**Plunkett's Variety Show**  
Oct 27, 28, 29th

Plunkett's Variety show, with members of the family to give the company its name, will set out on Oct. 27th. The show will be held in a new fireproof tent which will house the show on the lot. The show is sponsored here by the Volunteer Department. The weather in the tent will be adequately heated.

The Plunkett family has spent years in the tent show business. Thirty people are in the company of entertainers, preparing a three act comedy play and a change of vaudeville with a complete change of program each week.

In the vaudeville bill this year: Jerry Plunkett, songstress; (Chubby) Swain and Billie (Toys) Crunch, described as the funniest men in stage business; Cleo and Flo Deland dance team; the eight Plunkett girls in a line of beautiful costumes; Capt. Plunkett trained animal acts, featuring the seals and Congo, the wild chimpanzee, Miss Billie Plunkett flying trapeze, Kalo, the Magician; sky Ballet, Miss Miss Gloria and Miss Charlene. The Famous Plunkett troupe on the bounding Trampoline; one of the outstanding acts of the Plunkett troupe; Mr. Jim Plunkett reenacting the famous minstrel show days; Bob Plunkett in his impersonations.

This year the Plunketts proudly present the Dick Darling Product of vaudeville acts in connection with beautiful wardrobe and lighting effects using strobe light. School children are cordially invited to the show grounds during the day to see the seals. FREE.

**The Old Timer ...**

We made a little round on Monday of this week which carried us to the gin and store located on the northeast corner of the Gleghorn street. About 10 miles southeast of town. Crops appear to be mighty good there.

At the Harmony gin, six miles we visited for the first time the new store and filling station. We found the proprietors, Mr. and Mrs. Jesse Tisdale quite nice and they have a nice stock of groceries and other items. A restaurant is also in full swing in the side of the store building. We had amiable Mrs. Clarence Gillie assisting the Tisdales in the store.

Oddly enough, we mentioned their mail service, and learned that Monday of this week the route was changed to run by Harney, thus serving better a number of families. The changing of the route did put out Van McKee a bit, but being a McKee, he was of course in favor of helping the general good of the community.

**STUDY CLUB**

The 1946 Study Club met in the home of Mrs. Dallas Vaughn. The meeting was called to order by the vice president, Mrs. L. G. Schuette. Very interesting short stories were given by Mrs. Vaughn, Mrs. Mary Frances Gardenhire and Mrs. Bernice Hodnett. The club has two new members: Mrs. Katherine Jetter and Mrs. Juanita Hatter. Refreshments were served to the ladies: Dona Autry, Jessie Clayton, Katherine Crumley, Mary Frances Gardenhire, Bess Hardinger, Bernice Hodnett, Fredie Koeninger, Sammy Midinger, Frances Schussler, Marjorie Spraberry, Annette Summrow, Billie Frank Sumrow, R. E. Hatter and the hostess Mrs. Vaughn. The club will meet with Mrs. Annette Sumrow in the home of her mother for the next meeting.

### McMillan Gets Contract For School Job

At a special meeting of the school board Thursday night, a contract was let for the repair of the high school building recently damaged by fire. W. G. McMillan of Lubbock was the lowest of three bidders, and was given the contract. His bid was \$20,150.00 which does not include any furniture and fixtures replacement. Auditorium seats, stage curtain and scenery, window shades, and other equipment will run the total figure to around \$28,500.00.

Final adjustment on insurance was made at the same meeting and the final figure on the insurance was \$26,795.20. Total insurance will lack around \$2,000 of covering the entire loss.

Although it is going to put the school in a financial strain, the School Board is going to try and get everything done without any bond issue. The added expense of band instruments and suits for this year, together with payments on Homemaking Cottage and Voc Agriculture building, makes the finances for this year in a strained condition. Under the new Gilmer Aiken school bill, it takes an additional heavy amount of local money, and all these conditions working together is going to make things pretty hard for the local school, Supt. Johnson said.

Mr and Mrs N B Stokes of Lubbock visited Mr and Mrs F M 'age Sunday.

Mr and Mrs C D Childress attended the funeral of a friend, Mr McKay at Post last Wednesday.

Mrs Harvey Jordan and Larry and Mrs Dewey Greenwood of Spade attended the wedding of Miss Ava Nell Greenwood at Holbert, Okla in the home of his grandmother.

Mr and Mrs O E Jones of Four san visited Mr and Mrs Joe Kirkpatrick Sunday.

Mr and Mrs Irvin Street visited relatives in Abilene and Merkel Friday.

### COMMUNITY PARTY SET FOR FRIDAY NITE

The Senior Class is giving a Community Party in the high school gym Friday nite Oct. 21st at 7:30. Admission is 25c. Tickets may be purchased from any senior. There will be an old fashion picnic with a 42 party afterwards. Tables will be set on the gym floor. Jess Merrick will auction the pies. The public is cordially invited.

### Local Youth To Judge At Kansas City

Names of 11 students of Texas Tech College who will go to Kansas City this week for competition in the American Royal Livestock show have been released. Among them is Doyle Lane of here. He is the son of Mr and Mrs Jesse Lane and was a member of last year's judging team. Doyle will receive his degree in Agriculture next year.

Leland, a younger brother is a freshman agricultural student in Tech this year.

### Draw News

Mr and Mrs Vernon Caswell and children visited in Tahoka.

Mrs Lois Florence returned from Temple where she visited her sister who is under treatment at Scott and White hospital.

Thomas Bros. Gin, Weldon Wheat, ginner, has ginned over 1500 bales up to Saturday nite.

Tom Calaway is the new book-keeper at Thomas Bros. Gin.

Mr and Mrs Chas. H. Smith spent the week end in Plainview; he installed two Intercal Systems at gins while there.

Mr and Mrs Theo Cook and daughters were week end visitors in Lubbock.

Mr and Mrs Vernon Caswell are the proud owners of a new pick up Porterfield Grocery has opened a cafe in connection with their store.

We all enjoyed the service at Draw Methodist Church Sunday evening, the pastor Rev. Jno. W. Hawkins delivered an inspiring sermon.

Boys and girls of Draw are planning to have Halloween parade down town Friday 28th.

Mr and Mrs Stallcup were visitors in Lubbock Friday.

### Eagles Dump Seagraves

Last Friday the O'Donnell Eagles showed their talons long enough to snatch the 'Naon' from the claws of the Seagraves Eagles. There is one thing certain: O'Donnell had the same team but it was an all together different spirit that presented itself in that eleven. This time they really went out to play! Otherwise, Seagraves was going to have to play ball to win. Play faster, stronger, and with more power than O'Donnell would, or could, be able to muster. Spirit? So, O'Donnell had it all, plus the determination to make the opposition earn their points. They slaved and made the total of six. No conversion and no extra point!

