MYF SUB-DISTRICT MEETS IN NEW HOME

Six local MYF's went to New Home last Wednesday for a sub-district MYF meeting.

The theme was Thanksgiving and the people went dressed as Pilgrims or Indians. Ginese Marx, who was in the Peace Corps, brought the program. She was a nutritionist in East Pakistan and showed films of the country and the people of Pakistan.

The next sub-district meeting will be at O'Donnell on December 15.

1946 STUDY CLUB HAS MASQUERADE DINNER

The 1946 Study Club met November 11 at the Community Center for a Thanksgiving Masquerade Dinner. Members and guests came in costumes depicting American history.

The center and the tables were skillfully decorated in fall decor. Mark Ballew, costumed as a doorman, ushered in and announced each couple as they arrived.

As the program began, Mr. Elstyn Bates introduced each person present as being the character he was dressed to portray. Each then rose to tell something about that historical character. Homer Hardberger delivered a speech entitled, "Events and People That Have Made America Great." Mrs. Julian Pirtle presented "Courtesy to the American Flag."

The costumes were very colorful and ranged from depicting people in the colonial days of America down to present day Americans. Mr. and Mrs. Douglas Ballew received awards for having the most authentic costumes. Mr. Ballew was dressed as Capt. John Smith and Mrs. Ballew as Pocahontas.

Special guests were husbands of club members and Minister and Mrs. Calvin Partain.

In attendance at this gala affair were those dressed to represent such notables as: George and Martha Washington, the Thomas Jeffersons, the Abe Lincolns, Capt. John Smith and Pocahontas, Henry Ford and Priscilla, Pocahontas' mother, Eli Whitney and Miss Cotton 1965, Winston Churchill and Margaret Mitchell, Clara Bow, Gov. and Mrs. John Connally, Harriet Beecher Stowe, Charles Lindberg and Helen Keller, Betsy Ross, Pearl Mesta, Marshall Dillon and Lady Bird Johnson, Adlai Stevenson and his sister, Mr. and Mrs. Alan Sheppard, Mr. and Mrs. Dwight Eisenhower, Mrs. John Burns (wife of governor of Hawaii), Mrs. Geo. Mahon, and Florence Nightingale.

Donald Richardson from western New Mexico College is home for the Thanksgiving holidays; also Randy Allen and others.

Paving Project Underway

A paving project is under way in the south part of O'Donnell, which is located in Dawson county. There will be 9 1/2 blocks of 30 foot strip paving completed in the next few days. Commissioner A. B. Furlow has entertained the idea of paving the streets in his precinct for some time, but the City held him off because there had been a tentative agreement that the City would not allow further strip paving, however, the Council was persuaded the need for a better thoroughway in south justified the City to go along with the strip paving.

There will be two paved approaches to the O'Donnell stock barn which will be an advantage to the entire community. Mr. Furlow has furnished his equipment, labor and the asphalt topping, while the City has furnished the water, base material, engineering and City employees' services. The cost to the City will amount to approximately \$750.00, or about 10 percent of the overall cost.

Mr. Furlow is to be commended for his concern for the improvement of the streets in his precinct. This was openly expressed by several Dawson county residents who met with the City Council in a recent meeting.

Figuring existing prices on paving, this project would have cost approximately \$8,000. In all of our past paving projects, the city has participated in at least 15 percent or more of overall costs. Therefore, your City Council felt justified and obligated to the residents in Dawson Heights to go along with this joint project.

Mr. Furlow is to be commended for his interest in the City as well as the community.

The City Council wishes to publicly thank Commissioner Furlow and his employees and let him know it has been a pleasure working with all of them.

L. J. Hash, Mayor.

COUPLE EXCHANGES DOUBLE RING VOWS

The bride was given in marriage by her father, and wore a street-length white wool dress with three-quarter length sleeves, and rounded neckline.

Gold accessories and a short white veil illusion held in place by a circlet of white completed the ensemble.

Following the ceremony, a reception was given in the home of the bride's parents.

The couple will be at home at 602-B Ave. O, Lubbock.

ROTARY CLUB NEWS

The O'Donnell Rotary Club met Tuesday with President Truett Hodnett presiding. Visiting Rotarians were Happy Smith and Charles Townes of Tahoka and Roy Olsak and Bert Powell of Lamesa. Carl Prohl and Ivan Line were guests.

