

THE O'DONNELL INDEX

VOLUME XIII

O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, JANUARY 30, 1936

NUMBER 14

O'DONNELL MAIN STREET TO BE PAVED SOON

Highway Work Is Progressing; Loop Being Paved Now

Work on Highway 9 is progressing rapidly this week, and prospects are bright for the paving of all of Main street through town.

On Friday of last week, operations were begun on the loop through town, the highway, or Doak street, was moved up ready for the first layer of concrete as far as the Highway Garage, and from the Gulf Service station on north, leaving the two blocks through the business district undisturbed. We understand that caliche trucks will be out to work this week, and that after this long delay the loop will really be in first class condition.

For several days Mayor B. M. Haynes and the city council have been working on a project which will be of much benefit to the town. According to the contract with the construction company, only a narrow strip is to be paved through town, barely wide enough for a car, leaving the remainder of the street just as it now is.

The city council was offered a most effective proposition, as we told our readers several months ago, whereby the Doak street might be paved for \$1600, this sum to be made up by property owners along the way. We understand that this proposition has been accepted, and that the contract on this job is now on its way to Austin to be approved. However, something could still happen to prevent the project going through, so we are saying that all of Main street will be paved.

Nevertheless, we hope to be able to send a headline story of this before many more days, and in the meantime we ask our readers to keep on hoping that the thing will go through without a hitch.

Highway crews were laid off for a few days last week pending arrival of material, or some other delay, but have been put back in full strength by F. C. Stanley, engineer in charge, is asking for fifty more men as soon as possible. For some reason other, it has been almost impossible to secure the necessary number of men for this sector of highway construction, and for several days it has even feared that the project could have to be abandoned because of lack of labor. While we have not covered this phase and so many other things, we understand that certain regulations give the men only a few hours of work daily, and their wages are hardly worthwhile. But it seems to us that even fifty cents a day would be nothing. We can remember paying bills for our family on less than a dollar a day, and not so many days ago either. But maybe our family didn't have the expense that others have.

Johnson Trial Results In Hung Jury Again

For the benefit of the few of our readers who were not present at Big jury last week at the conclusion of a trial of deputy sheriff John Johnson on a charge of murder in connection with the death of B. O. Best, we publish the verdict, or rather the result, as there was no verdict. The jury, ten days ago either, for more than forty-eight hours, pronounced itself as hopelessly deadlocked, eight to four acquittal.

This is the fourth trial of this case. We go to press, we have not heard either or not the state will ask for another trial.

Many readers are familiar with all facts of this case, so there is no need to publish them at this time. Suffice it that it was one of the most probable tragedies which has ever occurred here, one which has saddened every family concerned, and all hearts as well. We would be glad to have it definitely settled, for the sake of everyone concerned.

Miss Anderson Thumps Play the Title Roll of Chloë, a Little Wild Flower, and other parts as follows:

Mrs. Burk, Thelma Parker; Mose, a negro servant, Burl Koeninger; Snow White, another negro servant, Doc Kyle; Mammy, Norma Vermillion; Sue Jackson, a designing girl, Ava John Anderson Hunt; Jed Burk, son of Mrs. Burk; J. W. Gardiner; Jack Jackson, brother of Sue, Homer Simpson; John Burk, Horace Greenlee; Lily, Almarine Nunnally.

Remember the date, which is Friday evening, at 7:30; the place, the high school auditorium; and the admission, ten and twenty cents.

Townsend Club Organized; To Meet Weekly Hereafter

More than fifty persons were present last Saturday afternoon at the called meeting of those eligible for membership in a Townsend Club. The meeting was held in the city hall.

During the business meeting, it was voted to organize a local chapter of this club, and to have as its purpose the promotion of the Townsend Old Age pension bill. Officers were elected, as follows: President, D. M. Estes; Vice-president, Dr. C. P. Tate; secretary-treasurer, B. G. Whitehead.

Work Begun Last Week On Highway Eighty-Four Project

Last week's Lynn County News chronicled the interesting news that work has at last been started on Highway 84, which the state thruway from east to west across the county is designated. While few of our readers will be immediately interested in this project, all of us will be glad to know that our county is to have one more passable. For many months past it has appeared that Lynn county, in spite of the efforts put forth by the county judge and commissioners, was losing out of this form of federal aid, but these efforts are now apparently bearing fruit.

The work of setting back fences, grubbing up mesquites and clearing off the right-of-way. Twenty-three men were employed the first day, with still others added to the list later. This work is preparatory to the construction of grading and drainage structures on this highway, following which it is to be hard-surfaced. This is a WPA project, and will be conducted under the direction of the Texas Highway Commission.

Actual operations were started some three miles east of Tahoka, and will proceed without interruption as additional men are secured. Most of the right-of-way west of Tahoka to the Terry county line has been secured without much trouble, but there are some sections over which it is still to be secured. Because of this, the work will be rather scattered out, operations being conducted in several sections at once.

Senior Class Play Will Be Presented Friday Evening

The public is cordially invited to attend the presentation of the first Senior class play, "Wild Flower of the Hills", which is to be staged at the high school auditorium Friday evening of this week.

