

GLEES TO MEET TAHOKA BULLDOGS IN TRADITIONAL BATTLE FRIDAY

Game With Tahoka Is Annual Event

By Alvin Tredway
The football classic of Lynn county which fans have waited all week will be unfolded at Tahoka Friday afternoon when the O'Donnell Eagles will battle with the Bulldogs. The game will be called off at 3:30.
The game between O'Donnell and Tahoka is always the highlight of the season for both teams. This year is no exception to this game all have been pointing to this game all season and we predict that there's to be plenty happening up on Friday.
The Bulldogs, coached by Prentice have no love for the Eagles since the defeat last year. Both clubs of the local boys defeated Tahoka 13 to 7 in the close last season after having a scoreless tie earlier in the year. This was the first victory won by the Bulldogs since they were back in 1926. And the Bulldogs had forgotten that game by a great. All reports coming from many camp indicate that they're going to be out there with blood in eyes, ready for revenge. Equal terms will be the Eagles, rather to make it two in a row over Tahoka. The Eagles, it seems rather to lose to anybody else, if it was just beat Tahoka.

Equalization Board Completes Work

Work of checking the renditions and equalizing the valuations of property in the O'Donnell Independent School District was completed last week by the Board of Equalization. Very little material change was made in valuations from last year, with most changes taking the form of lowering such valuations. In some few instances they were raised, but notices have been mailed to the owners personally, asking them to meet with the Board next Monday to adjust the matter.
As now rendered, total valuation for this district amounts to approximately \$990,000. Definite figures will be available after next Monday.
School taxes are now little more than half what they were four years ago, and if the district could have one good crop year, finances would be in much better shape. Due to the lowering of the valuation and consequent lowering of taxes, collections for 1933 were considerably better than for the past several years, but payment of delinquent taxes is still practically unheard of.
The 1934 tax roll will probably be made up next week, and payment of same will be gladly received.

Pioneers Forecast Hard Early Winter

That Old Man Winter will come early, stay late and be a wampus cat while he's here is being freely predicted by pioneers of the Southwest. In support of this theory, they cite several of Nature's signs. Among them is the fact that the mesquites have put on their second crop of beans, probably in an effort to assist in their own annual life in the job of laying up stores for the hard months to come.
For another example, they cite the unusual activity in laying in stores among the rat and prairie dog families. Apparently sensing that the winter is to be frozen hard and deep these animals are getting ready for it.
We understand that some weather prophets predict that this will be a winter such as they used to have back in the highly advertised "good old days."
Well, we need some rain and snow and a cold season in the ground again, but speaking personally, we just never did like these blue northerners and old fashioned blizzards.

Religious Discussion To Be Held Here

We are asked to announce that there will be a discussion of three important Bible subjects at the Southside Baptist church, Monday, October 15, beginning at ten o'clock.
Rev. R. F. Pepper of Ralls, a Baptist minister, and Elder Walter Allen of Wingate, Christian pastor, will debate the questions and lead the discussions. Every one is invited to come and hear the talks.

D. J. Bolch Home From Hospital

Not many people knew that D. J. Bolch had gone to Santa Anna to undergo a major operation at the sanitarium there, but that explains why he has been absent from town for several days.
He returned from Santa Anna Sunday, and is apparently much improved in health. Mr. Bolch is also much improved in his return from Christoval several days ago.

Mrs. C. H. Cahool made a business trip to Jal, N. M. Saturday.
Mesas. C. C. Caldwell, Fay Westmoreland, and Miss Thelma Palmer, were in Lubbock Friday on business, and remained for the Tech-Baylor game that evening.
Morrison may get the call because of his great experience and weight, but Burnett has come along just as the week's practice, and will be hard to leave behind. Both men, however, will likely see plenty of action.
At fullback will be that reliable veteran, Ray DeBuck, a fast lad and one of the best blockers on the squad. Printed and ready to go if need be will be little Bob Gary, first year quarterback, "Dunor" Burnett, halfback either Hack Burnett or Ben Morrison, depending on which one starts at halfback, and Milford McMurtry, first year squadman who is being transferred from center to fullback.

Obnoxious Weeds

WORK ON HIGHWAY NO. NINE WILL PROBABLY START MONDAY MORNING

Camp Already Located "Pneumonia Is Fatal At Tahoka Lake

Commissioner Waldo McLaurin stated Tuesday afternoon that work on Highway No. 9 from here to Tahoka will probably be opened up on Monday morning.
The commissioner's court and representatives of the state highway department held an all-day session on Tuesday trying to iron out certain differences pertaining to the use of out-of-county teams. Mr. McLaurin could not say definitely what the outcome will be, but was hopeful that all such labor could be used from Lynn county.

