Mr. and Mrs. Sam Singleton, Miss Hancock in California

"Don't fail to send the PRESS to us" was the substance of two letters received in this office this week. Sam Singleton, now in California, wrote that he was becoming acclimated, but that no movie scouts had signed him for pictures.

Miss Dimple Hancock, who recently moved to California, wrote: "I received the first edition of the PRESS today, and had a nice time reading the home-town news. My sister was especially glad to see it, she having lived in O'Donnell."

Thompson Cuts Office Expenses

Becoming the first thus far, to break the precedent established by other State departments in protesting cuts in their respective funds in the next biennium, the Texas Railroad Commission thru its chairman, E. O. Thompson, this week agreed to cooperate with the Senate Finance Committee and to reduce costs 20 per cent, according to the Austin Times.

Other department heads appearing before the committee have either asked for a continuance of the present quota of funds or asked for an increase. Senator Morris Roberts of Pecos who with five other senators is studying the possibilities of effecting economy measures praised the rail board for its attitude and repeated his previous prediction that they could be able to cut costs between \$6,000,000 and \$10,000,000 with the proper cooperation.

Thompson stated that the Railroad Commission offered to begin making reductions within its divisions before the Legislature convenes. He noted director, of the oil and gas division, to make a survey of all field offices "with a view to improving the efficiency of the department and reducing costs 20 per cent at the same time."

Thompson asked Cottingham to prepare a list of employees who could be dropped from the payroll with the least effect on the work with the efficiency of the department. He also asked for other recommendations as to where and how other economies could be worked out.

If there be those who are not working," the chairman of the commission stated in his notice to Cottingham, "then they, of course, should be dropped first and those who have the least to do should come next, but we must reduce our force by 20 per cent."

\$15,000 Poured Into Section Last Spring By National Body

The drive for Red Cross memberships in O'Donnell will officially open here Monday morning, so announced J. L. Shoemaker and the Rev. J. A. Lunaford, who are in charge. No trouble in reaching the goal of 75 members which has been set for O'Donnell is expected, but hopes are held that the total will far exceed any raised here in many years. Only 60 members were asked for last year, and the goal easily reached.

"The Red Cross supplemented voluntary funds of about \$15,000 here last spring when the tornado left part of this territory devastated and lives were lost," said the Rev. Mr. Lunaford today when he announced the start of the drive. "Not only should we reach the 75 goal, but we should greatly exceed that number," he continued, "and lose no time in doing so."

Local headquarters will be maintained at the First National Bank, and membership fee deposited there. The yearly membership costs \$1.00, but the greater portion of the dollar remains in the county where raised, so Mr. Shoemaker pointed out. Any person wishing to pay in more than \$1 may do so. Many heads of business firms pay the membership fee for each employee in their service, and thereby receive a 100 per cent rating for their place of business.

FARM PAPER IS NEW PUBLICATION FOR DAWSON COUNTY

The first issue of the South Plains Farmer, a bi-monthly publication published at Lamesa, made its appearance last week. Lloyd Coats is owner and editor, and Roy E. Speck is assistant editor and advertising manager.

The eight-page, seven column paper was printed in the O'Donnell Press office.

Ellis Chevrolet Unloads 7 New Cars Here This Week

Seven new cars and one truck were unloaded here this week by the Ellis Chevrolet company, to replace others sold after the advent of the new Chevrolet model.

"The new Chevrolet was accorded the highest description in history," said W. E. Haynes of Lubbock, district manager, who operates out of Oklahoma City, and who was here Monday. "On the day that the new car appeared, I contacted every dealer in my district and they reported great interest on the part of the public."

CALL MADE HERE FOR BASKETBALL; WILL DRILL SOON

Basketball practice, with the fundamentals of the game being stressed only at this time, was begun here this week with Coach E. L. Snodgrass.

A strong team is expected to be sent onto the court this coming season by Snodgrass. Players around whom he will build for a winner are William L. Harris, C. E. Burleson, Norman Fuson, Clarence Simpson, W. J. Taylor, Louis Clark, Lorette Owens and Bill Slaughter.

Harder practice sessions will be booked later, but indoors at Tahoka who courteously tendered Snodgrass the services of the court.

