No newsman lives long enough to know truly just "what is news!" barometer is when something you write registers a response in the reader. After last week's bit out the brave and gay first fifty ears of this century, just for the m of it . . . we'll take a flier into at the future holds for human-

must bear in mind the following is written to ENTERTAIN and not to inform. We are using NO references for the son that such a small paper has no library . . . not even a diction-ary.All of the following thoughts based on present trends (you ead them every day in your daily paper.) We are merely projecting present trends 100 years into the future. . . the year 2053. We are certainly no seer into future. To enjoy this column this week we hope you will not AGREE with it all. "To Think" is very near to ap oaching God.

(Note: for brevity this week, the rapid future progress of religion is not considered. The reader will concur with us, however, in seeing a continuing trend toward a religious revival. There will be more of a personal relationship between man and his God. There will be ome grouping of faiths but we can ot see a union church in the next 100 years. If a union faith does develop we believe it will be "state" church much like Church of England.)

Here goes for deep water: 1. We cannot see a World War III or anything nearing it. There will be minor wars but NOT among the big three: U. S. (and Candada, as they are soon to merge), Russia and Great Britian. The A and H omb would not prevent war but Germ Warfare will make globial war as dead as dodo bird. The next 25 years will see this as a threat that not only could, but surely would, destroy all animal life. A mutation of the common cold viris and sleeping sickness virus would to the trick. The new virus would e man made.

2. Technical improvements science, industry, and agriculture will enable the laboring man to work three 5 hour days to equal or surpass his desired standard of liv ing for a given week. As a sub-head: leisure will become one of the earth's big problems.

3. World Communism will be dead in less than 15 years: it's god was Stalin. Nations will tend to a world government: the U.S. will emain a nation but giving up some ights to world government.

4. Economy will be planned. Every part of man's activity will be blueprinted and fitted into a naster plan and production and de mand will be in ballance.

The normal span of years will jump from present 68 1-2 to 90 years; folks of 90 then will be as rigorous as those of 70 today.

6. The rapid increase of world's population will see a con-

trol of births . . . possibly births governed by permits. The biological act of a normal birth 100 years from now is certain Continued on page 3

Deep Wildcat Test Set For Harmony

Eagles Win

"It's a long lane that has no turning" and the Eagles Friday nite put the relish to the turning by picking the Whiteface 'Lopes' bon-es clean 34 to 6. The Lopes were never in the game from the initial kickoff on due to the slashing line play and near-perfect passing and running of the Eagle backfield. For FOR SALE: 1947 GMC BUS; ALSO FRAME TEACHERAGE AT NEW MOORE; contact John T. Morris, Supt. of Schools at O'Donfirst time this year the squad looked mature and used what Coaches Robertson and Reddell had been teaching them. Our Eagles of last

Friday could have taken Tahoka When the last second fell out of the game, the pep squad rushed onto the field and escorted the happy warriors from the field. It was hi school spirit at its best. Only small crowd of 400 fans saw game due to humid chill of the autumn nite . . . and T. V. (which is cutting deeply into a public gatherings).

First Quarter

Lopes received ball on kickoff and Eagles took ball on downs. Moses, a new shining Q. B. run up from line, made a beautiful pass to Moore for a T. D. but an Eagle penalty rubbed it out. Moore then passed to Worthington, a 20 yd. beauty to 11. The Eagle rally died on downs. On a punt to Lopes the visitors took it on their 20. Lopes lost ground and Eagles recovered ball on Lopes 30. A honey of a pass from Moses to Worthington of 30 yards is good for initial T. D. Gerald Moore carried ball for conver-Grandmother Gillespie was in a Lamesa hospital last week for a sion. Score 7 to 0.

