More and Better Livestock

SEVEN

O'DONNELL, LYNN COUNTY, TEXAS. FRIDAY, JANUARY 17, 1930

NUMBER 17

## Wrestlers Primed For Big Meet Friday

...without any tuffened... of old time steak, with... part eyes waiting for the opportunity to glare into the enemies' eyes, both wrestlers for the night tonight (Friday, Jan. 17) are being for the vocal cords of Clyde... to strike terror to their hearts... "go". The time for the preliminaries is set for 8 o'clock... and the others will follow in... accession until the main bout... evening goes on.

...tonight, although he has a few brand new tricks that he may use. He said: "I am going to throw that Berger bird, and you can tell the world when he goes away from here his string of victories that he brags about are going to look like mud. He don't look bad to me, although I realize he has won from some mighty good men."

...Hammerlock John was in the index office and said he would be in the pink of condition for the match, and laughed confidently when we asked him if he expected to throw our own Gaston. He went on: "If any one would walk up and ask me how to lay his money, I'd say keep it your pocket. I have never seen Gaston work, and he might be more than I expect. Although, in mind mind, I think that the boy is "infated" and is due for a grand beating, and if I can get the smirking wild look on him he is my meat. When I go in the ring I am going to throw him just as quick as I can if it takes a minute or an hour. I would much prefer to wrestle and let winner take all, but as they have already made the agreements I will just have to take the 60 per cent."

...Hammerlock John is a close second to the Wonderful and (The Great) Shires of baseball and boxing popularity when it comes to being meek about publicity. It seems he disposes of it to such an extent that he almost won't say anything for the press.

...no sport event in the history of O'Donnell, has created more interest than this coming wrestling match between Hammerlock John and O'Donnell Idol, Kendrick Johnson, Gaston has won his way to the hearts of the fans here by showing that he was not merely an amateur by throwing some good men who were with the carnival companies, and with other wrestlers who were known to be good and fast. His victory is the leg-splint, and when successful in getting this on the opponent, he is surely a goner. He expects to have this belt on Hammerlock when they meet in the main

...As both men weigh almost the same it looks like the match will be real competition, with the edge given to Hammerlock John owing to the fact that he is more experienced than the Wonderful and (The Great) Shires of baseball and boxing popularity when it comes to being meek about publicity. It seems he disposes of it to such an extent that he almost won't say anything for the press.

## Home Makers Course For Women Will Be Organized Monday

Mrs. Scott the Home Economic... of the O'Donnell high school... everything in readiness for... Home Makers Course for Women... will open, or be organized on... Monday morning, with a good... already assured. There... no charge to members of the... organized home-making... the benefit derived from the... course could hardly be estimated in terms of dollars and cents. Mrs. Scott has asked the O'Donnell... print the following notice... benefit of all those contemplating the course:

## C. H. Nelson Wants To Be Re-elected to Office

The Index is authorized to place the name of G. H. Nelson in our announcement column as a candidate to succeed himself as County Attorney of Lynn County, subject to the action of the Democratic primary in July.

## Wrestling Locals

...we are having some nice... after one of the worst spells and ice since the 10th of 1918 when some many stock... of stock this spell where... in the open without any... good thing it is fine on the... and puts a fine pool season... sickness in our community... writing. Everyone is... over the future farming

## Judge Thomas S. Christopher Out For U. S. Congress

LAMESA, Jan. 16.—Judge Thomas S. Christopher of Lamesa, candidate for U. S. Congress from this district will begin a series of visits to each of the fifty counties in his district this week. He will speak before luncheon clubs in some of the cities in the counties. His first visit will be to Brownfield this week, and then Snyder and Lubbock. None of his speeches will pertain to politics, Judge Christopher states. The visits will serve as a medium for the candidate to become acquainted with his district, he said.

## Wrestling Locals

...Friede is cut off from the... by telephone, our line is broken... several places and one mile... over in New Mexico. Lema Preston was quite ill... this past week but is doing... stand who lives on E. A. ... near Prides had quite... with a bone felon on... but glad to say it is bet... some new neighbors who... from Seary county. They... on Mr. Golden's Place near... Williams has moved to the... for another year. Mrs. Woods on... is moving to East

## Texas Has 242 Creameries

Texas has 242 creameries. Practically all of them have been built within the past five years, most of them in the last two years.