The far-reaching interest program on the part of the county farm leaders and those interested attending nearest their home, may become better acquainted with the provisions outlined in the handling of the 1939 meeting in O'Donnell will be at the grammar school building.

Poll Tax Change Is Recommended

A ruling that property taxes cannot be paid without payment of poll taxes at the same time was endorsed this week at a meeting of a special committee of the Texas Association of County Tax Assessors-Collectors, says the Austin Times.

The group voted to ask the Legislature at the next regular session to abolish the poll tax and substitute a \$1 registration fee as a voting requirement. In the past some counties have allowed property owners to pay their ad valorem taxes and let their poll taxes go. State officials held a short time ago, however, such a practice was illegal.

"Under existing laws," the committee said, "all assessors and collectors must comply with the instructions of the State comptroller now in effect. We know many technicalities will arise in administering the law and deem it necessary to submit to the attorney general certain questions for advice that will clarify, to some extent, the present situation. We hope to have the report on same in the hands of all assessors-collectors at an early date."

John Bourland of Fort Worth is president of the State association.

O'Donnell Lumberman Presented Award As Oldest Ex-Student Of Tahoka High

As a reward for being the oldest ex-student present, Thurman Wells, manager of the Higginbotham-Bartlett company here, was honored at the football game in Tahoka last Friday, and presented with a large cake.

"I am the oldest ex-student of Tahoka High school, not the oldest student," Wells made it a point to explain carefully to the PRESS reporter.

The local lumber yard manager also explained that he caused his teacher much chagrin one time when he scored a perfect hundred in an examination, and thereby outshone a pretty girl — known and 100 per cent perfect result!

WHAT IS A TORTE?

TORTE is a German word for cake. The plural is torten and it seems to include just about every kind of cake that's baked. At least we find all kinds of cakes called torten. However, if we are sticklers for the strictest meaning of the words we use, we'll be careful to call only a certain kind of cakes, "torten." For torten really are a special kind of cake. Here is the definition: "Torten are cakes without butter. They are made rich with nuts and light with eggs. Bread or cracker crumbs are used instead of flour. The nuts are chopped, rolled fine or ground and then mixed with the crumbs. The eggs are beaten separately. The yolks with the sugar and nuts, then the crumbs are added. The whites, of course, are folded in last. These "cakes" or torten are baked slowly."

Cakes made that way are the real bona fide torten. I'm telling you all this because I think it's interesting information to have in case a discussion ever comes up. But I always think of a torte as a kind of cake that's a complete dessert in itself. All the torten I'm going to tell you about are this kind. They are too rich to be served merely as an accompaniment to ice cream or fruit.

This first one—the Crumb Torte comes closest to being a torte in the strictest sense of the word. But it omits the spices.

Bread Crumb Torte

- 4 egg yolks
 - 1 cup sugar
 - 1 cup fine bread crumbs
 - 1/2 cup ground almonds
 - 1 tsp. baking powder
 - 1/2 tsp. almond flavoring
 - 4 egg whites
- Beat egg yolks till light and lemon colored. Add sugar gradually and beat till light. Mix bread crumbs, nuts and baking powder. Add to egg yolks mixture. Fold in flavoring and stiffly beaten egg whites. Pour into 2 well greased and floured 8-inch layer pans and bake 20 minutes in a moderate oven, 350° F. Serve with a lemon custard or nut custard.

Lemon Custard

- 2 eggs or 4 egg yolks
 - 2 to 4 tbsp. sugar
 - 1/2 tsp. salt
 - 1/2 tsp. lemon flavoring or 1 tsp. grated lemon rind
 - 2 cups scalded milk
- Beat the eggs and add the sugar, salt and flavoring (or lemon rind). Pour scalded milk over beaten egg mixture and place in double boiler over hot water. Stir constantly while cooking. The water in the boiler should be a little under the boiling point. As soon as the mixture stops frothing and lightly

coats a spoon, it is done and should be removed at once from the heat. If cooked too long it will curdle. Use soft custard as a sauce for a gelatin pudding. Bread Crumb Torte, or over fresh fruit garnished with whipped cream or meringue. This Macaroon Torte is characteristic of many of the desserts you'll find in Germany made with a cookie-dough-like foundation that is very different from our American pastry.

