

Big Crowd Expected Here Monday For Trades Day

O'Donnell's regular monthly Trades Day will be held on Monday of next week. First Monday of each month has been observed as Trades Day in O'Donnell for the past several months and a large list of premiums have been given the visitors on the occasions and the free distribution of prizes has been attracting larger crowds on each succeeding day. Those in charge of arrangements expect next Monday's Trades Day to attract even larger crowds than on any previous occasion. Dozens of prizes will be distributed by the merchants of O'Donnell on next Monday as heretofore. Take the day off and come to town and share in the free distribution and enjoy the day with your friends. They will all be here. Besides the free distribution of prizes there will be plenty of entertainment for your amusement through the day. Races, contests, and various other forms of amusement will be going on every hour of the day. There will also be an auction on the ground who will sell anything you bring to town without cost to the owners. So if you have any pigs, livestock, farm machinery, household goods or anything you do not need, bring it to town on next Monday and sell it for cash to the highest bidder. The auctioneer's services will be furnished free by the merchants of O'Donnell.

DEK DELIVERS NEW TELEPHONE DIRECTORIES MON.

The Index on Monday of this week delivered to the O'Donnell Telephone Company the new telephone directories for the year 1930. This year's directory is much neater, larger and more useful than the year last. It contains fourteen pages and covers a well filled with live advertising supplied by the merchants and business men of O'Donnell. A new feature of the directory this year is a complete history of O'Donnell from the time the first post office was established up to the present date.

The Methodist Missionary Society Draw will serve lunch in the old National Bank building on Monday, Monday March 3rd. We will have lunch on that day with the ladies.

WATER FARMING BEING DONE IN THIS SECTION THIS WEEK

Farmers of this section have been busy the past two weeks in this section preparing their land for this year's crop. Up until a few days ago farmers reported that land was being better at this season of the year than it has since 1924 and many farmers were very optimistic over their future prospects. However, this season of the land being dry and many farmers are making the preparation of their land with all possible speed. They hope they will finish before the season is gone.

OF LOVE TO SHINE HERE MARCH 7, 1930

It takes great pleasure in announcing that the Parent-Teachers Association has begun work on a new drama entitled "The Eyes of the World" which will be presented in the school auditorium Friday March 7th. They refuse to reveal very much about it, but indications are that it will be one of the strongest plays ever seen here. Watch this paper for announcements, and don't miss the date.

and Mesdames Naymon Harvey Jordan were Lubbock last Sunday.

Seventh District Federated Clubs Meets in Pampa

SNYDER, Tex., Feb. 26.—It is neither a small honor nor a small task to function as president of the Seventh District of Texas Federation of Women's Clubs. Mrs. J. T. Whitmore has been quite busy these opening months of her administration selecting capable women and those peculiarly fitted for the lines of work which have been assigned them, exercising care to introduce new material wherever practicable and to give representation to every part of the district.

Seventh district, with its forty-nine counties, outnumbers them all. It takes in the Panhandle section of the state and extends southward to the tier of counties of which Scurry is one, as its southern boundary.

The district meeting will be held in Pampa on April 23, 24 and 25. Mrs. Whitmore will leave for that place on February 25 to plan, with the ladies of Pampa, for this meeting. While on this trip she will visit Amarillo and other neighboring towns, where she has speaking dates.

Mrs. Whitmore is stressing the importance of law observance and the organizing of junior clubs. It is also her aim to organize many new clubs and bring them into the federation during her two-year term of office. Eight counties in the district do not now have representation in the federation.

The list of the officers of Seventh district, together with the appointive places which have been filled by the president, is given below:

Officers and Executive Board
President, Mrs. J. T. Whitmore, Snyder.
First vice president, Mrs. Tilman Jones, Post.
Second vice president, Mrs. W. I. Whitel, Canadian.
Secretary-treasurer, Mrs. Howard G. Towle, Snyder.
Appointed members of the board: Mrs. F. T. Collins, Amarillo; Mrs. James Frank, Clarendon.

Board of Directors

- I. Department of American citizenship. Chairman, Mrs. J. E. Griggs, 1503 Jefferson st., Amarillo.
1. Division of Americanization and citizenship training, chairman, Mrs. Edna Bryan, Memphis.
2. Division of law observance, chairman, Mrs. J. P. Mathis, 2003 Tyler St., Amarillo.
1. Department of the American home, chairman, Mrs. J. A. Hill, Canyon.
1. Division of home economics teaching, chairman, Mrs. Edd Rodgers, Claude.
2. Division of home extension service, chairman, Mrs. W. E. Davis, Childress.
3. Division of banking, insurance and family budgeting, chairman Mrs. N. S. McBride, Lubbock.
4. Division of home equipment, chairman, Mrs. W. F. Ezell, Crosbyton.

III. Department of education, chairman, Mrs. C. M. Ballenger, Lubbock.

1. Division of public instruction, chairman, Mrs. W. W. Royalty, Lubbock.
- (a) Committee on physical education, chairman, Mrs. J. C. Thomas, Childress.
- (b) Committee on scholarship and loans, chairman, Mrs. C. M. Holt, Amarillo.
2. Division of state educational institutions, chairman, Mrs. S. W. Meharg, Plover.
3. Division of adult education, chairman, Mrs. W. M. Gray, Clarendon.

City Grocery Changes To Guild System Sat.

Messrs. E. D. Holman and Chas. McConal, owners of the City Grocery have completely remodeled their store, installing new fixtures throughout and the store will be known in the future as the Guild Grocery. Everything looks spick and span, making a much neater appearance and is also arranged to where the customer can walk on themselves the same as other help-yourself grocery stores.

The big opening is announced for Saturday of this week and we ask that you read their half page advertisement in this issue of the Index. Their message will be of interest to you.

City Election Will Be Held 1st Tues. April

The City Council at a recent meeting ordered an election to be held in the city of O'Donnell on the first Tuesday in April which is the first day of the month for the purpose of electing two aldermen. The mayor City Marshal and three aldermen will be hold-overs this year.

