Dr. Nelson Of Stanton Moves Here

Effective Oct. 1st Dr. Ernest J. Nelson took over the former J. E. Johnson clinic. Dr. Nelson, until moving here, was a surgeon and medical director of the Stanton hospital. He graduated from the University of Texas Medical College at Galveston and interned at the Santa Rosa hospital and at the Baptist hospital at San Antonio. His home town is Pecos where he also has practiced. He was in the Service.

He has a wife, and a two year old daughter, Mary. They are living in the Smith Apts. across from the Clinic. Mrs. Everett remains as business manager and Mrs. Land as nurse.

Dr. Nelson is a Lion and a Rotarian. He is very likeable and his reputation for surgery is promising as reported from Stanton. The community welcomes this new family into their fellowship.

IMPORTANT MEETING OF CEMETERY ASSOCIATION IS SET FOR THURSDAY

There will be a meeting of the Cemetery Association at the Methodist church Thursday night at 7:30 p.m. for the purpose of electing officers and making plans for the annual Thanksgiving dinner. All who are interested in keeping our cemetery in good condition are urged to come.

HOMEMAKERS GIVE NICE PROGRAM TUESDAY

Mrs. C F Thompson week end guests were Mr and Mrs Doc Thompson and family of Canyon. Mr and Mrs Guy Thompson and family of Crosbyton.

Future Home Makers had a meeting Tuesday Oct 4 at 3 p.m. at the Rex Theatre. Guests included 53 F H A members of the Tahoka Chapter, mothers of the girls and other resident guests. Entertainment was furnished by out of town guest artists. The group said: "Red roses to Mr. Gardenhire for the use of the Rex Theatre for the meeting."

Elaine Hohn, president of the local F H A chapter and Miss Stok es attended the area council meeting in Jayton Saturday.

The F H A met Tuesday Sept 13 in the cottage. Five officers were elected. Secretary, Peggy Etter; parliamentarian, Anna Lois Rains; reporter, Nancy Franklin; historian, Frances Revis and song leader, Syble Turner, president, Elaine Hohn, vice president, Nadene Roberts, treasurer, Pat Eter.

The Year Book committee consists of chairman, Nadene Roberts; Daphne Telchik, Mary Sue Franklin, Norma Nelms, Bertha Cook, Ima Baggett.

The project committee; chairman Syble Turner, Joyce, Joan Mahurin, Anna Laura Nelms, Pat Simpson. The History committee consists of chairman, Frances Reves, Dorothy Locke, Carlene Eaker, Wynell Smners.

Local F H A members are looking forward to a trip to the State Fair in Dallas. The bus will leave on Friday Oct. 14th immediately after classes.

Have you noticed the wonderful smells coming from the Cottage? It is those Homemakers' girls preparing breakfast.

(More School news on page 3)

SNOOPER:

A pert little red head whose initials are N R was seen the other nite or day (Which was it?) I don't know; do you?

Helen Jones and Earl Bates have been seen together quite a bit lately (aint love grand?)

Ye Old Eagle "just happened" to be snooping around in Lamesa one Sunday afternoon and saw Little Sue Franklin with one of those tall dark, and handsome Davis boys. If your reporter wasn't mistaken Jimmie Dean and Derrell Brownlow were together at the ball game the other nite.

Guess Who ??

1. He's tall, dark and handsome sophomore and he has a certain little Junior girl going around in circle.

2. She's a cute little sophomore who has eyes only for M J Dorman

3. He's that popular senior that is always trying to make someone laugh; and he usually does.

4. A cute little red head who is often seen with a guy whose initials are J H.

5. That popular little freshman gal who always has a smile and a grin for everyone.

6. This time no classification will be given; he's a boy and all the girls are crazy to go with him.

Answers: 1. Leroy Gass; 2. Shirley Gloghorn; 3. Edward Gray; 4. Nadine Roberts; 5. Jimmie Dean Fultz; 6. Chilli Harper

Whose ring is Loneta Hobbs wearing? Could it be Dick Mills; It seems that Freda Snell has developed a terrific crush on a guy named James Vaughn (Good luck, Freda!)

Just look who the Snooper saw giving each other those "I'm in Heaven Looks" the other nite! It was none other than Martha Parker and Clinton Hobbs.

Maxine Stokes has been having goose pimples over Phil Bairrington.

Say, girls, what's the matter with O. H. S. boys ??

FOR SALE: Serval refrigerator cheap; lineolium 9 x 12 rug, almost new, gas 3 burner hot plate, see Index

LAWLER - FOWLER WEDDING RITES READ

Saturday, Sept. 29th at 8 p.m. at the Munger Place Baptist church in Dallas. Mary Frances Fowler became the bride of John S. Lawler of Lamesa. Rev. Earl Anderson read the double ring ceremony in the presence of a few friends and relatives. The attendants were Miss Euelyn Reynolds of Dallas, room-mate of Mrs. Lawler and John Kirtley of Ft. Worth, brother in law of Mr. Lawler. The bride wore a teal blue dress with brown accessories.

Mr and Mrs Lawler both attended school in O'Donnell. Mr. Lawler served 5 years with the Armed forces and Mrs. Lawler has been employed in a Dallas bank the past 5 years. She is the daughter of Mrs. John Spears of this town and he is the son of Mr and Mrs C O Lowler of Lamesa. The couple will be at home in Lamesa. Our Congratulations.

NEW JAIL IS BEING BUILT

According to Judge Bill Brown, work will start this week on two lots across the street north of the phone office on a jail and county office building. It will cost an estimated \$1500. Lots were purchased from C H Look. It is expected the construction will be completed in two weeks. Commissioner John Anderson will be in immediate charge of arrangements. The building will be situated on the exterior and plastered on the interior. Cells of 8 to 10 men capacity will be built in the rear and every effort will be made to build the structure fire safe. In the front half of the building Judge Brown and Deputy Bairrington will have their offices.

About one half of the County's fines comes out of O'Donnell and area, it has been estimated.

COTTON HARVEST HAS NOT YET HIT PEAK

In a quick roundup of the seven cotton gins here Tuesday morning indications were that 1250 bales of 1949 cotton have been ginned to date. One ginner said that the peak runs to date have been at nite. Cotton is still growing and maturing with the full ginning peak not expected for two weeks, depending upon the weather. Harvest hands are moving in normally but November may see an acute shortage of labor. Dawson county has a very very good crop and Lynn county almost as good. Borden County's crop is good with the exception of a few dry areas around Mesquite.

The local Compress reported 1500 bales cleared thru their ware house which includes cotton from community gins. A total of 2050 bales of community ginned cotton is not far off.

MESQUITE STEP OUTS NEAR CRITICAL STAGES

A step out from the discovery for Ellenburger production in the new Mesquite oil field has developed its first free oil on a drillstem test in the top of the horizon to which it was projected. Sinclair Oil and Gas Co. no 1 Reynolds recovered 20 feet of 31.5 gravity oil on a test at 9,839 feet. It is 1 and 1-4 miles west of the near 2 hours and there was a light blow of air at the surface. The well is drilling ahead in lime and chert past 9,950 feet and toward the discovery zone found in No. 1 Williams.

Recovery on a drillstem test at Sinclair no. 1 Ross Pratt, one mile west and a quarter south of the discovery was the water blanket with no shows. The test was at 9,872 ft. and is now drilling past 10,000 ft. Another offset to the no. 1 Williams Sinclair no. 1 Bryan was boring in lime at 9,835 feet. The other offset Sinclair no. 1 Turner one location to the east of the discovery was continuing to make hole past 9,850 feet.

SCHOOL TO LET BUILDING CONTRACT SOON

Mondaynite the School Board of the O'Donnell Consolidated District met with representatives of contractors interested in bidding on the repair of the fire damaged high school building. The contractors will meet back with the Board in the near future and contracts will be let. Estimates made at the recent meeting were \$23,000 and \$24,000. The insurance companies made a final adjustment on the fire loss of the building of \$21,371.23 and \$4,160.70 on the contents. School Secretary Tom Yandell said School officials expressed their belief that they received a very satisfactory adjustment.

Rebuilding will start almost immediately upon letting the contract and will be pushed thru to speedy conclusion. Homer Handcock, a board member said Monday.

NEGRO WOMAN BATTERED

A negro woman was severely beaten around the head in an uprising Saturday nite in the Flats. She is in a Tahoka hospital suffering from her wounds but has not made a statement. Judge Brown said a negro man was held for investigation but was released as he was not involved. Over the week end two drunks of which one was a white man, were judged. Deputy Bairrington and Judge Brown are preparing for a busy season consisting the unusually big fall now in prospect.

Bro. W K Horn, former pastor here, visited friends here Saturday

FIRST BAPTIST TO BUILD NEW CHURCH AUDITORIUM

Sunday at the morning service the congregation of the First Baptist church voted to consider and plan the building of a new auditorium for the church. If built, the structure will be joined to the east of the present building. Contacting firms will be contacted and a cost schedule drawn up. A committee composed of Burl Koeninger, James Crumley, Mrs. P A Mansell, C H Mansell and Jesse Gillespie were appointed to draw up information on this project and report back.

The present church will be remodeled and used as an educational building. The parsonage will be moved across the street west.

No estimates on the new auditorium have been made but it likely will run from \$75,000 up. After finding what the actual cost will be the church plans to raise among its members the first one third before work is started and the second one third before completion. The remaining one third will likely be secured in a loan.

The First Baptist Church has been growing rapidly in the past 10 years, officials said, with a total membership of 475. The Sunday school averages an attendance of 214 for the past month. Rev. John H Johns is the capable pastor having assumed his duties last summer.

The Country Editor

The ed.'s missus and Sidney are leaving for Dime Box Thursday nite just to show you Doubting Thomases that there is such an outlandish town. The way you go is via John Santa Fe south to Caldwell and thence for 18 miles you are on your own thru the famed and beautiful Swamp Foot Country with Spanish moss hitting the male in the face every step. Ellie will stay thru hawke killing; Dime Box is raising the ed. a community hawke 'cause he's their favorite son -- namely the only one in D. B. H.'s history to graduate wearing shoes. The hawke will be salted and seasoned with beer-drippings and should go good with collards and corn bread.

