

Deeter May Move Here

Prospects look very bright that Dr. Rembro, a Tahoka physician, will move here to practice if he completes plans for the purchase of the former Dr. Johnson clinic building here just north of the bank. A final decision will be made in a day or two and it looks very favorable that we will again have a resident physician in Big O.

Don Mansell Heads Teachers Are Re-elected Scouts Here

Troop Meets Every Tuesday Nite

The troop committee of the O'Donnell Boy Scouts recently named Don Mansell, local businessman, as its Scout Master. Assistants are R. T. Rains, Leonard Mires, jr., and Donald Dingus. Homer Vaughn is a junior scout assistant.

Some 15 boys are currently enrolled in the troop. Registration fee is 50c and dues will probably be 15c a week. Uniforms cost about \$12 and money must be earned by the scouts.

The troop meets each Tuesday nite at 7:30 at the Legion hall. Any youth ages 11 thru 17 may join with his father's or guardian's approval and the parent's pledge to co-operate. M. L. Kenley, a local businessman, is a well known State Scout official.

(By way of local interest Mr. Mansell took his scout training under our beloved James Crumley, and Don says he wants to give to other boys what he so much enjoys as a youth. Mr. Rains had his training under Naymon Everett.)

Under the reorganization the American Legion is sponsor of the troop and working very closely with Mr. Mansell is the troop committee headed by Elvin Moore, one of the finest scout masters in history of town. Others on the committee are Ralph Beach, a farmer, Weldon Skinner, school superintendent, John Billingsley, a businessman, and Silas Russ, a farmer.

Mr. Mansell said he plans a very busy year for his boys to include work on badges, simple military order, camp-outs, nature study, fishing and recreational hikes and swimming instruction as well as first aid and possibly the care and use of guns. Our West Texas boys are the best in the nation and Scouting makes them BETTER.

Let's help Mr. Mansell to help us

At a regular meeting of the School Board of the O'Donnell School System, a number of teachers were given two year teaching contracts including:

L. E. O'Hare, High School Principal.
Bruce Spencer, Jr. High Principal.
Mrs. Paul Gooch, Elementary Principal.
Clyde Blair, coach
James Reed, Voc. Ogr. Teacher
Other teachers given one year contracts included:
Wayne Brock, Wyman Richey, Grade School; Mrs. Dewbre, Mrs. Hallmark, Mrs. Herman, Mrs. Louise Line, Mrs. Hightower, Mrs. Hardberger, Mrs. Hardberger, Mrs. Tredway, Mrs. Brock, Mrs. Alta Line, Miss Townsley, Junior High; Mrs. Doss, Mrs. Vermillion, Mr. Dingus, Mr. Harris and Mrs. Singleton.
High School: Mrs. Bolch, Mrs. Cathy, Miss Miller, Mr. Hallmark and Mr. Morton.

It looks now that the school could lose one teacher unless a special effort is made to keep the average daily attendance up.

Three teachers: Blair, Richey and Dingus, may face draft into the Armed Services at the end of the school year as the draft boards have deferred them until June 1st.

HASH ATTENDS AUSTIN WATER MEETING

Mayor L. H. Hash attended and represented O'Donnell before the State Water Conservation Commission in Austin Saturday. The State granted the Canadian River Authority final water rights to the Canadian river in Texas. Mr. Hash said that the next step in building the dam would probably be the engineering work. Earth work on the dam may begin as early as this fall and water should be here in 4 to 5 years.

TO DENVER

Mr. and Mrs. Calvin Fritz and son left for their new home in Denver, Colo. Mr. Fritz will work at the air field there. The Fritz family is a good example of why O'Donnell is the best town in Texas. We wish them the best — to Calvin, Eva and Don.

Billy James, who is in the Air Force stationed at Wichita Falls visited his parents over the week end.

Mrs. Whatley of Denver City visited with their parents Mr and Mrs. James Friday.

Mr and Mrs. Neely Jennings visited in Lubbock Sunday. Their grandson, Mike Graves, returned with them for a visit. Also visiting is their daughter, S. Sgt. and Mrs. John P. Cook of Port Hueneme, Calif.

FARM BUREAU TO HAVE TALENT SHOW AT LAMESA

The Dawson County Farm Bureau is sponsoring a youth talent show to be held in the Junior High School auditorium in Lamesa on Thursday April 19th. This event is limited to any member of a Dawson County Farm Bureau family ages 3 to 19.

First prize will be \$15 and the second prize is \$10. If anyone would like to enter please call or write the Farm Bureau office in Lamesa and give your name and address and receive further information concerning the show. Information may be obtained from Mrs. Ralph Gary, phone Atn 2327, O'Donnell area should be well represented at the show.