Eagles kick to Lopes on their 40 and Eagles recover fumble. Moses to Carl Jones for 30 yds. was a story book pass. Quarter ends 7-0. 2nd Qt. Sees Much Scoring

After steady advance on downs Modestte went over on a nice cut thru tackle for double line with extra point good, 14-0. Eagles boot to Lopes on their 42. The Lopes offense bogs down and a punt to Eagles on their 30. Moses passed to Worthington good for 20 and first down. Mosses to Sanders for short pass and thrilling 53 yd. broken run when he nearly fell once. The extra point good. 21 to 0. Now in mid-quarter.

Eagles take Lopes punt on their 21. Moses in handoff to Sanders Donna Vestal, president, Sue Lott, vice president, Ruthell Jackson, good for 20. Now on own 40. Sanders makes a first and 10. A pitchsecretary; and Jackie Williams, out from Moses to Rains good for a Karen Morris is president of the half ends with Lopes on Eagles' 40.

> 3rd Quarter Moses went out of game shortly before half time in a rare personal foul when play was on for last conversion. Q. B. Derry Moore played all last half. The 3rd go-round saw no scores but with Eagles knocking at door once but rally failed. The Lopes failed even remotely threaten.

4th . . . and Victory

Whiteface kicks a short poot and ball run to Lopes 35. After short line plays, Rains runs wide around right end to 20 with 1st and 10. Lopes intercept on own 20. Lopes fumble on 2nd play and Eagles ge ball on Lopes 5. Rains runs ball to 1 1-2 yd and Derry Moore goes over for tally. Score 34 to 0 with Mrs. A L Thompson and Mrs. extra a failure. Eagles end scoring Mauldin. The next meeting will with all squad in action except the

be Tuesday Nov. 17 at 2 p. m. in water boy. Very late in game Dale home of Mrs. Joe Eakers. All in- Reed of Lopes tosses a nifty pass to terested in club work are cordially Reese Washington for 45 yards and Lopes only tally. Backfield and passers looking bright for locals were Rains (his best game), Derry Moore, Doug Moses (very good), Jack Worthing ton (a nice pass snatcher) Carl Jones, Modisette and Sanders (who should make district). But

standout of nite was the slashing and fighting line play . . . just down right good defensive play. The Eagles should have a real team next year.

Band Pays Tribute At half time the flashy. stepping Eagle Band paid tribute to west stands to the team for forming the letters T E A M and playing tre O'Donnell Fight Song. Then tribute to Coaches Ed Robertson and Olin Reddell by playing "For He's a Jolly Good Fellow" and lastly to the FANS . . . the pocketbook of the sport.

Patsy Clark Is Queen

MRS BILL AMARO CLAIMED BY Miss Patsy Clark, attractive blonde Freshman, was Miss Halloween Queen of O. H. S Funeral services were read Friday morning at 11 at the Lamesa Catholic Church for Mrs. Mary Amaro, 23, who died last Wednes day at 3 p. m. at a Hereford hospit Thursday nite in a colorful climax to the all-school carnival. Her escort was Johnny McLaurin. Mem-bers of the Court included Misses Frances Vandivere, a Senior, Caral. Burial followed in the Lamesa Cemetery. Survivors include her husband, Bill Amaro as well as two ole Thompson, a Junior, and Katherine Furlow, a Sophomore. A number of good musical numbers entertained the court . . . and the audience. Carl Jones was Master of erine Furlow. children and a host of other relatives. The family lives 2 miles west of town on the J. T. Middleton sr.

Eggs For Profit;

5th Graders Enjoy Party

Miss Townsley, Mrs. Jones and Mrs. Gooch were co-hostesses Saturday nite at the home of Gooch for a Halloween party honor ing some 50 members of the Fifth grade. Several mothers assisted in the party. A professional fortune teller, Madame Gideon, of Lubbock sent the kids into gales of laughter by telling their fortune. The girls' most common question was "When will I marry?" The home was attract ively decorated in the (raditional Halloween motif including gobs of colored paper cats, bats, pumpkins. Bronze mums were used as floral decorations. Included in the games were bobbing for apples and a Chamber of Horrors where Mrs. Bill Gravitt told the youngsters a chilling ghost yarn. Punch and

cookies were served. The children have been studying Emily Post's party behavior and Mrs. Gooch said the children man-Mos Rewarding

Mrs. Gooch must take much satisfaction from being so loved "her children". Teaching be one of the most rewarding of all professions as the teacher always facing a challenge in the hopful new generation.