The curtain will rise promptly at 7:30, we are authorized to announce. Admission will be ten and twenty cents, and proceeds will be turned into the class treasury to defray expenses incident to commencement next spring.

This play was scheduled for presentation before Christmas, but a number of causes led to the delay.

A comedy-drama of three acts, it is said to be an unusually strong play. Characters have been carefully chosen, and the players have spared no time or effort to make it one of the best-presented plays O'Donnell people have ever seen. Because they have worked so hard and so faithfully, and also because this is really a good play, the Index urges everyone to be present Friday evening at 7:30 when the "Wild Flower of the Hills" is presented.

Miss Anne Thompson plays the title roll of Chloë, a little wild flower, and other parts as follows:

Mrs. Burk, Thelma Parker; Mose, a negro servant, Burl Koeninger; Snow White, another negro servant, Doc Kyle; Mammy, Norma Vermillion; Sue Jackson, a designing girl, Ava John Anderson Hunt; Jed Burk, son of Mrs. Burk; J. W. Gardiner; Jack Jackson, brother of Sue, Homer Simpson; John Burk, Horace Greenlee; Lily, Almarine Nunnally.

Remember the date, which is Friday evening, at 7:30; the place, the high school auditorium; and the admission, ten and twenty cents.

Changes Made In Davis Drug Store

A number of changes have been made during the last few days in the force of Davis Drug store here.

I. W. Cutler, who has been pharmacist since Mr. Davis bought the store almost a year ago, resigned this position and he and Mrs. Cutler have returned to their old home in W. and Mrs. Cutler have made many friends here during their stay in O'Donnell, and will be missed by these friends as well as by others who had only business association with Mr. Cutler.

Mr. George Sollock, recently of Amrillo, has taken Mr. Cutler's place as pharmacist. Mr. Sollock came to O'Donnell several weeks ago, buying the Rainbow Eat Shop to keep himself occupied until he had definitely decided to locate here and to take the pharmacist office. Mr. and Mrs. Sollock are making their home at the residence of Mr. and Mrs. E. D. Holman, where they have an apartment. Mr. Sollock has had years of experi-

Good News

Farm Meeting Is Scheduled For Tahoka Saturday

We are asked to remind our readers of the farm meeting which is to be held at Tahoka next Saturday, beginning at 10:00 a. m. Mr. Cliff H. Day of Plainville, a member of the state cotton advisory board, will be the principal speaker, and will discuss agricultural legislation to be presented to congress to take the place of the AAA program.

Mr. Day was called to Washington several days ago to confer with Secretary Wallace and other agricultural leaders of the administration, and has only recently returned, so that he should have some authoritative information to present his listeners.

The meeting at Tahoka is one of a series of similar meetings which have been scheduled for each county in this territory. The place of the meeting was not stated in our communication, we surmise that it will be the court house, likely in the county court room. If attendance warrants a large meeting, place, it may be necessary to adjourn to the district court room.

Lamesa Barber Buys Roy Miles Shop

O'Donnell residents were greatly surprised Monday at news of an important business transaction whereby R. O. Miles sold his barber shop here to a Mr. Cole of Lamesa. Mr. Cole will be remembered by Index readers as the husband of the former Miss Lavina Farley, and also son of the pastor of the Baptist church at Lamesa.

We understand that Mr. Cole plans to assume charge of the shop at once, and that he and Mrs. Cole will return to O'Donnell immediately to make their home. Mr. Miles will devote his entire time to his farming interests.

The Miles Barber Shop has been an O'Donnell institution for many years, and his retirement from business circles was greeted with a very sincere regret. However, it was gratifying to know that the family will continue to call O'Donnell home.

The Index extends a welcome to Mr. and Mrs. Cole, with sincere good wishes for their prosperity and happiness.

Mrs. Ola Allison of Proctor was the guest last week of Miss Effie Vaughn. They are friends of many years, but had not seen each other for more than 16 years, so this visit was indeed a pleasant one.

Because of a special meeting scheduled to be held at the same time Saturday at Tahoka, attendance at the local meeting was hardly as large as had been anticipated. Mr. Estes authorizes us to announce that another meeting will be held here Saturday afternoon of this week, also at the city hall, at which time further business of organization will be completed. Everyone interested in this project is cordially urged to be present.

Mr. Estes mentioned that regular weekly meetings are to be held in the future, and that Wednesday will be the usual day of meeting. We hope to have details of the completed organization, and also to have regular reports of the meetings each week.

\$182,833 Bonus Money Due Lynn County Veterans

A Senate vote heavily over-riding the President's veto of the bill authorizing immediate payment of the 1943 bonus to ex-service men was broadcast to the press of the nation early in the week, and the bill thus became a law. The bill called for immediate payment, or rather, payment to begin in the summer, payment to be made in \$50 baby bonds.

These bonds will be redeemable at post offices rather than at banks. Lynn county veterans of the World War are entitled to receive the sum of almost two hundred thousand dollars. In exact figures, they will receive a total of \$182,833.42. We endeavored to contact Grady Gantt, commander of the local post of the American Legion, to find out exactly how many ex-service men are residents of this territory, but he could not give us definite figures. Too, our territory includes parts of Dawson and Borden counties, so the figures would not have agreed.