## Officers Elected For Interscholastic League

Schools in Lynn county which expect to compete in the University Interscholastic League next spring are urged by A. L. Fashion, county director general of the league, to enroll for membership, if they have not already done so.

Officers for conducting the county meet have been elected and these officers constitute a county executive committee which has charge of the competitions in this county. Under the constitution of the league, the county executive committee determines the time and place of the meet, secures judges for the various contests, passes on eligibility of contestants, arranges for field and auditoriums for accommodating the big meet.

Schools should remember that January the 15th, is the closing date for paying membership fees and should send in their fees before it is too late.

The director general calls particular attention to the new contest in picture memory. This is a stimulating affair for the fifth and sixth graders, based upon famous pictures. It is correlated with art appreciation work in the schools, and is conducted at a very small cost. He also announces that the new rule requiring round-robin elimination in debate is in force this year and the county director of debate should be consulted at an early date concerning the round robin schedule by any school not already assigned a place in the schedule.

At a recent meeting of the executive committee it was decided to include the "Tiny Tot Story." Age limit six to ten years. Each school will receive at an early date a list of the stories to be used. It was also decided to include the vocal and instrumental music, two divisions, one for the affiliated schools and one for the non-affiliated schools, provided our schools from each district enter thirty days prior to the meet. Each school will receive a copy of rules from the director of music in the near future.

The director general wishes to call special attention to the rule requiring that the names of all the contestants be sent to the director general and to the director of the contest entered one week prior to the contest, except names of contestants in vocal and instrumental music which are to be mailed to the director of music thirty days prior to the meet. Failure to do so will render the contestant ineligible to participate in the contest.

## Miss Eloise Foster Weds Mr. Allen Olive Thomas

On Saturday, January 11th, Miss Eloise Foster of this city became the bride of Mr. Allen Olive Thomas of McCamey.

The bride is the daughter of Mr. and Mrs. Geo. D. Foster and has numerous friends here who wish for her and her husband much happiness during their wedded life.

## Womans Missionary Society Meets With Mrs. Bowlin

The Womans Missionary Society met at the home of Mrs. J. P. Bowlin Monday afternoon and had an interesting Bible study, conducted by Mrs. Boss Johnson. After discussing questions on the Bible, they proceeded with election of Mrs. ... as superintendent of Bible study.

## District Attorney Price Wants Re-Election

TO THE CITIZENSHIP OF LYNN COUNTY:

In announcing my candidacy for re-election to the office of District Attorney of the 106th Judicial District which Lynn county is a part, I do so mindful of the very grave responsibilities which will be mine should I be returned to this office, however my past three years of work and experience in this important office over the six counties constituting this district has so familiarized me with the records and duties thereof as to peculiarly fit me for such responsible position and certainly enables me to know the work pertaining to some, and the records thereof as no other person, without this experience, could know it, and therefore should enable me to render to the people far more efficient service in the future than in the past.

During the Short time I have served you as your District Attorney I have devoted every moment of my time to the enforcement of all the laws alike to all the people as nearly as was within my power, and this without fear or favor to any person, and should I be returned to this office for another term, I will rededicate my life, and using my past experience in office, redouble my energies to the end that our property may be made more secure from the ravages of the criminal, our lives made safer, and therefore this District made a better place to live and raise our children.

The District Court Records of this District will bear me out in saying, that during the three years I have served you very few who have been tried for crime in your District Courts have ever heard the word "Not Guilty." The credit for this is not due altogether to the work of the District Attorney, but perhaps mainly to the mighty army of law abiding men and women in this county rising against crime and who are willing to stand with their officers, like a stone wall, and say to the Criminally inclined "Thou Shalt not pass." My policy shall continue to be to make this District a dreeded place for the criminal.

I therefore respectfully submit my candidacy to the people of the 60th Judicial District for re-election to the office of District Attorney, subject to the action of the Democratic Primary in July 1930.

T. L. PRICE, District Attorney.

## New Ownerships Take Place in Lamesa

LAMESA, Jan. 15.—Several changes in ownership and a few new business establishments met the new year in Lamesa. Two new grocery stores have been opened to the public since the first of the month while several automobile dealers and filling stations opened their door for the first time under new management this month.

Three large business institutions in Lamesa changed hands during the first of the year. The Dal-Paso hotel was sold by Reuben User of Lubbock to A. A. Hutton of the same city for \$104,000. The Lamesa Candy Kitchen has changed ownership almost at the same time that the Snaders-Attaway Motor company sold its activity in new building here in increasing with several new business houses under construction and numerous residences.

