

THE O'DONNELL INDEX

VOLUME IX O'DONNELL, LYNN COUNTY, TEXAS, FRIDAY, JUNE 24, 1932 NUMBER 88

COMMISSIONERS' COURT LOWERS VALUATIONS

A recent meeting of the commissioners' court of Lynn county, at Tahoka, it was voted that property valuations for the county be a drastic cut. This is most good news to property owners of the county, especially since the amount of new federal taxes will go into effect within the few days.

It was voted to lower valuation of property one dollar per acre, according to a statement from Wallace, commissioner from Wall-Laurin, commissioner from this county, and lower valuation of city property fifteen or twenty percent.

Commissioners of the county, with Judge G. C. Grider, have every means in their power to the burden of tax payers in this county, and this is only one of the steps taken to relieve the situation.

COMMISSIONERS' COURT PREACHES SUNDAY AT TAHOKA; DEGUIRE HERE

It was asked to announce that S. Jenkins, pastor of the Episcopal church, will fill the pulpit at Tahoka services Sunday, and Bro. DeGuire will preach here morning and evening hours. Bro. DeGuire was followed last Sunday by congregations reporting sermons and interesting.

MAIL AND WIND CREATE HAVOC MONDAY

The most of the land was ruined for the second or third time, according to reports from owners of combines who are operating day and night.

Practically every field has averaged twenty bushels per acre yield, according to reports from owners of combines who are operating day and night.

Most of the grain in this territory has already been cut, and is expected to begin moving out this week.

It is thought that fully forty cars of wheat will be shipped from here within the next few days, though sand storms and heavy rains have somewhat delayed completion of the harvest.

ATTEND MEETING AT AUSTIN LAST WEEK

Miss Chiff Grady Gantt, Roy A. Chiff Trefway and Red DeGroot, Friday evening from Austin, where they had represented the fire boys at the State Convention.

Miss S. Mank, state fire insurance commissioner, was one of the speakers. J. G. Barron, chief of the Antonio department, spoke of "Prevention," and W. R. Cox, chief of the Dallas department, also listed among the speakers.

A number of social workers were arranged for the visiting days were expected to take part of the discussions of various phases of their work, especially those directly connected with child delinquencies.

Memorial services for firemen who died last year were held at the state capital building, where the names of those honored were carved on the firemen's monument.

The exhibit set up in the room hall by the State Fire Insurance Department, illustrating fire fighting techniques, is a fine thing to watch the operation of a young married couple, that so many cases it does longer.

Many cities more X-ray pictures taken than photographs showing that people are more interested in their interiors than exteriors.

MELODY MAIDS ENTERTAIN HALE CENTER CHURCH

Accompanied by their sponsor, Mrs. W. E. Guye, and their accompanist, Mrs. Bill Phillips, the sixteen young ladies of the Melody Maids church here are known as the Melody Maids rendered a half-hour's program Sunday morning at the Hale Center Baptist church.

Wray Guye, vocalist, also was on the program, which was received most favorably by the congregation at Hale Center.

Rev. and Mrs. Joe Wilson, known and loved by the church here, acted as hosts for Hale Center, and extended a cordial welcome to the visitors.

The party went up in time for Sunday School services, and remained for a bountiful lunch as guests of the church there. Every member appreciated the welcome extended the group.

LITERARY CYCLE PRESENTS TWO PLAYS FRIDAY

We are asked to announce that the Literary Cycle will sponsor two plays Friday night, June 24.

Due to a slight mix-up in the schedule, Wells will present her play, "Nancy Ann Brown's Folks," again this week on that same night.

New Moore will present "The Little Cloudhopper" at Midway on Friday evening also.

Both plays are said to be unusually good, and the public is assured of an evening's entertainment at either place. Everyone has a cordial invitation to be present at either.

WHEAT YIELD SURPASSES FIRST ESTIMATES

Surpassing first estimates of an average twelve bushels per acre yield, wheat in this territory is reaching toward the twenty-five bushel mark, according to reports from owners of combines who are operating day and night.

Practically every field has averaged twenty bushels per acre yield, according to reports from owners of combines who are operating day and night.

Most of the grain in this territory has already been cut, and is expected to begin moving out this week.

It is thought that fully forty cars of wheat will be shipped from here within the next few days, though sand storms and heavy rains have somewhat delayed completion of the harvest.

SURE WAY TO KILL RED ANTS OFFERED

Here is a sure-fire way to kill red ants: Get up in the morning, or before going to bed, pour a pint of gasoline down the hole. Turn a fruit jar upside down over the hole, being sure that it is securely seated. Do not set the gasoline afire. Then go off and forget about it.

That is all. There isn't anything else to do.

This plan has been tried by a number of people in this section and has proven uniformly successful. It has been necessary to repeat once or twice on a few beds, but usually the first time is sufficient.

FORMER LOCAL GIRL MARRIED AT LUBBOCK

Of interest to many of our readers is that of the marriage at Lubbock of Miss Blanche Poppewell to Mr. Walton Brady, the ceremony being performed at the bride's home in Lubbock.

