Our favorite weekly newspaper ex Our favorite weekly newspaper exchanges are those written by the country newsmen . they, and only they . . . get the "feel" of their town. We felt a warm glow while reading an account of a church social which included the phrase A GOOD POUNDING"

Well, now, a church orings back many fond recollections poundings today are a tame affair to those of 35 or 40 years

Look . . if you will . . . back to before World War 1. And you may can see a tiny village of three churches . . none with resident . alternating preachers orship services Sunday after Sun ay. From time to time the folks "pound" the parson to suppliment to his meager collection of the day. Home canned vegetables, links of sausage, smoked side meat and ham, casks of pickled beef, jugs of ribbon cane syrup, jellies, , and always the big standby of our community . . . sweet potatoes.
If the parson traveled by train . . . as was usually the case . . . it was always the chore of the boys to load

Saturday we'd pick the vegetables, do the cleaning of the chickens . . . and prize of prizes lick the batter pan after Mother put the spice cake in the oven. After major and minor ores, the day's close would see us

RED CROSS WATER SAFETY 40 YEARS OLD

Only forty years have passed since February 1, 1914, when the first Red Cross Water Safety courses were introduced to the world by the "amiable whale," the late Commodore Wilbert E. Longfellow (on running board). And, though styles in bathing attire have changed drastically in that time, the principles of water safety which the Red Cross has taught to 9,300,000 persons have remained constant. Waterproofing America has paid big dividends; since 1914 the drowning rate per 100,000 population has been cut in half. Water Safety is one of the many Red Cross services you support by your contributions to the annual Red Cross Campaign in March.