O'Donnell was outwitted but that didn't mean a thing. Seagraves had a larger backfield but for that matter so did Littlefield and O'Donnell held the Wildcats scoreless for the first quarter. How many other light teams have been able to hold the Wildcats scoreless on the Plains for a quarter without them getting away this season? Answer that one, Mr. Reader. This reporter has contented that O'Donnell HI has had a team since the beginning of the season. This reporter further asserted that it would take time to bring an inexperienced and light team around to a solid unit and a winning combination. He further sticks his neck out by calling the score for the next game: Eagles 7; Slaton 6 or 0. This means that the Eagles will not gallop thru Slaton as "Lee did thru Gettysburg" but they will win if they maintain the same spirit that was so courageously shown last Friday nite.

From the start of the second quarter even Littlefield would have found things that would have reminded them of Dunkerque. Seagraves didn't expect this. However in a play of two Gass became ignited and burnt a path to Seagraves' payoff stripe. Gass came back in another quarter to repeat. Shoemaker booted the extra point and Seagraves awakened to the music of the "Pop Girls Serenade". The score meant that O'Donnell had at last found herself.

The team took the win modestly and they realize that their back is against the grindstone but psychologically that was what it took to bring the team and cheering cheering section to a profitable reaction.

Every member of the team especially the line went all out in their effort and endeavor to win over Seagraves and they have proven what they can do when the chips are down. This week the Eagles have an open date and next week they play Slaton at Slaton.

Mr and Mrs. Ted Gillespie of Levelland visited Mrs J P Bowlin Sr. Sunday.

Mr and Mrs Tom Vandell had all their children home Sunday for the first time since 1939. Those home were Mr and Mrs D L Vandell of Albuquerque, Mr and Mrs Bill Vandell and family of Olton, Mr and Mrs Oren Vandell and family of Ft. Worth Mr and Mrs J A Havens of Lubbock and Mrs Vandell's twin sister Mrs M S Lane of Lubbock and Mr and Mrs Reed Vandell and family.

Miss LaMoyné Line who is teaching at Seminole, spent the week end at home.

Mr and Mrs Robert Carroll and Mr and Mrs Harvey Line and Mr and Mrs John Vermillion, Mr and Mrs V B Hahn, Mr and Mrs Goddard visited John Andy Edwards at a Lubbock hospital Sunday. He recently underwent surgery. Mrs. O L Harris and Mrs. Lobbie Gass recently returned from San Angelo where they attended a Beauty Clinic that was on Hair Styles with lectures being given by the well known Mr. Self.

Rocheil Pelts is feeling much better and is back at work after treatment at a hospital for stomach trouble.

Mr and Mrs. Hal Singleton III of San Antonio are visiting here, Hal will complete his enlistment in the army soon.

Mr and Mrs Mack Braley and children have moved to Hobbs, N M. where he is employed.

Wednesday Mr and Mrs J J Hodnett visited their daughter and family at Nolan and their oldest daughter returned for a visit; Sunday Mr and Mrs Owen Egger and children drove up and celebrated Landra's 3rd birthday.

Mr and Mrs. Dick Lumpkin spent Sunday in Amarillo with her sister Mr and Mrs A L Chilcote and family.

Mrs. F L Jones visited in Lubbock Tuesday.

Mr and Mrs Clint Wright and children of Plainview spent the week end with Mr and Mrs Otis Harris and family.

Mrs. George Shumake of Ft. Sumner, N M and Mrs R P Tomlinson of Post are the guests of Mr and Mrs C L Tomlinson.

Mr and Mrs. A R Butler have moved here from Hugo, Okla.; they are relatives of the E C Pace family. A cordial welcome.

### Girls Attend State Fair

The F H A group left O'Donnell Friday afternoon at 3 p. m. and spent the nite at Mineral Wells. They spent all day Saturday at the State Fair at Dallas seeing the exhibits and having fun on the Midway. Some attended the Spike Jones show and some attended the S M U - Rice ball game. They spent Saturday nite at Mineral Wells and arrived back at home Sunday afternoon at 6:30. Among those attending were: Carol Lambert, Velda Gillespie, Ima Baggett, Peggy McKee, Betty Cook, Fern Bairrington, Pat Etter, Peggy Etter, Virginia Sanders, Dorothy Lock, Alice Stinnett, Bobby Barnes, Nadene Roberts, Maxine Stokes, Helen Jones, Carlene Eaker, Wynell Summers, Corene Richardson, Bertha Cook, Anna Lois Rains, Mary Hobdy, Sue Franklin, Janelle Lindly and Joan Mahurin as well as Mrs. Bernice Hodnett, Miss Eunice Fletcher, Miss Stokes, the sponsor, and Mrs. Verda Hobdy and the bus driver, Rufus Carr.

### METHODIST YOUTH MEET

The Methodist Youth Fellowship met here Monday nite. A banquet was served to the Youth by the ladies of the First Methodist church. There were young people and adults in attendance from 5 South Plains towns: Grassland, New Home, O'Donnell, Post and Tahoka.

Speaker for the banquet was Paul P. Elliot, professor of Texas Tech college who was a member of the Atomic Commission. He spoke on the subject: "What Will You Do With Atomic Power?" He said "that civilization would be destroyed by atomic power if another war is fought. It would take approximately five years for any nation to get ready to launch an atomic war. Therefore we have 5 years in which to learn to follow the Sermon on the Mount in which Jesus said 'Love one another' and 'Be ye perfect, even as your father which is in heaven is perfect'".

Mr. Elliot also illustrated the wonderful aids of atomic power in combating human diseases such as cancer. He closed by putting before us this question, "Which way will you use Atomic power, to relieve human suffering or to destroy civilization?"

Guns and Ammunition for deer hunters; a complete line of hunting supplies; a complete sportsman's store right here in O'Donnell at H. and S. Auto and Home Supply

### BERRY FLAT NEWS

Mr and Mrs. Jim Parker of Amarillo visited friends and relatives in O'Donnell and Berry Flat over the week end.

Mrs Matt Farmer and Mrs Dick Simpson attended a shower last Friday evening in the home of Mrs. Blanton Street honoring Mrs. Roland Keener.

Mrs. Dempsey visited her daughter last week in Lubbock.