Headquarters camp has already been set up at the lake between here and Tahoka, and Mr. McLaurin thought that perhaps work would go on in the relief roll will have no doubt. The commissioners are anxious to have it understood that this road work has absolutely no connection with the relief work of the county, so that the fact that a man is or is not on the relief roll will have no bearing on his securing a job. As Mr. McLaurin expressed it, a fellow must make them believe he can do the work. And furthermore, the commissioners have nothing whatever to do with the hiring of labor, as this work is being done strictly by contract.

Merchants Offer Items To Be Auctioned
As a special feature of the next Trades Day, which will be on Monday, October 22, business men and merchants of O'Donnell are offering a number of valuable articles to be sold at the public auction from 11 o'clock to noon.
The period from nine o'clock until eleven will be devoted to the sale of livestock, implements, and household goods brought in from over the territory.
As we go to press Wednesday, the list of items offered by merchants is incomplete but that the assortment will be a good one can be seen from the incomplete tabulation:
Mansell Bros.—rooking chair.
Corner Drug Store—victrola.
C. C. Dry Goods—Pair blankets.
City Grocery—Case 6-10 prunes.
Economy Drygoods—Sweater.
Singleton Hdw.—1 B radio battery.
J. N. Line & Sons—48 lb. flour.
Thornhill Variety—large picture.
Self Serving Gro. 100 lb. spuds.
J. & O Cash Store—sh. gun.
Lynn County Mtr. Co.—1 Goodrich 30x4.5 tire.
Minor Feed Store—100 lb. coal.
Wilson's Grocery—25 lb. sugar.
Whitsett Drug—Ladies diamond ring.
The list will be complete in time for the Trades Day edition of the Index next week. Watch for it and make your choice.

COLORED BOY HURT IN CARNIVAL RODEO

One of the leading citizens of O'Donnell's colored population was rather seriously injured Tuesday evening when he attempted to demonstrate the correct way to ride a wild steer. From Buck's appearance, the accident occurred at the carnival grounds, during the rodeo events. Buck mounted a particularly vicious looking steer, who promptly set him off and then stepped in to the Whitecalf Drug, where first aid measures were applied—also some fifteen or twenty yards of bandage and adhesive tape.
Buck and his wife have lived on the Dub Middleton place for some time.

Farmers Asked to Bring In Goods

Believing that any institution must be constantly improved if it is to succeed the Board of Directors for the Trades Day Association and local merchants have arranged a number of additional features for next Trades Day, which will be on Monday, October 22.
For the benefit of every man, woman, or child in the trade territory, or any visitors from over the county who are guests on that day, an auction sale has been arranged for the morning. Pens have been secured for livestock, services of a first-rate auctioneer have been secured, and the sale will be held on the open block immediately in front of Higginbotham Bartlett Lumber yard. If the weather is bad (in case we're having a three-day rain, for instance) arrangements have been made to use a building in town.
So bring your teams, your plow tools, your household goods, anything you want to dispose of, except the wife over the bushes, and the kids. The Trades Day Association absolutely refuses to be a party to any transactions involving family fuses.
The auction sale will open promptly at nine o'clock and two hours will be devoted to selling these articles brought in from the territory. From eleven o'clock to noon the auction will consist of the sale of articles put up by merchants and business men. Every item will be used, of first class quality, desirable, and valuable, and every item will be sold to the highest bidder.
As is the custom, every article put up for sale, either by individuals or by the business houses, will absolutely be sold at that time, to the highest bidder. The only expense will be the small commission paid the auctioneer from each sale.

H. S. Students Organize Fire Dept.

O'Donnell High School organized last week for fire drills. Ten different boys were elected to supervise the drills that occur twice each month. These boys see that all persons are out of the building, the windows, doors, transoms and the like are closed. The drills are carried out as planned by the State Fire Commissioner. Such work is a part of that necessary for the local community to get its 3 per cent reduction on the fire rate. The boys elected were as follows:
Fire Chief, Pat Gary; Asst. Fire Chief, Ray DeBuck; Hall Chief No. 1, Glen Payne; Hall Chief No. 2, Earl Tune; School Chief, Ben Morrison; Junior School Chief, Dock Kyle; Sophomore Chief, Hack Burnett; Freshman Chief, Dock Thompson; Dressing room Chief, M. L. Webb; Study Hall Chief, John Stephens.
Each chief has a duty to perform. reports to his superior chief who reports to the fire chief. Last Thursday one hundred and twenty-five pupils in class cleared the building in 45 seconds. However, this is several seconds short of the best time last year.

