O'DONNELL, LYNN COUNTY, TEXAS, FRIDAY, FEB. 10, 1928

NUMBER 19

Fe-A. and M. Special Coming Saturday, Feb. 11

Santa Fe and A. & M. special
train which is due to
O'Donnell Saturday at 1:30
expected to attract wide at-
tention among farmers and business
men of the O'Donnell territory. The
program of lectures and demon-
strations which is expected to con-
stitute the greater part of the afternoon
educational and will be well
worth the time to attend.
The train will consist of four cars
which will feature
exhibits and will feature
poultry raising, more and
prestock, soil improvement,
farm crops, home improve-
ment boys' and girls' 4-H club
The train is being operated
by the Santa Fe System and
College for the purpose of
to the farmers of Texas en-
lightening ideas that will assist
in making their operations
profitable and their living more
comfortable.
The train has been operating over
the past several weeks in
Lynn County, and they have visited great
numbers of the farmers. Many
have visited the exhibits and
heard the lectures and all
agree that their time was well
spent there Saturday afternoon
and witness one of the great
trains ever brought to O'Donnell.

Collection of Taxes Exceeds That of '26

According to information given out
by City Marshal and Tax Collector,
J. Y. Everett, the collection of city
taxes have gone over the top this
year. Better than ninety per cent
of all taxes have been collected to
date including several hundred dol-
lars in delinquents.
Mr. Everett stated that the splen-
did showing in the collection of city
taxes this year was due to the gen-
erally improved financial condition of
O'Donnell and the South Plains. At
the same date a year ago, approxi-
mately seventy-five per cent of the 1926
tax had been collected, besides sev-
eral hundred dollars in delinquent
covering a period of two or three
years remained on the books.
The consensus of opinion is that
O'Donnell and surrounding territory
is in better financial condition now
than it has been for the past three
years. Just watch our smoke the next
three years!

PROSPECTS GOOD FOR DEEP TEST WELL

Prospects are very good for the
O'Donnell territory to receive another
deep test for oil in the very near
future. Acreage is being blocked
west of town about ten miles which
is expected to be complete within the
next few days.

Judge M. C. Lindsey first county
judge of Dawson county and Mrs. Ed
Burdine, prominent citizens of Lamesa
are here this week blocking acre-
age which will in all probability in-
clude about twenty section centering
around section 42 which will call for
a drilling contract to a depth of
3500 feet. Judge Lindsey stated that
everything was moving along nicely
and so far no trouble has been ex-
perienced in securing the necessary
acreage. The contract calls for \$1
per acre to be paid to the land owners
when the well is spudded in, lease
money and contract to remain in
escrow, and well to be spudded in
within six months from date of contract.

GOING-AWAY-PARTY IN HONOR OF MACK NOBLE

Mmes J. F. Campbell and Sid Cat-
hey, assisted by Miss Christine Mil-
wee, were joint hostess Saturday
night in entertaining in honor of Mr.
Mack Noble who was leaving Sunday
morning for the Amarillo district.
The beautiful home of Mrs. Camp-
bell was the pretty setting for the
party. The evening entertainment
was games of bridge, which were very
interesting, high score was won by
Miss Thelma Palmer and a lovely
box of handkerchiefs was presented
her.

A "Parting Gift" was given Mr.
Noble from the guests as an appreci-
ation of their deep feeling for him.
Clamors of speech! speech! was heard
from every side, but the guest of
honor seemed to full and over come
to try to respond.

The tables for the serving of the
refreshments were made most beau-
tiful with pretty covers with decora-
tions of hearts, spades, clubs and
diamonds, and the plates were lovely
and so appetizing in appearance
with the lace doilies for a foundation,
and red apricot jello with whipped
cream and cherries, cheese klips and
cherry punch.

The guest list was composed of
Misses Thelma Palmer, Modesta
Green, Grace Harville, Alta Rogers,
Wynema Sorrels, Christine Milwee,
Messrs Mack Nobels, Homer Deakins,
Fred Henderson, Harvel Ellis, Lester
Burdine, and W. S. Cathey.

R. O. STARK BACK AS SANTA FE AGENT

Mr. and Mrs. R. O. Stark are again
residents of O'Donnell and Mr.
Stark is again back at his old job
as Santa Fe Agent. They have been
living at Lamesa the past thirty days
where Mr. Stark was acting as agent
at that place. Their many friends
welcome them back to the fold.

REPORT 11,140 BALES GINNED TO DATE

Report from the seven gins
well show that the total gin-
nage date have for exceeded the
estimate of the pessimist who
the ginnings would fall
ten thousand bale mark.
Thursday noon the seven
O'Donnell had ginned 11,140
the fleecy staple, and ac-
cording to conservative estimates their
ginnings between three and
four more bales before the
season, bringing the total
season up to 11,500 bales.

is the report of each gin:

Gold-Ely	2700
Bowlin	1860
Don-Boone	1600
Hardberger	1360
Brown	1350
Mc-Williams	1216
Stark and Sons	1054

Wasper Bogue To Preach Sunday Morn

Wasper Bogue, district super-
intendent of the Amarillo district,
will preach at the First
Church Sunday Morning
at 10 o'clock; also at 7:30 p. m.
He has a cordial invitation
to all.

CLASS TO OPEN WEDNESDAY, FEB. 14TH

Black will open his cotton
ginning building across the street
at Cicero-Smith Lumber Co.
Monday morning at 9 o'clock,
Feb. 15th. Much interest is be-
ing shown in the class and we hope
a large class on the opening
of this is a rare opportunity that
should not afford to let pass. See
Black on or before the open-
ing to arrange to get into this

COLLEGE TO PROVIDE COURSE FOR O'DONNELL

Don't forget a short course
in ginning rooms and home furnish-
ing will be given the club women
at O'Donnell, under the supervision
of Mrs. Murray, District Agent, Feb.

school auditorium has
been reserved for the day. Every
one is invited to come and bring
a friend. The day promised many
of the farmers.

B. Doak of Lubbock and
Bill of Sparenburg passed
O'Donnell Monday enroute
to Amarillo.

"DENVER DUDE" WITH GIBSON COMING HERE

A western comedy, packed with
fun and thrills, is promised patrons
of the Lynn theatre here Saturday
in "The Denver Dude", the Universal
Picture starring Hoot Gibson sched-
uled to hold the screen for Saturday
only.

A typical Gibson picture is prom-
ised, full of all the qualities which
have become associated in the
public mind with this star to make
him one of the screen's most popular
attractions.

Gibson has become noted equally
for his ability to play comedy, and
for his excellence at enacting thrills
and action in his productions.

"The Denver Dude" was directed
by Reeves Eason, noted for his ability
in making outdoor pictures of the
type, is universally popular. The
picture is based on an original story
by Earle Snell, and was adapted to
the screen by Carl Krasada and Wil-
liam Lester.

The large supporting cast includes
Blanche Mehaffey, Robert McKinn,
Mathilde Brundage, Glenn Tryon,
Howard Truesdell, "Slim" Summer-
ville, Rolfe Sedan and others.

O'DONNELL HIGH LOSES CHAMPIONSHIP GAME

Friday, Feb. 3, O'Donnell Eagles
lost their last look in for the cham-
pionship of Lynn County in basket-
ball. Wilson won the game 18-6,
thus gaining the right to represent
this county in the district meet. The
game was fiercely contested all the
way. Although losing the Eagles
gave a great exhibition of fight. They
simply couldn't hit the basket. Wilson
has a good team and we are backing
them strong for the district meet.

WOMEN'S MISSIONARY SOCIETY OF THE METHODIST CHURCH

The Woman's Missionary Society
met at the home of the president,
Mrs. J. W. Gates Monday at two
o'clock.

A quilt was quilted for the Orphan-
age at Waco. Plans were made for
a Dollar Social to be had at Mrs.
Gates' Friday night, when the ladies
will entertain the men of the church.

The Primary and Baby Division
of the Junior-Epworth Social was
organized with the following chil-
dren to join the Primary Division:
Allene Gates, Hope Shook, Annie
Bell Estes, Ivan Lines, and Modine
McLaurin with Miss Hester Gates as
leader. Mrs. B. M. M. Haymes enroll-
ed the following children from one
to six in the Baby Division: Elvin
Roy Moore, Doris Neel Gates, Roy
Allan Gibson, Billie Schooler, Allie
Joe Schooler and Perry Clayton.