The Eastern Star will meet Monday night, March 3, in regular meeting.—Secretary.

Messrs. C. L. Tomlinson, Lee Miller and C. C. Lawler were Sunday visitors in Andrews, Seminole and other points.

O'DONNELL VOCATIONAL TEAMS TO BE TRAINED FOR SPECIAL COMPETITION

PLANS FOR SESSION OF RURAL CARRIERS MADE AT MEETING

TAHOCA, Feb. 26.—Officers of the Rural Carriers and Postal Employees association of congressional district No. 18, which comprises about 52 counties of West Texas and the Panhandle met with representatives of the chamber of commerce here and made plans for the annual convention of these organizations to be held on May 30. Those attending the meeting were: W. C. Foot of Petersburg, president of the Rural Carriers association; M. L. Garrett of Brownfield, secretary; Foster Carroll of Slaton, J. R. Green of Lubbock; Robert Reid, Jess Eubanks and W. E. Suddarth of Tahoka.

Plans were made for a meeting of three hundred rural carriers, postal employees and their wives.

PROPOSED RAILWAY TO LOVINGTON NOT TO BE CON.

AMARILLO, Feb. 26.—J. R. Hitchcock vice-president and general manager of the Santa Fe railway, announced here today that his company will not exercise the permission given by the Interstate Commerce Commission to build 46 miles of line from Seagraves, Texas, to Lovington, N. M.

In the company's original application according to the executive, permission was sought to build into Lovington and also to construct a branch line south into the heart of the southwestern New Mexico oil pool in the belief that oil tonnage would defray operating expenses of the line until agricultural resources were further developed.

At the time the Santa Fe's application was filed, the Texas and Pacific also asked permission to build into the oil field from Monahan. The T. & P. application was granted and only the Lovington section of the Santa Fe application was approved.

AMARILLO FIRM AWARDED CONTRACT FOR NUMBER 7

J. W. Zempter & Company, of Amarillo, was awarded contract on paving of highway 7, between Lubbock and Slaton, yesterday morning at Austin at \$1.98 per square yard, according to a message received by the Morning Avalanche from Senator Pink L. Parish.

"There would be no way of arriving at any accurate figures as to cost of the project based on the bid of Zempter & company, at this time," Guy R. Johnson, local resident engineer, announced yesterday. "Steel work, sub-grading and work on roadways must be taken into consideration for total cost."

Bids ranged from \$1.98 to \$2.40. Bonds for the project, which will cost about \$300,000 will be sold here on March 10.

Lubbock county commissioners have adopted a resolution to execute an escrow agreement to provide the county's portion of the project, which is \$133,460.47, just as soon as funds from the issue are available.—Lubbock Avalanche.

Messrs. and Mesdames Ross Stark and Brian Hood were Tahoka visitors last Sunday.

Publishers Make Final Bow To Index Readers

Terrell Resigns To Halt Impeachment

AUSTIN, Feb. 26.—Hearing of impeachment charges against S. H. Terrell, state comptroller, before the houses of representatives abruptly ended today when Terrell resigned.

The resignation was read by the attorney for Terrell to the house, which then voted to postpone indefinitely further consideration of the charges.

Terrell, pale and plainly showing the strain of the past few days picked up a brief case off the press table where he had sat with his attorneys and walked wearily from the hall. Attorneys had asked a recess to confer, and the general expectation was that Terrell would take the stand to attempt to refute charges that he misappropriated certain state funds.

In postponing action, the house adopted a resolution saying that, "by virtue of Terrell's resignation one of the objects of this investigation has been accomplished, namely, the removal of Mr. Terrell from office."

"By virtue of said fact, a legal question arises as to whether or not the legislature of Texas continues to have jurisdiction of this matter. In the opinion of your attorneys, the facts have been brought to the attention of the people of Texas, the record has been made, and a final action by the legislature on this matter could not accomplish anything except the entering of a judgment disqualifying S. H. Terrell from holding office in Texas hereafter."

The resolution proposing that no further action be taken was signed by Representative Joseph McGill of El Paso, Alfred Patsch of Fredericksburg and Coke E. Stevenson of Junction, who filed the charges of impeachment.

Before the hearing ended Terrell's attorneys read into the record a statement that the comptroller yesterday placed \$5,633.95 in the Austin National bank to cover funds found unaccounted for.

Previous testimony showed Terrell put in the treasury \$5,353.33 of the items represented by inheritance tax remittances which had been placed in escrow, but never returned to the payers or released to the treasury.

Also, copies of letters from Terrell to tax collectors in several counties were read in which the comptroller remitted occupation taxes due them on payments made direct to his department by citizens, and which Terrell advised the collectors he had just ascertained belonged to them.

Eighteen specific charges were preferred against Terrell, the accusations based on revelations of an audit released by Moore Lynn, state auditor, to Governor Moody and the legislature.

He was charged with violation of the law in several particulars in the manner of administering the affairs of his office, also with failing to satisfactory account for approximately \$60,000 of money which it was claimed belonged to the state, and which was cleared through accounts in Terrell's name in two Austin banks.

It was charged that he had misappropriated and diverted to his personal use some of these funds.

MISS HALSEY NOW ALBANY H. D. AGENT

Many friends throughout Lynn county will be interested in the fact that Miss Millie M. Halsey, formerly home demonstration agent here, has recently accepted a similar position at Albany. She writes that her office is on the first floor in the court house, and that she will be glad to see any of her Lynn county friends who happen to pass that way.

Mr. and Mrs. H. Scott spent the week end in Crosbyton.

This issue of the Index will be the last under the present management. Messrs. W. H. Ritzenthaler and Otis Carter of Snyder, Texas, will assume management on March 1st.