The House approved the bill several days ago in face of a plainly stated veto, and the senate followed suit. In a statement issued from the White House, the President expressed no disappointment nor chagrin, but merely urged that veterans try to help lessen the strain on the treasury by holding the bonds as nest eggs for future emergencies rather than cashing them immediately. The bill called for payment of \$2,491,000,000 to veterans.

The President pointed out that it will be necessary to employ from 2,000 to 3,000 additional clerks for an approximate period of six months.

Secretary Morgenthau estimated that only one million dollars will be needed to pay off the first bonds cashed. He also estimated that a total of \$8,000,000,000 bonds will be needed.

Payment of this bonus now rather than nine years hence will be of immediate benefit to scores of families in this county, and will doubtless be worth much more to ex-service men in other sections of the country.

Happy Smith Announces For Re-Election

We are this week authorized to place the name of W. E. (Happy) Smith in our political column as a candidate for re-election to the office of county judge of Lynn county. Judge Smith will issue a personal statement within the next few weeks.

The Index need make no comment on this announcement; Judge Smith's personal and political record need no endorsement from anyone. During his two terms as an official of this county, he has spared no time or effort to be the very best public servant within his power.

He will make personal calls between now and election time, visiting as much as the demands of his office will permit. Pending a call from himself, he asks that O'Donnell voters remember he is in the race, and give him a careful consideration before casting a ballot.

Mrs. Marcus Pearce, Mrs. Ola Allison of Proctor, Mrs. Cecil Vaughn, Emma Pearce, and Miss Effie Vaughn were guests last Tuesday of Mrs. Henry of the Redwine community.

Mrs. W. A. Hinkle dropped in Saturday afternoon and renewed their Index subscription. Thank you very much, ma'am.

Mr. George Sollock, recently of Amrillo, has taken Mr. Cutler's place as pharmacist. Mr. Sollock came to O'Donnell several weeks ago, buying the Rainbow Eat Shop to keep himself occupied until he had definitely decided to locate here and to take the pharmacist office. Mr. and Mrs. Sollock are making their home at the residence of Mr. and Mrs. E. D. Holman, where they have an apartment. Mr. Sollock has had years of experi-

Board Elects New Teacher; Mr. Edwards Has Assumed Duties

At a special meeting of the Board of Education of the O'Donnell Independent School District on Saturday, January 18, W. O. Edwards of Dallas was elected to finish out the term in place of J. E. Hancock. Mr. Hancock, head of the General Science department, recently accepted an offer to teach this subject in junior high school at Lubbock.

Mr. Edwards has had years of experience as a teacher, and is considered one of the most competent teachers in the state. He received his Bachelor of Science degree from Baylor University, and has done post graduate work at Columbia University, New York, and at the University of Texas also. It was a great stroke of luck for the local schools that he was not already engaged, and was willing to take over the work here. He is, by the way, a brother of our friends and fellow-citizen, Mr. John Andy Edwards.

The Index welcomes Mr. Edwards to our faculty, with best wishes for his success here.

Poll Tax Receipts Being Paid Slowly

County tax-collector and assessor, Aubra M. Cade, here one day recently in the interests of his campaign for election to the recently dissolved office, stated that payment of poll taxes, as well as other forms of taxes, has been very slow this year. In view of the fact that this is a most important election year, it had been predicted that we would have a record breaking list of qualified voters.

This may still be the case, however, as voters have been rushing the office this week to secure their poll tax receipts or exemption certificates. Until that time, there had been less than 5010 receipts issued. Mr. Cade stated, As Friday of this week marks the last day when poll tax may be paid, we hope to have definite figures concerning the number of voters Lynn county will have this year in time for next week's Index.

Mr. Cade also points out to property owners that the penalty will attach to all unpaid property taxes after February 1.

Property Owners Agree To Offer; Work Starts Soon

All hindrances to the prospective paving of main, or Doak street through the city of O'Donnell now appear to be safely removed, and unless some entirely unforeseen obstacle arises in the next few days, actual work of paving will be started within the month of February.

This statement comes from the office of Mayor B. M. Haynes, and was made on Wednesday afternoon of this week. The City Council and Mayor Haynes have been engaged in working out this project for more than three months, and now that it seems it will be carried out, everyone is jubilant.

Index readers will recall that the state highway department made an offer to the City Council some time ago, pointing out that with men and machinery already on the job, and with much of the necessary material on hand, the cost of paving the other half of Doak street through the two business blocks would not be prohibitive at all. According to specifications for the highway and the loop through town, part of this street will be paved by the state.

Highway engineers estimated that cost of paving the remainder of the street would amount to little more than \$1600, which amount, when divided among the property owners or when assumed by the city itself, would not be an unreasonable sum.

As we understand it, a majority of the property owners in those two blocks have agreed to assume their part of the expense, and the city will pay the remaining sum. The street-wide paving will begin one block west of the Highway Garage, and will continue through the business district, or to the Gulf Service station, we were told Wednesday.

Contracts are in Austin for approval this week, and as these contracts or agreements are substantially the same as those proposed by the state department several weeks ago, no fear is entertained but that they will be approved. So, dear readers, O'Donnell is to have a paved business street.