Rotary Foundation was the program presented by Rotarian Emil Prohl of Tahoka. At the 1917 Convention in Atlanta, Rotary International saw the need for an endowment to carry out some great educational service to mankind. Since that time, the idea has grown, and even during the war period, the Foundation has grown. Candidates for the Fellowships are proposed by Rotary Districts. The Fellows are to be unmarried, graduate students between 20 and 29 years of age who meet certain scholastic and character requirements, and who are able to read, write and speak fluently the language of the country in which the study is to be taken. The O'Donnell Club is a recognized 500 percent supporter of the Foundation.

A letter from the Rotary family, the Brian Bendalls, states that it is examination time in New Zealand in the schools and the long vacation and holidays will soon start in all the schools. The Bendalls are friends of Rotarian Rex and Madge Webster of Lubbock.

From London, the widow of Rotarian Gerald Plaistone writes to O'Donnell that Nov. 20 was to have been the night of the special President's Dinner in the Rotary Club there. Rotarian Plaistone passed away one month after taking over the office of President of the Club. Pearl Plaistone writes that it is very cold in London with heavy frosts.

Thought for the week: "We don't deserve credit for the jobs we start, only those we see well done."

Country Editor

You have never visited the Albany area in the fall. It is a point to stop in the area one day. The country-side is a beautiful sight. The rolling hills are covered with the most part, with a variety of trees. At dawn the dew accent multicolored leaves of the oak and pecan trees. Deep reds, oranges, browns, yellows, blending in breathing harmony, stand out against the rolling green oat and wheat fields.

Last week while I was hunting for a small lake nestled beneath a crescent-shaped hill. As the sun set behind the hill, I watched as the mirror surface of the water seemed to become enflamed with the reflected glory of the deep violet, red, and maroon flares set amid the downy clouds in the western heavens.

I wanted to shout with happiness. Something, however, restrained me. Motionless I stood with a Thanksgiving prayer in my heart. I stood still and thanked God for a gift even more beautiful than a fiery sunset.

SCHOOLS CLOSING FOR THANKSGIVING

Classes at the O'Donnell Schools will be dismissed at 2:40 Wednesday for Thanksgiving holidays.

As the class bells clamor to silence, in the stillness that fills an empty school, perhaps it would be well for each of us to stop and ask ourselves, "What is Thanksgiving?"

The Pilgrims' first Thanksgiving, at Plymouth, 1621, was to give thanks that their seeds had yielded a rich harvest. God had protected and blessed them. Friendly Indians had shared their feast.

The Nation has much for which to be thankful this year. Although precious lives have been sacrificed on the battlefield of Viet Nam, the Dominican, and elsewhere, the world has been spared from a global conflict.

Americans as a people have drawn nearer to an understanding of peaceful relationship regardless of race, color, religion, or culture. Our liberties have been preserved unto us. Most of us have more than we actually need. God has been good to this nation.

Let each of us give a special prayer in appreciation for our forefathers and the great American heritage left to us.

May our arms remain outstretched to all seeking freedom who come to our land. May we lend a helping hand to all our countrymen less fortunate than we. May each of us put into practice the beautiful words at the base of the Statue of Liberty:

"Give me your tired, your poor, your huddled masses yearning to breathe free, The wretched refuse of your teeming share, Send these, the homeless, tempest-tossed, to me. I lift my lamp beside the golden door."

—From "The New Colossus" by Emma Lazarus. Tonia Beckham, reporter.

Visitors in the home of Mr. and Mrs. M. B. Allen Sr. during the week end were Mr. and Mrs. Troy Parker of Odessa, Mr. and Mrs. Alan Griffis of Littlefield, Mr. and Mrs. Kenneth Schooler and Barbara of Seminole.

Mrs. Effie Autry visited her children here, Bill, Buck and Leonard Autry, and also attended the funeral of a 5 year old great grandson, who was the son of Mr. and Mrs. Rusty Ramsey who live at Happy. The child passed away in an Amarillo hospital.