Foundry in Lamesa is rapidly nearing completion as one street has already been opened to the public and two others are near ready for use. The street paving program for Lamesa totals \$80,000 with fifteen city blocks hardsurfaced with brick. This makes a total of thirty-one blocks of paving for Lamesa, eleven blocks of which are in the residence section.

## E. W. Hester Shows Way To Diversification

E. W. Hester, the farmer who has proven that money can be made on the farm, and probably gained more publicity in newspapers the last few weeks than any other farmer in the United States, was in the Index office Wednesday afternoon, when he said:

"About one out of every 100 farmers will actually take the proper interest in farming that they should. They will feed their cows heavy when the price of their product is high, and lose interest and fail to feed them enough when the market is not to their liking, and the same can be said of chickens and other farm livestock. "Any man who will give pure bred livestock a chance, actually go to the work necessary for their care, and stay right in the collar, is bound to come out on top."

We asked him what he would advise farmers of this section to do that they may make more money, and he replied: "My books are open all the time" and he went on "I release the figures to the general public at

the first of each year, and they show just what profit has been made, and how it was made. I make money on the farm, yes, I will say I make good money, and what I am doing is no secret process."

Mr. Hester is known as one of the biggest and best breeders in this entire section of the state, and is a director in the Lamesa bred livestock show held in Plains, each year.

He says many people from all over the United States stop at his farm and take great interest in the way he handles his business. "I keep books just like a lumber yard or any other business in the city."

He continued: "I try hard to have something to sell which will bring in good revenue in months when money is hardest to get hold of. Right now two dollars is worth as much as three in the fall of the year, therefore I always plan and concentrate on what will bring in ready cash in these low months."

## To The Democrats of 106 Judicial District

When this District was created, you nominated and elected me as the first judge thereof.

When I assumed the duties of my office it was with the full realization of the tremendous responsibility resting upon a district judge, he having under our system of government and laws, more directly than any other officer the determining of the rights of our citizenship, and with the hope that my work might be of some service to our people. I have given my very best efforts in conducting your court.

I do not know of a busier court in the state than mine has grown to be, and from the many judgements rendered by me only a small per cent of appeals have been taken, and in those cases appealed my judgements have in most instances been upheld.

The term for which you elected me is expiring, and if you feel that I can for another term, carry on the work of your district court to your advantage, and satisfaction, I shall deeply appreciate the honor of being your nominee in the coming primary election, and shall I again be elected my entire time and efforts, as in the past, shall be devoted to the work of your court.

Respectfully, Gordon B. McGuire.

## Notice

All who are subject to a road or street tax are requested by the city tax collector to make payment to the city before February 1. The street tax is \$3.00 if paid before the first of February, and after that date, \$5.00. The city needs this money for street work, and will appreciate it very much if payment is made promptly.

D. H. McDANIEL, City Collector.

## As Index Goes to Press Bad Weather Coming

The ground is pregnant with rain. The heavens are belching forth their rolling clouds. The clouds, look like dreary cattle paddling along the trail towards home as darkness begins to cover the earth, and now and then wink their eyes and shed a few ears, which looks like they may go into ice cubs or snow flakes as we go to press. In other words it looks like we are in for some bad weather.

...tist church building and parsonage, costing \$75,000, will be constructed during this year it is reported. Funds for the church building have already reached the half way mark according to O. B. Norman, treasurer. Laborers in Lamesa have plenty of work before them, it is pointed out, although there is no need for outside help. Contractors here report that there is plenty of labor in Lamesa to satisfy the demand.

Good wages for laborers, plenty of activity in construction work and very little unemployment will contribute to a record year in building for this city it is thought.

## Program For Short Course Announced

LAMESA, Jan. 7.—Program for the poultry short course to be held here during the week of January 20 to 24 was announced today by the program committee of the poultry club here. The first day will be taken up with discussion of the poultry industry as a whole. The second day will be featured by moving pictures and lectures on judging, mating and breeds of poultry. Breeding, feeding and housing will be taken up on the third day, followed by a poultry play at night. Incubation, brooding and eggs will be subjects discussed on the fourth day. A banquet for 200 guests of the short course has been arranged for their night of the fourth day, while control of diseases, insects and sanitation will conclude the course on the fifth day.

