

THE FAIR

Saturday, September 24, has been announced by the Fair Directors as the official date for the 1932 O'Donnell Free Community Fair.

Mr. Elmo Burkett, who has been appointed Superintendent of the Dairy Cattle Division of the fair, reports that he knows of something...

The Publicity Committee is planning an extensive advertising program that is expected to arouse great interest in the fair.

The Fair Arrangement Committee has made arrangements for places to take care of the exhibits. The livestock exhibits will probably be located in the Sorrells Lumber Yard.

It is hoped that several individual farm exhibits and several community exhibits will be brought in.

Even at the risk of being accused of turning a profit after a week of unprofitable and flower-garden periodical, the Index plans this week to call attention of townsfolk to the unusually large and colorful petunias which are making Mrs. N. Nichols' lawn a veritable riot of color.

EXPECT FIRST BALE SOMETIME THIS MONTH

Though there is some discussion as to its probability, it is expected the number of bales that O'Donnell will gin her first bale of cotton before the first of September.

In spite of hails and rain, some of the early planting survived in sufficient acreage that optimism is confident that a bale can very easily be rounded up within the next ten days.

As far as we can learn, Mr. Tume was the first cotton grower reporting open bolls, and he has now several some two weeks ago in his field just at the southeastern edge of town.

With the unprecedented rise in cotton prices during the past few days, this part of the country is feeling better than it has since the fall of 1929.

WATERMELON SEASON OPEN IN O'DONNELL TERRITORY

It's real old summertime in our part of the world now, with red watermelon and yellow melons and every other kind of watermelon adding its delicious flavor to the daily menu.

Mr. and Mrs. W. E. Cahoon left Sunday for Dallas and Ft. Worth markets to buy fall stock for the store here.

GINNERS TO MEET ON SEPTEMBER 3

O'Donnell's six gingers will meet with other gin men of the South Plains in Lubbock Saturday, September 3, for the annual gathering of the organization to discuss problems facing gingers this season.

Since A. Y. Pemberton has moved his gin plant to Knott the number of local gins has decreased by one. Those who will attend from here are J. P. Bowlin, Fred Henderson, W. C. Sauls, Guy Bradley, L. E. Robinson, and J. Wright Edwards.

R. E. Patterson, Lockney, is president of the organization, and Ray Grisham, Plainview, is secretary-treasurer. Several hundred gingers from over this territory, which includes counties from the New Mexico state line east to Crowell and Quanah, are expected to attend the meeting.

RAIN COVERS PANHANDLE MONDAY AND TUESDAY

The O'Donnell territory shared heavy showers with the rest of the Panhandle Monday and Tuesday, though it is reported that heavy rain fell as was reported in other parts of the plains.

The heaviest precipitation was reported in O'Donnell itself, with reports varying from the three territories. It is estimated that about an inch fell in Hur during Monday and Tuesday night. H. R. Wonnack reported that a very light sprinkle fell on mail route two, and L. N. Nichols reported slightly heavier showers east of town on route one.

MRS. NICHOLS' PETUNIAS UNUSUALLY FINE

Even at the risk of being accused of turning a profit after a week of unprofitable and flower-garden periodical, the Index plans this week to call attention of townsfolk to the unusually large and colorful petunias which are making Mrs. N. Nichols' lawn a veritable riot of color.

There are three distinct varieties, a lovely deep rose ruffled one, a purplish-pink with well-defined white stripes in each petal, and another kind so deeply purple as to resemble panicles.

The Nichols rose garden has long been accepted as being one of the best in this part of the county, but the petunias are a comparatively new development for Mrs. Nichols, one which, we would unofficially state, is decidedly successful.

SINGING CLASS ANNOUNCED TO MEET SUNDAY

Everyone interested in church music is requested to meet at the Baptist tabernacle Sunday afternoon at 2:30 for the purpose of completing the organization of a singing class in O'Donnell.