So much for D. B. The Index has felt a need for more community participation among the readers of this great Religious Weekly so we are starting a contest to replace this column thru the fall.

Accordingly we will award a prize of a \$25 Savings Bond to the winner who finishes in 50 additional words "IN MY OPINION O'DONNELL CAN BE IMPROVED BY . . ." or you may use this option: "I LIKE O'DONNELL BECAUSE . . ."

You must permit your name to be signed. No letters will be returned. You need not be a subscriber. You can be a resident of any locality; you need not be a subscriber.

Type on all letters published will be saved and the entire batch run on a solid page early in December.

There will be a coupon on the page and YOU will vote and pick the one winner.

We hope you enjoy this feature and above all USE it. Keep your letters crisp, clean, and avoid injury to anyone-- in fact it would be well to remember the Golden Rule when writing. Under no condition will libelous letters be accepted.

EAGLES TO MEET POST HERE FRIDAY

Friday nite the O'Donnell Eagles will tangle with the Post team here at 8 p.m. in what promises to be a thriller. This will be the Eagles first District 4 game and reports are that the Eagles are determined to not only score but to win the contest.

To date the Post team defeated Seagraves 19 to 6 and tied Ralls 13 all. Among Post's star players are Storie, all state guard and Kirkpatrick, a nifty back. In four games played to date the Eagles have lost all games falling even to score. This is over, the boys say, and they are going Antelope hunting come Friday nite; and not with B-B guns either.

Last Friday Meadow topped the Eagles at Meadow 20 to 0 which wasn't bad except Meadow is a Class B Team.

ROPING SET FOR EACH WEDNESDAY NITE

The O'Donnell Roping Club will rope each Wednesday nite at the rodeo grounds starting at about 7:30. Members, their guests and prospective members and the public are invited. John Ellis said this week. Remember: every Wednesday nite nite.

Proceeds from the recent Lions Roundup totaled nearly \$400 and this money is in the Underprivileged Children fund of the Lions Club. This event will likely become an annual affair. The show was highly enjoyable.

O. E. S. To Hold Friendship Meet

The Easton Star will hold their annual Friendship meeting Monday nite Oct. 10th. Several visiting chapters will be represented and will fill stations in the Chapter. All members are urged to be present at 7:30.

LEGION MEET THURSDAY

According to J C Harris, there will be a regular meeting of the American Legion Thursday nite Oct. 6th. All members and prospective members are urged to be present. Mr. Harris stressed the fact that as many as possibly can, should attend.

Mr and Mrs. Leon Mitchell of Lamesahave moved here and are employed by the Trinity Complex here. He is a first base man on the Lobo baseball team.

Mr and Mrs. Cleo Wright of Tyler and Mr and Mrs Jack Morgan visited their aunt and uncle, Mr and Mrs Roy D. Smith Sunday.

BROWN TEETH WARNING

Councilman Earles said analysis of the new water supply show ed a higher fluorine content than previous water used. This chemical causes mottled teeth in children from 2 to 8 years and then has no effect. In fact outside of mottling this element is beneficial lessening decay of teeth.

1946 Study Club Meets

With Mrs. Ballew

The 1946 Study Club met in the home of Mrs. Ruth Marie Ballew, president. Mrs. Ballew called the meeting to order. She introduced the guest speaker, Mrs. Lenore Tunnell of Lamesa who gave a very interesting talk on the Analysis of Short Stories. Mrs. Jessie Clayton conducted the program with an interesting review of The Sinking of the Titanic. The program was enjoyed by all.

All of the members have received their Year Books and are very pleased with the refreshments were served. The following are the members: Mrs. Lenore Tunnell, Mrs. Madames Dona Autry, Mrs. Birdwell, Dorothy Bowlin, Mrs. Katherine Crumley, Mrs. Bess Hardburger, Mrs. Hodnett, Mildred Jordan, Mrs. Middleton, Frances Schus, Mrs. Chris Shoemaker, Marguerite Spraberry, Annette Sumrow, Mrs. Vaughn, Mrs. Jeter, Mrs. Hatfield and the hostess.

Miss Ruthye Davis Weds

Mr. Tankersley

Mr and Mrs. I M Davis announce the marriage of their daughter Ruthye Lee to Kenneth Tankersley, son of Mr and Mrs Roy Tankersley of Lamesa on October 1st at 8 o'clock at the Roberts chapel with Rev. Aslin, the officiant. The bride wore a gray gabardine with green accessories. She carried a bouquet of gardenias and she was given in marriage by her father. The bridesmaid was the groom's sister, Miss Lanell Tankersley. The best man was the groom's brother, Mr. Tankersley. After a wedding reception at home at Lamesa where Mr and Mrs. Tankersley were both employed, Ruthye is a graduate of the O'Donnell High School and Kenneth is a graduate of the Lamesa high school. A reception was held at the home of Mr and Mrs. Deen Davis with members of their immediate families present.

Mr and Mrs. James Crumley celebrated their daughter, Jerene's 9th birthday and Friday with a wicker party and the show.

Mrs. Noel Singleton of Artesia, N.M. visited Mrs. H J Land Sunday and was visited by Mrs. Wanda Land and son of Los Angeles, Calif.

Mr and Mrs J D Erwer and boys of Hobbs, Mr and Mrs Cecil Sweat of Lovington, Mr and Mrs Ceell West, Jr of Loop and Ernest Thorns of Lubbock were the Sunday visitors of Mrs. Martha Brewer.

Little Miss Sue Forbes celebrated her birthday Monday at the home of her parents, Mr and Mrs T Forbes.

Mr and Mrs Nelson Mahurin and family visited relatives in Slaton Sunday.

Mr and Mrs C H Mansell had as their guests for the week end his wife and family, Mr and Mrs Wade Mansell of Ballinger and today they visited in Plainview and Lubbock.

LOST: Many lost a Blessing by not being present at the services today at the Calvary Baptist Church. The pastor, Calvin C. Harris, urges you to be present Wednesday night for prayer service for all the services next Sunday.

Geno Jones, a student of the Dallas Institute of Mortuary Science, spent the week end with home folks.

Erry Boothe visited in Colorado last week.

Miss Nadine Fannon of Oakland, Calif., is visiting with her parents, Mr and Mrs Clyde Fannon.

Mr and Mrs C W Foote and children of Perryton, and Mrs. C Foote Sr of Plainview and Mr and Mrs J W Taylor of Lubbock spent the week end with Mr and Mrs J W Gates.

Just Received . . .

One car load of pipe; we can now sell you all the pipe that you want at cheaper prices.

We have just unloaded four big truck loads of lumber and have some cars moving that will be in within a day or so. We will soon have our stock of lumber so that we can meet all your needs.

We will have a shipment of one-half inch sheetrock in a day or two; most of these items will be in before you receive your paper.

WEEKLY NEWS ANALYSIS

Red Delegate Urges U.N. Accord; World Awaits Pound Cut Effects; Walkouts Plague Major Industry

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

RUSSIA:

A 'Sweet' Note

The Russian theme in international accord was growing a little sweeter, if Andrei Y. Vishinsky, Soviet foreign minister could be taken at his word.

WEARING a broad smile, Vishinsky had urged United Nations members to cooperate. The gesture was made by the chief delegate as he arrived in New York by plane to attend the fourth United Nations general assembly sessions.

Dismissing the usual brusque "no comment" for reporters, Vishinsky was almost voluble. "The Soviet delegation," he said, "is fully confident that the United Nations is—as the head of the Soviet government, Stalin, said—a serious instrument for the maintenance of peace and international security."

Then he added: "There can be no doubt that the general assembly would be able to solve the important problems before it providing the nations of the U.N. show a sincere desire to cooperate with each other and in accordance with the principles of the U.N. charter."

Other delegates, advised of this and remembering the almost innumerable Russian "vetoes" in matters where cooperation might have been most valuable, decided to await development at assembly sessions to see just how far the Russian affable manner would go.

DEVALUATION:

Wait and See

To say that reaction to Britain's devaluation of the pound sterling was mixed, would be an understatement. Instead, reaction ranged from hope to fear, from confusion to jubilation "I told you so's" from all those who had held that devaluation was the only answer to Britain's current economic crisis.

AND that was the chief rub—was the solution one that would solve just the current situation, or was it the entire answer? The bulk of the thinking on that angle was that it was not the long-range panacea, with most observers preferring to "wait and see" before committing themselves to any analysis of the devaluation effect.

Meanwhile Canada had joined the parade of English-connected nations devaluing the pound.

THE DEVALUATION move was a two-edged sword in the British dollar crisis, for just as it might result in increased buying of British goods by Americans because of lowered costs, it would mean, too, that the English would have to pay more for the items they bought at home. The pound value was cut from \$5.03 to \$3.07, an action which alarmed most importers.

While expressing fear the move would cost them a great deal of money, most traders said they "didn't know a thing" yet and couldn't speculate until they had some word from British manufacturers.

SOME DEALERS and importers declared they would take a beating on the reduced values of their inventory of British goods already bought and paid for at \$4.03 to the pound.

Fire Hazards

Of course one can live in a fire-trap—but the question is: How long?

The National Fire Protection association, calling attention to Fire Prevention Week, October 9-15, poses this question and points out that 11,000 people lost their lives in fires last year. More than twice

Dry roof is vulnerable. that number were seriously injured. One-third of that number, the association reported, lived on farms.

Reporting that a few structural hazards account for at least half of all farm fires, the NFPA urged farmers to take steps now to eliminate such hazards. These steps were listed as: checking of wiring systems; wetting down of inflammable roofs in dry weather; inspecting heating plants and chimneys; and protection of main buildings with lightning rods.