Considerable interest has been aroused locally over the course and it is expected to be of benefit to poultry raisers in Dawson county. This is the first course to be held in this county and is being sponsored by farm men and women interested in poultry.

## WELLS NEWS

On account of the snow and zero weather last week the attendance at school was less but during this time some good work was done.

Virgil Borch of this community is sick at his home with small pox but at the last reports he was doing nicely.

The B. Y. P. U. met Sunday night in spite of the snow and had a good program.

Miss Floy Phipps, who was operated on in the month of March is improving rapidly.

Misses Eunice and Willie Ruth Little spent the week end with Miss Mabel Draper in her home at Midway.

Rudavee Cook and Dalton Askew had the misfortune of running a wheel off their car Saturday night Jan. 11. They were not going fast and neither of them were injured. They fixed their car Sunday morning and it is now back in running shape. We hope that this does not happen to anyone more to them or to others.

Geoff Pearce formerly of the O'Donnell high school has started at Wells.

Mr. and Mrs. W. G. Allen of this community spent the day with Mrs. Randal at Lamesa.

Prof. Scott, popular teacher and coach of this school spent Sunday in Lamesa.

The basket ball games between Wells and Draw were postponed and were played last Wednesday. (Editors Note: Please accept our thanks for your early efforts this week in handing in the very interesting news items of Wells.)

Extensive improvement of the down town lighting system is expected to be made during 1930 as result of the efforts of the Dallas Retail Merchants Association. Lights like those on Pacific Ave. are planned for other streets in the downtown district.

**KNOW TEXAS**

In spite of a short cotton crop and  
a lower price, Texas' agricultural  
production for 1929 was valued by  
the U. S. Department of Agriculture  
as \$615,351,000, again giving it first  
place among the states.

Texas improvement projects in  
1930, public and private are estimated  
at from \$450,000,000 to \$500,000,000

Since 1913 Texas counties and road  
districts have voted and issued \$201-  
000,000 in road improvement bonds.

Gainesville started off the New  
Year with \$200,000 worth of new con-  
struction to start immediately, includ-  
ing the paving of a dozen streets.

After twelve years of service the  
little light plant of Fairlie is no more  
It has given way to improved service  
available from a Texas Power and  
Light Co. "highline" that passed near-  
by.

**GRAMMAR SCHOOL HONOR  
ROLL FOR TWO WEEKS**

We failed to get the reports on the  
Grammar school last week in the In-  
dex, and therefore take pleasure in  
presenting them this week along with  
those turned in for this week.

This is one feature of the Index  
that seems to have wholehearted sup-  
port from the school, as it stimulates  
the school interest in the child, and  
causes them to work harder to be on  
the honor roll. To prove this practi-  
cally every child in the school has  
been on the honor roll at least one  
and some make it almost regularly.

Following is the honor roll for last  
week and this week also, which is  
not as large as usual, but shows won-  
derful work among the students:

**Fourth Grade.**  
Sybil Hays, Aleene Gates.

**Third Grade.**  
Eldon Carroll, Avis Thompson.

**Second Grade (This Week).**  
Dea Parker, Laverne Lawler, Chris-  
tine Caddell, Magie Ables, Neomia  
Campbell, Clyde Batt, Billie Cathey,  
Francis Barrow, Norma Dean, Char-  
lesie Wanda Austin.

**Second Grade (Last Week).**  
Dea Parker, Billie Cathey, Char-  
lesie Wanda Austin, Margie Ables,  
Clyde Batt, Earl Minton, James Bow-  
lin, Lloyd Shoemaker.

**First Grade.**  
L. H. Robinson, Francis Jones,  
Wayne McDaniel, Harvey McKee,  
Tom Alexander, Doris Lawler, George  
Wilks.

**GEORGIA JURY SETS  
DAMAGE PRECEDENT**

A Georgia jury has set a new pre-  
cedent. When a locomotive collided  
at a crossing with an oil truck, the  
engineer was killed. His widow filed  
suit in Decatur against the owner  
of the truck and was recently award-  
ed \$13,500 damages. The railroad  
company was held blameless for the  
accident.

**PRESIDENT FAVORS  
PRIVATE OWNERSHIP**

"I do not favor the operation by  
the government of either power or  
manufacturing business, except as an  
unavoidable by-product or some other  
major public purpose." — Excerpt  
from President Hoover's recent mes-  
sage to congress.