Lions To Meet 12:30 Thurs.

The O'Donnell Lions Club will meet this Thursday at 12:30 p. m. according to Claude Morris, the secretary. All members are urged

PTA To Meet Nov. 10th

The O'Donnell PTA will meet Tuesday nite at 7:30 Nov. 10th in the Cafeteria. The Rotary Club will have charge of the program.

City Has New Water Well

A good three inch water well was completed last week on city lots at the extreme northeast edge of town. This well alone will not be of too much help in supplying he city but Mayor Hash said the City hoped to find three or four more good wells in various other locations which are not too far from town. A well may be drilled in the city park. Adequate storage is also a major problem.

Mr and Mrs. Harvey Jordon of Smyer visited her mother Mrs. J P Bowlin Sunday. -000-

V. A. Quiz

Q. I am a Korean veteran. Would it be possible for me to enroll as an apprentice in a foreign country under the Korean GI Bill? I want to learn the watchmaking trade in Switzerland.

A. No. Training in foreign countries, under the Korean GI Bill is limited only to VA approved courses in accredited colleges universities. The law prohibits all other forms of GI training outside the United States.

Q. I am learning to be an auto mobile mechanic as an on the job trainee under the Korean GI Bill. After I finish, would it be possible to get a GI business loan to open my own repair shop even thou I will have used up my entitlement to GI training?

A. Yes. The GI training and loan program are separate benefits. The fact that you have used your training benefit in no way affects your rights to the GI loan benefit. Q. I am a Korean veteran and I

am totally disabled. I want ti apply for the special GI insurance available to handicapped Korean veterans. What type of insurance I get? A. You may apply for five year term insurance, ordinary life, 20 payment life or 30 payment life.

O her permanent GI policies, the endowment plans, are not available to totally disabled veterans. B. Is it possible to get a GI loan to establish a business that I in-

tend to run on a part time basis? A. Yes. It is not necessary that you spend youur full time operating the business. But you will have to satisfy your lender that you probab ly can make a go of the business

to be painless and harmless to the mother's health.

8. Cancer, polio, tuberculosis, the common head cold, flu, heart and circulatory disorders will be solved as is today's typhoid and yellow

9. Most of the major organs except the brain, the heart and the ductless glands will be replacable in the body like a part to a car. The trend is here . . . you read it every

10. The chief cause of death 100 years from now in the 90 year old will be the only needed cause of death. Brain failure of nerves to the heart. Present heart attacks are on the way out. To Natural Science:

11. The Earth will see ever warm er summers and winters. We are on upgrade of a warming trend now. The melting of the polar caps will increase the level of the oceans.
The Earth MAY suddenly some The Earth day tilt 45 degrees due to lessening the weight of north polar cap.
(If this happens O'Donnell m

have ample water . . . salty, of

12. Weather will be controlled to a marked degree. Rain can be in-creased. . . science knows this today.
13. (Here's a wild one) Cars and
The planes will run without fuel. The

Earth is a weak but steady magnet. With controls to reverse the fields of force and amplifying the weak magnetic force of the earth, an object can be repelled from the earth. Planes will be feather-light much like our idea of flying saucers. Elec tronic devices will make most car mishaps impossible to happen The moon will be settled with its first

station within 50 years.

14. Education will include 13 or 14 grades (last two grades equal

to junior college.)
15. High school will be divided into trade and intellectual divisions. Only students of college abil-ity will be allowed to go to colleges all state owned. Germany now as this division.

16. Advancement of T. V. with color and 4-D (smell added) will cause a sharp drop in gatherings of folks in public. The home will again be The Unit as it was in Stone Age.

