Haymes Is Named Conference Delegate

B. M. Haymes was elected one of the thirteen delegates to the annual Conference of the Methodist Episcopal Church, South, North West Texas as Conference at Levelland last week. The conference is to meet in Abilene in November. Thirteen delegates and their alternates were named last week.

Corn-Hog Program To Save Farmers Till Exports Improve

The limitation of American imports of lard into Germany to 40 per cent of the average imports of 1931-33, recently imposed by that nation, will reduce lard exports to Germany to 65,000,000 pounds this year compared to 126,000,000 lbs. in 1933, according to the Agricultural Adjustment Administration. This is another reason that the Corn-Hog program is needed until international trade picks up again they say.

ATTENDS MEETING OF GOODYEAR DEALERS

Mr. John Stokes represented the Highway Garage, local Goodyear tire agency at a meeting of the South Plains Dealers held at the Hilton Hotel Friday. F. D. Winings of Oklahoma City, manager of the Goodyear Rubber Company, was the principal speaker. At noon luncheon was served to about sixty delegates.

City Council Explains Water Situation

For several years the question of water rates in O'Donnell has been discussed with much interest, and recently an active campaign was being planned to petition the city council for special rates for the summer. This week, C. H. Doak, one of the aldermen and long interested in the building up of the town, explained the situation faced by the council. Mr. Doak says in part:

"In the beginning, permit me to say that every member of the city council is just as anxious and just as interested as any other citizen, in having O'Donnell an attractive and pleasant place in which to live. We fully appreciate just as much as any of you the fact that lawns, trees, shrubs, and flowers will add to this attractiveness. Most of us, in fact all of us, are home and property owners, and like any other home owner who is worth his salt, we want our places to be well cared for and pleasant to look at."

"But — there are certain very well defined reasons why O'Donnell has so far been unable to have a special water rate for the summer months as has been possible in certain neighboring cities. For instance, Brownfield can afford a wonderful rate, because Brownfield has one well strong enough to supply an unlimited amount of water for the town. On the other hand, O'Donnell has TEN wells and the ten are not strong enough to supply sufficient water for household use and for the lawns."

"In addition to the fact that the water supply prohibits free watering of lawns, consider the expense now being faced by the council. Water mains have been laid from each well to the reservoir, as compared with the one main at the city of Brownfield; Ten pumps must be kept working as compared with the one at Brownfield; and the initial expense of drilling the TEN wells was considerable greater than that of drilling the one Brownfield well. "Unless something can be done, O'Donnell may in the near future face water crisis, for the ten wells will not be able to supply what we need for household use. It is plainly evident, therefore, that the present water supply could not be used as freely as necessary for lawns and shrubs."

"As was said at first, nothing could afford the council more pleasure than to be able to make a special summer rate, and tell every resident to use as much water as he chose for his lawn and flowers, but for the time being the reasons above enumerated effectually prevent this."

Tahoka Man Asks For Tax Office

Edgar W. Edwards of Tahoka is this week announcing that he is a candidate for the office of tax assessor and collector for Lynn county, and has authorized us to place his name in our political column. Mr. Edwards is a son of Mr. and Mrs. J. H. Edwards and was born and reared in Tahoka. He is a graduate of the Tahoka High School and a former student of both Tech and the University of Texas. For the past two years has operated the Conoco station at Tahoka.

Mr. Edwards has many friends in this territory, and he is highly esteemed in his home town. The Lynn County News, with which he was associated during his high school days, said of him recently: "Thoroughly reliable and dependable, honest and industrious, Edgar is one of the finest young men in Tahoka. He has no bad habits we have ever heard of. His educational qualifications are ample and he would make a most capable administrator of the office which he seeks. He says he wants the office because it would give him a good start in life, which is a most laudable ambition. He will continue to appreciate the favorable consideration of every voter in the county, and hopes to see most of you before the election."

Mr. Edwards is the fifth candidate who has announced for this office, and if anyone thinks as much of him as his former employer, he will be an important factor in the Primary in July.