Mr. and Mrs. John Menton have  
been on the sick list, but from last  
reports seem to be doing nicely.

TIRES VUNCANIZED at Foster's.

**KNOW TEXAS**

The largest river in America hav-  
ing its water shed entirely within one  
state is in Texas—the Brazos, which  
drains 41,700 square miles extending  
from the upper Panhandle to the Gulf  
of Mexico.

During the first eleven months of  
1929 Texas brought in 4,717 pro-  
ducing oil wells and 522 gas wells.

Only 2.2 per cent of the native  
white population of Texas was classed  
as "illiterate" in the 1920 census.  
The over-all figures of 8.3 per cent  
are due to the 17.8 per cent illiteracy  
among the negroes and 33.8 per cent  
among the foreign born.

Grain mixtures for dairy cows  
should be sufficiently palatable so  
that every cow will consume as much  
as is required for highest milk pro-  
duction. Fortunately, little difficul-  
ty is ordinarily encountered in this  
respect as most concentrates of good  
quality are palatable. Among these

are corn, oats, bran, beet pulp, and  
the oil meals. Velvet beans, rye,  
coconut by-products, and some of the  
other uncommon feeds are lacking in  
palatability. Such feeds sometimes  
are eaten more rapidly and complet-  
ely when mixed with molasses.

Electra and Alice are among the  
Texas towns soon to have new air-  
ports.

Doc Beach made a trip to Wilson  
last Sunday.

Messrs. and Mesdames Sidney Cath-  
ey and Harvey Jordan are in Okla-  
homa City where Mr. Cathey is at-  
tending a bankers convention and  
Mr. and Mrs. Jordan are visiting  
relatives.

**DR. RUSSELL'S POULTRY  
REMEDY**

Guaranteed to rid poultry of all  
insects. A cure for soreheads, roup  
and worms in your poultry. Preventive  
of all diseases. Sold by Whit-  
sett Drug Co. 17-4tc

**What Do  
People Say?**

"So-and-so" you hear people say, "is  
always immaculate. Like Adolph  
Menjou in his attire." Very likely  
that So-and-so simply has the good  
sense to allow us to clean and press  
his clothes periodically, thus achiev-  
ing the double end of dressing beauti-  
fully and saving his clothes through  
good care.  
Our number is 66.

Andrews has ed to get electric service from Texas Electric Service Co. It not had electricity before.

Mrs. Bryan Hood returned last Sunday from Post where she has been visiting some sick relatives.

Editor Hill of Tahoka was through O'Donnell Tuesday enroute to Lamesa.

Mrs. R. E. Higgs is on the sick list this week. We hope she will be better in a few days.

Mrs. Marshall Whitsett is on the sick list this week. We hope it does not prove serious and that she will be up in a few days.

Mrs. R. M. Merritt, and sons left Tuesday for Fort Worth where they will make their future home.

During the fiscal year ended June 30, 1929, Texas citizens paid to the Federal government in taxes \$39,465,939.50, of which \$37,703,785 was on incomes.

Messrs. Doc Beach and Mac Haymes made a business trip to Hobbs New Mexico Monday of this week.

**REPORT FROM JUNIOR LEAGUE**

The Junior League met Sunday evening January 12, 1930. We all enjoyed the program very much. The following program was rendered:

Song—"In the Garden" by all.  
What is obedience?—By Modene McLauren.

Obedience and Love—By Annie Mae Frost.

Early Training is necessary—by Harold Gibson.  
Learning from our parents—by Evelyn Kirkland.

The Lord's prayer—by all.  
We had two members, they were: Harold Gibson and Garland Curtis. Our league continues to grow each Sunday. We hope it continues to do so. We are still working to get on the star roll.

We are going to start studying "The African Bush", which we think will be very interesting.

**BY REPORTER.**

Mr. and Mrs. H. B. Scott spent the day in Lamesa last Sunday.

Albert Koeninger who is working in Amhurst spent last week end with O'Donnell with his family.

**MRS. E. T. WELLS ENTERTAINS**

On last Thursday afternoon Mrs. E. T. Wells entertained a number of friends in her home from three until six.

It was very cold but the guests found it warm and cozy inside.

Tables of bridge and forty two were enjoyed throughout the afternoon after which delicious refreshments consisting of fruit pie and whipped cream and coffee were served to the following:

Mesdames Bradley, Cowden, Westmoreland, Day, Cathey, Simpson, Hardy, Koeninger, Garner, Singleton, Hood, Stark, Campbell, Bowlin, Robinson, Everett, Street, Edwards, Gilbreath and Miss Thelma Palmer.

