OF THE MOON

Continued from Previous Column)

The sun came up, I never saw a sunset only a muddy sun in the west. In the dust bowl there was only a sad quarter moon by.

Early SCS field men would be at an "ungodly" hour and the "dust bowl" before the sun got up. By ten in the morning the field men would be in the office sick of the dust. Many of the friends died of the so-called "dust fever"—a fungus of the soil.

In the dust bowl of the '30's there was an area of that of New State taking in most of East-Central, much of northern Mexico, all of the Texas Panhandle and all of the Oklahoma Territory. Then, as now Highway 40 ran thru the middle of the bowl.

At the time the surveyors used a method for mapping soil. The dust and wind made making a survey quite impossible. In the next few years aerial photography were in use and progress was rapid.

There is a most remarkable criticism using the facts of soil types. It was devised to "rough" the soil surface and slow the flow of the wind. Next week I tell of a true life mystery as it was in a farm home. Another could be written of "The Ed."

To brag — The Ed was offered to write a column to the Index. I turned it down because writing becomes work I will do nothing to do with it.

One night or two ago I met my wife and my gal at the Lubbock airport. The flight was over two and a half hours late. After walking myself blind, I knew there was a story to be had.

I asked a ticket agent to admit (press card shown) to the control tower of the port. After climbing a "million" steps and passing all kinds of "security" I reached the nerve center of the tower.

In a room hardly larger than a living room was a vast expanse of gadgets. The personnel were largely from the armed services but are now civilians under Government Agency.

Much of their equipment is classified. One cute gadget was a dial where a man can write a message in SCRIPT and be received to the Weather Bureau in SCRIPT. Teletype writers are old but still being used.

In the event of fog, storm, etc. the electrical system is such that a plane can be "talked down" under control of the men in the tower. The chance of a plane "head-on" is remote due to the many automatic guidance systems. The men in the tower were all reserve men—less than 40 years of age.

In later checking I found that pilots began at \$2500 a month and prop pilots at \$1800 a month. Without a few exceptions the pilots were "service" trained. It is estimated it costs the taxpayers \$200,000 to train a pilot and when he receives less than \$800 a month. This is certainly something for Geo. Mahon to think about and for Great White Father, LYNN DON B. JOHNSON.

HALL ROBINSONS IN WRECK

In a mishap near noon at the North "Y" Hall Robinson, 79, and wife, Ethel, 77, both of Tahoka, escaped serious injury when their car was in collision with one driven by Donnie Morrow of Lubbock. Mrs. Morrow and two year old daughter were treated for minor cuts. Mr. Morrow was not injured. Mr. Robinson suffered a broken collar bone and Mrs. Robinson suffered a broken collar bone and head injuries. They were admitted to the Tahoka hospital.

Mr. Robinson was crossing the "Y" coming into town when the mishap occurred. The sun was bright and both cars were an off-white color, probably accounting for lack of visibility.

The North Y in years past have accounted for many mishaps as traffic merges there from north, south, east and west. A warning light is urgently needed as the junction is one of the most dangerous on the lower plains.

AIRMAN MAHURIN ENDS TRAINING COURSE

Amarillo — Airman Third Class Meredith N. Mahurin, son of Mr. and Mrs. E. C. Mahurin of O'Donnell, has been graduated from the technical training course for U. S. Air Force jet aircraft mechanics at Amarillo AFB, Tex.

Rev. R. A. McQuary and wife, pastor of the Church of the Nazarene, attended a pastors and wives retreat at Glen Rose Camp meeting grounds Monday through Wednesday.

Mr. and Mrs. Wayne Clayton left by air Sept. 30 for New York where they visited for four days. Oct. 4th they flew to Scotland where they will visit with relatives for the next three weeks.

They will tour Scotland and England and attend a wedding in London. Mrs. Clayton was born in Dunoon, Scotland and will visit the house where she was born and left at age 4½.

In 1957 the Claytons' daughter, Janis and her grandmother, Mrs. Stewart of Chicago, visited in Scotland. Mrs. Stewart is visiting here with Wayne Allen Clayton.

Mrs. Ruby Tidwell visited her sister and brother at Smyer this weekend.

Mrs. Stegall visited at Trent Saturday.