This project has been tentatively discussed for some time and has met with such approval that a large number is expected to be present at this meeting.

REVIVAL AT RANDALL CLOSED SUNDAY

The revival meeting at Randall closed Sunday night after a week of splendid sermons by Rev. W. R. Burnett, pastor of the local Methodist church.

Mr. and Mrs. M. H. Cahoon left Sunday for Dallas and Ft. Worth markets to buy fall stock for the store here.

FUNERAL SERVICES TUESDAY FOR PAUL RAY TYLER

Funeral services were conducted at the city cemetery at twelve-thirty Tuesday for Paul Ray Tyler, eight-year-old son of Mr. and Mrs. C. H. Tyler of the Joe Bailey community. Rev. L. S. Jenkins, pastor of the Baptist church and Rev. Braswell of Redwine, assisted by Rev. Burnett conducted the sad rites in the presence of scores of friends.

The little boy passed quietly away about nine o'clock Monday morning after an illness of more than a week. He had been an invalid for several years following an injury which resulted in tuberculosis of the bone, but suffered an attack of appendicitis August 15, and was taken to a Lubbock hospital on the Sunday following. He was so weak that surgeons feared to operate, and efforts were made to build up his constitution so that he could undergo removal of the appendix, which had ruptured.

He appeared to be in much better physical condition, and it was planned to lance and drain his abscess Sunday morning, but about eleven o'clock Saturday night he began to grow rapidly worse, the end coming early Monday morning.

He is survived by his parents, Mr. and Mrs. C. H. Tyler, and his two brothers, Fred and Graham, by his sisters, Mmes. J. M. Judd and J. M. Knox and their families and his grandparents, Mr. and Mrs. Ira Huey, as well as scores of friends who loved him for his patience and brightness under his trying physical handicap. Throughout his long period of invalidism and the last painful illness, the little fellow was always cheerful and patient, trying in every way to be a little trouble and cause as little anxiety as possible.

MRS. FORTNER RECEIVES MINOR EYE INJURY

Mrs. Boyd Fortner was painfully, though not seriously injured Tuesday at noon when hot grease splashed on her while she was preparing a meal. The injury struck her in the left eye. Mrs. Fortner finished the meal thinking that the pain would subside, but was finally forced to come to the office of a local physician for treatment.

EPWORTH LEAGUE PLANS SPECIAL PROGRAM SUNDAY

Members of the Epworth League of the Methodist church will have charge of the eleven o'clock services Sunday, according to announcements from the pastor, Rev. W. R. Burnett.

While he was unable to state definitely any numbers which will appear on the program, the pastor indicated that an interesting show will be on, while hour is being planned by the leaguers.

The pastor will be away for the next two weeks assisting his brother-in-law in a revival meeting at Greenville, N. M.

There will be no services at the church at the evening hour, Rev. Burnett said, but everyone is asked to attend the meeting at 11 o'clock Sunday morning. Laymen of the church will have charge of the services and B. M. Haymes, leader, is planning to secure an out-of-town speaker for that day.

MILDRED GRIFFIN ILL WITH APPENDICITIS

Miss Mildred Griffin, fourteen-year-old daughter of Mr. and Mrs. Callie Griffin who live east of town, has been seriously ill since Tuesday morning, suffering from an attack of appendicitis.

Attending physicians hope to avert an operation at this particular time, but inasmuch as the illness is so long, it is thought likely that she will be forced to undergo the removal of the appendix sometime in the future.

Mrs. Ruth Miller, who has been the guest of Mrs. W. L. Palmer and family for the past several days, returned Monday to her home at Cumby.

Charles Hendricks made a business trip to Lubbock Monday.

Mr. and Mrs. L. N. Nichols spent the week-end in Humble City, N. M., with their son and family.

Miss Silva Fox, spent the week-end with her parents, Mr. and Mrs. W. H. Hancock.

OFFICIAL CONDUCTS MASONIC EXAMINATION

W. C. Tate of Hamilton, one of the committee on masonic work, conducted examination for certificates here Monday and Tuesday of this week with exceedingly gratifying results.