The new publishers are both splendid young business men, progressive, energetic and full of the spirit that is essential in the building of a better newspaper—one that the people of O'Donnell and community can point to with pride and be glad to call their own. Our last request is that the people of O'Donnell and community give the new publishers the support they deserve and we feel sure they will, and have no cause for regret.

It is with many regrets that the present publishers retire from this newspaper field from which we have enjoyed three years and nine months of pleasant business association, during which time we have learned to love the country, the town and its people. We believe that O'Donnell has found the best people to be found anywhere. They are the salt of the earth according to our way of thinking. Even though we will sever our connection with the Index on March 1st, we will always have a tender spot in our hearts for the good people of O'Donnell and the O'Donnell Index. Our business relations with the merchants of O'Donnell have been of the most pleasant nature, and to them we attribute the success and progress the Index has made under the present management.

We are content with the knowledge that we have been instrumental in giving to the people of O'Donnell a modern printing plant, one that is capable of taking care of their every need. The town has been blessed with many public improvements during our residence here such as a splendid water system, modern sewer system and natural gas for domestic and commercial purposes, and we are happy to know that we had a small part in the securing of those much needed public improvements.

The retiring publishers are leaving O'Donnell for a larger field of labor, that of Snyder, Texas, where we will be associated with the Scurry County Times-Signal, a partner with Geo. F. (JIMMY) Smith, one of the most widely known newspapermen of West Texas.

One of the things we regret most in leaving O'Donnell are the many friends we will leave behind. We wish it were possible to take all of them with us to Snyder, but that would be robbing O'Donnell of some of its best and most valuable assets. Even though we cannot take them with us, we are proud to know that we will still remain neighbors, and ask that our friends prove themselves as such by paying us a visit as often as possible. We expect to visit O'Donnell often and enjoy the association of our friends if but for only a few hours at a time. Besides we will still have business interests.

Treasurer among our most pleasant memories will be the association we have enjoyed with our many friends in O'Donnell.

We sincerely thank our patrons for the splendid patronage accorded us during our stay in O'Donnell and wish for them health and prosperity throughout this and each succeeding year.

Mr. and Mrs. Carl Cox and son Perry of Grange were O'Donnell visitors the first of the week visiting friends and relatives.

Morris Davis spent last week and is Post visiting relatives and friends.

Messrs and Mesdames Guy Simpson, Burly Brewer were Lubbock visitors Wednesday of this week.

Mr. and Mrs. Harvey Jordan were Lubbock visitors Monday.

Dr. T. A. McIlroy was a Post visitor Tuesday.

Lamesa News

LAMESA, Feb. 26.—The annual banquet of the Lamesa chamber of commerce will be held here March 17, St. Patrick's Day, it was announced this week by W. C. Weeks, director of the entertainment department. No further arrangements for the banquet have been made other than setting the date, it is said. Plans are under way to have 150 farmers in attendance during the meeting. Over 450 citizens of Lamesa and Dawson county are expected to be present, according to Wm. A. Wilson, manager of the chamber.

Dawson county Jersey cattle breeders will meet here soon to determine the number of Jerseys to be exhibited from this county during the Panhandle-Plains dairy show at Plainview April 7-9, it was announced this week by W. W. Evans, county agent.

Lamesa's clean-up drive, which was postponed recently because of inclement weather, will be held here Tuesday and Wednesday, February 25-26, it was announced this week by J. E. Barron, chairman of the civic department of the local chamber of commerce. Nine organizations in the city have lined up in unison to clean the city.

The first airplane owned by a Lamesa citizen was purchased this week. Carrell H. Davis bought a Curtis-Robinson plane and will begin taking flying lessons soon.

City politics in Lamesa are boiling. Five candidates have announced for mayor and six for the two city commissioners posts. Mayor candidates

are E. E. Warren, who seeks re-election, M. Q. Martin, Dr. F. C. Warwick, R. L. Meyers and J. R. Lowrie

Lamesa is being considered as the prospective site for an aviation school. It was learned here this week following the conference between Lamesa's airport committee and two officials of the Southern Air Transport of Dallas. The plan is to establish an air school here to be managed by a local pilot, with possible passenger service between this city and San Angelo.

Lamesa, like Chicago, has her incidental criminal rackets. Here's the

Twenty Years Ago

When we consider the busy thriving town which we call O'Donnell, it is hard to realize that twenty years ago there was nothing here except a stamping ground for coyotes. Their peace was virtually undisturbed except by random riders until May, 1910, when C. H. Doak freighted material from Stanton and built the first hotel. At the same time he and Mr. T. J. O'Donnell began efforts to get a railroad for the prospective city. Failing to interest officials in the almost completed grade from Stanton to Lamesa, they, together with Mr. Charlie Brown of Tahoka, and Judge Mack Lindsey, of Lamesa went to Chicago, where they secured the promise of Santa Fe officials to build a branch line from Slaton to the new town. This line was completed in time for the Fourth of July celebration which took the form of a two-day picnic and barbecue, during which the townsite lots were placed on the market. Dr. A. W. Thompson's home was built, Mr. L. G. Phillips opened the general merchandise store, George Riley opened a drug store, Mr. Vaughn built the first gin, and the little town was started on its career as one of the most progressive in this section. On February 7, 1911, the postoffice was moved in from Central, the old Harris ranch headquarters, and received the name O'Donnell, in honor of the man who helped bring the railroad here.

Until then, all the children had gone to old Six Miles school so-called be-

cause it was six miles east of town, but in 1912 this building was moved into town, and served for three years. The old building is now on the Bob Burdette Presbyterian church, was erected on the present campus, and was used until the ward school was built in 1920. The high school building was erected in 1926, Miss Lydia Dugy, now Mrs. John Randall, was the first teacher, Dr. Thompson, Mr. Gaines Pierce and Mr. Doak were members of the first school board. Misses Birdie Doak, Floy Russell, Gladys Miles, Mabel Harris, and Alma Baldrige were the first graduates of an O'Donnell school.

