, was appointed to solicit as many citizens of the town to attend the Amarillo meet as possible.

A. C. Fairley, W. E. Dickinson, Ben T. Brown were appointed to solicit funds to pay for the bass horn recently purchased by the band.

In the past the city has been receiving ten per cent of the amount taken in by the tent shows as a tax for showing in the city and as other incorporated towns were giving the proceeds to the Chamber of Commerce, it was decided to ask the City Council of O'Donnell to do the same. A committee composed of W. H. Crunk, H. L. Hohn, C. C. Jones, was appointed to solicit the council to donate the amount of the tax to the Chamber of Commerce.

The claim of Dr. Kibbe for reimbursement for the trip to Austin was taken up and it was agreed that as soon as the membership committee turned in their report and the money collected, his claim would be paid.

The next meeting of the organization will be held next Monday night at the City Hall where the committee will report their action. It is desired to have as many members present as possible as it is possible that other matters pertaining to the trip to Amarillo will come up for action.

H. C. Melson Passes Away

H. C. Melson, aged 61 years, two months and six days, died at the family home in O'Donnell last Friday and was buried in the local cemetery Saturday. Besides a widow, deceased leaves two sons who were with him when the end came. He was stricken with paralysis about three weeks ago. He was a member of the Woodmen of the World and during the short time he lived here made many friends.

Mr. and Mrs. E. S. Scrimshire and little daughter, Ernestine, returned Sunday from a two-weeks visit with relatives at Eastland. While away they attended the marriage of Mr. Scrimshire's sister.

Water Bonds Defeated by Small Margin

The majority of those voting at the bond election Tuesday signified that they did not want waterworks for the city. The issue was defeated by twelve votes.

The bond issue in the sum of \$18,000 to take up the curb and gutter warrants was carried by one vote.

Those opposing the issue gave as their reasons for so doing was the fact that O'Donnell could not afford to pay the price to cover the entire city with a system of waterworks, but almost to a voter favored constructing a system in the down town district and when the taxable values grew to warrant it, they would vote for its extension.

The campaign for or against was not heated and the election came to a close with everybody in a good humor.

Methodist Young Ladies Attend Conference

The Women's Missionary Society of the Methodist church attended District Conference at Tahoka last Thursday. District Secretary Mrs. Adams gave the O'Donnell delegation an hour for a special program as follows:

Piano Solo—Sue Gates.
Reading—Fannie Dell Busby.
Vocal Solo, "Living God,"—Mrs. J. W. Campbell.

After the president's report was given, in which she proudly presented our girls to the Conference, a vote of appreciation was given for the noble work they were doing through their society. Those attending the conference were: Fannie Dell Busby, Mildred Bowlin, Beulah Estes, Sue Gates, Hester Gates, Mrs. Hugh Thomas, Mrs. J. W. Campbell, Mrs. Tom Moore, Carl Carlton, Rev. W. B. Hicks and Wilda June Campbell.

Singfest to Be Held At Hancock in July

The O'Donnell Singing Convention met at O. K. school house Sunday afternoon. This convention meets on the first Sunday in each month. All officers were re-elected. Mr. Mansell is imminently fitted for the position of President of the convention. He was elected for a third term. It was voted to go to Hancock on the first Sunday in July. The convention met at Hancock the first Sunday in last March and liked their special brand of hospitality so much that they are going for more.

Improving Boy Scout Camp

Work on the newly acquired Boy Scout Park in Garza County, donated by the heirs of the C. W. Post estate, is progressing rapidly. Already estimates on the size and cost of the dam across the canyon, below the old Curry Comb ranch house, have been completed. The cost of the dam has been estimated at \$1,600. This money, as is the entire \$5,000 to be raised from work to be done on the camp this year, is to be secured through donations from citizens and firms who have the interest of the coming citizens of this territory, at heart. One donation for \$500 has been secured; a number of hundred dollar donations are already in the hands of R. J. Murray, chairman of the finance committee, and donations of larger denominations are expected.

The camp committee, headed by K. N. Clapp of Lubbock, has completed arrangements for the building of a large screened-in mess hall for the Boy Scouts to be served their meals in, while they are at camp. The mess hall will have a seating capacity of 250; it is to be so constructed that it will be entirely sanitary.

The arrangements for the camp are being conducted with the object in view of making the most healthful, sanitary camp that could be had; no effort will be overlooked to make this camp an ideal place from a standpoint of hygiene. A 15,000 gallon reservoir is to be constructed above the lake at a cost of \$1,000 to insure an abundant water supply.

"Since we hope to have the camp ready for occupancy within the next sixty days, we are being forced to work with the greatest haste in securing finances for the project," said Mr. Murray. "The building committee has already started work, and we must have the cash on hand to take care of bills incurred. Those who intend to contribute should do so at once."

Adult Scouts to Go on Camping Trip

Watch O'Donnell's smoke when the members meet at the First State Bank, Tuesday, June 15th at 12:30 and start for the C. W. Post Scout Camp on the out door session of the training course. Only the men that have been enrolled in the course will be invited to go; and we are going to inspect the camp site. While we are having our nature and bird study hikes, contests all the time. Fix our fires for cooking in a fire laying contest. Then go over to Two Draw lake for a good old "country swim," (bring your bathing suits) at the invitation of the Post Chamber of Commerce. Here we will practice breaking strangle holds, all the carries and have a lot of water sports. After that OH MY! what a supper we will cook, broiled steak, hunters stew, good coffee, maybe planked fish and broiled chicken. Any maybe some Red Beans, "Cow, camp style." Make your plans now. See Ben S. Coin and register today.

South Side Revival

The South Side Baptist folks announce that a revival meeting will be held at the local church beginning on the fourth Sunday in July at 11 o'clock. The meeting will be conducted by Rev. L. J. Crawford and assisted by Bro. W. B. Wages of Lamesa. The singing service will be led by Bro. W. R. Moore. The members extend a cordial invitation to everyone to attend and they ask the cooperation and prayers of all christians for the success of the meeting.