17. Will the world end. No. It's been rolling in space for an estimated 100 million years. It should be good for that much longer.

18. What will people look like?

Probably slightly smaller and weak er feet, more pronounced forehead due to receeding hair line, people will tend to weigh near that set for health; complexion will tend to be slightly darker.

19. Clothing and morals. The clothing will feature utility and will be lighter. Man-made fibers will largely replace cotton and wool.

The morals of the world will be geared to the world of that time. The trend, except for the dark ages, has been for better and higher morals. It should continue. Since the Sone Age of 10,000 years ago, the world has come a long ways in man's

treatment of man. 20. There will be no jury trials of criminal cases; the lie detector

will be the jury. 21. "Store bought" teeth will be necessary only in cases of accident to teeth as teeth will last the normal life span because of new treatments. False teeth plates will be grafted to the jaw and upper

mouth cavity.

22. You will pay doctors thru
health associations to keep you

health associations to keep you well; when you are ill the health associations will PAY you.

Concluding, man cannot dream remotely the advances to be made 100 years, 500 years, 1,000 years from now. We believe that the clew to what is life will be discovered and will be a form of electrical charge. From there life may be man-made in the lab.

P. S. Travel in space? This is a

This is a certainty.

Tulip Time

In Normal NORMAL, Ill.-A large number of women were busy here recently getting more than 9,000 tulip bulbs ready for distribution among the pupils of the schools and the townspeople who ordered them. The tulips were ordered last spring during the drive to "make Normal a beauty spot of Illinois."

The bulbs came from Holland. They are Darwins in red, yellow and white colors. The price was eight cent a bulb. Some children ordered one bulb of each color, some several bulbs of one color; while grownups gave orders for from one to 100 of one color. Many homes and vacant spots here will be beauty spots next spring.

What this country needs is good cigar that sells for less than 5 cents a puff.

Common sense is the most uncommon thing in the world.

Detter Home Lighting IS AS EASY AS 1-2-3

Good home lighting is important! Important to your health, safety and home enjoyment. And in most cases, acquiring the good lighting that every household needs

is as easy as following three simple, basic-lighting rules.

Proper-size bulbs provide better light for easier seeing. Keep all lamps supplied with the right size bulb. More eyestrain is caused by dim light from small-size bulbs used in reading and work lamps than from any other

Every socket in your home should be filled with the correct size bulb. If you allow empty sockets to appear in your household you cut down the efficiency of light fixtures, and invite accidents in dark areas where little-used fixtures are not kept workable.

A ready supply of extra lamp bulbs on hand

keeps every lamp and light fixture in your house ready when you need them. No more interruptions occur to work or play when you have an immediate replacement for burned-out bulbs.

"CONSULT YOUR DEALER'S CHART FOR CORRECT SIZE BULBS FOR EVERY ROOM. STOCK UP ON EXTRA BULBS . . . AND FOLLOW THESE THREE RULBS

Plans Set For Home Coming Nov. 13th

Final plans are being made för the O'Donnell Ex-Student Home Coming set for Friday week Nov. 13th. Plans include a reception a 2 p. m. at the school with open house immediately thereafter. The annual banquet of the Exes will be at 6 p. m. at the school cafeteria fol lowed by the Eagle - Seagraves game. At half time the Home Coming queen will be crowned. There will be no special speakers at the banquet with more time given to visiting among the returning former students.

First Flight of Pig Is Commemorated

LEWSDOW, Isle of Sheppey-A memorial will be erected here to commemorate the first plane flight of a pig.

Sheppey was the island where British aviation pioneers designed their heavier-than-air machines and where the Short Brothers Aircraft company was founded in a wooden shed. Moore (Lord Brabazon) flew the animal in the first British plane to fly a circular mile, to prove that pigs could "fly."

"He bought it for 70 cents from my grandfather," said a local farmer, Harold Love, who is sponsoring the idea of the memorial. Many persons in the aeronautical world have promised to contribute toward the cost.