Rev. Henderson Will Preach Here Sunday

Rev. W. L. Henderson will fill the pulpit at the Southside Baptist church next Sunday. Everyone is cordially invited to come and take part in the services.
Subject for the morning hour, "Do the Scriptures Teach the Possibility of the Apostasy of a Child of God, Once Saved?" and for the evening hour "Eternal Life."
Mrs. A. Loper had business in Lamesa Wednesday morning.

New Course Attracts Interest of Students

Physical Education is going over with a bang in High School as well as in the Grade School. In High School the last period in the day is turned over to physical education, five times each week. Due to the fact that there is no gymnasium exercises and gymnastics play a small part in the program.
At 3:15 the groups gather on different parts of the grounds, and soon games are in full blast. Volley ball, football, baseball, and later other games will follow. Talks and lectures by different medical authorities will be given at the end of the week.
Everyone seems to enjoy the games with the exception of a few who like to talk and who are afraid that the nose is going to get a "freckle" at least 500 times a year, at times that they do not like to play and actually do enjoy the sports.

Mr. and Mrs. H. R. Womack and daughter, Miss Merle, left Sunday afternoon for a two week's vacation trip to Waco, Valley View, Dallas, and other Central Texas points.

There is every reason to believe that the Eagles will come out to win again this year. The present has shown possibilities of being into one of the strongest teams in the history of the local independent league.
It must be remembered that Tahoka team is also much stronger than last year. A scoreless tie with a 12-6 defeat of the Lubbock Cowhards, and a 7-0 victory over the strong host Ansonville Bulldogs. Contrasted with this Eagles have not met very strong opposition so far. They ran over boys 18-0 in the opener, defeated Ansonville 13-0, and last week easily defeated the Shaton B-Squad 26-0 in their second string playing most of the game. So fans may as well get ready for a nice struggle up at the city Friday afternoon. Between strong teams one of which already had a good try-out and winner not yet having a chance to open up.
The Eagles appeared to be in fair shape when they trotted out on the field for the first workout this week. A few sore muscles and a few blisters were in evidence as a result of last week's game.
Little "Dunor" Burnett who played his first game of football last week, who looks mighty good, a little man, is suffering from a sore throat, and Moody Gibson has a sore throat. Other than that they are in good physical condition.
Moody Johnson is working his last week in an effort to get a good defense which will halt the Bulldogs' aerial game. Tahoka, the way has scored all their points year on passes.
Pete Line—line-up
Moody Gibson—160-pound tackle. He will probably start in his old position at left end. Flanking the line on the other side will be Bob Line, Jr., and playing his third year. In reserve will be little "Stud" Hinchey and Willsa Vaughn, both 17-year men.
The guards probably will be Captain "Lizard" Stokes, 165 pounds of mass and "Spider" Webb, both 17-year men. If that's all, they'll start on their jobs. John Stephens, the year man, and "Fats" Curtis will be called upon to man the tackle line.
McGee will likely start at left end, with Julian Pirtle getting in on the other side of center. Both boys will be playing against the Bulldogs for the first time. Melvin Webb will be capable, will no doubt serve during the game at left end. Calvin Edwards, another first year man, will be in reserve if needed.
The center position will in all probability be handled by "Pups" Davis, Earl Tune, and Ben Morrison. Earl Tune will be ready to back him if necessary.
The backfield will be "Slob" Morrison, J. D. Hunt getting the call for left halfback. This is Hunt's year, but on him falls the duty of passing for the Eagles.
Moody Johnson was undecided as to whether he would start at the other halfback position. It will either be Ben Morrison, letterman from last year or Hack Burnett, last week's star.

HACK BURNETT LEADS EAGLES TO
VICTORY OVER SLATON LAST FRIDAY

Locals Defeat Slaton
26-0 Friday

By Cecil Tredway
Before a yelling, cheering crowd
of fans, Hack Burnett, diminutive
second string halfback, won a great
chance to start against the Tahoka
Bulldogs Friday afternoon by virtue
of his brilliant performance in the
game with Slaton last Friday.
Little Hack ran the Tigers ragged
in the game on the home field Friday
and he and his mates piled up 15
first downs to Slaton's five.