While the groom is a stranger to O'Donnell folks, everyone remembers the charming bride, who, until some four years ago, made her home here with her mother.

MRS. BULLARD'S MOTHER DIES AT LAMESA

Mrs. B. L. Anthony of the Woody community near Lamesa, mother of Mrs. T. A. Bullard of this place, passed away at the family home last Wednesday evening after a lingering illness due to paralysis and high blood pressure.

Funeral services were conducted at the home Thursday, and interment was made in the city cemetery here in the presence of scores of friends.

Mrs. Anthony had made her home in this part of the country for almost eight years, and during that time endeavored herself to a wide circle of friends, who loved her for her cheerful disposition and sweet christian character.

She was a faithful and loyal member of the Methodist church, having united with that church at the age of fifteen. She was seventy-one years of age at the time of her death.

She is survived by six daughters and two sons. Four of the daughters were unable to be present for the funeral services, due to sickness in their families and to long distance which they would have had to come.

The children are Mrs. Bennight of Marlow, Okla., Mrs. Brummett of Mesquite, Dallas county, Mrs. Pearl Massey of Scurry county, Mrs. Hattie Emmons of Hill County, Mrs. T. A. Bullard of O'Donnell, Miss Opal Anthony and C. G. and B. N. Anthony of Lamesa.

The entire community joins in mourning the loss of a wonderful mother and worthwhile citizen. The Index joins with other friends in extending deepest sympathy to Mrs. Bullard and other members of the bereaved family.

WHEAT ESTIMATE IS 411 MILLION BUSHELS

Washington, — Winter wheat production this year as indicated by conditions June 1 was reported last week by the Department of Agriculture at 411,000,000 bushels, compared with crop of 440,731,000 bushels indicated a month ago and 787,465,000 bushels produced last year.

HOME BURNED FRIDAY; OWNER SEVERELY BURNED

M. L. Calcote, prominent farmer who lives south of town, lost his residence and household furnishings in a fire Friday, at the same time sustaining severe injuries to himself.

The fire originated from the explosion of an oil stove and Mr. Calcote was burned while trying to save some part of the furniture and clothing. The injuries consisted of deep burns about the face and head, most of his hair being burned off and the scalp seared, with other burns on hands and arms.

He was brought to the office of a local physician for treatment, and is reported to be recovering fairly well.

NEW TAXES EFFECTIVE IN NATION THIS WEEK

Since Tuesday of this week, every check, draft, etc. given has been liable to a tax of two cents, this being one of the items of the new Federal tax measures recently passed by Congress, according to a statement from J. L. Shoemaker, Jr., cashier of the First National Bank.

Banks will be required to collect this tax and as we understand it, will be held responsible for its payment.

In other words Mr. Shoemaker explained, if you have \$10 in the bank and give a check for that exact amount, the check cannot be paid, for you must have enough money on deposit to not only pay the face value of the check, but the two cent tax as well. There is an exception, however, wherein checks drawn to cash and cashed at the window are not taxed.

Unless depositors keep this tax in mind, Mr. Shoemaker pointed out, there is liable to be some confusion and hard feelings. In drawing checks one should make a record of the check, plus the two cents tax, in order that the bank balance will be kept correct.

This tax will be quite a bit of work and bother for bankers, the cashier way, for which they will receive no said, for which they will receive no more unpopular with the bankers themselves, but it is a Federal law and the banks can only follow instructions and collect the tax.

The New Federal tax of one cent per gallon on gasoline and four cents per gallon on lubricating oil also became effective Tuesday. Tax on tires will be two to one-fourth cents per pound, and four cents per pound on tubes, it is understood by local dealers. This tax likewise went into effect Tuesday, while others will become effective July 6.

Mother—"Which would you rather have—a baby brother or a baby sister?" Little Johnny—"I'd rather have a Shetland pony, if it's all the same to you, ma."

MRS. STEPHEN TUNNELL PASSED AWAY SUNDAY

The entire community was shocked and grieved to learn of the death Sunday evening of Mrs. Stephen Tunnell of the Pridem community.

Funeral services were conducted Monday afternoon at the Baptist church here, with Rev. Braswell, assisted by Rev. Burnett and Rev. Jenkins, in charge of the sad rites.

Mrs. Tunnell, who was the daughter of Mr. and Mrs. Jim Barnett of the Hancock community, was known and loved throughout this section, her short life of twenty-seven years having been a benediction to all with whom she came in contact.

She had been a reverent christian since the age of twelve, and her passing was marked by triumphant faith and trust.

Besides her husband and two babies, one five years of age, the other six days of age, she is survived by her parents and two sisters, Mrs. Claude Bailey of Crane, and Mrs. Johnnie Poole of Jacksonville, both of whom were present for funeral services, as well as other relatives and a host of friends.

The Index joins with the community in extending sincere sympathy to the bereaved family.

SON OF LOCAL MAN ILL AT WICHITA

News was received here late Wednesday afternoon that Rome Williams, son of Uncle Dick Williams, is seriously ill at Wichita Falls. Members of the family left immediately for that place, as the message stated that very little hope is held for his life.