From 1920 through the next few years, O'Donnell was a busy place indeed. P. A. Womble issued the first edition of the Index on September 14, 1923.

Most of the business buildings as we know them today were erected along about the same time. Our modern conveniences appeared gradually. Mr. Doak operated a "long distance" telephone for some two years, using the Santa Fe fence as his line. Mr. B. L. Blackburn operated the first real telephone system, with his office and residence over the drug store. Singleton's lumber yard opened for business in 1914, and O'Donnell building material and we had Western Union service in 1914. Mr. Day being our first station agent. Twenty-four hour electric service was brought from Lamesa in the

fall of 1924. The fire department was organized in 1926, the city water bonds were voted in 1928, taking the place of the old time city water works, which was a well equipped with a rope and bucket and was located about where the Saderson building is now. This well was very conveniently situated, being close to the old hitching rack as well as the brush arbor under which all the changes held their services. An old timer recalls that during one service when spirited singing was under way, a young couple joined hands and blithely danced to their seats.

From a bare spot on the prairie to a prosperous little city of 2,000 inhabitants in twenty years is no small feat, especially when we remember that during those years the greatest war in history was fought, that the country went through the worst drought in memory of our inhabitants, and that we have had several crop failures. O'Donnell is just reaching the stage when her real growth and development can begin, and with her keen, wide awake business men and loyal citizens, faithful in the support of her institutions, such development is certain. A strong bank, a splendid school plant with a corps of efficient teachers, well-established business houses, and a home-loving citizenry are the forces which are acting with our energies to build up a high class town.

75 teams entered the meet. Cups will be presented to winners during the spring track meet in April.

Workmen this completed a cement basketball court for the Ackerly rural school, twenty-six miles southeast of here, according to County School Superintendent W. T. Webb.

Election of directors of the Lamesa chamber of commerce is being held this week. Mailed ballots will be counted on February 26, the final day of the first primary. Fifteen candidates will be selected during the first primary to be voted on at a later date. Seven directors will be installed in office from the fifteen candidates to replace the seven retiring men. Directors are elected for terms of two years and half of the number is installed yearly. The 1930 election board was appointed from the membership by President W. D. Ar-

nett. Charles F. Brough, former governor of Arkansas, will be the principle speaker during the annual banquet of the Lamesa chamber of commerce on March 17 it was announced here this week by Wm. A. Wilson secretary-manager. Mr. Brough, whose home is Littlefield, Arkansas, is a noted speaker and a prominent statesman of the South. Further plans for the annual chamber fete were also announced this week. The banquet will be served by the Dawson county home demonstration club women under the supervision of Miss Genevieve Chipman, who is director.

An extra effort is being made by the chamber to have a large number of farmers in attendance. Following the death recently of J.

M. Elgeman, farmer of the Hancock community, seven miles northeast of here, neighbors pitched in and plowed a 100 acre field for his widow in less than four hours. There were twenty-five neighbors in the field at one time with 78 head of horses and mules and four tractors.

Rotation of crops is being included in the educational program for Dawson county farmers this year, according to W. W. Evans, county agent. In cooperation with A. H. Merrick, farmer-stockman of this county, the agent is trying an experiment this season whereby the results of the reduction of cotton acreage for substitution of other crops may be studied.

A tract of 320 acres out of Merrick's 1,800 acre farm has been planted in feed crops. 220 acres have been covered with grain sorghums, cow peas and soy beans, alternating

two rows of grain and two of legumes. The remaining 100 acres have been left to sweet clover. Merrick's purpose in the 320 acre farm is to harvest these crops with dairy cattle, sheep and hogs. Plantings have been made at seasonable intervals in order that the livestock may be turned from one crop to another as the feed and forage matures.

Before making the experiment Merrick studied experiment records of others along the same line and visited farmers who had tried it.

"I believe in livestock farming; improvement of soil and rotation of crops," Merrick states, "and I trust eventually to work out this plan as a system that will be more profitable than all cotton to make farming a business."

WIGGINBOTHAM-BARTLETT CO.

THREE IMPORTANT FACTORS ENTER INTO THE COST OF YOUR AUTOMOBILE

- 1. How much it costs to make the car
2. How much extra you pay the dealer
3. How much it costs for operation and up-keep

THE PURCHASE of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

Economy in production

THE FORD CAR is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

Low dealer charges

THE SAME PRINCIPLES of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

NOTE THESE LOW PRICES

Table listing car models and prices: Roadster \$435, Phaeton \$440, Coupe \$500, Three-window Fordor Sedan \$600, Cabriolet \$645, Tudor Sedan \$500, Sport Coupe \$530, Town Sedan \$670.

Low charges for time payments through the Universal Credit Company

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer charges.

Low up-keep costs

IT IS IMPORTANT to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.

NOTICE OF ELECTION

At a regular meeting of the City Council of the City of O'Donnell, Texas, held at the City Hall in said City on the 20th day of February, 1930, an order for an election for the purpose of electing two (2) Aldermen for the ensuing two years was passed and the following notice was ordered published as required by law:

Notice is hereby given that an election will be held at the City Hall in the City of O'Donnell, Lynn County, Texas on the first Tuesday in April, the same being the 1st day of said month, for the purpose of electing two (2) Aldermen for said City to serve for the ensuing two years.

The polls of said election will open at eight (8) o'clock A.M. and will close at seven (7) o'clock P.M. Every person not disqualified by law who shall have attained the age of twenty one (21) years and is entitled to vote for members of the Legislature, and who shall have resided within the Corporate limits of said City for six (6) months next preceding said election, shall be entitled to vote.

W. R. Sanderson, J. M. Christopher, J. R. Mayo and A. C. Fairley are hereby named as officers of said election, and the person first named herein will act as judge of the election, in accordance with the Statutes of the State of Texas governing such elections, and shall make returns thereof as required by law.