The Social Security Amendments of 1965 make an important change in the law as it applies to students age 18 to 22, which may enable many young people to continue to receive social security benefits while finishing their education. According to John G. Hutton, District Manager of the Lubbock Social Security office, "The son or daughter of a deceased worker or retired or disabled worker may now receive child's benefits up to age 22 if he or she is unmarried and a full time student." This provision is effective January, 1965, and enables a student to receive these benefits for several months retroactively in early 1965 even if they are no longer in school or have married since January 1965.

County And Town Names Don't Always Fit In This State

Austin—Names sometimes have to do double-duty in Texas, especially on the Official State Highway Map published by the Texas Highway Department.

You'll find Dallas in Dallas County, El Paso in El Paso County, Lubbock in Lubbock County, Nacogdoches in Nacogdoches County. But that doesn't prove a thing.

You might suppose that Huntsville would be in Hunt County. But it isn't. It's in Walker County. And Jefferson, the town, should be in Jefferson, the county. Actually, it's a good 200 miles north of Jefferson County, in Marion County.

Jefferson County does include the community of Sabine, but Sabine County is about 75 miles away. Sabine County, on the other hand, is the site of a town named Milam—but Milam County is a far piece west in central Texas.

Cameron is the county seat of the county—Milam County, that is, not Cameron County. Brownsville is the county seat of Cameron County and Brown County is hundreds of miles north in west central Texas. Oddly enough, Brownwood is its county seat.

Not confused enough? Okay, let's look again. Start with Caldwell County. Don't bother to look for the city of Caldwell there. It's in Burleson County. Burleson, the town, is in Johnson County; and Johnson City—you've heard of this place—is miles away in Blanco County.

Or take Houston. Houston is in Harris County, but Houston County is three counties north, and the city of Crockett is its county seat. Crockett County is in far west Texas.

Look up Dimmitt County on the map. It's in south Texas. But the town of Dimmitt (with an extra 't') is in Castro County in the Panhandle. Yes, Castroville is back down in south Texas, in Medina County. Medina is in the next county north, Bandera.

SOME DOLLARS ARE BIGGER THAN OTHERS

COLD WEATHER DRIVING EXPERT PREPARES FOR WINTER

Why more motorists switch to the Tiger when it gets cold.

Many cars that ran just fine all summer get into trouble when ear-muff time rolls around — stalling at stoplights and coughing and chugging halfway into town.

That's when a lot of people switch to the Tiger. Winter-formula Enco Extra gasoline is blended to match the weather conditions in your area — including a special

additive to help guard against icing. Result: easier starting, faster warm-up and a lot less worry about stalling.

You'll like the way new Enco Extra behaves on the open road, too. It's the High-energy gasoline with the: (1) cleaning power; (2) firing power; (3) octane power to help preserve the performance of new

cars and restore lost power and mileage to many older cars. Switch to the Tiger and get that nice warm feeling. **Happy Motoring!**

Weevil Spraying Program Ends

Lubbock — Officials with the United States Department of Agriculture's Plant Pest Control division here have announced the completion of the second year of massive spraying in the High Plains Boll Weevil Control Program.

PPC Supervisor D. H. Russell reports that about 1,513,000 aggregate acres were sprayed this year.

This is slightly more than officials had estimated at the start of the program Sept. 7. However heavy rains in September hampered the effectiveness of one application and a late fall forced extra sprayings.

The final application was completed Nov. 17. It was the seventh application and covered slightly more than 63,000 acres.

Extension Entomologist Don Rummel says that in most areas the program appears to have been highly effective. Field reports

show adult weevil populations are significantly smaller than last year, he said.

Immature weevils can be found in fields, Rummel said, but these late forms will not develop to the point where they can survive the winter.

Trash surveys this winter will give a good indication of the number of weevils which entered hibernation sites, he said. Yet the total effectiveness of the program will not be known until next spring when weevils emerge.

New Cotton Law Lists Provisions

Following is a brief summary of some of the provisions as they apply to cotton under the new law passed by Congress:

1. The cotton program is a four year program—1966 through 1969.

2. National Domestic Allotment can be no less than 65% of the regular allotment. The domestic farm allotment is 65% of the effective farm allotment for 1966.

3. National average support price for 1966 crop is 21 cents based on middling 1" cotton at average location. National average support price for subsequent years is 90% of estimated average world price.

4. Projected yields assigned to the farm are based on the previous three year production history (for 1966, this would include 1963, 1964 and 1965 production years).