Power on Parade Modern Farm Picture To Be Shown Here

LaGrone Implement, local dealer for Twin City tractors, announces this week that all farmers of the territory are cordially invited to be guests of the firm Saturday afternoon, February 1, when a picture show, featuring the assembling, uses and methods used by the Minneapolis-Moline tractors, will be run. There will be no admission charges.

There will be three shows, Mr. LaGrone announces, the first beginning at one o'clock, the second at three, and the last one at five o'clock, so that everyone interested will have ample opportunity to see the entire show.

Read the ad which explains the afternoon's program, as it is published on another page of the Index this week.

We have this week succeeded in clearing up an amusing case of mistaken identities. About Thanksgiving, Mrs. R. L. Stokes asked us to send the Index to Mrs. C. A. Holman at Athens, and in the holiday rush the address slip was lost. Unable to get in touch with Mrs. Stokes at the right time, we trotted over and asked our fellow townsman, Mrs. Ed Holman, to give us the Athens address, and for more than two months we have been faithfully

sending this publication to a Mrs. A. B. Holman at the same city. Mrs. Stokes came in Saturday to find out why the subscription had been delayed so long, and we finally learned that we had things all wrong. So Mrs. C. A. Holman now has a subscription paid for up to next February, along with our apologies that the mistake occurred.

Ground Hog Will Appear Sunday, Feb. 2

Sunday, February 2, is a most important day in the calendar of West Texas and the nation as a whole, for on that day it will be decided whether or not we are to have spring weather or a further period of winds, snow, sleet, and general discomfort.

Sunday is that great day commonly known as Ground Hog Day, and according to tradition is the turning point between winter and spring. Everyone knows the old belief that on February 2nd the little groundhog, who has gone to sleep for the duration of winter, rouses a bit and comes forth from his den to see whether or not it will be safe for him to stay out. If he sees his shadow, so goes the tale, he becomes frightened at it, and goes back to his bed for protection, remaining in hibernation for another six weeks.

Just what would happen if the day was cloudy and he had no shadow has never been learned, but it is our private opinion that he would still have six weeks of winter weather.

But remember this important date, and let's watch carefully so we'll know whether to keep out the red flannel or dig out the short unmentionables.

Students Organize Centennial Club

Announcing that its purpose will be the fostering of a deeper interest in Texas history and the actual study of this history, a Centennial Club was organized among students of the local high school last week.

Officers were elected as follows: President, A. C. Martin, Jr.; vice-president, Norma Vermillion; secretary-treasurer, Aeneas Gates; historian, Onelia Goddard; reporter, Mildred Goddard; Supt. E. E. Gilbreath is sponsor.

Members of the club were elected from the junior and senior classes, and are Ann Thompson, Eldon Carroll, Alene Gooding, Sibyl Pirtle, Thelma Parker, Evelyn Kirkland, Mary Frances Brewer.

Among other projects which will be undertaken by the club will be the staging of pageants. One has definitely been decided upon, and it is probable that one other at least will be presented. Meetings will be held twice monthly, in the homes of members of the club, and pioneer residents of the town and territory will be asked to take part on the programs. It has been suggested that the history of this special section be studied at first, to create and maintain more personal interest in the purposes of the club.

Mr. and Mrs. Raymond Womack of Lubbock spent Sunday here with his parents, Mr. and Mrs. H. R. Womack.

Joe Alexander, editor of the Dawson County Courier at Lamesa, was here on business Saturday.

Miss Marie McDonald spent the week end in Lamesa with Mrs. Roscoe Holton.

EAGLES' SCREAMS

ROYCE SKINNER HOST TO JUNIOR CLASS

Members of the Junior Class of the O'Donnell High School were guests last Friday evening when Royce Skinner was host at an informal party at his home seven miles east of town.

Games and music were enjoyed until a late hour, when punch and cake were served to Mildred Goddard, Zebell Fritz, Mary Frances Brewer, Jennie V. DeBusk, Pleeta Dorsey, Aeneas Gates, Mabel Houchin, Evelyn Kirkland, Joyce Mae Maxwell, Helen Pruitt, Opal Ratliff, Ruby Ratliff, Burl and Earl Time, Eldon and Bobby Carroll, Mack C. Bradley, L. E. Robinson, Jr., Bill Vandell, J. W. Gardenhire, A. C. Hamilton, Jr., Eugene Debenport, Dean Schooler, Dalton and Darius Sumrow. The Juniors regret the loss of their sponsor, J. E. Hancock, but are well pleased with the new one, W. O. Edwards. Mr. Edwards arrived several days ago to take Mr. Hancock's place as General Science teacher.

SICKNESS IN SCHOOL

Due to various illnesses, there have been a number of absences reported in both high school and grammar school since the holidays. Flu, severe colds, mumps, and other complaints of varying seriousness have been reported. We understand that prospects are good for a nice little epidemic of mumps within the immediate future, as several students have been obliged to go home suffering from this painful ailment. Many of our readers will remember that historic siege of mumps back in 1926, when class rooms were almost empty and teachers' desks were vacated as grown-ups and children alike fell victims. So far as we have ever heard, that was one of the most widespread epidemics of this simple ailment ever chronicled in this part of the country, and since then there have been very few cases. Perhaps the effects of that period are just now wearing off, and everybody will have mumps now. Various families are dreading developments of the next few days.

