A Boys Have Farm Level Donated

The F F A boys are very proud of their new farm level. It has been very useful and it will be very useful in the coming years. Many there have been several runs. The level was donated by FFA by Mr. Shoemaker, the banker. The class thanks for his interest. Places where race lines have been run are: J. Nance, Clyde Edwards, Laron Smith, John Pearson, Warren Smith. The group is planning to run lines for the following: Lefty Stephens, O. L. Harris, Ralph Smith, Gene McKinney and John Bennett.

MESQUITE NEWS

Mr. J. D. Thompson and family visited Mr. and Mrs. Albert Lamb and Carol Ann Sunday. Mr. and Mrs. J. N. Bradshaw and family visited J. H. McWhorter and D. Ormsby at Olney over the week end. Mr. and Mrs. L. N. Pillon and family of Lamesa visited Mr. and Mrs. W. C. Bradshaw and family Sunday. Mr. and Mrs. Bill Hays and Lar- visited Mr. and Mrs. Roy D. Smith Sunday. W. A. Telchik is expected to re- turn to school Tuesday after suff- ering a broken arm. Mr. and Mrs. J. E. Nance and fam- ily and A. G. Nance visited Mr. and Mrs. W. L. Knight at Tahoka Sun- day.

\$1.50 PER YEAR

METHODIST NEWS

Next Sunday is Race Relations Day. Why not do something nice for a person of another race during this week, and somehow the service will mean more to you. The Nursery will be open during both Sunday School and Church services. Bring your little ones and they will be cared for while you join in the services. The pastor will be in Dallas un- til Friday nite of this week attend- ing Minister's Week. Remember Youth Play night on Thursday nite at 7:30; bring your young friends.

The Girl Scouts met Feb. 3rd and was called to order by the chairman, Roddy Peltz. The group discussed the girl Scout laws and plans for summer camp. The chairman for Feb. 10th will be Rita Hargis.

CONGRATULATIONS

Congrats to Mr and Mrs. Ben Moore, Jr. on the arrival of a fine girl weighing 8 lbs 4 oz. in the Price Hospital at Lamesa last Friday. The new lady is named Donna Sue. Congrats to Mr and Mrs. Dale Burkett on the arrival of a fine 9 lb. 10 oz. baby boy born Feb 3rd. He has been named Dennis Carl.

NEWMOORE NEWS

Things are back to normal after the long season of icy weather; the moisture is surely appreciated but the sunshine is also welcome. With the exception of about 4 days at the beginning of the bad weather, school continued and the school bus ran. Mrs. Dempsey, our primary teacher, spent the week end at Harmony. Christene and Lewis Parker spent the week end at home. Dave Ingram was a business vis- itor in Ft. Stockton Thursday. Jude Taylor and Hulon Boich visited in Breckenridge Sunday. There has been quite a bit of moving lately; the bad weather prevented it during the first part of the year. The Raymond Wilsons moved to the Gus Owen farm and Jack Dotson moved to the Single- ton farm vacated by Mr. Wilson. John Zedlitz moved here from Roswell, N. M. to work for Sam Singleton.

Local News

The Ed James family of Seminole are moving back home. Mr and Mrs. J. B. Terrell and baby visited here last Thursday.

Mr and Mrs. Havens of Amarillo visited here parents over week end.

Mr and Mrs. Harold Vogler of Lamesa visited Mr and Mrs. H. Y. Conrad and family Sunday.

Mr and Mrs. C. H. Mansell and Mrs. Lydia Hancock left Tuesday of this week for Marlin.

Rev. and Mrs. Ira Harrison had Sunday dinner with the Chas. Wells family; he filled the pulpit at the First Baptist Church last Sunday.

Mr and Mrs. J. C. Seagins and Maureen visited with Mr and Mrs. H. Y. Conrad and family Thursday nite.

Mr and Mrs. I. R. Street were called to Sweetwater Saturday; a sister, Mrs. Zada Lewis suffered a stroke.

Mrs. J. F. Campbell is in the Tahoka clinic.

Ervin, Elmer and Ben Conrad visited Mr and Mrs. Edwin Gehring Sunday nite.

Mr and Mrs. Ervin Jones returned home from Dallas Sunday where they had gone to take Geo. Jones who has enrolled in the Dallas Institute of Mortuary Science.

Mr and Mrs. Van McKee and Linda spent Sunday with Mr and Mrs. Ike Barnes.

Mr and Mrs. Hubert Standerfer spent Saturday with Mr and Mrs. Ike Barnes.

Mr and Mrs. Loretta Owens and daughter and Howard Owens and family spent the week end at Lamesa in the Roward Owens Sr. home.

Mr and Mrs. Louis Hochman and daughters and Mrs. E. Clemage spent Sunday in Brownfield.

Mr and Mrs. L. E. Robinson and Mrs. C. S. Hoffman visited in Decatur last week.