Mr. and Mrs. Ben Moore were busi-
ness visitors to Lamesa Tuesday.

Harvey Everett came in from
Odessa Wednesday and stayed over
until Thursday visiting home folks.

MEETING SCHEDULED FOR LUNCHEON CLUB

A meeting of the O'Donnell Lun-
cheon Club is scheduled for Friday night
at the City Hall. According to presi-
dent Aylor and secretary J. E. Mc-
Clung, some very important business
matters will come up for discussion
at Friday night's meeting and every
member is urged to be present and
bring a friend with him.

It is believed that some very im-
portant information regarding the
east and west railroad will be given
out, so if you want to hear the latest
be there at 7:30.

FUNERAL SERVICES

On last Sunday afternoon at 3
p. m., Mr. J. F. Pennell of the O. K.
community was buried in O'Donnell
Pastor Horn officiating.

Mr. Pennell had just recently moved
here from Oklahoma. He was
taken ill on Monday night and passed
away Friday night at the Lamesa
Sanitarium.

Bro Pennell was born in North
Carolina May 1st, 1897 and was con-
verted and joined the missionary bap-
tist church in that state. He had
lived a devoted christian life and
was faithful to his church in every
particular.

He leaves a noble wife and six
children to mourn his loss. All the
children were present but one daugh-
ter who lives in Oklahoma, and could
not be there.

This good man has left a noble
heritage to his posterity. A good
name is rather to be chosen than
many riches. How many kind words
were expressed concerning him and
his life? Men who knew him in other
days had strong words of praise for
him and each testified that his life
was an open book, and one to covet
by others.

What a noble thing to so live as
to really live in the lives and memo-
ries of other people after we are
gone into the great future.

Eternity alone will reveal the full
extent of what such a life as his has
meant to this old world.

With Litton the Poet:
There is no death! The stars go
down

To rise upon some fairer shore,
And bright in Heaven's jeweled
crown
They shine for evermore.

There is no death! An Angel from
Walks o'er the earth with silent
tread,
He bears our best loved ones away,
And then we call them dead.

He leaves our hearts all desolate,
He plucks our fairest sweetest
flowers,
Translated into bliss, they now
Adorn immortal bowers.

CAPT. JAMESON WRITES CONFIDENTIAL LETTER

C. H. Doak is in receipt of a let-
ter from Capt. W. D. Jameson, capi-
talist and railroad builder of St. Louis
asking for information regarding an
east and west railroad through the
South Plains to Fort Worth.

Capt. Jameson was in the O'Don-
nell territory about thirty days ago
gathering data and statistics rela-
tive to the building of such a rail-
outlet. The letter was of a confi-
dential nature and we were unable to
learn just what the railroad builder
wanted. However, our local towns-
man and recipient of the letter, C.
H. Doak, seems to be very optimis-
tic over the prospects revealed in
the contents, stating to the Index
man that he would probably have
some important news to give out in
the very near future.

SKY JUICE COVERS PART OF O'DONNELL TERRITORY

Good old sky juice blessed a part
of O'Donnell territory on last Sun-
day evening, falling in great gobs
over a large area east and southeast
of town, reaching within six miles
of the city. The total precipitation
in that section amounted to approxi-
mately one and one-half inches in
most sections which is very benefi-
cial to early spring plowing.

Thursday morning dawned with
heavy clouds covering the sky and
at an early hour sky juice begun
trickling down from the sky and a
slow drizzle continued throughout
the morning. The moisture is not
enough to be of much benefit to
farmers for plowing, but as we go
to press indications are good for sky
juice in abundance. We hope it
comes!

MRS. MODESTA GREEN OPENS READY-TO-WEAR DEPARTMENT

Mrs. Modesta Green who was re-
cently with the Garner-Alvis Co. of
San Saba has returned to O'Donnell
and opened a ready-to-wear and mil-
linery department at the Westmore-
land Dry Goods Store. Mrs. Green
recently returned from St. Louis,
Kansas City, and Dallas markets
where she purchased her opening
stock which she now has on display.

MAC NOBLE, JR., RESIGNS POSITION WITH BANK

Mac Noble, Jr., who has been with
the First National Bank since the
old State Bank affairs was taken over
by that institution, resigned his po-
sition recently and left Monday of
Lubbock where he will be associat-
ed with his brother in the insurance
business.

Mac has many friends in O'Don-
nell who regret to give him up but
wish him every success in his new
understanding.

T. J. YANDELL IN RACE NOW FOR RE-ELECTION

T. J. Yandell has authorized the
Index to announce him as a candi-
date to succeed himself as Commis-
sioner Precinct No. 3, subject to
the action of the Democratic primary
in July.

Mr. Yandell needs no introduction
to the voters of Precinct No. 3, hav-
ing served the people of that precinct
for the past two years and has served
them well. He has been found at
all times working untiringly for the
best interest of his precinct. No one
can question his ability, honesty or
willingness to do in all matters per-
taining to the welfare of his precinct.

Mr. Yandell stated that during the
past two years which were the most
depressing the South Plains has ex-
perienced in the past ten, the pre-
sent county commissioners have man-
aged to keep the county business on
a cash basis. This is something that
has never been done in the past so
far as we know. He also stated that
when the present administration went
into office they had to assume a
heavy indebtedness which was soon
lifted. Mr. Yandell is a strong be-
liever in good roads and states that
the county will be more able to im-
prove lateral roads of the county dur-
ing the next administration provided
the affairs are handled in an econ-
omical way. His services have been
entirely satisfactory the past two
years and merits the serious consid-
eration of the voters of Precinct 3 for
a second term according to the Demo-
cratic custom.

AMERICAN LEGION CONTEMPLATING DRIVE

SAN ANTONIO, Texas, Feb. 10.—
Plans are being formed for a three-
day excursion by members of the
American Legion and the Legion
Auxiliary to the Lower Rio Grande
Valley following the national con-
vention of the Legion here on Octo-
ber 8 to 12.

The tentative program, according
to Philip B. Stapp, general conven-
tion director, calls for a tour of the
valley under the auspices of the
Texas Department of the Legion. The
excursionists will leave San Antonio
Friday afternoon, October 12, as
soon as the final gavel falls at the
convention.

Saturday morning, October 13
will be spent at Corpus Christi, under
the program being worked out, Mr.
Stapp said. On Saturday afternoon
the party, which is expected to num-
ber several thousand, will be at the
King Ranch. Sunday and Monday,
October 14 and 15, will be spent in
the valley, the tour ending with a
big fiesta at Mataromas Monday
night.

A valley committee to work out
the arrangements is to be formed
at a meeting at Mercedes next Mon-
day night, February 13, Mr. Stapp
stated. On this committee will be
representatives from each of the 13
Legion posts in the valley, the secre-
tary of each Chamber of Commerce
and one leading business man from
each city.

First steps towards organization
for entering the visiting Legionnaires
and Auxiliary members in the valley
were taken on February 5, at a meet-
ing at Harlington attended by Legion
representatives and representatives
of the business interests in that sec-
tion.

At that meeting, A. O. Montgom-
ery, of San Benito, Legion district
executive committeeman, announced
that at least 1,500 Legionnaires from
the valley will attend the Legion con-
vention at San Antonio.

Organization of a 100-piece all-
Legion band to represent the valley
at the national convention is under
way. The well-known Legion valley
quartet will be present. The valley
delegation will wear a distinctive cos-
tume of a Mexican type.

A big membership drive to enroll
every eligible veteran in the valley
in the Legion is under way.

Mrs. H. B. Harville returned Sun-
day from Bangs, Texas, where she
has been to visit her father, who has
been very ill. We are glad to report
Mrs. Harville left him much improv-
ed.

O'Donnell Sends Boosters To Railroad Meeting

Headed by Chariman J. P. Aylor, Dr. C. P. Tate, secretary J. E. McClung, C. H. Doak, J. B. Miles, and Mayor E. M. Wilder, sixty O'Donnell east and west railroad boosters came to Snyder Friday where a mass meeting was held at the county court room.