Three Fires During the Week Is Record

Two fires in one night was the record for Monday night. The first occurred at about 11 o'clock when the toilet in the rear of Carroll's blacksmith shop was destroyed, no alarm being turned in. At 1:30 the big siren called out the department to extinguish the flames from a toilet in the rear of the Chevrolet garage. The truck and fire fighters arrived in short order and prevented the destruction of a wire pole, but the building was a total loss. No insurance was carried on either building. How the fires originated is not known.

The fire department was again called out Thursday afternoon when an oil stove exploded in a shack home near the laundry. Nightwatchman Parker had the fire put out when the truck arrived, very little damage being done.

Auxiliary Entertains Visiting Members

The ladies of the Presbyterian Auxiliary entertained the members of Post, Lamesa, and Brownfield at the home of Mrs. J. N. Schooler Wednesday afternoon. A splendid program was rendered which was enjoyed by all. The program follows:

Devotional—Mrs. Rogers of Lamesa.
Welcome Address—Mrs. Koeniger
Piano solo—Mrs. Gillespie.
Piano selections—Miss Laynett Smith.

Vocal solo—Mrs. Ben T. Brown. A play, "The Clinic of a Missionary Specialist", was given by the O'Donnell Auxiliary.

After the program a luscious plate lunch, consisting of lemon iced tea, chicken sandwiches and stuffed olives, was served. Sweet peas were given as favors. There were about thirty present.

Excavating Basement for School Heating Plant

Actual work on the new high school building was started this week when Musick & Kirkpatrick began excavating for the furnace and boiler room. This will be completed in a few days and material for the brick work will be placed on the ground next week. A house for protecting the cement and other material has been erected.

Street Preacher Draws \$5 Fine

The second trial of a street preacher arrested a couple of weeks ago for begging, was held before Mayor Kibbe Wednesday. The jury in the case brought in a verdict of guilty and a \$5.00 fine was assessed. The first trial was held last week in which the jury failed to agree.

According to the defendant's testimony, he had been warned by the City Marshal not to solicit money on the streets without first obtaining a permit from the proper authorities. He declined to do this, giving his reason that he believed the law unjust and did not intend to obey it. The case was appealed to the county court.

The report had been circulated that the preacher had been arrested for preaching and that the city had an ordinance against street preaching. This is a mistake. Acting upon a petition of a number of business men who were being embarrassed almost daily by beggars of almost every description, the city council passed an ordinance against soliciting money on the streets without first obtaining a permit from a committee appointed for the purpose of investigating the merits of each case. This was the first violation of the ordinance, all others soliciting alms have complied with the law.

Mr. and Mrs. L. M. Williams, former residents of O'Donnell, who now reside at Amhurst, were here Tuesday attending to business and shaking hands with old friends. While here Mr. Williams made this office a pleasant call, leaving the price of another year's reading of the Index.

Date of Operetta Postponed Indefinitely

At the regular monthly business meeting of the Young People's Missionary Society last Monday, it was decided to advance the date of giving the operetta, "Love Pirates of Hawaii," from Friday, June 18, to a later date. This action was taken so that the band members taking part would not be hindered in their practice on new music for the Amarillo trip. The operetta will be given some time during the summer, the date of which will be published in the Index.

Miss Ethel Caviness is home for the summer from Simmons University at Abilene.

B. J. BOYD, Mgr.

W. M. U.

We shan't forget the 30th Monday,
The thirty-first of May.
The ladies of the Baptist church,
A social gave that day.

Each guest was made to feel at
home.

As through the crowd she moved,
And ere the hostess scolded her,
Each one she well approved.

As time moved on, and four ap-
proached
All seats were occupied,
And such a charming lovely set,
Of ladies, one ne'er spied.

Soon Mrs. Middleton was seen,
To stand upon the floor,
With grace and much sincerity,
She stressed our welcome more.

Then came response by Methodist,
A dainty Veazey small,
With thankfulness so genuine,
Responded for us all.

A vocal number, now was heard,
A wonderful duet,
It said to smile, and smile, and smile,
Just smile, and do not fret.

An instrumental solo then,
In tones so smooth and rare,
Was wafted to our listening ears,
By gently floating air.

A scripture read, by Bro. Hicks,
A truly fervent prayer,
Some readings then, we gladly heard
By little ladies fair.

One told of many ways to earn,
A Missionary fund,
Another of a Pastor's plight,
Which proved him all unstrung.

Then next, we heard how Sally Ann,
Possessing 'ligious feet,
Could not withstand the fiddle's lure
But swayed to rhythm's beat.

Four lonely men sat in that group,
To them, it was kind fate;
You want to know their names, no
doubt,
Horn, Parker, Hicks and Tate.

One of these men was called upon,
To talk on women's work,
A compliment he handed out,
To those, who do not shrink.

He fears, that widows we shall be,
When e'er we reach that home,
And men must stand outside the
gate,
Outside, and all alone.

'Twixt you and me, you don't dare
tell,
That fear may prove quite true.
For women tread a rugged road,
While living 'neath the blue.

She runs her home, her husband,
church,
She even runs the State,
So you can see, 'tis she alone,
Deserves that better place.

The program ended all too soon,
Oh, we enjoyed it so.
But something else was now in store,
Before the guests could go.

Refreshments dainty were well serv-
ed,
To each, and every guest,
Oh, so delicious was it all!
We felt divinely blest.

A worth while joyous time, I'm sure,
All will, most gladly say.
We trust, that next fifth Monday be,
Just such a happy day.

—Annie Reoney.

Miss Lois Wimberly will leave in
a few days for Abilene where she
will enter Draughon's Business Col-
lege.

Chevrolet Presents
Service Mogul

Described by veteran circus men
as "the most novel advance car ever
sent out by a traveling show," a re-
plica of a railroad locomotive on a
one-ton Chevrolet truck chassis,
hauling a miniature railroad coach is
on a tour of 12 states with the Mor-
ris and Castle circus.