Mrs. James Crumley underwent surgery Tuesday of last week at a Lamesa hospital. She is doing nicely.

Mr and Mrs. James Crumley visited at Lamesa seeing Jackie Durrell Warren born Sunday morn- ing; parents are Mr and Mrs. Jack Warren of Sand. Mr. Warren is a brother of Mrs. Crumley.

Mr and Mrs. J. D. Badley and daughter of Lubbock visited Mr and Mrs. Darus Sumrow Sunday.

Mr and Mrs. Joe Beckham and daughter and Mr. and Mrs. Graham Tyler and Gayle visited Mr and Mrs. Joe Brewer and Lanny Sun- day.

Mesdames R. T. Peek and Troy Veach were Lamesa visitors Sat- urday.

Mr and Mrs. X. Weatherford vis- ited Mr and Mrs. Lee Bagwell at Brownfield Sunday.

Mr and Mrs. Dall Stubblefield are the proud parents of a fine baby girl born Jan 20th at a Lamesa hospital; she is named Rita Kay and weighed 8 lb 5 oz. Cong- ratulations.

Mr and Mrs. S. L. Walters and son, Kenneth visited Mr and Mrs. Joe Garner at Anton Sunday.

Mr and Mrs. Dan Davis and children of Seminole visited Mr and Mrs. Shaek Blocker and moth- er Davis Sunday.

Mr and Mrs. Grady Pruitt of Lamesa visited Mr and Mrs. H. J. Land last week.

Mr and Mrs. Otis Harris and family visited in Lubbock Sun- day.

Dan Blocker and a friend, Albert Beckman of Alpine spent the week end with Mr and Mrs. Blocker.

Mr and Mrs. Bill Ellis moved last week to their new home at Spring Lake. Bill is going to be an "irrigated" farmer.

McMillan African Movie To Be Shown Feb. 14th At School Sponsored By PTA

Spectacular, in brilliant colors found only in the jungle, the McMillan film, African Adventure, will be at the O'Donnell High School Auditorium on February 14th. The matinee is at 2 p. m. and the evening show is at 8 p. m. The show is sponsored by the local Parent Teacher Association. Children will gasp when they see topi fighting each other and trying to get a throat hold with their long sharp horns; when they see swarms of African vultures swooping down; the hippopotamus or river horse closing its port holes and preparing to submerge; charging lions and cape buffalo; the cavorting baboons, the prowling leopards, majestic elephants wear- ing up to 200 pounds each of jew- elry done in ivory. Father will watch with interest the technique of pitching 14 differ- ent camps in most unlikely places, and the skill of natives in casting spears, and the impres- sive parade of 100,000 migrating animals hustling pell mell across the plains nor will he miss a mo- ment of the stalking and capturing of game. Several local people who saw the picture in Lubbock and Lamesa said "African Adventure" is the most realistic jungle picture they have ever seen. Mrs. J. T. Forbes, president of the O'Donnell P. T. A. urges everyone to attend this truly remarkable picture which was made by W. G. McMillan in British East Africa. Tickets will be on sale this week end by mem- bers of the P. T. A.

MEDICAL PRICES WILL INCREASE

Shortages always raise prices. The Texas Medical Association, by restricting enrollment in Texas medical schools to barely enough to replace deaths and retirement, has cut down our supply of doctors, especially in our rural areas there- by causing a shortage and higher fees for services while 3,000 pre- fixed students find the gates barred against them. This same medical association now plans to get control of the supply of all competitive healing professions, so they can cut off re- placements in these healing pro- fessions and make the shortage even more acute and thus raise the prices higher than today.

PAID ADV.

AFRICAN ADVENTURE

This is a call for action. If you want to know the names of your legislators, phone this newspaper. Address letters to them at Capitol Station, Austin. Stop that Basic Science bill. Write, wire or phone today.

WEEKLY NEWS ANALYSIS

Landlords Rebel Over Rent Curbs; Russians Set up Anti-ERP Program; Israel, Egypt Sign End to Fighting

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

REBELLION: Among Landlords

Chest out, muscles flexed, truculent of attitude, members of the American Property Owners association in 20 cities threatened wholesale eviction of tenants in protest against rental control bills now in congress.

AN OFFICIAL of the organization, composed chiefly of owners of small property, said in Tulsa, Okla., 600 to 1,000 eviction notices would be mailed to Tulsa tenants advising them to vacate within 60 days. Similar action, he said, was expected in Chicago, Houston, Kansas City, Detroit, St. Louis, Fort Wayne, Grand Rapids, Danville, Ill., and other cities.

The eviction notices affected rent-controlled housing and included houses and apartments. Business units are not under rent control.

SPEAR-HEADING the Tulsa movement was a retired Baptist minister, the Rev. Wallace J. Murphy, executive-secretary of the 200-member Tulsa property owners organization, and an honorary president of the national association.