Miss Bernice Dean, fifth grade teacher, was ill Tuesday, and unable to be at her post. Mrs. Gibbs substituted for her.

The Fourth Grade honor roll for the week contains the following names: Clifton Harris, J. C. Brantley, Clogean McRae, Juanita Cargal, Aubra Lee Shook, Patsy Jean Knox, Joyce King Edwards, John Elton Beach. The students are very proud of this number, and especially of those who made an average of 90 or above. Helen Jane Galneau has returned to school after a month's absence.

CABOOLS GONE TO MARKET; SECURING SPRING GOODS

Mr. and Mrs. C. H. Cabool of C. C. Drygoods store left Sunday for Dallas and other eastern market points, planning to buy spring goods during the trip.

Winter merchandise has been well cleared, Mr. Cabool states, so that the shelves and counters are ready to receive the hundreds of dollars worth of bright spring stock when it begins to come in next week.

Mrs. Cabool added that they plan a full supply of clever new suits, felt and straw hats, the newest in shoes for the whole family, and a wide variety of silk and wool crepe frocks.

Improvement Contest For Lawn And Garden

Index readers are hereby notified that it is now time to register in the Davis Drug Lawn and Garden Improvement Contest, and that books are already prepared for this purpose.

It will be remembered that this project was announced last summer, with the promise that further information would be published before time for the actual registration. Mr. Davis is this week beginning preparations, getting the register, etc., and the contest is about to get under way.

Index readers will recall that anyone is eligible to enter this contest in lawn beautification, and that there is absolutely no expense connected with registration or entry. Merely call at the drug store, and write your name in the register. Mr. Davis will then supply you with a small card, which he asks you to place in an inconspicuous spot on your lawn. This placard will state that "This lawn has been entered in the Davis Drug Store Lawn Beautification Contest." The cards will be very plain and simple, and will not detract in any way from the appearance of your lawn.

Rules governing the contest are very simple. These regulations will be published in the next few weeks. As we understand, there will be a limit placed on the amount of money to be spent in improvement, thus making the contest fair and equal for everyone. Taste in selection of shrubs, planting and arrangements will be worth far more than a great deal of money, and any

person who lives in the city limits, or in the town of O'Donnell is eligible to enter.

A second phase of the Improvement Contest is the garden contest, which is open to any resident in the O'Donnell territory. This contest will be governed by very much the same rules as those for lawn beautification.

Valuable prizes will be awarded to the winners of both departments of the Improvement contest. Judges will be impartial and competent. Miss Sylvia Robb, county home demonstration agent, has been asked to serve as chairman of the judging committee, and other members will be as capable and as impartial as Miss Robb.

Next week's Index will carry further information concerning this contest, as well as information as to how you may secure shrubs and plants for your lawn or garden.

While we are interested in this project merely as a citizen of the town and one who approves any means of improving the appearance of our little town, we wish to take this much upon ourselves: The fact that this contest means nothing whatever in a financial way to the store which is sponsoring it. The drug store does not handle shrubs or garden or flower seed or any of the implements needed in gardening, so the management will make nothing whatever in a monetary way, from this contest. Mr. Davis said in discussing this project that he and his associates had invested money in the store, and that as a property owner and tax payer, he was interested in anything which would improve the town or add to the value of any holdings here. Attractive homes, well-kept lawns and thrifty gardens are the best advertisements any town can have. Mr. Davis believes and for this reason the store is backing the Lawn and Garden improvement contest to the limit.

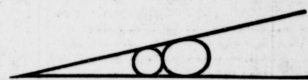

Watch for further details concerning the contest next week.

NOTICE TO OUR READERS

Because it was necessary to publish the Dawson County Courier one day early this week in order that an advertiser might be better served, The Index had to wait until Thursday to publish, rather than on Wednesday, which is the regular publication day. Because of this mix-up, The Index will reach you on Friday instead of Thursday. We regret the delay, but assure you that it could not be helped.

Ford ANNOUNCES \$25-A-MONTH TIME PAYMENTS AND A NEW UCC 6% FINANCE PLAN

Any New Ford V-8 Car Can Now Be Purchased for \$25 a Month with Usual Low Down-Payment

This \$25-a-month time-payment plan enables you to buy a New Ford V-8 car through your Ford dealer on new low monthly terms.

After the usual low down-payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing.

Your cost for this extension of credit is only 1/2 of 1% a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to 6%. For example, if you owe a balance of \$400 for your

car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by 6%.

UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision, and protection against other accidental physical damage to your car.

The Universal Credit Company has made these plans available through all Ford dealers in the United States.

FORD MOTOR COMPANY

ALEXANDER INFANT BURIED HERE THURSDAY AFTERNOON

Funeral services for the infant of Mr. and Mrs. Ernest Alexander of the New Moore community were conducted here Thursday afternoon, at the home of his brother, Carl Alexander. Interment was made in the city cemetery.

The mother is in a Lubbock sanitarium in a very critical condition, and much anxiety is felt for her recovery. The baby was born on Monday of this week, we were told, but attending physicians had felt little hope for its life since birth.