The passenger coach also serves as
a ticket and band wagon and is a
feature of the parades in every town
where the circus exhibits.

Traversing country roads and city
streets, the strange looking trackless
train has been the center of curious
crowds of spectators wherever it has
appeared.

Plans supplied by the Kansas City
Southern railroad enabled Brownlee
Wells Motors, Inc., Chevrolet dealers
in Shreveport, La., headquarters
of the circus, to build the locomotive
over the Chevrolet truck chassis. It
is an exact duplicate of one of the
big road's 'Moguls' and is strikingly
realistic. The locomotive was chris-
tened "Shreveport" by the request
of the Shreveport Chamber of Com-
merce.

The advance man of the show,
press representative, contract man
and a band of sixteen men find ac-
commodations in the passenger
coach during their travels. Ample
room, assuring riding comfort on the
long tour, has been provided. After
leading the parade preceding exhibi-
tions, the train is set up as the of-

ficial ticket office at the circus
grounds.

Members of the party assert no
circus ever sent out a more econo-
mical 'railroad' car. They have
found their tour can be arranged
with more convenience, as their
schedules can be altered to suit
varying conditions, and no delays re-
sult from awaiting train orders.

Due to the weight of 12 tons car-
ried and drawn by the one-ton truck,
careful tests were made previous to
the start of the trip. It was found
the truck had ample power to handle
the load efficiently. Economy of
operation was the determining fac-
tor in selecting the Chevrolet as the
power unit. Chevrolet service sta-
tions act as 'round houses' for the
locomotive in each city visited.

W. B. Malcom, zone roadman for
the Ford Motor Company, was here
on business with the Lynn County
Motor Company this week.

H. R. ECKOLS
JOHN E. ETTER

For Commissioner Precinct No. 3

T. J. YANDELL

For Sheriff and tax collector of Dawson County:

MAC W. HANCOCK.

There should be a clearing house of ideas which will mean the realization of ideals. To accomplish this the citizens of our community should work together as never before. The law fixes our boundaries and political units and prescribes our form of government. It merely sets up the house and tacks up the house rules. The people themselves must do the housekeeping, and initiate and put into effect the developments that enable civilization to reach its destiny.

Much as we prize our individual opinion and our cherished form of private enterprise, there must of necessity be a certain amount of collective working out of community problems. There is a certain pride and a certain ambition that every citizen possesses which, if put into the common pot and backed up by cooperative effort, will result in the advancement of O'Donnell and the entire community surrounding it for many miles.

Mr. and Mrs. William Sauls will move to Crosbyton next week. Mr. Sauls is one of the pioneer gin men of O'Donnell, having operated the Fuller gin for five years and after its sale to A. D. Brown was employed by him last season. He will have the management of the Fuller gin in Crosbyton. The Sauls are fine people and have many friends here who will regret to learn of their contemplated departure.

Mrs. L. H. Moore of northwest of town, and her father, J. A. Smith of Winters, visited in Lubbock county this week.

Mr. and Mrs. Raymond Ballew are rejoicing over the arrival of an eleven pound boy, born Wednesday morning.

Equipment Being Installed for New Industry

Sweetwater, Texas, June 10.—Equipment for a new Texas industry—the manufacture of a fire-proof rock lath—now is being installed at the mill of the United States Gypsum Company here. According to present plans the new unit will be in production June 14.

Not only will this new factory give employment to more men, but it will increase the number of miners and the number of workers in the calcining plant where the gypsum is prepared for manufacture into the lath. Additional warehouse facilities also are being added to the property.

Construction is such that the daily capacity of the new unit can be increased as consumption of the product in the Southwestern states demand. The product consists of large panels of processed rock, encased in a heavy fibre binder, which are nailed to the inside framework of a building of any type, to be surfaced with plaster.

This lath, according to officials of the company, adds fire-protection and insulation to a home, because gypsum is incombustible and a low conductor of heat. And these advantages may be had at a slight cost for the new product will sell for only a small percentage more than the cost of ordinary inflammable wood lath.

Before construction of the rock lath unit here was started, the lath was submitted to the U. S. Bureau of standards for test as to how well plaster would stick to it, and the government reported that plaster adheres more strongly to this rock lath than to any other type of plaster base.

Forest Brown returned from Baird Tuesday where he had been to visit his other girl. Mr. Brown has accepted the principalship of the Grandview school for the coming term.

Henry Hutchinson of Knox City, has been here this week looking after his extensive farming interests southwest of town. Mr. Hutchinson said that the South Plains had a better average crop showing than the country off the cap rock.

Misses Christine Millwee and Winnie Fairley left Tuesday for Canyon where they will study at the Teachers Training College during the summer. Both the young ladies are teachers in the O'Donnell public school.

Mrs. R. E. Painter and children and Miss King left Thursday for a visit to Roswell, N. M.

Sam A. Roberts and Mr. and Mrs. Granville Glenn of Haskell, Texas, visited the former's brother, Mr. and Mrs. J. W. Roberts the past week end.

The community Club will meet with Mrs. Jake Gates on next Tuesday at 2:30 p. m. The subject will be, "How to Shop." All members are requested to be present.

Jeff Shook is sporting a new ice delivery car. Mr. Shook intends to give his patrons the best possible service in keeping the people cool this summer.

J. A. Smith of Winters is the guest of his daughter, Mrs. L. H. Moore this week.

Miss Eloise Foster returned Friday from a three weeks visit with Jewel Minor at Tahoka.

We do the best Kodak finishing on South Plains. Mail your Kodak films to the studio which is in your own county. Special attention is given to the work sent from O'Donnell. Twelve hour service. One enlargement is given FREE with all Kodak orders amounting to a dollar or over if sent direct to us at one time. KREGG'S ART STUDIO, Tahoka, Texas. "A studio in Lynn County for Lynn County Citizens."