Mr. and Mrs. Harvey Line were in Houston last week for the funeral of her sister, Mrs. Jewel Holland. Another sister, Mr. and Mrs. Blanton Street who are staying at Port Aransas were there for the funeral.

Mrs. Lola McKee is visiting her daughter, Mrs. Hubert Standefer and family near St. Louis, Missouri.

SS AMENDMENTS FOR STUDENT'S AGE 18-22

The Social Security Amendments of 1965 make an important change in the law as it applies to students age 18 to 22, which may enable many young people to continue to receive social security benefits while finishing their education. According to John G. Hutton, District Manager of the Lubbock Social Security office, "The son or daughter of a deceased worker or retired or disabled worker may now receive child's benefits up to age 22 if he or she is unmarried and a full time student." This provision is effective January, 1965, and enables a student to receive these benefits for several months retroactively in early 1965 even if they are no longer in school or have married since January 1965.

Even though there were no children under age 18 at the time of the wage earner's death, monthly benefits may be payable to children under age 22 if in school. School can be any accredited high school, college or vocational school. "More than 400 applications have been filed in the local office," Hutton said, "but it is believed there are still many students who are eligible for these payments."

Information about this and other changes in the social security law is available at your local Social Security office at 3428 Avenue H, Family Park Shopping Center in Lubbock.

JUNIOR HIGH PLAYERS

Eighth grade — Tony Ballew, Kelly Barnes, Willie Benitez, Ronald Brownlow, Ronny Gardenhire, Mike Harris, Bobby Knight, Ivan Line, and Charles Thompson.

Seventh grade — Louis Amaro, Maxey Bairrington, Benny Barton, Gary Cartwright, Johnny Casarez, Barry Clayton, Johnny Conrad, Jerry Deo Franklin, Joe Hoskins, Benito Lopez, Roger McKenzie, Mike Mensch, Frank Olvera, Steven Vestal, Jerry Webb, Gary Winters, and Billy Wood.

WARNING

Children following the City spray machine on bicycles or running, are not only in danger of being hit by passing cars and being caught in machinery of the sprayer, but it could be a health hazard.

Please do not follow the spray machine in the future. — T. J. Hash, Mayor.

1946 STUDY CLUB HAS FIRST MEETING

The 1946 Study Club opened the year Sept. 11 with a very colorful brunch in the Community Center.

Ruth Bates, the program chairman, introduced the guests which were the senior girl scouts and their leader. They showed pictures of their trip to Mexico City. Each girl and leader gave comments on the trip. The table was decorated with items brought back from Mexico. The place mats were made of straw by the Girl Scouts.

The program was closed by Pam Singleton. Eight girls and three leaders were present. Mrs. J. W. Gardenhire closed the meeting with a short business meeting.

STUDY CLUB HAS MEETING SEPT. 28

The 1946 Study Club met in the Community House Sept. 28. Hostesses were Mrs. Clyde Edwards, Mrs. J. W. Gardenhire, Mrs. Homer Hardberger, Mrs. W. E. Tredway.

Mrs. Lorene Thompson gave an enjoyable talk on beautification of the home and community.

Twenty members were present and were served apple pie and coffee from a table decorated with Fall flowers.

The next meeting will be Oct. 12 in the home of Mrs. Wayne Carrol.

GIRL SCOUTS HOLD NEIGHBORHOOD MEETING

The regular Girl Scout Neighborhood meeting was held October 1 at 9:30 a. m. in the home of Mrs. Pete Woolam.

Those attending were Mesdames J. W. Gardenhire, W. H. Cook, Howard Owens, Jr., W. E. Singleton, Jr., J. D. Stewart, Jr., C. F. Thompson, Jr., J. T. Woolam and James Russell, our Caprock Council Counselor.

Anyone interested in scouting is invited to attend these meetings as they are informative as to what our girls are doing as scouts.

The next meeting will be November 5 at 9:30 a. m. in the home of Mrs. W. E. Singleton, Jr.

JUNIOR GIRL SCOUTS

Troop 74 met Wednesday afternoon in room seven. We discussed what pins we are going to work on. We also selected our troop names. Sarita White's group chose the "Peabodies" as their name. The other group chose the "Rabbits" as their name.

