9,543 Bales Cotton Ginned In Lynn County On Oct. 18th

There were 10410 bales of cotton ginned in Dawson county counting round as half bales, prior to October 18th, 1929, as compared with 2,609 bales ginned to October 18, 1928, according to J. H. Barron, special agent census department of Dawson county.

There were 9,548 bales of cotton counting round as half bales, ginned in Lynn county prior to October 18, 1929, as compared with 2,015 bales ginned to October 18, 1928.

LEE CHRISTOPHER PASSES STATE PHARMACIAL BOARD

According to word received here by his parents, Mr. and Mrs. J. M. Christopher, their son Lee who has been with a drug firm of Fort Worth the past two years, has passed the State Board of Pharmacy, with high credits.

His many friends here will no doubt rejoice with Lee over his success.

Rayburn Chevrolet Co. Sold 58 Cars in Oct.

The Rayburn Chevrolet Co., believes in selling automobiles and from the record they made during October, we judge they are very successful salesmen. Fifty-eight cars were sold during the month, according to a statement by Mr. Rayburn, manager. Twenty-five of these were new cars and the remainder used ones.

This firm is selling more automobiles than any other agency in this section of Texas that are in the same size and class town.

Fair Weather Causing Gin Receipts to Mount

The seven gins of the city have been very busy the past few days due to the fair weather and receipts up until Wednesday afternoon totaled 4,407 bales. This is an increase of 686 bales over our report of last week.

AN ANNOUNCEMENT

There will be a special laymen's service for the Brownfield Association at Tahoka next Sunday afternoon at three o'clock, led by Bro. Aubry, chairman of the Men's Brotherhood of the Brownfield Baptist Association. Then Bro. Aubry will be with us here at First Baptist church for the evening service and will bring with him Judge Evans of Ropesville. Both of these gentlemen are great consecrated laymen and you will be blessed by having heard their messages, so we are taking this means to give each and all a special, urgent invitation to attend. Remember the time, seventh-thirty, Sunday, November 10.

We had a great treat at the First Baptist church last Sunday morning when Mrs. B. L. Lockett returned Missionary from Africa brought us her heart stirring message on her work in Africa. Those of us who were anxious about foreign missions feel like we know more about them than ever before. We certainly know more about one of our missionaries. Those of you who were not present certainly missed a soul feast.

Our Sunday School is going fairly good but we do feel like it would do a great deal better if all you folk who ought to be in would just get in. We want to give all who are not attending Sunday School elsewhere an urgent invitation to come. Come next Sunday morning at ten o'clock and find your place in some class. There is a class just to suit your particular age, See? So, come and study Gods Word with us and you will be glad.

Joe Wilson, Pastor.

Marvin Tull of Plainview spent last Monday and Tuesday in O'Donnell on business.

Program Lynn County Teachers Institute

Tahoka, Texas, November 7 and 8

Thursday
10:00 Opening exercise.
10:30 Announcements, appointment of committees, etc.
10:40 Recent school legislation.—J. A. Humphries.

11:00 Section meetings.
High School: Discussion and demonstration.—Mrs. M. L. H. Baze.
Primary: Discussion by Miss Bonnie K. Dyarst.

1:00 Section meetings.
High School: Discussion by Dr. R. E. Garlin.
Intermediate: Arithmetic—Minimum essentials, helps, problems and projects, Interscholastic League contests.—Miss Veda West.

Primary: Discussion by Miss Bonnie K. Dyarst.
2:00 General meeting.
Address: Dr. R. E. Garlin.

Organization of Interscholastic League.
Membership in T. S. T. A.—Supt. H. P. Caveness.

Friday
9:30 Opening exercises.
10:00 General meeting.

1. How to improve attendance—discussion led by J. C. Turney and Miss Grace Cade.

2. Records and reports—Discussion led by Supt. H. P. Caveness.
A. Registers.—L. H. Taylor.
B. Monthly reports.—W. H. Bishop.
C. Annual reports.—J. B. Miller.
D. Permanent pupil records.—D. A. Edwards.

E. Inventory of school equipment.—J. S. Pearson.
3. Care of school plant—Discussion led by J. A. Humphries.

A. School housekeeping.—Mill Zuelia Fox.
B. Care of text books and library.—B. M. Hays.
C. Playground equipment.—H. M. McEachern.

D. Beautifying school grounds.—H. C. Rankin.
11:00 Section meetings.

High School: Cooperation of accredited and non-accredited high school.

1. Maintaining standards in accredited schools.—Brady Nix, J. C. Turney.

2. What rural schools can do.—R. L. Showalter, J. S. Pearson.
Intermediate: Vitalizing Intermediate Work.—M. L. Baze.

Primary:
1. Reading in the primary grades.—Mrs. J. S. Pearson.

2. Geography in the primary grades.—Mrs. C. C. Williams.

3. Nature study through the primary grades.—Miss Frances Dulaney.

4. Language in the primary grades.—Mrs. N. E. Wood.
1:00 Section meetings.

High School:
1. Activities period.—B. M. Hays.

2. Student self-government.—A. L. Faubion.

Intermediate:
1. Using note books, current events and helps in the teaching of history.—Miss Sue Gates.

2. English (subject and method is optional with leader)—Mrs. L. H. Taylor.

Primary:
1. Public school music.—Mrs. B. M. Hays.

2. Indoor and outdoor games.—Miss Christine Milwee.

4. Arithmetic in the first four grades.—Mrs. D. A. Edwards.
2:00 General meeting.
1. Cooperation and administration from standpoint of teacher.—M. L. Baze.
2. Federal legislation.—D. A. Edwards.

3. Reports of committees.
A fee of one dollar will be charged. All meetings will be held in the high school building. Every teacher is urged to be on time and is requested to assist in making these meetings a success. A general discussion will follow each individual discussion if time allows. Each leader is requested to see that these general discussions are made worthwhile. It is especially urged that all members of school boards be present on Friday morning for the general meeting. In fact, this meeting was planned primarily for them.

H. P. Caveness, county superintendent; D. A. Edwards, director High School section; H. M. McEachern, director High School section; W. B. Bishop, director intermediate section; Mrs. W. L. Forrester, director primary section; M. L. H. Baze, conductor.