The exact nature of the illness was not stated, according to our information, but it is sincerely hoped that it is not as serious as was indicated.

Mr. Williams lives just north of town, on Mrs. I. M. Wright's place, and the family is well-known to every member of the community.

SHERIFF B. L. PARKER DIED AT TAHOKA MONDAY AFTERNOON

C. A. Phillips of Floyada was the guest here Wednesday of his cousin, Ben Moore, and family. The two gentlemen had never met before that day, as the families had lived in different parts of the country until recently. Phillips said he had plenty of things to talk about.

W. A. Tredway was among other local people who went to Lubbock Friday evening to hear Pa and Ma Ferguson speak.

Mr. and Mrs. W. H. Cornett of the Klondike community are guests this week of their son, J. A. Cornett, and family.

C. W. Gravett and J. A. Minor made a business trip to Lubbock Monday.

J. A. Minor was in Lubbock and Levelland on business Thursday.

W. E. Hobison was the guest of friends in Tahoka Sunday.

Mr. and Mrs. C. E. Ray spent Sunday with friends west of town.

Mrs. Guye Bradley returned Tuesday evening from Clifton, Kansas, where she had spent a short time with relatives. Mr. Bradley met her in Plainview. She was accompanied there by her sister, Mrs. Warren Schaulis, and little daughter. Mrs. Schaulis will be remembered here as Miss Anna Maud McVicker.

Miss Belle Miles has been in Big Spring several days with her grandmother, Mrs. F. O. Allen. She went down Friday afternoon.

Mr. George Shumake spent Sunday here with his family, coming down from the ranch near Canyon where he has been for the past several months.

Mr. and Mrs. Ferris Heathington spent Sunday in Abernathy with Mr. and Mrs. Pete Lee.

Glynn Everett went to Crane Wednesday of this week, and will be employed there for some time.

LOCAL ARTISTS' BROADCAST OVER RADIO WEDNESDAY

In addition to the regular bi-weekly programs rendered by Miss Alice Busby and Wray Guye, O'Donnell is furnishing further talent for music lovers in this part of the country in the persons of Mrs. Marvin Shook at the piano and her sister, Miss Gladys Gibson, singing.

They went on the air at twelve-thirty Wednesday, fifteen minutes after the splendid program by the more experienced broadcasters, and received several complimentary calls from Lubbock and distant points.

Miss Gibson has been known to local people as a singer of popular songs, especially blue numbers, for a year or more, and Mrs. Shook is an especially good accompanist for this type of songs. She played no instrumental numbers Wednesday, simply playing the accompaniment for her sister's songs. They will probably be on the air again today (Friday) but we are unable to state the exact hour. It is hoped that they will be given a regular time each week.

SEVERAL MEMBERS OF THE PRIDE COMMUNITY LOST THEIR RESIDENCES IN A FIRE SUNDAY MORNING

Several members of the family were out looking after the crops, and the ladies had settled themselves for naps when crackling of the flames roused them.

All furniture and clothing except that worn by members of the family were lost, and the house, a frame residence, was a total loss. There was no insurance.

Mr. Harris was fortunate enough to have a small stone house, used as a shelter for hands, in good repair, and this is being occupied by the family for the time being. We are glad to report that no one was injured.

Several extras have been added to the sale Saturday morning, at almost no increase in price. A number of these items have been listed in the ad, but they are only samples of the many bargains to be found.

Several extras have been added to the sales force, and every customer will receive the most careful and courteous attention.

SANDSTORMS THIS WEEK DELAY CROP MOVEMENT

Evidently the weatherman is determined to give every fellow his chance of weather, for this territory, along with the rest of the South Plains, has met with every kind, from the wettest of the wet to the driest and hottest yet experienced this year.

The Index joins with other farmers of this territory, bringing as they did high winds, scorching in the day, and some with rain in the evening sand and dust which further delayed bright prospects for a bumper crop early in the fall.

Just how widespread was their mischance was ascertained, but it is thought that most of the land was either fresh planted or fresh plowed in most of the territory, and that damage around O'Donnell and the trade territory was comparatively light, considering the length of time in which the wind did just as it pleased with real estate.

However, those fields which had been planted in the past few days, and which recent heavy rains suffered a material loss, with a few farmers fearing that replanting was again the order of the day. Some of these fields have been planted in the past few days, and some of these fields have been planted in the past few days, and some of these fields have been planted in the past few days.

It is thought that fully forty cars of wheat will be shipped from here within the next few days, though sand storms and heavy rains have somewhat delayed completion of the harvest.

That is all. There isn't anything else to do.

This plan has been tried by a number of people in this section and has proven uniformly successful. It has been necessary to repeat once or twice on a few beds, but usually the first time is sufficient.

The first method, first used at Plainview, was because of an experiment of the sun, operating on the fruit jar, expands the gas from the gasoline and drives it into the uttermost parts of the ant bed, killing the stingers.

Of interest to many of our readers is that of the marriage at Lubbock of Miss Blanche Poppewell to Mr. Walton Brady, the ceremony being performed at the bride's home in Lubbock.