Secretary M. G. Evans of the Scurry County Chamber of Commerce acted as chairman and introduced Judge J. M. Harris who delivered the welcome address to the delegation.

Dr. C. P. Tate delivered the principal address, stressing the agricultural importance of Lynn County and his home town, stating that that county will gin 40,000 bales of cotton and will produce over 10,000 tons of maize this year. The speaker in a wholesome way stated that Lynn County cared not what route the railroad took through their section, whether it hit Lamesa, O'Donnell or Tahoka, and that they were willing and ready to co-operate.

Chairman J. P. Aylor for the visitors spoke at length of the great undeveloped section of country that the delegation represented. He said they were entitled to an east and west trunk line and not a small branch from some trunk line.

Secretary Evans next spoke of Snyder's connections with it all, in that this city is boosting an east and west line with terminal located here. He said our interest centered in getting it going west from Snyder to the Borden County line, and whatever route it takes from that point is entirely in the hands of the builders and promoters.

The O'Donnell Ladies' Chorus of twenty voices rendered an original chorus entitled "We are Waiting for the Katy Whistle." The rendition brought a round of applause.

Judge Holley spoke of the benefits to be derived from this line, and of the spirit that makes the South Plains what it is today.

One of the most delightful side issues of the meeting was the coming here of Grandpa J. E. Townsend, 91 years old, of O'Donnell, who is one of the most enthusiastic boosters one could meet in a long journey. Along with Grandpa Townsend came his son, F. M., who is in his 68th year. A son-in-law of the latter was also present, Bert Barnett, 35 years old.

It was a fine meeting. O'Donnell has taken a dreadfully long time to wake up, but that crowd that was here was as truly endowed with the

T. E. L. CLASS ENTERTAINS

The T. E. L. Class of the Baptist Church was highly entertained Thursday night at the Church. A division of the class which was beaten in a member ship pageant.

Mrs. E. L. Sorrels was captain of the group which was beaten and as a result were under obligations to entertain the class and their husbands. Under the wonderful supervision of Mrs. Sorrels a splendid program of entertainment was arranged for the evening. After a portion of the time was spent in games and contest, Miss Lulu Rice very sweetly sang a solo "Carolina" and responded to an encore "Twilight."

Miss Edna House gave two splendid humor readings poems of James Witcomb Riley's, Messrs Gordon King and Travis Everett provided some piano and saxophone music which was very good. The piano duet

spirit of progress as any aggregation that has ever come to Snyder. Ladies and gentlemen, Scurry County welcomes you and enjoyed your visit.—Snyder Times Signal.

by Misses Wynema Sorrels and Alta Sorrels was highly appreciated.

The winter season was in evidence with the lovely red and white decorations throughout the church. The menu consisted of Angie Food Cake topped with peaches, whipped cream, cranberries and nuts with coffee were served to about eighty guests. The winning side of the T. E. L. Class feel that to fight to win will be their motto more than ever, henceforth, provided they can have this same capable body of women to pay the price for every thing was perfect from start to finish.

R. E. Painter and daughter, Thyra, returned Sunday from Chillicothe, where Mr. Painter was present at the celebration of his parents' Golden Wedding anniversary, Mr. and Mrs. H. Painter. Due to sickness part of the children were unable to attend.

C. H. SHEPPARD, M. D.

General Practice and Electro-therapeutics. Ples cured without detention from work or business.

Office half block Southeast Index Building, O'Donnell, Texas.

Dates Club Members Should Keep in Mind

Dear Club members and friends: Here are some dates that you should keep in mind and some events that you do not want to miss. Here is an opportunity for every wide-awake person in Lynn County to see and learn something worth while with out any cost to himself.

The Santa Fe-A. & M. Demonstration Train that you have been reading about will be within reach of the people of Lynn County from February 10 to February 15. But it will be actually in our county only one day. Let us make the most of that one day.

On February 11, at 1:30 p. m., the train will be in O'Donnell, and I want to urge every Club woman and Club girl who can reach O'Donnell at that hour to be there. I want you to urge all of your teachers, preachers, business men, and everyone else, to join you in hearing these good talks and in seeing these exhibits.

At 7:30 of the same day, Saturday, February 11, the train will have a program in Tahoka. We want all club people within reach of Tahoka to be present at that time. And we are urging all our business and professional people to join us. We believe that Tahoka will make a good showing, and we know the club folks will.

You will not be "talked to death" at this meeting, but the speakers will be chosen from the following group and each will have something of interest to say: L. F. Dinan, Agricultural Agent, G. C. & S. F. Railway, who has charge of the train. J. D. Tinsley, General Agricultural Agent, P. & S. F. Railway, Sterling C. Evans, State Club Leader, who will discuss boys' and girls' club work. Miss Bess Edwards, Assistant State Home Demonstration Agent, and Miss Myrtle Murray, who is our own district Agent, will discuss home making. Other speakers will discuss poultry, Dairy, and Field Crops.

Lynn County is strictly an Agricultural County and these programs fit right in with the very things that our Chamber of Commerce, Luncheon and Study Clubs, and County Home Demonstration Agent, are advocating. You will find it worth while to be present.

The next date given is primarily of interest to the men of Lynn County, though we would be glad for any women who wish to do so to attend. On February 14, M. R. Bentley, Agricultural Engineer of the Extension Service of A. & M. College, and A. K. (Dad) Short, of the Federal Land Bank of Houston, will hold a one day Terracing school on the L. G. Theut farm on the Tahoka Highway, nine miles west of Post. Knox Parr, County Agent of Garza County, is having these specialists in his county two days. But knowing the great interest of Lynn County farmers and busi-

ness men in this subject he has arranged a demonstration in reach of the Lynn County farmers who wish to see it. The business men are serving dinner the crowd. Go yourself and your neighbors to go. These make it worth your while.

The third and last date of interest to all of the women of County. During the latter part of the month four one day Short Courses are to be held for women on the subject of Home and Community Improvement. The places and dates are as follows:

- O'Donnell, School Building, Tuesday, February 21.
- Draw, School Building, Wednesday, February 22.
- New Home, School Building, Thursday, February 23.
- Wilson, School Building, Friday, February 24.

This all day meeting will take place of the regular Club meeting that falls near that date. Do not remember this. The programs these meetings will be announced soon, watch for them.

We expect every woman in Lynn County to attend one of these one-day Short Courses on Home Improvement.

Milie M. Halsey, C. H. D.

KNOW TEXAS

Texas is usually the seventh eighth ranking state on the basis of value of lumber produced. The production of sawed lumber averages about 1,500,000,000 feet a year, and the value is at about \$55,000,000 annually.

Texas has more railroad miles than any other state. At the end of 1927 there was a total track of 21,536 miles. Illinois ranks second.

Texas has in all 121 universities, colleges and academies.

There were 84,104 hunting licenses issued in Texas in 1927.

More than 600 kinds of birds, and migratory, are found in Texas. Texas mineral resources are largely unexplored yet she contributes or seven per cent of the total mineral values produced annually in United States.

Mr. and Mrs. J. W. K... have as their guest this week, Donnie Inez Bristow, who has the past seven months, lived in pine. Miss Bristow is to make home here, and is a student in music class of Miss George.

The Cream of the Tobacco Crop

LUCKY STRIKE CIGARETTES

"Luckies never cut my wind" says Billy Burch, Captain of N. Y. Americans' Hockey Team

"I can't afford to take any chances with my physical condition. That's why I stick to Luckies. In addition to the pleasure I get from their fine flavor, they have never cut my wind to any noticeable degree. Finally, I never suffer with sudden coughing which might be very dangerous for me when there's a scramble on the ice."

Billy Burch

"It's toasted"

No Throat Irritation—No Cough.

A Dollar Dinner For Four

Here is a dinner which will meet all bodily needs and appeals to both the eyes and palates of your family:

Menu

Cream of Celery Soup Tomato Sauce

Milanese Pudding Spinach

Apricot Tapioca Coffee

THIS dinner requires the following supplies at prices current at the cheaper stores: one medium size can of spaghetti in tomato sauce, fourteen cents; one egg, six cents; one pound of ham butt, twelve cents; one can of cream of celery soup, ten cents; one-eighth pound of butter, seven cents; one can of apricots, twenty cents; one-fourth pound of sugar, one and one-half cents; one-fourth cup of tapioca, one and one-half cents; and coffee, four cents; a total cost of ninety-two cents. The eight cents remaining will pay for bread and butter, fuel and any necessary seasonings.