The Index joins with other friends in extending sympathy to the bereaved parents and other relatives.

Mrs. C. C. Caldwell, accompanied by her daughter, Betty Rhee, and her niece, Marylu Betty, went to Emice, N. Mex., Wednesday.

Miss Fay Vaughn spent a few days this week in the home of Mr. and Mrs. Dallas Vaughn.

Little Misses Billie Frank and Margaret Rose Gibbs have been quite ill this week, but seem to be somewhat improved today.

Mr. and Mrs. Ed Goddard and daughters were in Lamesa Wednesday.

ROOMS TO RENT: See Mrs. R. Hester, third house south of Curtis home.

Mr. and Mrs. Ora Blocker and son Dan Davis, moved last week to the W. R. Sanderson residence, where they will make their home and also make a home for Mr. Sanderson. Mr. and Mrs. I. W. Cutler had been there with him.

P. E. Askew was in Lubbock on business Saturday afternoon.

BALN SOCIETY

MIDWAY CLUB STUDIES STATE FLOWER

The history of the blue-bonnet, state flower of Texas, was studied at the last meeting of the Midway Home Demonstration Club, held at the home of Mrs. I. M. Draper, on January 16th.

Nine members, two visitors, and Miss Sylvia Robb, county home demonstration agent, were present.

The program scheduled in the year-book was carried out and Miss Robb gave some suggestions on the selection of garden seed.

MIDWAY GIRLS ORGANIZE 4-H CLUB JAN. 14

Eighteen members were enrolled on January 14 when girls of the Midway community organized a 4-H Club. Miss Sylvia Robb, county home demonstration agent, assisted in the organization.

Officers were elected as follows: Chairman, Maggie Russell; vice-chairman, Omega Murphy; secretary, Iacphene Stevens; reporter, Tommy An-

erson; sponsor, Miss Ora Anderson. Club meeting days will be each second and fourth Tuesday.

WELLS 4-H CLUB MEETS WITH MRS. McLAURIN

Work on their aprons was the order of the day when members of the Wells 4-H Club met at the home of Mrs. McLaurin on January 17. Mrs. McLaurin is assistant sponsor.

During the business meeting, Lizzie Mae Barrett was elected reporter.

The aprons will be completed in time for Miss Robb to grade them at the next meeting on February 6th.

GRASSLAND CLUB STUDIES GARDEN PLANS

Mrs. M. C. Thomas was hostess to members of the Grassland H. D. Club at its last meeting on January 17. Miss Sylvia Robb, county home demonstration agent, was present and gave a demonstration on garden plans and planting, putting special emphasis on selection of seed.

The next meeting will be at the home of Mrs. Shepherd on Feb. 7th.

MEXICAN COUPLE MARRIED AT ESTES HOME

Justice of the Peace D. M. Estes officiated Saturday evening at another wedding, solemnized in the parlor at his home.

Contracting parties were Sir Siman Tagle and Senorita Consesion Serda. Both young people have made their home here for several months, and have many friends who extend best wishes to them.

Mrs. Tom Brewer left Thursday of last week for an extended visit with relatives in Dallas, Wichita Falls, Dallas, Okla., and Nacogdoches. She expects to be away about a month. During that time, Mr. Brewer and Anne and Annette are holding down the fort.

Mr. Ed Gillispie of Levelland, former citizen of O'Donnell, was here the first of the week looking after business interests and visiting friends and relatives.

Mrs. John Vermillion and Misses Bernice Dean, Jessie Gary and Louise Anderson, all teachers in the local school, were in Lubbock Saturday.

Sam Elnberg, proprietor of Sam's Cut Rate Store, returned Friday night from Dallas, where he had spent the week on business.

Miss Rena Hester, who is a student at Draughon's Business College at Lubbock, spent the week-end here with her parents, Mr. and Mrs. E. W. Hester, and other relatives and friends.

N. B. Cathey of Dora, N. M., was here last week, visiting his son, Mr. Charles Cathey, and family, and other relatives and friends.

Oil D. Harris and Jack Veazey were in Big Spring on business Friday.

Mrs. Rudolph Middleton and children were guests Saturday of her parents, Mr. and Mrs. W. R. Gibson. Mrs. Middleton is recuperating from a severe attack of flu.

Mrs. E. T. Wells and daughters, Misses Beverly and Jim Ellen, were in Lubbock Monday shopping and visiting friends.

Raymond Busby, who has recently gone to Lubbock as bookkeeper at B. E. Needles tire company, spent the week-end here with his parents, Mr. and Mrs. L. L. Busby, and other relatives and friends.

APPLICANTS FOR OLD AGE PENSION MUST PROVE AGE

Austin, Jan. 29.—Facing old-age assistance applicants will be the difficulty of proving their age, Orville S. Carpenter, executive director of the Old Age Assistance Commission, said today when asked what he thought the most difficult problem of old people making application.

Application forms will be distributed to cities and towns over the State and will be available to all who want them February 14 when the law goes into effect. As required by the new law, certain facts must be established by the applicant. The law grants assistance to the needy who are 65 years of age or more, and each applicant must definitely and conclusively prove his or her age.