While the groom is a stranger to O'Donnell folks, everyone remembers the charming bride, who, until some four years ago, made her home here with her mother.

Entered as second class matter September 28, 1923, at the post office at O'Donnell, Texas, under the Act of March 3, 1879.

One of our candidates for State Senate is incorporating in his platform a new law to stop people from moving bankrupt stocks of old shoddy goods from one place to another to sell out far below cost in competition with the home merchants who pay taxes to keep churches and schools up from year to year. These fly-by-night operators always close out before tax assessment time, and never pays any taxes anywhere. While the Index believes we have no laws now, and that many of these fly-by-night operators always close out before tax assessment time, and never pays any taxes anywhere. While the Index believes we have no laws now, and that many of these fly-by-night operators always close out before tax assessment time, and never pays any taxes anywhere. While the Index believes we have no laws now, and that many of these fly-by-night operators always close out before tax assessment time, and never pays any taxes anywhere.

MARRIED WOMEN IN THE ECONOMIC PICTURE
 By JANE LACY

Equality between the sexes is being attacked with more determination today than at any time since the concession was won. The common enemy of all women workers has divided women against themselves. And we see now the spectacle of unmarried women attacking the married woman's right to her job.

The trend is evident in Texas, as elsewhere. An independent school district arbitrarily reduced the salaries of all married women teachers to one hundred dollars, while the former scale is maintained in the case of unmarried women. Some school boards dismissed all married teachers, and others announced a policy of employing no new ones. At least one of the state's railroads has discriminated against workers of the feminine sex who have committed the crime of matrimony.

If genuine economic equality as between the sexes is to be preserved there is no valid reason for discriminating against the married woman who is qualified for her job. No man loses his position when he marries; no woman should be compelled to suffer that indignity.

This fight against the married woman worker is but the entering wedge in a campaign that promises to send all women back to the kitchens and nurseries. Deny married women the right to compete for work in a market where the only qualification is ability, integrity and loyalty, and the soon will be demanding that some unmarried woman's job be given to her husband. If they possess the judgment which they are credited with, unmarried women will not subscribe to any principle that disqualifies women for jobs unless the same principle applies with equal force and effect to men.

SAYS KING COTTON STAGING COME BACK

King Cotton is coming back into his own as the once powerful and prosperous monarch of the South as a result of nation-wide success of National Cotton Week, according to information received by General Manager R. J. Murray of the Texas Cotton Cooperative Association.

Stores are reporting increases of from 30 to 60 per cent in demand for cotton goods in general this week as compared with the week previous. Mr. Murray's reports show:

"There has been a remarkable demand for the new summer cotton suits for men," Mr. Murray said, "and it looks as though these suits will prove very popular this summer. Our reports show that in some northern cities National Cotton Week is being more widely advertised and recognized than in some Southern cities. There is every indication that a big dent will be made in the present over supply of cotton goods. It is hoped that the increased popularity and demand for cotton goods and clothing in general will result in stores maintaining larger stocks than formerly which will help materially in taking up the slack in the cotton supply."

The railway line was flooded on account of the heavy rains and the traveler was obliged to break his journey stopping at a small village. Making his way to the inn he said to the proprietor: "This is like the Deluge." "The what?" "The Deluge—haven't you read about the Deluge and Noah and the Ark?" "No," answered the innkeeper "we've had no papers here for three days."

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON
 (By REV. P. B. FITZWATER, D. D., Member of the Board of Christian Education, (C. I. W.) of the World's Christian Council.)

Lesson for June 26

REVIEW: WHAT WE HAVE LEARNED FROM GENESIS.

GOLDEN TEXT—And we know that all things work together for good to them that love God, to them who are called according to his purpose.
PRIMARY TOPIC—Some Friends We Have Made.
JUNIOR TOPIC—What We Have Learned in Genesis.
INTERMEDIATE AND SENIOR TOPIC—Some Characters in Genesis.
YOUNG PEOPLE AND ADULT TOPIC—What Genesis Teaches About God and His Plan of Redemption.

Genesis, the book from which the lessons of the quarter are taken, as its name indicates, is a book of beginnings. It contains the only reliable information we have of the origin of the heavens and the earth, of man and his life, human life, institutions, and relations.

Lesson for April 3.
 God was before all things. Everything that God had a beginning. The things which are came to be by the creative act of a personal God. Man himself came into being by the creative act of God.

Lesson for April 10.
 An explanation of theills and sorrows of the world can be made only on the basis of the historic fall of man as recorded in the Bible. Man is not what he was when he came from the Creator's hand. The prime actor in this tragedy was the personal, cunning, and malicious being called "the Devil." Because man is a free being, possessing the power of choice, sin entered through the act of man's will in believing the Devil instead of God.

Lesson for April 17.
 Following man's fall, God gave the promise of a redeemer. God chose Abraham to be the head of the new race through which this gracious promise was to be realized. The failure of this new race to carry out God's plan is the explanation of the disordered world.

Lesson for April 24.
 Lot's prosperity was due to his relationship to his uncle, Abram. In spite of this fact, he selfishly grasped for the best. Abram, to avert possible strife between Lot and himself, accorded to Lot the choice of the best of the land. Though Lot's choice involved him in trouble, Abram graciously went to his rescue, delivering him from his oppressor, as being a fine example of the art of living in peace.