Happy Wedlock Sure Thing If Bride Is Cook

By KATHRYN ST. JOHN

Haphazard meals yearly ruin thousands of marriages. Most marital ships would maintain an even keel if brides knew cooking.

Many of the first year's troubles between newlyweds would be avoided if the wife were capable of preparing foods with an experienced hand. Wives are to blame for the failure of many business men in the final analysis. The business man's health depends a great deal on what he eats. And it's up to his wife to see that he gets the right kind of food. A healthfully balanced diet goes a long way toward making the tired business man less fatigued.

The expert home manager sees to it that her husband never comes home to a delicatessen lunch. There is a carefully planned meal waiting for him. The real housewife knows that an unbalanced diet means trouble and avoids it. Likewise, she appreciates the fact that variation in her menus is important. In this connection the following recipes have been selected as an aid to the home manager:

Frozen Salad.

1/2 cup mayonnaise 1/2 cup candied dressing cherries
1/2 cup diced pine-apple 1/2 cup diced apple
4 tbsp. pineapple 2 tbsp. lemon juice
1/2 cup cream 1/2 cup evaporated milk

Mix the fruit and juices. Combine milk and cream, chill and whip; then fold in the fruit and mayonnaise. Pour into a mold and pack in equal parts of salt and ice. Serve on lettuce leaves. This serves eight.

Orange Bavarian.

1 tbsp. gelatin 1-3 cup evaporated milk
1/2 cup cold water 1-3 cup whipping cream
1 cup orange juice 1/2 cup sugar
1/2 tsp. salt

Soak gelatin in cold water, add fruit juices, sugar and salt. Heat in the top of a double boiler until gelatin dissolves. Strain and set in pan of cold water. When mixture begins to set, fold in the evaporated milk and cream which have been beaten stiff.

Banana Ice Cream.

6 very ripe bananas 2 cups evaporated milk
1/2 cup lemon juice 2 cups cream
2 1/2 cups sugar 1/4 tsp. salt

Scrape off adhering fibrous portion on surface of peeled bananas. Mash and rub through a sieve. Add the rest of the ingredients in the order given and stir until all are well blended. Let stand for 20 minutes so that all sugar may dissolve. Freeze in a 1 to 6 salt-ice mixture. This recipe makes 1/2 gallon cream.

Delegates Attend Firemen Convention at Harlingen

Grady Gantt, Cecil B. Hubbard and Lee Christopher left Saturday for Harlingen to attend the State meeting of the Firemen's Association. They will visit all points of interest in the Rio Grande Valley and will cross over on the wet side of the river. Fire Chief Clyde Ash was to have attended the convention but just before leaving he received a telegram stating that his child was very ill at Rule and he was compelled to abandon the trip.

C. C. Stevens of Plainview, came in Monday and O'Donnell looked so good to him that he decided to locate here. He had purchased the secretaryship of the O'Donnell Progressive Mutual Life and Accident Association and will start active work in connection with C. C. Jones next Monday. They intend to fill out the first unit within the next sixty days. Mr. Stevens says he will move his family here soon.

Mrs. Dr. Campbell left Thursday of last week to attend the commencement exercises of the Baylor University at Dallas where her son, Kenneth F. Campbell, will graduate from the department of Dentistry.

FOR SALE or TRADE—Two-row go-devil in good condition, will trade for one or two-row cultivator. L. H. Moore, Phone 401. tfc.

FOR SALE—Good young jersey milk cow, fresh, with heifer calf. L. H. Moore, Phone 401. tfc.

FOR RENT—Nice cottage, two blocks from post office, water piped in, good garage. Apply to Boyd Fortner. 1tp.

WANTED—Farm hands, especially weed choppers. Apply to M. F. Ballew. 1t.

STAR PARASITE REMOVER
A GREAT POULTRY REMEDY

Given fowls in drinking water or mixed in feed thoroughly rids them of all blood-sucking lice, all mites, fleas and blue bugs, destroys in them all intestinal worms and parasites. Its formula is sulphur and other ingredients known remedies for improving the appetite, purifying the blood, toning the system and preventing disease. Better prevent than try to cure. Contains no alcohol or poison. Can be given to all ages of chicks, old fowls and turkeys, any kind of weather with good results.

Its cost is very small—a one dollar bottle will last 100 fowls more than 120 days. The manufacturers are anxious for all poultry raisers to try it 60 days at their risk on the following conditions: After using 60 days if your flock has not improved in health, produced more eggs—eggs that hatch stronger and thriftier young chicks—come back to your dealer—he is authorized to refund your money.

Will Play Ball Game Monday Evening

A ball game will be played Monday afternoon by the M. W. A. Camp No. 14944 of O'Donnell and M. W. A. No. 17051 of Brownfield on the local ground. This game promises to be one of the best played games here this season. The O'Donnell Camp members are practicing and say they are going to win if they can.

L. H. Moore who resides 5 miles northwest of town, was here Thursday on business. Mr. Moore says crop prospects were never brighter in his community. He has 600 acres of cotton all up to a good stand.

Mr. and Mrs. J. R. Sanders and Mrs. Gillespie left Sunday morning for White Deer on a short business trip.

W. S. Williams, former editor of of the Post Enterprise, was a visitor in O'Donnell Saturday. Mr. Williams recently sold the Enterprise to Mr. Warren, taking the Southland paper in on the deal. While here he was the guest of his old friend Naymon Everett.

William Debusk and family returned Saturday from a visit with relatives in Mineral Wells. Bill says that that country is all right for those who know no better, but none of it for him. He is now wedded to the South Plains for life.

Miss Alta Rogers is home from Abilene where she is a student in Simmons University. Miss Rogers plans to spend the summer in Abilene, continuing her studies.

Miss Thelma Palmer arrived home Friday from Canyon where she is attending the North Texas Teachers Training College.