Mrs. L B Jones attended the funeral of a relative at Winters.

The Dick Simpsons had dinner Sunday in the Bill Staggs home.

Milton Lang returned home after working in Abilene.

Mr and Mrs. Wise of O'Donnell were out last week looking over their farm.

### FIRST METHODIST CHURCH

We invite you to come to Sunday School and Church at the Methodist Church. The October 23 morning sermon subject will be "The Christian Message."

Evening sermon subject: "A Good Samaritan."

Jim Henderson of Plainview, a cousin of Mrs Henry Warren, was her guest Sunday.

Dan Blocker and Wayne Christopher spent Thursday at home before going Friday to San Antonio to attend the Sul Ross-Trinity U. game.

### Rites Read For Mrs. E. H Crandall Saturday

Mrs. E. H. Crandall, 70, wife of the assistant pastor of the First Methodist church, died at 5:50 a. m. Thursday of a stroke at her home in Lubbock. Services were conducted at 2:30 p. m. at the First Methodist church. Revs. H I Robinson, C A Bickley, J O Haymes and L N Lipscomb officiated. Burial was in the Tech Memorial park. Pallbearers were C H Hamilton, Frank G. Campbell, O J Edler, L E Davis, and J T Carter of Lubbock and Naymon Everett, J L Shoemaker, Irvin Jones and R O Stark of O'Donnell. Honorary pallbearers were Methodist ministers of the Northwest Texas district, members of the board of stewards of Lubbock First Methodist church and members of the Horn Bible Class.

Survivors are her husband; a son, A N Crandall of Oklahoma City; two daughters, Mrs. Harry L. Carson of Oklahoma City and Mrs. W E Brazier of Lubbock, 4 brothers, C. R. Deweese of Dallas Charles Deweese of Ft. Worth, Ulric C. Deweese of Kaufman and Homer L. Deweese of Rockwall as well as three grandchildren.

Following is a portion of the Memoir read at the service:

Martha Pearl, daughter of Mr. and Mrs. S. U. Deweese, was born in Rockwall County, Texas, August 4, 1879 where she grew to young womanhood, being the third of 16 children. She attended old Henry College at Campbell, Texas, 10 miles east of Greenville. Some of her classmates live in Lubbock and are members of the First Methodist church of Lubbock.

When she was a small child she gave her life to Christ uniting with the Methodist church and for several years played the organ for all the services including revival meetings that were held in old Mount Zion church which was located on land donated from her father's farm.

On December 24, 1899 she was united in marriage to Edward H Crandall, in the home of her parents by Rev. A. R. Sash, a member of the North Texas Conference. To them were born three children. In December 1900 the family moved to a little farm in the community where she was reared with intentions of making that a permanent home. But after 8 years of happy life, realizing a definite call to the ministry, the husband surrendered to that call in the month of August, 1909. With that decision she concurred gladly and happily and said to him, "where you go, I am glad to go" and this spirit was characteristic of her all the days and years of their ministry.

When she moved from one little parsonage to another she set herself first to making it a home; for she often said, "I count it my first duty and greatest service to make and keep the home for my husband and children." In the performance of such service there are none who can excel her. She gave 40 years of her life to this, her most joyous service. Their last pastorate was O'Donnell where she spent four of the happy years of their ministry. In 1946 she was presented life membership in the Woman's Society of Christian Service by the O'Donnell Society. She has been happy these two years in relations with Lubbock First Church where she won a host of friends whom she loved and cherished dearly.

In the early morning of last Thursday she went home which her Lord and Master had prepared for her, to be forever in her Heavenly Fathers house of many mansions.

To the above beautiful memoir, the Country Ed could add nothing; but to perhaps the best friend we ever had here, Bro Crandall, we say humbly, "God comfort you in your loss."

### Rain Delays Already Late Crop

Rain Monday amounted to 1-4th of an inch according to Ben Moore Sr. and it is thought will slow the harvest which is just now rolling into high gear. There is an acute shortage of harvest labor thruout the cotton producing South. The labor bottleneck will likely be eased some as north and central Texas completes the season. A shortage of steel ties for cotton bales is a possibility because of the national steel strike. Cotton harvesting by machine will be active after the first killing frost and may be a crop saver for the South Plains. Grain sorghum has never been better and is proving a very profitable crop this year.

### LINE REENTERS BUSINESS HERE IN OLD MANSFIELD BLDG.

Harvey Line is this week announcing the opening of his new grocery and market here. Mr. Line needs no introduction to his many friends here as he formerly had a grocery here before selling and moving to Abilene about 2 years ago. The Line family are living in the Doak home. Welcome home, folks.

### Officers Have Busy Week End

Justice Bill Brown and Deputy Bairrington reported a moderately active week end which included 5 arrests of drunks and one Latin American bootlegger nabbed in the Flats and caught with more than forty pints of drinking whiskey Saturday nite.

**'Awful' Tobacco**

**BRITISH ECONOMIC CZAR** Sir Stafford Cripps and Foreign Minister Bevin attended a National Press Club luncheon while in Washington where Cripps, who controls Britain's economy with a vice-like grip, told in detail of British sacrifices of the dollar shortage.

"Just to give you an example of the sacrifices we are making," said Cripps, "both Mr. Bevin and I have given up tobacco as our part of the program to save dollars."

Whereupon Bevin, turning to his luncheon companion, whispered:

"That's not the case at all. The fact is I gave up smoking because I couldn't stand the bloody awful tobacco Cripps has been buying."

Note—In order to save dollars the British have been partly shunning North Carolina tobacco and turning to their African colonies.

**Capital News Capsules**

**G. O. P. Blocks Civil Rights**—It wasn't a southern Democrat but a midwest Republican who stopped the senate labor committee from approving the fair employment practices bill behind closed doors. This is the most controversial measure in President Truman's civil rights program. But the vote was blocked on a technicality by G. O. P. senator Donnell from the President's home state—Missouri.

**Atlantic Defense**—The state department has called a highly secret meeting of the joint chiefs of staff of the 12 countries in the North Atlantic pact. They will meet in Washington.

**Food for Democratic Countries**—The food and agricultural branch of the United Nations is setting up an important organization to sell surplus American farm products to the undernourished countries of western Europe and India. The plan should benefit both American farmers and Democratic countries, and the experts claim they have worked out a plan to lick the toughest problem in international trade—the dollar shortage.

**Senatorial Speculation**

It looks as if Senator Thomas's speculating partner, Dyke Cullum, has diverse and widespread interests.