The Pudding and Dessert
The recipe for Milanese pudding follows: to one can of spaghetti in tomato sauce, add one cup of ground boiled ham, one egg slightly beaten, and salt and pepper to taste. Pour the mixture into a buttered mold and steam for one hour. Turn from the mold and serve. A little grated Roman cheese is an addition to this dish. For ground ham dishes, butts at a low rate are economical.

Apricot tapioca is made as follows: open and drain the juice from a can of apricots. Add enough water or milk to make two cups of liquid. Heat in a double boiler, and add one-fourth cup of granulated tapioca. Stir frequently until the tapioca becomes transparent. Add salt, a little lemon juice and one-third of a cup of sugar. When partially cool, stir in the fruit. Chill and serve.

Food Value of Fish

CANNED FISH

- Oysters
- Clams
- Shrimps
- Crabs
- Lobsters
- Mackerel
- Shad
- Tuna
- Cod

FISH as they are, grow monotonous when not varied with other things, even though the housewife resorts to all the changes of roast, chops, steak, stew and even hash. Large numbers of people serve fish on Friday, and a greater selection of fresh sea food is to be found in the markets on that day.

But, inland, and during the months of severe winter weather, fresh-caught fish is not to be had, so that the housewife is put to it to avoid monotony in protein foods. To her, therefore, canned sea food has come as a great resource. Appetizers, stews and chowders, entrées, salads and made dishes of all kinds are possible with the long list of the "finny" tribe available everywhere in cans. This list includes oysters and clams; shrimps, crabs and lobsters; mackerel, salmon, shad and tuna; cod, haddock and herring; sardines and anchovies; caviar and fish roe; some in many forms.

A Good Winter Dish
Devilled Crab is a good winter dish and simple to prepare when the meats are freed from the shell, as they are in cans. To one cup of medium white sauce add the yolks of two eggs, one can of crab meat and one-fourth cup of chopped sautéed mushrooms. Season with salt and pepper and chopped parsley, top with buttered crumbs and bake in ramekins until browned.

THE STORM PARTY

"COME on, Sir Freeze-the-Ponds," said King Snow. "Come on, Mr. Wind," he added. "We're waiting for you, too, Lovely Snowflake children," he called. "And we hope you'll not be late," he shouted to the Jeweler Brothers known as the Diamond Snow Jewellers. "I want to have a storm party," King Snow said, "and I'd like to have you all come." "Of course the Jewellers don't have to come right away. But I hope they'll come soon after the party and won't be late in taking their places in the great winter reunion. "You all know that a reunion means a gathering together once more so we all want to gather together to show that Old Man Winter is here." "I'm here," Old Man Winter shouted. And Mr. Wind blew through his

So Old Prince Storm Accepted the Invitation.

long fingers a great cold breath of air and whistled as he said: "He's here all right. Old Man Winter is here." "Oh, it's so nice to have a reunion," said King Snow. "Would you like me to come, too, Your Majesty?" said an icy voice and there was Prince Storm dressed in lovely jewels of icicles and a crown of little snow peaks which had been frozen into shape by Prince Sleet's friend, Mr. Freezing-In-Fun.

"We want you, of course we want you," said King Snow. "So Prince Storm had the party. "And we want Mr. Freezing-In-Fun, too," King Snow added. "It is always such a nice one to have at a party. Some creatures go to a party and never say a word and don't make the slightest effort to help have a good time. "For those who don't get into the fun of things don't enjoy themselves either. That is why Mr. of course, Mr. it is so much better when they do enter into the fun of a party and enjoy it themselves and help others have a good time. "Mr. Freezing-In-Fun is a splendid creature at a party. "And we want Mr. Prince Sleet, Prince Sleet would help a great deal." "I'm here," said Mr. Freezing-In-Fun, for Mr. Wind had offered him a free ride to the party and Mr. Freezing-In-Fun had accepted with great eagerness and pleasure. "Well, well, well, this is nice to see the old friends again. "How do you do, Snowflake children? "Why, hello, Old Man Winter. I didn't have known I would have seen you here. This is nice, ha, ha, ha, this is nice. "And I'm powerfully pleased to see you, Sir Freeze-the-Ponds. I'm such an admirer of yours." So Mr. Freezing-In-Fun went around greeting all his friends and they were all glad to see him, too. Then along came Prince Sleet. "I met some one, on the way who wants to come to the party," said Prince Sleet. "Tell me who wants to come," said King Snow. "It's the whole Blizzard family. Old Boy Blizzard wanted to know if he could come and bring the others. He said it was the nurse's day out and there was no one with whom to leave the children if all the older ones went off, too. "As a matter of fact I think they sent that word as an excuse to bring the whole family, but they don't mind if you know how very anxious they are to come—so long as you will let them come." "Oh, yes," said King Snow, "have them come." "I'll tell them they're invited," said Mr. Wind. "Thank you kindly, thank you kindly," said King Snow. And soon, oh so soon, the Blizzard family came and such a snow-storm and blizzard and wild time as there was at the big reunion of King Snow and of Old Man Winter and their friends!"

LITTLE MISS J. VERNA STREET CELEBRATES 7TH BIRTHDAY

Mrs. Ervin Street entertained Friday afternoon from four to six at her pretty apartments in the home of Mrs. W. E. Vermillion, honoring the seventh birthday of her little daughter, J. Verna. The little guests were highly en-

tertained with jolly games, spending a joyous hour helping little J. Verna celebrate her happy occasion.

A more beautiful sight couldn't have been formed than the twenty-four children seated in a circle around the living room after being served to pretty plates made most attractive with red and white heart shaped cookies, deep red punch, candy and little valentines as plates favors. The guests list included Little Misses Veda Shumake, Winelle Scott Iona Mae Caddell, Clarinda Mary Sanders, Francis Foster, Modine McLaurin, Jim Ellen Wells, Merl Miles, Norma Ruth Vermillion, Marjorie Music, Edwin Vermillion, Margaret Vermillion and Master Lloyd Shumaker. Otis McGill, Ray Elmo Everett Bobbie George, Ivan Lines, Terry Edwards, Sonny Boy Bowlin, Billie Joe Hubbard, Mmes H. L. Hohn, D. A. Edwards, Seltzer, J. W. Shaw, W. E. Vermillion, and Harvey Everett Mmes. Shaw and Vermillion very charmingly assisted Mrs. Street in entertaining.

THE TEXAS FARM AND HOME SPECIAL DEMONSTRATION TRAIN

Featuring Dairying, Poultry Raising, More and Better Livestock, Improvement, Better Farms and Crops, Home Improvements and Boys' 4-H Club Work.

Operated Jointly by The Santa Fe Railway and The Texas A. & M. College

The program presented throughout this campaign, which lasts for a period of six weeks, is intended to show the farmers of Texas new and practical ideas that will assist them in making their operations more profitable and their living more comfortable. The Santa Fe Railway endorses this program, prepared by the A. & M. College, and submits it to the communities it serves.

**POLITICAL
ANNOUNCEMENTS**

The Index is authorized to announce the following persons as candidates for the respective offices, subject to the action of the Democratic Primary, July 28:

- For District Attorney:
T. L. PRICE, re-election.
- For County Judge:
G. C. GRIDER.
- For Sheriff & Tax Collector:
J. H. YARBROUGH.
V. R. (Jake) HOLCOMB.
J. W. SIMPSON, re-election.
B. C. KING.
SAM W. SANFORD
- For County Attorney:
G. H. NELSON.
- For County Assessor:
J. S. WEATHERFORD, re-election
- For Public Weigher:
MELL PEARCE, re-election.
- For Sheriff & Tax Collector:
(Dawson County)
MAC W. HANCOCK.
- For Commissioner, Precinct 3:
J. T. YANDELL, re-election.

Culver Hart of Odessa spent Sunday here with his parents, Rev. and Mrs. W. C. Hart.