The Eagles did not score in the
first quarter. A 30-yard return of a
punt, Slaton's 15-yd. stripe was one
of the highlights of the game and
sent the fans to cheering. From
this point on, there was no question
as to the outcome of the game.
The wearers of the black and gold
got going in the second quarter with
part of the first string in the line-
up and scored three touchdowns in
that period.
Burnett, behind fine interference,
swept around right end for 20 yards
and scored standing up. "Little Bro-
ther" Burnett, Hack's brother, made
use of the prettiest body blocks on
hat play that this writer has ever
seen in a high school football field.
DeBuck converted and the score was
7-0.

Five minutes later the Eagles
worked the ball up to Slaton's 11
yard line and Ray DeBuck, Eagle
halfback, plunged through left tackle
and scored, with the aid of some fine
blocking by the linemen. DeBuck's
kick for extra point was wide, and
the score was 13-0.

Just before the half ended, "Slob"
Clayton intercepted a Slaton pass
and raced 40 yards to a touchdown,
bringing the score to 19-0. DeBuck's
kick was blocked.

As the second half opened, the
entire Eagle second string was again
on the field. No scoring was done in
the third quarter, but O'Donnell
kept the ball in Slaton territory with
fine Burnett making gain after gain
around the ends and off tackle.
The fourth quarter started off
about as usual, with Burnett carry-
ing the ball for numerous gains but
penalties prevented the Eagles from
scoring and after an exchange of
punts, Slaton had the ball on their
own 20-yard line. Thomas, Slaton's
outstanding back, threw a bullet pass
into the flat zone. Hack Burnett
rushed in, caught the ball about six
inches from the ground, and scored
before the bewildered visitors knew
what had happened. It was a beauti-
ful play and was the occasion for a
prolonged outburst of cheers from
the deliriously cheering home fans.
DeBuck kicked the extra point, and
the score stood 26-0 as the final
whistle blew.

To Play Tahoka Tomorrow
This game, with all its thrills, was
just a "breather" before the great
game with Tahoka Bulldogs this Fri-
day, and it was pleasing to Coach
Johnson and the fans to see the sec-
ond string coming along so nicely,
proving that he has plenty of reserve
power, which never hurt any foot-
ball team.

In the reserve line, two big griz-
zly tackles, John "Trapper" Stephens
and J. B. "Fat" Curtis, stood out.
Both these boys played a fine game,
and both are plenty tough. Stephens
and both are plenty tough. Stephens
scored two punts to give the Eagles
scoring breaks. The two reserve ends
Willis Vaughn and J. W. Gardin-

hire, played a whale of a game. This
boy Vaughn looks like a corner; play-
ing his first game of football, as
was all over the field making tackles
and covering fumbles like a veteran.
Gardner had plenty of fight, and
was in there mixing it all the time.
Melvin Proctor, sturdy little second
string guard, displayed a world of
power and was really hitting them
all afternoon.

The center position looked like a
toss up, as Preston "Papa" Davis
and Earl Tuno waged a merry battle
to see who would start in Friday's
game at Tahoka. Both these boys
were thorns in Slaton's side all af-
ternoon.

Little Bob Gary played a great
game at quarter and sneaked through
Slaton's line several times for con-
siderable gains. Because of his slight
stature, his playing was particularly
noticeable. Weighing only 127
pounds, he handles a pigskin prettier
and easier than many college players.
Slaton had very little to offer of-
fensively. They passed several times
but most of the tries were incom-
plete, or were intercepted. They
could not budge that good old Eagle
line. Thomas was easily Slaton's
outstanding player. All in all, it was
a great game for the Eagles, and es-
pecially a great Burnett day.

Pep Squad Performs
Led by Jim Ellen Wells, the pep
squad in their distinctive black and
white uniforms, marched onto the
field to the beating of a drum, and
the half went through several of
their stunts. Two outstanding fea-
tures were the formation of the let-
ter S and a cheer for the victors,
and the formation of the letter E
for the Eagles.
Miss Woody's junior rhythm band
wearing gay black and gold caps
also paraded across the field and
gave their yell for the eagles.

632 DIE OF DIPHTHERIA
IN TEXAS IN 1933

Austin, Oct. 9.—Nature has re-
vealed priceless secrets to students
of medical science, stated Dr. John
W. Brown, State Health Officer. The
Schick test is the key to one of
these secrets. It determines whether
children are susceptible or immune
to diphtheria. The medicine used
consists of a highly diluted, and safe,
diphtheria toxin, several drops of
which are carefully introduced be-
tween the outer layers of the skin,
on the inner surface of the forearm.
This susceptibility test is entirely
harmless. Fifty times the amount us-
ed for a child would be necessary to
injure a small animal such as a guinea
pig or a mouse. The red area is
Nature's danger signal. Such a
child, if exposed to diphtheria, might
acquire the disease.