FOR RENT—A good four-room cottage. Water piped into the house and other conveniences. Apply at the First State Bank. tfc.

FOR RENT—Business house on the best street in the business section of the city, 25x80. Can be had on long lease. See or write J. M. Christopher, O'Donnell, Texas. 1p

son County:**

MAC W. HANCOCK.

There should be a clearing house
of ideas which will mean the realiza-
tion of ideals. To accomplish this
the citizens of our community
should work together as never be-
fore. The law fixes our boundaries
and political units and prescribes
our form of government. It merely
sets up the house and tacks up the
house rules. The people themselves
must do the housekeeping, and ini-
tiate and put into effect the develop-
ments that enable civilization to
reach its destiny.

Much as we prize our individual
opinion and our cherished form of
private enterprise, there must of
necessity be a certain amount of
collective working out of community
problems. There is a certain pride
and a certain ambition that every
citizen possesses which, if put into
the common pot and backed up by
cooperative effort, will result in the
advancement of O'Donnell and the
entire community surrounding it for
many miles.

Mr. and Mrs. William Sauls will
move to Crosbyton next week. Mr.
Sauls is one of the pioneer gin men
of O'Donnell, having operated the
Fuller gin for five years and after
its sale to A. D. Brown was employ-
ed by him last season. He will have
the management of the Fuller gin in
Crosbyton. The Sauls are fine peo-
ple and have many friends here who
will regret to learn of their contem-
plated departure.

Mrs. L. H. Moore of northwest of
town, and her father, J. A. Smith of
Winters, visited in Lubbock county
this week.

Mr. and Mrs. Raymond Ballew are
rejoicing over the arrival of an
eleven pound boy, born Wednesday
morning.

**Equipment Being
Installed for
New Industry**

Sweetwater, Texas, June 10.—
Equipment for a new Texas industry
—the manufacture of a fire-proof
rock lath—now is being installed at
the mill of the United States Gyp-
sum Company here. According to
present plans the new unit will be
in production June 14.

Not only will this new factory
give employment to more men, but
it will increase the number of min-
ers and the number of workers in
the calcining plant where the gyp-
sum is prepared for manufacture in-
to the lath. Additional warehouse
facilities also are being added to the
property.

Construction is such that the daily
capacity of the new unit can be in-
creased as consumption of the pro-
duct in the Southwestern states de-
mand. The product consists of
large panels of processed rock, en-
cased in a heavy fibre binder, which
are nailed to the inside framework
of a building of any type, to be sur-
faced with plaster.

This lath, according to officials of
the company, adds fire-protection
and insulation to a home, because
gypsum is incombustible and a low
conductor of heat. And these ad-
vantages may be had at a slight cost
for the new product will sell for only
a small percentage more than the
cost of ordinary inflammable wood
lath.

Before construction of the rock
lath unit here was started, the lath
was submitted to the U. S. Bureau
of standards for test as to how well
plaster would stick to it, and the
government reported that plaster
adheres more strongly to this rock
lath than to any other type of plas-
ter base.

Forest Brown returned from Baird
Tuesday where he had been to visit
his other girl. Mr. Brown has ac-
cepted the principalship of the
Grandview school for the coming
term.

Henry Hutchinson of Knox City,
has been here this week looking af-
ter his extensive farming interests
southwest of town. Mr. Hutchinson
said that the South Plains had a
better average crop showing than
the country off the cap rock.

Misses Christine Millwee and
Winnie Fairley left Tuesday for
Canyon where they will study at the
Teachers Training College during
the summer. Both the young ladies
are teachers in the O'Donnell public
school.

Mrs. R. E. Painter and children
and Miss King left Thursday for a
visit to Roswell, N. M.

Sam A. Roberts and Mr. and Mrs.
Granville Glenn of Haskell, Texas,
visited the former's brother, Mr. and
Mrs. J. W. Roberts the past week
end.

The community Club will meet
with Mrs. Jake Gates on next Tues-
day at 2:30 p. m. The subject will
be, "How to Shop." All members
are requested to be present.

Jeff Shook is sporting a new ice
delivery car. Mr. Shook intends to
give his patrons the best possible
service in keeping the people cool
this summer.

J. A. Smith of Winters is the
guest of his daughter, Mrs. L. H.
Moore this week.

Miss Eloise Foster returned Fri-
day from a three weeks visit with
Jewel Minor at Tahoka.

We do the best Kodak finishing on
South Plains. Mail your Kodak

Happy Wedlock Sure Thing If Bride Is Cook

By KATHRYN ST. JOHN

Haphazard meals yearly ruin thousands of marriages. Most marital ships would maintain an even keel if brides knew cooking.

Many of the first year's troubles between newlyweds would be avoided if the wife were capable of preparing foods with an experienced hand. Wives are to blame for the failure of many business men in the final analysis. The business man's health depends a great deal on what he eats. And it's up to his wife to see that he gets the right kind of food. A healthfully balanced diet goes a long way toward making the tired business man less fatigued.

The expert home manager sees to it that her husband never comes home to a delicatessen lunch. There is a carefully planned meal waiting for him. The real housewife knows that an unbalanced diet means trouble and avoids it. Likewise, she appreciates the fact that variation in her menus is important. In this connection the following recipes have been selected as an aid to the home manager:

Frozen Salad.

1/2 cup mayonnaise 1/2 cup candied dressing cherries
1/2 cup diced pine-apple 1/2 cup diced apple bananas
4 tbsp. pineapple juice 2 tbsp. lemon juice
1/2 cup evaporated milk
1/2 cup cream
Mix the fruit and juices. Combine milk and cream, chill and whip; then fold in the fruit and mayonnaise. Pour into a mold and pack in equal parts of salt and ice. Serve on lettuce leaves. This serves eight.

Orange Bavarian.