**MRS. J. W. ROBERTS BACK ON THE INDEX FORCE**

Mrs. J. W. Roberts who has been ill for the past several days is again able to be around some but not quite well enough to make the regular tour after the local news. Her illness was caused by an irritation of the vocal cords which has made her almost speechless for a number of days.

**Check these features**  
*in the sensational new*  
**CHEVROLET SIX**

**HYDRAULIC SHOCK ABSORBERS**  
Four DeLco-Lovejoy hydraulic shock absorbers on all models eliminate road shocks and increase comfort.

**50-HORSEPOWER MOTOR**  
A great six-cylinder motor, increased to 50 horsepower, gives smoother, quieter operation, with greater power.

**BRONZE-BUSHED PISTONS**  
The stronger, lighter pistons are bushed with high-grade bronze to provide smoother operation and longer life.

**NEW HOT-SPOT MANIFOLD**  
A larger hot-spot manifold insures complete vaporization of fuel—improving performance and efficiency.

**STRONGER REAR AXLE**  
Larger and stronger rear axle gears—made of the finest nickel steel—add to durability and long life.

**NEW ACCELERATION PUMP**  
A new automatic acceleration pump provides the flashing acceleration which modern traffic necessitates.

The sensational value of the Greatest Chevrolet in Chevrolet History is based on definite points of superiority—which you can easily check for yourself. From its improved 50-horsepower six-cylinder valve-in-head engine, to its beautiful new bodies by Fisher—it sets a new standard of quality for the low-price field.

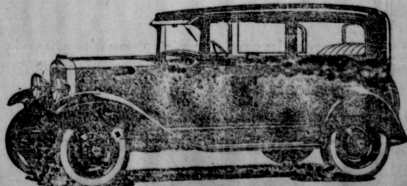

A few of Chevrolet's extra-value features are listed on this page. Check them over carefully. Then come in and drive this car. It will take you only a few minutes to find out why it is causing more comment and winning more praise than any Chevrolet we have ever shown. For it is a finer Six in every way—yet it sells—

WELLS NEWS

(Too late for last week.)

There was a large crowd present at the singing convention, January 8. Mrs. Casey gave a violin solo and responded to an encore. The singing was enjoyed by all. The convention will meet at O'Donnell the first Sunday in February.

Roy Askew and Virgil Bolch have been very sick with the flu the past week. They are improving now.

We are sorry that Lee Waldrep is still ill with the bronchial pneumonia. He does not show much sign of improving yet.

Mrs. A. R. Tyler is on the sick list this week.

Mr. and Mrs. Otto Mixon, formerly of this community, have moved back to this community.

There was a large crowd present at Sunday school January 8. Officers and teachers were elected for the following year. Mr. Holtzclow was elected superintendent and Miss Vera Askew secretary.

The B. Y. P. U. reorganized Sunday night January 8. Miss Kenice Little was elected president, Roy Askew vice president, Mrs. Dick Franklin, secretary and Miss Vera Askew Donald Tucker, and Alfred Yeatts, group captains.

B. Showalter, superintendent of Wells school, received eight addresses of Spanish pupils of San Antonio. Pupils in Spanish class have written letters to them. Some pupils have written letters to Vera Cruz, while others have written to El Paso and Mexico City.

We had several new pupils to start to school Monday morning, January 6th.

The Draw basket ball teams, both boys and girls, met the Wells teams on the Wells courts Friday January 3. The girls played first. Wells was very fortunate, winning in both of the games.

The Wells teams, both boys and girls, will meet the Draw teams next Friday January 10, on the Draw courts. Everybody is invited to be present.

Miss Thelma Greenwade was present with us Monday morning from 10 until 11:25. She gave us recipes to put in our recipe files. We have two new members. We elected new officers and all voted for Miss Bolch was elected president, and Dorothy Phipps secretary. The new members were Edna Land and Maye Cunningham. We are instructed to have sewing box containing scissors, thimble, needles, thread, pins, pin-cushions, pencil, and a small notebook by next meeting which will be the 20th of January.

Mr. and Mrs. F. L. Jones gave the young folks a party Tuesday night December 31. All who were present had a very enjoyable time.

