

The O'Donnell Index

O'DONNELL, LYNN COUNTY, TEXAS, FRIDAY NOVEMBER 4, 1927

NUMBER 6

Weather Causes Cotton to Move Fast

Weather continues ideal for picking of this season's cotton which has begun to move rapidly. The seven gins of the county are coming in by the ton and the season is running out better than 2000 bales. The past week a total of 3,282 bales were ginned, making a record for the season of 3,282 bales to Thursday noon.

Aged Preacher To Retire When Year Is Closed

Rev. "Bill" Hart, pastor of the O'Donnell Methodist church circuit, and a pioneer "circuit rider" of the Plains and West Texas, will ask for work at the annual conference at Big Springs November 9, due to his failing health.

Hart preached over the Plains and other portions of West Texas years before there were any towns in this area. He did his traveling by buggy having an immense work.—Dawson County Journal.

J. N. Bradshaw Dies Suddenly

Mr. J. N. Bradshaw died suddenly Tuesday at 10 o'clock at his home 7 miles southeast of O'Donnell.

Mr. Bradshaw was apparently in perfect health and soon after noon hitened up his team and drove to the field to head maize. His wife seeing the team wandering loose in the field, hastened to see the cause, and found him lying in the bed of the wagon almost lifeless. He had had a stroke of paralysis and only lived a short time after being carried to the house. Interment was made in the Plainview Cemetery. The burial ceremony was conducted by the Masons of this city. The funeral services being held by Rev. Shiply, pastor of the Baptist church of Klondyke.

Mr. Bradshaw was sixty-five years old and had been a devout member of the Baptist church for years. He leaves a wife, and six children, 3 boys and 3 girls to whom we extend sympathy in their hour of trial.

MRS. D. A. EDWARDS IS HOSTESS TO SCHOOL PUPILS

Mrs. D. A. Edwards, teacher in the high second grade of the O'Donnell school surprised her pupils Monday afternoon, Oct. 31 with a pretty little Halloween party in the play room of the school building.

In the "scramble of beans," Zell Fritz and Bearl Tune won prizes. And in the hunt of a rose, a button and a penny, Bearl Tune found the penny, donating wealth, Sybil Hayes the button, donating single blessedness, and Jack Clemmens found the rose, proving that he would be the first to be married in the class. Other contests and games were played delighting the hearts of the twenty-six youngsters, after which they marched back to their class room where Mrs. Edwards, assisted by Mrs. Everett served them with punch and cake.

H. D. Club Met Wednesday Afternoon

The home Demonstration Club met at the high school Auditorium Wednesday afternoon with 16 members present. The county agent, Miss Hasley, met with the club. The first meeting in November being the regular date for election of officers, the following were elected: Mrs. W. Gillispie, vice-pres.; Mrs. R. O. Stark H. Veazy, president; Mrs. H. E. secretary-treasurer; Mrs. Harvey Everett, reporter. Mrs. J. F. Campbell was appointed Chairman of "Better Homes Movement." These officers to be initiated the first of the coming year. Plans for the coming year work were discussed and some arrangements made.

Mesdames E. L. Sorrells, Ben F. Moore and J. F. Campbell were appointed to investigate and look in to the price of lots and see about procuring same in the near future for the putting out of shrubs and trees to be sold later and the proceeds to be used in starting a community house for O'Donnell. These plans came from deep studying and planning for the future for O'Donnell and planning for a useful community for people.

Vanishing (Indian) Summer

Oil Leases Being Sold For \$1.00 Per Acre 10 Year Lease

Foreign Missionaries Speak in O'Donnell

On last Thursday night, under the auspices of the First Baptist church there were three Foreign Missionaries spoke at the High school building on "the Mission Task in Africa." All three of the Missionaries were colored and they sang several selections in their own natural way, such as: "Swing Low Sweet Chariot" and other Negro Spirituals. One thing peculiar was the fact that neither of the Missionaries were born in the same continent. Rev. C. T. George was born in South America, his wife in Texas, and their adopted daughter Maud, was a native of Africa. Maud sang some good selections in her own tongue and would then sing them in English.

Mrs. George was teaching school in the Negro college at Waco when she gave up to go to the Foreign field. All our hearts were thrilled with their good messages and it is the purpose of Bro. Horn to have them back some time in December if they may be secured. Little Maud was a full demonstration of the Religion of Jesus Christ can do in the remote corners of the world. Announcement will be made if they return, in plenty of time for everybody to be ready for their coming.

School Carnival Was Great Success

Exceeding the expectations of everyone the School Carnival was a great success. The committees wish to express their deepest thanks to the Editor of the O'Donnell Index for the generous advertising space he granted them, and feel that their splendid success came mainly thru his so kindly bringing it to the public.

They also extend thanks to the citizens of O'Donnell for their big hearted donations which helped furnish the booths with eats.

Then to the soliciting committee, they express their thanks for their support fully realizing the wonderfully responsive people of O'Donnell in general.

NAZARENE CHURCH CALLS NEW PASTOR THIS WEEK

At a meeting of the church recently, Rev. Mrs. Echols of Post, was called as pastor of the Church of the Nazarene.

Rev. Mrs. Echols will preach her first sermon Sunday morning and all members are urged to be present and the general public is cordially invited.

Considerable oil leasing has been done in and around O'Donnell during the past several months, mostly in checkerboard fashion, the purchase price being reported as \$1.00 per acre in most cases on a ten year commercial lease.

Oil men are watching the South Plains with considerable interest and numerous companies have been gathering holdings in small tracts apparently trying to curtail the blocking for drilling contracts. This, in the opinion of those who are interested in seeing the country developed, is a bad practice. The \$1.00 per acre received from the leases is a very small consideration when you come to think of it. Drilling of deep tests for the development of this territory will at least be held up for ten years the termination of the lease. It is believed by the old timers and geologists that oil in paying quantities lies under the soil through out the South Plains. So why not develop it? Drilling companies and oil men are daily inquiring as to the possibilities of a drilling contract in this territory. C. H. Doak says there is hardly a day passes but what he receives inquiries from different companies asking for drilling contracts for deep tests, but as long as the people allow concerns to checkerboard the country, it is impossible to obtain development of the country's resources.

The Pure Oil Company recently purchased 62,000 acres in the solid block in the Cedar Lake Community paying from \$1.50 to \$2.00 per acre for the lease. It is expected the company will begin the drilling of a deep test in that neighborhood in the near future. The purchasing of the lease has created considerable interest among other oil companies, and efforts are being made to purchase royalty in the block from the land owners offering as high as \$2.00 per acre with but little results.

It is believed that the South Plains will receive the greatest oil play of the state within the next few months, provided development is not stopped by checkerboarding the country by various oil scouts.

CITY TAX NOTICE

Notice is hereby given, that all Delinquent Taxes as shown by the City Tax Rolls, of the City of O'Donnell, for the year 1926, and all past years must be paid to the City Tax Assessor and Collector, J. Y. Everett not later than Nov. 10, or immediate steps will have to be taken by the City for the forced collection of the same.

Respectfully,
W. H. Crunk, City Attorney.

Rin-Tin-Tin Stars In Western Epic

The epic drama of the winning of the great Southwestern desert is brought to the screen in "Tracked by the Police," Warner Brothers' production starring Rin-Tin-Tin and directed by Ray Enright.

With the great Laguna Dam and Irrigation Works on the Colorado River as a background, the story tells of the brave fight of the heroic pioneers to win homes and land from the barren desert. They see in the waters of the broad Colorado a source of limitless wealth, but their problem is how to accomplish the stupendous task against hostile nature and envious men.

Rinty is seen as the dog of Bob Owen, a young freeman who is in love with the superintendent's daughter. When the latter is disabled in one of the series of mysterious accidents, he turns his responsibilities over to Bob. In this, the other foreman, who has been bribed by a rival construction company to force the abandonment of the work, sees an opportunity to get Bob and his troublesome dog out of the way so that he may wreck the unfinished dam and take the girl. He does get Bob out of the way, but Rinty eludes him and puts up many a thrilling and courageous fight for her sake.

Heading the strong supporting cast are Jason Roberts, Virginia Brown Faire, Nanette, Tom Santschi Theodore Lorch, Dave Morris, Ben Walker and Wilfred North.

Rin-Tin-Tin in "Tracked by the Police," a Warner production, comes to the Lynn Theatre next Saturday.