Milk Plant Funds Drive Nears Completion

O'Donnell Raising Quota of Stock Taken In Company

O'Donnell is not going to fall down on its share of stock subscribed to the proposed Dawson County Dairy Products company plant.

That was the report brought back Tuesday night by the committee of three representing the Lamesa Chamber of Commerce, which went to O'Donnell to procure the first cash down payment on stock for the plant. S. L. Forrest, Roscoe Holton and Wm. A. Wilson were the committee members.

Citizens of O'Donnell subscribed for \$10,000 worth of the stock. According to the present indications they are ready at any time to put up the necessary cash for construction to begin.

At a meeting of the chamber of commerce agricultural committee on Monday afternoon, it was brought out that with few exceptions, all local subscribers for milk plant stock have already made the required down payment of one-fourth cash and have signed the notes for the remainder of their pledges. Committees are now out working on these exceptions and it is believed that the percentage who back on their pledges will be practically negligible.

Two representatives from O'Donnell attended the meeting here Monday afternoon. They declared that their fellow-citizens would not see the proposed milk plant deal fall through, and that the people of Lynn county were just as anxious or the plant as he built as are those of Dawson county.

It is hoped to procure enough cash on the pledges made to apply for a charter within the next two or three weeks.—Lamesa Reporter.

New English Theatre Opened In Tahoka

To The O'Donnell Index:
TAHOKA, Nov. 4.—The heavy program which has been going in Tahoka for the past fifteen months was climaxed last Wednesday with the opening of the new English Talkie Theatre. The English Talkie Theatre was built by Mr. D. B. English who has been operating a moving picture theatre here for the past five years.

The new Talkie Theatre is the best in construction and equipment that money can buy. The building of tile, brick and concrete, and of Egyptian architecture, equipped with Western Electric Sound System equipment. The building was inspected by officials of the above concern and was pronounced 98 per cent perfect. The sound effect is so perfect that a mere whisper can be understood anywhere in the building.

Mr. Anthony Van Tuyl, field representative of the United Chamber of Commerce who viewed the first performance stated that he had never attended a better show in any theatre than the one here on the opening night. He stated that no where had he found equipment which rendered as clear and distinct tones as the one in the English Theatre.

The building is equipped with five hundred nine spring cushion seats, which along with the splendid equipment enable one to enjoy the show as they would in any of the larger cities of this or any other section of the country. Mr. English plans to operate the two shows in Tahoka.

J. S. Thomas of Colorado was here on business last Thursday.

J. W. RYNE GROWS FINE KASH COTTON THIS YEAR

J. W. Ryne who lives nine miles west of town was here Saturday and called at the Index office with a very fine sample of Kash cotton bolls. The bolls were the finest we have ever seen in this section. Mr. Ryne told us that he had thirty acres of this variety this year and estimated it would produce around a half bale per acre. He is keeping the seed pure and will plant more of this variety next year.

ern, director High School section; W. B. Bishop, director intermediate section; Mrs. W. L. Forrester, director primary section; M. L. H. Baze, conductor.

Good Will Trippers Go To T-Bar Tonight

Lamesa Bonds For New Jail Defeated

Dawson county will not have a new jail, at least within the near future. That was the decision of the voters in the county last Friday when they overwhelmingly defeated a proposed \$48,000 bond issue which would have been applied to erecting a new jail.

Although the votes will not be officially counted until the next meeting of the commissioner's court, it was estimated on good authority that the measure was defeated by a five to one majority.

While the vote was light, it was heavier than had been anticipated. Little hope had been held from the first that the issue would carry, despite the urgent need for a jail here.

County officials declined to make any statement with regard to the outcome of the election.

Many who voted against the bonds declared openly that they had done so because they expected to vote for the paving bond issue which will probably be called within the next few weeks. They declared they believed that the one issue of bonds is sufficient for this time and that they consider the road bonds more important.—Lamesa Reporter.

Dawson County Is To Call Bond Election

The good roads committee of Dawson county has been very busy the past few weeks lining up the voters for the purpose of calling a road bond election and voting bonds to pave all the designated highways of the county.

Petitions will in all probability be presented to the Commissioners Court this week and immediate action is expected. Many of our citizens who live in the south part of town and the north part of Dawson county will have a voice in the matter. Those who are behind the movement are confident the election will carry and that before many months Dawson county will have all designated highways paved and be in the same class with all other progressive counties in Texas.

The Index believes this is a good move on the part of Dawson county folks and hope they are successful in voting the bonds. Lynn and Dawson counties are able to vote bonds in this part of the South Plains that have not attempted to vote road bonds and we believe it is high time they get in line. In case Dawson county carries the election Lynn county will be the only county left without road bonds.

Lets hope the Dawson county movement will wake up Lynn county folks and cause them to get busy and build good roads and get out of the mud and sand.

MILDREN GODDARD HONORED WITH BIRTHDAY PARTY

On last Tuesday afternoon Mrs. Edd Goddard invited several of Mildred's school mates and the Junior G. A. Girls and their leader, Mrs. Eaton, out to her pretty country home to help celebrate Mildred's eleventh birthday. Mesdames Eaton and Edwards met the children after school and took them to the home of honor. Each guest presented Mildred with a small package which contained many useful and pretty gifts. After a short G. A. program various games were played and then the guests were ushered into the dining room where the hostess cut the birthday cake and served it with punch and candy to the following guests:

Veda Shumake, Margaret Vermilion, Norma Ruth Vermilion, Jim Ellen Wells, Frances Foster, Merle Miles, Mary Jane Goddard, Beatrice James, Wynell Scott, Connie McDonald, Iona Mae Caddell, Joie King Edwards, Avery John Anderson, Mildred Goddard, Mrs. Edwards, Mrs. Eaton and the hostess.

Mr. and Mrs. W. B. Fortner spent last week end in Sweetwater visiting Mrs. Fortner's sister and brother, Mr. and Mrs. C. F. Malone.

The arrangement of the O'Donnell Chamber of Commerce is very busy this week arranging a program which will be presented at the New Moore school house Friday night of this week. A large crowd is expected to attend from here and join all New Moore community in a get-acquainted meeting. Immediately following the program to be rendered by the O'Donnell people a box supper will be conducted by the people of that community.