16th Annual C. of C. Convention At San Angelo, 14-16

San Angelo, April 24.—A colorful exhibit portraying West Texas as the "New Material Capital of the World" will be on display at the sixteenth Annual convention of the West Texas Chamber of Commerce in San Angelo, May 14 to 16.

The exhibit, it appears, shown on exhibit at the Century of Progress Chicago last year by the regional Chamber, will form the center portion of the exhibit and a backwall will tell the story of the resources of West Texas to support the slogan of the regional chamber that West Texas is the Raw Materials Capital of the world.

The relief map is thirteen feet square, and was built by students of West Texas Technological College for the West Texas Chamber of Commerce last year. The town having affiliated with the organization, all roads, highways, streams, and topographical features. It has been declared to be correct in detail. In colors the various counties are shown. One color shows small grain production, another cotton, another oil, another gas, another wool, etc.

The individual towns of West Texas will be present with exhibits with attractive posters made by the students of respective high schools in preparation for the exhibit at San Angelo, a poster exhibit content was launched in each of the 250 said schools in West Texas. Each was furnished the rules and regulations and an entry blank and asked to conduct a local contest to select the best poster at the county contest, and entering them in the exhibit at San Angelo. The posters will tell the story of some resource or resource of the town. The town having the best poster at San Angelo will be given a silver loving cup trophy.

Fifteen cities have already entered the contest, and notified the county headquarters that they are conducting local tests and will enter posters at San Angelo. They are Anton, Amarillo, Big Spring, Dumas, El Dorado, Fort Worth, Hamilton, Higgins, Marble Falls, San Angelo, Seagraves, Vernon, and Wichita Falls so far.

New School Board Elects Officers Here This Week

Van Miller Injured As Horse Falls

Van Miller, 12, son of Mr. and Mrs. C. A. Miller, was painfully and seriously injured Saturday night when the horse he was riding fell on him, inflicting deep gashes about the face and throat. A wire gate, usually left lying on the ground, had been fastened late in the evening, and the horse going at a fast gait, struck it with such force that he fell. His rider was pinned under him, and as the horse struggled to rise, his hoof struck at least one and probably two or more blows in the lad's face.

Two teeth were knocked out, a deep gash cut in the chin, and another on the throat, while the teeth on the other side were chipped and broken. Another tooth was so loosened that it was necessary to extract it. A colored boy, a hand on the Miller farm, was riding along behind the horse, and found him before the horse could cause further injuries. The boy was brought to the residence of a local physician for treatment, and is apparently doing as well as could be expected.

Attend Royal Arch Chapter at Midland

Messrs. John Stokes, D. J. Bolech, T. J. Yandell, and Naymon Evered attended a meeting of the Royal Arch Chapter, and Council degrees program at Midland Monday evening. Several state officers were present for the occasion, which was most interesting and worthwhile.

Brewer Child Home From Hospital

Little Miss Annette Brewer, daughter of Mr. and Mrs. Tom Brewer, was brought home Sunday from a Lubbock hospital where she had undergone an operation for appendicitis. Her tonsils were also removed Friday of last week. She was able to come in to town for examination Tuesday morning, and is doing nicely.

Mrs. Ed Caudle Undergoes Operation

Mrs. Ed Caudle, prominent lady in the OK community is in the Lubbock hospital recovering from a major operation which she underwent Tuesday of last week. A cancer on her breast was removed. Last reports from the hospital were that she was doing very well. Her many friends sincerely trust that she will soon be home again, fully recovered.

Revival Meeting Date Set at M. E. Church

Rev. G. W. Montgomery, pastor of the church, and the board of stewards of the local Methodist church, announce this week that the annual revival meeting will begin on July 29, to continue probably through two weeks.

Senior Class Play To Be Presented Tonight

Index readers are urged not to forget that the Senior Class play, "Mother's Moment" is to be presented tonight, (Thursday) at the high school auditorium. Date for the play was moved up from last week as a courtesy to the fire boys and their tent show, and the seniors and their sponsor are particularly anxious that there be no confusion this week.