Passed and approved this the 20th day of February, A. D. 1930.
 E. M. WILDER, Mayor.
 W. A. TREADWAY, City Secretary.

 High second spelling honor roll: Harvey Lee McKee. High third spelling honor roll: Estelle Sultemier, Viola Culp, Robert Campbell, J. E. Seely.
 We had a Valentine box Friday. Miss Harville's room came up and we enjoyed the Valentine box together.
 Honor roll for Mrs. Shaw's room: Reading, Betty Guy Simpson, Earl Willis, Yvonne Westmoreland, Weldon Curtis, Clois Walls. Arithmetic: J. W. Curtis.

GRAMMAR SCHOOL HONOR ROLL

Those appearing on the honor roll in the Grammar School in Mrs. Shaw's room are as follows:
 Arithmetic: J. W. Curtis.
 Reading: Weldon Curtis and John Holland Stokes.

KNOW TEXAS

The only graphite mine in the Southwest is in Texas, near Burnet. It supplies a considerable part of the graphite produced in the United States.

The greatest distance between eastern and western points in Texas is 826 miles; from the extreme southern point to the northwest corner is 740 miles. The altitude range of Texas is from nothing (sea level) to 9,500 feet.

The most densely populated county of Texas is Dallas with 343 persons to the square mile (1928 census estimate). The most thinly populated is Loving with one person to every four square miles.

Negroes in 1890 represented 29.4 per cent of Texas population. In 1920 they were 15.9 per cent, the rate of increase from 1910 being only 7.5 per cent against 27.2 in the decade from 1890 to 1900.

Texas trappers had their part in the fur coat, made exclusively from Southern furs, that recently was presented to Mrs. Hoover. Many of the 225 pelts used came from the Orange Cameron game preserve near Orange.

Bishop DuBose To Speak At Moody Founder's Week Meet

Hundreds of graduates, ex-students and friends of the Moody Bible Institute, Chicago, will assemble at the institute during the period of February 2-4, at which time the 25th annual Founder's Week Conference will be held in memory of the founder, the late Dwight L. Moody, internationally famed evangelist.

Among the speakers during the four-day convalescence will be some of the outstanding theologians of the day, including Bishop Horace M. DuBose, of the Methodist-Episcopal church south; the Rev. Herbert W. Bieber, D. D., pastor of the Presbyterian church of the Covenant, Bala-Cynwyd, Pa.; the Rev. Charles W. Abel, well known missionary of British New Guinea; H. A. Ironside, Oakland, Calif., a layman Bible teacher and authority of national fame; and the Rev. James M. Gray, D. D., president of Moody Institute, and one of the world's foremost Bible authorities.

Morning, afternoon and evening services will be held during the conference, the Moody president, Dr. Gray presiding at all gatherings. In preceding conferences, thousands of persons have attended the sessions, and indications are that the 1930 conference will eclipse in points of attendance and enthusiasm all previous records.

One of the annual features of the Founder's Week conference at Moody institute is the frequent appearance of the large, mixed-voice Moody Institute choir under the baton of Prof. T. J. Bitticker, of the Moody music faculty. This singing organization is one of the best known in the Midwest.

Three lines of teaching will be emphasized at the coming conference, these being doctrine, prophecy and biblical research, as well as missions and evangelism, all subjects being treated by recognized leaders in each field.

KONJOLA AGAIN TRIUMPHS OVER STUBBORN CASE

"My Experience With New Medicine Was Amazing," Says Farmer, Aged 68

MR. JOHN OELRICHS

"For years rheumatism in my legs and hips made it practically impossible for me to get about," said Mr. John Oelrichs, a farmer residing on Route No. 2, Mora, near Sedalia. "The pains and swelling in my limbs and joints were frightful at times. My kidneys, too, were weak and I was subjected to frequent night risings. My nerves were shaky and my general health was gradually becoming undermined.

"I tried many medicines without avail until I heard of Konjola. My experience with this great medicine was amazing. My nerves improved from the very beginning and my kidneys soon began functioning properly. The pains and swelling from rheumatism grew less and less, finally disappearing altogether. Today I am free of all my ills and, although 68 years of age, get about with less trouble than many younger men."

Konjola is sold in O'Donnell at Whitsett Drug Co., and by all the best druggists in all towns throughout this entire section.

HELPING TO BUILD TEXAS

The Southwestern Bell will spend \$19,000,000 in extensions, improvements and general betterments in 1930, a considerable increase over what it spent in 1929.

Work has been ordered started on the 58-mile Rock Island extension from Dalhart to Morse, an outlay of \$1,500,000. A two-mile spur track to serve the Cedar Park Quarry has been started by Texas Quarries, Inc. which now has an Austin payroll of \$4,000 a week.

WANT ADS

FOR SALE—100 bushels Half and Half cottonseed. This is well matured seed of first picking. Picked (not bollies). \$1.00 per bushel. Also three tons of good maize \$20 ton at farm 3 miles north of Newmore. See G. C. McPherson at Recall Cafe.

FOR SALE—Windmill, tower, 50 gallon tank, 90 feet of piping, everything complete. Price \$100. See W. R. Sanderson or Naymon Everett.

FOUND—Man's black purse between railroad and Mr. Lester's blacksmith shop by Mr. Ezra Bean and Mr. Wilson, Feb. 11th. Owner can have same by calling at the Index office, identifying and paying for this ad.

Party borrowed from H. T. Gooch farm Oliver 3-disc breaking plow, belonging to W. L. Palmer. Please return at once to W. L. Palmer Implement Co. 21-rtc

FOR SALE—Well matured cotton seed, 1 bushel. See Grover Sutton, O'Donnell, Texas. 21-5tp

FOR SALE—White Leghorn eggs from M. Johnson's Special Matings. 200 to 250 egg strain. \$4.00 per hundred. Mrs. C. L. Tomlinson, O'Donnell, Texas.

