Girl Scouts Meet Oct. 9

The South Plains Developing Com mittee is making progress in work leading to the chartering of the new council in January. The committee feels that neighborhoods should be organized as soon ossible in order to give some help to troops this fall.

A special meeting will be held in O'Donnell Tuesday, Oct. 9th at 9:30 a.m. in the Fellowship Hall of the First Methodist Church. Miss Vir-ginia Burgess, member of the Nat-ional Field Staff, and who has been here before, will be at this meeting. At this October meeting, plans will be interpreted for the new council and the neighborhood organization will be explained. A film strip will be shown. Another pur-

ose of this meeting will be to elect a neighborhood chairman. This is a special invitation to all Girl Scout and Brownie leaders, assistant leaders, troop committee medbers, sponsors and all other interested adults in O'Donnell, both woren and men, to attend this meeting.

100 Happy Years

S. E. Jordan of here last Friday this formula for a long life - don't overeat and drink a glass of hot water early each morning and another just before bedtime.

He looks about 70 and is very spry. At the reception given Friday he visited with a large number of friends and well-wishers. He can read newspaper headlines without aid of his glasses and studies his Sunday School lesson each week and is a member of the extension class of the First Baptist Church.

His wife, the former Alice Rogers whom he wed in Navarro County, still cooks hot biscuits for her husband. They moved to Dawson Co. in 1915 and farmed until 1935 when Mr. Jordan retired and moved into town. He recalls the closing period of the Civil war. He still plays a fast game of dominoes. Un-til five years ago when he broke his leg, he enjoyed a daily walk to town and the post office. He can still walk around his home but does not walk to town.

Sunday all of his family gathered at the home. He has two living daughters, Mrs. S. L. Schooler of here and Mrs. Bill Griffin of San Diego, Calif, as well as 24 grandchildren and 37 grandchildren. Three sons

are deceased.
All of this area extends hearty congratulations on 100 fine

the Eagles, 21 to 12 in a game marked by fumbles, penalties and long runs. The costly fumble was recovered by halfback Richard Brooks only moments after Tahoka had lost the half on a prother fumble. had lost the ball on another fumble on the Eagle's 6 yard line. F. B. Don Renfro took the ball over for the TD in the first quarter. Jim Harter ran over the extra point,

In the second quarter, Tahoka marched 55 yds, before QB Karl Prohl threw a TD pass to Harter who made the 19 yards for a tally.

On the first play after return kickoff Eagle's Mack Forbes tossed to Benny Richbourg on a 55 yard TD play. Repeating in the opening of the second half, O'Donnell scored on the first play after kickoff. Leo Bairrington went around right end for 50 yards on the play, Moments later another long run by Bairrington for a TD was called back for what officals ruled was hacking by

an Eagle player. In the 4th quarter a 91 yard Bull dog drive racked up another Tah-oka TD and sewed up the game. Renfro ran the extra point.

All of the Eagles turned in a nice game. Looking especially bright were Richbroug, Forbes, Bairrington Jerald Barton, and Ken White, All fans agree that the Eagles future looks brighter than in many years and will continue to improve by time of district play.

Harvest Near High Gear

A roundup of the f've local gins as of 5 p. m. Monday showed a total of 2165 bales of cotton being ginned in the harvest now well in progress. Saturday was the first good business day of the harvest according to reports of business firms.

The harvest is estimated as one fourth complete and with open weather continuing, October should see the crop nearly gathered except for the cotton to be machine harvest ed. The grain crop is expected to be one of the shortest in history.

Several thousand additional harvest hands are needed in this area.

The first home game of the season will be here Friday nite at Johnson's Field when the ball will go into play at 8 o'clock.

The game is expected to be as much of a thriller as that with Tahoka the week before. Post is considered to have a slightly stronger team than Tahoka. However, it would be only a mild upset if the high-flying Eagles took Post to the cleaners. The Eagles profited greatly in the Tahoka game and many of early season bugs will be missing by Friday nite.

Certainly team spirit is very high and the boys genuinely like their coaches. YEA, EAGLES dig that Post - and how!!

Thursday nite there will another bon fire just south of the Legion hall and a pep rally to begin at 8 p. m. to "fire" the Eagle team to a victory over Post the next nite. The colorful activities are sponsored by the "O" Club.