MARSHALL PLAN FUNDS

Money Helps Fight Disease in Europe

Critics of the Marshall plan could find little fault with one phase of it, at least. For the record showed that through this means the United States was throwing the full weight of modern medical science into Europe's battle against war-spawned disease and malnutrition. This was disclosed by ECA officials in Paris.

Through the Marshall plan,

New Justice

Judge Sherman Minton, of U.S. circuit court at Chicago, was named by President Truman to succeed the late supreme court Justice Wiley E. Rutledge.

WALKOUTS:

Cars, Coal, Steel

American industry, fighting to regain pre-war stability, was facing parlous times. John L. Lewis' coal miners had left the pits. The United Automobile Workers union had handed the Ford Motor company what amounted to a strike notice, and now the steel industry was next.

WITH these basic U.S. industries all down, production suspended, millions of workers out of jobs, the national industrial and economic picture appeared dim indeed.

President Truman was coming in for some blame in the steel industry dispute, with critics charging he had "fumbled the ball" in efforts to prevent a strike.

Four days before the deadline for start of the strike, federal conciliator Cyrus Ching had reported no progress in negotiations. Neither side would budge on the key point in negotiations.

The union contended that since it had agreed to forego its demands for a pay raise, the steelmakers should accept the presidential fact-finding board's recommendations for a company-financed welfare fund. While this seemed to satisfy steelworkers, it didn't please the UAW.

ON the other hand, the steel industry was buying newspaper space to claim that it was agreed at the outset that the presidential board's findings would not be binding on either party, and that if a strike resulted, the union would have to assume the responsibility.

Steel leaders took the position, too, that the workers should contribute to the pension-insurance plan costing 10 cents an hour for each man.

BOMBERS:

Gives Reds Pause

The declaration came from a man whose qualifications entitle him to the rating of expert—Gen. Henry H. Arnold, wartime chief of U.S. air forces. The statement, made in a book, "Global Missions," was that it isn't armies or navies that Russia fears, but only far-reaching bomber strength.

"Let's put it this way," the general wrote, "Russia has no fear of an army, she thinks hers is just as good and bigger than any other in the world; she has no fear of a navy since she can't see how it could be employed against her; but she does fear our long-range strategic air force which she cannot as yet match, or as yet understand. In the strategic air force, coupled with our atomic bomb, at this writing we hold the balance of power in the world."

"But," he warned, "by tomorrow the picture may change."

Arnold minced no words in the dim view he takes of the Russians. "The Russians," he says, "would have none of the American proposal that the American air force be allowed to build B-29 bases in Siberia to attack Japan." Similarly, he recalled that agreement for bases in Russian territory to be used for shuttle-bombing of Germany, was ended after a short time by Moscow.

The air force, in the current squabble over armed-service prestige as a result of the unification bill, could take much solace and encouragement from General Arnold's statements.

ARMS BILL:

Meddling Feared

The 1.33 billion dollars arms-aid bill had a stalwart supporter in Sen. Arthur Vandenberg (R., Mich.) who termed it a bargain-price peace insurance policy against Communist aggression.

He said he feared that any "meddling" with the bill might impair its force and effect.

Vandenberg, chief Republican spokesman in the senate on foreign policy, declared that the arms-aid program might be regarded either as life insurance or fire insurance and said that in any case it is a bargain policy as far as peace is concerned.

Referring to the North Atlantic defense pact, he said that pact included a pledge to maintain forces that can resist armed attack. Too, he pointed out, European allies have weaknesses that the arms bill would help overcome.

Vandenberg declared that it would be in "honorable keeping" with U.S. treaty obligations to adopt the arms bill. "I think it is definitely and specifically in the interests of our own national defense," he went on. "I think it is a discouragement to war... I think it is prime and vital peace insurance."

He argued that the plan to send American tanks, guns and planes to Europe falls squarely within the commitments of the North Atlantic pact which the senate ratified by a vote of 32 to 13.

He denied sending arms abroad would mean the start of an arms race between the East and West.

Vandenberg's active support for the measure was expected to help it materially in winning final adoption in the senate, since many dissident Republicans would probably go along on the basis of Vandenberg's admitted stature in the field of foreign policy and because of his prestige in the senate.

U.N. TOP MAN:

Soviets Object

Over Soviet protest, Brig. Gen. Carlos P. Romulo, anti-Communist campaigner from the Philippine islands, was elected president of the fourth United Nations general assembly. Only the five nations of the Soviet bloc opposed his election.

IGNORING the Soviet attitude, Romulo's first act was an appeal that the delegates make this gathering a real "peace assembly."

According to newsmen, Yugoslavia apparently voted against the Soviet bloc for the first time, in the secret ballot for president, but declined to admit it publicly.

The new president, acknowledging that many obstacles to peace still exist, said the danger of a new war had abated and that the delegates must press this advantage.

HE CALLED upon them to move forward boldly in the spirit of international cooperation called for by the Mexican resolution approved unanimously in Paris last year.

Romulo's choice as chief of the assembly was seen as indicating friction in debate on issues as the Soviet bloc could be expected to fight the anti-Communist leader at every turn where opposition could be maintained. Top Russian delegate Vishinsky had also spoken out for harmony, but on the basis of past performance by the Russians, his attitude was open to doubt.

Anti-Red

Karl Peyer, one of the most courageous oppositionists to defy communism in the Hungarian parliament, is shown beaming happily on his arrival in New York.

RAILROADS:

One Fireman

The Brotherhood of Locomotive Firemen and Enginemen wouldn't like it, but nevertheless, there would be only one fireman on diesel locomotives. The presidential emergency board had ruled that a union demand for a second fireman on these locomotives was out of line, rejected the demand.

THE BOARD said simply that there is no need for an extra fireman on diesel-powered locomotives now in use.

TRADE BODY:

Carson Okayed

Despite some vigorous Republican opposition, John J. Carson was confirmed by the senate as a member of the federal trade commission. The Truman appointee was confirmed by a vote of 45 to 25. Carson's economic views came under heaviest fire from the Republicans, with many charging him with lack of sympathy for the American free enterprise system. Carson, 59, is a former newsmen.

Cole Slaw Dressing Instead of vinegar for a cole slaw dressing, use the leftover juice from a jar of sweet pickles. You'll get an unusual flavor.

Yodora checks perspiration odor

THE SOOTHINGEST WAY

Made with a face cream base, Yodora is actually soothing to normal skins. No harsh chemicals or irritating salts. Won't harm skin or clothing. Stays soft and creamy, never gets grainy.

Try gentle Yodora—feel the wonderful difference!

How You May SLEEP Tomorrow Night—without being awakened

If you're forced up nightly because of urine, do this: Start taking PILEY PILLS for sluggish kidneys. They purge kidneys of wastes; they soothe those irritating causes; they soothe those irritating causes; they soothe those irritating causes; they soothe those irritating causes.

Clink of Dime Is Death Knell of Parting Era

. . . THE PROVERBIAL NICKEL PHONE CALL

By H. I. PHILLIPS

THE NICKEL'S LAST STAND

AMERICAN TELEPHONE companies are experimenting with 10-cent pay stations, which abolish the proverbial 5-cent call. Even talk is to be more expensive than ever.

dime-a-call machines. We presume the tests have two purposes: (1) to see how the apparatus works; (2) to note how loudly the user squawks.

The telephone business "ain't what it used to be and the companies are up against terrific costs. For all we know the nickel phone call is as eco-

nomically unsound as the nickel bus fare, the nickel hot-dog and the nickel movie. But a bigger fight is likely, as the public has been brought up on the 5-cent phone call. It may even regard the telephone booth as the nickel's last stand.

It has seen the 5-cent piece replaced in most every field, but there is something about disassociating it from a phone booth that fills many a heart with anguish. One of the few things left in America at the old price is the nickel phone booth. It stands almost by itself as a place a man may enter without asking. "I wonder how prices have gone up in here since I was around last time."

There has always been something about the clink of a nickel in a phone booth that made sweet music, and of late it has conveyed unmistakably the soothing proof that there was still something in America not out of reach of a man in the lower brackets.

Even if you made the call and found your girl has just left for dinner with somebody else, it didn't seem exorbitant. But when it takes a dime to get the same news it will be something else again.

We can see the phone companies' point. There is no money in conversation that there used to be. It costs twice as much to produce "number please" as it did 10 years ago. The companies say they are losing money on the transaction at nickel pay-station rates. Nevertheless we look for a hot time at hearings before the public service commissions. Elmer Twitchell is among those who will be present with some novel pleas. "I may not fight the abolition of the nickel call if the figures show it is necessary," he said, "but I will demand that a 10-cent phone booth be made twice as roomy as a nickel one."

"I want it better ventilated too," he continued. "In a nickel phone booth you are practically in solitary confinement. If I pay a dime I may even demand a soft chair and maybe television."

"A \$15,000 dream house raffled off on Sixth avenue, New York, had to be sold by the owner for \$1,000 because of the costs of moving and reassembling," news item.)

Want a lovely dream house? Take a chance—you must—Win it and, my dearies, How the dream will bust! Fifty cents a ticket . . . Give your luck a try! Who will get the building? Some fast dollar guy!

It seems to us the dream house might have been advertised as having hot and cold indifference, a fine view of snafu, crossed-up ventilation and an acre of headaches.

YE GOTHAM BUGLE & BANNER

A British parliament member says John Bull will not be kicked around by unlettered pot bellied money magnates from the U.S. . . This is the first indication anybody could look at Uncle Sam and sing, "He's too fat, he's too fat, he's too fat for me." . . . He ed bears Jolson's next pictures will be called "Jolson Hits The Jackpot," "Jolson Follows Through" or "Jolson Takes Fort Knox." . . . The driver who killed Margaret Mitchell and who is alleged to have been drunk, speeding, and on the wrong side of the road, as well as a repeated offender against traffic laws, is charged merely with involuntary manslaughter, the penalty for which is one to three years!!!