Last week it was revealed that Cullum, who frequently claims to represent Thomas, had bought 10 carloads of egg futures at the same time that the senator from Oklahoma had introduced legislation taking the support price off of eggs. Senator Thomas and Cullum have used a joint trading account on the commodity exchange in the past.

Now, in addition to eggs, it develops that Cullum has been pulling wires with the agriculture department regarding lard.

Cullum's influence in agricultural matters results from the fact that Thomas, as chairman of the senate agriculture committee, can block or pass most farm legislation.

Therefore, when Cullum, who helps the senator write legislation, demands inside information from the agriculture department, agriculture officials can't tell whether they are giving it for legislative purposes or for speculative purposes. Naturally, inside knowledge of government purchases and price supports could be used to make big profits on the commodity market.

**Is Senator in Lard?**

In August, Cullum began pestering the agriculture department to support lard prices. Naturally, such support would cause a spectacular jump in lard prices.

The agriculture department, however, has adopted a policy of supporting only agricultural products, not by-products. A support price for a by-product such as lard, it feels, would not help farmers, but the meat packers.

Nevertheless, Cullum phoned George Parks in the fats and oils branch in the name of Senator Thomas and demanded a price support for lard. Parks promised a written reply, and when it didn't come fast enough, Cullum made two phone calls to David Pettus in the livestock branch for information on price supports. Again he suggested that the government buy lard. Each time he represented himself as speaking for Senator Thomas and the senate agriculture committee.

As a result of Cullum's activity, the agriculture department finally sent a letter to Senator Thomas.

"This is in reply to a recent telephone request from Mr. Dyke Cullum to the fats and oils branch for information regarding the calculation of a parity price for lard. As you know, the parity price concept heretofore has applied only to direct agriculture commodities sold by farmers. It has not applied to products such as fats and oils which are processed from agricultural products and sold by processors."

**WEEKLY NEWS ANALYSIS**

**U.S. Revamps Planning, Policy For Defense on Red A-Bomb Tip; Truman Says Critics Antedated**

(EDITOR'S NOTE: When opinions are expressed in these columns they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**THESE ADD UP TO HOUSING HEADACHE**... Across the nation, if there was any relief from housing shortage, it was spotty, inadequate. The twins (above) born to her in Brooklyn's women's hospital made the shortage doubly acute for Mrs. William Buckley. She and her husband, together with another child, add up to five people who must share one-room apartment. Mrs. Buckley wondered where she'd park the twins when she left the hospital.

**THE BOMB:**

**Do Reds Have It?**

Does Russia really have the atomic bomb?

President Harry Truman said they did; and for once, there was no presidential contradiction when Columnist Drew Pearson said they did.

But whether they have it or not, the Truman announcement stirred up a nest of jitters everywhere.

**DEFENSE CHIEFS** backed up for a new look at the world situation. Congress reacted as might have been expected. The arms-to-Europe program hailed the announcement as added proof of the correctness of their stand. Other congressmen blamed laxity over the past few years in our state department and defense setup for Russia's having the bomb now—if she does have it.

A noted atomic scientist declared that for Russia to contend it had the bomb in 1947 was fantastic, that the date was "one pulled out of a hat." But he said the Soviets might well have the weapon.

Most tangible result in congress of the President's statement that there had been an "atomic explosion" inside Soviet Russia was agreement by house and senate conferees on the 1.33 billion-dollar appropriation for arms to Europe. The legislators got together very quickly on the view that to cut the appropriations, as had been first planned, would be an unwise move.

**IN THE UNITED NATIONS**, Britain's foreign secretary, Ernest Bevin, lashed out with a furious tirade against the Russians, charging them with stalling efforts to control atomic energy. Like Russia, Bevin said, England wants the atomic bomb banned, but the British want effective control first.

Skeptics of the idea that the Reds have the bomb were asking why Russia wanted to outlaw such a potent weapon, if she really had it—or did she think the western world suckers enough to outlaw and forego use of the bomb and thus give the edge to any ethics-lacking nation who might have the bomb and would drop it without warning?

**TITO:**

**Get Out!**

Yugoslavia's Marshal Tito ordered nine Hungarian diplomats expelled and accused Russia and her Cominform satellites of "rattling their arms" along the Yugoslav border.

HE STATED that his Cominform enemies were "digging trenches in Hungary and Romania."

Apparently, the fiery dictator of Yugoslavia was not frightened, still ready to wage war with Moscow, verbally or otherwise. "We will permit no one to impose their will upon us," he thundered.

Despite the dramatic atmosphere surrounding expulsion of the Hungarians, Tito's action was a retaliatory one, since it followed within 24 hours a similar action against 10 members of the Yugoslav legation in Budapest.

**TITO CLAIMED** the Russians were plotting to stage a revolution in Yugoslavia in order to supplant his government with a regime servile to Moscow.

Whether or not the Russians had the atomic bomb, as has been reported, Tito didn't seem to be any less disposed to quarrel with the Kremlin.

**EFFECTIVE KILLER**

**Navy Discovers Potent Remedy for Colds**

The United States navy was manifesting its efficiency again—but in an entirely different field. Veering away from its military side for the moment, the navy found a "cold-killer" pill that was reported 90 per cent effective.

The fight to control the common cold has been one of the longest, most difficult in all medical history. A great majority of physi-

**Cripps Gets Tough**

Sir Stafford Cripps, British finance boss, lost no time in bringing home to the people the import of devaluation of the pound sterling as an effort toward the country's financial problems.

His labor government raised the tax on business profits and threatened to restrict dividends by law in defending the devaluation move at an emergency session of parliament.

At the same time, the government rejected any pay raise proposals declaring this must be done to prevent an inflationary spiral.

Cripps made these moves as he opened the cabinet's appeal for a vote of confidence from the parliament.

**TRUMAN:**

**Way Ahead**

President Harry Truman was still battling vigorously for his domestic program in congress. With his usual expansive attack on critics, he charged present detractors with being "160 years behind the times."

**NEVERTHELESS**, the President was making a strategic approach to the congressional races next year in a drive for women recruits to the Democratic party.

In a White House radio address, beamed at the women of the nation, Mr. Truman pointed to "certain people" who denounce his "fair deal" policies as alien or dangerous.

**THEY'RE NOTHING** of the kind, declared the President. In fact, he asserted, "Our program consists of measures which have come up from the grassroots. Our program is as American as the soil we walk on. It is a program unshakably founded on the principle that the power of the government should be used to promote the general welfare."