Mrs. Grice Recovering From Operation

Mrs. A. T. Grice, who recently underwent major surgery at a Lamesa hospital, is able to be up now, and is doing unusually well. Mrs. Grice is the wife of a local garage and filling station operator having come when Mr. Grice bought

Election of Faculty Is Begun; To Finish Next Week

T. J. Yandell, elected to the school board in the special election last Friday, was chosen president of the board at its first meeting Tuesday evening. W. E. Singleton was re-elected treasurer, Mr. Ed James re-elected book custodian, and superintendent E. E. Gilbreath was re-elected secretary of the board.

After attending to matters of routine business, the board went immediately into election of teachers for the coming year. Grade school teachers were unanimously re-elected, and, if they agreed, will be as follows: Primary, Mrs. Fay Westmoreland; second grade, Miss Christine Milburn; third grade, Mrs. John Vermillion; fourth grade, Miss Jessie Garity; fifth grade, Miss Louise Anderson; sixth grade, Mrs. E. E. Gilbreath; seventh grade, Mrs. Paul Gooch. Mrs. Gooch was elected several weeks ago to continue as principal of the grammar school.

Superintendent Gilbreath and Coach Johnson were also re-elected several weeks ago, and at Tuesday evening's meeting, Miss Morene Huff and Mr. Harrison were re-elected. Completion of election of the high school faculty will be done it was thought, next week.

Candidates Invited To Be Here Friday Night

All the candidates for office in Lynn, Dawson and Borden Counties are invited to attend the pie supper and candidates speaking which is to be held at the high school auditorium here Friday evening.

The affair is being sponsored by the local home demonstration Club, and proceeds will be used to pay the expenses of a delegate to the Short Course to be held at A & M in July. A campaign for this purpose is urged to come and bring a pie to be auctioned off at the supper, and all the candidates are asked to brush up their best speeches and be prepared to make talks of their political careers.

Start Drive For Aid of Cripples

Hon Tom Garrard of Tahoka has been appointed county chairman of Lynn county for the raising of funds to help crippled children in Texas. A campaign for this purpose is now being carried on by the Texas society for Crippled Children, with Senator Margie Neal as state director. The Texas Society is working in conjunction with the International society whose headquarters are at Elyria, Ohio.

It is asserted that there are now 20,000 crippled children in Texas, and infantile paralysis is said to be the cause of a majority of the cases. The Texas legislature recently appropriated \$10,000 for carrying on the fight to restore these children to normal life. This amount is far too small for the work to be done, it is said and the Texas Society is undertaking to raise an additional \$25,000 by the sale of white cross seals.

These seals are sold for a penny a piece and the people of Lynn and other counties are asked to buy these seals liberally and thus help a good cause. Twenty per cent of the proceeds go to the International Society the remaining 80 per cent goes to the Texas Society and will be used to help the crippled children in Texas. Adequate funds are raised, the crippled and deformed limbs of thousands of Texas children can be straightened and the children restored to normal life. Mr. Garrard is hoping that in this noble enterprise the people of Lynn county will respond most liberally.

New Variety Store To Open Saturday

The new variety store, which will be operated by Misses Chas. and business Saturday, it was announced by date. Naturally, all the stock has not yet arrived, but practically all merchandise advertised in the big city. Adequate funds are raised, the crippled and deformed limbs of thousands of Texas children can be straightened and the children restored to normal life. Mr. Garrard is hoping that in this noble enterprise the people of Lynn county will respond most liberally.

**KNOW THE TRUTH ABOUT MOTOR OILS—**  
**Conoco dares to give you the facts!**

Here are no idle claims—But PROOF!

COMPARE this positive proof of superiority with all the exaggerated claims you hear about motor oils—now the facts can be told. We arranged with the Contest Board, American Automobile Association, to test five widely-known and advertised motor oils along with New and Improved Conoco Germ Processed Motor Oil in a daring "Destruction Test."