Why movie review readers go mad: "The second Jolson film is not as sentimental nor as heart warming as its predecessor." — Kate Cameron. "Of course the plot of the new Jolson movie is soggy with sentiment. The songs drip with nostalgia." — Jim O'Connor.

Preparation

GRACE NOLL CROWELL

WHAT shall I take into the coming year? And what shall I leave behind? I asked my heart, And quick came the answer: "Lay all doubt and fear And anxious care aside before you start. Take but life's stark necessities along: The staff of faith, the lamp of hope, a song Of high and dauntless courage; fill your kit With laughter, and take happiness to wear, 'Twill cloak you on the bleakest, coldest day; And take an apple and a loaf to share With one who may be hungry on the way. Fill your canteen from a wayside well, You may grow thirsty," said my cautious heart. And Hark, across the world a midnight bell Peels out a summons—it is time to start.

Star Dust

STAGE SCREEN RADIO

BY INEZ GERHARD

NOW that it's over, Robert Q. Lewis can draw a long breath and look back with pride on the terrific job that he did from August 1 to October 1. He took over for Arthur Godfrey five morning shows a week on CBS and one television show, lasting an hour, on Wednes-

day evenings. Godfrey's popularity made him a difficult man to fill in for, and Lewis was bound to be a target for a lot of criticism, just because he wasn't Arthur. Now they're saying that there couldn't have been a better man for the job. Lewis did his best, of course, but he wasn't worried; he's done too many outstanding shows of his own for that.

Sonny Tufts carried a container like a knitting bag to the "Easy Living" set at RKO every day; it held a two-quart thermos of half-milk, half-cream and another filled with soup and sweetbread mixture. It was his daily lunch.

The father-son team of Walter and John Huston, which won three Academy awards last year, will be reunited in Horizon Pictures' next for Columbia. "Reminiscences of a Cowboy" will co-star Walter Huston and Montgomery Clift. John Huston will direct, and, following tradition, will be seen in a small part. It should be good; everything John Huston does succeeds.

The cigarette company now sponsoring "Ladies Be Seated" and "One Man's Opinion," with Walter Kieran, has shifted them from Mutual to ABC; they replace "Against the Storm," daytime serial, and "Queen for a Day."

Cathy Lewis, "Jane" of "My Friend Irma," is back again after a long illness. Marie Wilson ("Irma") told me "sometimes I get sore or annoyed at Cathy, but I could forgive her anything, she's such a wonderful actress!"

The Fiction FLASH OF BRILLIANCE

By Richard H. Wilkinson

CONSIDERING the fact that the necklace was valued at \$50,000 and it was not insured, Mrs. Holbrook should have been upset. The fact that she wasn't astonished even her husband, for her husband knew her for an emotional, excitable person.

"But, good lord, Bess! You paid 50 grand for that rope. Maybe you think I'm made of money." "That," said Mrs. Holbrook, "is the point."

"Point? What point?" Mr. Holbrook was becoming irritated.

"I mean," said Bess, "that I'm not the empty-headed, irresponsible person you think me. The diamond necklace wasn't stolen. I left it back in New York—in a safety deposit box."

"You what?"

"The jewels that were stolen were imitations. I wouldn't dream of wearing the originals without having them insured."

Mr. Holbrook's mouth fell open. "So you see," said Bess. It isn't as bad as it seems."

Rita Fenway, one of the guests, suddenly said: "But it doesn't alter the fact that there's a thief aboard. And that means we're all in danger of being robbed. And the cruise won't be over for another week."

"Of course," Mrs. Holbrook said. "And nothing could be more satisfactory. My dears, consider that we are to be on the high seas for a week. The criminal, whoever he is, will have to remain with us during that length of time. A week, my dears, will give our clever and efficient captain ample opportunity to apprehend the thief."

An hour after Mrs. Holbrook had demonstrated her hidden genius she excused herself from a group in the main lounge and unobtrusively descended to her cabin. After a moment she rang for the captain.

"Captain Talbert, my husband has undoubtedly told you about the theft and instructed you to apprehend the thief."

"Yes, ma'm. I have two of the crew making a search now."

"Instruct them to desist. It will not be necessary."

"But, Mrs. Holbrook, your husband said—"

"Never mind what my husband said," he necklace has been returned." She nodded toward a box on her dressing table.

"Returned? The imitations, you mean?"

"No. The real ones, Captain Talbert, I'm going to take you into my confidence. The story I told about the necklace being imitation was false. I've never worn false jewelry and I never shall. I merely told that story so that the thief would think his loot valueless."

CAPTAIN TALBERT'S face brightened. "And then you spoke about apprehending the criminal by searching for the imitations so that the thief would return—"

"Exactly. The imitations weren't worth keeping, and in order to dispel the possibility of having them found in his possession he decided to return them. In doing so he unintentionally returned the originals—and spared me the unpleasant-

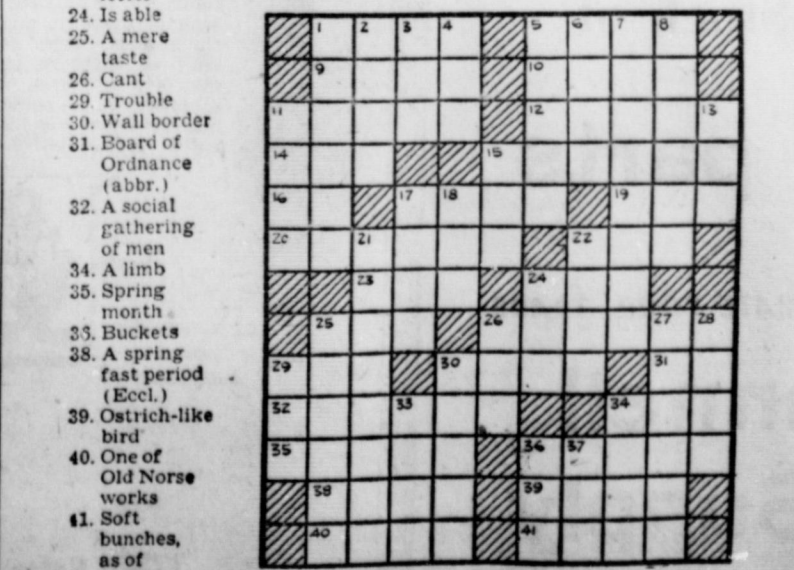

ness of facing my husband—alone."

Captain Talbert nodded understandingly. He knew what the word "alone" meant. He regarded Mrs. Holbrook with frank admiration. "Mrs. Holbrook, allow me to congratulate you, and please understand that you will have my fullest co-operation. After a reasonable length of time I'll announce that we have been unsuccessful in our search."

A moment later Captain Talbert went out. Left alone, Mrs. Holbrook sat down before her mirror. It had been a strain. A great strain. She sighed wearily. It was such a relief to feel that once more she could return to the role of the irresponsible spouse that her husband understood and expected.

PUZZLE NO. 18

Household Hints

Plugging Leaks
Tiny leaks in fuel oil tanks and water boilers can be plugged by the amateur, temporarily, at least. Get a tiny "self-threading" metal screw; put it halfway through the leak with a screw-driver; then seal it by rubbing paraffin or candle wax under the head of the screw.

Spots on Concrete
Oil spots on concrete often can be removed with cleaning fluid. If the spots are old, mix up a paste of cleaning fluid and Fuller's earth. Spread the paste on the spots and wait until it's completely dry before sweeping it off with a broom.

Puffed Sleeve Style For Dates This Fall

For Fall Gaiety
THE PERFECT frock for dates all fall is this stunning puffed sleeved style with a tiered skirt, fitted midriff and soft bodice fullness. Trim with narrow velvet ribbon.

Eases Farm Chores

Wagon unloaders are among the latest electrical devices to be developed for farm chore use. Most types are still in the experimental stage, but many sections of the country already are using them to a large extent. In Wisconsin, for example, 50 per cent of the farmers who have storage harvesters also have electric wagon unloaders.

Under ordinary circumstances, a three-ton load can be handled with an electric unloader by one man in five minutes. Cost of operation is low, with power provided by a 1/2 horsepower portable motor which can be used on other farm machines when not connected to the unloader.

**Value of Bicarbonate Use
In Swine Feeding Tested**

An experimental feeding program to determine the value of bicarbonate of soda in the feeding of hogs is being conducted this fall at Iowa State college. Experiments will be aimed at determining whether the feeding of bicarbonate of soda produces observable benefits in the growth of swine and whether the ingestion of amounts equal to 1 per cent of the ration will produce results.

The Eagle SCREAMS

Brief School Items

MEET A SENIOR

Now we interview Carolyn Middleton, better known to her many friends as Coot and a very popular student of O. H. S. Coot was born Dec. 12, 1932 in Middleton. She will graduate with 17 3-4ths credits. Her desire is to play basketball and her geometry and her ambition is to be a P. E. teacher. Her favorites are: Food, fried chicken; Song, "Show Me The Way Back To Your Heart"; Color, Blue; Sport, Basketball; Girl friend, all; Boy friend, Raymond Hancock, Teacher, all of them.

Coot has been a member of the pep squad for four years. She was elected football queen in her freshman year. In her junior year she was voted as the prettiest girl in O. H. S. She has been elected cheer leader for two years. She was recently elected Farm Bureau queen of Lynn County and she won second place in the Farm Bureau queen race in Lubbock County. In her junior year, she went to state in tennis doubles. O. H. S. will be sorry to lose such a swell student.

SCHOOL EVENTS

Football boys certainly enjoyed the refreshments served at Coach Jeter's home after the game last Friday nite.

The members of the football team express their gratitude to the new doctor who will sit on the bench with them. Some of the time they really need him.

The football boys would like to thank the pep squad girls for their support. They didn't see your parade, but they heard you really inspired many spectators.

Did you know six week tests start week after next; just think, when this six weeks test is over we will just lack 5 more.

