Candidate for
Public Weigher

We now stand on the threshold of a New Year—a year of promises and possibilities. What are we going to do with it?

This is a question that each of us must answer for himself. We can waste it, we can spend it in baseless ambition, or we can turn over a new leaf, travel the recognized road of success, and make 1924 bring us nearer to the goal of our ambitions.

You want 1924 to be Your Best Year?

Let Us Help You.

FIRST STATE BANK
ODONNELL, TEXAS
One Reason for Nervous Disorders

YOUR doctor can tell you that nervous disorders are very common among Americans. One reason for this is found in the fact that they are great coffee drinkers.

Coffee contains caffeine, a drug, proscribed by doctors as an emergency stimulant for the heart and nervous system. It has a tendency to increase blood pressure, develop heart irregularities and cause digestive disturbances.

If you feel that coffee is not good for you, serve Postum as your mealtime drink.

Try a cup of Postum with your dinner or supper tonight. Postum is sold everywhere.
The Red Lock
A Tale of the Flatwoods
By Don J. Anderson

CHAPTER XII

The girl stood on the threshold of the red door, torn between the longing to stay and the need to leave. Her heart was ached with the pain of departure, but she knew that it was time to move on.

She turned to look back at the house, at the memories that she had left behind. The wind was howling outside, the leaves were rustling and the snow was falling, but she knew that she had to go. She took a deep breath and stepped forward, the door creaking behind her as it shut.

As she walked down the path, she couldn't help but look back one more time. The house was far behind her, but the memories of the past were still fresh in her mind. She knew that she would never forget the time she had spent there, but she also knew that it was time to move on.

The world was waiting for her, full of new experiences and new adventures. She was ready for whatever lay ahead, ready to take on the challenges that came her way. She turned to face the future, ready to take on whatever the world had to offer.

LOCAL ITEMS

W. McCarthy, Mayor of O'Donnell, arrived Monday to check over the work being done at Newmoore.

Dr. J. F. Campbell has returned from his visit to Blackwell and announces that he will engage in the practice of medicine in O'Donnell. Dr. Campbell will erect an office and later build a residence and move his family here from Oregon.

D. J. Beih, who recently arrived from Spur, is working on improving the hotel section he purchased through Frost & Bailey. Mr. Beih is a fine farmer and will make his place one of the show places of the neighborhood.

Clifton Wills, who has been working his farm as an apprentice at the Baptist farm, has been transferred to Dallas. He will take his family there.

C. J. Beach is, in the last few years, has been in the service of the Southern Pacific station, has been transferred to Dallas. He has been a good man in any place he has been assigned to.

L. E. McCallorn is now the owner of the J. B. Farm. He is a good man and has a good reputation. He has purchased land near Newmoore and will build a residence.

E. H. Cantwell of Roseoe, arrived with an emigrant car Friday. He has purchased land near Newmoore and immediately moved to his new holdings and will begin farming operations.

H. W. Calaway of Tahoka, was a visitor Saturday. Mr. Calaway is a friend of the new residents.

School Enrollment Continues to Climb
Superintendent Fletcher states that the attendance to the school is increasing rapidly. This week's attendance totaled 450 pupils. The scholastic population has more than doubled since the opening of the school and it is taxing the present school building to its limit to house the students.

Wind Careens
The new Baptist church was slightly careened on its foundation by the high winds of Sunday, but by bracing, the building was saved from any particular damage. A number of other houses were pushed out place, including the walls of the home being erected by W. J. Shook.

Improvements at Highway Garage
The Highway Garage has erected a windmill over the wall in the rear of the building, a large tank and is now laying a line to supply water to the town.

To Our FARMER FRIEND
Let us make this year a Rock Island and Avery IMPLEMENT YEB
Where crops are grown, the Rock and Avery farming tools are favored. Single and Double-Disc Planters, Listers, Cultivators, etc.

In fact, everything the farmer needs on the farm is in and let us talk over farming implements with you to explain why you can make no mistake in buying our points. O. D. MANSELL BROS Hardware Co.
Why You May Need—

There are three main groups of expatriates living in Mexico:

1. The so-called 'Old School', who have been here for many years and have professional contacts and networks.
2. The 'New School', who are recent arrivals and are building new professional networks.
3. The 'Politics School', who are involved in political activities and have political connections.

To find work, the 'New School' must establish new professional networks and build relationships with local businesses. The 'Politics School' must be aware of the risks associated with political activities and be prepared to handle any potential consequences.

Market Poultry Direct

Ask, "How much does it cost to start a poultry farm?" and you get a variety of answers. The costs can vary widely depending on the size of the farm and the type of birds raised. For example, a small-scale farm raising chickens for meat might cost around $5,000, while a large-scale farm raising turkeys for meat could cost over $100,000.

Just So

Children who are enrolled in the proper school will have a brighter future. It is important to ensure that your child is in a school that offers a quality education and provides a safe and supportive environment.

Market Poultry Direct

When you're thinking about starting a poultry farm, there are several factors to consider. First, you'll need to determine the type of poultry you want to raise and the size of your farm. Next, you'll need to determine the costs associated with starting a farm, such as equipment, feed, and labor. Finally, you'll need to consider the potential market for your products and how you will market your farm.
DEATH TAKES WOODROW WILSON, OUTSTANDING FIGURE OF THE AGE

Remarkable Career of the Man Who, After Gaining Fame as an Educator and Author, Became President, and During the Great War Was the Most Powerful Individual in the World—Originator of the League of Nations.

Woodrow Wilson, twenty-eighth president of the United States of America, was the sole president of the World war, the most powerful man of all time. His photographs will be the ones that will be found in all the history books. He is the only one that will be remembered. His work is the work that will be remembered.

His death was brought to the front of world events, and he will be the hero in the last chapter of the many volumes that will be written. His place, as history will record it, can only be conjectured. His place, as history will record it, can only be conjectured.

The second phase, the league of nations before the peace of the World war, the most momentous events growing out of America, was the most prominent figure of the events growing out of America.