J. P. Aylor who is chairman of the arrangement committee asks that all who can and will make the trip to please notify him. The committee is desirous of having a splendid showing and promise that the program will be worth the trip. We are unable to publish the program in its entirety as we go to press.

Chamber of Commerce Now On Cash Basis

The Chamber of Commerce work is apparently moving along in a satisfactory manner. At least such was indicated when the Executive Committee audited the accounts this week and found that after all bills were paid the organization had a few dollars in the treasury. This is especially gratifying when we consider that the present organization which was formed last spring had a little outstanding indebtedness, that a full time secretary was employed three and a half months and a part time secretary has had charge of the work the rest of the time since June 15, that an office had to be equipped including typewriter, desk, chairs, etc. and that the Chamber of Commerce financed the Community Fair to the amount of about five hundred dollars without asking for any donations. The organization should be especially complimented on the fact that it has prevented any special drives being made, all expenses being paid out of the regular budget. O'Donnell is one of the few towns that has been able to accomplish such an objective. It is far more satisfactory to pay a reasonable amount of dues to an organization and be through with it than to have something continually coming up which calls for a donation.

While the organization is progressing nicely at the present time with a part time secretary it is doubtful if it will pay in the long run. It is the opinion of a good many that the membership should have increased their dues enough to make it possible to keep a full time secretary indefinitely. However, it takes money to put a proposition over and O'Donnell can't expect to accomplish as much on a two thousand dollar budget with the largest memberships at from four to eight dollars a month as Tahoka, Lamesa and other towns with a five thousand dollar budget or more and many of their members paying ten or fifteen dollars a month in its support. After all the only way to have a community organization is to support it and O'Donnell is just as able to support such an organization as other towns of its size that are doing it on a much larger scale than we are. Not a member of the organization far as the writer knows has considered allowing it to die for want of support but it did seem to the board of directors that the most feasible plan was to run or a part time basis until such time as a greater budget could be provided and a full time secretary put in hear. It is therefore important that every member realize the necessity of paying the present amount of dues regularly in order that the work may be carried on as it should and kept in shape for an alderge stahhhht in shape for an enlarged program in the future.

PRODUCE HOUSES BIDDING FOR TURKEYS AND CHICKS

The local produce houses are notifying the public that the turkey market opened Wednesday and ask that all who have turkeys or chickens for the market to bring them in this week. They promise the highest market price for both turkeys and chickens.

**60 YEAR-OLD FIELD PRO-
DUCE 59 BUSHELS OF
CORN PER ACRE**

Jefferson—A piece of thin sandy soil, in continuous cultivation for more than 60 years, this year produced 59 bushels of corn to the acre for Volle Page, a five-acre corn demonstrator cooperating with John H. Erickson, county agent. The corn crop was planted under the middles, was planted in five-foot rows with and from this inter-crop Mr. Page harvested 1200 pounds of peas. Nitrate of soda was the fertilizer used. This plot of ground is entered in the five-year soil improvement contest of Marion county, a contest which calls for crop rotation and the planting of winter cover crops.

GIRL BEAUTIFIES FARMSTEAD

Huntsville—By cleaning and fertilizing her farm home yard and planting 1000 annuals and 500 other plants of 12 different varieties, including roses and trees, Reba Wood, Walker county 4-H club girl, has made the farmstead an attractive place. She also grew a garden of 1-20 acre size from which she gathered 156 pounds of fresh vegetables valued at \$13.82 after deducting all expenses. She canned 35 containers of fruits and vegetables for herself and helped her mother add 252 containers to the family pantry shelf. Nacodoches — Jane Bailey is working for her board and room while attending school, but the remainder of her expenses are being met from the savings of four years of club work which gave her the inspiration to get an education. Her home is at Pleasant Hill in the piney woods, where she raised 357 Barred Rock chickens, and managed so well that all their food was home grown. She sold 225 as fryers for \$120, canned 400 quarts of fruits and vegetables during four years of club work, and made additional money by growing an acre of cotton each year. Her home demonstration agent is Miss Mildred Thomas.

HELPING TO BUILD TEXAS

Pittsburg glass manufacturers are studying the silica sands near Denison as a source of supply for a new plant at Monterey, Mexico. Many Texas counties have silica sands available in inexhaustible quantities.

To shelter campers at White Rock, the Dallas Railway and Terminal Co. has presented to the city ten old street cars.

Lubbock has purchased an airport of 640 acres four miles north of the city and will improve it. Practically every ambitious town and city in Texas has provided some kind of airport facilities.

Trains on the Santa Fe's Orient extension from San Angelo to Sonoro are operating as far as Christoval and will be to Sonoro in December.

A million-dollar cracking plant at Iraan, Pecos county, is being built by the Humble Oil Co., which already owns one such plant at McCamey, erected at a cost of \$2,000,000.

Under the "calamity" clause of the State Constitution, Texas has given away tax money that during the life of the tax exemptions will probably total \$15,000,000. Every coast county except three—Harris, Jackson and Chambers—has either total or partial exemption from state taxes.

To take care of the fast growing demands incident to the rapid growth of Houston and vicinity, the Houston Lighting & Power Co., spent \$3,500,000 on its Deepwater plant during the year ending August 31, installing an additional turbo-generator and making other improvements besides extending its street-lighting system to a number of smaller cities. The deepwater plant has 100,000 kw. generator capacity and carried a peak load recently of 97,000 kw. Additional 50,000 kw. capacity is soon to be provided in the plant.

Wise county, whose diversification ideas have prospered many of its farmers above the Texas average and which has a considerable income from dairying, truck and poultry, cashed in this year on some of its experi-

mental vineyards. Planted three years ago, returns ran as high as \$200 an acre from grapes, according to a Decatur dispatch.

Extension of the citrus fruit area northward from the lower Rio Grande valley is partly responsible for the estimated increase of 1,500,000 in citrus trees in the past year. Orchards of Webb County are coming into real bearing and Laredo expects this season to ship its first full carload of grapefruit, oranges and tangerines. When all the citrus orchards in the Texas valley are producing, Texas will no longer be third in citrus fruit production, and it may be first within the next few years, as the demand for Texas citrus fruits is growing as the public learns to appreciate their superiority.