Lesson for May 1.
 Isaac was a child of the covenant, gentle and peace-loving. Though a lover of peace, he had enemies. His very prosperity incited the envy of the Philistines. His peaceable withdrawal from them gave him increased influence.

Lesson for May 8.
 Esau sold his birthright for a bowl of pottage. The birthright was the right of being at the head of the patriarchal family. In time of physical exhaustion he relinquished his claim to the future in order to gratify a present desire.

Lesson for May 15.
 Jacob's scheming involved him in trouble. On his flight from an outraged brother he was overtaken by night and obliged to sleep in a field with a stone for his pillow. It was under such circumstances that God gave him the vision at Bethel.

Lesson for May 22.
 On Jacob's return to Canaan to meet Esau, the Angel of the Lord wrestled with him at the ford of Jabbok. Jacob's self-will needed to be broken before he could enter Canaan. He was humbled by the dislocation of his thigh. When thus humbled, he quit wrestling and clung to God. Jacob did not get the blessing through wrestling, but because of his clinging to God. It was easy for Jacob to be reconciled to his brother because he was now right with God.

Lesson for May 29.
 Joseph was hated by his brethren. The father's favoritism fanned this hatred into a flame, and resulted in his being sold into slavery.

Lesson for June 5.
 Joseph's success was not primarily due to the fact that he was a good worker, but to the fact that the good hand of his God was upon him. Joseph was not a self-made, but a God-made man.

Lesson for June 12.
 Though Joseph severely tested his brethren, he graciously forgave them and nourished them through the years of famine. He knew that God had sent him to be their deliverer.

Lesson for June 19.
 In old age after many years of sorrow for the loss of Joseph, Jacob goes to Egypt and is there nourished through the famine by Joseph. After Jacob's death, Joseph continues his gracious attitude a his brethren.

Three Kinds of People
 There are three kinds of people in the world, the wills, the won'ts and the can'ts. The first accomplish everything; the second oppose everything; the third fail in everything.—Selected.

He Is the Loser
 It has been said that certain insects which sting lose their lives when they sting. A man who uses his tongue to express the venom of his hate loses that which to him is better than life.

HOLY HORRORS!

The boys up at Washington have about balanced the budget by enacting an infamous tax law that includes a tax on checks and legal documents, telephones, your electric and gas bills, face powder, auto tires and most everything else.

It took a pretty smart bunch to finally discover that this nation could tax itself rich, or at least increase taxes until we recover from this depression. What difference would it make if the government owed a little bit? Every citizen almost in the nation owes something and a tax increase is an insult to every respectable citizen of the Nation. Anybody heard of anybody's salary being reduced? Did anyone ever hear any of the political pets being weaned off from the government payroll?—Clarendon News.

THREE LAKES NEWS (Delayed)

Mrs. H. T. Moore and little daughters have been visiting in Christoval a few days.

Miss Irene Jordan visited Mrs. J. A. Edwards last Thursday.

Mr. and Mrs. F. M. Boyd of California have been visiting his sister Mrs. Carroll Edwards and family. They had not seen each other for twenty years.

Mr. and Mrs. J. A. Anderson and son, Bart of O'Donnell moved back to their farm last week.

Mrs. Carroll Edwards is on the sick list this week.

Mr. and Mrs. G. M. Duckett, Mrs. Fagan Johnson and Mrs. Mearl Duckett were in Three Lakes on business Saturday.

Mona Rae Edwards spent Sunday evening with Ruby Triplett of Wells.

Calvin Edwards spent Sunday evening with Kenneth Askew of Wells. Mr. and Mrs. J. J. Adams of T-spent Saturday with Mr. and Mrs. J. C. Sparks and family.

THE HIGHWAY COMMISSION

Despite a chorus of protest from the territory effected, state-highway commission last week stubbornly went about the business of isolating established Texas communities and spending millions of the taxpayer's money for unnecessary, unwanted and expensive highway construction. It let contracts for preliminary grading and surveying of the duplicate highway between Abilene and Weatherford. Incidentally, it let the world in on the secret that the fortunes of a community like Mineral Wells is of no consequence to the people's appointed servants.

At no time, in the controversy which was waged about the board's contemplated action, has he board signified there was any need for this new highway save to cut some fourteen miles off the distance between Abilene and Weatherford. The old highway is quite safe, quite smooth quite satisfactory. But it doesn't "bee line."

The highway commission proposes to build this new cut-off without demanding aid from the territory effected. In other words, in the face of almost certain diversion of much of its revenue, it has determined to spend two millions of hard cash for a DUPLICATE highway when much of the state still wallows in the mud.

Common sense would seem to dictate the husbanding of these two mil-

lions for construction of needed highways in other sections of the state—especially in view of the fact that eight millions of dollars will be lopped off available construction funds when (as now appears certain) a fourth of the gasoline tax is appropriated to relief of road-bonded counties.