These six oils, a single fill of 5 quarts, with no more oil added, in six brand new strictly stock cars, were driven until the motor in each car was destroyed from lack of lubrication. The first oil failed with motor destroyed at 1,713.2 miles—others failed in rapid succession. The best of the competing oils ran a total of 3,318.8 miles... while New and Improved Conoco Germ Processed Motor Oil lubricated its motor for a total of 4,729 miles!... more than 3,000 miles farther than the first oil to fail... and more than 1,400 miles farther than the second best oil. Thanks to Conoco's Hidden Quart protection, this amazing victory stands unchallenged!

This is evidence... these are facts... that should open a new era of results and economy for your motor. Drive into a Conoco Station or dealer—fill with this New and Improved Conoco Germ Processed Motor Oil. There's no longer any guess about what oil is best for your car!

**Warning TO NEW CAR OWNERS**

Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and Improved Conoco Germ Processed Motor Oil has been exhaustively tested on these new bearings. The results show that it gives them greater protection against damage than many straight mineral oils now on the market.

Protect your new car by using the motor oil you can be sure of.

Bible study, led by Mrs. J. W. McDonald each second Monday afternoon.  
Services last Sunday were well attended. Our work is growing in interest and in attendance as well. The Pastor brought a message on "The Stewardship of Possessions." Some of the points emphasized were "It is not a question of whether we will be Stewards, but rather, will we be good stewards. All stewards are possessors and all possessors are stewards. Between individuals, man owns; be-

tween God and man, God owns and man possesses. Make your offering according to your income, or your income might be made according to your offering.

We had an attendance of more than a hundred at Sunday school last Sunday, so we have set our mark next Sunday for 125. The lesson subject for next Sunday will be "Greatness Through Self Denying Service." Scripture, Matt. 20:17-28. Opening exercises will be led by the intermediates, closing exercises by the young peoples department. The feature will be a short talk on "The Right Ambition," by Mrs. J. W. McDonald.

Mrs. Boss Johnson returned Friday from Pampa where she has visited her son, Dr. Robert Johnson and family.

**Editorial INITIATIVE**

The World bestows its big prizes, both in money and honors, for but one thing. That is INITIATIVE. What is Initiative? It is doing the right thing without being told. But next to doing the right thing without being told, is to do it when you are told once. That is to say, carry a message to Garcia. Those who can carry a message get high honors, but their pay is not always in proportion.

Next, there are those who are told twice; such get no honors and small pay. Next, there are those who do the right thing only when necessity kicks them from behind, and these get indifference instead of honors, and a pittance for pay. This kind spends most of its time polishing a bench with a hard luck story. Then, still lower down in the scale than this, we have the fellow who will not do the right thing even when some one goes along to show him how and stays to see that he does it; he is always out of a job and receives the contempt he deserves. To which class do you belong? Remember: Folks who never do any more than they are paid for, never get paid for any more than they do.

**Library Club Meets**

By Maxine High  
Monday morning, April 23, the reading club of the Berry Flat school met in weekly session and many interesting reports were given. Jim Clemens won honors for giving the best report and received a book entitled "Cowboy Stories." Second honors went to Inez Farmer and George Tyler who tied.

The Sergeant at Arms reported some disorder during the program and fitting penalties were assessed that furnished amusement for a time. The club work has slackened up a great deal the past week due to a lack of reading material but this will be remedied as soon as possible. Much good can be seen as a result of this work and we hope to keep it alive and growing.

**Agriculture Report**

By Vernon Calicote  
The sand table crop of the agriculture class has been plowed under following the crop reduction program. A fine crop of wheat, corn and maize was the result of the first experiment. The land is to be prepared for flowers next and we are sure to have a good crop as we make our own weather. A contest is now on to see which member of the class can produce the most attractive bed of flowers.

**Sports on Parade**

By Clarence Simpson  
Baseball is in the air around our school and much interest is being shown by the student. Every recess and noon finds a hotly contested game in progress between two chosen teams. Last Friday afternoon a game was played that required fifteen innings to decide the winner. The score ended 24-23. Games are wanted with other teams over the country. Our team is composed of both teachers and pupils as we do not have enough pupils to make a complete team.