Spur—Small grain pastures totalling more than 4000 acres have been planted this fall by Dickens county farmers, following a campaign by J. L. Tanner, county agent, in which chamber of commerce and feed and seed dealers joined. Most of the plantings are up to a good stand and these winter pastures are expected to relieve the situation caused by a short feed crop.

The 3,850 cotton gins in Texas represent an investment of \$7,000,000 according to the Texas Cotton Ginners Association.

**LOW AND HIGH SIXTH
GRADE NEWS**

The Low and High Sixth grade received a lovely visit from their room mother, Mrs. Jeff Musick, last Wednesday.

We think our room mother is so good to us and she did the nicest stroy after which she presented us with pp corn balls. Plans are now being made for the entertainment of Jim Ellen Wells and Glen Payne for having the highest average on the past month's work. The average of the entire room reached a high point this month.

Mr. and Mrs. Geo. Fowler and daughter Martha Gene of Fort Worth are the guests of Mrs. Fowler's parents, Mr. and Mrs. W. H. Thornhill.

Papers all stacked up? Every shelf and box full of 'em. Then save a few days longer and give them to the Methodist ladies. They are filling a box car with newspapers, magazines, any kind of paper, which will be shipped to a paper mill for renewal. The money will be used to help pay for the seats in the new church. Watch this paper for announcement of the date of which they will collect.

M. S. SPONSORING PICTURE

It gives the Methodist ladies much pleasure to announce that through the

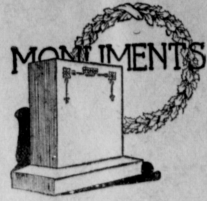

courtesy of Mr. Hardy, they will sponsor the picture "The Jazz Singer" featuring Al Jolson, Monday, November 18. Remember the date and the picture and be there.

Texas quarries in 1928 sold stone, mostly lime and granite, valued at \$2,500,000, and a number of new projects are getting into production this year.

Natural casinghead gasoline is becoming one of the big industries of Texas with 1929 production valued at \$22,492,000.

L. H. Christensen of Tulsa, Texas, arrived Tuesday to relieve Garrett Allan at the depot as Western Union operator. He will probably be located here permanently.

**"What!
A weather bureau?"**

VISITORS to General Motors' 1268-acre Proving Ground marvel at the sight of a complete weather bureau and ask what it is for.

The answer is that in the testing of cars every possible factor that might affect a car's performance is considered by General Motors engineers.

So precise are some of the tests that even the difference between sunny day and a partly cloudy day—or between a north breeze and south breeze—is considered.

With each day's record of the mechanical tests applied to a car the roads and hills of the Proving Ground is included a report of the exact weather conditions prevailing. The engineers then can know how weather affects performance, and can have a comparable record that every car tested is given an equal opportunity to prove its worth under exactly the same conditions.

Advance models of all the cars listed below were proved at the Proving Ground before they were introduced to the public. Read about them; then clip and send the coupon.

"A car for every purse and purpose"

- CHEVROLET**, 7 models, \$525—\$695. Six in the price range of the low. Smooth, powerful cylinder valve-in-head engine. Beautiful Fisher Bodies. Also sedan delivery. Light delivery chassis. 1 1/2 ton chassis with cab, both with four speeds forward.
- PONTIAC**, 7 models, \$743—\$895. Now offers "Big six" motorizing luxury low cost. Larger L-head engine; larger bodies by Fisher. New attractive colors and spray lines.
- OLDSMOBILE**, 8 models, \$875—\$1075. The First Car at Low Price. Now offers further refinements, mechanically and in the Fisher Bodies. Also eight optional equipment combinations in Special and De Luxe line.
- MARQUETTE**, 6 models, \$965—\$1195. Buick's new companion car, designed and built by Buick. Six cylinders. Fisher Bodies. Its price puts Buick quality and craftsmanship within reach of more families.
- OAKLAND**, 9 models, \$1145—\$1575. All American Six. Distinctively original appearance. Splendid performance. Luxurious appointments. Attractive colors. Bodies by Fisher.
- VIKING**, 6 models, \$1595. General Motors' new "eight" at medium price. 90-degree V-type engine. Striking Bodies by Fisher. Unusual appointments, also optional equipment combinations.
- BUICK**, 14 models, \$1225—\$1995. Three new wheelbases, 118-124-132 inches. The greatest Buick of them all. Many new mechanical features. Fisher Bodies with new lines.
- LASALLE**, 14 models, \$2275—\$2875. Companion car to Cadillac. Distinctive appearance. 90-degree V-type 8-cylinder engine.
- Striking color combinations of Buick Bodies by Fisher.
- CADILLAC**, 20 models, \$2750—\$7500. The Standard of the World. Famous efficient 8-cylinder V-type engine. Luxurious Fisher and Fleetwood. Entire range of color and upholstery combinations. (All Prices f. o. b. Factory.)
- ALSO** Frigidare Automatic Refrigerator. New silent models with control device. Tuxedo Price and model range to suit family.
- DELCO-LIGHT** Electric Power System. Power windows, door lock devices for the farm.

their Room Mother of course, and they think that she is the best room mother of all and what lovely stories she can tell. We want her to visit us as often as she can.

There are some new names on the honor roll this week, as you will see in the following list: Spelling: Martelle Phillips, Betty Lynn Middleton, Doris Lawler, Earl Payne, George Gray Wilks, Grover Studeville, Nauvell Terry, L. E. Robinson, Wayne McDaniels, Harvey Lee McGee, Scotty St. Clair.

HIGH THIRD AND LOW FOURTH NEWS

On last Friday afternoon the pupils of Mrs. Lines room gave their room mother Mrs. St. Clair a fruit and candy shower. Instead it turned out to be a shower for the room because she very free heartedly passed it around several times. Now who

could ask for a better room mother? Deep down within their little hearts they knew that she possessed the true mother's spirit of unselfishness, and they loved her for it. It was indeed a very happy afternoon and each one thoroughly enjoyed it.

They also enjoyed Miss Gary's visit. After recess the low fourth in Miss Gary's room and the low fourth in our room had an arithmetic contest, consisting of ten pupils from each room. Our first four turned down her ten. We hope they will contest us again soon.