Alamo Iron Works and Aransas Compress Co., will spend \$500,000 at Corpus Christi on improvements and enlargements. Grapefruit juice plant near Donna is nearing completion, helping to solve the problem of off-sized fruits.

"Pea King" is the title conferred upon J. B. Berry of Henderson county, not only because he has made a success in growing and marketing the black-eyed pea, but because he evolved a process whereby, through removing dirt and trash easily made them sell better.

"Improved varieties sold for 40 to 50 cents a pound, native pecans going for around 16c," says a pecan story in the Dallas News. Quite an object lesson on the value of budding, top-cutting and care in pecan orchards, isn't it?

Heal Those Sore Gums

Even after pyorrhea has affected your stomach, kidneys and your general health, Leto's Pyorrhea Remedy, used as directed, can save you. Dentists recommend it. Druggists return money if it fails. Whitsett Drug Co.

EVERYONE KNOWS THE
M-System Stores

ARE HOME OWNED

If you will come around we will tell you all about it.

Mr. J. N. Line and Boss Johnson own the "M" System Store at O'Donnell. J. N. Line has lived here for twelve years and has been in business three years, and has paid as much taxes and given to churches and charity as the bunch that don't know what they are talking about has. Boss Johnson has been here two years in business and most people know him.

There are hundreds of "M" Stores operating in fourteen Southern States that have nothing to do with us and we are having nothing to do with them, except by pooling our orders together which enables us to force the manufacturer to sell us cheaper than he would otherwise. Therefore we are enabled to compete with any foreign chain store that might come to our town. Each store in each town owns his own store, separate and distinct from every other "M" Store.

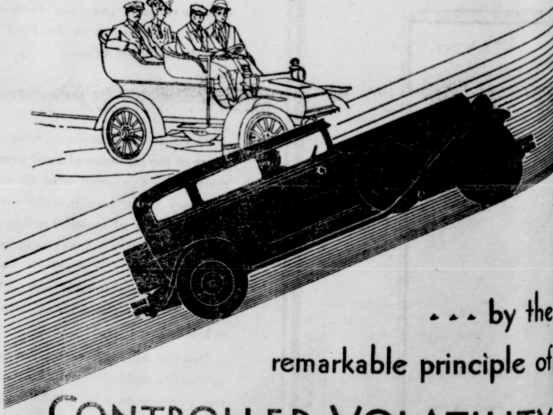

WE WILL HAVE SOME HOT PRICES FOR SATURDAY! COME AROUND AND SEE FOR YOURSELF.

REMEMBER

The Market Department is operated by Mr. Everet who is always ready to serve you with a smile

Registers Play Safely, Happily Sheltered From Winter's Blast

Youngsters, these, driven in by winter blasts, but playing cozily and contentedly on the living room rug.

These are the days when ill-health is around the corner, in spite of everything written and said about the fatal nature of winter weather. Dry days, drafty rooms, are menaces to such kids as these. Their little bodies easily can be given a hand now.

So wise mothers see that homes are cozy to give the shelter youngsters need. There is no more they will have to play on a drafty floor when the home is safely heated. Now oil-burning stoves being used, stoves that burn cleanly, with no dying-down of cooling of the room and "poking" the fire again. Because of construction, there is such cir-

ulation of heat currents that stoves once cold and drafty are as smoothly and thoroughly heated as the rest of the room.

Because the oil they use will extinguish a lighted match thrown into it, these new stoves are as great property protectors as they are health safeguards. A large share of America's fire loss is in homes. One-third of it occurs on farms and in rural communities, more than \$150,000,000 annually.

With no moving parts, no electrical connections, these Diet-O-Stoves, as they are called, can be set up anywhere, more easily than the old-fashioned base-burner," said C. U. Williams, Bloomington, Ill., the manufacturer. "From dealers all over the country we learn almost countless ways in which they are being used. They are popular, for instance, in home garages."

SOCIETY

Mrs. Homer May Entertains In Honor of Her Little Daughter, Francis

On last Saturday afternoon Mrs. Homer May entertained in honor of her little daughter's birthday. After opening the many packages and admiring their contents the children played games of various kinds. Candy and soda pop were enjoyed throughout the afternoon while the children were playing miniature baskets of candy were given as favors. At the appointed hour lovely refreshments consisting of cake and cream were served to the following: June Gibson, Leona Holman, Marilyn Roberts, Hope Shook, Mary Louise Singleton, Lena Mae Singleton, Mary Louise Cowden, Margaret Louise Johnson.

Weldon Curtis, William Edward Singleton, Raymond Kelly Curtis, Sonny Boy Bowlin, Sonny Boy Gibson.

George Washington Party

A delightful party was given at the home of Dr. T. A. McIlroy, by their daughter, Alline Saturday night honoring the freshmen of the High School.

Out of town guests were Mr. and Mrs. William Jessie and Miss Waldene Ellis, from Slaton.

The color scheme was carried out in the refreshments, with red and white sandwiches and blue lemonade.

There were about sixty young people who attended the party.

T. E. L. Class

The T. E. L. class met with Mrs.

Hinkle Thursday afternoon in a business meeting and social hour. Following the business meeting delicious refreshments were served consisting of hot chocolate with whipped cream, sandwiches and chocolate and coconut cake, to the following: Mesdames Vermillion, Wyatt, Middleton, Nelson, Jones, Anderson, Caviness, C. C. Lawler, Musick, Yandell, Goddard, St. Clair, Witherspoon and the hostess, Hinkle, Ballew and Edwards.

WOODY NEWS

It seems that spring is here as we are having a good introduction with a sand storm today.

Sure need a good rain. Several are plowing, though some have had to quit plowing. It is so dry.

Mr. T. Holcomb has bought a Case tractor and is breaking out some sod for the White brothers—some land they have leased.

They are grubbing and breaking out about 200 acres this spring.

Mrs. Mack Hancock and daughters went to Lubbock Monday to have the daughters eye treated. The doctor thought her eye was out but found out it was not.