MRS. R. O. MILES HONORS LITTLE DAUGHTER

The heart of little Dorothy Allen Miles was filled with unbounded delight Tuesday afternoon when her mother invited her little friends in to help celebrate Dorothy Allen's fourth birthday. After the children had played until tired, delicious punch and cake were served to the following Marjorie Musie, Harvey Ann Everett, Mary Louise Singleton La Rue Ross, Sammie McLaurin, Billie Louise Etter, Elsie Bernice Etter, Billie Marie Ash, Merle Miles, Dorothy Allen Miles and Junie McLaurin, William Edward Singleton, Alfred Allen and Blanton McLaurin.

Members of the Eastern Star are urged to bear in mind that next Monday is the regular meeting time and to be sure to attend.

MINISTERS, MARSHAL AND MAYOR TO ENTERTAIN BOYS

Every boy in O'Donnell between the age of ten and eighteen are to be the guests of the Ministers, the Marshall and the Mayor Friday night at the High School Auditorium. Out of town speakers have been secured to address the boys.

Games and amusement of all kind will be provided. Refreshments that "hit the right spot" will be served and a really sociable time extended to the boys. The object in this philanthropic affair is to show the boys in some measure the esteem in which these prominent men hold them and to prove that their interest in them is no small thing.

Auction Sale Being Conducted Nightly

Clay Huffman, auctioneer, who was at the Corner Drug Store last fall is again back on the job conducting an auction sale nightly. Jewelry, watches, china, clocks, diamonds, silverware, Christmas goods, etc., are being offered to the highest bidder.

Teacher's Institute Meets In Tahoka

The Lynn County Teacher's Institute met in the high school building in Tahoka, Oct. 27 and 28. An address was made by president R. D. Green of the Texas State Teachers Association. He outlined the accomplishments of that body so far this year and told something of its aims and purposes. He made a strong appeal that the Lynn county teachers join 100 per cent. As a result a large number of teachers became members for the year. The O'Donnell teachers are on the hundred per cent list in this respect.

President Hill, of the West Texas State Teachers College, was the principal speaker for the two days. His several addresses were both entertaining and instructive.

The regular work of the institute was done in section meetings. The high school section was conducted by J. A. Rickard, the intermediate section by Mrs. M. B. Hood and the primary section by Mrs. L. F. Craft. Some interesting papers and discussions were presented in the various sections.

On Friday, Oct. 28, a general session was held for the purpose of organizing the Lynn County Inter-scholastic League. The following officers comprise the executive committee:

- Director General—J. A. Rickard.
- Director of Debate—M. H. L. Baze, Tahoka.
- Director of Athletics—Nat Williams, Tahoka.
- Director of Declamations—W. B. Bishop, Wilson.
- Director of Spelling—Homer Franklin, New Home.
- Director of Essay Writing—Zuela Fox, Grassland.
- Director of Rural Schools—Co. Supt. H. P. Cavness.
- Director of Music Memory—Mrs. Jack Jackson, Tahoka.
- Director of Arithmetic to be appointed later.

The executive committee is to select the place for the meeting of the County Meet and to lay other plans for making the coming meet a success.

Many of the teachers expressed themselves as better pleased with the two days institute than with the old five days one, and all feel that much helpful work was done.

"Fighting the Flames" Coming Soon

Chief Clyde Ash of the local fire department announced this week that a thrilling picture entitled "Fighting the Flames" will be shown at the Lynn Theatre at an early date which will be under the auspices of the O'Donnell Fire Department.

It has been the custom of the local fire department to put on at least one or two shows during the year, proceeds to be used to help defray the incidental expenses of the department. The boys deserve your support and when the dates are announced be sure to attend the show which alone is a part of the money.

Spring-Time in the Hawaiian Islands

OVER in Hawaii, where morning-glories bloom all day long and the night-blooming cereus lives but one glorious moonlight night to die with the first rays of the morning sun, spring-time is a very different affair from our northern spring.

In a land of perpetual summer, naturally the role of spring seems a bit difficult. To the Northerner, who has left the land of tiny buds and pale green grass to get off the steamer at Honolulu, some April morning it seems that all Hawaii is in bloom. Large trees are dotted with the brilliant red of African tulips; golden-shower trees vie in splendor with red and white ginger blossoms; red and purple bougainvillea cover the high fences, and the salmon and white of candia is everywhere.

Yet to the Hawaiian this is spring—a promise of greater fullness to come.

The native guide cautions the tourist not to pick the flaming red lehua flower for then the day will be rainy. If the temptation is too great and the tourist plucks the flower, the shower inevitably follows, according to the guide, and it is then necessary to return to the tree and take another blossom to avert more rain.

The rainy season has just ended and the natives have no desire to prolong it, knowing that May, June and July constitute the fairest

season. The mango, the avocado, the pineapple and the guava are already ripening. Making the most of these sunshiny days, Hawaiian boys are weaving the big hats that are to protect them from the summer sun to follow. Girls with baskets of fragrant ginger blossoms and lavender jackranda string leis which they will take to the beaches to sell.

There they will join the jovial, jostling lei-women vending armfuls of vari-colored flower wreaths. The beaches are a glorious place in May. Brown-skinned Hawaiian boys ride the surf boards alongside of sugar-kings and coffee-magnates. Women from all parts of the world sport in the surf with Hawaiian maidens, whose lithe bodies are the envy of all. A charging platoon of native girls, standing erect on racing surfboards, propelled shoreward by no other power than the force of a giant wave, is a sight worth watching.

Life everywhere seems to be lived in the open. Even the dancing, with native orchestras is outside on the broad lanais or verandas. Here tables are set at tea-time and one enjoys delicious foods strange to most visitors, such as the papaya, a delicious golden-meat melon that grows plentifully on trees the year around. There are, in season, luscious mangoes, passion fruit and avocado, and pineapple every day in

the year.

Out on the hills of Oahu and Maui, the new crop of pineapples are ripening in the sun. On the distant slopes the plantations resemble magic carpets whose perfect tapestry patterns stretch away to the sunset. Closer inspection reveals these patterns to be symmetrical rows of spiked-edged plants—armored to protect a rare treasure within. This treasure, a few weeks before, was a blossom, not unlike our purple thistle. But the magic of April breezes, and tropical sunshine are slowly transforming it into fruit.

By July, the treasure which has been so stoutly protected by the spear-pointed leaves and so carefully tended by brown-skinned workers, will be transformed into a golden pineapple, such as only Hawaii produces. Eighteen long months of ripening, unharmed, nurtured by tropical sun and salt-laden breezes from the sea, have stored away a wealth of health-giving riches. To retain these riches the pineapple will be quickly put into cans and shipped to ports in every part of the world.

It is only at the harvest season when the fields are golden and the verdure densely green that the Northerner can realize, as the Hawaiian does, that spring-time in Hawaii with all its foliage is, after all, only a promise of the fullness of summer.

AN ORDINANCE

Occupation License Tax

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF O'DONNELL, TEXAS:

That from and after the passage and publication of this ordinance, from every itinerant merchant who shall move into the City of O'Donnell, Texas, and offer for sale "bankrupt stocks" of goods, or advertising "fire sales" or "water and fire damaged stocks for sale" for a limited period of time, there shall be collected by the City of O'Donnell, Texas, Fifty dollars per month for the first month or less than a month; and for each additional month that such sales are continued, in said City of O'Donnell, said merchant shall pay to said City of O'Donnell an additional sum of \$10.00; such amounts payable monthly in advance.

It is provided, that where such merchant remains in said City of O'Donnell for six months, in addition to the fifty dollars license charge for the first month, they shall pay an additional sum of \$5.00 per month;

It is further provided, that the above and foregoing provisions shall apply to any and all itinerant merchants, who are now or who may hereafter move to said City; By the term "itinerant merchant" is meant those merchants who move from place to place, doing business as aforesaid, for a limited period of time.

Any merchant, or person, persons firm, or corporation, who shall conduct such business described herein, coming within the purview of this ordinance, without first having paid said occupation tax, shall, upon conviction thereof in the Corporation Court of said City, be punished by fine not exceeding \$200.00, and each

day such business is conducted without said license being paid, shall be deemed a separate offense and punishable as such;

It is further provided that in addition to the penalty herein fixed, said City is empowered to institute suit in the Courts of this State having jurisdiction hereof, for the collection of said tax, and costs.