Mr. Roy McCallen, an old school mate of Judge W. H. Crunk, of Odessa, spent Sunday here, the guest of Judge and Mrs. Crunk.

Mmes. Tom Good and children of Big Springs and C. M. Cox and son, Perry, of Crane, visited their parents Mr. and Mrs. W. R. Sanderson, last week.

Mr. and Mrs. Arthur Harris of Joe Bailey were in O'Donnell Saturday.

Mr. A. Eugene Cook spent the week-end in Abilene.

Paul Welck returned Tuesday night from a week's visit and business trip to Fort Worth.

Mr. and Mrs. Marcus Pearce are the proud parents of a new boy which made his arrival Friday, February 3.

Mrs. Marvin Pemberton returned Friday from Big Springs after a ten days' visit with her parents, Mr. and Mrs. M. C. Gibson.

Mr. and Mrs. Naymon Everett visited Mrs. Everett's father, W. T. Burke, Sunday at Lubbock. Mr. Burke who has been in the Lubbock Hospital for three weeks recuperating from an operation is reported to be on the highway to perfect health and will in a few days return to his home.

J. Y. Everett went to Odessa Monday to be gone indefinitely.

FOR SALE—Maytag Washing machines, electric or equipped with gasoline engine, sold by R. F. Hester. If you are interested call on him for a demonstration. Ring him, 'phone no 70. He will be glad to show you that his machine will do the work.

Mrs. Modesta Green returned last week from Dallas and other points. Mrs. Green will be connected with the Westmoreland Store in the future, handling the ladies' ready-to-wear and millinery.

Mr. and Mrs. J. W. Kirkpatrick have as their guest this week, Miss Donnie Inez Bristow, who has for the past seven months, lived in Alpine. Miss Bristow is to make her home here, and is a student in the music class of Miss George.

Highest market price paid for your maize at all times. See me at Henderson-Boone Gin. A. H. Koeninger.

**Differ as to Meaning
of Name "Guatemala"**

The country of Guatemala, which has a population of about 3,000,000, is one of the Central American republics with an area of 48,290 square miles. Except in the marshy forests near the northeast coast, the country is mountainous. Some of the mountains attain an elevation of 11,500 feet.

The most important cultivated products are coffee, sugar, tobacco, cacao, bananas and indigo. Much rubber also is obtained.

The name of the country is believed of Aztec origin and is said by some authorities to mean "Land of the Eagle," or "Land of the Forest." Other experts say it should be interpreted as meaning "mountain vomiting water."

Guatemala City, the capital of the republic, with an estimated population of about 200,000, is situated in a rich and spacious plain.

The country was conquered by the Spaniards in 1522.

**Italian's Origin Shown
by Method of Eating**

The way of eating Parmesan cheese tells the place of origin of an Italian, according to a generally accepted theory. Not only that, but it indicates also his broadmindedness or stinginess in money matters, it is claimed.

If a person pares the covering of his cheese without regard to losing a little of the cheese itself, as a wasteful cook might peel potatoes in New England, that person comes from Rome, one who cares little for money.

However, if the person scrapes the cheese carefully, so as not to waste any of the inside portion, he is a Florentine, careful but not prodigal.

But if the person takes up his cheese in his fingers and merely blows whatever will blow from the outside of the cheese, then he comes from Genoa, never wasting a centesimo, according to the proverb.

Nativity of Corn

Corn, generally believed to have originated in South America, has been found growing in China; but the Chinese corn is of a unique species and it is not a native of the Chinese region in which it was discovered. Researches show that it must have been brought to China long before the voyage of Columbus, for it could not have acquired its distinctive character in the comparatively short time that has elapsed since that period.

Chinese corn is a dwarf plant and its starch is quite different from that of American corn. The leaves grow on either side of the stalk so as to protect it from the hot, dry winds of the desert. They form a sort of horn for the accumulation of pollen.

Chinese corn is excellent for planting in hot countries where common corn does not flourish.

Steamship Screws

A phenomenon known as "cavitation" is recognized as one of the most important causes of loss of efficiency in the driving screws of steamships. When the velocity of the screw is increased above a certain limit a cavity is formed in the water inside which the screw revolves and a further increase in power then causes no increase in the ship's speed. Mathematical investigation, and practical experiments, has shown that cavitation can be avoided by preserving a certain ratio between the resistance and the propelling surface concerned. Upon this principle the speed of some ships has been greatly increased by simply changing their driving screws.

Gave It Away

Press agents do not always train their clients wisely. There is, for instance, the now sorry lady who showed the interviewer a pair of silver candlesticks. "They were given to my great-great-grandmother by King of Germany," she explained. "They are very old and valuable, all hand-carved, and have been preserved by my family through generations."

So the interviewer handled one tenderly, and just naturally turned to the mark beneath which would testify to their ancient ancestry. "Sheffield Plate, Birmingham, England, 1902," was the precious inscription.—Los Angeles Times.

St. Patrick's Good Work

It is well known that there are no snakes, toads or venomous reptiles in Ireland, though there is little doubt that they could live there if some one should introduce them to the island. According to the legendary story of St. Patrick, Ireland must at one time have had plenty of snakes, for "with a bell in hand, he cursed them and expelled them forever from Ireland. And every time he rang the bell thousands of toads, adders, snakes, reptiles and other noisome things went down, tumbling neck and heels after each other, and were swallowed up forever in the sea."

Small Demand for Horses

Automobiles, trucks and tractors are supplanting the horse to such an extent in Australia that the steeds are being sold for next to nothing. At a recent horse fair at Farnworth, the highest prices paid were between \$5 and \$10 a head. One farmer shipped 20 horses, and after all charges including freight had been paid, he received \$1.87 in full. Had the auctioneer not remitted certain unloading and driving charges, the farmer would have owed him money.

**Writer's Fine Tribute
to Forest Patriarch**

I watched some time ago the cutting down of an oak. It was a huge tree, an old patriarch among the trees in the neighborhood, the kind and size of a tree that is regarded with a sort of attachment by friends and strangers. In the lives of those along the road it was a landmark.

It wore its rusty robes with an air of majesty. It possessed a distinguished appearance on account of age, and to look at it was to be aware of something ancient. The Indian stepped with moccasins feet the paths when it was in infancy, and its last years saw the automobile, airplane, the magic things of a modern world.

It went through much in the lease of life; it weathered everything, as an oak should do; but it had to surrender before the assault of a very small but numerous enemy—the leopard moth. It fought as a giant fights bravely. It lost courageously and gamely, as a man loses when overwhelmed with superior numbers. It battled to the end.

It seems a ruthless act to cut down a tree. It is the taking of life itself. Such a tree enters the very lives of those who dwell in its shadows, and it is a part of their histories. And the more we know of such trees the more are we convinced they have a soul, a personality.—Edwin C. Hobson, in the Boston Globe.

**Skunk Harmless if
He Is Treated Right**

Periodical reports are regularly and frequently printed in the papers at this time of year of skunks appearing and stampeding citizens, policemen and other officials as if they were the German army and yellow fever combined instead of being as friendly and harmless as an ordinary cat.

One was found in a schoolhouse and instead of being allowed to depart in peace a posse was raised and the "critter" shot and school dismissed for the day. The interesting feature is that the skunk always has to be killed and trouble started; in the country the incident attracts little attention and the skunk is not molested, but city people seem to take an aggressive course.

A skunk is usually able to depart the way he entered and if not imposed upon will seldom start anything. If met on the sidewalk, porch or in the woodshed as a social equal, he will be as friendly as you are.—Canaan Reporter.

Expensive Hats

The most costly hat whereof record can be found was not a woman's hat, but one presented to General Grant while he was in Mexico. Fifteen hundred dollars in gold was paid for it. It is to be seen in the National museum at Washington. Besides being so expensive, it is said to be the finest specimen of a Mexican sombrero ever made.

Perhaps the next most expensive hat was that which was presented to William H. Seward when he was secretary of state in President Lincoln's cabinet. It was the kind known as panama, and his South American admirers who sent it to him paid a thousand dollars for it.