- 7 egg whites
- 2 cups sifted confectioners' sugar
- 3/4 lb. almonds (3 cups)
- Juice (1/4 cup) and grated rind of 1 lemon

Muerbe Teig
Line a torte (spring form) pan with muerbe teig and let chill while preparing this filling. Beat egg whites stiff, beat in confectioners' sugar and cook in double boiler five minutes, stirring constantly. Blanch, toast and grind almonds finely. Fold lemon and nuts into meringue. Spread the top of the dough with a tart jelly (currant is good) and fill with the meringue mixture. Bake 3/4 to 1 hour in a moderate oven, 350° F. Slice of Pan: 8-inch in diameter, 3 inches deep.

Muerbe Teig

- 4 tbsp. butter
 - 2 egg yolks
 - 1/2 tsp. salt
 - 1 1/2 cups all-purpose flour
 - 1 tsp. baking powder
 - 2 tbsp. lemon juice
 - 2 to 3 tbsp. cold water
- Cream the butter, add the egg yolks and beat well. Sift flour once before measuring. Sift flour, salt and baking powder together. Combine with creamed mixture, add lemon juice and enough cold water to make a stiff dough. Dough should be patted and pressed into pan with the hands.

If you have any specific cooking problems, send a letter requesting information to Betty Crocker in care of this newspaper. You will receive a prompt, personal reply. Please enclose 3 cent stamp to cover postage.

best guarantee we can have of world peace. So far a large number of treaties have been concluded, the most important one being that effected with Canada. And a new and potentially more important one still, is about concluded with Britain, and will go into effect, according to schedule, the first of next year. Under the terms of these treaties, the great bulk of the goods are consummated in cash—dollars, pounds, francs, lire, rubles, or whatever currencies are used in the nations involved.

When you do business with Germany, however, cash is the one thing you can't get. The Reich has next to no foreign credit. Therefore, at Hitler's bidding, Dr. Schacht of the Reichbank put into effect a curious and novel scheme. If you, for instance, are an American manufacturer of typewriters, and accept an order for ten thousand machines from Germany, all you get when they are delivered is a credit. You may use this credit within Germany to buy cameras, toys, liquor, or anything else that is produced in German territory, to the value of the typewriters you have sold. If you have a market for such German products, or if you can find a buyer for your credit, well and good. But otherwise you can't get real money.

Today Germany, as this column has pointed out before, is looking more and more to South America. Conquest of the Sudetenland has greatly increased German industrial production, and she must find markets. Furthermore, she is often able and willing to make far better deals than we can make in cash deals. In central Europe Germany has already taken a large part of the great market which once was largely monopolized by the English. She is threatening to do the same thing to us in the Western hemisphere.

What will come of this growing conflict—and make no mistake about its seriousness—cannot yet be forecast. Perhaps we will change our foreign policies somewhat in order to successfully meet German competition. And perhaps still more possible, is the chance that Hitler will take the initiative in resuming trade relations with

this country—the last trade agreement we had with Germany was canceled by Hitler in 1934 and we have done relatively little business with her since. As Business Week also says, there are three big reasons why Hitler might desire this: (1) Germany needs American buyers to absorb some of the products of the Sudeten; (2) Germany also needs us to absorb some of the produce of her own internal industries; (3) If the Anglo-U. S. trade agreement does go into effect, as seems almost certain, this will destroy a valuable export market for Germany, unless adjustments can be made.

Freshmen

The High School faculty and student body should be very proud of the Freshman class this year. We collected all of the wood for the bonfire Thursday and stayed to the end to see that it was put out. This week is supposed to be Initiation Week. The upperclassmen are not aiming to have any merriment on our part. So if any of you people happen to see any of us acting kinda crazy, don't

get alarmed—it is only initiation. We say the Sophomores are not upperclassmen.

Sophomores

The Sophomores did their part toward winning the football game Friday, Nov. 11, 1938. We had Himan Maxwell, J. W. Curtis and Tech McLaurin right in there. Say folks, did anyone hear Clifton Buchanan warbling about lately—well, that is just a sample of what you will hear when the Sophomores put on their program Wednesday week. We have a very good one-act play entitled "Crampney Sauce." The characters are: Pierrette, Joyce Hines, Harlequin, Booger Maxwell. We also have a few of our talented Sophomores perform.