The fact that an emergency exists the charter rule requiring all ordinances to be read at three separate meetings, be and the same is hereby in all things suspended. This same is placed on its first reading and final passage, and this Ordinance shall take effect immediately upon its passage and publication, and it is so ordained.

Passed and approved this the 2nd day of November A. D. 1927.

E. M. Wilder, Mayor, City of O'Donnell.

Attest:
W. H. Crunk, City Secretary

EX-SERVICE MEN BONUS TIME TO EXPIRE JANUARY 1st.

(Dawson County Journal)

Time limit is January 1, 1928 for ex-service men to make application for the bonus, the adjutant of the American Legion advises. He has application blanks and urges eligibles to fill them out immediately.

Ex-Service men are entitled to it, the adjutant says. The bonus averages \$2.50 or more each day the ex-service man was in service. It may be used as collateral for loans after the first two years for about 5 per cent of the face value of the policy per year. Those interested are requested to see J. D. Dyer, vice-president of the local Legion Post, or Philip Yonge, adjutant, who will make out application free for eligible persons.

MISS MARY DELL VERMILION ENTERTAINS HER

Saturday evening from 8 o'clock, Miss Mary Dell Vermilion was at home to a number of friends. Many interesting were played and heartily enjoyed. Games of various were played, the occasion being a lowdown, the games carried idea as well as the decor of the home. A very pleasant was spent and the guests happy when the time came for other party at Mary Dell's home. Delicious sandwiches and hot chocolate and dainties were served. Pumpkins as plate favors were served to Misses Alice Bushy, Miles, Beverly Wells, Margler, Mary Dell Vermilion, Tate, J. C. Christopher, Gendhire, Wilbur Shumake, Glynn Cathey and John V.

The Junior Epworth Society with Mrs. Everett Tuesday noon and spent a very interesting and profitable time making books for the colored children of the Southern part of the state. Members were present and pretty books were made. They will have a candy and social in both buildings of school to add to their funds.

Mr. and Mrs. H. W. Myer of Dallas spent the first week in O'Donnell, the guests Mrs. Myer's parents, Mr. and W. A. Hinkle.

PINEAPPLE A PIQUANT TEA-TIME RELISH

SINCE the days when the American colonies declined tea at Boston harbor, the English have looked askance at the American's negligence in the matter of making tea at the proper time. On this side of the ocean we have a bad habit of being too busy for four o'clock tea.

Yet we have to admit that the English have solved the problem of the zero hour—that time when the busy part of the afternoon is far behind and dinner and the pleasures of the evening afar off—by making it a time for a betwixt and tea.

Many Americans have adopted the custom, but others maintain they have no time for it. If the housewife knew how simple it is to have at hand the dainty muffins and decorative tarts that, with tea, make up the tea hour, perhaps the rest of the family would find that after all they aren't so busy as they thought, and that a cup of tea and a bit to eat afford relaxation as well as an opportunity for companionship.

Pineapple has found its way into tea dishes more and more of late, since it has been discovered that the tart taste of Hawaiian pineapple is particularly delicious with tea. Pineapple enhances tea to the extent that in many homes, slices of Hawaiian pineapple are served in the tea instead of the heretofore popular lemon. And with dainty pastry the pineapple presents a pleasing combination.

As for marmalade—second cousin to muffins and tea—pineapple marmalade is one of the simplest to make and so delicious in flavor that it should be well represented on the shelf of every home where tea is a happy function.

resented on the shelf of every home where tea is a happy function.

Many of the cakes and tarts that make up the tea refreshments, may be made in advance. If there is a baking day in the home—a survival of the old established custom of Saturday baking for the week's needs—then that is an excellent time to bake a host of attractive cookies and tarts and pastry which will last for the week. They can be put away in a tightly closed tin box, and tea for the family and intimate circle of friends who "just drop in" will mean only putting the kettle on.

However, if the tea is to be a large affair, one of those delightful "informal formal" teas, when a larger circle of friends are invited in, but the atmosphere is kept just as informal and casual as possible, then there may be along with the sandwiches and cakes more elaborate pastries such as cream puffs or fruit tarts.

Pineapple Tea Muffins are made by creaming one-fourth cup shortening with one-fourth cup sugar. Beat one egg and add one cup milk, four teaspoons baking powder, one teaspoon salt and add alternately with the egg and one buffet size apple. Bake in well-greased muffin tins in hot oven (400 degrees F) twenty to twenty-five minutes.

Paradise Marmalade is made in this way: Wash three oranges and one lemon and slice very thin; add one medium size can crushed Hawaiian pineapple and five cups water. Cover and allow to stand

overnight. Cook for two hours. Add two cups sugar and cook slowly one hour longer. The cooking will give the marmalade a rich amber color. Pour into sterilized glasses and seal with paraffin.

Waikiki Fruit Tarts are a combination of crispy pastry cream filling. Line a deep dish with either puff or short-crust and bake a delicate yellow half hour before serving. Fill with contents of large can of sliced Hawaiian pineapple. Pour over a thick boiled custard seasoned delicately with vanilla and place where it will chill. A meringue can be placed on top, or pastry stars. These make a decorative and dainty finish.

Pineapple Cream Puffs have just enough of the tart taste of pineapple to make cream puffs palatable for tea. Melt one-half cup butter or other fat and add one-half cup boiling water. As soon as the boiling point is reached, stir vigorously until well mixed. Move from the fire and add unbeaten eggs, one at a time, being until thoroughly mixed between each addition. Drop by spoonfuls on a greased pan at least one inch apart. Bake three to five minutes in a moderate oven. With a sharp knife make a cut in the side through which to fill puffs. Fill the contents of a buffet size can of crushed Hawaiian pineapple. Mix one-half cup of sugar, one-half cup flour and one-fourth cup cold water and add hot pineapple, stirring constantly. Bake ten minutes in a double boiler, or one tablespoon lemon juice, and put in cakes.

remodeling the Clarendon City Hall to make room for a fire station and to provide living quarters for a fireman. Standard fire equipment has been ordered which will arrive by the time the construction work is finished.

Electra—The Electra Chamber of Commerce has started a campaign of education to explain the benefits of the Pease River Irrigation Project, to be known as Pease River Improvement District No. 3. As planned, this project will water 150,000 acres of land lying along the Red River Valley in Wichita and Wabarger counties and will furnish domestic and industrial water for the cities of Electra, Vernon, Iowa Park, Quanah and Crowell.

Chevrolet Celebrates Sixteenth Birthday

Nearing the close of the most successful year in its history, and with its position outstanding as the world largest builder of gear shift cars and trucks, the Chevrolet Motor Company this week rounded out its 16 year of existence.

Named for Louis Chevrolet, well known race driver of an earlier decade and active figure during the infancy of the automotive industry, the Chevrolet Motor Company of Michigan was organized on November 3, 1911.

That year five cars were built. This year one million cars will be built—more than the combined output for the first eleven years of the company's existence.

That first year a handful of men worked in an obscure factory at West Grand Boulevard and the Viaduct, Detroit, to turn out mostly by hand methods those first five cars. Today more than 100,000 people are employed in producing, selling and servicing Chevrolet cars.

Today eleven great factories—exclusive of export operations—are running to capacity to meet the demand of Chevrolet's infinitely superior to, and listing at one-fourth the cost of those first cars.

The "Royal Mail" and "Baby Grand" models brought Chevrolet wide spread popularity in the early days, but the "490" model, so named because it listed at \$490, placed the company definitely in the field as a volume producer of motor cars. That was in 1915. That year 70,700 cars were built.

Shortly afterward the first assembly plant began production at Oakland, California, to supply the West Coast. Seven more such plants have since been erected, and one is now in process of construction at Atlanta, Georgia. These are located at strategic points throughout the country to render the greatest possible service to the car producer.

General Motors took over Chevrolet in 1918, with wide expansion following. In 1925 for the first time volume exceeded the half million mark. The 1926 production was

732,147 cars and trucks. That record was equalled this year on August 12 and company officials look forward confidently to one million units in 1927.

On Chevrolet's birthday, W. S. Knudsen, president and general manager, commented upon the extraordinary production and sales records comparatively short life. These records, he said, reveal the confidence the company has enjoyed in its placed in Chevrolet and its cars by the public.