Among those who took the examination for three year certificates were J. H. B. Kyle, J. C. Kyle, Howard Tredway, John Johnson, Naymon Everett, and D. A. Edwards. These were all members of the O'Donnell Lodge 1187.

Those taking the examination for the two year certificate were Dr. O. H. Shepard and J. C. Gary. Taboka lodge 1041 was represented by Dr. C. B. Townes, George Ingram, W. S. Anglin, and L. M. Draper, and the Gail lodge by George E. Martin.

Though the number this year was hardly as large as that of last year, it is said that the examinations were passed in a very creditable manner and that the examiner was more than pleased with the work being done.

JOHNNIE STOUGHTON HERE TO STAY WITH REAGANS

In response to friendly and interested inquiries received during the past three weeks, the Index is glad to introduce master Johnnie Stoughton, who has come to make his home temporarily at least, with Mr. and Mrs. Robert Reagan of the Joe Bailey community.

The young man is the handsome brown-eyed five-year-old who has made his appearance in public trotting at the heels of his 'Uncle Robert' and smiling at everyone. He is one of a family of eight children whose parents have been so hard hit by the depression that they were unable to provide even the necessities of life for their family. The mother is an invalid, unable to care for the children, and the others are living with relatives and friends, and master Johnnie has for the past year been in the Dean Memorial Home at Dallas.

Mr. and Mrs. Reagan very commendably thought that making a home for the boy was one of the greatest privileges allowed men and women, and feel that they are peculiarly fortunate in securing such a handsome and intelligent foster son as Johnnie, though the adoption is not assured as yet.

John smiles and says 'thank you' when told we are glad to have him with us, and enjoys candy and a pony as much as any other normal boy.

Representative of the Home brought the little boy to Mr. and Mrs. Reagan some three weeks ago, and he has been happy as a cricket ever since.

BURLESON IMPROVING AFTER MULE'S KICK

Edwin Burleson, well-known young farmer who lives some twelve miles northwest of O'Donnell, is making a speedy recovery from rather serious injuries received several days ago when he was kicked by a mule. The hoof struck him on the left and slightly above the left ear, rendering him unconscious for some time. The cartilage in the ear was crushed and torn, and his hearing seriously impaired for several days.

The boy was brought to the office of a local physician for treatment, and has been in twice since for examinations. It is reported that his hearing is better, and that he is doing very well.

SPECIAL SESSION OF STATE LEGISLATURE NEXT MONTH

An extraordinary session of the Texas Legislature will be held next month if plans of the Governor are fulfilled. Sterling would have it promptly vote relief to counties in need of aid in allotting a portion of the gasoline tax proceeds to retire highway bonds, and adjourn, according to advices from Austin.

The session will open immediately following the Democratic state convention at Lubbock on September 13. The constitution limits special sessions of the Legislature to 30 days, leaving it to the discretion of the legislature whether they should adjourn short of the maximum time limit.

The governor does not wish to undertake the adjustment of counties in need of aid in allotting a portion of the gasoline tax proceeds to retire highway bonds, and adjourn, according to advices from Austin.

WIMBERLY ADDS MACHINES TO SHOP EQUIPMENT

T. A. Wimberly has finished setting up several new pieces of machinery in his shoe shop here. The equipment having been bought several days ago from Walter Henderson at Lamesa. Mr. Wimberly states that he is now fully prepared to do all shoe repairing.

RANDALL ORGANIZES A SUNDAY SCHOOL

A Sunday School was organized last Sunday in the Randall community, a splendid attendance being present in the afternoon at the meeting called for that purpose.

W. L. Lisenbee was elected superintendent, and there will be four classes it was stated.

REVIVAL PROVING OF INTEREST HERE

The annual revival underway for the past ten days at the Baptist church has attracted much interest among town folks as well as drawing large crowds from the surrounding territory.