Seventy-five to 90 per cent of
children under 12 are naturally sus-
ceptible to diphtheria. This informa-
tion has been gained through Schick
tests carried out on thousands of
children in this country during the
past decade or more. Young children
should therefore receive immunizing
treatments against the disease, with-
out a preliminary Schick test. Such
a test should however be carried
out six months after preventive
treatments, to make certain that im-
munity has been established. In old-
er children and adults, a preliminary
Schick test is advisable, since im-
munity may already be present.
During 1933, 632 children died of
diphtheria in Texas. Nature has re-

vealed the secret of susceptibility
through the Schick test. With the
knowledge of susceptibility, diphtheria
could be reduced to the vanishing
point if parents would have their
family physician protect their child-
ren.

GAS TAX RETURNS BOOSTED
TO TOTAL OF \$33,984,848

Austin, Oct. 9.—The state com-
mon school fund received the re-
cord total of \$8,496,212 as its fourth
"cut" of Texas' gasoline tax income
for the fiscal year which ended Au-
gust 31, or nearly \$1,000,000 more
than in any previous year. Comptrol-
ler George H. Sheppard announced
today. Schools receive one cent of
the four cent state gas tax.

Proportionate boosts went to the
Board of County and District Road
Bond Indebtedness, which also re-
ceives one cent of the tax, and the
highway fund, which gets the re-
maining two cents.

Working his first full fiscal year
with an adequate field force under
the state's strong new "anti-bootleg"
law, the comptroller boosted gas tax
income \$4,036,845 above last year to
an all-time high total of \$33,984,
848 his annual report showed.
He attributed almost the entire
gain to record enforcement activity
and the educational campaign of the
Texas Good Roads Association. In his
state-wide drive against the tax-
stealing "racket", his 57 field men
filed 99 felony and 71 misdemeanor
charges during the year, he reported.
The \$33,984,848 income is broken up
into three parts. In addition to
the \$8,496,212 for schools, another
\$8,496,212 goes to county tax relief
in the refunding of county road
bonds. Whereas the fund last year
was able to pay all interest on such
bonds but only 30 per cent of the
principal the increase will permit
paying this year of all interest and
at least half the principal maturities
if not more, Mr. Sheppard estimated.
The remainder of the gas tax, or
\$16,992,424 is still devoted to the

original purpose for which the tax
was invented—construction and
maintenance of state highways.

OIL DISCOVERED IN TEXAS
AS EARLY AS IN 1836

Nacogdoches Oct. 8.(Special) As
the tangible results of Texas' material
progress during the past hundred
years will be evidenced in connection
with celebrations of its Centennial
in 1936 at San Antonio, Houston,
Galveston, Brazoria, Nacogdoches, Dal-
las, Huntsville, Gonzales, Galveston,
and other points the fact that Texans
have ever been awake to opportuni-
ties for development of the State's
natural resources a lookback upon
their activities since 1836 will re-
veal.

As early as 1836, crude oil was
shipped by water in Texas—from Oil
City near Nacogdoches, down the
Angelina River to the Gulf of Mex-
ico. This is thought to have been the
first time crude petroleum had been
transported in this manner in North
America. This activity took place 23
years before the Drake discovery
well was brought in at Titusville,
Pa. in 1859.

Oil has been seeping out of the
ground in the Nacogdoches region
for an undetermined period of time.
The Indians in East Texas, as did
those in Pennsylvania, showed these
springs of petroleum to the white
men when they first came.

The inventive genius of the Texan
was necessary to utilize the oil
or relating to petroleum stor-
eons of time and to discover
ways and means of so doing.
It is remarkable that now, a
dred years later, the world's great
oil field is located within a
throw of these famous oil spots
and that oil is still seeping out
of the hills in the redlands of
Texas.

Instant Heat
... when
you want it!

Instant heat is a virtue, but it doesn't
drive very well in a chilly atmo-
sphere. When you're cold you want
heat without "willing—comfort and
health demand it.
That's one thing about a Gas Radiant
Heater—it's always ready for
instant action. Just the touch
of a switch and it heats into life,
filling the room with instant
heat.