Dissidents might go along with such items of the program as public housing and expanded social security benefits—but on the subjects of farm price supports, as advocated by the administration, and socialized medicine, there would be some arguments about these being of "grassroots" origin.

**TOSSING A BOUQUET** to women's intelligence, the President declared that women are not misled by political slogans, added: "They look beneath the labels to see the facts."

**ROCKETS:**

**Far Targets**

Just before the end of World War II, the Germans reported experimenting with rockets that could span oceans. Now, according to information emanating from the Soviet zone of Berlin, German scientists are producing such rockets for the Russians.

The informants, who were said to have access to the offices of the Soviet-packed east German police, said the mammoth under-ground munitions plant at Peenemuende on the Baltic coast was turning out rockets at full speed.

Allied intelligence officers conceded they knew of "certain activity" at Peenemuende, but declined to elaborate. One of them explained:

"If Russia is making munitions in Germany, it's a high level matter and not for discussion here."

**AMERICA:**

**The Big Story**

The Advertising Council, Inc., has just issued its revised booklet, "The Miracle of America," which tells why Americans live better, how machines make jobs and why freedom and security go together.

**THE BOOKLET** should be prescribed reading for that fast-growing element among the people's officials which seems to think every one should apologize for America, rather than be proud of it.

Approved by representatives of both labor and management, "The Miracle of America" tells in interesting, readable prose why America is great and why every American should be proud of his country. In the booklet the mythical Uncle Sam asks questions about America which might be posed by any typical American family.

**EXCERPT:** "Freedom and security go together," Uncle Sam ascribed. "Men follow two great impulses—to be politically free and to be economically secure. In America we have won freedom and we are winning economic security. Dictators promise security if the people will give up their freedom. But experience shows that freedom and economic security must grow together. The history of the United States proves it."

Americans may have a copy of "The Miracle of America" free of charge. Just write to: Dept. N The Advertising Council, Inc., 25 W. 45th St., New York 19, N.Y.

**BEST SELLER:**

**Bible Perennial**

The Bible has always had a significant place in the lives of Americans. Acknowledgement of and homage to a Supreme Being is inherent in the American government setup, with American trust in God declared on the nation's coins.

Therefore, National Bible Week, October 17-23, will be observed throughout the nation, with mayors and governors in the 48 states joining in proclamation urging the people to support the observance.

**OUTLINING** the purpose of National Bible Week, Rear Admiral Reginald R. Belknap (USN, Retired), who is chairman, declared: "National Bible Week is used to stimulate people in all walks of life to be Bible conscious and to turn to the Bible in these times of national and personal moral confusion."

"**WE NOW SEE** a proud, powerful nation, whose people the world over were looked up to and respected for their sense of righteousness, fair play, charity and resourcefulness, decayed to the point where they are not shocked at... glaring examples of moral decay."

While Chairman Belknap didn't say it in words, his examples of "moral decay" pointed at none other than Soviet Russia.

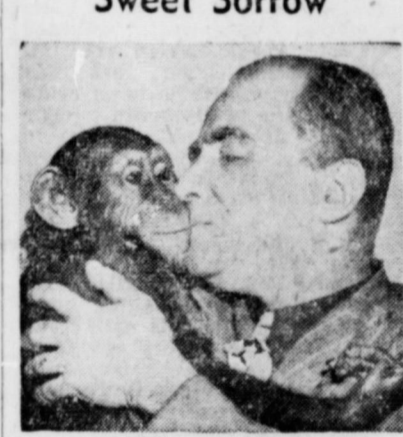

**INCOME TAX:**

**Up & Up & Up**

Total income taxes collected in the United States show an increase of over 1,100 per cent in 10 years, from two and one-quarter billion dollars in 1939 to just under 31 billion dollars in the fiscal year of 1949, with individuals paying 60 per cent of this total, says an analysis by the family economics bureau of Northwestern National Life Insurance company.

**NUMBER** of persons hit by income taxes has increased proportionately, the bureau finds. There were 3.9 million individual income taxpayers in 1939; in 1948 there were 41.8 million. Although that number will be reduced for 1949 by the elimination of several million small taxpayers from the rolls due to increased exemptions and other changes made by congress in 1948, the list should still run somewhere around 36 million individual income taxpayers in 1949, the bureau estimates.

**'Sweet Sorrow'**

Parting was such sweet sorrow for John M. Crawford and his five monkey charges, one of whom he is shown caressing. He kept the five monkeys in his New York home. Neighbors objected. The court ordered Crawford to get rid of the monkeys, declaring he was violating the city's sanitary code.

**PAYOFF:**

**'Unto Caesar'**

"Render unto Caesar the things that are Caesar's" was a Biblical line that stuck in the mind of Pastor Eugene M. Austin of the Baptist Temple in Charleston, W. Va. Construing that "Caesar" meant the government, the pastor set an amazing precedent: He voluntarily went to the courthouse and had his personal property assessment increased sixfold. He announced the action to his congregation.

**RED STAR Special Active DRY YEAST IS FASTER DISSOLVING**

**QUICK METHOD BREAD**

3 packages Red Star Dry Yeast  
1/2 cup warm water  
1/2 cup sugar  
1/2 cup warm water

5 teaspoons salt  
3 1/2 cups lukewarm water  
1 1/2 tablespoons shortening

Dissolve 1 package Red Star Dry Yeast in 1/2 cup warm water. Let stand 2 to 3 minutes. Place 1/2 cup sugar, salt and 1/2 cup water in a large bowl. Stir yeast solution thoroughly and add to this mixture. Add half the flour and beat well. Add melted and cooled shortening, stirring vigorously. Add remainder of flour, stirring until well mixed. Place dough on lightly floured board and knead 5 to 7 minutes. Shape into smooth ball and place in greased bowl. Brush top lightly with shortening. Cover and let rise in warm place for 45 minutes. Punch dough down, shape into loaves and place in greased pan. Brush top of loaves lightly with shortening. Cover and let rise in warm place for 45 minutes. Bake in moderately hot oven (400° F.) for 30 minutes. Makes 4 loaves.

## New 'Cow Bomb' Used In Spraying Animals Dry DDT Crystals Now Practical for Spray

A new animal disinfectant device called the "iscomist cow bomb," is now available for use on livestock.

The cow bomb is used to apply a deposit of dry DDT crystals to the hair and hide of livestock for protection against the horn fly, house fly, stable fly, cattle lice, ticks, mosquitoes and certain other insects.