This attitude, Mr. Knudsen pointed out, is a deep source of gratification to Chevrolet, and in turn places the company under obligation to adhere rigidly to the exacting standards which the public has learned to expect of all Chevrolet product. The same policy that marked Chevrolet's sixteen years of past achievement—that policy of turning back into the car the manufacturing economics resulting from volume production—will be continued, Mr. Knudsen stated.

MRE. ROY SMITH ENTERTAINS

Mrs. Roy Smith entertained the Primary Department of her expression class Wednesday afternoon at her home. The happy little guests could hardly wait for the hour for the party to arrive and were all pepped up ready for the fun when the games started. All of those "familiar well loved games were played. Mrs. Smith read several interesting stories to the delight of the little ones. Delicious refreshments of hot chocolate and sandwiches were served.

SENIOR B. Y. P. U.

The Senior B. Y. P. U. met Sunday at the Baptist church with a splendid attendance. The group leaders chose sides and each group in turn will provide the program.

Mr. King is Group Leader for the program which will be rendered next Sunday. Everyone is urged to come out and hear this splendid program.

Mrs. Gene Cowden of Midland and Mrs. Claude Cowden of Mineral Well sisters of Mrs. Ben L. Cowden of this city and mother, Mrs. McAnelly of Midland were guests of Mr. and Mrs. Ben L. Cowden this week. All spent the day in Lubbock Tuesday visiting and reported a pleasant time. The visiting ladies left for their respective homes Thursday.

Watch for date of One Cent Sale at the Corner Drug Store.

JUNIOR B. Y. P. U.

The Junior B. Y. P. U. met at 4:30 Sunday with 12 or 13 participating in the program. We expect a greater increase next Sunday.

Mrs. S. Roaten, Leader.

AUCTION SALE will be held at the A. C. Fairley residence on Nov. 5 at 2 o'clock p. m. D. T. Fairley will sell to the highest bidder many useful articles. Come! 2tp.

Santa Fe

Purchases Promote Prosperity

WHILE the Santa Fe is itself a large employer of labor—its payroll in 1926 totalled \$107,000,000, and its employes number more than 75,000—indirectly as a buyer of materials and supplies it helps to furnish employment to many more. Such purchases last year exceeded \$64,000,000. In addition it bought over \$12,000,000 of new cars and locomotives.

Its largest class of material was fuel, which totalled \$24,360,000. This consisted of about 2,267,000 tons of coal, and 507,800,000 gallons of fuel oil. The use of coal or oil on any division is determined primarily by which is the cheaper fuel in that locality.

The second largest class of purchases was iron and steel products, for which the expenditure was approximately \$19,750,000. This included an expenditure of \$9,500,000 for 152,700 tons of rail, frogs, switches, and fastenings. \$1,500,000 went for wheels, axles, and tires, and \$306,000 for flues and tubes for locomotives. Bridges, turntables, structural steel, forgings, and fabricated, unfabricated, and pressed steel took nearly \$3,000,000. Steel and iron are basic necessities in railroading.

Purchases of forest products totalled \$6,412,000, which included over 3,000,000 cross ties, and large quantities of lumber and timbers. The Santa Fe creosotes its ties and much of its timbers, otherwise greater quantities would be needed each year.

Folders, report blanks, notices, tickets, tariffs, and various items in the stationery line required \$1,225,000, electrical materials \$660,000, lubricating oil and grease, illuminating oils, waste, etc., \$1,180,000, and air brake material \$617,600.

These purchases were necessary to maintain the railroad properly and to give satisfactory service to the public. They were covered by 130,000 invoices and were made from 3,347 individuals and firms. Note the wide spread of this buying.

Thus the Santa Fe and all railroads are an important factor in maintaining the prosperity of our country through the employment arising from these large purchases of supplies, as well as the millions directly disbursed among their own employes for services.

When the railroads are doing well, they buy materials and supplies on a larger scale than when net revenues fall off. Money thus spent mainly pays for the labor of many persons, helping merchants, farmers, everybody—your own community included. You therefore are vitally interested.

ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF O'DONNELL, TEXAS.

An ordinance granting a franchise and certain privileges to the West Texas Gas Company (a corporation) with its principal office in the City of Amarillo, Potter County, Texas, and establishing rules and regulations for the use of natural gas for light, heat and power, and establishing a maximum limit for price to be charged for such gas.

WHEREAS, WEST TEXAS GAS COMPANY (a corporation) has applied to the Mayor and City Council of the City of O'Donnell, Texas, to grant said company the right to lay and maintain and operate a gas plant for the distribution of natural gas for light, heat and power within the City of O'Donnell, Texas, upon the following terms and conditions and reservations, such rights and franchises to be as follows, to-wit:

SECTION 1

That the right to furnish, distribute and sell natural gas for light, heat and power, for all such other purposes for which gas may be used within the City of O'Donnell, Texas, for a period of twenty years from the date of the passage and approval of this ordinance is hereby granted to the WEST TEXAS GAS COMPANY (a corporation) its successors and assigns, hereinafter called the grantee, subject however, to the provisions hereinafter incorporated in this ordinance and for such additional period or extensions of time as may at the expiration of said term of years, and upon conditions then found to be satisfactory to the officials of the City of O'Donnell, and to this grantee, and provided that this ordinance and franchise is to be in effect and run from and after the day and date of its passage and approval.

SECTION 2

That the said grantee is to have the right to lay mains, pipes and equipment, and to construct such buildings and install such machinery or equipment and to sell or lease such equipment to the citizens of O'Donnell, Texas, as may be necessary or advisable in their judgment for the proper performance of the service to be rendered to the City of O'Donnell, and to its inhabitants and citizens to the best interests of the gas consumers and to have, at all times, access to the streets and alleys of said City for the purpose of laying such mains, pipes and equipment as may be needed from time to time during the term of this franchise, or any extension thereof, provided, that at no time shall the grantee obstruct such streets or alleys so as to interfere with the public use thereof for a period longer than twenty-four (24) hours, and that immediately such mains, pipes or equipment is laid and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

All excavations to be properly guarded by barriers by day and by red lights at night, and the said grantee shall hold the said City of O'Donnell harmless from any and all damages to persons or property resulting from their negligence in the manner of constructing such distributing plant or system and guarding the same while under construction, by a good and sufficient bond executed by the grantee and some reputable surety company permitted to do business in the State of Texas, in the penal sum of Twenty-five Thousand Dollars (\$25,000.00).

The work done in connection with the construction, maintenance and operation of said plant and transmission, transportation and distributing system, and the location of regulating stations, vent pipes, gate valves, gauges, stock-boxes, manholes, low, intermediate, and high pressure mains, pipes, feeders, service pipes and conduits, and service pipe extensions and all appurtenances in the streets, highways, alleys and other public places in the City shall be subject to and governed by the regulations, rules and ordinances now in force or that be hereafter lawfully adopted.

SECTION 3

That all mains shall be laid at least eighteen (18) inches below the surface of the ground, and so laid as not to interfere in any manner with water mains or pipes or sewer line of said City, or pipes or conduits of other utilities already installed; and that the connections with the gas mains and pipes shall be placed and laid to the property line of the consumer at the expense of grantee. That the grantee shall not be required to extend main lines more than one hundred and fifty (150) feet to any one consumer.

SECTION 4

That said grantee shall at all times after said gas distribution system has been established and placed in operation, be prepared to furnish said City and its inhabitants with a good quality of gas for light, heat and power, and other purposes and said grantee shall furnish such gas for all purposes for which same may be used in sufficient quantities to supply the needs of the said City and its citizens.

The said gas shall be furnished to said City and its inhabitants for domestic use at a net price not to exceed sixty-seven and one-half (67-1/2) cents per thousand cubic feet for all gas used; provided, however, that gas used for heating public buildings, churches, hotels and apartments shall be sold at the following rates:

For the first 50,000 cubic feet used per month — 67 1-2 cents per M
For the next 100,000 cubic feet used per month — 50 cents per M
For all used in excess of 150,000 cubic feet per month, 40 cents per M
That the maximum rate for industrial gas shall not exceed the rates set in the following schedule:
For the first 50,000 cubic feet

used per month — 45 cents per M
For the next 150,000 cubic feet used per month — 35 cents per M
For the next 300,000 cubic feet used per month — 30 cents per M
For the next 500,000 cubic feet used per month — 25 cents per M
For the next 10,000,000 cubic feet used per month — 22 1-2 cents per M
For the next 20,000,000 cubic feet used per month — 20 cents per M
For the next 29,000,000 cubic feet used per month — 18 cents per M
For the next 60,000,000 cubic feet used per month — 16 1-2 cents per M
For all above 120,000,000 cubic feet used per month — 15 cents per M
That all above rates are to be charged for gas used through one meter only.