Preaching services are conducted twice daily under the direction of Rev. M. C. Bishop, pastor of the church at this place. Every sermon has been inspiring and thought provoking.

Special song services are conducted each evening by various groups and it is felt that these services have been of inestimable benefit to those taking part in them.

Unless further announcement is made, the revival will probably close with the Sunday evening service. Everyone is cordially urged to come out and take part in any or all of the services, and the Baptist church extends appreciation to the other churches of the town for the cooperation which has been accorded.

GOVERNOR SPEAKS HERE SATURDAY AFTERNOON

Ross S. Sterling, governor of Texas and a candidate to succeed himself in this year, stopped for a short time in O'Donnell Saturday shortly after noon, and spoke briefly in the interest of his candidacy.

MRS. HARVEY JORDAN OPERATED THURSDAY

Mrs. Harvey Jordan, well-known resident of O'Donnell, underwent a major operation at a Lubbock hospital Thursday morning, and is reported to be doing fairly well at this time. Mrs. Jordan is present here in good health for several weeks, and the operation was undergone on the advice of her local physician as well as the finest rock and saw in the country.

WE RECEIVE NEEDED MARKS OF APPROVAL

Last week the Index used an editorial article taken from the Rotarian Advance which expressed the sentiments of the editorial staff very nicely, but this week we are all up on tiptoes.

Just when we begin to wonder if there really are any poorer excuses for a newspaper staff, along comes a kindly Samaritan to cheer us up.

To begin with, a young lady whose father had sent the paper to her while she was in school stopped at the street one day and told us how much she enjoyed the Index and how 'homey and cheerful' it sounded all through last winter. And then another of our good friends and readers dropped in one afternoon with an armload of the finest rock and saw ever saw, just in time for our Sunday dinner.

Then another reader made a special trip in to tell us how much the little story about the chicky had won for him in his household, and to cap the climax, the old duck has been brightened up by two lovely bouquets, one of roses and another of petunias.

So we've been humming like a can-tentied kettle this week. This is a good old world after all, and we live in the best part of it, with the best and most appreciative readers ever allowed a weekly newspaper. All of us are taking it up again. We like visits like these.

Mr. and Mrs. D. A. Edwards of Crosbyton were here Tuesday while he was taking his household work. Mr. Edwards was superintendent of the public schools here for several years, and Mrs. Edwards was also a member of the faculty. They have many friends in O'Donnell who were glad to see them again.

I. M. DRAWER OF THE MIDWAY COMMUNITY WAS IN O'DONNELL BUSINESS TUESDAY AFTERNOON

I. M. Draper of the Midway community was in O'Donnell business Tuesday afternoon. He states that farming conditions in that section are better than they have been in years.

O'DONNELL TO HAVE ONLY HALF-TERM SCHOOL THIS YEAR

At a meeting of the board of the O'Donnell Independent School district Tuesday evening, it was definitely decided to abandon hopes for a full nine months term this year, and plans for only four months and a half of school are being announced this week.

It was also decided not to undertake the six-day school week again this year, but with much reluctance that the board members resigned themselves to this program, as each member has children in school and fully realizes the importance of a complete education. However, in view of the fact that only a little more than fifty per cent of the taxes have been paid for the past three years, and that there are many vouchers already issued which have not been paid from the school funds, it was deemed the only business-like means of meeting an unfortunate situation.

It was pointed out that State aid, through the \$16.00 per scholastic apportionment, will be sufficient to meet the salaries of the teachers for the half term, and that school taxes paid in may then be applied to payment of vouchers already issued and also on bonded indebtedness of the school district.

The vouchers will be paid, according to W. A. Tredway said, according to number and not on the first come, first served plan.

Communications and conferences with the State Board have given rise to the school funds, it was deemed the only business-like means of meeting an unfortunate situation.

The board feels keenly the importance of the step taken Tuesday evening and individually and collectively, and especially the teachers, are confident that some method may indeed be reached.