In use or out, a Gas Radiant
Heater adds a touch of cheer to
any fireplace. And there's no con-
venient and inexpensive way
of getting instant heat, in every

Jno. McLaurin Hostess At Quilting

John McLaurin was the grand
 hostess Tuesday of last week
 to a number of friends of Mrs. Simpson
 at her home to complete four quilts
 for the poor.
 It will be remembered that
 Mrs. Simpson has been ill for many
 years and is even now in Christal
 treatment.
 Mrs. McLaurin brought a covered dish
 and a bountiful luncheon was enjoyed
 during the noon hour.
 Many guests enjoyed the day
 and the knowledge that they had
 been of assistance to a friend.

Colored People Offer Thanks for Donations

The Macedonia Baptist church,
 colored, has this week brought in
 a "Thank you" article for publication,
 expressing appreciation of their mem-
 bers for the donations made by peo-
 ple of the town and county.
 Deacon Matthe says: "We wish
 to thank each of you for your gifts,
 great or small. We have several more
 promised us, and we are thankful to
 the good white people of the city and
 county. We are always glad to ac-
 knowledge any donations—there are
 no secrets in the deal. We have fin-
 ished covering our church. The shingles
 cost us \$71.90. We have paid it all
 but \$50 and a good man of the
 city stood for that, so we are look-
 ing forward to paying him with our
 gifts."
 "We are working on one thing at
 a time. Now we need windows, doors
 siding, ceiling, and flooring. If any-
 one has anything like that in the
 way, we will move it, and will ap-
 preciate what you have done for us.
 We want to thank Mrs. Farrington and
 the other good Index people for
 their kindness in our ads."
 W. D. Matthews, Deacon and
 Treasurer.

State Relief Director Asks Check of Rolls

Austin, Oct. 9.—Calling upon all
 county administrators for a complete
 check of relief rolls, State Director
 Adam R. Johnson declared today
 that "we must drop from the rolls
 every case not clearly entitled to re-
 lief before winter comes. The ex-
 hausted condition of our funds make
 it essential that we pare our rolls so
 that we may adequately care for
 those in dire need during the winter
 months."
 To county administrators, Johnson
 quoted the following excerpts from a
 letter from Harry L. Hopkins, fed-
 eral emergency relief administrator.
 "I know that you will agree that
 it is imperative that relief rolls in
 your state be examined at this time
 to remove therefrom any persons not
 actually in need. A complete recheck
 of your relief families is possible
 now, and it should be made before
 entering upon the heavier period of
 the late fall and winter. I will ap-
 preciate your cooperation in having this
 review made at this time."
 "There have been some reports
 reach this office which would indi-
 cate that a few families are receiv-
 ing relief wherein the head of the
 family is employed on full time. I
 wish to advise you that it is contrary
 to our policy to supplement the
 wages of full time employees with
 relief funds."
 In line with this communication,
 Johnson instructed administrators to
 "scrutinize relief rolls most care-
 fully, re-investigate where possible, and
 cut out all those ineligible. Some
 counties in this respect are in excel-
 lent shape, but there are a number
 where the relief load is out of prop-
 ortion, and immediate steps must be
 taken to cut the load in these coun-
 ties. Administrators can ascertain
 whether the load is out of line by
 comparing it with the population of
 their counties."
 The state director also sent a
 questionnaire to counties seeking to
 determine the number of families re-
 moved from rolls due to placement of
 workers in cotton fields.
 Johnson said he was interested to
 know whether farmers had had dif-

ficulty in obtaining cotton pickers.
 He asserted protests had reached
 Washington that clients will not
 leave the relief rolls and go to the
 cotton fields.

"It that's true, it's a grievous situ-
 ation and we intend to remedy it.
 Our relief program was not intend-
 ed for people who shirk opportuni-
 ties to make an honest living and we
 won't stand for such individuals at-
 taching themselves to our relief rolls
 and chiseling their way into a por-
 tion of the funds rightfully intend-
 ed for honest unfortunates," John-
 son declared.

"I have already caused to be in-
 serted in the newspapers of the state
 an advertisement wherein it was ex-
 plained that clients refusing to ac-
 cept jobs at the prevailing wage scale
 were to be summarily dropped
 from relief rolls. That message was
 intended for the entire citizenship

of Texas. It is up to our citizens to
 report to the administrator persons
 who refuse to work. Clients must ac-
 cept jobs. If the job is temporary,
 we'll take them back on the rolls
 when it ends."