That all bills shall be due and payable monthly, and within ten days from date rendered, and in case of default or non-payment within said time, the grantee shall have the right to discontinue service to said consumer, and to make an additional charge for the gas used for any purpose equal to one-ninth (1-9) of the bill rendered. And in case said consumer shall make application to have services re-established and gas re-connected with his premises, he shall be required to pay all delinquent bills, together with the penalty thereon and pay a cut-on charge not to exceed \$1.50 for domestic use and heating purposes, and \$2.50 for industrial use. It is further provided that the grantee shall be allowed to make a minimum charge of \$1.50 per month for gas for domestic and heating service and \$25 per month for industrial gas service.

All gas furnished or supplied by grantee shall be metered, and for this purpose the grantee shall, at its own cost and expense, provide and install for each consumer a good and accurate meter of standard make. Grantee shall also provide and maintain at its proper cost and expense facilities for testing gas meters, and said grantee shall also provide and maintain, at its proper cost and expense a standard meter prover of not less than five cubic feet capacity equipped with suitable thermometers and other necessary accessories which shall be maintained to the accepted standard of accuracy, all to be to the satisfaction and approved by the City Council.

Such meters shall be and remain the property of said grantee, and the grantee shall have the right to require the customer or consumer to deposit with it a sum equal to the maximum monthly bill of the consumer, provided, however, that no deposit shall be in a less sum than \$10.00 for domestic meter, and \$15.00 for industrial meter.

SECTION 5

The natural gas to be furnished hereunder shall be at all times kept to a standard of eight hundred British thermal heat units or higher per cubic foot at the point of consumption at a temperature of thirty-two degrees Fahrenheit or higher, and to determine whether the gas supplied is of the heating value above specified, the City of O'Donnell may have tests made by a competent analyst under recognized and scientific processes, according to the approved method of making such tests, and said tests shall be from samples of gas collected from the grantee's mains at any point or points within the City. If the result of such tests show that during a month the daily average of the gas supplied was below eight hundred British thermal heat units, then there shall be deducted from the customer's bills for gas during such month a proportionate amount, based upon the deficiency below said eight hundred British thermal heat units. In any month when such tests are being made, the City shall advise the grantee of the results of each test within a reasonable time after it is made, and the official report of such analyst, of which said grantee is so advised, shall be taken and accepted as the agreed prima facie correct test of the heating value of the gas furnished during such month and thereafter until a different result is determined or ascertained in a similar manner: said grantee shall furnish gas to consumers at a pressure of not less than four ounces, nor greater than eight ounces, measured at the consumer's meters outlet.

Said grantee shall supply and install not less than one and as many as may be needed approved self-registering pressure and gas gauge, capable of recording the pressure of the gas, in the mains at points in the City designated by the City Council, and said self-registering pressure gauge shall be placed at a station which in the opinion of the City Council fairly represents the pressure on adjacent territory; and such station shall be securely inclosed under lock and duplicate keys to said station shall be retained by the City Manager or some office authorized by the City Council; and such self-registering pressure gauges shall be equipped with removable recording dials to record the pressure, and the said City Manager, or some representative authorized by the City Council, shall remove or cause to be removed from said pressure gauge the pressure records of the preceding period, and provide the gauge with recording blanks for the next period during which such record is desired by the City; and each record taken from such pressure gauge shall be filed in the office of the City Secretary of the City of O'Donnell, and a record thereafter be entered upon the books of the City by the said City Secretary; and the said City Manager, or some representative authorized by said City Council shall keep self-registering dials in said pressure gauge continuously for a month, or as often as is required by the City Council and the said gauge record and the said book record shall each be complete and prima facie proof of the pressure at the point at which such record was made at the time as shown by said gauge.

Each consumer of gas shall install and maintain suitable piping within

his property lines and suitable appliances and fixtures, except meters, subject to the approval of the City Council or such supervisor, inspector or other representative as may be authorized by said City Council to pass upon the same.

SECTION 6

The City reserves the right to lay and permit to be laid electric conduits, water and other pipe lines or cables, and to do and permit to be done any underground work that may be deemed necessary or proper by the City Council, in, across, along or under any street, alley, highway, or other public place occupied by the grantee; and whenever, by reason of changes in the grade of any streets, or in the location or manner of constructing water pipes, electric conduits, sewers or other underground structure, it shall be deemed necessary by the City Council to alter, change, adapt or conform gas mains and service pipes of Grantee, such alterations or changes shall be made by the grantee when ordered in writing by the City Council or any supervisor or other representative of the City Council so authorized to act, without any claim for reimbursement for damages against the City; said grantee shall indemnify and save harmless the City of O'Donnell from any and all claims for injury or damages to persons or property occasioned by or arising out of the construction, maintenance, operation or repair of said grantee's transmission, transportation and distributing system, and by the conduct of the business in the City.

SECTION 7

The right to use the streets, alleys, highways or other public ways or places of the City of O'Donnell by the Grantee, as provided in section two above, shall be and is subject to the following restrictions, limitations, and conditions viz: that in building additional mains or lines of pipe said grantee shall build and construct the same along and under the alleyways where alley exist, rather than along and under streets, and shall only use the streets for same insofar as may be necessary in connecting from one alley to another; and said mains and pipe line shall be placed below the surface of the street or alley and so as to protect all paving wire cables, water pipes, underground wires or sewer laterals, and shall be so constructed and located with reference to water lines and sewer mains as not to interfere therewith, and under the direction and to the satisfaction of the City Council or the City Engineer.

SECTION 8

That the City Council hereby reserves the right to install at the point where said grantee receives its gas for distribution in the City a meter through which all gas for distribution to the City and its inhabitants shall be passed, an adequate self-registering pressure gauge adequate to record the amount of gas distributed to the City and its inhabitants and the pressure at which the same was received by the grantee. Said grantee shall also supply and install one distant pressure gauge under the direction of the City Council and at the place designated by the City Council which will indicate the pressure at such designated point said gauge to be placed in the City Hall in the office of the City Engineer.

SECTION 9

That after the said gas distribution system shall have been fully constructed, equipped, and in operation as herein provided in the City of O'Donnell, if the said grantee shall then fail to substantially comply with the conditions of this franchise, The City of O'Donnell shall have the right by ordinance duly passed therefor to forfeit all the rights and franchises herein granted to the said grantee, provided that the City of O'Donnell shall give the said grantee, its successors and assigns, sixty (60) days notice in writing, specifying the conditions claimed to have been violated, and giving full and fair opportunity to be heard thereon before declaring such forfeiture which notice shall fairly and fully set out all of the

conditions claimed and complained of and shall be given by the said City and shall be signed by the City Secretary under the seal of the said City, after having been properly authorized by the Mayor and City Council of the said City; provided, however, that the said grantee shall have sixty (60) days after receiving such notice in which to rectify and correct such violations and to substantially comply with the terms and conditions of the ordinance; should the violations of this ordinance so complained of not have been rectified and corrected and the terms and conditions of this ordinance fully complied with at the end of said sixty (60) days, then and in that event the City shall have the power to forfeit this franchise on account of the violations specified in said notice. That in case of forfeiture as herein provided, the City of O'Donnell reserves the right to purchase the distributing plant of the grantee at its fair appraised value or to allow the grantee to remove same within one year from the date of such forfeiture, provided that before any of said property may be removed, the grantee shall be required to give to the City a good and sufficient bond that the streets and alleys will be placed and left in as good conditions as found.

For each and every breach or violation of any of the provisions of this ordinance by the grantee, it shall be liable to a penalty of Twenty-five Dollars to be recovered in any court of competent jurisdiction by suit, of any person, firm or corporation injured or damaged by such breach or violation; and if the breach or violation shall be a continuous one, each day during which such breach or violation continues shall be deemed a separate breach or violation and a separate ground for recovery against the grantee.