Did you see Mrs. Cathey mowing her lawn recently; she looked like she was trying to beat the grass to death instead of cutting it.

Attention Journalism Members: All members of the Journalism club will meet with Mr. Stone in his room every Tuesday during the second period. Mr. Stone says for all reporters to be getting the news around the campus.

Have you noticed how happy all of the seniors are looking these days? They have just received their class rings.

Everyone seems to enjoy the coke machine enough to keep the bottles in the stand. Although there is still some who don't put them up. Please, students, place all the bottles in the coke rack. Let's all start this week off right by helping keep the building clean. One way we can all help to clean up the building is to remember waste paper belongs in the waste baskets.

The Junior class has elected Elaine Hohn as their candidate for football queen. Come on, gang, let's show Elaine that we are backing her one hundred per cent by working and cooperating to raise funds so that she will be in the lead.

Mr. Stone states that in order to make THE EAGLE SCREAMS in the Index a success, everyone should subscribe. You can get the paper thru Mr. Stone or Charles Pierce.

It is rumored that a skating rink is coming to O'Donnell.

The band is coming along fine. We will be glad to hear them at one of the games; maybe that is all our team needs.

You boys who eat on the back tables in the west end of the lunch room; please stop leaving your empty bottles and desert bowls scattered all over the tables. Put them back on your tray because this causes a lot of work for others.

The neatest boy and girl accord ing to the Student Council chosen this week were Jerry Wheat and Wendell Edwards.

Let's get those annual deposits in. We sold \$3 Annuals yesterday at the second period and we need many more.

Another reminder, J. H. A. girls, bring those Christmas gifts if you want to enter in the Christmas festival.

Among those going to the fair were Mary Sanders, Wanda Atkins, Jo Everett, Bobbie Barnes, Frances Vandivere, Jackie May, Elwanda Saleup, Virginia Sanders, Dorothy Locke, Carol Lambert, Daphne Telchik, Harold and Elaine Hohn, Dorothy Bradshaw, Ima Baggett and Allen Bradshaw.

SPORTS

The Eighth grade football team battled the Seagraves team to a 0 to 0 tie; we were very proud of them.

The Juniors didn't do so well; they went down before the bigger and rougher team to the tune of 51 to 0. We'll keep trying; the seniors aren't doing so well, either.

The seniors began their hunt for rummage Friday afternoon. The trip was very successful. Every senior is backing Jannell Lindly for Football queen.

The Home Making Class III placed an exhibit in Boydston's window over the week end. The exhibit consisted of apples, tomatoes, carrots, peas, pepper sauce, chow chow, beans, and turnip greens which was canned in the Homemaking Department by the pressure, hot bath, and open kettle methods. FFA will entertain the FHA club Wednesday nite at 7:30 at the City park with a water melon supper.

The PFA helped us clean our yard around the Cottage and the Home makers served them cookies and tea.

The Juniors have reserved the space behind the cafe at the back of the Corner Drug Store; and the Seniors have reserved the space beside the Corner drug Store.

It has been arranged for the Seniors to give the ex-students a luncheon on November 11 at 12 noon. Lunches will cost \$1.50. The student council will have charge of reserving and blocking off seats for the homecoming game with Tahoka immediately following the luncheon.

At exactly 1:15 p.m. four high school students witnessed Supt. Johnson's return to childhood. Unbeknowing to Mr. Johnson, they saw him slide down the banisters; thus recalling his youth -- and also favoring his game leg.

...Fifth and Sixth Grade News Mrs. Robeson lost her billfold last week but she found it in the book room. Donald Joe Hale brought a chicken snake to school Friday afternoon. Lelara Jeter lost a tooth Friday. She is Coach Jeter's daughter. The Fifth and Sixth grade English notebooks are nice. The new reporters are Lelania Jeter and Pat McKibben.

Wonder why Daone likes to sit by Carrell Meeker so much??

...Miss Townsly's 5th grade We are proud that the 5th grade won the two dollars at P. T. A. last week. Wallace Cox is sick and we hope he returns soon. Dell Wells was sick but was back Wednesday.

The first grade is working hard on their numbers. They are trying to see who can make them to 50 first. Sammy Rogers is back in school. Benna Layne Askew is still sick. Several of the children have gone to the fair. We are going to select room mothers next Tuesday.

Eighth Grade news The boys are beginning to think that Miss Sufall is never going to stop swinging that board. Better look out boys; we heard that Mr. Conger gave Miss Sufall that Board and o doubt she would let him use it.

Fourth Grade

We are working hard on our reading, trying to stay on the orange tree. We have our room decorated with autumn leaves made in our art class. We have lost two pupils; Jerry Brittain and Olen Seaten. We are sorry Bobby, Johnny and Lloyd are sick and have to miss school.

SNOOPER

Same old story, same old study; Carlene Eaker and Leon; "I hear wedding bells."

As usual ye Old Snooper was snooping around in O'Donnell Saturday nite and who do you think he or she saw? Well; here's two couples and of course there were more: Freda Snell and James Vaughn.

Say! Who have we been seeing Norma Seely with or could it be Keith Vandivere? Better be care, Mary Ruth.

There is no substitute for the superior flavor and delicious goodness of vegetables grown in your own garden.

Soils stay cooler in the summer and warmer in the winter when they are protected by a cover crop

Hog cholera can be controlled if swine producers will follow a program of strict sanitation and vaccination on their farms.

Lost: Ladies Gruen Wrist watch at football field or vicinity. Reward. See Index for information. FOR SALE: 150 gal Propane tank see R O Lane It. 1 O'Donnell

Sylvester Says:

"Excuse me! But someone just took a quarter out of your pocket." In fact, Uncle Sam (national income and tax tables show) takes more than a quarter out of your pocket every time you earn a dollar. If the government spends new billions for public housing; more billions for public medical care; additional billions for the unemployed; more billions for maintaining farm product prices; and other millions to subsidize education in public schools—then, will the hand in your pocket take 75% in taxes and leave only a quarter out of each dollar you earn?

Buy A New Natural Gas Range

Receive Free Set Of Glasses

See the Modern Gas Ranges At Your Dealer's

West Texas Gas Company
 HELPING BUILD WEST TEXAS SINCE 1927

Here's good news, pardner!
 Automatic gas range dealers are really going all out to corral those old stoves. Now's the time to do some tradin'. There's nothing to compare with the modern automatic gas ranges. You get beauty—plus fast, automatic, economical cooking performance.

...and during the Old Stove Round Up (October 1 to November 30 inclusive) a set of eight Libby-Owens Chip-Proof "Blue Flame Glasses" is being given absolutely FREE to each purchaser of a new natural gas range. (This offer applies only to retail sales.) ASK YOUR DEALER TODAY ABOUT THE "BLUE FLAME GLASSES."

Going to get your \$2,064 bait back?

Your shiny new automobile—with prices averaging about \$2,064—has to get you a whale of a lot of use to justify its cost.
Winter wear is the worst bait-snatcher. It can strip your car of plenty of service...
 Unless you OIL-PLATE it!

2. Always on Guard! Even when the fine lubricating oil itself isn't covering a part, OIL-PLATING is! It protects your engine against grinding "dry-friction" starts... from corrosive combustion acids... from sludge and carbon caused by wear.

1. Oil-Plating—a feature of patented Conoco N^o Motor Oil—performs a wear-preventing miracle by fastening a shield of special lubricant to working parts. OIL-PLATING can't all drain down—even overnight!

3. Watch Out for Winter! The frigid months are the most dangerous months for these car-killers. New and older cars both urgently need Conoco N^o. Don't wait... drive yours in today and armor it against winter with Conoco N^o.

See Your Conoco Mileage Merchant, NOW!

John Deere No. 15 Two-Row Cotton Harvester

You'll make short work of harvesting cotton . . . slash expenses to a fraction of hand-pulling costs when you own a John Deere No. 15 Two-Row Cotton Harvester.

The John Deere does an excellent job of harvesting any cotton that is suitable for mechanical snapping. Stripping two 40-inch rows at a time after defoliation, the John Deere does a once-over job, saving more cotton than the average hand-puller. Harvested at the same time, cotton pulled with the No. 15 grades as high as that picked by hand.

Be sure to stop in soon and let us tell you more about this time- and money-saving two-row cotton harvester.

Mansell Bros.

10. TEXTBOOKS:
Textbooks will be issued the day of registration. Students are expected, and required by law, to keep their books as neat and clean as possible. Book covers will be furnished, and periodic inspections will be made as to conditions of books and whether covered. Students finding textbooks should turn them in to the library so that the proper owner may be found.

11. PERMITS FOR SOCIALS AND PROGRAMS:
Any school club or organization wishing to use school property for any event should make written application stating date, hour and what part of the building to be used. This can then be posted on school calendar and avoid duplicating dates.

12. MAKE-UP WORK:
After being absent, a student may ask for make-up work provided his absence is excused by the Principal. This permit for make-up should be presented to teachers, who will in turn give them work to make-up. All make-up work should be turned in to teachers within a period of three days, unless absence was for a period longer than three days. In such cases, the teachers will give a reasonable length of time.

13. HOME ROOMS:
Students will be divided into home rooms at the beginning of the semester. There will be a home room teacher who will help advise and counsel students on any problem relating to school work. Students are expected to use the home room periods for study, or any activities sponsored by the home room teacher. It is definitely not a period for play or social visiting.

14. USE OF BUILDING DURING NOON HOUR:
Students are urged to stay out of building during noon hour, except on bad days. Always use North entrance of hallway in going to gym. Stay out of hallways unless you have secured permission from hall supervisor.

15. LIBRARY:
The high school library is located in the front end of the study hall and students are encouraged to use it. Lunch tickets can be bought there, as well as the location of lost and found articles. There will always be two librarians on duty to attend your needs, and students are not allowed to enter library without permission from study hall keeper and librarian. Fiction, biography, drama, poetry, and autobiography are to be found there. Magazines, digests, and periodicals are accessible. Encyclopedias, dictionaries, and other information books are there for your convenience and pleasure. You may also ask for book covers there.