Juniors

We are very glad to have a new pupil from O.K. to come into our Junior class. Her name is Doris Hester. The Pep Squad girls who are in the Junior class are really doing their part in preparing for the football banquet.

ACTIVITY NEWS

We are getting along fast in the preparation of our annual. The agent was here to make our pictures Monday and he will be back Wednesday week. The Pep Squad is very proud of the victory won by the football boys Friday.

Aggie Coach Picks All-Stars

(COLLEGE STATION, Nov. 16 (A&M))—Based on players he has seen in action this year, Coach Homer Norton of the Texas Aggies today selected for NEA Service his All-Southwest Football Team of 1938, placing five Texas Christian University players, three Aggies, two from Baylor and two from Southern Methodist University. The reason for selecting twelve men was that Norton was unable to decide between Big John Kimbrough of the Aggies and Connie Sparks of T.C.U. for the fullback post.

Norton's selections for the other backfield posts were Davy O'Brien, T.C.U.; Billy Patterson, Baylor, and his own Dick Todd of A. & M.

Center position went to Kl Aldrich of T.C.U. while G. Sanders of S.M.U. and Forrest Kline of T.C.U. received the nod for guard positions. Tackles selected were Jos Boyd of A. & M. and Captain

I. B. Hale of T.C.U., Billy Dewell of S.M.U. and Sam Boyd of Baylor were Norton's choice for the end posts.

The request for the selection of the All-Southwest team came to Norton from Harry Grayson, sports editor, News Enterprise Association, Cleveland.

Over 1,000 Texas Girls in Rural Areas Learning Thru NYA

AUSTIN, Nov. 16.—More than 1,000 Texas girls living in rural areas are learning how to be better homemakers through practical work experience offered on National Youth Administration Part-time Resident Projects.

Thirty-one projects of this type have been inaugurated in the

State during the last six months. J. C. Kellam, State NYA director, said, through the cooperation of local public agencies and the Homecoming Division of the State Department of Education.

Each project provides training opportunities for an average of thirty-five girls eligible for NYA Work Project employment, who rotate for two-week periods of residence in an NYA Cooperative House. They earn a wage sufficient to pay their share in operating the Cooperative House and for incidental expenses through work for part of each day as assistants in public offices, nursery schools, hospitals, libraries and sewing rooms.

Under the direction of a Housemother the girls learn the fundamentals of home management, housekeeping, cooking and the type of training offered designed to be of practical value to the average girl living in Texas town or rural communities. A girl is taught how to manage her own home more attractively within limited budget, how to prepare well-balanced family special occasion meals with household variety is limited, preserve foodstuffs, and improve her personal appearance.

During their leisure time plan various social entertainments for their own group and friends, take part in home club activities, attend lectured club care, first aid, land clearing, fire prevention, flower and various other training.

ROLLS FOR DISTINCTION

Everybody orders orange rolls who visits a certain tea room. You'll see a crystalline look of expectancy on the faces of the late arrivals when they are sometimes informed that there are no more orange rolls. If you've ever tasted these orange rolls you'll understand why. We about that look of expectancy. These orange rolls are uncommonly delicious. They are the shape of small cinnamon rolls—but instead of a cinnamon and sugar filling, you'll find that before winding them up, they have been spread a luscious refreshing golden orange filling. Really one feels one could make a meal on these delightful little orange rolls with nothing more than a cup of tea or coffee.

Here is how they are made. I'm going to give you the recipe for mouth sweet dough made of eggs, flour, and milk, added to the 1 1/2 dozen orange rolls. And these rolls will be larger than those I've described.

- Sweet Dough for Fancy Rolls and Coffee Cake**
 2 cakes compressed yeast
 2 cups milk (scalded and cooled to 80° F.)
 4 eggs
 2 tsp. salt