San Benito—Irish potato growers averaged three and one-third cents per pound for their crop through the Rio Grande Potato Growers' Association last season, so H. L. Alsmeyer, county agent, reports. Of the 1660 acres of potatoes sold from the Valley last year, 70 acres were handled by the cooperative, he says.

TERRACES WORTH \$5.91 PER ACRE

Abilene—Milo maize on terraced land produced 1825 pounds per acre this year for P. G. Self of Tuscola in Taylor county, while milo on unterraced land made only 1234 pounds an acre. He gives as a reason that a quick rain in July stayed on the protected land but run off in 20 minutes time on the unterraced land. Mr. Self says terracing was worth \$5.91 per acre to him this year on this crop.

Henry Gooch made a business trip to Lubbock Monday of this week.

Mrs. Alfred Barnes of Wells was an O'Donnell visitor Monday of this week.

FOR RENT—Closed car. Drive it yourself. Rates reasonable. For information inquire at Index.

Sixty-nine per cent of all Texas manufactures is found in six counties—Jefferson, Harris, Dallas, Tarrant, Bexar and El Paso. The 4,065

plants listed in the 1927 Census Bureau report, employed 116,783 persons and produced \$1,206,579,962 worth of goods.

Introducing

THE ECONOMY TWINS

SEVEN cents and five cents are the two steps in the new domestic electric service rate of the Texas Electric Service Company. This rate now makes electric energy cheaper than ever before. You can use double the amount of electricity which you formerly used for only a small additional cost.

This new rate is composed of a moderate flat charge based upon the number of rooms in your home. Then for each room in your home you may use four kilowatt hours per month at a cost of 7 cents per kilowatt hour. For all kilowatt hours over four per room, you pay only 5 cents per kilowatt hour.

For instance, if you have a five-room house, you would pay 7 cents each for the first 20 kilowatt hours used, and 5 cents each for all additional kilowatt hours used. The flat charge for a five-room house is 95 cents. Suppose then that you used 25 kilowatt hours in one month. Your bill would be 95 cents plus \$1.40 for the first 20 kilowatt hours, plus 25 cents for the additional five kilowatt hours, making a total of \$2.60.

Now if you used fifty kilowatt hours your bill would only be increased by \$1.25, making a total of \$3.85.

That is why we call 7 and 5 the economy twins. They are just that to you. They make it possible for you to use all the electricity you want at a price which is by far the lowest in the history of electric service in this community.

Electricity can do countless things for you in your home. It can save time and strength and money for you. It can do your work in less time and with scarcely any effort on your part, so that you will have New Hours in which to enjoy living. And as electricity creates these new hours for you, it, at the same time, saves your strength and preserves your health so that you can take fullest advantage of them.

With "7 and 5, the Economy Twins," ready and eager to work for you in your home so cheaply, you should investigate the many things electricity can do for you. Let the "Economy Twins" work for you.

News From The Wells Community

The girls of Wells school met Nov. 4th to organize a girls 4-H club. Miss Thelma Greenwade county home demonstration agent was present. The following girls joined:

Helen Askew, Leta Cook, Genevieve Bolch, Bonnie Jones, Thelma Brendle Lois Yeatts, Sybil Bolch, Sybil Showalter, Ruby Goodin, Henretta Bayer, Ruby Carpenter, Aline Gooding and Lorena Lang.

The officers were: President, Helen Askew; vice pres. Sybil Showalter; Secretary, Bonnie Jones; song and yell leader, Lois Yeatts, reporter, Leta Mae Cook. Mr. Ray Shaver, our county agent came to our school Monday, November 4th to organize the boys 4-H club. The number of boys that joined was encouraging. They did not elect officers, but Mr. Shaver said he would be back in two weeks to finish the organization.

Our school will be closed Thursday and Friday of this week so that the teachers may attend institute at Tahoka. The regular Friday morning program will be postponed until Friday November 14.

Mr. Scott and his wife, accompanied by Miss Eunice Little, Miss Willie Ruth Little and Miss Lois Yeatts, spent the week end in Abilene. They report a very enjoyable trip. In the football game between San Marcos, the school he attended and McMurray college.

Miss Eunice Little and Miss Willie Ruth Little visited their parents, Miss Lois Yeatts visited her aunt, Mrs. Yeatts of that city.

Miss Mabel Draper and Miss Jewell Waldrop spent the week end at Canyon, at the annual home-coming of former pupils of the West Texas State Teachers' College. While there they enjoyed the football game between Daniel Baker College, of Brownwood and the West Texas State Teachers' College.

Items From New Moore Community

The New Moore community extends a hearty welcome to all who will attend the box supper Friday night.

We have invited the Chamber of Commerce of O'Donnell out and we are sure that they will render a fine program.

The purpose of this box supper is to make a payment on the piano which was bought for the community. All of you good looking girls and ladies bring your lovers and a pocket full of money.

BOX SUPPER AT BERRY FLAT

An old fashioned box supper will be given at the Berry Flat school house, twelve miles east of town, Friday night, November 15. All of the ladies are invited to come and bring a box, and the men to come prepared to not go home hungry.

A contest for the prettiest girl and one for the ugliest man will be held. Every person present will be allowed to cast one free vote in each contest. The purpose of the box supper is to finance the Berry Flat school athletics.

THANKS

Members of the Adult Ladies Class of the Methodist S. S. wish to extend their heartiest thanks and appreciation to all those who were so cheerful and generous in their donations for the supper Tuesday evening.

They feel that your cooperation and interest were largely instrumental in the success of the undertaking. Especially to the members of the Burkett-Davis string orchestra are our deepest thanks and appreciation due. The music rendered by these young people was one of the most attractive features of the evening.