More Candidates Enter Trustee Race Here

Lynn Birdwell And Dave McMillan Entered

Lynn Birdwell, a farmer in the Joe Bailey Community, has filed a petition to be on the trustee ballot and a petition is out now to place the name of Dave McMillan, currently a trustee, on the ballot. Previously filed for the election are Paul Mansell, a merchant, and Hart Anderson, Julian Pirtle and B. B. Vestal, all farmers. There is a total of 6 candidates seeking the three trusteeships. Deadline for filing is 5 p. m. Friday. The election is Saturday, April 7th.

It is a healthy condition for the school system that so many well qualified candidates seek to serve their school.

Band To Give Talent Show

The O'Donnell Eagle Band will sponsor a talent show April 6th in the High School Auditorium. Money will go for new band uniforms. Anyone wishing to enter may fill out an entry blank at the school. Deadline for entering the contest is March 30th. Admission to the show will be 50c and 25c. There will be three divisions (adult, Junior-Senior High, and Grade School) with the prizes \$3 for 1st and \$2 for 2nd in each division.

The band parents will meet at 7:30 April 3rd in the Band hall. They are to discuss the band banquet to be held April 16th.

The band will hold a bake sale in Mansell's Gro. April 7th. The band is trying to earn \$1,000 for a down payment on new band uniforms. They still need \$500. They hope to have the new uniforms by September. The present uniforms are 7 years old.

The choir of the First Baptist Church will present a special Easter cantata Sunday. All of this week at that church a revival is being conducted by Rev. F. E. Swanner.

Services will be at 10:30 a. m. and at 7:30 nitely. Dr. Swanner is the district missions secretary of District 9 of the Baptist General Convention of Texas.

FLIES AND DYSENTERY ARE CLOSELY LINKED

Fly densities in Texas will reach their peak within six weeks, state health authorities cautioned this week.

Temperature and moisture will be ideal for fly growth and propagation by May and coinciding with the increase in the number of flies will be a marked rise in the number of cases of dysentery diseases, State Health Commissioner Henry A. Holle predicted.

Last year in Laredo, sanitarians were able to accurately chart on a graph a rise in dysentery diseases side by side with a rise in fly densities. They found that by starting intense fly-killing campaigns at the right time, knocking as shown on the graph a parallel drop occurred in the incidence of dysentery diseases.

Dr. Holle said that there is an object lesson in Laredo's experience for the rest of the state. Right now is the most important time of the year to begin really a serious fly control program.

More than 1100 deaths were attributed to dysentery diseases last year. Most of the victims were babies.

Included among the major fly-borne diseases are tuberculosis, typhoid fever, bacillary dysentery, infant diarrhea and the eggs of tapeworms and round worms.

School To Have 4 Days For Easter

The O'Donnell Schools will observe Friday thru Monday for the annual Easter vacation. If you plan a trip — start early, drive within the legal speed limits and start home early. It is far safer to limit travel to daylight hours. Remember that highway traffic is far more deadly than a shooting war.

John G. Hutton, district manager of the Lubbock, Texas social security office has some news of importance for people who have

worked at least five years under social security and who, because of a disability, have not been able to work for six months or more, according to an announcement he

made today. "The Social Security Act now permits us to keep the benefit rights intact of a person who is disabled before age 65 and who is unable to work because of his disability," Mr. Hutton explained. "To qualify for this so-called 'dis-

ability freeze,' a person must have worked under social security for at least five years out of the ten years before he became disabled and one and a half years out of the three years before he became disabled. The disability must have existed for more than six months

**Work Hair Beauty
Into Your Routine**

When your hat comes off, and
your hair is turned loose to bask
in the warm, bright sunlight, it's
important that your tresses be in
top-notch condition for their
spring-time debut.

You say you have no time for
hair glamour routine at a time
when you're busy with a dozen
housekeeping items like painting
the closet, washing curtains and
airing bedding. You can accom-
plish hair beauty while doing these
other things if you use a system!

While you shampoo your locks
or manicure your nails, think over
the week's menus or shopping list.
Then while you do your other
chores, a self-neutralizing home
permanent can be processing.

Match Lotion to Hair

Select a self-neutralizing perma-
nent which will give you a type
of lotion to match your particular
hair. There's a very gentle one
for the easy-to-wave hair, or the
color-treated or naturally curly
hair. There's a super one for
tresses which are resistant to
waving and a regular lotion for
normal hair.

On the day you plan to achieve
hair beauty, set the alarm clock
a little earlier for yourself so you
can have a head start on the
family. Include a shampoo with
your shower or plan to wash the
hair in basin or sink.

Starting the Wave

Now, lay out the supply of pin
curlers, hair net and contents of
your kit. Read the directions thor-
oughly. Next, block off the hair
in the regular home permanent
wave blocking pattern.