SECTION 10

That in further consideration of the privileges and franchise granted to the WEST TEXAS GAS COMPANY, it shall adopt and use all and any reasonable safeguards to provide for the protection of persons or property against injury or damage growing out of the use of gas and that they shall construct and maintain in good order all mains, pipes and equipment used in said City for the distributing of gas, and shall always be prepared to furnish said City and its inhabitants a sufficient quantity of gas for all purposes; provided, however, that in case of explosion or accidents of any character or nature beyond the control of grantee, to the main lines or to the distributing system provided herein, or shortage of gas supply in the fields from which grantee secures the gas and the grantee is not able to furnish on account of such unavoidable conditions gas for all purposes, that preference shall be given domestic consumers, schools and hospitals in the use of the gas until such time as the supply may prove adequate for all purposes. Provided further that grantee shall not be liable for any damage resulting from such accidents either to the line of the grantee or to the lines on property of consumers.

SECTION 11

It is provided that the grantee shall in good faith begin the construction of its main lines and distributing systems by May 1, 1928, and shall complete such main lines by Nov. 1, 1928, and shall be prepared to serve gas to consumers on or before Dec. 1, 1928, provided, however, that grantee shall not be liable for time consumed out of such period by strikes, acts of providence, acts of constituted legal authorities, or acts beyond the control of grantee.

SECTION 12

That the grantee herein shall have the right and privilege of assigning this franchise and all the rights and privileges granted herein, and wherever the word "grantee" appears herein it shall be construed as applying to its successors and assigns.

SECTION 13

This ordinance shall take effect and be in force from and after its

passage and approval and publication as provided by law.

PASSED AND APPROVED THIS 6th day of October, A. D. 1927.

E. M. Wilder, Mayor, City of O'Donnell.

ATTEST:
W. H. Crunk, City Secretary of O'Donnell.

STATE OF TEXAS)
CITY OF O'DONNELL) ss.
COUNTY OF LYNN)

We, the undersigned Mayor and City Secretary of the City of O'Donnell, in Lynn County, Texas, do hereby certify that the within and foregoing is a true and correct copy of the ordinance and franchise approved and passed granting to the WEST TEXAS GAS COMPANY the right and privilege to use the streets and alleys and public grounds of the City of O'Donnell for the purpose of laying and maintaining gas lines for the distribution of natural gas to the City of O'Donnell and the inhabitants thereof for a period of twenty (20) years, and that such ordinance was duly read, approved and passed as required by the City Charter of said City, and duly signed by the undersigned Mayor and attested by the undersigned City Secretary this 6th day of October, 1927.

E. M. Wilder, Mayor, City of O'Donnell.

ATTEST:

CHRISTIAN CHURCH HOSTESS TO ALL CHURCHES OF CITY

One of the loveliest affairs of the season's festivities was the social given by the members of the First Christian Church Monday afternoon from 3 to 5 o'clock at the First Christian Church.

With the seats moved out and rearranged, with beautiful rugs on the floor, pictures on the wall, and wall pockets filled with beautiful cut flowers, the church took upon the appearance of a beautiful living room. The date of the occasion being Halloween the color scheme was carried out in the appropriate decorations. The windows having drapes of orange and black crepe paper with the proverbial black cats and moon to add the finishing touches, cast a mellow glow over the room, causing a feeling of warmth and good feeling to permeate the very atmosphere, for nothing under the heaven so fills the spirit and heart as the coming together of the different denominations, and coming to know and love each other through being brought together in a social way. The custom has been in practice in O'Donnell for quite awhile for the various churches of the city to alternately entertain the sister churches on each fifth Monday of the year. The First Christian Church women have proved themselves especially brilliant hostesses at each turn they have had, most truly may this be said of the social the past week.

The afternoon's program of entertainment was beautifully inspiring, as well as entertaining. Rev. W. K. Horn, pastor of the Baptist church gave the devotional, followed by prayer by Dr. Tate. Mrs. J. H. Clark of Lamesa gave two beautiful vocal solos, Mrs. J. E. Little, Lamesa gave two readings which were all splendid. Dr. Tate talked for a few minutes on Home and Foreign Missions. Mrs. Pirtle gave two very interesting and humorous readings. Mrs. A. F. Edwards assisted by Misses Bessie Mae Tate and Evelyn Edwards had charge of a "bean contest" causing a wealth of fun.

A conversational contest was enjoyed. Delicious ginger bread and coffee with chrysanthemums as plate favors were served to the following out of town guests, Mesdames I. L. Townsend, M. O. Martin, J. B. Little, J. H. Clark, J. S. Little, W. T. Orgain, Elzie Burleson, Fred B. Sanders and W. W. Hornbeck and the following home guests, Mesdames B. M. Hames, Ed Goddard, J. F. George, Sam Eaton, A. C. Lambert, Sallie Roberts, S. Roaten, C. H. Mansell, P. H. Cabiness, S. G. French, H. E. Gillespie, Jeff Music, W. E. Vermillion, W. K. Horn, Sutton, M. T. Gillispie, V. E. Bonham, J. T. Middleton, Roy Gibson, J. B. Harville, J. F. Campbell, John Earls, E. L. Sorrells, A. H. Koeninger, W. L. Rogers, R. O. Stark, W. H. Veazy, W. B. Hicks, Bob Carroll, W. E. Singleton, R. O. Miles, Harvey Everett, Misses Grace Harville, Willie Schooler, Evelyn Edwards, Bessie Mae Tate, Rev. Horn and Dr. Tate.

W. F. McGill and daughter, Miss Golda, went to Levelland Tuesday for a visit with Mr. McGill's sister, Mrs. W. J. Peters. They returned Wednesday afternoon.

FOR SALE—Quick Meal Oil Stove Coal Heater and Duesford. See D. C. Stevens.

Bert Bailey moved his family to Tahoka Tuesday. The Baileys have been in the McClung Hotel the past year, and have many friends here who will miss them and are glad to give them up.

Mrs. D. J. Wilhelm and little daughter of Lubbock spent the week end here the guests of Mr. and Mrs. J. G. McCarroll.

The Southwestern Publishing Co., publishers of the 20th Century Book Keeping, awarded medals to Misses Oia and Zada Simmons last week for efficiency in the subject after completing a course in the O'Donnell Business College.

A citizen of O'Donnell, in talking with Jake Green, a prominent farmer just south of town, says Mr. Green told him he made 125 bales of cotton last year and if he had made 150 it would have broke him. This year he is counting on making 125 bales and if the fair weather holds out a while longer he figures he will be sitting on top of the world.

Mrs. W. G. Dingus, who is head of the Latin Department in the Lubbock high school, spent the week-end here visiting her husband, the popular telephone manager of our city.

J. M. Ables, prosperous farmer from east of town was in the city Thursday and reported having 62 bales of cotton already gathered from his farm and still has more of the fleecy staple to pick.

Mr. and Mrs. E. J. Bean, accompanied by Mesdames Y. D. Popplewel and Roy Kirkland made a business trip to Lubbock Monday, returning the same day.

Mrs. Laura Kennedy of Lubbock, Grecian Health Garment Demonstrator, was the guest of the Palmer House this week and doing business in our city.

Waldo McLaurin went to Stamford Saturday, returning Sunday, with a load of Mexicans to help gather the fleecy staple which is being harvested on his farm west of O'Donnell.

Mr. and Mrs. W. M. Aylor and daughter of Ada, Oklahoma, spent the week-end with here the guests of their son, J. P. Aylor and family leaving Monday for Sweetwater.

Mr. Lee Carter of Pampa was in O'Donnell Friday enroute to his old home in Tuscola. Mr. Carter visited in the home of Mr. and Mrs. Harvey Everett while here.

Mr. and Mrs. W. D. Everett and family spent Wednesday night in O'Donnell the guests of Mr. and Mrs. J. Y. Everett. They were enroute to Lubbock.

Miss George of Slaton, came to O'Donnell Tuesday to make arrangements for a music class in the High School.

Mrs. Hugh Thomas of Petersburg arrived Thursday for a visit with her parents, Mr. and Mrs. J. M. Wyatt.

W. J. Teaff, father of Mrs. Jno. Hardberger and Mrs. George Foster has been quite ill at the home of the former the past week.

Mrs. M. H. Rogers and little daughter of Levelland came down Monday to visit with Messrs W. L. Rogers and C. J. Doan and families.

LOST—Small black pig about 8 weeks old. Finder please notify R. L. Pirtle.