1 tbsp. gelatin 1-3 cup evaporated milk
1/2 cup cold water 1-3 cup whipping cream
1 cup orange juice 1/2 cup sugar
1/2 tsp. salt
Soak gelatin in cold water, add fruit juices, sugar and salt. Heat in the top of a double boiler until gelatin dissolves. Strain and set in pan of cold water. When mixture begins to set, fold in the evaporated milk and cream which have been beaten stiff.

Banana Ice Cream.

4 very ripe bananas 2 cups evaporated milk
1/2 cup lemon juice 2 cups cream
2 1/2 cups sugar 1/2 tsp. salt
Scrape off adhering fibrous portion on surface of peeled bananas. Mash and rub through a sieve. Add the rest of the ingredients in the order given and stir until all are well blended. Let stand for 20 minutes so that all sugar may dissolve. Freeze in a 1 to 6 salt-ice mixture. This recipe makes 1/2 gallon cream.

Delegates Attend Firemen Convention at Harlingen

Grady Gantt, Cecil B. Hubbard and Lee Christopher left Saturday for Harlingen to attend the State meeting of the Firemen's Association. They will visit all points of interest in the Rio Grande Valley and will cross over on the wet side of the river. Mew Directors Elect- ed to South Plains Fair Association

LUBBOCK, June 9.—Three new directors of the Panhandle South Plains Fair Association were elected last week to fill the shoes of the retiring workers from the board of directors. The new men are: I. E. Barr, Geo. Bean, and A. W. May. They will put their shoulders to the wheel together with R. W. Blair, S. E. Cone, W. A. Myrick, Jr., Norton Baker, E. L. Robertson, and H. W. Staanton old directors to make the "Show Window of the Plains" the greatest exposition this year in the history of this section.

The board is going into this year's work with the greatest optimism due to the splendid crop and business conditions.

"We just naturally believe that the people of the entire Panhandle South Plains section are going to gather up their choice agricultural products, stock, poultry, swine, home products, and other exhibit material and bring it into the fair to be shown with the merchants and industry displays to the thousands that will flock thru the gates next fall", Walter Myrick said recently.

"Free attractions, shows, rides, football games, fire works and other entertaining features of the fair this year will be of the very best," Myrick stated, "and we are expecting a record breaking crowd when the gates are thrown open and the turn styles begin to click the thousands of people thru to see the fair."

A number of counties have already signified that they will exhibit here again and are at work gathering the first products for the display to be shown here September 29, 30, October 1, 2.

A large number of stock and swine breeders have signified their intentions of entering the live stock division of the fair while others are expected to line up in the next sev-

eral weeks.

Interest in poultry raising is on the increase over the entire section and a good show in this department is assured.

THERE'S DANGER IN PLAYING WITH WIRES

The Mexia News the other day published the following item for boys who fly kites near electric transmission lines:

Manager Don S. Caldwell calls attention to the dangers of entangling kites from live wires. His word is timely, for just as he says and just as every father and mother and every boy knows, kite flying time is here.

A few weeks ago a little lad, out on a farm three miles from a little Texas town, had his kite to get caught on a high powered electric wire. He secured a wire or some good conductor and in untangling so severely burned his arm that he lost its use entirely.

Such accidents could become common here, unless the boys who thus lose their toys are aware of the menace and danger of trying to free them from the wires.

Better it is for a boy to finger a buzz saw than to fool with a kite across a never ending streak of lightning racing through a wire.

Mr. and Mrs. John R. Burkett have returned from a visit to their old home at Carbon and they report having had a very enjoyable trip. Mr. Burkett says that crop conditions on the South Plains are ahead of those in the low lands.

J. R. White, who resides near Draw, was in town Saturday and said that so much rain had fallen out his way that the Index would have to cease calling it sky juice and name it Noah's Flood. Mr. White brings a smile when he comes to town whether it rains or a drouth is on.

Rev. W. B. Hicks is spending the week in Abilene on business.

Mrs House Hostess to Lucky Thirteen Club

Mrs. A. A. House very charmingly entertained the Lucky Thirteen Club at a 12 o'clock luncheon Friday. Interesting games were played from 9 to 12 after which the perfectly appointed luncheon was served, the first course being grape fruit cocktail followed by fried chicken, gravy and rice, pineapple and tomato salad, cream potatoes and lovely hot biscuits, with ice cream for desert. The table was beautiful with lovely white linen, gleaming silverware and sparkling cut glass, with rose petals scattered the entire length of the table, while the center piece was a gorgeous bowl of nasturtiums.

The guest list consisted of Mrs. Day of Midland, as guest and the following members: Mesdames C. M. Cox, Morris Sanderson, M. H. Rodgers, C. T. Kibbe, Harvey Everett, J. R. Sanders, B. J. Boyd, Culver Hart, Ben L. Cowden, Albert Koeniger and E. T. Wells.

Mrs. Jack Cathey and little daughter of Fort Smith, Ark., arrived Tuesday and are the guests of Mrs. McLaurin.

STRAYED—Ball-faced mare with strap on left front foot. Arthur Singleton. 1t

FOR RENT—Three-room house for rent. East part of town. Apply at Index office. 2t.

LOST—Black horse, roach mane and tail, branded inverted 6, weight 950, and one bay mare, branded Y spear connected left hip, 4 years old, weight 700. Notify G. L. Teague, O'Donnell, 2t.

BIG SPRING—At a meeting of the Big Spring Chamber of Commerce, C. T. Watson was authorized to purchase at least ten registered Jersey Bulls to be distributed in various communities of the country. Poultry raising, also hog production are expected to follow along with the dairy industry.

CHILDRESS—A very extensive building program has been planned and bond carried for the erection of a City Hall, \$40,000; Sewer bonds,

\$100,000; water improvements \$25,000; and school, \$110,000. The sale of the city bonds will provide funds for the erection of a new \$50,000 municipal building.

MINERAL WELLS—Work is now under way for the re-building of the Crazy Well Hotel here, which was destroyed by fire. The Crazy Well Hotel Company has completed its organization and all the financing for the rebuilding of the Hotel and Pavillion has been arranged.