Last Friday nite local officers co-operated with fans in leading a car-avan of spirited boosters to the game at Tahoka. Members of the Club took part in the pep rally held at the school in the afternoon before the game that nite. The club hopes to show movies of Tahoka - Eagle game at their meeting of Oct. 2nd. Currently there are about 70 mem-bers in the group led by Jimmy

At Tuesday nite's meeting, Sept. 25th a movie of the O'Donnell and Cooper game was shown to a large

THE PROBLEM OF EVIL

Why do men do evil? Some attempt to solve the pl ing, "The sin of Adam corrupted human nature and made possible for men to do good." There are several reasons we solution is unacceptable: First, God cannot be just if he hole responsible for them. responsible for their evil acts when it is impossible for the otherwise. Second, If men are born "totally de why are some men more depraved than others, and why des apostle Paul say, "Evil men and imposters shall wax worse worse." (2 Tim. 3:13). If men are born "totally" depraved, cannot become worse. Third, It was this, so-called, corrupted nature that caused Adam to sin in the first place. God told and Eve not to eat of the street that was in the midst of the gar and Eve not to eat of the itree that was in the midst of the grand that disobedience would result in death. The serpent Ye shall not surely die, for God doth know that in the day it eat thereof ye shall become as gods knowing good and eril. It and Eve knew that it was wrong to disobey God, and the obedience would result in death: nevertheless, they did the obedience would result in death; nevertheless, they ding of the serpent. This should prove beyond the strength out that the tendency to sin was present in the wour, as some would have us believe, was corrupted by Adam. Men sin, not because it is impossible for them wise, but because the pleasures of sin are more af for the moment than the promises of God. Most sins are but misuses of God-given desires

Most sins are but misuses of God-given desires—desires are not wrong in themselves, but which become wrong when isfied contrary to the will of God. Men must learn to control to desires and to satisfy them in accordance with the will of God. This is not always easy, and it is more difficult for some than others, but by doing this men will have a happier life in this men and in the world to come, eternal bliss.

MR. FARMER -

Let us store your 1956 COTTON and keep it at home as long as you have any equity in it. We HAVE THE FACILITIES TO DO THIS.

When you send your cotton to us, it furnishes some O'Donnell and area citizens work, and he spends his wages here. We are sure your ginner will deliver your cotton to any compress you request.

So, why not help home industry by keeping your cotton at home. Such helps all of us by building a bigger payroll in O'Donnell --- instead of building a payroll in an out of area town.

Ford tandem axle BIG JOBS are rated to carry more payload than comparable tandems of any of the leading manufacturers. T-800 model has max. GVW of 45,000 lb.-GCW is 65,000 lb.

Ford's F-100 Custom panel is one of the top load carriers in its class. It provides 155.8 cu. ft. of cargo space in a smooth, fully lined interior and hauls up to 1,535 lb. of payload.

The hardest-working, biggest-saving "two-tonner" of them all is the Ford F-600. Only Ford offers a Short Stroke Six and three Short Stroke V-8's in this field. Max. GVW is 19,500 lb.

FOR BIG JOBS ... SMALL JOBS ... ALL JOBS

u muchs cos

Ford's F-100 pickup with 8-ft. box is the biggest in the half-ton field—up to 19 cu. ft. more loadspace than the others. Regular 6½-ft. box with a full 45 cu. ft. capacity also available.

Before you buy your next truck, look at both sides of Ford's story of value. Check what you get and what it costs. You'll like what you see.

Look at the costs. Ford's first cost is low. Resale value is high. Modern Short Stroke engines-V-8 or Six-are designed for less friction, less wear, lower running costs. Maintenance costs are lower, too, because Ford trucks are built stronger for rugged long life. And a 10-million truck study proves Ford trucks last longer.

Look at what you get and you'll see you get more in a Ford. For example, more horsepower per dollar-proved by a comparison of factory-suggested list prices and net horsepower of all truck lines. You get more comfort with a Driverized Cab, and more safety with Ford's exclusive Lifeguard features.

Look carefully . . . consider everything. You'll agree Ford trucks cost less, give you more. If you want a great deal-a great deal more for your money-see your Ford Dealer.