16. JUNIOR-SENIOR BANQUET:
It has become customary in O'Donnell High School for the junior class to give a banquet for the seniors. This banquet is usually given in the early part of the second semester in order to keep from crowding school functions toward the end of the semester. It has become a custom for the juniors to decorate the stage for the seniors for baccalaureate services and commencement.

17. FRESHMEN INITIATION:
The sophomores initiate the freshmen in an assembly program sometime during the year. Freshmen are required to carry books and other small chores for the freshmen during the day. Extreme costumes and painting-up of freshmen have been outlawed, but simple decorations, etc. are all right.

18. CLASS PLAYS:
The junior and senior classes give their annual class plays at given times during the year. The juniors usually give their play in the late Fall, and the seniors in the early Spring. An attempt is made to space them so as not to conflict with other school functions as much as possible.

19. NO SCHOOL ACTIVITIES AFTER MAY 1:
There are no school activities scheduled after May 1 each year. This is done in order to have all school activities out of the way before the closing rush the last two or three weeks of school. All clubs and organizations are requested to plan their activities accordingly.

General School Regulations

1. Registration and classification. Students will be expected to register on the dates given the week before school opens. It will ordinarily follow this schedule:
Seniors 9:00 to 11:00 Thursday
Juniors 1:00 to 3:00 Thursday
Sophomores 9:00 to 11:00 Friday
Freshmen 1:00 to 3:00 Friday

Notice will be published in the paper each year in plenty of time for each student to learn of the registration dates. When students don't register at time set, they may miss getting to take some subject which they want. When elective classes fill up, they are automatically closed to further registration. Classification of students will be made at beginning of each year as follows:
Freshmen: less than 3 credits Juniors 7
Sophomores: 3 Seniors 11

2. CHANGE OF SCHEDULE:
Change of individual schedules may be made only after legitimate reason for the change is given the Principal. No changes in schedules will be made after the first ten days of school, unless school authorities feel that a change would be beneficial and advantageous to the student. Parents approval will be required in such cases.

3. PART TIME SCHEDULE:
There are occasions when it is almost necessary for some students to work part time during the school day. Such cases will be given careful consideration by the school authorities, and arrangements will be made to fit individual cases. Parent's approval will always be required in such cases. Parents are urged to keep their children in school the full school day if at all possible.

4. PUPIL LOAD:
All pupils are required to take four major subjects, unless special permission is granted to do otherwise. Students are not allowed to take five subjects unless they have an average of 85.

5. GRADES:
All grades will be posted in report cards and permanent record cards in figures. Grades are determined as follows: daily grades count 3-4th and examination 1-4th. This same procedure is followed in determining semester grades.

6. WITHDRAWALS:
When a student desires to withdraw, he should go to the Principal's office and ask for a withdrawal form. He should fill in all information, then go to teachers, librarian, and athletic department and get their signatures. Teachers will not sign until all obligations have been met. When all signatures have been secured, the form must then be brought back to the office where the Principal will complete the withdrawal.

School Activities

1. CLUBS:
The administration and faculty of O'Donnell High School feel a keen sense of responsibility in providing participation in organizations that will help to develop citizenship and social responsibilities in the students. We therefore fully endorse certain clubs within the school, and encourage students to take part in those that seem to fit their need. Some of the major clubs are listed below:
Student Council "O" Club
Annual Staff Camera Club
Journalism Club Spanish Club
Future Homemakers 4 H Club: boys and girls
Future Farmers Scouts: boys and girls

2. BAND
Participation in band is encouraged in those who feel that they would like to take an active part. The school furnishes the heavy and more expensive instruments, while the individual students will furnish their own smaller instruments. One credit each year may be obtained in band.

3. SPORTS:
O'Donnell High School provides a full sports program for the year for those who wish to participate. Football, basketball, track, tennis, and probably baseball will be provided for boys; while secured, the form must then be brought back to the office where the Principal will complete the withdrawal.

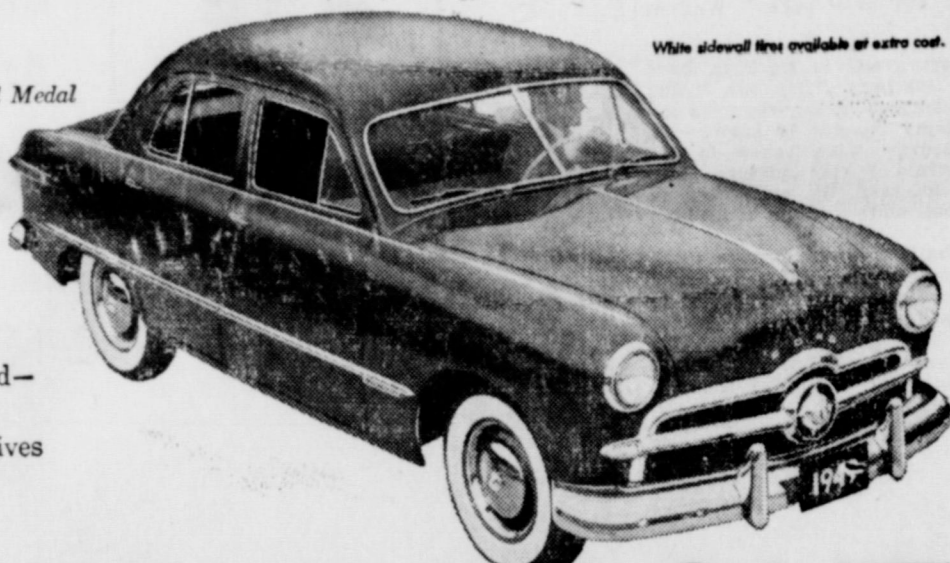

7. ELIGIBILITY FOR CERTAIN OFFICES:
A general average of 80 is required to hold major offices in Journalism Club, Annual Staff, Student Council, and Pep-squad. These offices require so much of the student's time, that it is necessary they have a substantial average before being eligible.

8. ABSENTEES AND TARDIES.
The laws of the State of Texas requires that all children between the ages of seven and sixteen inclusive attend the public schools of the state for at least 120 school days. Students are urged to be in school every day possible, and to always be on time. When a student returns to school after being absent, he should bring a written excuse from his parents stating the reason he was absent. This excuse should be presented to the Principal, who will in turn issue him a pass slip. If the absence was because of sickness or otherwise unavoidable, the pass slip will be marked "excused". If the absence was avoidable, then the student will not be given make-up work, and a zero will be given in daily work for the days missed. It is therefore very important that students bring written excuses with the reason for the absence written therein.

9. PERMISSION TO LEAVE SCHOOL
When a student comes in tardy, he should go to his home-room and mark a "T" by the side of his number -- or report his tardy to his home-room teacher. Demerits are issued for being tardy.

10. USE OF TELEPHONE, LOCKERS, AND CAFETERIA
Students are urged to eat at the school cafeteria, where they will be served a hot lunch of good wholesome food. Lockers will be issued at time of registration. Freshmen and

NOTICE OF Intention To Issue Refunding Bonds

NOTICE IS HEREBY GIVEN that on the 13th day of October, 1949, at the regular October 1949 meeting of the City Council of the City of O'Donnell, Texas, the City Council of O'Donnell, Texas, proposes to pass and adopt an ordinance authorizing the issuance of \$3,000.00 of the refunding bonds of said City to be described as follows:

City of O'Donnell, Texas Water System Extension Refunding Bonds, Series 1949, dated October 15th, 1949, bearing interest at the rate of 4 per cent per annum from date, being bonds 1 through 63, inclusive, in the denomination of \$1,000.00 each, aggregating \$63,000.00, maturing \$2,000.00 on October 15th, in 1950 and 1951; \$4,000.00 on October 15th, in each of the years 1952 through 1959, inclusive; \$2,000.00 on October 15th, in each of the years 1960 through 1962, inclusive; \$3,000.00 on October 15th, in each of the years 1963 and 1964; and \$5,000.00 on October 15th, in each of the years 1965 through 1967, inclusive; with the provision that bonds numbered 21 through 63, inclusive shall contain a provision that the same are optional and may be called for redemption prior to maturity at the will and pleasure of the City Council on any interest payment date on and after October 15th, 1955.

which said refunding bonds shall be payable from a tax to be levied against all real and personal property within said City for the current year of 1949 and annually thereafter while said bonds or any of them are outstanding sufficient in amount to pay the interest on said bonds and to redeem them in accordance with their maturity schedule.

It is proposed to issue said refunding bonds for the purpose of taking up, extending and refunding an equal amount of the legal indebtedness of said City, consisting of valid and legally issued interest bearing time warrants of said City, authorized by and in strict conformance to the provisions of Article 2365a of the Vernon's Revised Annotated Statutes of the State of Texas and described as follows:

City of O'Donnell, Texas, Water System Extension Warrants, Series 1949, dated July 30th, 1949, bearing 4 per cent interest, being warrants 1 through 63, inclusive, in the denomination of \$1,000.00 each, aggregating \$63,000.00 maturing \$2,000.00 on July 30th, 1950 and 1951; \$4,000.00 on July 30th, in each of the years 1952 through 1959, inclusive; \$2,000.00 on July 30th, in the years 1960, 1961, and 1962; \$3,000.00 on July 30th, in the years 1963 and 1964; and \$5,000.00 on July 30th, in each of the years 1965 through 1967, inclusive, with warrants 21 through 63, inclusive being optional on any interest payment date on and after July 30th, 1955.

This notice is given under the provisions of Article 2365a of Vernon's Annotated Civil Statutes of the State of Texas and by virtue of an ordinance passed by the City Council of the City of O'Donnell, Texas, on the 29th day of August, 1949.