Take the wheel of an Improved Chevrolet. [Learn with what remarkable ease you can control the car. Over rough roads or smooth, over ruts or slippery pavement, the modern semi-reversible steering mechanism makes it easy and safe for you to hold the car to the road—and makes it a pleasure for you to drive for hours at a time in perfect comfort.

The powerful motor carries you everywhere, smoothly and without effort. The disc-clutch makes gear-shifting easy and silent. The semi-elliptic springs, longer in proportion than on any other car, provide a comfort and a resiliency that will delight you. Everywhere, everyone says, "it's so easy to drive"—and you can learn how true that is by getting a demonstration. Phone for one now.

So Smooth—So Powerful

Eating Greater Cause of Death Than Drinking

Drink is the second greatest cause of disease and death. Food comes first, then drink. Excluding alcoholic beverages, there are dozens of drinks on the market today whose effect is detrimental, particularly to children. Milk is the best drink for children. Not only is it drink, but food as well—the most nearly perfect food known to man.

Milk is an all-the-year-round drink and for this reason the children often rebel against drinking it. This condition, however, may be overcome by the introduction of the mixed drink. Milk or diluted evaporated milk may be mixed with eggs or used in fruit juices or in some other way which will disguise the fact that the drink contains milk. In the hot summer months when the child naturally drinks more than in cooler weather, it is wise to vary the ways of serving milk, so as not to create a distaste for this important food.

In connection with mixed drinks, the following formulas for milk beverages may aid mothers in serving something new:

Iced Cocoa
 1/2 tsp. cocoa 1 1/2 cups evap-
 1/2 tsp. sugar orated milk
 1/2 cup hot water diluted with
 Few grains salt 1 1/2 cups water
 1/4 tsp. vanilla
 Scald the diluted milk in a double boiler. Mix cocoa, sugar, salt and add the hot water. Cook over a low flame from 10 to 15 minutes, stirring occasionally to prevent burning. Add to the cocoa the scalded milk; return to the double boiler and continue cooking for 10 minutes. Add vanilla, chill before serving. Pour into tall glasses which contain a few small cubes of ice. Serve plain or top with whipped cream sprinkled with cinnamon. Serves four.

Egg-Nog
 1 egg diluted with
 Few grains salt 2-3 cup ice water
 1/2 tsp. sugar 1/2 tsp. berry or
 Few gratings cherry juice or
 nutmeg 1/2 tsp. non-alco-
 holic sherry
 1-3 cup cold evaporated milk
 Separate white from yolk of egg. Add salt to white and beat until stiff. Beat yolk until thick and lemon colored and add the fruit juices, nutmeg and sugar. Combine diluted milk with yolk mixture. Pour into a tall glass and put the egg white on top. Sprinkle top with chopped nuts and serve at once. Serves one.

Orange-Nog
 1/2 cup orange juice 1-3 cup evaporated
 Few grains salt milk diluted
 1-3 tsp. sugar with
 1-3 cup cold water
 Add sugar and salt to orange juice and pour slowly into the diluted milk, stirring to mix thoroughly. Chill before serving. One-half tsp. lemon improves this drink for many. Serves one.

Gas Makes People Nervous and Restless

Gas pressure in the abdomen causes a restless, nervous feeling and prevents sleep. Adlerika removes gas in TEN minutes and brings out surprising amounts of old waste matter you never thought was in your system. This excellent intestinal evacuant is wonderful for constipation or allied stomach trouble. Don't waste time with pills or tablets but get REAL Adlerika action! Haney Drug Company.

Takes the Place of "Drastic" Calomel

Never take another dose of the old style "raw" calomel. There is a newer and more improved kind known as Pepsinated Calomel. It does not tear through your system like a streak of lightning. People who are ill or suffering with biliousness, constipation, indigestion, and especially with backache, headache and torpid liver can secure immediate and complete relief with this new mild Calomel. Hereafter when you buy calomel, always demand the "pep-si-nated" kind. It is better for you, for it is purer, milder and more beneficial to your entire system. In 25c and 50c packages. For sale by

Missionary Society Members Attend Conference at Tahoka

The following members of the Junior Missionary Society of the Methodist Auxiliary attended the District Conference meeting at Tahoka Thursday: Mary Joe Gates, Kittie Mae Garner, Oleta Moore, Alice Joy Bowlin, Ina D. Everett, Beverly Wells, Anna Beulah Estes, Kathalene Veasey, Rebecca Schooler, Julia Holtzclaw, Evelin Bailey, Mavis Norma Hart, Inez Edwards, Clydene Jones.

They report having spent a profitable day with a splendid luncheon served by the Tahoka auxiliary. The following program was rendered by the O'Donnell contingent:

Reading—Clydene Jones
 Duet—Ina D. Everett and Beverly Wells.
 Reading—Evelin Bailey.
 Song—By all
 Report on work—Ina D. Everett.

WICHITA FALLS—Final arrangements for the construction of a 16-inch gas main from the Shamrock field to Wichita Falls have been completed. This contract involves an expenditure of \$4,000,000 and calls for the construction of 175 miles of line from the Wheeler County gas fields to Wichita, furnishing gas to cities enroute.

VERNON—The City Commission of Vernon plans to install another 360 horsepower engine at the municipal electric light and water plant
QUANAH—Quanah has just received a car load of hogs, which was ordered by the local Chamber of Commerce. Secretary Wylie had no trouble at all placing the hogs, which were seventy one in number.

HISTORY IN CAKE

This replica of historic Independence Hall in Philadelphia is a fine example of the baker's art. It was made by the chef of one of Philadelphia's leading hotels to advertise the Sesqui-Centennial International Exposition, which will open in that city June 1 and run to December 1 to celebrate the 150th anniversary of American Independence. The "State House" stands on a table at the entrance to the main dining room of the hotel.