Crumble the yeast into a bowl. Add the lukewarm milk (80° F.). If the room and flour are cooler than 80° F., use milk a little warmer than 80° F. If the room and flour are warmer, as in summer, use milk cooler than 80° F. Add the sugar and salt and stir to dissolve completely. Add the well beaten eggs (for egg yolks and water). Sift the flour once before measuring. Spoon lightly into cup to measure. Add all the flour to the liquid at once, working it in thoroughly with the hands. Work in shortening. When the dough is smooth, knead gently in a bowl or on a lightly floured board until smooth and elastic. Round up and set to rise in a well greased bowl. Cover with a damp cloth. Keep dough at 80 to 85° F., until double in bulk (about 2 hours). (Dough should feel neither warm nor cool to the touch—just "in-between".) Place it out of drafts. If kitchen is cold, put dough in a closed cupboard with a pan of hot water beside it.) Punch down, and let rise again until almost double in bulk (about 45 minutes). Remove from bowl. Knead dough until smooth. Cover with a damp cloth, and let stand 15 minutes (to loosen up) before shaping into rolls and coffee cakes.

- Orange Rolls**
 1 cup sugar
 2 tsp. grated orange rind (2 oranges)

Make an Orange Filling by cooking sugar, orange rind, orange juice and pulp, and butter together for 3 to 4 minutes (until slightly thickened). Cool. Roll out Sweet Dough (about 3/4 inch thick) into a narrow oblong (about 9 by 18 inches). Spread with Orange Filling. Roll up tightly like a jelly roll, sealing edges firmly. Cut into slices about 1 inch wide. Place slices cut side down in lightly greased pan. Cover with damp cloth. Let rise until almost double in bulk (25 to 30 minutes). Bake 15 minutes or until rolls are set in a moderately hot oven, 405° F., then reduce to 375° F., quick moderate oven, to finish baking, about 20 minutes.

If you have any specific cooking problems, send a letter requesting information to Betty Crocker in care of this newspaper. You will receive a prompt, personal reply. Please enclose 3 cent stamp to cover postage.

GRANDMOTHER'S MINCEMEAT TARTS

Here's your next mad Mincemeat Tarts! Serve them when times are a variation from the usual wedges of mince pie. Here is how they are made:

- Pastry Dough**
 Roll out pastry as for pie, and cut in 5-inch squares. Place 2 generous tablespoons of mincemeat on each square. Moisten edges with cold water and bring together to form a triangle. Press the edges together with a fork first, dipped in flour. Then bake from 15 to 20 minutes in a hot oven, 405° F.

They are grand with a rich spicy fruity old-time mincemeat filling such as grandmother used to make. So here's the recipe for the very filling that went into those never-to-be-forgotten tarts of hers.

- Grandmother's Mincemeat**
 4 qt. chopped cooked beef (1 1/2 lbs. lean beef)
 2 tsp. salt
 2 cups chopped suet
 2 qt. chopped apples (1 peck firm tart apples)
 2 cups boiled cider
 1 pkg. seedless raisins
 1/2 pkg. currants

Cover the meat with boiling water and simmer slowly until tender (about 1 1/2 hrs.). Add 1 cup of the salt during the last hour of cooking. Cool thoroughly in the liquor, remove meat and chop it. Put the chopped meat and liquor in which it was cooked (about 1 qt.) into a large preserving kettle with a section meat underneath. Add the ground suet, chopped apples, boiled cider, raisins, currants, citron, lemon and orange peel, sugar and molasses and stir to mix thoroughly. Add the seedless raisins. Cook 4 hours so that the flavors are well blended. Remove from the fire when the apples become transparent. Add the remaining salt and spices, and mix thoroughly. Pour into sterilized glass jars, cover and keep in a cool place. This recipe will make 8 qts. of mincemeat.

Question: Is 1/2 cup shortening too much for pie crust?

Answer: If you are making pastry for just one pie it is too much.

Use 1/2 as much shortening as you do flour. Thus when you use 1 1/2 cups of flour for an average-sized two crust pie you will need 1/2 cup of shortening. Or if you are making just enough pastry for a one crust pie, you'll be using 1 cup of flour with 1/2 cup shortening.

If you have any specific cooking problems, send a letter requesting information to Betty Crocker in care of this newspaper. You will receive a prompt, personal reply. Please enclose 3 cent stamp to cover postage.

newspaper interview. Observers here pointed out the following salient facts about the plan:

1. The Legislature cannot pledge the State's credit or lend state funds without an authorization by the people through a constitutional amendment.

2. With an \$18,000,000 deficit in the general fund now, and a \$35,000,000 or more pension plan being urged, where would the capital come from to finance the loans?