Dry DDT goes into suspension in water less readily than any other form and withstands rain more desirably. It contains no oil to cause burning or to help DDT penetrate the hide. The DDT particles are microscopic in size and thus a given amount covers a greater area than other forms. It is said one iscomist cow bomb will treat approximately 100 cattle with the recommended 30 second treatment. It provides protection for cattle on pasture for about three weeks under average conditions. To help prevent lice infestation, prophylactic treatment of all additions to the herd is recommended.

The iscomist cow bomb can be used on dairy and beef cattle, hogs, horses and sheep.

The procedure recommended for cows is to cover the body of the animal with paint sprayer motions at from 12 to 18-inch distances; for legs only 6-8 inches. Total time per cow is about 30 seconds.

FOR sale or trade: Running gear of 4 wheel trailer with 3 new tires. Walter Teeter.

## The Eagle SCREAMS

### Brief School Items

The Annual Staff received the Sophomore, Freshmen, and 8th grade pictures. They will send off some pages soon. Remember let's all get those deposits in as soon as possible.

The Senior Class has big plans to overcome the Junior's lead. This week they decided to have a pie supper and 42 party. Both of these are designed to make money for their candidate for Football queen. Home made pies are going to be on sale. All the Seniors are

requested to bring all the old clothes they can gather for the rummage sale Saturday.

Saney Nance is reported to have

been really showing the typists how to type. They send that she can type 32 words a minute.

Miss Heath requests that the period typers leave the room clean as you found it, and please try and not hurt the typewriter.

Another thing, if the 6th period typers do not stay quiet will be necessary to stop all typists the 6th period.

Remember and subscribe to the Index; we must have subscriptions for our piece in the paper to be successful.

 BURIAL INSURANCE "Bonded Protection"

Faithful adherents of the "apple a day" maxim, if they can think back to war experience, will realize nowadays they are not nearly so likely as they used to be to find a worm, or half a worm, in their apple. Also, says the U. S. department of agriculture, the "spray residue" problem is not nearly so troublesome as it was.

The apple worm—or codling moth—problem appears to be on its way out as a major concern in apple growing. DDT has proved an effective spray. In fact, in some isolated orchards that do not draw moths from unsprayed or poorly sprayed trees nearby, a good early spray program with DDT may so reduce codling moths that there is no need to spray against a second brood.

But DDT has not proved a full solution to the apple insect problems. It does not make a clean sweep of all the pests. Thus DDT sprays permit a buildup of some pests that it does not control—the apple mites, for instance. The problem shifts, but a problem remains. The mites do not cause wormy apples, but the apples are smaller and of a poorer color.

However, the new insecticide parathion is making an impressive showing against nearly all the apple pests. Federal entomologists say that it can not yet be recommended for general use, that more control is needed.

**Wingless Chickens Cause Speculation Impact on Industry Studied by Growers**

Poultrymen and consumers throughout the United States are still speculating on the degree impact on the poultry industry of the development of wingless chickens. Peter Baumann, Des Moines, Iowa, a veterinary-supply salesman, has raised a flock of 400 such chickens and has proclaimed loudly that they are the "nearest thing" alive to famed cartoonist Al Capp's "shmoos."

Baumann said he had spent 10 years developing the wingless flock, and that he expects the breed to set a new trend in chicken raising. He pointed out that the wingless chicken has a thick layer of white meat where ordinary chickens have wings. Baumann said he had kept his chicken breed a secret because he wanted to be sure it was a success. He studied animal husbandry at Iowa State college and asserts his wingless chickens are not a "freak." A freak does not reproduce, he argued. The ancestors of this new breed of chicken, Baumann said, came from Texas. He was traveling through that state in the 30's when he acquired a light Brahma rooster and a white Minorca hen. Each bird had only stubs for wings. He bred them, he said, and was astounded when the hen hatched wingless chickens. He then began experimenting and breeding. Baumann reported that at first he got only three or four wingless birds out of 100 eggs. Now, he said, about 95 of every 100 chicks have no wings at all. Some of the others, he said, have stubs or a stub on one side and a wing on the other.

**Esteron 44 Results In Wild Onion Curbs Wild Garlic also Found Vulnerable to Solution**

Wild garlic and wild onion long have been two of the most troublesome weeds in southern lawns, pastures and certified grass and grain seed production fields. As lawn weeds, these plants give the lawn an uneven, ragged appearance and produce a very disagreeable onion odor when mowed. In pastures, dairy cattle feeding on these plants produce milk with an off flavor which is of great concern to dairymen in several states. Seed production has been limited by the presence of wild potential contamination. Onions in many fields because of

During the past three years many experiments have been made with varied forms of 2,4-D to control wild garlic and wild onion. Tests with sodium salt of 2,4-D were unsuccessful. Esteron 44 and the amine liquid salt formations, however, gave good control when used at the rate of three to four pounds of 2,4-D acid equivalent per acre. Apparently the amount of water used makes little difference in the results obtained. As many as 125 gallons per acre and as few as five gallons per acre were applied with equal success. For pasture work, observers agree that Esteron 44 may be somewhat more effective than the amine salts, but because of the possible danger from volatility of the esters of 2,4-D, it is suggested that the amine liquid salt be used where susceptible plants grow in immediately adjacent areas. (Lawns, for example, with adjacent flowers and shrubs).

FOR SALE: Serval refrigerator cheap; linoleum 9 x 12 rug, almost new, gas 3 burner hot plate, see Index

**Heat Hurts Cows**

American dairy farmers have learned that some discontented cows, like some discontented women, can be expensive as well as unpleasant.

Most of the cow's troubles can be traced to heat and humidity. A cow, unlike a human being, can perspire only through the mouth. So when the temperature and humidity inside a barn get high, the animal becomes uncomfortable and stubborn—particularly at milking time.

The U. S. department of agriculture says an average cow gives off almost a pint of water every hour through breathing. In addition to the high humidity caused by this breathing, a cow has an extremely high body temperature.

During the winter months when the cows are in the barn most of the time, this combination results in the generation of an enormous amount of water vapor and heat. When the warm, moisture-laden heat comes into contact with the cold walls, condensation and frost is formed.

The net result to the farmers is rotting beams, joist and siding; a loss of hay because of the mold created by moisture and frost; milk contamination, disease, particularly among the young stock; reduction of milk production because of the discomfort to cows, and farmers are forced to work under unpleasant conditions.

A simple solution to all these costly problems is an automatic cooling unit which is proving tremendously popular with dairy farmers in general and cows in particular.