China, Land of Temples, Mandarins and Rickshas, Provides Travel Thrills for Voyagers Who Are Seeking the Unusual

China, that vast empire of the Far East, with its peculiar customs and traditions, has a subtle appeal for the Occidental mind, and travelers are including it in their itineraries whenever possible. There is Hong Kong, a British Crown Colony, the harbor of which can challenge any in the world for size and grandeur. Here the jaded traveler in search of new worlds to conquer sees Chinese junk, queer-looking craft with eyes in their bows so that they can see to go; sampans with slatted seats, and merchantmen representing almost every country in the world. Hong Kong is one of the

highlights of the forthcoming world cruise of the Canadian Pacific liner "Empress of Australia," which leaves New York Dec. 2, 1929, for a globe-girdling voyage of 187 days. It is also the Oriental terminus of the "White Empresses of the Pacific." Shanghai, on the Whangpoo River, another fascinating Chinese city, is a place of contrasts—magnificent buildings, hotels and theatres—and narrow crooked streets containing rabbit-warren bazaars where one can procure trinkets and Oriental novelties. Shanghai is the most cosmopolitan city in the world. It is now a thriving metropolis of 2,000,000 inhabitants, but it was a mere fishing village when

the Europeans arrived in 1843. The foreign settlement has its own government and policemen—burly, red-turbaned Sikhs in the British Concession, wiry little Indo-Chinamen with peculiar hats in the French. The Empress of Australia goes to Chinwangtao, whence her passengers journey to Peking—four cities in one. Peking is magnificent, the Summer Palace, the Forbidden City, the Temple of Confucius, the Temple of Heaven and other Oriental marvels never fail to interest the visitor. A train from Peking brings the traveler to the Great Wall of China, built centuries ago to keep out invading hordes.

HIGH AND LOW FOURTH ARE ENTERTAINED

The pupils of the High Third and low Fourth were entertained on last Tuesday night with a lovely Halloween party in the home of their room mother, Mrs. St. Clair. Our teacher Mrs. Lines assisted in entertaining. The house was decorated in the usual Halloween colors of black and orange. Everything looked very spooky. Various games were played throughout the evening all suitable to the occasion. At the appointed hour delicious refreshments consisting of pop corn balls and apples were served. We all had a wonderful time and want our room mother to ask us to her home again some time.

THURSDAY CLUB HOSTESS TO LOVELY HALLOWEEN PARTY

On last Thursday evening the Thursday Club gave a Halloween party in the lovely home of Mr. and Mrs. Veazy. The guests were greeted at the front door by a sign on which was printed "Turn to right and enter first door". They passed through a labyrinth of vines, trees and shrubs and finally entered the back door. After this through the chamber of horrors and then entered the living room, which was decorated artistically in the Halloween style. Oh! such a spooky trip through shadows and dangerous turns and curves. After each guest had arrived safely to the living room tables of forty-two were enjoyed throughout the evening after which delicious refreshments consisting of pine apple salad on lettuce leaf garnished with cheese pumpkins, ginger bread, crackers, coffee with whipped cream were served. The tables looked so attractive with Halloween cloths and napkins to match. Those enjoying this enjoyable evening were:

Messers and Mesdames: Glen Allen, Guy Bradley, J. P. Bowlin, John Earls, Mac Garner, L. P. Hardy, Albert, Albert Koeningger, R. O. Stark, E. L. Sorrels, Harvey Jordan, L. E. Robinson, M. J. Whitsett, J. W. Campbell and Ray Gibson.

Mr. Nelson, County Attorney of Tahoka was an O'Donnell visitor Monday of this week.

Walter Medley of Weniert and Miss Hazel Mitchell of Crosbyton were the guests last Sunday of Mr. Medley's brother Manuel Medley of this city.

CHEVROLET SIX MAKES REMARKABLE RECORD

Atlanta, Nov. 11.—Atlanta Harar rru Atlanta.—Paying high tribute to the economy and performance of the low-priced automobile, especially as a means of long distance travel, the Rev. G. W. Gasque, Rector of the Episcopal Church of the Incarnation, today recited some of the accomplishments of his new six cylinder Chevrolet coach on a recent 10,618 mile loop tour of the western half of the United States, during which he averaged 22.3 miles to the gallon of gas.

Accompanying Dr. Gasque on the seven weeks adventure were Mrs. Gasque and their young daughter, Anna Lee.

The long trip was made on schedule time so that the minister could fill speaking engagements in prominent Episcopal churches along the way. The route led from Atlanta to Chicago, by way of Nashville, Evansville, and Indianapolis, thence across

the northwestern states to Seattle, down the Pacific Coast through Portland, San Francisco and Los Angeles and back home across the desert country of Arizona and New Mexico.

A highlight was the climb of Pike's Peak over a tortuous roadway that stretches 13 miles along the mountain side. Dr. Gasque reports that the car carried its part to the summit without faltering and without heating the motor. Many other cars attempting the climb were forced to halt along the roadway to cool off before continuing, he said.

Dr. Gasque kept an expense book of the trip, which discloses interesting facts about the performance of the car. Having been newly purchased when the trip began, the car was not extended during the first 500 miles of driving. During this period it averaged 18 miles to the gallon, the book showed.

TRUETT SMITH, Clerk, County Court, Lynn County, 7-4c

FERTILIZER AND CULTIVATION BOOST BOYS' CORN YIELD

Llano—Good cultural methods and an application of 150 pounds to the acre of 12-4-4 fertilizer account for the 110 bushels of strawberry corn raised this year on two acres by Wal-

ter Kassel, Llano county 4-H club boy of Cartell, according to H. C. Robinson, county agent. The corn was planted in deep sandy land that had been broken in the winter and bedded and re-bedded in preparing the seed bed. The crop was harrowed while small and cultivated shallow three times during the season. Records kept show that the expense amounted to \$25.30, and at a dollar a bushel the net profit on the two acres was \$84.70. Other corn in the same field handled in the ordinary way yielded only 27 bushels per acre.

BIG CORN CROP IN OLD FIELD NEAR HENDERSON

Henderson—That corn can be profitably grown on land that has been in cultivation for 50 years has been demonstrated by G. W. and Steve Ross of Mt. Enterprise Community in Rusk county this year. From 35 acres they have gathered 1200 bushels of corn and 59 big loads of stover in which there was from 15 to 20 bushels of corn per load. Cooperating with County Agent B. F. Gray, the Ross brothers applied 200 pounds of 8-4-4 fertilizer per acre planting, and when the corn was knee high they side dressed with nitrate of soda at the rate of 100 to 300 pounds per acre of 12-4-4 fertilizer account for crop for live stock food.

Notice

On Hallowe'en night of last week the mischief makers carried away six lanterns hanging over the open ditches on Doak Street. The globes of the lanterns were painted red and it is supposed they were left at various places over town. Anyone knowing the whereabouts of one or all of the lanterns will please notify West Texas Gas Company, or telephone 8.