MATHIS ATTENDS DISTRICT CONFERENCE AT LUBBOCK

R. H. Mathis, head of the local Vocational Agricultural department, attended the annual two-day district conference of teachers at Lubbock Tuesday and Wednesday of this week.

Conference leaders were C. L. Davis, State Supervisor; E. R. Alexander and J. C. Dykes, teacher trainers at A & M College, College Station, and S. C. Wilson, teacher trainer, San Houston College, Huntsville.

This was one of the twelve district meetings held in Texas, each teacher attending the conference which was most convenient. Two hundred and fifty white teachers took part in the proceedings, and in addition to the colored teachers attending the conference were held at Mr. Pleasant's home in Jacksonville.

The chief purpose of the meeting this year was to discuss the means for organizing and maintaining Future Farmers of America chapters in this county, and to elect a number of teachers, the exhibits for the Dallas Fair, and the State program of work.

Mr. Mathis stated that the meeting at Lubbock was well attended, and that everyone seemed much interested in the program for the two days.

HALE OPENS SHOP FOR TIN WORK

J. R. Hale of Lubbock is this week installing machinery and equipment for an up-to-date tinshop to be located on the east side of the square. Mr. Hale has plenty of experience, having been in this line of work for more than forty years, and is said to be an expert at his trade.

He hopes to be completely ready by next week, and will officially introduce himself to O'Donnell and the territory in his opening ad.

STERLING-FOR-GOVERNOR RALLY HERE SATURDAY

Announcement was received this week from John L. Ratcliff, chairman of the Sterling for Governor League, that H. K. Harrelson and S. E. Cone will speak here Saturday afternoon at 2:30 in the interests of Ross S. Sterling's candidacy for the office of governor for the second time.

While it has not been definitely decided as yet, it is supposed that the speeches will be made in the business part of town. Citizens are urged to be present and hear these gentlemen.

J. M. Christopher and Mrs. Wade Christopher, of the State, returned Friday from Amarillo where they had spent a few days.

BLUE BOOK LISTS TEXAS "FIRSTS" IN SOUTH

The Blue Book, annual publication of the Manufacturers Record, publishes a list of the things in which Texas is first among the Southern States, as follows:

- Area. Productive power. Agriculture. Crop acreage. Livestock value. Number of farms. Cotton gins. Cotton seed products. Mineral products. Sulphur. Petroleum. Gas. Carbon black. Gypsum. Sand and gravel. Cement. Railroad mileage. New railroad mileage. Highway mileage. Highway construction. Motor registration. Number of airplanes. Airports and landing fields. Electric power production. Paid-in bank capital. Individual deposits in Natl. banks. Education. Outlays for new school buildings. School enrollment. New insurance business written in (1931).

But for the inclusion as "Southern States" of Missouri, Kentucky, Maryland, and West Virginia, Texas would have been "first" in a number of other items as the Dallas News editor points out, among them total wealth, total manufacturing, total bank clearings and "a number of others."

BIG CANNING SEASON OPENING IN LYNN COUNTY

In spite of the fact that the late freeze and hail storms practically destroyed the fruit crop in this part of the country, canning has been under way in Lynn county for the past three weeks, almost reaching the proportions of a major industry.

Local merchants report the sale of a number of canners and sealers, and that it is a problem to keep a supply of cans, jars, etc. on hand. There have been a few trucks of fruit in town during the past several days, mostly peaches and apples, but for the most part local housewives are planning to use commercially canned products of that kind.

The variety of vegetables, however, is under than ever. Beans, peas, and sweet corn were planted this spring in every available spot on any of the farms. The result is appearing in the form of cans filled with food. Not only are peas and beans canned, but thousands of bushels of peas and peas will be dried. While we are speaking of dried peas, we pass on a hint given by one of the boys. If peas are picked from the vine just as they reach the shelling stage and allowed to dry, they will look and taste like fresh shell peas. Most people are not understand drying them in the shade.