His Recovery

"At one point in my career I was given up by seven doctors to die," stated Uncle Feebles. "The three local physicians gave me up, and then four doctors from farther away gave me up in rotation, each from his favorite incurable disease. Later they all gathered around in solemn conclave and gave me up in unison from seven different maladies for which the medical profession knows no cure. Soon after, because they were letting me alone, I got well on my own hook."—Kansas City Times.

Education's Object

The business of education is not to make miners or railway men, clerks or shopmen, managers or directors, parsons or lawyers, civil servants or politicians. It is not to make loyal adherents to trade unions or churches, political parties or nations. Primarily it is to make men, and after that, because no man can fulfill his manhood unless he has his own work to do, to equip those men for whatever task their special abilities and circumstances bring upon them.—Exchange

Embarrassing Moment

The Christmas list had been made in the presence of George, the observing five-year-old. A few days later a neighbor called on the family. Christmas giving was the topic of conversation and the neighbor said to George:

"Whisper in my ear what to get mother."

"You're not on the Christmas list, and mother's not going to start trading gifts with anybody else," replied the tactless son.

"Bunyip" Frightens Many

That the mysterious "bunyip" is again being heard at night in the Wingecarribee swamp, is declared by people of the Burrawang district of Australia. The cry, which is unlike that of any domestic animal, is said to have been heard in the center of the swamp. Although the "bunyip" with its weird noise has been a tradition of the Wingecarribee swamp for more than 50 years, there is no authentic record of any one having seen it.

**PERSONAL
MENTION**

Ben Moore made a business trip to Brownfield Wednesday.

Highest market price paid for your maize at all times. See me at Henderson-Boone Gin. A. H. Koeninger.

Misses Hester Gates and Florence Henderson spent the past week-end

with Lorene Fletcher at her pretty country home twelve miles east of O'Donnell, and report that a joyous time was had, kodaking and horse-back riding.

D. E. Holder and family of Monday, Texas visited with Mr. and Mrs. R. S. Bowles the past week.

Mrs. G. R. Pearce and son, Clovis, returned to Odessa Monday after having spent several days here the guest of their son and brother, Marcus Pearce and family.

C. E. Ray and Prof. Eugene Cook spent the week-end with friends in Abilene.

Mmes Charlie and Corry were here Sunday from Odessa.

Miss House spent the week-end with relatives and friends at

Miss Marian Goodloe of Lubbock spent the week-end here the guest of Miss Sarah Fulton.

Mack Noble who has been in the First National Bank for 13 years left Sunday for Lubbock, where he will be located in the future. Noble is a young man of high qualities and sterling worth. O'Donnell people regret sincerely to see him go. Mr. Noble will be in need as cashier at the Bank of S. Cathey.

We Have It

**METHODIST SUNDAY
SCHOOL INSTITUTE**

The people of the Methodist Sun-
day school were very fortunate to
have Rev. and Mrs. B. L. Nance of
Abilene and Miss Erma Lee Rea of
Post with them in an all day Sun-
day School meet Friday.

Rev. Nance is the District Confer-
ence Superintendent of Sunday
School work, and Miss Rea is the
District Elementary Superintendent.
There were about fifty pupils and
officers out to hear the splendid ad-
dress by Rev. Nance and Miss Rea.

The day was in every way an en-
joyable and profitable one. A deli-
cious twelve o'clock luncheon was
served at the church to the guests
and members present.

Miss Edna House spent the week-
end in Rotan with relatives.

Mr. and Mrs. Carl Batenbough and
family left Sunday for Roswell, N.
M., where they will make their fu-
ture home.

**INDUSTRY HELPS AGRICULTURE
BUILD UP THE SMALL TOWN**

Decentralization of Manufacturing Brings Markets for
Products Closer to the Farm—Gives Employment
and Better Standards of Living to
Rural Communities.

By T. R. PRESTON
President, American Bankers Association

NO class of people has been more diligent in trying to under-
stand the agricultural problem than the bankers of this
country. The agricultural problem is a real problem and de-
mands the best thought of everyone. This
country cannot continue along happy lines
with only sections of the country prosperous.
Prosperity must be passed around if any-
body is long to enjoy it. This question can-
not be solved by the farmers alone, but the
majority opinion is that there is no legisla-
tive remedy for agriculture. It is an eco-
nomic question pure and simple and must be
worked out accordingly.

T. R. PRESTON

A few years ago it was contended that
agriculture did not have sufficient credit
facilities. That proposition was often made
a political question. I do not presume there
are many who will question the fact that
agriculture now has ample credit facilities.

Mixing Farms and Factories

It is a fact that no community and no
state has ever become great purely from
agriculture. It is not to the interest of New York and other
great centers to see the small communities and the agricultural
sections losing their wealth and importance. In the end it will
react upon them to their disadvantage.

There seems to me a real remedy for
these small communities and also for
agriculture. This remedy, which is
the mixing of industry with agricul-
ture, is now being applied in many lo-
calities with satisfactory results.

Industry and agriculture are better
balanced in Ohio, North Carolina and
Pennsylvania than in any other states
of the Union, and in these states
there is no serious agricultural prob-
lem and we hear little complaint from
the farmers. This mixing of industry

and agriculture is called by some de-
centralization of industry.

Mixing Industry With Agriculture Means Prosperity for Rural Districts

I would not suggest that manufac-
turing institutions move from the
cities to the small villages, but I do
think it would be better for this coun-
try for future industries to be placed
in these small villages rather than
to be further congested in the great
centers. This would in part also be
a solution of our labor problem. The
bringing of industries to small vil-
lages increases the market for agri-
cultural products, gives employment
to surplus labor, elevates the stand-
ards of living, increases public reve-
nue, reduces taxes and vastly increases
educational facilities.

Two Striking Examples

I believe I can give you two strik-
ing examples from my own state to
prove this proposition, and I mention
these because I am more familiar
with conditions there than elsewhere.

Twelve years ago Kingsport, Ten-
nessee, had a population of about one
thousand. Great industries like a
large camera company, a big cement
plant and a number of other indus-
tries were located there partly through
the influence of an outstanding New
York business man. In a little more
than twelve years these have brought
the population of that city up to
seventeen thousand. Just a few miles
away, at Elizabethton, they are build-
ing a great rayon plant, the first unit
to cost \$5,000,000. The population of
that town is now two thousand, but
it is estimated that this will be multi-
plied by five in less than two years.
It is stated that the total investment
in manufacturing industry in that com-
munity within a period of five years
will probably reach \$50,000,000.

The balancing of industry and agri-
culture will solve most of our so-called
agricultural problems and we will not
need such political measures as will in
my opinion, do harm if enacted to the
very class they pretend to benefit.

banking institutions; it adds to the
material prosperity of our state, but
above all, it is the expression of a
service which will react favorably upon
the character of those interested."

BANKERS HELP OUT

The Oklahoma Bankers Association
for the past twelve years has financed
through its five groups ten scholar-
ships in the A. & M. College at Still-
water. The winners are chosen by
the Extension Department of the col-
lege on the merits of the club work
done by the boys and girls over a cer-
tain period of time. The groups of
the association finance the first year
of the winner's college work.

The president of a national bank in
Fayetteville, Arkansas, has been cred-
ited with doing more for the farmers
of his section than any other one man.
His work has consisted of introducing
pure bred Holstein cattle into his coun-
ty, helping employ a county agent, do-
nating prizes to boys and girls in club
work, and distributing better seed

Here are some of the things accom-
plished in Randolph County, Ark.,
with the help of bankers last year:
forty-three purebred gilts were bought
at a reasonable price and placed with
boys and girls, on notes; three thou-
sand eggs from high producing hens
were distributed with the idea of de-
veloping flocks of at least one hun-
dred hens on every farm; four pure-
bred Jersey bulls whose dams had a
record of over 700 pounds butterfat,
have been purchased by the banks
and will be paid for out of service
fees.