Tucker Dry Goods Co.

WHAT'S DOING IN WEST TEXAS

Publicity Department,
West Texas Chamber of Commerce.

Snyder—Mr. F. I. Townsend, not a poultry man but just an average farmer in Seccury county, has proved, during the past twelve months, that poultry is a profitable sideline if the necessary information is acquired as to the care of the hens and if one applies himself assiduously to the business. An accurate record was kept by Mr. Townsend which shows that from October 1928 to October 1929, two hundred and sixty leghorn hens produced \$781.47 profit of eggs, and \$188.70 was spent for feed, leaving a profit of \$592.7 for the year.

FLUVANNA—Contract has been let for the construction of a new high school building for Fluvanna. When the building is completed, more than \$50,000 will have been expended for the onward advancement of education in that thriving little city.

Cleburne—By raising 49 out of 50 baby chicks of the English White Leghorn strain, Pauline Caldwell, 4-H club girl of Johnson county, has set a local club record for the year. She gathered 29 dozen eggs in each of the months of July and August from 29 of the pullets, and fall production is holding up well. She has sold seven of her cockrels for \$2.50 each. A flock of several hundreds birds is her plan or next year.

ANSON—Among the many constructive and progressive moves being made by this city at the present are the completion of the concrete highway No. 30 through Jones county, and the replacing of the present street lighting system of Anson with 400 candle power lights in the down-town business district. Plans are also under way for the installation of the metallic system telephone service to replace the present magnet grounded system.

TULIA—Due to the immense building program in Tulia, Happy and on the farms of the county, the assessed valuation of Swisher county has passed the six and a half million dollar mark. More than fifty new homes have been built in Tulia during the past year and Happy is not far behind in a similar building program.

ELECTRA—More than sixty farmers of this section met here recently and discussed the pooling of turkeys and the forming of an anti-theft association. A carload of turkeys were pledged at this meeting, and a sales committee was elected to meet within a short time to open bids and discuss the selling of these turkeys.

WHITE DEER—A very enthusiastic Chamber of Commerce meeting was held here recently at which different members discussed their personal experiences and profits derived from the raising of poultry, cows and hogs. Plans were made to have a representative from one of the creameries to meet with the Chamber of Commerce and discuss plans whereby a better market can be secured for cream, milk and poultry. Every effort is being made to carry out the "Cow, Sow and Hen" program in this section, and all future meetings of this organization will be given over to various discussions in this regard.

CHILDRESS—Elaborate plans are being made by the local Chamber of

Commerce to entertain officials of the Fort Worth & Denver City Railway when they arrive here to celebrate the opening of the new Fort Worth & Denver station, which has just been completed. This structure was erected at an approximate cost of \$5,000, and is one of the most modern stations on the Denver line.

MR. AND MRS. R. E. PAINTER WILL MOVE TO WILSON

Mr. and Mrs. R. E. Painter and family who have been residents of O'Donnell for the past ten years will move to Wilson about the 15th of this month where they will make their future home. Mr. Painter is one of the pioneer business men of O'Donnell having been in the dry goods and grocery business for the past ten years. Mr. Painter recently traded for a drug store at Wilson and will devote his entire time to his new line of business.

PRIDE LOCALS

After two weeks of bad weather we are having fine weather this week and everyone that is well are busy gathering cotton and feed and there is lots of feed to gather yet.

The big end of the cotton will be out in a few more nice days and the feed most all in too.

With a good season in the ground some will start plowing soon.

There was preaching at Pride school house Saturday night and Sunday by Dr. Johnson.

We notice Allen Bird sporting a new Ford roadster this week.

We had a sad accident to happen to us Saturday night on the Lamesa and

Pride highway south of Pride.

Little Buddy Williams was run over by 3 Mexicans in a Ford car and he was killed instantly.

He was buried at Pride Sunday evening at five o'clock. Mr. Williams had just moved in from Taylor county and bought the old Wright place east of Pride on the O'Donnell highway.

Several of our citizens were out Saturday night and Sunday helping Sheriff Bennett of Lamesa hunt the Mexicans. They have a description of the car.

Dr. J. W. Brasswell held the funeral services Sunday evening.

Walter Bartlett, commissioner of Dawson county is grading the roads up our way this week.

Rolly Simmons is very busy making syrup.

Ollie Lightfoot is having quite a bit of cane ground up for syrup this week.

George Lightfoot was in Brownfield Sunday helping hunt the Mexicans that killed Buddy Williams.

Laddie and Clyde Tipton went to Seagraves Sunday.

Edd Haines and family are picking cotton for W. L. DeVore.

Well, so long.

OLD TIMER.

Lockhart Nearly a pound of butter cows, and half a pound for home use ter a day for sale from the family Vykrey, a second year 4-H club is one of the achievements of Thelma member of Post Oak in Caldwell county. She has also canned 40 quarts of fruits and vegetables for herself according to home demonstration standards, and has aided her mother in putting up 408 quarts for winter use.

"COLD" SAYS THE THERMO METER

"I SHOULD WORRY" SAYS YOUR CAR

Motorists who would enjoy carefree winter driving are switching to Phillips 66. Their cars start "right now"—warm up fast—pick up quickly. These motorists get, too, an instant flow of able-bodied power and mileage that's gratifying—all at no extra cost. The secret of Phillips 66 is controlled volatility which makes each gallon you buy fit the season and the climatic conditions of the locality in which you buy it. For best results try a full tank of Phillips 66 or 66 Ethyl.

Phill-up with

Phillips 66

© 1929, Phillips Petroleum Company

CONTROLLED VOLATILITY

WHEN THE THERMOMETER GOES DOWN THE VOLATILITY GOES UP. Gasoline must vaporize in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. With volatility 66 vaporizes as quickly in cold as in warm weather.

J. M. BLEDSOE OUT FOR STATE SUPERINTENDENT

(From Post-Dispatch)
J. M. Bledsoe, has announced that
he will enter the race for State Su-
perintendent of Public Instruction in
1930, in view of numerous letters
and telegrams received recently from
numerous friends.