Mrs. Cook, our leader, has two helpers, Katie Garrett and Libby Cook.—Reporter, Elaine Traylor.

Palo Duro Show Met Big Response

Canyon — Final presentation of Palo Duro Canyon Amphitheater's "Thundering Sounds of the West" for this season climaxed an amazing first-run summer theater event.

Box office records show that 35,938 people enjoyed the light and sound production in Palo Duro Canyon State Park.

The seating arrangement planned originally for 1,000 had to be expanded by 300 early in the season and that still wasn't enough. The closing three performances saw crowds of approximately 1,500 each.

The cast drawing all this attention was made up entirely of local talent, observed W. M. "Mark" Gosdin, assistant director for the parks of the Texas Parks and Wildlife Department.

Mrs. Herbert Ray and a niece from Seagraves were here visiting Sunday.

CAN YOU SPARE 3 SECONDS

That's all it takes to add ZIP Code to your address. ZIP Code is a time and money saver. It takes a short cut through the Postal System, and assures earlier deliveries.

JUNIOR FIRE MARSHALS LAUNCH CAMPAIGN

To thousands of school children across the nation "back to school" will also mean back to their roles as Junior Fire Marshals for another year of fire prevention and safety in the home, at school, and at play. Schools in O'Donnell are among 15,000 that are participating in the annual safety program sponsored by The Hartford Insurance Group. The Junior Fire Marshal Program here is coordinated through Elvin R. Moore of the Moore Ins. Agency, in cooperation with local school and fire department officials.

Among the Junior Fire Marshal's first projects will be a thorough inspection of fire and other safety hazards in their homes. With the aid of a check list, and under the guidance of their parents, the boys and girls will be looking for such common causes of fires and accidents as frayed electrical cords, overloaded electrical outlets, paints, varnishes and other flammable liquids in open containers or stored too close to furnaces, loose floor boards, faulty staircases and the like.

Discount Offered On Tax Payments

Lynn county taxpayers may save three percent on state and county taxes by paying these taxes in October, states George McCracken, Lynn county tax assessor and collector.

The deduction will be reduced to two percent for November and to one percent for December. In January, the full price will be applicable, and after January 31 penalty and interest must be added according to state law.

Texas citizens still pay poll taxes to vote in state, county, city and school district elections. Citizens are reminded that poll tax fees are not included in tax statements mailed out to property owners.

A person may vote in national elections by registering as a voter.

Extra prints very reasonable. Also will photograph weddings, parties, reunions, etc. in B&W or color.

GET THOSE CHRISTMAS PICTURES NOW. I will take pictures for photographic cards, FREE.

Drop a card in the postoffice for appointment.

Have pictures from the football game.

DID YOU KNOW THAT:

In 1951 the Texas Forest Service launched an extensive program in tree improvement research. It was the first Southern state forestry agency to undertake this type of research. Much credit for financing the program is due units of the forest products industry. A laboratory and greenhouse on the campus of Texas A&M University is the operations center for this program.

O'Donnell 4-H Is Observing Week

The O'Donnell 4-H Club is observing National 4-H Club Week along with 94,800 other 4-H Clubs.

In observance of the week 24 club members and six adult leaders attended church services together at O'Donnell Methodist Church last Sunday where they received special recognition by the pastor, Rev. Robert Brown.

Throughout the week special posters will be displayed in various places in Tahoka and O'Donnell by club boys and girls. Two of these may be seen in Collier, Parker Pharmacy and C. Edmund Finney, Photographer.

LaNita Wood is chairman of the group working on special activities for the week. Those helping are Tandy and Benny Barton, Kent and Billy Jack Wood.

At the recent O'Donnell Fair the 4-H Club sponsored the Children's Barnyard, Turtle Race and a bubble gum blowing contest. All three events proved very successful, drawing a record number of boys and girls to the fair.

Club members set up two exhibits at the Dawson county Fair, the educational exhibit winning a blue ribbon and the agricultural exhibit placing third. A number of the club members also had in individual entries in various divisions at O'Donnell, Dawson county and South Plains Fairs. Members working on exhibits were Agricultural, Kent Wood, chairman, Benny Barton, Billy Jack, and Kevin Wood. Educational LaNita Wood, chairman, Tandy Barton and Sharon Payne.