**MEET A SENIOR**

Each week we interview Earl, a popular senior and son of Mrs. G. R. Bates. Mr. Bates is a farmer. Earl was born March 1925 at New Moore. He plans to attend college after graduation. His desire is to be a success. His hobbies are: color: dark blue; anything eatable: pastime: anything to music; girl friend: Jane; boy friend: Richard (crazy about red heads); "Again" subject, typing; Mr. Conger.

When he graduates OHS will be a good student but our loss is a gain.

Although he is still on crutches, Porterfield is getting along.

Any member of your family is a student of O'Donnell High. If any of your friends are ex-students, please write their name and address on a slip of paper and put it in Mr. Conger's office.

Cooperate to make our coming a big success.

Every piece of paper you throw on the floor must be picked up by someone. Be a good sport and meet the janitor half way. Remember, be a picker upper and not a putter downer.

Ann Singleton of the 8th grade won the diamond ring at the Tate Lax Show Wednesday nite. The runner up was Tessie Autry.

Mr. Mills, former teacher of O'Donnell, is the principal of Sudan this year.

After that test yesterday Mrs. Cathey's American History students know that she hasn't got a heart.

The football boys and dates were entertained in the home of Mr and Mrs Sam Singleton after the game with Post. It was enjoyed by all attending.

The Juniors rummage box is beginning to fill up. You Juniors finish it up and let's have a good sale.

The Lynn county fair starts Oct 17th. O'Donnell School day is the afternoon of the 21st. You may go after 1:30 and not be counted absent.

# Chrysler New Yorker...

NEW YORKER 4-DOOR SEDAN

*does more than you'll ask of any car*

**... Let the car prove it!**

Try driving without shifting in the car with the simplest automatic transmission of all... the car that gives you complete control.

Wade through flood and storm that would stall any other car! You've the first and only waterproof ignition system on any passenger car.

Look under the fenders and body, there's protective undercoating no other car gets at the factory. Look at the Safety Rim wheels.

... blowouts can't throw a tire under almost any normal driving.

See how common sense and imagination in engineering and research make you more comfortable. With chair-height seats. With beautiful interiors for full size people.

Telephone your nearby Chrysler dealer... he will bring the car to your door. In any body style, 4-door Sedan, Club Coupe, Convertible Coupe, the powerful 8-cylinder New Yorker will do more for you than you've asked of any other car.

ALL 30 FEATURES ON ROYAL + WINDSOR 5-DOOR & NEW YORKER MODELS

### The STETSON Open Road

No better choice under the sun—or stars—for the man who spends his time outdoors. Smart, light-weight fur felt styled once and forever by Stetson. Rugged. Handsome. Unmistakably American. Your choice of colors, prices.

MORE PEOPLE WEAR STETSON HATS THAN ANY OTHER BRAND

IT COSTS NO MORE AT THIS STORE TO BUY THE BEST  
**THOMPSON'S TOGGERY**

### JOHN DEERE No. 15 Two-Row Cotton Harvester

You'll make short work of harvesting cotton... slash expenses to a fraction of hand-pulling costs when you own a John Deere No. 15 Two-Row Cotton Harvester.

The John Deere does an excellent job of harvesting any cotton that is suitable for mechanical snapping. Stripping two 40-inch rows at a time after defoliation, the John Deere does a once-over job, saving more cotton than the average hand-puller. Harvested at the same time, cotton pulled with the No. 15 grades as high as that picked by hand.

Be sure to stop in soon and let us tell you more about this time-saving, money-saving two-row cotton harvester.

## Here's why the Gas Refrigerator

**STAYS SILENT  
LASTS LONGER...**

*Only Servel freezes with No Moving Parts*

Look at all the new refrigerators. Study them closely. You'll find there's only one that's really different... offers you more years of silent, dependable refrigeration. It's the Servel Gas Refrigerator.

That's because Servel operates on a basically simpler freezing system. It has no machinery to cause noise, no motor to wear, break down, need fixing. A tiny gas flame does the work. So owners find Servel stays silent, lasts longer. Many of America's almost 3,000,000 Gas Refrigerator users report that theirs are still on the job after 15, 18 and even 20 years.

But silence and longer life are only part of the story. The new Servels bring you every modern convenience, too. Plenty of ice cubes—easy to get at. Big frozen food compartment. Dew-action vegetable fresheners. Come in today—choose your new Gas Refrigerator from a complete line of beautiful models.

# HOUSEHOLD MEMOS

by Lynn Chambers

## Cool Weather Provides Excellent Opportunity For Baking, Desserts

WHOSE COOL, much longed for days are here again, and many homemakers are happy to see they've arrived if only for the simple reason that they may bake all those glamorous desserts that have to be shelved during hot weather.

If the oven's been on for baking meat, potatoes and vegetables, there's no simpler way of solving the dessert problem than popping in dessert to be baked, too. Or if it's only a pastry shell to be baked, it helps to have the oven on for something else, so heat is not wasted.

THE CHOCOLATE CRUNCH topping for this cake is easily prepared, and the cake may be baked along with any dinner prepared in a moderate oven.

- Snow Cake with Chocolate Crunch** (Makes 2 8-inch layers)
- 1/2 cup shortening
  - 1 cup granulated sugar
  - 2 eggs, separated
  - 1/2 cup sifted cake flour
  - 1/2 teaspoon salt
  - 2 teaspoons baking powder
  - 1/2 cup milk
  - 2 teaspoons grated orange rind
  - 1/2 teaspoon vanilla extract

Add orange rind to shortening and work until creamy. Add sugar and beat until light and fluffy. Add egg yolk, beaten until light and lemon-colored. Fold in some of the sifted dry ingredients, then milk. Alternate remaining dry ingredients with milk, adding and beating well after each addition. Fold in vanilla extract and stiffly beaten egg whites. Pour batter into two greased eight-inch layer cake pans. Bake in a moderately hot (375°) oven for 25-30 minutes. While cake is still warm, spread chocolate crunch between layers and over top.

**Chocolate Crunch**

- 1 6-ounce package semi-sweet chocolate bits
- 1 cup oven-popped rice cereal

Melt chocolate bits in top part of double boiler. Add cereal and stir until well-coated with the chocolate. Spread on cake.