"There are many ways by which a person can establish his age," Director Carpenter stated. "The Commission will consider any evidence that proves or helps to establish definitely the age of the applicant. However, it will be necessary in each case for the applicant to establish to the satisfaction of the Commission, by whatever means he can, that he is 65 years of age."

Mr. and Mrs. W. A. McRae announce the birth of a son on January 27. The young man was named Billy Gene, and weighed ten pounds. Mother and son are doing well.

"POWER ON PARADE"
The Wonder Talking Picture of the Farm Industry.

Charley and Dan, leading characters in "POWER ON PARADE," the new M-M Farm Picture.

This Frankenstein handles an electric torch in one of the dramatic factory scenes.

"Power on Parade" is a good lesson in Modern Power farming and shows farm operations in every section of the country.

"POWER ON PARADE" MODERN FARM PICTURE TO SHOW HERE

Nuts, bolts, screws, gears, and some of the world's largest and most modern factory machinery... together with one of the largest symphony orchestras ever assembled for this purpose... play the leading parts in the new dramatic farm picture, "Power on Parade," showing here Saturday afternoon, February 1, at 1:00, 3:00 and 5:00 o'clock. Free to all farmers and families.

Crude Ore to Finished Tractors

"Power on Parade" gives you an entirely new idea on how interesting and dramatic is a modern factory can be, according to LaGrone Implement Co., our local Minneapolis-Moline dealers.

Power Theme Used Throughout

Power is the idea of the picture, and it starts right in with gigantic shovels digging crude ore out of the world's largest open pit mines in northern Minnesota less than 200 miles from the Minneapolis-Moline Tractor factories.

Then you see the same crude ore go through roaring furnaces, and through a skillful process of manipulation by men and almost human machinery at a modern plant, where Twin City Tractors are manufactured.

Praised by Movie Critics

To give you something entirely different and entertaining in a factory and farm picture, an entirely new motion picture technique was used in producing this story of modern farming. In the dramatic factory scenes giant cranes, molten metal, roaring blast furnaces, and interesting modern machinery do the acting. This is accompanied by dramatic music, especially

SEE the wonder picture of the farm industry

"POWER ON PARADE"

Presented by your MINNEAPOLIS-MOLINE DEALER

FREE to farmers!

Saturday, February 1

written for the picture "Power on Parade". The fast moving factory scenes, set to modern music has won the praise of critics and expert movie men wherever it is shown.

Portrays Modern Farming

The power idea is carried right on to the modern farm in "Power on Parade" showing the latest ideas on power farming. This is something every farmer should see because it is not only instructive but shows farming and power operations in other parts of the country. You see most of the "Parade of new, modern M-M machinery" in action.

Modern Farming Via Airplane

No, we don't use airplanes for farming now, but in "Power on Parade" we travel from one part of the country to another by airplane to see farming in your own as well as other sections. The newest Lockheed "Electra" air liner is used, the same as you see on the big passenger lines.

Harvester Film Also in Show

Another big feature is added in "The Harvester" a talking film showing the world's most modern combine in action. This picture had wide acclaim last year wherever farmers saw it. "The Harvester" shows you practically every method used in cutting and threshing from the old hand methods up to the modern "Harvester", the newest and most popular combine development on the market today. This is both interesting and instructive and every grain farmer should see it.

Every Farmer Invited

Every farmer is cordially invited to attend, free of charge. The show is sponsored by the Minneapolis-Moline Power Implement Company and

HIGHWAYS SNOW COVERED AS BLIZZARD CONTINUES

South Plains highways were covered with snow and ice which endangered all traffic as one of the coldest spells of the year continued through Wednesday. Temperature began dropping Saturday, and by Sunday it was decidedly uncomfortable outdoors. Fresh north winds which changed to the southeast for a short time Sunday

night and Monday brought snow and ice, accompanied by stinging sleet. A half-hearted attempt to fair off for a few hours Tuesday quickly was changed to the coldest weather of the 1935-36 winter Tuesday night, and the ground was covered with snow and ice Wednesday morning.

Reports from the public schools Wednesday here that only one-third attendance on the part of pupils could be expected. Most of the Grammar school rooms reported from eight to fifteen students, and high school attendance was hardly better.

Buses and automobiles were scarce on the slippery highways. Both south and northbound buses were delayed all day Wednesday, while storm warnings from the weather station at Lubbock put a halt to extended trips in this section.

Stockmen throughout the Panhandle regions made every effort to protect their stock, while farmers in our own territory saw to it that cows, hogs, and teams were safely housed in barns or were driven to more sheltered parts of the pastures. Radio flashes warned householders to see that water pipes were drained and that water was cut off at night. Just how long the blizzard will grip the nation was not announced as we go to press, but it is likely, according to our local weather prognosticators, that we will see warmer weather by the week-end.

It will be remembered that extreme cold weather rarely lasts more than a week in this part of the country. Exceptions to this rule were the month long cold wave which made history for the South Plains, and indeed for all of Texas, back in the spring of 1929. That time, it has been declared, the ground froze down to the heat of the lower regions.

1936 COTTON REPORT FAR EXCEEDS 1935

A report from E. W. Holloway, special agent of the census department, states this week that 45,306 bales of cotton were ginned in Lynn county prior to January 16, 1936 as compared with only 7,943 for the same period in 1935.