3. If, as O'Daniel said, loans would only be made to "sound enterprises" with good prospects of success, wouldn't the banks take care of such loans, with investors everywhere seeking profitable outlets for surplus cash with which banks are filled?

4. O'Daniel proposes to charge 6 per cent interest, plus a bonus of one half the common stock, in such enterprises as might be financed by the State. Business men point out that the margin of industrial profit could not justify such an exorbitant financing charge, and point out that banks and other agencies will lend money to "sound enterprises" at a far lower rate now, without hesitation.

Speculation as to who will be the new member of the Highway Commission under O'Daniel still occupied Austin observers this week. Despite the apparently well-

farm surpluses to the nation's "underprivileged one-third" at cut prices. The government, of course, would subsidize the venture.

With the election coming up, this plan was allowed to remain dormant. But now that the voters have spoken their minds, it is apt to be revived and pushed.

In the meantime, the whole farm-aid program has bogged down, and is in a state of paralysis. And the average farmer, observers report, is growing increasingly dubious of the Department of Agriculture.

Betty Crocker MEALTIME MAGIC

prepared by Your Newspaper—Betty Crocker Home Service Department LADIES' DAY

THANKSGIVING is a day we women can claim for our very own. Fourth of July with its firecrackers, parades and military is certainly a masculine holiday. Just as Christmas is a day that belongs to the children. But Thanksgiving with its emphasis on the comfort and security of the home assured by a bountiful harvest is a day that means a great deal to all home women. I'm sure the grim-faced Pilgrim Fathers never thought of it as ladies' day. But just the same, I like to believe that a Pilgrim Mother was the first to suggest that celebration at Plymouth in 1621.

At any rate, we know that the women, headed by Sarah Josepha Hale, had a lot to do with getting President Abraham Lincoln to proclaim Thanksgiving as a national holiday. Up to that time, it had been a somewhat hit and miss affair, observed on different days in different states. But Sarah Josepha Hale, the lady editor of one of the first women's magazines, the famous Godey's Lady's Book, instituted a real crusade to have this fourth Thursday in November given a permanent place on our American calendar.

Of course, being women, we celebrate this day of ours by getting up the very grandest meal we can possibly manage for our families. It's a real labor of love. No mother is concerned with what she would like to eat. She thinks only of what father—or the boys, or her little girl would like. Her pleasure is in seeing that everyone has enough of his favorite dish—and in watching the whole family enjoy the dinner.

Perhaps that's one reason why innovations in food are frowned on when it comes to Thanksgiving dinner. The women prepare this meal especially to please their men—and men are the world's most conservative conservatives when it comes to food. If turkey was served at Plymouth in 1621, then a Thanksgiving without turkey is almost a sacrifice. Fortunately, habits of eating and food prices have forced us to curtail the traditional Thanksgiving feast. We do not insist on a serving of chicken pie after the turkey. And we're most of us content with one fruit pie for dessert instead of three or four different kinds of pie with Indian pudding, and perhaps a plum pudding, thrown in for good measure.

The whole point is, that a Thanksgiving dinner is not a matter of having something new and different in food—but of outdoing ourselves to make the old-time favorites look and taste uncommonly delicious. With all this in mind, we are offering the following:

SOCIETY--CLUBS

Wells Home Is Scene Of Delightful Bridge Party

One of the most delightful parties of the autumn season was given at the home of Mrs. E. T. Wells of North Small Street Wednesday, when tuesday Bridge Club members complimented members of the Ace-Hi club with a party of lovely appointments. A variety of colorful flowers formed the decorative motif in the spacious living room where the six tables were placed for contract.

Mrs. Floyd Thompson won high score prize and was presented a pair of white boudoir lamps. Mrs. Alvis Tredway won bingo and Mrs. Hervey Gardenhire lost; both were presented crystal salt and pepper shakers.

At the tea hour, the quartet tables were covered with Madria cloths and centered with small Mexican bud vases of scarlet verbenas. A delectable refreshment plate which held chicken a la king in rosette shells, cranberry salad, olives, wafers and coffee was served.

Music was given by Mrs. Newell Hughes and Mrs. Pauline Campbell.