Johnson announced that the case
 load for October, as estimated by
 county administrators, is 267,321,
 about 2000 more than the Septem-
 ber load but nearly 23,000 less than
 the forecast presented in a brief to
 the legislature. This, he attributed to
 efforts to reduce the load. The direc-
 tor said he was gratified at the re-
 sult but that it was not enough.
 "This represents a case load 8 per-
 cent lower than our forecast of a
 month ago, but, whereas, we figured
 we needed \$4,600,000 to care for
 them, we now can't hope to get more
 than \$3,600,000, a reduction of 23
 per cent in funds. We are budgeted
 below to spend not more than one

million dollars of state funds in Oc-
 tober, November and December. We
 can expect no more than a similar
 amount from the federal govern-
 ment during these months on a basis
 of a dollar for dollar matching agree-
 ment. We never know for sure how
 much we will receive from national
 authorities for special programs. We
 must therefore be most judicious in
 admitting clients to relief rolls, and
 I wish particularly to call attention
 of administrators to the section of
 the relief law passed by the last
 session of the legislature, which
 makes it a felony punishable by im-
 prisonment of from 2 to 5 years for
 persons found guilty of false swear-
 ing to gain the status of a relief roll
 client."

Reports From County Clubs

Miss Myrtle Murray who has been district home demonstration agent for the past nine years has been transferred to District 4, according to information reaching our county agent, Miss Sylvia Robb. Miss Murray has made a splendid record in her work in this district, and her new territory is to be congratulated on securing the services of such an efficient agent.

Coming to this district about the middle of the month, Miss Lida Cooper will be the new district agent. Miss Cooper has been for several years agent of Smith county and has an excellent record there. Her work in this section will be watched with much interest.

LYNN COUNTY CLUBS MAKE GOOD SHOWING

Last week's issue of the Index carried a partial list of points won by Lynn county women at the Panhandle South Plains Fair at Lubbock. This week Miss Robb has kindly furnished us a complete list.

The record shows that places were won on one-third of the canned goods entered and on all the handicrafts which is indeed something of which the county may boast.

Following is the complete list: Mrs. G. M. Reid, 1st place on carrots, chery preserves, canned grapes. Mrs. G. M. Reid 2nd place on blackberries.

Mrs. G. M. Reid, 3rd place on pickled onions, chery, string beans, canned tomatoes and watermelon sard preserves.

Mrs. R. W. Barton, 1st on canned peas and 3rd on canned pears.

Mrs. H. W. Pennington, 2nd on carrots.

Mrs. Susie Bartley, 2nd, canned snap beans.

Mrs. H. O. Hargett, 3rd on grape jelly.

Mrs. V. F. Jones, 1st, carriage robe.

Mrs. V. F. Jones, 2nd baby dress.

Mrs. Sam Holland, 2nd infant silk quilt.

Christine Owens, 2nd hooked rug.

Juanita Boen (Age 11) best dress made by child under 12 years of age 1st place.

The totals: first places 4; second places 6; third places 8; total 19.

SOUTHWARD 4-H CLUB MET OCTOBER 5TH

The Southward 4-H Club girls met Friday morning, October 5, at the home of our sponsor, Mrs. G. H. Boen.

The demonstration agent, Miss Sylvia Robb met with us and gave a demonstration on making dresser scarfs.

Those present were: Nell Dudgeon, Juanita Eaton, Oden Boen, Martha Burden, Mandell Hardt, Juanita Boen, Violet Hardt, and Georgia Burden.

RANDALL H. D. CLUB MET FRIDAY

Mrs. D. C. Davis and daughter, Mrs. Esther, were hostesses last Friday afternoon to members of the Randall Home Demonstration Club. The agent, Miss Cox, was present and demonstrated the making of tomato juice.

After the demonstration, games and contests were enjoyed, as were songs and music. During the business session the club voted to buy a Sep-pro-siv, Miss Cox to place the order immediately.

The next meeting will be at the home of Mrs. Buster Fletcher, on Friday, October 19th.

At the close of the meeting, delicious hot chocolate topped with marshmallows was served with cake to the following: Mmes. Haskell Davis, Elmore, Fred Hamilton, Wyche Henry Warren, Roy D. Smith, Spencer, McKee, A. Gillispie, C. Gillispie, George Fletcher, Buster Fletcher, Baldrige, LaVoy O'Connor, Lewis O'Connor, and Voice O'Connor; Misses Cox and Nannie Belle Smith.

By Miss Madeline Cox Home Demonstration Agent Dawson County

Making Tomato Juice

In making tomato juice, care should be exercised in selecting sound, well ripened tomatoes because the juice is as good as the pores of the tomatoes used in making the product. Remove the brown part of the core. Without peeling run the tomatoes through a Sep-pro-siv that removes all seed, skin and woody portions of the tomato. Place the tomatoes on the stove and heat carefully to 190 degrees F. Pour the juice immediately into hot sterilized jars. Add I level teaspoon of salt to each pint. Seal and process in the hot water bath five minutes. Overheating tomato juice causes it to become watery and separate.