The deduction will be reduced to two percent for November and to one percent for December. In January, the full price will be applicable, and after January 31 penalty and interest must be added according to state law.

Texas citizens still pay poll taxes to vote in state, county, city and school district elections. Citizens are reminded that poll tax fees are not included in tax statements mailed out to property owners.

A person may vote in national elections by registering as a voter.

4-H NEEDS YOU

By Benny Barton

If you are between age 9 and 19 years, 4-H needs you as an active club member. If you are past 19, 4-H needs you as an adult leader.

4-H Club work can be as big or as little as you make it. There are many projects to choose from, whatever you are interested in 4-H has a program for you. Club members work individually and in groups to learn new skills and attitudes, leadership, citizenship, sportsmanship and responsibility.

County agents, parents, adult leaders and sponsors and donors make 4-H Club work possible for all boys and girls. They give a lot of time and talent voluntarily. Take advantage of the opportunities 4-H offers you. Join a 4-H club during National 4-H Club week. Contact our county agent, or any adult leader or club member. They will be glad to help you.

Mrs. Brenda Bowles and Jamie are visiting Mr. and Mrs. Morris Bowles.

Randy Allen, Joe Emerson, Judy McKinney and other college students were home for the weekend.

ROTARY NEWS

The O'Donnell Rotary Club met Tuesday with President Truett Hodnett presiding. Visiting Rotarians were R. B. Saell, Windy Beckham, Wesley Hickay, John Ager, and Owen Taylor of Lamesa. Mrs. J. Gardenhire was a guest.

"Open your eyes to the World around you" was the International Camp Theme of the Scout Cabana recently held in Cuernavaca, Mexico, so reported three very charming young ladies, Misses Jimmy Gay Gardenhire, Libby Cook, and Pam Singleton showed the film and told of interesting events that took place while they were with the O'Donnell Troop 104 in the fascinating country South of the Border. Part of the thrill for these Senior Scouts was in meeting other Scouts from Kansas, Guatemala, Brazil, Mexico, Illinois, Massachusetts, and Argentina. The love and friendship was felt so strongly between these young ladies, that when parting time arrived, many tears were in evidence. Part of the dislike that is now in other countries about the people of these United States is brought about by the American tourist. The Rotary Club feels that O'Donnell, as well as Texas and the U.S.A. was well represented by Scout Troop 104.

A letter from London tells that many homes are still built on the Anne Hathaway Cottage style. These cottages have the chimney corner similar to the Anne Hathaway Cottage of Stratford-On-Avon.

A magazine from India shows the similarity of the American adds, recipes and love lorn columns.

Several members will attend the State Fair at Dallas beginning Oct. 11. LaNita Wood will participate in the State Dress Revue held in conjunction with the fair. She is one of four winners from District II Dress Revue. Those from O'Donnell who will be exhibiting livestock in the junior division are Randy Bessire, Bengie and Jack Williams, Tandy and Benny Barton, Kevin, Billy Jack, Kent and LaNita Wood and Mary Moore.

A person may vote in national elections by registering as a voter.

Bigger Vehicles On Roads

Legislature has seen fit to the operation of longer vehicles on Texas highways. These can be maximum of 65 feet in length for a combination of vehicles is 50 feet. This has been changed as a result of the trucking industry's efforts to improve the efficiency of service to the pub-

combinations commonly known as "double-bottoms," allowed extensively, are virtually unknown in many areas of the state. Texas has been one of the few scattered areas. However, beginning September 1, 1965, we will begin the "big rigs" on our roads. The purpose in this article is to point out the motoring public the fact that the bigger and longer vehicles will be on our roads. And, though we occasionally see a long truck, mobile home, or oil field equipment on the highway and we need to drive around them, these are not too common. The "double-bottoms" are there day and night, especially on our thru highways. In the past a vehicle combination of this type would have required a permit and would not have been allowed on the road at night.

As the picture is changing, motorists will need to change some driving habits. Look for these longer and larger vehicles at night.

Naturally your question is, can "fit" into present day traffic. Let's look at the turnings of these 65 feet "double-bottoms." According to Traffic Safety, a National Highway Council publication, the Department of Commerce says after tests they ran, the 65-foot combinations have less offset than the 50 feet, five-tractor semitrailers.