T. Holcomb and family went to Five Mile country Sunday, their old home to visit friends.

There was a large crowd attended B. Y. P. U. Sunday night and report a fine program.

The basketball teams are playing some interesting games with other teams. We didn't learn the name of

the other teams.

Our school is progressing fine. There will be preaching Sunday morning and night. Singing Sunday evening. All lovers of song service are invited to come.

Sunday school Sunday morning. B. Y. P. U. Sunday night. Everybody is invited to attend.

DECLARED DEAD AFTER THREE DECADES

BENTON HARBOR, Feb. 26.—"King" Benjamin Purnell, who died three years ago according to state records, was pronounced dead today by H. T. Dewhirst, successor to Benjamin, temporary manager of the Israelite Home of David.

The "King" who taught there would be everlasting life for the Israelites, and whose body has been held in state since his death awaiting resurrection is gone forever, Dewhirst sadly admitted. With his demise an accepted fact, the lure of immortality has been effaced from the teachings of the colony.

Light
Visualizer.
Decorator.
Artist.

Possibly the greatest contribution which has been made to modern civilization is the electric light. It has turned night into day, increased the efficiency of man's work, made possible comfortable and healthful hours of reading as far into the night as man has felt the urge to follow his studies or his pleasures.

The modern Texas home is a palace of light. Through the use of proper light the simplest home becomes a shrine of beauty. Light is a decorator and an artist.

The home with light, properly located and rightly diffused, is made comfortable, healthful and beautiful with very little expense. Simple furnishings, simple decorations take on new qualities when given the proper lighting background.

The Texas Electric Service Company has made a special study of lighting for the modern home and would be glad to work with you in giving your home the best possible lighting arrangement at the lowest possible cost.

When you have really given serious thought to the lighting possibilities of your home you will be delighted with the changes that can be economically made.

MUSIC PUPILS TO BE IN MUSIC CONTEST FEB. 28 CONTEST AT LUBBOCK

LUBBOCK, Feb. 26.—Friday and Saturday, February 28 and March 1, 175 music pupils between the ages of eleven and fifteen years will compete in piano contests in the annual South Plains music festival here.

The contests are sponsored by the South Plains music teachers association.

Next week, March 8, piano contests for pupils of sixteen years and over will be held. Almost as many have enrolled for this contest as for the one this week.

On March 15 the youngsters between the ages of five and ten years will compete in piano contests.

The festival will officially close on March 22 after contests for students of voice and violin and piano ensemble have been held.

As the outstanding feature of the contest this year the music teachers association is bringing to South Plains music lovers Mrs. H. D. Garner, member of the American Guild of Organists, who will give free organ recital at the First Methodist church here on the evening of February 28.

More interest is being displayed this year than ever before according to Mrs. Lillian Butler of Slaton, president of the music teachers association, and a greater number of contestants are expected in each of the contests, and more people are expected to hear the contestants as they compete.

CENSUS REPORTS FOR ABSENT FAMILIES

Census bureau makes special provision for enumeration of families planning to be away from home the month of April.

The fifteenth decennial census of the United States will be taken during the month of April. The enumeration will be made by a force of about 100,000 enumerators who will go from house to house and secure the information required for the census. Every person is to be enumerated, so far as possible, at his "usual place of abode" or the place where he usually lives. Where individual members of a family are away from home at the time the census taken they will be reported to the enumerator by other members of the family.

For cases where it is known in advance that the whole family will be away from home at that time, special provision has been made by the director of the census in the form of an absent family schedule which is to be filled out by some responsible member of the family in advance of the census date and transmitted to the local supervisor of the census. A copy of this schedule can be secured by application to Mr. Irwin E. Barr, of Lubbock, Texas, who is the census supervisor for this district. Families planning to be away during the month of April, leaving the home closed or with no one in charge who is qualified to give the census information to the enumerator, are urged to ob-

tain one of these schedules at once and to fill it out and send it to Mr. Irwin E. Barr at the earliest possible date. Or if the house is left in charge of a servant who will be sure to be at home when the enumerator calls, the schedule may be left with such servant for delivery to the enumerator. The information furnished on this schedule will be treated as confidential and will be used only for the tabulation of statistics which will not reveal any information with regard to individuals of families.

"SONNY" COMING

The readers of the O'Donnell Index will soon have a chance to see the well known comedy drama of the California-Mexican border — "Sonny." Three acts of mystery, thrills, tears, and laughter.

Sonny, the young mistress of a ranch in California, becomes abashed with the notion that El Malo, a dangerous Mexican outlaw from across the border, is responsible for her mother's death. She escapes from the loving protection of her foreman and rides alone in pursuit of the

desperado, when—but see the rest at the Berry Flat school house, Friday, February 28, at 7:30 o'clock.

Special music and vaudeville numbers will be furnished between acts. We assure you an evening of wholesome entertainment. And its free!

The cast of characters is as follows:

- Francella — housemaid at the ranch—Vesta Gloghorn.
- Pingree Tucker — ex-marshal—Clarence Isaac.
- Bud Williams — ranch foreman—Buster Fletcher.
- Caroline Dodson — Jacqueline's teacher — Juanita Parker.
- Robert McCord — interested in real estate — Kennon Fuller.
- Herreck Hein — a writer—Neuborn Summers.
- Jacqueline Christy — (Sonny)—Estelle Brandon.
- El Malo — Leader of the outlaw's —Houston Brandon.

MEN'S AND BOY'S STORE

CONSTRUCTION WORK IN LAMESA GOING STRONG

LAMESA, Feb. 26.—With five building projects under way at the present time and with several others planned, labor in Lamesa is enjoying a busy season. Construction work in this city is numerous.

Five projects, totalling \$393,500, are being built by contractors in this city now. The powdered milk factory at a cost of \$200,000, is rapidly nearing completion and will probably be in operation by May 1, according to Harvey C. Allen, contractor. Officials of the West Texas Dairy products company say that this plant is one of the most modern of its type found in Texas.