**Molasses Chiffon Pie** (Makes 1 8-inch pie)

- 1 8-inch pie shell, baked
- 1/2 cup pure dark molasses
- 1/2 cup brown sugar
- 2 tablespoons ground chocolate
- 3 eggs
- 1/2 cup milk
- 1 tablespoon plain gelatin
- 1 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 1/2 teaspoon ginger
- 1/2 teaspoon salt

Place molasses, milk, sugar, chocolate, spices and slightly beaten egg yolks in top part of double boiler and cook for 15 minutes. Add gelatin which has been soaked in 1/4

cup cold water for five minutes. When gelatin is dissolved, remove from range and chill until as thick as jelly. Fold the jellied mixture carefully into stiffly beaten egg whites. Pour into the baked pie shell and chill until firm. Serve garnished with whipped cream.

**QUICK DESSERTS** which you'll like to serve often especially when days have been full of brisk fall activities may be used to fill in light meals and also to add touches of variety.

**Toasted Peaches** (Serves 6)

- 1 teaspoon grated orange rind
- 1/4 cup sugar
- 1/4 cup lemon juice
- 12 peach halves
- 1/4 cup melted butter
- 2 cups corn flakes, crushed

Add rind and sugar to lemon juice and dip peach halves in this mixture. Then dip peach halves, cut side down in melted fat and roll in corn flakes. Arrange cut side down in a shallow pan (7x11 inches). Bake in a slow to moderate oven (325°) for one hour.

**Baked Plum Pudding** (Serves 6-8)

- 1 No. 2 1/2 size can plums
- 1/2 cup shortening
- 1/2 cup sugar
- 2 eggs
- 1 cup dried bread crumbs
- 1 1/4 cups sifted flour
- 1/4 teaspoon baking soda
- 1/2 teaspoon salt

Drain plums, reserving liquid for sauce. Press plums through fine sieve to give 1 cup plum pulp. Cream together shortening and sugar until light and fluffy. Add eggs and beat until smooth. Add plum pulp and bread crumbs. Let stand for 10 minutes. Measure and sift flour with soda, baking powder and salt. Add to plum mixture and stir until well blended. Pour into a greased eight-inch square pan and bake in a moderate (350°) oven for 25 to 30 minutes. Cut in squares and serve with hot sauce:

- 1/4 cup sugar
- 1 1/2 tablespoons cornstarch
- 1 cup plum juice (drained from plums)
- 2 tablespoons butter
- 2 teaspoons lemon juice
- 1/2 teaspoon salt

Combine sugar and cornstarch. Bring plum juice to a boil and add slowly the sugar-cornstarch mixture, stirring constantly. Cook and stir until thick and clean. Remove from heat and add remaining ingredients. Serve over plum pudding. Top with hard sauce or whipped cream, if desired.

Toasted bread cubes for soup need not be made in the oven unless you're using it for something. Toast the bread in the skillet with a bit of butter.

Grated Swiss cheese may be used to replace American cheese in many dishes if you prefer the flavor. Use with eggs, chicken and asparagus especially.

Make soured milk in a hurry at home if you need it for a recipe by adding lemon juice to fresh or evaporated milk. Let stand for 5 minutes.

If you've always thought of molasses as a pudding, cake or cookie ingredient, you'll be interested in knowing that it can also make a glamorous pie. This one uses a gelatin base, eggs and milk, as well as nourishing, iron-rich molasses. For that glamorous look, spoon velvety mounds of sweetened whipped cream around the edge.

- LYNN CHAMBERS' MENU**
- Meat Loaf with Mustard Sauce
  - Scalloped Potatoes
  - Buttered Beets
  - Molded Pineapple-Cherry Salad
  - Whole Wheat Bread
  - Butter Beverage
  - \*Snow Cake with Chocolate Crunch

# THE BIBLE SPEAKS

International Uniform Sunday School Lessons

SCRIPTURE: Isaiah 1:21-28; 10: 13; 19:19-23; 31.

## God and Nations

Lesson for October 16, 1949

WHEN the Spanish fleet was about to invade England, back in Queen Elizabeth's time, nothing the English had could stop them. But when the Armada arrived, that vast fleet had been blown to bits by a storm, and the English neatly mopped up what was left. How do you account for that? The English always said God was with them.

When the Nazis had overrun France in 1940, it would have been simple for them to invade England. There was next to nothing to stop them. But Hitler delayed from summer till fall . . . and by that time the British were able to mount an invincible defence. How do you account for that? Over and over again in history the unexpected, the unexpected, the "miraculous," has happened. Some call it chance; but others call it God.

**God In History**

BUT GOD does not always or usually operate in spectacular ways. God works in history as he works in nature, out of sight, visible to the eye of faith but seldom if ever otherwise. History, from the Christian point of view, is the working-out of the purposes of God.

The pattern is not entirely clear to us, because we cannot see enough of it at once. But looking back through history, we can see signs that God has been there. This is the message of the prophets of Israel, especially of the great Isaiah.

In a troubled era, when everything seemed to be in most complete confusion, Isaiah gave out some clear and plain truths from God, and helped men then and now read the pattern of God's design.

**The Life Of A Nation**

ONE TRUTH is that justice is a nation's life and sin is a nation's death. God being the God of justice, his purpose is to set justice in the earth. God plays no favorites among nations. Any nation that lives by God's laws, lives; that nation that defies God has signed its own death warrant. There are no peoples who can "get by" with what they please, if what they please is not the will of God. There are people now who do not believe that. They would say, Look at Russia! In Isaiah's time there were those who would say to Isaiah: You must be wrong—look at Assyria! There is a nation that does not know God, and yet grows every year stronger and stronger.

**God's Ax**

ISAIAH has a startling answer to that objection. (Chap. 10.) Assyria is a tool in God's hand, no more. He admits that Assyria has no standard but force, she worships only sheer Power. But there are other nations, wicked ones, which God intends to punish; one of these is the nation of Israel.

Assyria was destined to destroy Israel once and for all, and to damage Judah so severely she never would recover. All this, Isaiah says, is in God's plan.

God does not punish an evil nation with legions of angels; he punishes it with invasions and defeats in war. Assyria was an ax in the hand of God, cutting down the rotting trees of selfish and unjust nations.

**Return To God!**

PEOPLE in Isaiah's time were putting their trust, just as we do nowadays, in alliances, pacts, international combinations of all kinds. Isaiah warns ominously that this will not do, by itself. Not that all alliances are bad; in chapter 19 he actually pictures Assyria, Egypt and Israel as brothers-in-arms.

But he does not hold out any political scheme or combination as the best hope of a nation. Return to God! is the prophet's call. So in our time, whether it be a general MacArthur or a theologian Brunner.

Many of our ablest men are warning us even now, that humanity is facing an alternative: Either go on the way of selfishness and war down to destruction, or else go back to the Source of justice, truth and love, the God in whom alone is salvation.