Miss Gladys Yeatts and Mr. Levi

Gray were married Sunday evening January 6, at Tahoka. They are spending a few days visiting with the bride's mother, sister and brothers. They are Mrs. E. D. Yeatts, Lois, Alfred and Cecil Yeatts. They will leave Wednesday morning for Amarillo where they expect to make their home.

The Wells gin is still ginning cotton and there is some more cotton in the community to be picked. We hope the gin gets 2000 bales this year.

WELL DIGGING—Have complete rig for drilling water wells and doing windmill work. Our price is reasonable and all work guaranteed. See C. McKensie and F. A. Buchanan, owners, at O'Donnell, Tex. 16-3p

Lamesa To Have Clean-Up Day

Civic organizations and clubs in Lamesa have promised to fall in line and co-operate in the annual winter clean up drive here Tuesday and Wednesday, January 14 and 15. The city will be rid of all weeds, tin cans and rubbish if plans of the civic department of the chamber of commerce are carried out. The organizations that have agreed to help in the drive are, with their presidents and heads: Delphin club, Mrs. R. E. Simpson, president; Study club, Mrs. J. T. Arledge, president; Mothers club, Mrs. E. T. Bailey, president; Parent-Teachers association, Mrs. Pat Manning, president; Lamesa Luncheon club, L. E. Eager, president; Lions club, T. S. Christopher; civic department of chamber of commerce, J. E. Barron, director; three troops of Boy Scouts, J. D. Dyer, scout commissioner; American Legion, Phillip Yonge, post commander.

The city will be divided into nine sections and each section will be in charge of a committee composed of members of one of the above groups.

LAMESA, Jan. 16.—A sixty-six page booklet will be published here in connection with the opening of Lamesa's \$200,000 powdered milk factory April 1. Text and editorial matter will concern dairying and will

be edited by noted dairy and animal husbandry experts in America, according to the publisher, Charles Hurst. Ten thousand copies will be printed and distributed over the state. County Agent W. W. Evans is assisting Hurst in preparing the publication.

Eight Dawson county 4-H club boys were guests today of the Lamesa Luncheon club during its weekly meeting. The program was in charge of the Reverend J. D. Boren, toastmaster. Boys club work in the county was cited and W. W. Evans, county agent, was lauded for his work in establishing a diversified farm program in this county through the 4-H club work.

Some feeds when moistened become pasty, in which conditions the digestive juices can not readily act on them. Combining such feeds with more bulky ones in order to prevent this condition. The best feeds for this purpose are wheat bran and ground oats. If the grain ration contains one third to one half of either or both of these two feeds it will not stick together when wet. Dried beet pulp or a ground roughage also may be used. In some cases the concentrates are mixed with the silage at feeding time. Cobs are sometimes

ground with the corn in order to provide bulk to the grain ration. Although the cobs do serve this purpose they add very little nutriment.

Experiments with fall-sown cats in the South show that the best yields are obtained with superphosphate applied 200 to 400 pounds per acre in the fall at time of seeding, and a top-dressing of nitrate of soda applied 100 to 150 pounds per acre about March 1, the U. S. Department of Agriculture says. Ammonium sulphate applied 80 to 100 pounds per acre may be substituted for the nitrate of soda. The best time to apply nitrogenous fertilizers to winter oats is around February 1 in the Coastal Plain and about March 1 in northern Georgia. Potash fertilizers paid for application on Coastal Plain soils, but not on Piedmont soils this department found.

CARD OF THANKS

We are very grateful to our many friends for the many kind deeds and words of sympathy during the death of our dear husband and father. Mere words cannot express our sincere appreciation. Mrs. A. J. Durham and family.

HIGGINBOTHAM-BARTLETT CO.

Remove The Wall of Community Disapproval From Your Home

There is an invisible wall of disapproval drawn around every home which does not have modern methods of sewerage disposal. Your neighbors will not discuss it with you because it is just one of those delicate subjects which people do not like to discuss. But this silent disapproval is ever present.

Why? Simply because an outdoor toilet (which is necessary when modern conveniences are not provided) is a breeder of disease germs. These germs not only affect the family using this un-

sanitary outhouse, but they spread to the whole community. Is it any wonder, then, that there is a general community disapproval of such conditions?

You owe it to your family, to your community, to the value of your property, to make an immediate connection with the sewer lines to carry the waste away from your premises, thus removing from your home the wall of community disapproval. Talk with our local representative about the simple details of making this connection now.