WARDROBE PATTERN SCHOOL

On Monday and Tuesday, October 15 and 16, the home demonstration Pattern School for wardrobe demonstrators will be held in Lamesa. The demonstrator from each club in the county will attend the school

and take information back to the co-operators in her club.

Because of lack of room it will be impossible to have any visitors. The pattern work will be given to all club members by your own demonstrator and your Home Demonstration agent.

HAS EXCELLENT GARDEN

A variety of vegetables is being grown by Mr. and Mrs. H. L. Hohn on 100 feet of tile which they laid in July. Seven different vegetables are growing abundantly in the Hohn garden. Okra, spinach, turnip, radishes, cucumbers and lettuce and beets are in the list. The okra, turnip green, cucumbers and radishes are being used from the garden.

Mrs. Hohn is a member of the O. K. Home Demonstration club. Her garden was planted after the club held its garden meeting. The varieties given by the Home Demonstration agent.

Boston pickling cucumbers, Leeburg lettuce, New Zealand spinach, Detroit dark red beets and scarlet globe radishes were planted. White Globe turnips were planted because Mrs. Hohn was unable to get the insect resistant Shogun variety.

MRS. CLAYTON HOSTESS TO CLUB TUESDAY

Nine members of the O'Donnell Home Demonstration Club were present Tuesday afternoon when the club met at the home of Mrs. S. M. Clayton.

Reform in county government was the subject of the program, which was led by Miss Sylvia Robb, county home demonstration agent.

Discussion of the proposed AAA Program for the coming year was also a feature of the afternoon. Miss Robb had brought several of the prize winning jars of jellies and preserves, and these were inspected by the club members.

JOINT CLUB MEETING SET FOR OCTOBER 30

A somewhat unusual event in the way of Home Demonstration Clubs will take place on October 30 when clubs from two counties hold a joint meeting.

The O'Donnell club ladies from Lynn county, with their agent, Miss Robb, will have an all-day meeting with the Randall club of Dawson county and their agent, Miss Cox.

The two agents will cooperate in a fabric glue demonstration. Each club member will bring a covered dish for the luncheon and the afternoon will be devoted to a Hollowe'en social.

The affair will be held in the home

POSTAL DEPARTMENT OFFERS REWARD

Attention of local authorities and of parents is called this week by Postmaster Hal Singleton to the fact that it is a criminal offense to tamper with United States mail in any manner. Mr. Singleton reports that in several instances postoffice boxes have been opened and mail extracted by persons who had no right to do so. Sometime the mail was lost, but usually was believed to another box, just as a joke.

Mr. Singleton changes that the young people who did this were not aware of the gravity of the offense, and probably meant no actual harm. However, such pranks are not in good taste, and if those interested chose to push the matter, the perpetrators could get into a lot of trouble.

The last Postal Bulletin, published daily except Saturdays, Sundays, and legal holidays, at the direction of the Postmaster General, issues Order No. 6004, which says:

"On or after October 1, 1934, unless otherwise ordered, the Post Office Department will pay the following rewards:

(5) Not exceeding Two Hundred Dollars for the arrest and conviction of any person on the charge of stealing mail or any valuable thing contained therein, from a box rented in a post office or from any public receptacle or any other authorized depository for mail."

So take warning and don't meddle with anybody's box but your own.

The Things You Cannot Buy At B & O Cash Store

From one year to another, our messages tell you what you may buy; how fresh, how pure, how new, how wholesome, and the very important thing, how very reasonably priced! Funny we've never once told you what you couldn't buy here, isn't it?

We're trying every day, every month, every year - to make it impossible for you to buy any but the most desirable merchandise. There ARE things you wouldn't have - things you wouldn't buy - they are the things you cannot buy at the B & O Store.

- 1... If it's sausage mixed with flour and water ... You cannot buy it at B & O!
- 2... If it doesn't come up to a rigid standard of quality and purity ... You cannot buy it at B & O!
- 3... If it isn't prime value in every respect ... You cannot buy it at B & O!
- 4... If it doesn't make us feel that it has helped to make a better friend of you ... You cannot buy it at B & O!
- 5... If it does not weigh 16 ounces to the pound ... You cannot buy it at B & O!
- 6... If it is something that should have been sold several days ago ... You cannot buy it at B & O!

You cannot buy anything here that does not bear our personal endorsement for quality, purity, and right price.