The corn canning season has been under way fully three weeks, with prospects that it will continue until frost, as there is still corn in the country in all stages of development from roasting ears to knee-high.

In addition to vegetables, yearlings which have been fattened on feed held over from last year have all ready been canned, and others will be killed for home use later on. Those who are experts at this work can put up meat which taste like fresh beef. With ample corn and providing sustenance for their families and with prospects for a fair price for cotton farmers are feeling much more on time than they have in many months, and their better spirits are being reflected in the attitude of the business men of the town and South Plains.

OLDEST MARRIED COUPLE

Two peasants in Serbia claim to be the oldest married couple in the world. The husband is 117 years old and the wife 115, and they recently celebrated the 100th anniversary of their marriage in a small village near Nisch. More than 100 of their descendants attended the celebration.

Customer—"Why don't you advertise?" Country storekeeper—"No sirc, I did that once and it pretty near ruined me." Customer—"How was that?" Storekeeper—"Why people came in and bought dern near all the stuff I had."

Six Years Ago

News items taken from files of The O'Donnell Index published here six years ago.

FRIDAY, AUGUST 19, 1926

A family reunion was held at the J. W. Benthall's home, Fifty-five members were present.

The business men of O'Donnell had organized a Retail Merchants Association.

The O'Donnell Telephone Company owned by G. W. Dinguas was making extensive improvements in town.

L. G. Phillips and family were spending the summer in Rockport.

Tahoka Chamber of Commerce was to be host to people of the county.

Mrs. A. A. Hoase entertained with a birthday dinner at her home.

Mrs. Brook was operating a business college here.

Roy Wilkes is suffering this week with a bone felon on a finger of his right hand.

Mrs. Lafferty—"Ten stitches did the doctor have to take in me auld man after the fight."

Mrs. O'Hara—"Tin? Was that all? When the doctor sees MY poor husband carried in this mornin', he says, 'has anyone got a sewing machine?'"

"The man who named me a cow catcher made a mistake," reflected that part of the locomotive, just after having tossed aside the eighth fliver for the day. "He should have called me the can opener."

The father of four boys, discovering the eldest, aged eleven, smoking a surreptitious cigarette, called them together for a lecture on the evils of nicotine.

"Now, Willie," he said in conclusion to his youngest, "are you going to use tobacco when you are grown up?"

"I don't know," replied the six-year-old, soberly, "I'm trying hard to quit."

FIND ANTIQUE BILLS WHEN STORE IS RENOVATED

Duplicates of four-year old grocery bills were found and gizzled over here Wednesday afternoon when the interior of the B & O Cash Store was re-arranged.

The cashier's booth and office were changed about, and during the process some baseboard was taken up. The old duplicates, several of them dating early in 1928, had dropped down between the wall and the baseboard.

Manager B. L. Davis stated that they were making no plans for collecting these bills, which were for tobacco, crackers, and other staples. Some of the people have moved to other places—long ago, and several of them are still regular customers of the store.

The entire store presents an altogether different appearance this week since counters have been moved, the vegetable shelves set up, and the office space re-arranged.

Row Binders, Tractors, Wheatland Plows, in fact a full line of Case implements now on DISPLAY in our Show Room.

3. The threatened withdrawal of the divine presence (vv. 3, 5). God said, "I will not go up in the midst of thee, for thou art a stiff-necked people, lest I consume thee in the way."

CAPT. H. W. MACDONALD

CAPTAIN MACDONALD HAS BEEN IN ALL BUT TWO CONTINENTS

Captain H. W. Macdonald, traveler, and noted explorer, who has visited all but two continents of the earth, has been in Lamesa a week delivering lectures on his travels and Missionary work in foreign lands.

He has made addresses at the Methodist church (colored) the First Methodist Church, the Luncheon Club, The Lions Club, a meeting of the Welfare Association, and will deliver an address at the Methodist church at 4:00 o'clock Friday afternoon and at the Presbyterian Church next Sunday evening.