This indicates that the 1935 crop was approximately six times greater than that of the year before.

Mr. Holloway will probably send the final report sometime within the next next month.

Visiting Preacher To Occupy Local Pulpit Sunday

We are asked to announce that the Rev. Mr. Conyers of Lubbock will be here Sunday to conduct services at both the morning and evening hours at the local Cumberland Presbyterian church. The pastor, Rev. W. H. Cheatham, will not be here because of other engagements.

Rev. Conyers will probably be accompanied by Mrs. Conyers, who is herself an efficient and entertaining speaker, and by a young lady who stays with them to attend Tech. This girl is a native of South American, and will be able to give the congregation much interesting and valuable information concerning conditions and customs in her country.

Rev. Conyers has not notified us as to the subjects of his sermons or the nature of the worship services, but we feel sure that both will be interesting and worthwhile.

Everyone is cordially invited to come and take part in either or both of these services.

O'Donnell People Return From Santa Anna Hospital

Mrs. Roy Gibson, Miss Alene Line, J. N. Line and son, Ivan spent the first of the week in Santa Anna, each of them, except Mr. Line, underwent minor surgery or a thorough medical examination.

Mrs. Gibson underwent a tonsillectomy, as did Ivan Line. Miss Alene accompanied them to Santa Anna so that surgeons and physicians connected with the hospital there might make x-ray studies and examinations of her, hoping to find some new treatment for the rheumatism which has made her an invalid. She remained in Santa Anna for further observation and treatment.

Mr. Line and the other members of the party returned as soon as the surgical patients were able to travel. We understand that all are doing nicely, and will soon be fully recovered.

Mrs. Bill Brunson has been on the sick list this week, suffering from an attack of flu, but is much improved today.

Ford Publishes Valuable Almanac

Publication of a "Farm Almanac and Facts Book" which will be distributed to the rural population in all parts of the country was announced today by the Ford Motor Company. The book is of a convenient pocket size, containing 48 pages. It is unusual in makeup and content, presenting an extensive array of handy tables, statistics and charts for the assistance of the farmer and business man. Other sections are designed to aid the farm wife.

This first Ford Almanac is published for 1936 and is now being distributed. It carries a readily available calendar on the back cover and contains tables showing the time of rise and set of sun and moon in all parts of the country every day of the year. Other helpful and interesting astronomical and astronomical information is included.

Among the other prominent sections of the book are: A list of memorable historic events for each day of the year, facts about the universe, explanations of physical phenomena, a list of important festivals and anniversaries for the year, rules for forecasting weather conditions, population statistics, facts and records on farming as an industry, discussion of the farm of the future, information on citizenship and naturalization, a brief review of the history and development of the United States, "do's and don'ts" for use in emergencies, poisons and their antidotes, instructions for flower and vegetable gardening, crop seed sowing instructions, a list of places of interest to the tourist, parcel post rules and regulations, temperature and rainfall chart, dates of killing frosts in all parts of the country, and a table of distances between the principal cities of the country.

Stories on the founding and development of the Ford Motor Company and about the Ford Rouge Plant, word pictures of famous Edison Institute Museum and quaint Greenfield village, established within a few miles of the Rouge Plant, are other features of the Ford Farm Almanac.

DAVIS DRUG ANNOUNCES STRICTLY COST SALE

G. Bert Davis of Davis Drug Store announces the opening of one of the most important sale events which has been held here. Every item in the store will be offered for sale at exactly the price paid by the store at the time of purchase from the wholesale houses.

This means that O'Donnell folks will have an opportunity to buy gift ware, toilet goods, jewelry, cosmetics, etc., at a saving which will be a decided boost to the family budget. All this merchandise is new, much of it bought last month for holiday selling, and all of it is highest quality. The toilet goods and cosmetics are standard brands, nationally known and used.

Read the ad which appears on another page of the Index this week, and then get out the pencil and paper and make a list of those necessities and luxuries which you have denied yourself and your family recently; you can save enough on the necessities at their lower prices to afford some of the dainties and luxuries you had thought you would have to do without.

Miss Leta Merie Koeninger spent Sunday with Miss Mary Jane Goodard at her lovely country home west of town.

Mr. and Mrs. Jas. Morrow were guests Sunday of their daughter, Mrs. Milo Jones, and also of Mrs. J. N. Schooler, Mrs. R. H. Schooler, and Mr. and Mrs. A. W. Gibbs and family.

Delivery Service

W. H. Miller, owner and manager of the Help-Yourself Laundry here, never loses an opportunity to be of service to his patrons.

The latest effort in meeting with splendid response, Mr. Miller secured the services of Mrs. Annie Lou Simpson, who will, for the small fee of ten cents, call for any patron and her laundry, take them to the building, and return them home again. If any customer should desire Mrs. Simpson to do the actual work, she may secure this additional service for only fifteen cents more. These fees are, of course, in addition to the regular fees charged by the laundry itself, and are to be settled with Mrs. Simpson. This work is strictly cash.

Call Mr. Miller if you wish this delivery service or if you wish Mrs. Simpson to do the laundry.