While the hair is still damp,
start rolling the curls. Saturate
each strand with waving lotion,
slip on end papers and curlers.
Once wound, you can forget about
the hair for 30 minutes and get
breakfast for the family.

Half an hour later finds you
rinsing the curls briefly with clear
water and towel blotting to out-
law dripping. Slip a scarf on the
head until your husband leaves,
substitute a hair net to hold
in place.

And, of course, you get Ford's exclusive Life-
guard Design. Among all cars in the low-price
field, only Ford gives you this extra protection.
Doesn't your family deserve this extra safety in
the event of an accident?

More real economy, real stand-up

So whether you judge a car on performance...
or safety... or styling, it's easy to see that your
best buy is a Ford V-8. And as an added benefit,
you get the economical upkeep and built-in
value that are part of the Ford tradition. So...
come in today, won't you? Slide behind the
wheel of this 225-h.p. Ford that set 30 world
performance records! Take it out on the road

... and let it whisk you from "whoa" to GO as
you've never gone before! When you return
you'll understand why Ford is the V-8 with the
world's biggest following.

S. S. Facts Are Given

John G. Hutton, district manager of the Lubbock, Texas social security office has some news of importance for people who have

worked at least five years under social security and who, because of a disability, have not been able to work for six months or more, according to an announcement he

made today. "The Social Security Act now permits us to keep the benefit rights intact of a person who is disabled before age 65 and who is unable to work because of his disability," Mr. Hutton explained. "To qualify for this so-called 'dis-

ability freeze,' a person must have worked under social security for at least five years out of the ten years before he became disabled and one and a half years out of the three years before he became disabled. The disability must have existed for more than six months

**Work Hair Beauty
Into Your Routine**

When your hat comes off, and
your hair is turned loose to bask
in the warm, bright sunlight, it's
important that your tresses be in
top-notch condition for their
Spring-time debut.

You say you have no time for
hair glamour routine at a time
when you're busy with a dozen
housekeeping items like painting
the closet, washing curtains and
siring bedding. You can accom-
plish hair beauty while doing these
other things if you use a system!

While you shampoo your locks
or manicure your nails, think over
the week's menus or shopping list.
Then while you do your other
chores, a self-neutralizing home
permanent can be processing.

Match Lotion to Hair

Select a self-neutralizing perma-
nent which will give you a type
of lotion to match your particular
hair. There's a very gentle one
for the easy-to-wave hair, or the
color-treated or naturally curly
hair. There's a super one for
tresses which are resistant to
waving and a regular lotion for
normal hair.

On the day you plan to achieve
hair beauty, set the alarm clock
a little earlier for yourself so you
can have a head start on the
family. Include a shampoo with
your shower or plan to wash the
hair in basin or sink.

Starting the Wave

Now, lay out the supply of pin
curlers, hair net and contents of
your kit. Read the directions thor-
oughly. Next, block off the hair
in the regular home permanent
wave blocking pattern.

While the hair is still damp,
start rolling the curls. Saturate
each strand with waving lotion,
slip on end papers and curlers.
Once wound, you can forget about
the hair for 30 minutes and get
breakfast for the family.

Half an hour later finds you
rinsing the curls briefly with clear
water and towel blotting to out-
law dripping. Slip a scarf on the
head until your husband leaves,
substitute a hair net to hold
in place.

**Try the V-8 that smashed
30 world records
in one day!**

Discover what happened at
the thrilling Kingman, Arizona
performance run! Try this Ford yourself... for
pick-up... for passing... for hill-leveling!
You'll love what you experience!

Photographed at world's most modern test track—Ford's new desert proving grounds at Kingman, Arizona

It's the 225-h.p. Thunderbird Special you can have now in Ford!

At 6 p.m. on Saturday, February 25, a '56
Ford set out to re-write the record book for
performance at the new Ford Proving Grounds
in Kingman, Arizona. Just a little over one hour
later, this 225-h.p. Ford had done it. It had set
30 new world marks—ranging from short runs
to 100-mile performance! To you this record-
breaking performance promises the most ex-
citing response ever delivered for so little
money. Hills you've long known will disappear.
Stop lights will be fast fading memories within
instants after your foot nudges the throttle to
GO. And when it comes to passing, you'll pass
in a wink with plenty of "whoosh" in reserve
... you'll know you're safer. You'll get this
power from the world's largest-selling V-8, the
world's most experienced V-8, the world's most
thrilling V-8.

Thunderbird looks, too
But you get more than record-breaking per-
formance when you drive a Ford V-8. You get

the long, low look of the Thunderbird.
It's the kind of sleek, streamlined styling for
which Ford is famous.

**Let Lifeguard Design Start