R. O. STARK, MAYOR, City of O'Donnell, Texas.
Attest: T. J. Vandell, City Secretary, City of O'Donnell, Texas.

JUST PSYCHIC

Psychology

No one knew exactly how Rosenkrantz's business was going and as he never paid back any of the money he had borrowed from O'Flaherty the latter became rather anxious. He went to Rosenkrantz's store one afternoon and demanded a showdown. Rosenkrantz, to pacify O'Flaherty, told him that he was a preferred creditor. O'Flaherty went home partially satisfied but after thinking the matter over hurried back to the store and demanded to know what a preferred creditor was.

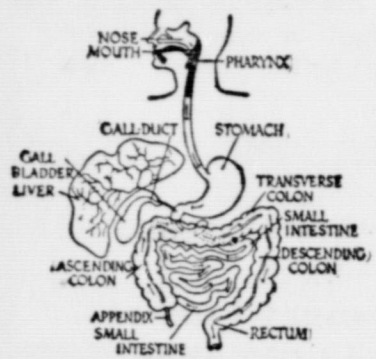

"Well, mine friend," said Rosenkrantz, "you are a preferred creditor because you know now that you ain't goin' to get anytin' but de oddsers von't know for toity days."

St. Joseph's ASPIRIN
WORLD'S LARGEST SELLER AT 10¢

NEWS that makes folks sleep all night!

Thousands now sleep undisturbed because of the news that their being awakened at night might be from bladder irritation—not the kidneys. Let's hope so! That's a condition Foley Pils usually allay within 24 hours. Since bladder irritation is so prevalent and Foley Pils so potent Foley Pils must benefit you within 24 hours or DOUBLE YOUR MONEY BACK. Make 24-hour test. Get Foley Pils from drug-gist. Full satisfaction or DOUBLE YOUR MONEY BACK.

TAKE A LOOK AT YOUR INSIDES

Study the above drawing for a few minutes. Notice particularly how the bile flows from the liver into and out of the gall-bladder and thence into the small intestine where it mixes with the partly digested food just below the stomach. Bile is a necessary adjunct to proper digestion. Its absence from the intestines inevitably causes putrefaction and fermentation.

NATURE'S DANGER SIGNALS

When your stomach, liver, and gall bladder have been upset by improper eating or drinking, or when they are not working well because retained and putrefying food matter in your intestines is poisoning your entire body, your bile stops flowing freely and you, sooner or later, begin to feel some of the following symptoms:

Your breath may become unpleasant (halitosis), your tongue coated, a bad taste in your mouth, your coffee (and tobacco) lose their natural flavor, your food does not agree with you; you may have headache, heartburn, gas and dizzy spells, you may be troubled with belching; at night the gas in your bowels may press upon your bladder making you get up frequently, thus breaking into your sleep.

In the morning you are tired instead of refreshed. Gradually your health is impaired; you have constipation, gas, putrefaction and self-poisoning ("intestinal toxemia" or "acute gastritis" as many doctors call it).

HOW TO GET RELIEF

You can relieve this condition, usually overnight, by taking Calotabs at bedtime and drinking water freely next day.

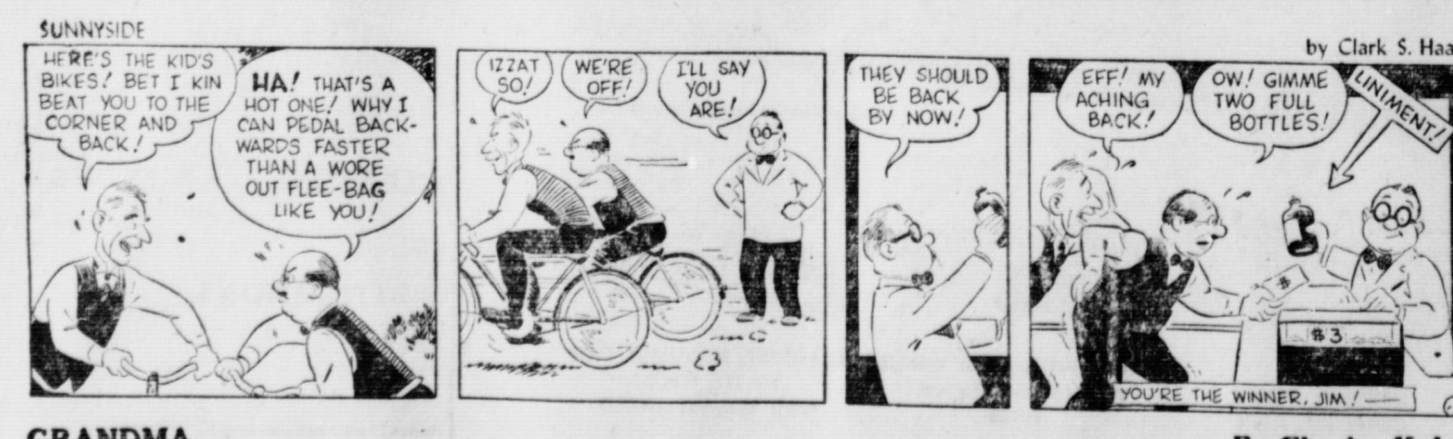

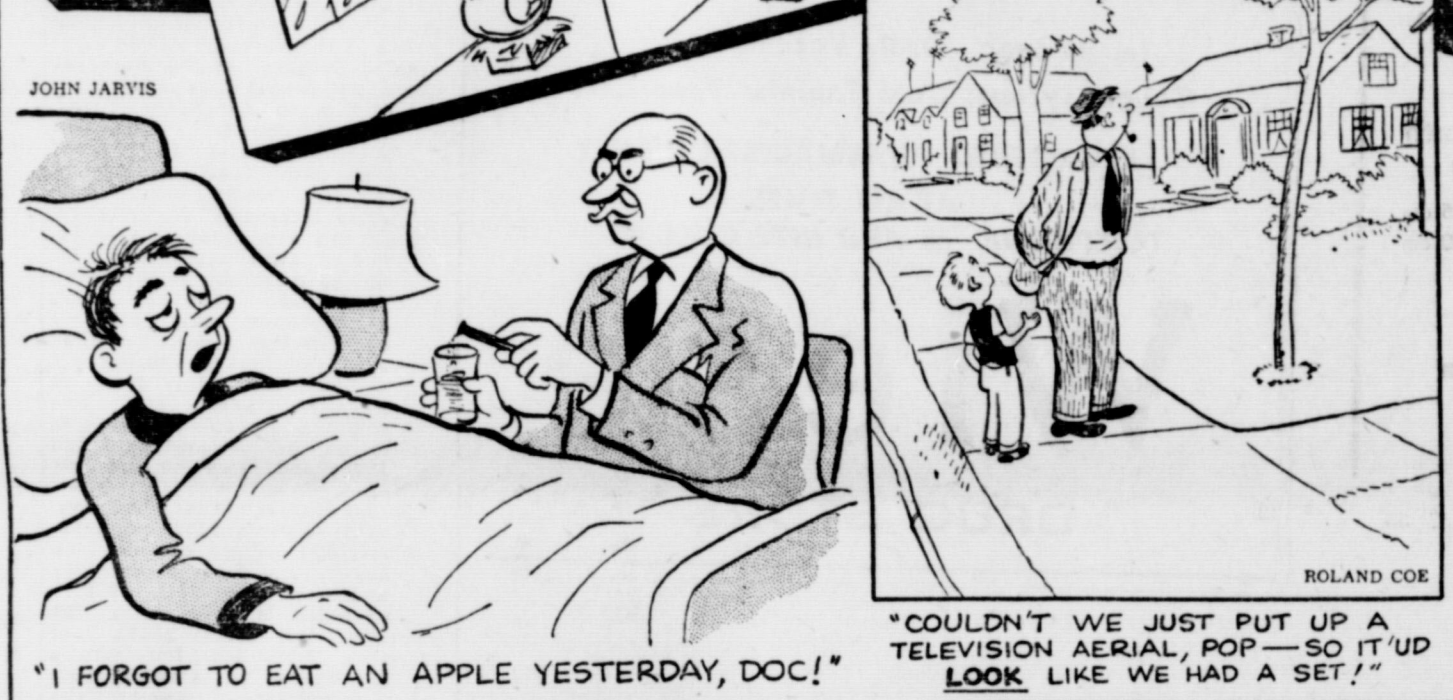

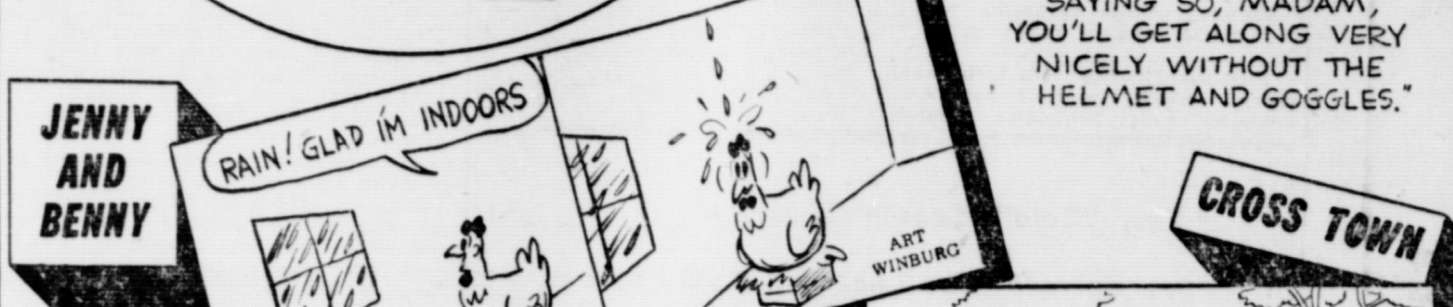

Calotabs are a thoroughly dependable laxative designed to effectively relieve symptoms of biliousness and acute gastritis due to constipation or faulty digestion, and to promote the flow of bile through the intestines.

Calotabs are pleasant to take (sugar coated), prompt and effective. Try them and see. Follow label directions. At your druggists'.