It is probable that citizens of Mineral Wells and other cities which the

highway commission proposes to late will ask an injunction restraining the commission from prosecuting this ridiculous program. The tax-paying citizens of the whole state will join them in that action. But they have come to a pretty pass—hired servants of the state will spot popular mandates, only the courts compel them to do so.

Forget Your Worries! Laugh with Marie Dressler in EMMA

She'll make you happy as you haven't been in a long time.

You'll laugh and forget your troubles you'll wipe away a tear as you follow the ups and downs of Emma, the most lovable character ever brought to the talking screen!

It's a riot! It's Marie Dressler's finest picture since "Min and Bill" and "Politics."

WOMAN SOCIETY

WORKERS' COUNCIL MEETS TUESDAY EVENING

Mr. and Mrs. Guy McGill were gracious hosts Tuesday evening to teachers, students, and other officials of the Methodist church when they entertained at their home in the south part of town.

In addition to the regular business meeting, guests enjoyed an interesting and instructive talk by Mr. Heister of Draw, who explained in detail some of the working plans of their Sunday school there.

After a short social hour, refreshments of cake and punch were served to Messrs. and Mmes. B. M. Haymes, and Joe Schooler; Mmes. D. M. Estes, Carey Shook, R. O. Stark, and J. P. Bowlin; Misses Shook and Heister; Messrs. J. L. Shoemaker Jr., and W. J. Shook.

T. E. L. CLASS MEETING WEDNESDAY AFTERNOON

Mrs. W. A. Hinkle was hostess Wednesday afternoon to members of the T. E. L. Class of the Baptist Sunday School, entertaining at the regular social and study hour of the class.

Mrs. W. E. Vermillion taught the lesson in the study, "What Baptist believe", and a pleasant social hour followed the interesting discussion.

Refreshments of iced tea and pie were served to Mmes. Street, Lawler, Middleton, Mansell, Sutton, Wright, Anderson, Musick, Hobdy, Cathey, and Vergnillon.

WOMEN HATERS CLUB MEETS WEDNESDAY

Members of the Thursday Club several guests were entertained Thursday afternoon at the home of Mrs. J. W. Campbell, who was assisted in entertaining by her sister Edith Kathryn Zevel.

Gladioli and elder flowers were used as decorations in the living room and tables for bridge and forty-two were placed.

A salad course was served with iced tea to Mmes. Glen Allen, J. P. Bowlin, Roy Gibson, Mack Garner, Harvey Jordan, Boss Johnson, Robert Johnson of Tampa, A. H. Koeninger, Guy McGill, Hal Singleton, Jr., F. E. Singleton, E. L. Sorrels, R. O. Stark, C. E. Ray, Irvin Street, Marshall Whitsett, W. O. W. Jones, and Thelma Ethel Singleton and Thelma

WOMEN HATERS CLUB MEETS WEDNESDAY

Holding its second meeting, the Women Haters Club, an organization of the younger—extremely snappy—masculine set enjoyed a refreshingly rosy Wednesday evening at dusk.

The place of meeting was a comfortably located open lot in the center of town, and here the cheerful gathering was kindled for the toast of the picnic dainties.

Among those present were James Ellis Jr., William Edward Singleton, George Gray Wilkes, Glenn Edwards, Rochell Howard, Charles and Betty Cathey, Eldon Carroll, and Guy Cathey.

WOMEN HOSTESSES METHODIST SOCIETY

Mmes. B. M. Haymes and J. P. Wita were co-hostesses Monday afternoon to members of the Woman's Missionary Society, entertaining at the home of the latter.

An interesting program from the Missionary Voice was enjoyed, followed by a pleasant social hour.

Delicious refreshments of apricot ice cream were served to Mmes. McShwards, Burnett, Garner, Garbner, Ritzenthaler, Teague, and Estes and Jordan.

CELEBRATES BIRTHDAY FIFTH PARTY AT HOME

Observing her tenth birthday, little Doris Lawler entertained a party at the home of her parents Friday afternoon.

The guests had "oohed and aahed" over the many useful and little gifts, numerous games consisted were held, under the direction of the happy little hostess.

Including a most delightful affair, both for the hostess and the guests, refreshments of jelly-pop and cake were served to Mmes. McShwards, Burnett, Garner, Garbner, Ritzenthaler, Teague, and Estes and Jordan.

TWO PLAYED TUESDAY LAWN PARTY

One of the loveliest events of the season took place Tuesday evening at the home of Mmes. Boss Johnson and Mrs. Estes, who were entertained with a lawn

Six Years Ago

News items taken from files of The O'Donnell Index published here six years ago.

O'Donnell's one-year old band won prize money at the West Texas Chamber of Commerce meet at Amarillo.

Heavy rains again soaked the territory.

Lowell Pugh had his face painfully burned by an explosion in a local tailor shop.

Miss Lois Burdett underwent an operation for appendicitis at a Lubbock Hospital.

The family of W. E. Vermillion arrived from Alford to join him here.