Mrs. W. B. Miles received a telegram Saturday stating that a brother at Eagle Lake was very ill. He left that afternoon to attend his brother.

Smile and the World Smiles With You

It seems like with all the nice rains we have had throughout the country, that everybody could wear a pleasant smile one more time. Although there may be some that cant or rather wont put on a smile after all the nice rains we have had. If we would all try as hard to find something to smile over, as we do something to frown or complain about this would be a better old world to live in wouldn't it?

I wonder if anyone ever thought, that if they had the power to bring rain upon the earth just anytime they wanted it; that they could bring the rain so it would do the people more good, I have heard some people talk as though they could if it was in their hands, but I am glad that it isn't that way, I am afraid we would have as much trouble with our rains as we have with the governorship of Texas if our rains were controlled by men.

So let us do our best
And the Lord will do the rest,
Let us smile and not snort
For life is too short.

If good deeds we have done
We may think it worth while,
When our race has been run
If we were a sweet smile.

So let us do our part and the Lord will do His, the Lord knows what is best for the inhabitants of this earth Before I close I want to call your attention to a new 23 Psalm, think while you read.

The auto is my conveyance, I shall not want, It maketh me to lie down in muddy roads; It leadeth me into trouble; It draweth on my purse, I go into paths of debt for its sake, Yes, though I understand my car perfectly, I fear much evil, lest the bath a blowout in the presence of mine enemies. I anoint the tire with a patch, the radiator boileth over. Surely this thing will not follow me all the days of my life, Or I radius rod or front axle breaks; It will dwell in the house of poverty for ever.

—Trickey Sal.

Local News

J. L. Johnson, a Seagraves business man, was a visitor here this week.

J. E. Mansell and family of Rochester, and Mr. and Mrs. Hobb Smith of Knox City, were the guests of Mr. and Mrs. C. H. Mansell Wednesday.

Mrs. Lane Stephens wants to do your laundry. All work guaranteed to please. Men's work a specialty.

DOES ADVERTISING PAY? ASK THOSE WHO USE IT

Wrigleys spend \$3,500,000 a year to tell the public about chewing gum Ford spends \$6,000,000 to sell fivvers.

The electric light and power industry spends more than \$4,000,000 in advertising.

Campbell's spend \$1,500,000 advertising soups.

Electric railway companys' advertising appropriations total \$2,500,000.

The advertising budget for Colgates is \$1,185,000.

Some \$1,170,000 is spent by Proctor & Gamble to sell soap.

Gas companies spent something more than \$2,000,000.

A total of \$1,142,000 is spent on Victor talking machines.

Telephone companies have busy advertising lines with an estimated toll of \$1,500,000. Along each line sounds the voice with the smile.

Does advertising pay? The answer is to be found in America's business, commercial and industrial trend.

Mr. and Mrs. F. M. Townzen left Tuesday for Coleman and other points off the Cap Rock to visit relatives for a few days.

Mrs. Jack Fleischman left Monday for Mineral Wells to spend a two weeks vacation.

Bob Clements is preparing to open a cleaning and pressing shop in the building formerly used by the Sanitary Market. He states that he has purchased new machinery and will be open for business as soon as it arrives.

Milk Gives Most Food Value At Least Cost

H. C. Hooks.

Milk gives more food value for less cost than any other food known to man, according to Herbert C. Hooks, secretary of the Evaporated Milk association. "Dietitians are unanimous in advocating the use of milk by men, women and children," said Mr. Hooks. "Milk and evaporated milk supply some of all the materials necessary

for the growth and maintenance of the body; they furnish energy for work, play and warmth.

"Milk helps repair the wear and tear of the body. It is as good as meat for building muscle. Moreover, it is cheaper. A quart of milk will supply as much protein as seven ounces of sirloin steak or four large eggs. Milk, particularly evaporated milk, which has twice the mineral content of market milk, is one of the best and cheapest sources of lime, which is a form of calcium. Infants and growing children need lime to build bones and teeth. It is just as necessary for adults to keep their bones in good condition. One quart of milk, or one pint of evaporated milk, furnishes as much calcium as ten large oranges, thirty-two eggs or twenty pounds of beef. Milk also is a valuable source of phosphorus and supplies a certain amount of iron.

"By some authorities milk is said to be an aid in longevity. Dr. Herman Bundesen, health commissioner for Chicago, gives his prescription for long life as follows: Drink one quart of milk a day and mix with one hour of sunshine. Repeat ad infinitum.

"Due to the efforts of health officials to get across to the public the message of milk, its general use in the United States has advanced tremendously in the last decade. This is especially true of evaporated milk for reasons of its convenience and economy. Housewives know there is no fear of obtaining contaminated evaporated milk, because it is not only the best grade of market milk rendered double- rich by dehydrating, but it is sterilized as well."

Progress in Our Neighboring Towns

TAHOKA—The latest scholastic Census in Lynn County show that there are approximately 3500 school children between the ages of seven and eighteen. There are 24 districts, twelve independent and twelve being common school districts.

SAN ANGELO—Walter E. Yaggy ha srecently resigned as Secretary of the Board of City Development, which position he has held since April 1922. Mr. Yaggy will serve until July 1st, unless a successor is appointed before that time.

RANGER—Plans for meetings of the Eastland County Better Farming Association will soon be made according to Senator H. P. Brelsford. This organization expects to help the farmer realize that the old methods of farming must be scraped and diversified applied.

KNOX CITY—Contract has been awarded for the construction of the Knox City sewerage system. All the main business section will be included in the first plot also a large portion of the residence section of town.

O. D. Riddle came up from Christoval Tuesday where he has a concession for the cold drink and hamburger business at this growing resort. Mr. Riddle reports that about 9,000 people are now encamped at this place and he is doing a fine business.

Miss Aline Line came in Saturday to spend the summer with her parents, Mr. and Mrs. J. N. Line. She has been a student at Abilene the past school year.