Porter Treadway and family, of Tahoka were guests of Mr. and Mrs. W. A. Treadway and family Sunday.

Guy Hart came up from Colorado City Saturday for a visit with his parents, Rev. and Mrs. W. C. Hart.

W. T. Burke has been quite ill the past week.

Mr. J. W. Shook and little son, Jimmie Lee made a business trip to Lamesa last Friday.

STOMACH GAS DRIVES MAN FROM BED

"I had gas so bad I had to get up nights on account of the pressure on my heart. I used Adlerika and have been entirely relieved."—R. F. Krueger.

Even the FIRST spoonful of Adlerika relieves gas and often removes astonishing amount of old waste matter from the system. Make you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. Corner Drug Store.

Easy to Please

Mr. Merryweather had bought a new pair of shoes through the post. When they arrived he was entertaining a bachelor friend. "You won't mind if I try these on now?" he asked his visitor, and proceeded to undo the parcel. He slipped his foot into one of the shoes, only to withdraw it with a howl of pain. There was a large nail sticking up in the heel. "You'll send them back at once, of course?" said the visitor. "No," replied Merryweather. "I don't think so. The nail was probably put there to keep one's foot from slipping forward."—London American.

Miss Willie Schooler and little Margaret Gibbs spent Thursday in Tahoka, the guests of Mrs. Ben T. Brown.

Barton Burke came up from Colorado City Sunday to visit with his parents, Mr. and Mrs. W. T. Burke and other relatives.

Mrs. C. C. Whipp returned to her home in Waco last week taking her mother, Mrs. S. V. Edwards with her hoping her health will be improved by the change.

Miss Elmo Colcotte and Bud Holter were here from Gail Sunday, visiting Miss Roxie Hancock.

News From The O'Donnell Schools

LOW FIRST
We made \$5.10 on our booth "For Men Only" at the Carnival then we sold some candy too. We had a new pupil Monday, Ruth Ables.

MISS MILLWEE'S ROOM
We had a nice little Halloween party on Monday afternoon. After we had played lots of games we feasted on big red apple with was too late for our party but some of us got to see her and talk with her. We were so sorry to hear that Perry Cox was leaving us. He is taking his mother with him and that means that we have no room mother again.

HIGH SECOND
We were all so happy this week as our teacher, Mrs. Edwards gave us a Halloween party Monday. We got our lessons up before recess and then we were free to enjoy the party. Our room mother helped Mrs. Edwards entertain. They served us punch and cookies. We showered our teacher Tuesday.

LOW THIRD
We were sorry to see Jimmie Lee Shook leave but hope his trip to Dallas will improve his physical condition and he comes home with his leg straight.
Ona Mae Coddell is back after 4 weeks absence. We made \$3.80 at the Carnival. Here are the ones who have not been tardy in our room: Ray Elmo Everett, Junior Boles, Leo Scholer, Willie Kirkland and William Clemmens.

HIGH AND LOW FOURTH
In the past month's exams and the month's work, Woodrow Barber stands first and high fourth and Odwin Hasley second. In the low fourth Jim Ellen Wells ranks first and Marvis Eubanks second. The past month shows a great improvement over the first in all the pupils work. We were sorry our room mother did not get to come to see us this week, but we sure expect her next week.
The high fourth are very glad to have Winston and I. D. Ables as members of their class. This is a class of nineteen with only four girls.

HIGH FIFTH AND LOW SIXTH
We are so happy over our new bookcase which has just been purchased with the proceeds of candy sale we had recently. If our class continues to diminish there will soon be no high fifth.

LOW AND HIGH SEVENTH
This room is starting out again as a new room. As we did not have school Thursday and Friday, we are rested and feel better now.
In the Halloween Carnival last Friday night we made \$8.50 clear.
We have three new pupils. They are, Woodrow Ables, Hardy Phillips and Oden Smith from Bakersfield, California.

W. M. U. MEETS
The W. M. U. met Monday for a business session after which we retired in a body to the First Christian church where we, with ladies of other church societies of the city, were pleasantly and profitably entertained. Mrs. S. Roaten, Reporter

NOTICE
Attention is called to the fact that all cars, no matter how old or worthless, must have a head light certificate and a bill of sale or the 1927 license receipt before they can be registered for the year 1928. Don't wait, get your papers together as you will have to have them before you can register your car.
J. M. Simpson,
Tax Collector, Lynn County

S. L. I. CLUB GIVES SHOWER
The S. L. I. Club members were guests in the home of Ina D. Everett Monday evening from 7 to 10 o'clock, honoring Little Miss Evelyn Bailey, a member who is moving away. When the little honoree entered the living room, the other six members were gathered around a table laid with refreshments and Halloween favors. The center of the table was a huge bouquet representing a tiny Christmas tree with gifts for the honor guests upon it.
After the refreshments the lights were turned out and each in turn told ghost stories until a late bedtime hour. The girls who enjoyed this occasion were Evelyn Bailey, Beverly Wells, Alice Busby, Alice Joy Bowlin, Kathleen Veazy and Mavis Norma Hart.

Watch for date of One Cent Sale at the Corner Drug Store.

INTERMEDIATE B. Y. P. U.

There were nine members present Sunday. We had a very short program but an interesting one.

We had a contest on between the two groups of the Union. Group No. 2 won last Sunday. The group captain of group 2 is Olen Yandell. The group captain of group 1 is Eula Belle Miles.
Our literature has arrived and our purpose from now on will be more interesting. Everybody between the age of 13 and 15 come and join this organization and we assure you that your time will be well spent and that you will enjoy our program.

TEACHERS CLASS

The teachers class had nine present Sunday. Our teacher, Mr. Rickard was absent which we all regretted. Miss Lula Rice very ably taught the class, making the lesson extremely interesting. We talked about a name for our class but did not decide on one. Reporter

Dr. J. D. Hicks of Snyder, Rev. J. T. Hicks, wife and daughter, Miss Patty of Memphis, Miss Mary Ennis, Lubbock, Ward Hicks and Roseoe Lasser, students at the Tech of Lubbock were week-end guests of Rev. and Mrs. W. B. Hicks and family.

Mother's Cook Book

The habit of viewing things cheerfully and thinking about life hopefully, may help you grow up in us like any other habit.

EVERYDAY GOOD THINGS

Apple Sauce.
When the luscious apples are ready to eat, let us prepare a delicious sauce: Remove the core after cutting in half and place them upright in a deep baking dish. Fill the cavity with bits of butter, sprinkle liberally with brown sugar and add two or three tablespoonfuls of lemon juice. Bake slowly until tender and brown, basting often with the sirup in the pan. Serve hot or cold with cream.

Sauted Pears, Chocolate Sauce.
Pare four ripe pears and cut into quarters, cook in butter until tender. Pour over chocolate sauce prepared with two ounces of sweet chocolate, one tablespoonful of sugar, one and one-fourth cupfuls of milk, placed in a double boiler and cooked with a teaspoonful of arrowroot or cornstarch mixed with one-fourth cupful of cream; cook ten minutes. Melt one and one-half tablespoonfuls of butter, add one-fourth cupful of powdered sugar and cook until it is brown. Combine mixtures and serve.

Luncheon Eggs.
Wash and chop one-fourth pound of fresh mushrooms, melt one tablespoonful of butter in a saucepan and add the mushrooms, stirring until the moisture is evaporated; add one tablespoonful of flour, blend well, add one-half cupful of chicken stock, salt and pepper to season, and cook six minutes. Cut six hard-cooked eggs into halves, remove the yolks and mix with the mushroom sauce. Fill the whites with this mixture and set into a baking dish, surround with tomato sauce and serve when well heated through. Just before serving place a fillet of sardine on each egg.

Baked Mackerel.
Soak the salt mackerel until freshened. Place in a baking pan with a few tablespoonfuls of boiling water, let it steam and cook until the water has evaporated, then cover with cream and bake until the fish is tender.

Spanish Chicken Soup.
Reheat three cupfuls of chicken or veal broth, add a grated onion, a carrot also grated, two stalks of celery minced fine and one cupful of barley. Simmer until the barley is well cooked. Season and serve.
Sliced summer squash steamed until nearly done, then dipped into egg and crumbs and fried in butter makes a most tasty way of serving this good vegetable.

"A dapper," says literature Matilda "is a girl who thinks the poet wrote 'I know a place where the wild tim grow.'"