**THE BANKER-FARMER
MOVEMENT GROWING**

There are several reasons for the
growth of the banker-farmer move-
ment in Pennsylvania, William S. Mc
Kay, Chairman of the Agricultural
Committee, Pennsylvania Bankers As-
sociation, has reported to the Agricul-
tural Commission of the American
Bankers Association. The cooper-
ation and leadership of the county
agents in the several counties of the
state; the appointment and function-
ing of county chairmen of agriculture
known as Key Bankers, one of whom
there is in each county of the state;
and the organization of county bank-
ers associations, whereby agriculture
is given consideration by all the banks,
are responsible for this interest. The
following table shows the activities
for the year:

Project	Number of Counties
sent young farmers to state col- lege for special course	5
Encouraged farm shows	16
held agricultural tours	6
sponsored various club activities	38
have illustrated lectures on poul- try, cow testing, and improved farm methods	1
distributed purebred livestock, chicks, and disease-free pota- toes	13

"There is probably no class of busi-
ness men that has a greater oppor-
tunity for helpfulness than the bank-
ers in this movement," declares Mr
McKay. "It builds up a substantial
community which makes for better

**SAM W. SANFORD
ANNOUNCES FOR
SHERIFF LYNN-CO.**

The Index is authorized to anno-
unce in this issue Sam W. Sanford,
our friend and neighbor, as a candi-
date to the office of Sheriff and Tax
Collector of this County.

Mr. Sanford paid this office a visit
and left a letter to be published in
these columns for the benefit of our
many readers. The letter is as fol-
lows:

TO THE VOTERS OF
LYNN COUNTY:

After being solicited by friends
from all parts of the county and after
giving the matter due considera-
tion, I have decided to make the race
for sheriff and tax collector of Lynn
county. It is true that I have had
the matter under consideration for
some time but would not have enter-
ed the race had not many friends ur-
ged me to do so. While the work of
the office naturally appeals to me,
and I like the work, I feel that at the
same time I can render a service to
the people of the county in this of-
fice.

I expect to see as nearly every vot-
er in the county as possible between
now and the primary election in July,
but if I should fail to see you I assure
you that I will appreciate your vote
and influence just the same.

I wish to say to the people of Lynn
county that if I am nominated and
elected, I will do all in my power as

sheriff to see that your laws are en-
forced, all the laws, and especially
the laws against the thief and the
bootlegger.

Having had six years experience as
sheriff and tax collector of this coun-
ty, and being thoroughly ac-
quainted throughout the county, I
feel that I am competent and qual-
ified in every way to render efficient
service.

I have been a resident of Lynn
county for nearly sixteen years. For
six years, from December 1, 1921,
until January 1, 1926, I served as
your sheriff and tax collector. I
have been nominated and elected
some of the best men in the county.
I deeply appreciate the support of
friends in the past, and I wish to
sure you that I will appreciate your
support in this contest whether you
have ever voted for me in the past
or not. I feel that I can render
service to the people of this coun-
ty in this office and if elected I will
give you the same efficient service
whether you see fit to vote for me or
not.

Thanking many friends for their
assurances of support, and pledging
best efforts, if elected, to administer
fairly, and effectively enforced the
laws, I am,

Yours very truly,
SAM W. SANFORD

Mrs. Modesta Green returned from
week from Dallas and other points
Mrs. Green will be connected with

Uncle Jim Writes of Visit To East Texas

It is my first visit to the Index time. After resting for a few days from my visit to Navarro County, I will give a sketch of my trip. Myself and wife and two little boys, left Lynn Co. on December 21st, at 2:30 p. m. The weather was very cold and the roads were covered with snow, but when a fellow wants to visit, the cold is seldom in the way. We camped the first night under going by the way of Post. The country is very rough between Snyder and comparatively good farming land lies between the two. The snow was melting and the roads were very slippery. We left Snyder Thursday morning for Roscoe. Went thru

some good farming country between Roscoe and Blackwell, on to Nolan, from Nolan to Winters, some more good farming land from Winters to Coleman; some very rough country from Coleman to Santa Anna, and some more fine farming country from Santa Anna to Brownwood. The old Santa Anna Mountain stands as a land mark with its gap running from east to west that marks the residence of old Gen. Santos. My wife wanted to stop and climb the mountain, so we stopped in Brownwood. Brownwood is a growing city of several thousand inhabitants. It is an oil town. We left Brownwood Saturday morning for our destination in Navarro County going by way of Comanche a rough broken country to

Dublin. Comanche is one of the oldest towns in that part of the state. From Dublin to Meridian, from Meridian to Hillsboro where we passed through Bosque County with its cedar covered mountains. Also crossed the Brazos river at Morgan, passed through the cross timbers at Whitney. We entered the black land of central Texas between Hillsboro and Frost, where our daughter lived on the fifth evening when the people of the community thought serenaders were present by the racket that was made. We visited old friends for several days. No use to ask me if we enjoyed our visit. I can't express the joy and happiness at meeting old friends and talking with the, although it made me feel sad to find that some had moved away while others had passed from time to eternity. While there I visited Coolee, Purdon, Jester, Corsicana, Bloominggrove and Raleigh an inland village. While on our visit one of our girls stole a march on us—she took unto herself a better half and consequently my wife has another son-in-law which is one more added to the bunch. We stayed in Navarro from the 20th to 24th. It was sad for us again when we had to say good-bye to loved one and friends. We returned by way of Frost and Hillsboro. We detoured from the route we travelled going down by way of Cleburne. Seven miles north of Cleburne we spent two nights with our oldest daughter. From there we went to Weatherford, another one of the old pioneer towns of the west, and I think one of the most beautiful. From Weatherford to Mineral Wells, Breckenridge another oil town and a thriving one, to Albany and Anson on to Roby where we spent the night. Next morning we left for our destination at O'Donnell by way Snyder, Gail then to O'Donnell, "Howdy-do," and hope as long as we remain in O'Donnell may our sojourn be pleasant.

—UNCLE JIM.

AMERICAN CITIZENSHIP DEPARTMENT
By Mrs. Harvey Everett
Local Chairman

WHY AMERICANIZATION?

From its inception as a part of the General Federation of Women's Clubs, Americanization has been recognized as a force which affects all the departments. In one of the first pamphlets on the subject issued in 1918 through the department of education, Mrs. Mary S. Gibson says, "When the General Federation chose Americanization as the one special line of work upon which all eleven departments shared combined, it entered a broad field, as broad as human necessity. It entered the field of the most fundamental and diversified National Service. For the future of our republic rests upon its power to weld Cosmopolitan population into "One Nation Indivisible" to make a united, a contented, a loyal American and this is the task chosen by the Federation and it is a task which demands vision, knowledge, courage and the power of sustained effort. Education for democratic Americanization must concern itself with standards of working and living conditions, with standards of citizenship, of courts of commercial rela-

tions of land settlements, of policies and of government itself.

In closing her report as direction of Americanization, Mrs. Winters plead with Clubs to transform their training, their wisdom, their social position into terms of energy. It isn't to know, we must do.

Of the big things before the Federation today not one can be accomplished until we take into consideration our foreign born population.

Our 1920 census show that one-fifth of all the people over 21 years of age are foreign-born. In many localities the foreign-born vote determines the election. Thirty-nine per cent of the illiterates over 21 years of age are foreign-born. In the study of Science Art Literature as Music no course would be complete that did not include the study of our Scientists, artists, writers and musicians by adoption.

Then we find that fifteen million people have brought from other countries food and clothing habits varying standards of housing and sanitation and different social customs.

Five million people in the United States owe Allegiance to a foreign flag and one hundred and sixty-five thousand may come legitimately each year. Our attitude towards these and the ten million other foreign-born who, though are loyal American Cherish kindly memories of the land of their birth, must enkindle love and respect, then peace and good will will radiate from them to the far corners of the earth. We hope though this column to bring to the people in general in a way some of the things we as a Federal Club, are trying to accomplish.

We have secured the co-operation of our school superintendents, principal and teachers to assist in complying with the perpetual Calendar on Good Citizenship and to assist in some splendid programs on American Citizenship. We feel that this is a major step in the work for we do realize that the boys and girls of today will be our men and women of tomorrow, and that now, while the minds are tender and pliable is the time to accomplish great things. Mrs. Winters said "Good Citizenship is Mine."