World brotherhood is more than a pretty phrase to Capt. Macdonald, Missionary, world traveler, and philosopher. To him, as long as 35 years of almost continuous travel, in nearly every land on the globe, among all but a very few of the peoples of the earth, he has not only a spiritual belief but a scientific proof that all men are brothers.

When dining with royalty at their command or when sitting, naked, among 250 naked men and women in the fast blackness of darkest Africa he has seen not one but many of the inevitable links that bind men into a common brotherhood.

CLOSING OUT SALE OF THE GRAND OLD PARTY: As our lease with Uncle Sam will expire on March 4th, 1933, and our titles to the political Jack Pot will be transferred to the "Sons of Wild Jackasses," we have decided to hold an auction sale on the White House Lawn, in Washington, D. C., on

NOVEMBER 8, 1932

and sell to the highest bidder all our political machinery and our entire stock of supplies now on hand, to wit:

One political machine, 1921 model, badly in need of repair. Can only be recognized by whistle.

One mass grown platform, with all farm planks broken.

One large ever-bearing Melon vine, with several small branches badly frost bitten. Classified as frozen assets.

One Billion Dollar crime wave, made to order. Old enough to wean. Sired by Volstead and damned by everybody.

Fourteen million moonshine stills, all operating to full capacity.

respectfully requested that all present who still have abut, stand uncovered while the band plays "God Help the King."

TERMS
See your bank before the sale. Positively no foreign bonds accepted, although they are okayed by the State Department. The boys just put that O. K. on them so that Coon Lobo, Layne Morgan and some of the other international bankers could slip them out to the suckers. It really only amounts to fourteen billion dollars, and all our Wall Street friends are rid of them, so we are not further interested in them.

Pepper Relish

Take one dozen sweet green peppers and one dozen sweet red peppers and add three large onions, chopped fine. Cover with boiling water and let stand ten minutes, drain, cover again with hot water, and let come to a boil. Then let stand again. Drain dry and add three tablespoons of salt, two pinches of vinegar, and two cups of granulated sugar. Cook fifteen minutes and pack hot in jars, and process as for Dixie Relish. Seal.

Corn Relish

1 dozen ears of corn
1 head of cabbage
3 sweet red peppers
3 sweet green peppers
1 quart of cider vinegar
1 cup sugar
2 T mustard
1 T salt
1 T celery seed

Cook the corn for three minutes in boiling water to set the milk. Cool and cut from the cobs. Cook all together for 20 minutes. Pack into clean, hot jars, seal and process.

Uncooked Tomato Relish

1/2 qt. ripe tomatoes
1 qt. cider vinegar
6 green peppers

6 sweet red peppers
4 medium-sized onions
1 cup finely chopped cabbage
2 T celery seed
1/2 T red pepper
1 T ground cloves
4 T mustard (yellow)
5 T salt
1 cup sugar

Scald and peel tomatoes, chop all ingredients fine, add seasonings, mix well. Add the vinegar and allow to stand over night. Next morning, pack cold into small clean hot jars, seal and process.

Chow-Chow

2 cups onions (small white)
2 cups cauliflower, small sections
4 cups string beans, cut
12 green peppers, (medium size)
1 red pepper
5 T celery seed
4 T mustard seed
6 T horseradish

Seal and process.

1 cup sugar
2 cups cider vinegar

The vegetables for chow-chow better if first cured in brine, freshened by standing in brine, pending from 12 to 24 hours, drained upon the amount of salt, to remain in the vegetables. After they are freshened, they should be drained, well mixed, and chopped together. Heat the spices, vinegar, sugar to simmering. Cover and low to infuse for about one hour, until well blended and let stand overnight. In the morning stir well, pack in sterilized jars. Seal and set in a cool place. If processing is desired, to raise the temperature of the water bath above simmering and hold this temperature for about 10 to 15 minutes. This processing will keep the pickles and seal the jars, but will soften the texture somewhat.