Acc-Hi members were Mesdames Grant Winston, Floyd Thompson, Hervey von Gardenhire, Alvis Tredway, Edwin Sturges, Johnnie Billingsley, Aaron Blanton, Ralph Blanton, D. M. Conger, Homer Hardberger, J. T. Middleton Jr., and Miss Jim Ellen Wells. Tuesday Club members were Mesdames Charles Hoffman, Guy Bradley, Fred Henderson, Joe Whigham, Newell Hughes, E. T. Wells, Pauline Campbell, M. J. Whisset, L. E. Robinson, William G. Forgy, Harvey Jordan, Miss Thelma Palmer, and a guest, Mrs. G. B. Johnson.

Jr. G. A. Group Holds Regular Meeting

Members of the Junior G. A. group met with their counselor, Mrs. J. A. Lunford, at the Baptist Church Monday.

The study topic was taken from "Around the World in the Southland." Mrs. Lunford was leader. Attending were Clogene McRae, Jean Hodges, Ruth Marie Vandell, Sara Dean Archer, Pat Burns, Dorris Ballew, Dorothy Smith, Joyce Edwards, John Ellen and Ina Merie Beach, Peggy Sue Cum-

mins and Betty Joyce Smith. Next week the group will have a missionary lesson.

W. M. S. Has Week of Prayer Program

Members of the W.M.S. of the Methodist Church met for a covered dish luncheon at the church Monday in an all-day meeting.

Mrs. R. O. Stark was the leader for the program.

The offering which was taken was for the relief of the Chinese and a school in Louisiana.

Those attending were Mesdames J. P. Bowlin, R. O. Stark, J. W. Gates, M. R. Pike, Ben Moore, J. L. Schooler, B. M. Haynes and M. E. Pearce.

Next week a social will be given in the home of Mrs. R. O. Stark at 3 o'clock.

W. M. S. Holds Interesting Report

Meeting at the church Monday, members of the Baptist W. M. S. enjoyed a complete report of the W. M. S. meeting at the Baptist convention in Dallas last week. Mrs. John Earles capably brought this report to the members.

Mrs. Leonard Mires, president, presided, and gave the devotional.

Mrs. J. A. Lunford taught the lesson from their new study course book, "Building a Christian Home."

About twelve members were present.

A missionary program will be held next week.

Sunbeams Met At The Church Monday

Mrs. Lyle Pugh, counselor for the Sunbeam group, met with the Sunbeams Monday afternoon at Mark 4:14.

The study topic was "A Chinese Visit." Joyce Williams read Matt-18-38, and Charles McRae read Mark 4:14.

Julia Edwards read a story, "The Mite On The Shelf."

Those present were Bonnie Joe Brownlow, Jane Lunford, Julia Edwards, Patsy Edwards, Joyce Williams, Dolores Pugh, Peggy Beach, Etta Sue Garner, Carolyn Middleton, Donald Ray Mires, Charles E. McRay, Billy, Buster, Ceil McRay, Leonard Mires, Forrester Crowley, Iva Ruth Crowley, Geraldine Shepherd, and Jennie Q. Brunson.

Mrs. Marshall Whitsett In Tuesday Club Hostess

Mrs. Guy Bradley won high scores and Mrs. Newell Hughes and Mrs. Pauline Campbell won alarm prizes, Tuesday, when Mrs. Marshall Whitsett entertained club members and a guest at her home in Dawson Heights.

An autumn motif was used in bridge appointments.

Tempting refreshments were served following the usual games of contract.

Attending, other than the prize winners, were Mesdames L. E. Robinson, Fred Henderson, J. W. Wells, Charles Hoffman, William G. Forgy, Miss Thelma Palmer, and Mrs. Edwin Sturges, guest.

The club will meet with Mrs. Guy Bradley next week.

Mid-Way H. D. Meets With Mrs. Draper

The Mid-Way Home Demonstration Club met with their living room improvement demonstrator, Mrs. Howard Draper, Oct. 10.

Mrs. Draper has her improvements complete, except to remove panels from an outside door and place them with glass, use linoleum draperies, and ivory paint for the woodwork to have more light in her living room.

Mrs. Lilith Boyd, home demonstration agent of Lynn county, gave the demonstration of "Living Together in the Family."

If one wishes to give their best to their family, be courteous, and the children will be courteous.