Demand the original Calotabs in the distinctive checker-board box. Accept no substitute.

Marine Corpsman Sets Unofficial Rifle Mark

Washington, D.C.—Marine Corporal Stanley F. Sanders of Fleet Marine Force, Atlantic, set an unofficial National Rifle association record recently when he fired a string of 117 consecutive bullets in the Maryland state 30-caliber championship rifle matches. Sanders' feat came about in the prone rapid fire matches on the 200 yard line. Seven shooters were tied with perfect scores on the initial run, and it was necessary to continue firing in the eliminations. The records will be posted as "unofficial" until the NRA can examine the claim for record.

NEW! APPLESAUCE MUFFINS

Crisp and fragrant as autumn air when made with nut-sweet Kellogg's All-Bran. Delicious!

1 egg	4 teaspoons
1/2 cup milk	1 baking powder
1 cup All-Bran	1 teaspoon salt
1/2 cup thick sugar	2 tablespoons
sweetened	3 tablespoons
1/2 cup raisins	1/2 cup melted
1 1/2 cups sifted flour	1/2 cup shortening

- 1 Beat egg; stir in milk, All-Bran, applesauce, raisins.
- 2 Add sifted dry ingredients; stir only until combined.
- 3 Stir in melted shortening.
- 4 Fill greased muffin pans 3/4 full. Bake in med. hot oven (400° F.) about 30 min.

Yield: 12 medium muffins.

HOUSEHOLD MEMOS... by Lynn Chambers

Make Pinwheel Chicken Casserole from Leftovers (See Recipe Below)

Plan Leftovers
PLANNED LEFTOVERS? "Never heard of such a thing," says the homemaker, while another comes back with the comment, "Certainly, plan to have leftovers, if you want to save meal preparation time and food money."
 If you think the family won't eat leftovers, you've probably never presented them properly because, really, leftovers can be glamorous! Just see how pretty chicken casserole looks in the picture. Then glance at some of the other recipes we're giving!

Have you ever thought why it's economical to buy a roast? For the simple reason that you can have it for another meal or two. This holds true for many cuts of meat which the family cannot consume at one sitting.

YOU WILL LIKE THIS excellent good example since it's extended with eggs and flavored mushrooms. The pinwheel parsley biscuits floating on top the creamy and savory mixture make the dish hard to resist. Makes you want to go out and roast a chicken to have some leftovers, doesn't it?

Pinwheel Chicken Casserole (Serves 4-6)
 1 1/2 cups cooked chicken meat
 1-1/2 hard-cooked eggs, coarsely chopped
 4 tablespoons fat
 4 tablespoons flour
 2 cups milk
 1/2 teaspoon pepper
 1/2 teaspoon ginger
 1/2 teaspoon salt
 1 tablespoon scraped onion
 1 can mushrooms, if desired
 Parsley Biscuits

Make a sauce by melting fat, blending in flour and milk. Season well with salt, pepper, ginger and onion. Arrange layers of chicken, eggs and mushrooms into a greased six-cup capacity casserole that is from 2 1/2 to 3 inches deep. Pour hot sauce over all. Bake, covered, in a hot oven (400°) until sauce is bubbly, 30 to 40 minutes. Top with parsley biscuits. Note: If you have leftover gravy, substitute it for the sauce made of fat, flour and milk.

Parsley Biscuits: Prepare biscuit dough, using 2 cups flour or 2 cups biscuit mix. Roll dough 1/4 inch thick. Grease slightly and sprinkle with 1/2 cup finely chopped parsley over surface. Roll like jelly roll. Then slice 1/2 inch thick to bake. Biscuits may be baked in oven at same time as casserole.

SHREDS LEFT from the beef or pork roast can go into this pie to be extended with vegetables left over from the roast:
***Roast Beef Pie** (Serves 4-6)
 1/2 cup minced onion
 1/2 cup minced celery
 2 tablespoons fat
 2 tablespoons flour
 2 cups leftover beef or pork, cut in pieces
 1 cup cooked, sliced potatoes
 1 cup cooked, sliced carrots
 2 tablespoons chopped parsley
 1 tablespoon Worcestershire

LYNN SAYS: Here are Little Ideas With Lots of Flavor
 For fish or salads serve a sauce of soured cream, the thick, smooth kind. Season it with salt and pepper, some chopped chives or grated onion and a bit of diced cucumber. Garnish those steamed puddings with grapes dipped in beaten egg white and fine granulated sugar for a frosted touch.
 Mix some marjoram with salt and pepper and use the mixture on broiled steak for real flavor.

THE BIBLE SPEAKS

International Union Sunday School Lessons

SCRIPTURE: Isaiah 1:10-20; Jeremiah 7
 DEVOTIONAL READING: Psalm 24:1-8

Seven-Day Religion

Lesson for October 9, 1949

EMPLOYERS don't care much for letters of recommendation signed by preachers. Not that they think preachers are dishonest. The employer is glad to know where the chap is on Sunday mornings. But he would rather have a letter from somebody who sees him every Saturday night and Monday morning.

Religion Won't Keep Sweet by Itself
IT IS a temptation as old as religion, to put it on one side of a wall and life on the other. But the prophets showed, once and for all, that God has literally no use for religion which has been dissected off from life. Religion which is kept apart from life turns sour and bad. In Isaiah's time, everybody knew there was something wrong with the country.

Isaiah's diagnosis was shocking: Religion is our principal trouble. God is tired of it. What? The pious people would exclaim. Look at the crowds in the Temple every holy day! Listen to all the prayers, count the number of tithers. If anything is wrong with our country, it can't be religion! But religion it was.

Why God Was Tired
A CATHOLIC priest would shock everybody should he call Vatican City "Hell's Half Acre." Isaiah shocked his fellow citizens by calling Jerusalem "Sodom and Gomorrah." Those cities were the worst places the Hebrews had ever heard of.

They were so bad the Lord had to destroy them by fire—not 10 good people could be found there. The prophet follows up that first shock by another. Every single expression of organized religion comes under the prophet's lash.

Sacrifices and offerings (v.11), attendance at the sanctuary, observance of the Sabbath and other holy days (v. 13), church gatherings, corresponding to our rallies and conventions (v. 13), even prayers (v. 15).

Put that into modern terms: attendance at church, Bible reading, tithing, praying—if that is all, then all is no good. It may be religion, and of course it is one kind of religion; but not the kind God wants.

Indeed, Isaiah says God hates it; he is "fed up" with it (vs. 11). What was wrong? Isaiah tells them that, too, in short simple words. "Your hands are full of blood."
 Oh, the people would protest, we are not killers, we don't lay a hand on anybody. Isaiah goes on to explain: seek judgment (i.e. justice), relieve the oppressed, judge the fatherless, plead for the widow.

You don't kill outright, you churchgoers, he would say, but you are so indifferent to justice in your city, you take so little interest in the people at the bottom of the heap, that people die here, widows and orphans die, simply because no one cares.

What Makes a Town Worth Saving?
ALAS, nobody did care. One hundred and more years went by, and Jerusalem came close to its end. But nobody thought that disaster could strike. The belief had grown in every one's mind that the Temple of the Lord would forever insure the safety of the city in which it stood.

But a young prophet, Jeremiah, preached a sermon on the same theme as Isaiah's (Jer. 7): It is not the temple that will save you, it is not church attendance that will bring you the favor of God.
 As the men of Jerusalem looked back to the great days of Moses, they thought of the sacrifices and offerings, the tabernacle and the rituals and all the pageantry and paraphernalia of a picturesque religion, as the great thing that God had given them.

But God remembered it otherwise. Jeremiah even says (with understandable exaggeration) that God had not said a word about sacrifices and offerings; the Ten Commandments, with all they implied, were the main thing.

What God looks for, back of all our church attendance and Bible reading, is "justice between a man and his neighbor." A place where that can be found is a good place.

POPS BIGGER MORE TENDER AND NO HULLS!
AMERICA'S FAVORITE JOLLY TIME CORN

Up In The Air
 An author got into an elevator and continued his conversation with a friend about a story he had just written.
 "So I got my knife and killed her," he said. "Of course I was careful to wipe off all fingerprints with a handkerchief."
 Just then the elevator stopped and the two men got off and left the wide-eyed passengers wondering what to do about the situation.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CHANGE OF LIFE?

Are you going through the functional "middle age" period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, night-sweating, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!
LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
 Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
 Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
 There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Wingless Chickens Cause Speculation

Impact on Industry Studied by Growers

Poultrymen and consumers throughout the United States are still speculating on the degree impact on the poultry industry of the development of wingless chickens.

Peter Baumann, Des Moines, Iowa, a veterinary-supply salesman, has raised a flock of 400 such chickens and has proclaimed loudly that they are the "nearest thing" alive to famed cartoonist Al Capp's "shmoos."

Baumann said he had spent 10 years developing the wingless flock, and that he expects the breed to set a new trend in chicken raising. He pointed out that the wingless chicken has a thick layer of white meat where ordinary chickens have wings.

Baumann said he had kept his

For those who dislike chicken wings, Peter H. Baumann, of Des Moines, Iowa, has come up with wingless chickens. He is shown here comparing the wingless chicken (right) with an ordinary chicken (left).

chicken breed a secret because he wanted to be sure it was a success. He studied animal husbandry at Iowa State college and asserts his wingless chickens are not a "freak." A freak does not reproduce, he argued.

The ancestors of this new breed of chicken, Baumann said, came from Texas. He was traveling through that state in the 30's when he acquired a light Brahma rooster and a white Minorca hen. Each bird had only stubs for wings.

He bred them, he said, and was astounded when the hen hatched wingless chickens. He then began experimenting and breeding.

Baumann reported that at first he got only three or four wingless birds out of 100 eggs. Now, he said, about 95 of every 100 chicks have no wings at all. Some of the others, he said, have stubs or a stub on one side and a wing on the other.