L. E. Huff, of Post, has been nam-
ed as manager of Mr. Bledsoe's West
Texas campaign.

"No one is more familiar than I
with the fact that there exists no
well-organized political machine to
champion my cause," said Mr. Bled-
soe, "and to carry my campaign. If
elected, I want to be able to realize
that success came as a result of the
confidence and support of those who
believed in me and were willing to
help fight for better educational op-
portunities for the boys and girls of
Texas.

Mr. Bledsoe received B. S. and A.
B. degrees from East Texas Normal
college at Commerce and received an
M. A. degree from the University of
Texas. He is now carrying two gradu-
ate courses in Southern Methodist
university leading towards the doc-

tor's degree. He has taught 14 years
in the public schools of Fannin
county, taught history and education
three years in East Texas Normal col-
lege, and has been head of the math-
ematics department of the East Tex-
as State Teachers college since
1917.

CLUB GIRL MAKES MONEY

Seymour—Total profits of \$205.75

have been made this year by Zuleka
Wilson, 4-H club girl of Baylor
county, working under the supervi-
sion of Miss Beulah E. Bradley, home
agent. Besides having fresh vegeta-
bles since May 7th she has realized
\$38.15 from her garden; canned
fruits and jellies worth \$96.10; and
has done sewing valued at \$1.50. In
addition to all this she has raised 150
chickens for table use.

O. I. C. Pigs, 8 weeks old, \$7.50
each. Pedigrees furnished. J. W.
Rhyme, Route 2, O'Donnell, Texas. 2-tp

ACHIEVEMENTS OF THE DEMONSTRATION CLUB GIRLS

Snyder—Jessie Dowden, 17 year
old 4-H club member of the Hud Club
in Scurry county has cleared \$256.48
in her home making demonstrations

this year. A flock of White Leghorns
contributed \$106.13 of these profits;
the making of 48 garments and house
hold linen articles added \$108; and
the remainder came from food pre-
paration work. She is president of
the girl's club in her community.

GARAGE

PERSONAL MENTION

Dr. Tate of Lubbock was an O'Donnell visitor one day last week.

Miss Jessie Sargent of Tahoka was the guest of Miss Thelma Palmer last week end.

Mrs. Harris of Tahoka is visiting her daughter Mrs. E. J. Bean and family of this city.

Mrs. E. J. Bean's mother, Mrs. Harris of Tahoka is visiting here.

Mr. and Mrs. Ben McConal of San Angelo are visiting Mr. McConal's brother and family, Mr. and Mrs. Charles McConal.

Mrs. Tobe Burdette and children of Lubbock spent last week with her parents, Mr. and Mrs. E. J. Treadway of this city.

J. W. Franklin of Wells was an O'Donnell visitor Monday.

TIRES VUNCANIZED at Foster's.

Mrs. Cecil Hubbard and children spent last week in Rotan and Hamlin visiting relatives.

Mr. and Mrs. R. E. Painter made a business trip to Wilson last Thursday.

Mr. and Mrs. Claude Tucker and daughter of Wells were O'Donnell visitors one day last week.

Mr. and Mrs. Guy McGill bought their home back in the south part of town and took possession one day last week.

BIRTHDAY PARTY FOR LITTLE MARY LOUISE SINGLETON

On Monday afternoon of this week Mrs. Ed Singleton gave a party in honor of her little daughter's fifth birthday. The children came each bearing a small package, which were immediately opened and admired by each one present. After this games of various kinds were played. One important part of the afternoon's pleasure was the fishing trip. Each child was given a pole and told to fish in "The lucky fishing pond" and the result was that each one caught a nice all-day sucker. After they had played every game imaginable. They were told that it was time to be served and of course like all children they were ready. The hostess assisted by Mrs. Hal Singleton, Jr., served hot chocolate and cookies to the following guests:

Dixie Jean Wyatt, Junior Wyatt, Keatron Nelson Yvonne Westmoreland, Margret Lucille Johnson, Elizabeth Ann Gantt, Leta Merl Koeninger, Shirley Mae Coin, Lena Mae Singleton, Junior McLaurin, Sonny Boy Bowlin Alvin Leroy Uhl, Mary Louise Cowden, Helen June Gantt, Billy Ash, William Edward Singleton and honoree Mary Louise.

LOW FIFTH AND LOW SIXTH

We students are finding our work interesting every day. We have written letters to the members of our class who have moved away. In these letters we apply the rules for good English.

Mrs. Carroll, our room mother visited us last Friday and showered us with gum and fruit. This was a real treat and we always look forward with real enthusiasm to the visit of our room mother. Dorothy Walls has made the highest average in the entire room for the last two months. Mildred Goddard is entering the race and is making it lively, especially for Dorothy.

We have been having some contests but for some reason have failed to win all of them, but with renewed vigor we are planning to win in the future.

O. I. C. Pigs, 8 weeks old, \$7.50 each. Pedigrees furnished. J. W. Rhyne, Route 2, O'Donnell, Texas.

MARY LOUISE COWDEN HONORED WITH BIRTHDAY PARTY

On Monday October 28, Mrs. Ben Cowden entertained with a birthday party in her pretty new home in honor of her little daughter's seventh birthday. Each guest arrived carrying a mysterious package of some kind. The children had lots of fun opening these bundles and examining their contents. What a good time they had playing games. One interesting feature of the afternoon was the telling of fortunes.

All day suckers were given out and on each sucker was a slip of paper which contained the owner's fortune. After this came the ice cream cones which were served by the hostess to the following guests:

Lena Mae Singleton, Mary Louise Singleton, Sonny Boy Bowlin Yvonne Westmoreland, Elizabeth Ann Gantt, Helen June Gantt, Mary Louella

Gantt, Marjorie Munk, Middleton, Rebecca Mae St. Verna Street, Dorothy M. Iliam Edward Singleton, Roberts, Leona Holman and Mary Louise and Margie Johnson.

MR. AND MRS. R. E. PAINTER WILL MOVE TO WILSON

Mr. and Mrs. R. E. Painter family who have been in O'Donnell for the past ten years will move to Wilson about the first of this month where they will make their future home. Mr. Painter is one of the pioneer business men of O'Donnell having been in the grocery and hardware business for the past ten years.

Mr. Painter recently opened a drug store at Wilson and has spent his entire time to his business.