Be considerate, and treat the children as persons, not as inferiors.

Have confidence in each other and let them know you have.

Environment plays as big a part in the kind of person we become as does heredity.

Members present were: Mesdames Weldon McClinic, Pete Curry, Curtis Driver, H. A. Rowe, Otis Curry, Sam H. Floyd, R. L. Littlepage, Alice Duncan, Rufus Shover, B. B. Floyd, and Howard Draper.

WE HAD THE PLEASURE OF WATCHING (and it was better we thought to just watch) how an operation, to a certain extent, is performed through the use of modern methods at the O'Donnell Hospital Tuesday.

Dr. Davis has what we would call a "machine," that should be the last thing in modern equipment if it isn't, and much of our old ideas regarding surgery passed quickly away. The machine has a name too long for us to spell, late alone pronouncing.

CRIBES of horror are being made throughout the U.S.A. over the inhuman treatment of minorities in Germany, as should be done, but we should remember that we (20th Century Americans) have our own forms of persecution and little is done to correct the evils thereof. Gossip—lies, insinuations, never-give-a-sucker-a-break! Worship of the almighty dollar as the judgment of a man's worth. Bigotry, intolerance, greed. Everlasting attempts by most of us to make the other fellow conform to our ideas in government, religion, morals. The Jews in Germany face a hard row in the months to come, but so do we unless we reaffirm our belief, coupled with action, in the ideas upon which this government was founded. If we'll read, observe and THINK, it won't take long for us to realize that the pinkish tinge (bordering on Red) is governing the actions of many officials, or would-be officials, today in an effort to secure votes, or hold the soft jobs they now occupy. We heard much about the Ten Commandments in the first primary, and many people reread those rules for the first time in many years. We need to reread, and study, the Constitution of the United States, with special thought given the Bill of Rights. And then again become Americans in thought and deed.

ONE REASON why we don't print many items concerning the cute things our daughter does is because we hear what other children have said, or done, and take it from other parents the actions of the latter named children are

no much cuter—and should therefore be printed.

SPEAKING OF CHILDREN, and our own 11-month old daughter in particular, we take pains to observe the actions of girls that range in age from one to four years—and thereby can see what we are in for in the time ahead. The first time to chew gum, to go to the show, to cut her finger, to want candy (and get it), etc., etc., etc. We anticipate the time when she'll want to help us run a newspaper, but in all likelihood, the young miss will prefer teaching school or studying art.

Rob Lane of Harmony didn't tell us about his new daughter, but waited for Mrs. Jesse Lane to inform the PRESS. But Rob was proud as heck. . . .

In Hospital Mr. Ray Harris is in Lubbock Sanitarium where he underwent his fourth operation Nov. 9th, this time losing his right foot. He had his left foot taken off three years ago. The doctor says he's doing well so far, and he is expected home with an anxious family Friday of this week.

Newly Weds At Home Mr. and Mrs. Douglas Ballew, who were recently married, are at home at the A. C. Lambert home on North Second Street.

Postmaster and Mrs. J. Mack Noble and sons spent Sunday with his parents at their home near Tazoka.

In Lamesa Mr. Edwin Sturges and Mrs. Grant Winston were in Lamesa Saturday.

Want To Conference The Rev. M. R. Pike left Wednesday for Memphis where he will attend the Methodist conference.

Will Go To Albuquerque Mrs. Marshall Whitsett, Mesdames Thelma Palmer and Yvonne Westmoreland will spend the week-end in Albuquerque in the W. M. Roster home.

Mrs. J. W. Miller is reported as being ill at her home on East Seventh Street.

Getting down to business, for the best egg production, we say use "Bryant's Mash." If you don't think so, just try it on our recommendation.

Don't Neglect Them! Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of all excess of toxic impurities. The act of living—life itself—constantly producing waste matter the kidneys must remove from the blood if you are to be entire. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide disease. One may suffer regular backache, getting up night, swelling, puffiness, and eye-lid tired, nervous, all these are early evidence of failing kidneys may be further evidence of delay as the recognized and proper treatment is a diuretic medicine to keep the body free of excess poisonous body waste. Doan's Pills are the only medicine that has been proven by scientific tests to be safe and effective in the early years of public approval. And Doan's Pills are sold at all drug stores.