FOR SALE—Eight Rhode Island Red Cockerels, \$1.50 each. W. S. Venable, O'Donnell, Texas. 4-2tp.
You will find plenty of New oil and shoe polish at the Shoe Shop. Now is a good time to get a good oil that set of harness.

H. D. C. Entertains With Halloween Party

Of all the Halloween celebrations Monday, Oct. 31 the spookiest and ghostiest was the affair given by the Home Demonstration Club at the lovely home of Mrs. J. B. Curtis in south O'Donnell. The fun began at eight o'clock when white robed and masked figures began to gather from every direction and a ghostly appearance shed by the shaded lights in the spacious and appropriately decorate rooms was shed over the scene as each silent white figure passed in and stood nodding to each other.

Mrs. E. L. Sorrells ghost story, of the dead man remains in the darkened room, with hair raising and blood curdling, especially when a hand full of raw oysters for brains and a wet sponge for an ear was passed from hand to hand.

Mrs. J. W. Roberts proved herself an adept at fortune telling and entertained the guests in turn with rosy and drab futures which might be rolled out ahead of them.

One interesting feature of the occasion was the iniating of the men into the club. Mesdames W. H. Veazy, H. E. Gillispie and W. B. Curtis were the officers in charge of the iniation process. Everything went quite smoothly until Dr. J. F. Campbell's turn came. When told that he would have to kiss the by-law and constitution three times. He misunderstood to such an extent that the Iniation Committee felt obliged to flee.

Rev. Horn filled more than one exciting position, first his impersonation of a Tom Cat an dhaving a real old cat fight with S. G. French was humorous to the limit, bringing gales of laughter from the supposed silent ghosts. Then the solo rendered by Rev. Horn was deeply appreciated. Many other contests and games filled the evening to overflowing. Upon the suggestion of one of the men guests a free will offering was made to the Club women wholly to their surprise, but unbound delight, not because of the value (the offering being \$15.65), or need of the money, but the Club women felt that by this demonstration the men showed their appreciation for their efforts and quoting the Home Demonstration Agent, Miss Billy Hasley, who whispered to the

President, "Club Work has made a hit in O'Donnell," we feel 'tis true. After the donation the men called for a speech from the efficient club president, Mrs. Ben Moore, who replied in a few well chosen words expressing thanks for the entire membership.

Delicious refreshments consisting of chicke nstew, crackers, pumpkin pie with whipped cream and hot coffee were served to Messrs and Mesdames W. E. Guye, Erwain Street, T. J. Mansell, E. L. Sorrells, S. G. French, Jno. Etter, Waldo McLaurin, W. L. Rogers, J. F. Campbell, Ben Moore, W. B. Fortner, Joe McLaurin, H. E. Gillispie, Enis Curtis, T. J. Yandell, J. T. Middleton, W. K. Horn, C. C. Jones, O. D. Howard, J. L. Schooler, J. W. Roberts, J. W. Gates, W. E. Vermillion, Mesdames V. E. Bonham, Jno. Earls, R. O. Stark, W. F. George, Jeff Music, D. M. Estes, Bob Gary, H. H. Williams, J. N. Lines, N. T. Singleton, Bell Knight, Marvin Pemberton, A. F. Edwards, W. H. Veazy, and Miss Bray and Clarence Curtis. Also the following children J. A. Middleton, Sydney G. French, Ardie Merl Mansell, Claude Norris Mansell, J. B. Curtis and Garland Curtis.

EX-SENIORS OF O'DONNELL HIGH SCHOOL CELEBRATE

The ex-Seniors of the O'Donnell High School and the sponsors for the past four years were royally entertained Monday evening by Misses Leta and Alta Rogers at their pretty home on Sixth street.

Every class since 1924 was represented and a gayer, happier group than this one of "has-beens" would have been hard to find.

The home was artistically decorated, carrying out the Halloween scheme. The games too, were suggestive of the occasion. Ghost stories told by candle light caused every one to creep a little closer together and hardly a stir was heard while Miss Roxie Hancock told a ghostly tale. Mr. Cook then began the narration of a haunted house which was taken up by Miss Alta Rogers who referred to the haunted house as "The House With Seven Gables." Each in turn added to the story and by the time it reached David Chandler it was "The House of Seven Tables." The guests and hostess went for a serenade at 10:30 an dre-

turned to the home just in time to be served of the witches Brew and the Devil's cake. Those so hospitably entertained were Mr. and Mrs. D. A. Edwards, Misses Wynema Sorrells, Edna House, Lula Rice, Christine Milwee, Roxie Hancock, Jaunita Milsap, Clara Ruth Nichols, Louise Anderson and Messrs Eugene Cook, J. D. Fairley, David Chandler, Desmond Yandell, Omar McLaurin, Thady Gardenhire, Harvey Lines, Elmo Burket, Martin Lines and V. B. Hohn.

Rev. W. B. Hicks, pastor of the Methodist church delivered to his congregation Sunday morning at 11 o'clock hour a splendid sermon from the 22 chapter of Genesis.

Rev. Hicks spoke of the faithfulness of Abraham in being willing to sacrifice his own son on the altar of Gods will and stressed the fact of the lack of faithfulness in the home today and admonished the members to be more faithful in the home as well as in the church and above all things to be faithful to God. The sermon was indeed interesting and inspiring.

Hugh McLaurin made a trip to Austin last week, bringing back a truck load of cotton pickers. This week Mr. McLaurin is on a trip down on the Louisiana line after pickers. He realizes the great necessity of getting his cotton gathered while the dry weather lasts.

WANTED—Girl or middle aged woman to do general house work. Will pay good wages and give good references. Mrs. Ben L. Cowden, phone 79.

Mr. and Mrs. Jef Shook and little son left Monday for Dallas. Mr. and Mrs. Shook will place Jimmie Lee in the Masonic Hospital for treatment for infantile paralysis, which disease he ha dseveral years ago.

Mrs. Brock of the O'Donnell Business College and Miss Clara Ruth Nichols, student of the same institution, were called to Tahoka the first of the week to take testimony in County Court which is in session this week.

F. L. Pelt and family of Marton, Texas, came down Sunday for a visit with his parents, Mr. and Mrs. W. F. Pelt.

Resolutions Passed At County Institute

We, the Resolutions Committee of Lynn County Teacher's Institute, beg to submit the following:

1. That we extend our thanks to President Hill of Canyon, Texas, and President Green of Abilene for their inspiring addresses.

2. That we thank the school authorities of Tahoka for the use of their school building and all other who have helped to make this institute a success.

3. That we extend to Mr. and Mrs. A. L. Faubin of Wilson, Texas, our heartfelt sympathy in their great bereavement due to the loss of their little daughter, Glyndora.

4. That we endorse the work of the State Teachers Association and strongly urge that the Lynn County teachers enroll 100 per cent.

5. That Supt. Cavness be requested to appoint a committee to work out a plan by which the work of our rural schools and accredited high school be better coordinated.

6. That we go on record as favoring a live county organization of teachers, with 100 percent at regular intervals during the school term, and that we make a special effort to have some of our school board members and Parent-Teacher Association members present at these meetings.

7. That we believe that a divided school term is against the best interests of the schools in question and since we know that it is against the ruling of the State Department of Education, we ask that the school boards and teachers of Lynn County consider the problem seriously.

8. We further recommend that each teacher of Lynn County make an effort to improve himself or herself professionally by reading at least one professional book and one professional magazine each year and by attending college at least every other summer.

9. That a copy of these resolutions be printed in the Lynn County News, The O'Donnell Index and the Wilson Pointer.

Respectively submitted:
M. B. Hood,
Zuella Fox,
J. A. Rickard, Committee.
Unanimously passed by the Institute as submitted.
W. B. Bishop, Secretary.

Claude Tucker is a business visitor in Dallas this week.

LITTLE MISS MARY COWDEN CELEBRATES BIRTHDAY

The beautiful home of Mr. and Mrs. B. F. Cowden was the pretty setting for a lovely little party Friday from 3 to 5 o'clock, celebrating their little daughter's fifth birthday. Many indoor games were played for amusement. Lovely gifts from

each guest were showered honoree.

Candy, ice cream and served to the following Sanderson, Mary Louise William Edward Singleton McLaurin, Junior McLaurin Bradley, Harvey Ann Ewe Cathey and Charley Cathey