The Texas Electric Service Company is erecting a high voltage line between Lamesa and Big Spring. Although the company has made no statement it is believed that this line will cost near \$100,000.

Paving in Lamesa was being continued this week. \$80,000 will be expended in hardsurfacing the streets here. Nine blocks have already been completed with seven others planned. When the project is completed all of Lamesa's business section will be paved and parts of the residence section. Thirty-two blocks of paving will serve Lamesa.

The Baptist parsonage, part of a \$75,000 building program for this city at a cost of \$7,500, was being constructed this week. The structure will be of yellow face brick, to correspond with the proposed new Baptist church to be erected sometime during this year.

W. B. Collins, prominent merchant here and vice-president of the chamber of commerce, will move into his new home on South First street soon. The structure, costing \$6,000, is a brick veneer and modern in every detail.

Tentative projects include the enlarging of the high school gymnasium, plans for a city recreation and athletic park, a new Baptist church and probably a new Federal building. Numerous business houses here have been remodeling their homes. Five stores in one block have been remodeled during the last three months. Lumber yards are also painting their structure while homes are undergoing "spring cleaning."

A move for a paved sidewalk here is being sponsored by the Civic Department of the chamber of commerce. It is believed that more sidewalks will be laid here this year.

HIGH INVESTMENT RATE FOR INSURANCE COMPANY

DALLAS, Feb. 20.—Investments of the Texas life insurance companies for January indicate a high investment rate for the season.

Real estate loans made by these companies are fairly well divided as to districts, North Texas taking up 25 per cent; South Texas 17 per cent; West Texas 26 per cent; East Texas 27 per cent; and out of state loans but 5 per cent; a total of \$309,710 or 27 per cent of the total invested. Investments in bonds and stocks were unusually high, representing 31 per cent of the total investments for the month, or \$363,950.00.

Policy loans led all other with 42 per cent of the total, or \$494,598. An examination of these loans indicates that a great many are being made for the purpose of financing new crops. Previous years have indicated that loans for this purpose are usually high in January.

The total of \$1,168,258 for the month is an indication of the increasing amount available from the funds of Texas life insurance companies for investment in this state.

COURT DOCKET WILL BE LIGHT SESSION IN TAHOKA

(Lynn County News)

With a light criminal and civil docket to be disposed of at this term, district court convened here last Monday morning, with Judge Gordon B. McGuire on the bench and T. L. Price present to represent the state.
The first work of the court, as usual, was to empanel a grand jury. The following twelve men were selected as members of that body: J. W. Elliott of Tahoka, foreman, D. G. Cook, J. D. Martin, J. E. Sherrill, A. R. Hensley, and Grady Lemond, all of Draw, W. E. Guse of O'Donnell, Robert Kagan of Joe Bailey, C. A. Coleman, J. R. Hamilton, and Frank Crews, all of Wilson, and J. K. Callaway of Tahoka.
The charge of the court to the grand jury was replete with sound advice and valuable information. It would be a great thing for Lynn county if the entire citizenship of the county could hear the charges which Judge McGuire gives to the grand jury empaneled and sworn here twice each year. It would make of us better and more intelligent citizenship.
Fortunately there were no serious crimes, we understand, to engage the attention of the grand jury and it completed its work on Tuesday. This was perhaps the shortest session of the grand jury held for a number of years. There has been quite a bit of petty thieving, we are informed, but it is not known whether these matters were gone into by the grand jury or not.
No petit jury is ever summoned for the first week of the term here. Several divorce cases were heard and divorces granted by the court Monday.
The Adlee Roberts case, we understand, has been set for trial next

Monday. District Attorney Price is disqualified to prosecute a case, since he represented defendant prior to his election as office of district attorney. Firm of Lockhart & Co. special prosecutors in this they will be assisted by attorney G. H. Nelson. charged with the killing Petty near O'Donnell ago.
The regular criminal docket for the third week, March 10. There are several cases on the docket, which may be called for trial, including jury case and violations of laws.
The case against Mrs. Turner, charged with the murder of her husband near Wilcox years ago has been set for March 10. A special venire is to be summoned.
The following settling docket has also been set for third week, March 23: Patton vs. Collins, Monday.
Cooper Cotton Co. vs. National Bank of O'Donnell, Monday.
Bartley vs. Radford, Monday.
Poston vs. Keltner, Monday.
Neugebauer vs. McMillan, Wednesday.
Campbell vs. Western, 816, Wednesday.
Mrs. R. E. Painter of O'Donnell visitor Monday week.
Dr. and Mrs. Fernal are spending the week folks at Fort Worth.
Mr. and Mrs. Guy Mr. and Mrs. Burley Lubbock visitors on this week. Mr. Simpson a meeting of the Phillips this district at Lubbock day.
Quite a number of O'Donnell visitors Monday week.
Mr. and Mrs. William Miss Waldene Ellis of delightful guests in the home of A. Melroy over Sunday afternoon by Mrs. Melroy.

Vancouver Island's Steelheads Test Angler's Skill to the Limit

for the tackle used, usually employed for salmon or trout very light—three or four pounds of very fine strong line, aluminum fly and a rod. When the angler poses the cunning and strategy of a 16-pound steelhead fighting to a fish in waters he is well aware the battle royal on his hands. During the early winter steelheads are caught in streams and rivers on Vancouver Island—in the Cowichan in December and January; in the Truett River in February and March. The steelhead is probably greatest fighters known, characteristic strike is 20 to 50 yard dash on bottom then he takes the fisherman's prize by leaping high in the air, his beautiful coloring and the skill of the angler is put to the test. Through the fisherman's tactics, he must be prepared to continue his fight, existing tonight. Vancouver is reached via the Canadian Railway to Vancouver. "Prize" steelhead to the angler can proceed by other means to the