LOCAL PEOPLE TAKE INTEREST IN PROSPECTIVE OIL WELL

It takes lots of money to sink an oil well, and in order to have some co-operation in the matter, and to see if the people of Brownfield really believed that oil underlies this section, the new owners of the Kingland Oil well twelve miles east of Brownfield offered the people of this city good acreage near the well site in exchange for \$4,000 to help put down the well. They found that the people here either believed that oil underlies this territory, or have a full quota of sporting blood floating in their veins one of the two, for in a few hours the required dough was put up to be paid out as the well goes down.

It was reported in these columns last week that drilling had begun on the well again, but we find this to be erroneous, but drilling is very likely to start in the immediate future as

two brothers, and reliable drillers have been found to put the hole on down, and we understand that they are so sure of oil that they propose to take acreage in lieu of wages.

It now looks very much like this vicinity is in for an oil boom in the not distant future, as one and all, almost to a man are willing to gamble money against a drill that oil will be found at the proper depth. So sure are they that when a real test has been completed and a dry hole found, there will be lots of disappointed people hereabouts.—Brownfield Herald.

TATE-LAX for Constipation, Rheumatism, stomach, liver and kidney disorders. Tate-Lax a dependable system cleanser. For sale by Corner Drug Store. It's guaranteed. 30-26c

Earlier the Broiler the Larger the Profits

Two-Pound Live Broiler	\$1.08
Two-Pound Live Broiler	\$1.00
Two-Pound Live Broiler	\$0.72
Two-Pound Live Broiler	\$0.62
Two-Pound Live Broiler	\$0.60
Two-Pound Live Broiler	\$0.55

A two-pound broiler on April 1 is worth 50 per cent more than one the same weight which is not ready until two months later, 75 per cent more than one three months later, and 100 per cent more than one marketed five months later on September 1. Supplies increase rapidly after June and prices fade under the heavier offerings.

Twelve weeks are sufficient to bring a chicken of the heavier breeds to two pounds. This means that chicks must be hatched by the first of February if they are to be of market weight in time to get the cream off the early high market. The general use of incubators has pushed up the hatching date on the average farm, so that it is easily within the range of possibilities for farmers to have broilers ready for market in time to get some advantage of the early high prices.

Cost account records show that the largest profits are made by marketing broilers at one and a quarter to two and a quarter pounds in weight. Above this weight, lower prices and increased feed costs eat up the profit. When prices are declining rapidly, it is often better to sell broilers a little light as the decline in price per pound will more than offset the additional weight.

"We Keep The Quality Up"

MATTINEE AND SLUMBER PARTY GIVEN BY MISS JIM ELLEN WELLS

Little Miss Jim Ellen Wells was the ideal little hostess to a number of little friends Saturday afternoon to a matinee party to the movies and later to a slumber party at her home. Upon returning from the show at about five o'clock the little girls were served cake, lemonade and popcorn, after which the fun really began for of the "dressing up" dacing to victrola music and grown up stunts in general the happy little ones pulled off until about twelve thirty and even then and after the lights were out they were heard whispering and giggling far into the night. The little guests vote Jim Ellen the "Best Little Pal" on earth and anxiously await another such rare occasion. Little Misses Veda Shumake, Edwina Verlimmon, Clarinda Mary Canders, Mary Louise Cowden and Marylyn Roberts were the happy little guests.

MISSSES MARY V. SHOOK, KIM. MIE LEE PEARCE ENTERTAIN

Misses Mary V. Shook and Kimmie Lee Pearce were joint hostess to the Junior-Epworth Society Tuesday, February 7, at the home of Mrs. Harvey Everett. The home was made beautiful and enhancing with Valentine decorations several Valentine contests were enjoyed. Miss Lois Nelson and Miss Verda Ballew won prizes for making most nouns out of the word "Valentine" Little Hope Schook was luckiest in a hunt for "Hidden Hearts" and was awarded a prize of a large stick of peppermint candy. Mrs. Harvey Everett surprised the children with the missionary quilt for the Orphanage being finished for which they thank the Adult Society. The refreshments were delicious and the plates made very pretty with red punch, cookies, pimento sandwiches and lovely plate favors which were tiny Valentines. Mmes. W. J. Shook and Mel Pearce very charmingly served to the twenty two guests. The children gathered around the Piano and sang "He Keeps Me Singing." Sentence prayers were held, led by Alice Joy Bowlin and closed by Mrs. Everett.

MISSSES ALTA ROGERS AND WYNEMA SORRELS ENTERTAIN

Misses Alta Rogers and Wynema Sorrels entertained the boys and girls of the Baptist Church Friday night with a party as both of the young ladies are teachers of a class. Miss Sorrels teaches the boys class and Miss Rogers the girls class. A very happy time was spent playing games and having relay races. The young folks look forward from one time to the next when Misses Sorrels and Rogers entertain for they do things in an original realistic way which is most appealing to boys and girls. Hot chocolate and cake which was exceedingly delicious was served to Miss Vialo Wyatt, Ruth Roberts, Itasca Roberts, Mary Dell Vermillion, Lois Nelson, Verdie Hodnett, and Douglas Ballew, Harvel Yandell, R. L. Boles, Jimmy Merit, Olen Yandell, Mutt Beatenbough, Elzie Davis, Pete Crawford, Glynn Beverage John Vermillion and Donald Newsome.

TREADWAY FAMILY CELEBRATE MOTHERS BIRTHDAY

Mrs. W. A. Treadway of Tahoka was the surprised though happy honoree Sunday when her four boys, their families and a number of friends gathered at her home and surprised her with a "Come-and-bring-your-Eats-Party." Mrs. Treadway was seventy two years of age and the beautiful birthday cake made by Mrs. E. J. Treadway was adorned with seventy-one candles for it seemed that the children couldn't realize the seventy-two years, or, perhaps they really didn't know. The lovely spacious dining table was covered with everything imaginable good to eat and the hearty crowd did not fail to do justice to the splendid eats. Those who enjoyed this happy day were: Messrs E. J. Treadway and family, Porter Treadway and family, W. A. Treadway and family, Tom Treadway, Charlie Morrison and family, Melvin Isaacs and family, Tobe Burdett and family, Messrs and Mmes Sam Jones and Mitchell Jones. R. O. Stark and wife who moved from O'Donnell to Lmaesa about three weeks ago have returned to make this their home indefinitely. Good people will come back to a good place.

BALLINGER—Three thousand, eight hundred and forty hens, weighing 1,700 pounds, were shipped from here to New York markets recently. Several carloads have been shipped since October, 1927.

PARENT-TEACHER ASSOCIATION

The O'Donnell P.-T. A. met Wednesday at four o'clock p. m., in a regular business meeting. Mrs. Paul Gooch, first vice-president presided over the meeting in the absence of the president. Business of several natures were attended to. Among the most important items was the agreement of the P.-T. A. to serve luncheon down town, the place will be announced later. Saturday, Feb. 11, is the date and price will be reasonable and a good feed is promised, come and get your money's worth and at the same time assist in helping pay for the new piano. For the fourth Thursday Social, Messrs King, D. A. Edwards and J. W. Burdeett will be entertainment committee and Messrs J. A. Rickard Ben Moore and Eugene Cook will be refreshment committee.

LYNN COUNTY MOTOR BEAUTIFYING

The Lynn County Motor Beautifying has already felt a touch. They have been busy this week with the paint brush repainting interior of their show parts department, we are waiting ready for the arrival of Ford which is expected.

BAPTIST W. M.

The Women of the Baptist Church spent a pleasant afternoon Monday by Mrs. Hamilton who has been invalid for three years. About four or five quilts donated and will be quite.

METHODIST SUNDAY SCHOOL

The people of the Methodist day school were very fortunate to have Rev. and Mrs. B. L. Abilene and Miss Erma L. Post with them in an all day School meet Friday. Rev. Nance is the District Superintendent of the District Elementary School work, and Miss Post is the District Superintendent. There were about fifty officers out to hear the address by Rev. Nance and the day was in every way enjoyable and profitable. A delicious twelve o'clock luncheon served at the church to all and members present.

Miss Edna House spent the weekend in Rotan with relatives.

Mr. and Mrs. Carl Baten family left Sunday for M., where they will make their home.

Mrs. Tom Goode of Big Spring, children, and Mrs. C. M. Coe Perry of Crane, were the guests of the ladies' parlance Mrs. W. R. Sanderson and