J. R. Mayo "got all swelled up" with an imported brand of mumps.

E. J. Bean and family, W. B. Phillips and family and Fannie Pearce were in Post on a fishing trip.

ANOTHER MESS

With ten candidates in the race for governor, and thirty-five (more or less) aspirants vying with each other for the three congressman-at-large places, besides a host of other office seekers who are looking for work, the political season in Texas, though slow to get started, should in no respect be a dull affair. The list of candidates is so large that every citizen ought to find at least one citizen running for some kind of office.

Unfortunately, however only a small percent of the number who have offered themselves "for the slaughter" will get to feed in the public trough. If only a way could be found to employ all of the candidates unemployment would be reduced to a minimum. According to the political calendar there are about ten candidates for every job that pays a living wage.

The congressman-at-large race, made complicated by failure or refusal of the legislature to redistrict the state, positively will be the greatest memory test ever to enrage the minds of Texas voters. The Dallas News has figured out that there are "something like twenty of twenty-five unknowns running for a really important place." It is doubtful whether the average voter could name half of the remaining ten or fifteen "knowns," and as the News goes on to say, "When we consider that some of the knowns, are known for their

Cost Her \$4.25 To Reduce 65 Pounds

"Worth It," Miss Bates Says.

If you're young and fat read what Miss Bates of Berech, Iowa, has to say about Kruschen Salts—if you are middle age or old Kruschen shows you the way to lose fat the SAFE way.

"I took one bottle of Kruschen Salts a month for five months. It amounted to \$4.25 and I reduced 65 lbs. but it was worth it. Imagine just 22 years old and weighing what I did. I could not enjoy myself as other girls did. I could not get the clothes I wanted. I think it is wonderful the results Kruschen Salts give."

To lose fat the safe, sane way—take one-half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—eat less fatty meat, potatoes and sweets—a jar that costs but a small sum lasts 4 week. Get it at any drugstore in the world—but be sure for your health's sake to ask for and get Kruschen Salts. It's the little daily dose that does it. D-G

RED CHAIN Egg Mash

PUTS IN THE EGG BASKET

WHAT OTHERS PUT ON PAPER

A fair feeding test of RED CHAIN is the best way to clear up conflicting claims about egg mashes... Talk is cheap—and anyone can find nice words in the dictionary. On paper most feeds claim "more eggs at less cost"—but RED CHAIN actually does what others claim to do!

Don't buy your egg mash for what it does on paper—buy it for what it puts in the egg basket... Feed RED CHAIN to your own hens and see the difference between claims and results. It is the unequalled quality of RED CHAIN Egg Mash that makes it the cheapest egg producer—regardless of price.

B & O Cash Store

"Where Cash Talks" THE RED & WHITE STORES

Incompetence, the case is only the worse." The legislature let down the barriers and the herd stampeded. If the voters don't get a couple of political mavericks in the round up it will be one of the wonders of politics.

WORTH IT, Miss Bates Says.

Not Appendicitis—Gas Pains Fool Him

"I had such pain in my right side I thought I had appendicitis. But it was only gas. After taking Adlerika I've had no trouble." —W. L. Adams. You can't get rid of gas doctoring the stomach. For gas stays in the UPPER bowel. Adlerika reaches both upper and lower bowel, washing out poisons which cause gas, nervousness, bad sleep. Get Adlerika today; by tomorrow you feel the wonderful effect of this German doctor's re-

WE WILL NOW HEAR FROM THE NEGATIVE

Henry Anselby and the woman from Oklahoma City are evidently on someone's payroll, and like the Pharoese, are jubilant over the fact that they are not affected as other poor mortals be. A Levelland lady, Mrs. Major H. Rodgers, takes exception to their display of humanitarian principles, good will and morals forced on them by a remote foreboding of hard times. She says:

"You read Anselby's 'I Like The Depression' and the Echo, from the woman in Oklahoma City. Well you can call this the 'Re-echo' or any thing you choose but I am going to be honest. I don't like the depression and I ain't going to say I do.

"I don't get any pleasure out of seeing my husband working harder and depriving some poor man of a job, just because we don't have the money to pay him wages. He goes without bread, without clothes, and watches his family go hungry.

"I don't like the depression. I don't like to work very much and I don't like to have to count my nickles every day to see if things are going to meet. I'm so busy trying to keep both ends together, I don't have time to make friends.

"I don't like the depression. The friends we have now are no better than the use-to-be's. They just cheat, pool fool, he's in the same boat with me, so I'll be real nice to him, and maybe when the depression is over he will remember and help me. We may meet in the Cash and Carry, but we don't know what we are saying to any one—we are trying so hard to find the cheapest and most nourishing foods.

"I don't like the depression. My old clothes are about all gone and so are my neighbors'. If we had the money to buy new ones, there wouldn't be any depression long. That is the trouble with us today—somebody has the money, we know that for there used to be plenty for everyone. If those who have it all would kindly return a little of it to us to use, we could soon repay him back with ten per cent interest. And we would not have to watch the poor undernourished men, women, and children, as we are doing today. I don't have much but I try to help everyone I can. I can't see how people can say, 'I Love The Depression,' and watch others starve to death. I know they haven't had to take a notch in their belt when a meal was due, and maybe two notches for a notch in their belt when a meal was due, and maybe two notches for a notch in their belt when a meal was due from an old cotton sack and pinned up with nails.