For a 90 degree turn, such as at a street intersection, the 65-foot "double" has a track width 2.7 feet narrower than the 50 feet semitrailer.

Turning on the cloverleaf interchanges of the Interstate System, the Department of Commerce shows the "doubles" are 1.2 feet narrower than those of the other combinations.

DISTRICT GOVERNOR VISIT O'DONNELL CLUB

Mr. M. (Jimmy) Willson of Floydada, Texas, governor of district 12 of Rotary International, world-famous service organization, arrives on Oct. 4 to visit the local Rotary club, one of the 45 clubs in the district. He is scheduled to address O'Donnell Rotarians at their meeting and will confer with Truett Hodnett, president of the local club, and other club officers on Rotary administrative matters and service activities.

A member and past president of the Rotary Club of Floydada, Mr. M. (Jimmy) Willson, Jr. is a building materials merchant. He was appointed district governor for 1965-66 to replace G. C. Jerry Stiff of Amarillo who resigned because of illness. He is one of 18 district governors responsible for supervising the activities of more than 12,000 Rotary clubs in 27 countries.

C. Truett Hodnett, president of the local Rotary club, in explaining the purpose of the official's visit, said, "The governor of this district will be here as a counselor and adviser. We will discuss with him our plans for the year and such matters as expansion of membership and ways of further complementing Rotary's program of service. He will also give us here an O'Donnell insight into the global Rotary organization."

As the acting governor of this Rotary district, Mr. Willson supervises the organization of new clubs in this area. Last year, more than 250 new clubs were organized in 38 countries.

During his term of office, he will hold a conference of all Rotary clubs in his district to further the program of Rotary through fellowship and the discussion of matters relating to district affairs and activities.

most areas and that food and water conditions have been adequate, except in a few scattered areas.

The opening mourning dove bombardment at noon September 1 will be reinforced within one week by two distinctive shoots. One will be the traditional white-winged dove shoot in Rio Grande Valley counties, September 4-5 and September 11-12. The other will be an experimental season on teal ducks, September 4-12. Special permits, already issued by deadline, are required for the teal hunt, for which there is a four-per day and eight in possession limit after the first day.

MOURNING DOVE SEASON

AUSTIN—The opening salvo in the 1965 wildlife harvest season will be fired at noon, Wednesday, Sept. 1, in 185 Texas counties.

That time marks the opening of the mourning dove season in the north zone, which covers about three-fifths of the state.

P. B. Uzzell, wildlife coordinator for the Texas Parks and Wildlife Department, said prospects are favorable for substantial numbers of the most popular upland game bird in Texas. He said reports indicate a generally good hatch in

BONNEVILLE CONVERTIBLE

The tiger scores again!

It's dramatically fresh and new, but still very, very Pontiac. That's written all over it, from the no-doubt-about-it new front end to the trimly tailored rear. (Did you think for one minute that we'd leave out the unique Pontiac styling character you like so well? Never!)

Another nice thing about the '66 Pontiacs is that there are more of them—3 new super-sumptuous Broughams and 4 Venturas. And, of course, for you other Pontiac lovers we've got a bright new Grand Prix, new Catalinas, new Star Chief Executives—all with new Wide-Track ride and improved cat-quick handling. But you'll discover those things when you slip behind the wheel and turn a new '66 tiger loose. **Wide-Track Pontiac/'66**

GTO CONVERTIBLE

and again!

You're looking at the newest thing in tigers. Sleek, lean-muscled new style. New power that starts with a revolutionary new kind of six and ranges through four V-8's. Crisp curves shape the new silhouette, and the sports coupe sports a smartly recessed rear window.

Pontiac's revolutionary overhead cam six acts more like a V-8, looks like no six you ever saw, and still remembers that saving is what six buyers buy sixes for. Delivers 165 hp (or you can specify the sports package which includes the 207-hp version). And it's standard on all Tempests, Tempest Customs and Le Mans. V-8's? Up to 360 hp in the GTO. See all the '66 tigers in tiger country today. **Wide-Track Pontiac/'66**

Come to tiger country. See all the Wide-Track tigers at your Pontiac dealers.