"I don't like the depression. I don't like to patch my husband's trousers. I formerly gave them to some one less fortunate, but now I have to patch them and the other poor fellow has to go without. And I know it's the same with my neighbors.

"I'd much rather have some one do my washing, it not only helps me but helps the grocer, the merchant, the tailor, the hatter, the cobbler, and even the shoe black. But now we don't even have decent shoes to polish. So the washer woman goes hungry while I do my washing, and

she doesn't have money to help the grocer and so on.

"Every time we work to save what we have, we are knocking someone else out of bread and butter. If the world could only see how we are pulling ourselves deeper into this depressing state of affairs, by taking the other fellow's job away from him by doing it ourselves. We don't have very much but we do try to help the next fellow get his bread and butter. I'm not going to try to save money during this depression. All I ask is my family don't suffer, and we can keep our business going, the rest is going to help some poor family. I don't believe in just giving cold cash away, for no one knows how to keep it; but I want to keep all the men employed we can and help them to help others. If the world would give up the idea of making money, and turn to the idea of giving work to the needy and helping others to live, we wouldn't have a depression very long.

"I can safely say any one who says he likes the depression has not had starvation staring him in the face. I don't like to see others go hungry while I have plenty, therefore I DON'T LIKE THE DEPRESSION."

—Hockley County Herald.
 Mrs. Rodgers is the daughter of Mr. and Mrs. C. H. Doak of this city.

NOTICE OF SALE OF REAL ESTATE

STATE OF TEXAS
 COUNTY OF DAWSON
 IN THE DISTRICT COURT OF DAWSON COUNTY, TEXAS

Mrs. Ina Lindsey Barfoot et virs. H. W. RAGSDALE et al.
 WHEREAS by virtue of an order of sale issued out of District Court of Dawson County, Texas, on a judgment rendered in said court on the 14th day of May A. D. 1932, in favor of the said Mrs. Ina Lindsey Barfoot, and against the said W. H. and Jack Veazey, No. 1688 on the docket of the said court, I did on the seventh day of June, A. D. 1932, at 2 o'clock p. m. levy upon the following described tracts and parcels of land situated in the County of Lynn, State of Texas, and belonging to the said W. H. and Jack Veazey, to-wit:

H. and Jack Veazey in and to said property.

Dated at Lamesa, this 7th day of June, A. D. 1932.
 B. L. PARKER,
 Sheriff of Lynn County, Texas.

NEW MOORE NEWS

Well. Another big rain and wind storm Monday night with some hail.

which damaged the crops badly. The heavy rain fall caused the sand to were just replanting from the fall fill in on the cotton, which people ten days ago. But back of a dark cloud there is always a silver lining, so let us all hope for the best.

The New Moore Literary Society will take their play, "The Little Cud-hopper" to Midway Friday night, July 24.

Mrs. J. W. Nelson's aunt, Mrs. Joplin, of Meadow spent last week with her.

Mrs. Clyde Rogers is spending this week with relatives in Meadow.

Mrs. Joe Curry and two children of Midlothian have returned to their home after a three weeks visit with her parents, Mr. and Mrs. J. F. Rogers.

We are all so sorry that Mr. and Mrs. D. C. Harris of the Pledge community lost their home last Sunday afternoon by a fire, also the entire contents, quite a number of people of our community are doing all they can to help them.

Mrs. E. F. Lehman entertained Monday evening with a sunshine shower in honor of Mrs. Jack Crutcher. The house was filled with guests. They were entertained by piano and violoncello music. Games were played and refreshments of ice cream and cake was served. We also organized a "Willing Work" club, each one present joining the same. The first club meeting will be Tuesday, July 25th and there will be several quilts quilted.

Mr. and Mrs. W. A. Gillham and family, also Mrs. E. F. Lehman and daughter, Laura Belle, attended the Singing Convention at Loop Sunday. They reported lots of good singing and a nice time.

Archie and Cecil Lehman of Deming, New Mexico spent the week-end with Cecil's mother, Mrs. E. F. Lehman.

Jimmie Pendleton returned home Friday after a two weeks stay in Ford county.

Mr. and Mrs. Parker and children spent Sunday with Mr. and Mrs. J. W. Nelson.

Our community enjoyed a play presented by the Wells Literary Society last Friday night. The play was entitled, "Nancy Ann Brown's Folks." Much laughter was caused throughout the play.

There will be Sunday school and church at the usual hour. Every one is invited to come.

Bring Your Own Breezes

When summer comes, and the sun beats down and the thermometer shoots up, snap on your electric fan and snap your fingers at the weather. Forget ninety-in-the-shade days with breezes as bracing as an early-morning plunje. Sleep the nights through and awake refreshed, as though you had slept under the Northern Lights. Day or night there'll be plenty of times you'll wish you had a heat-chasing electric fan. Decide now to bring your own breezes and be comfortable this summer. At our store, or at your electrical dealer's, you'll find many models at many prices. Don't wait for the first heat-wave; come in today.