The Rev. Murphy termed two rent control bills now before congress "intolerable," and said, "we refuse to operate so long as rental controls are on." Owner of considerable property in Tulsa, the retired clergyman asserted, "we don't intend to serve under slavery which would take away the right to control our property. It is not enough that we must rent our property at a loss—now they want to fine us and put us in jail."

Landlords appeared mainly incensed because pending rent curbs would be giving the federal housing expediter right to control evictions, extend rent control periods, provide triple damages for overcharges on rent, and permit fines up to \$5,000 and a year in jail for convicted violators.

OBSERVERS WONDERED IF landlords weren't letting their wrath becloud their judgment. For, under existing law, which doesn't expire until late March, landlords are prohibited from doing exactly what the Rev. Murphy and his associates plan to do.

The Tulsa incident was merely fuel to the flame of belief that if rent curbs are not maintained, the question of housing for those who cannot afford to buy homes would become even more difficult than it is at present.

RUSSIANS: Coming to Tow?

Messrs Joe Stalin and the polit-buro, so long and so vocally derisive of everything the western world has or offers, were subconsciously paying that world the sincerest form of flattery—imitation.

The Russians had come forth with their own version of ERP, alphabetical symbol of the Marshall plan for aid to Europe.

AS THE EAST'S answer to the European recovery plan, Russia had organized the economic council of mutual assistance for cooperation with five of her neighbors, Bulgaria, Czechoslovakia, Hungary, Poland and Romania.

The purpose, as outlined from Moscow, was "the exchange of experience in the economic field, the rendering of technical assistance to each other, and the rendering of mutual assistance in regard to raw materials, foodstuffs, equipment, etc." Russia, with her vast resources, obviously was to be the key nation in the council.

The Kremlin held the door open to other nations. The announcement said, "other countries of Europe that share the principles of the council and wish to participate in broad economic cooperation with the aforementioned countries," may join.

THAT MOSCOW was considering the Marshall plan when its six-nation council was formed was evident in a Russian charge that the ERP interfered with the sovereignty of nations, and that the U. S., Britain, and "certain other countries of western Europe" were boycotting the six nations in trade.

The Russian action may prove to be the vital error in the Soviets' program of expansion. If the system fails to function, it will serve only to spotlight the efficacy of the Marshall plan and the superiority of the western nations in equipment and ability to keep European commitments.

HURRY-UP MEASURE

Priority Ordered for Rent Curb Bill

Speed was of the essence. Rent controls had to be safeguarded swiftly. So, into the senate hopped an administration bill calling for broader and tougher rent controls for another two years.

The bill, authorized by Senator Maybank, (D., S. C.) and, in the house by Representative Spence (D., Ky.) would continue controls through March 31, 1951, and would

New Leader

Li Tsing-Jen, China's nationalist vice-president was holding the reins of organized government following Generalissimo Chiang Kai-shek's departure from Nanking to clear the way for a Communist-directed peace.

PEACE DOVE: Hovers in East

Hovering wings of the dove of peace were becoming faintly audible in the Holy Land dispute.

Israel and Egypt signed a permanent cease-fire order and armistice talks were still going on after recent difficulties.

THERE WERE even more significant developments looking toward final peace in the long controversy stemming from the partition of the Holy Land to make the area available as a place of settlement and nationalization of Jews.

Great Britain had capitulated, and with the British lion on its side, the new nation of Israel had the two most powerful nations in the world committed to its support.

Other nations were falling in line to recognize the Jewish state. Indications were that with the trend apparently fully in motion, Arab opponents to the Israeli state would soon be standing completely alone in their opposition.

SHOULD THAT condition eventuate, Israeli seemingly would have nothing to fear, inasmuch as its armies already have proven a match for Arab forces.

Bible students and others religiously inclined would be quick to see in the developments the beginning of fulfillment of the old prophecy that the Holy Land would one day be returned to the Jews, that they would one day become a nation again, with their own flag, their own land, their own government.

SURPLUSES: Curbs Are Sought

Fearful of large surpluses of wheat and cotton, the government was studying moves to prevent this contingency.

Secretary of Agriculture Charles Brannan outlined to a senate agriculture committee plans to hold down this year's cotton and wheat crops.

Brannan's plan called for serving notice on wheat and cotton farmers that the 1949 crops they plant will not be considered part of their average production in figuring any future acreage allotments. This means growers could plant fewer acres without being penalized later by proportionate acreage curbs on their crops.

Under present law, if acreage controls are renewed, the average acreage planted by a farmer in the five previous years is the amount he is entitled to plant.

Many officials felt that might induce many farmers to plant as much as they can in order to have the maximum possible acreage when and if controls are clamped on.

Brannan's plan, assuring the farmer of no restrictive penalties through curtailment of acreage, was seen as a possible curb on any excessive planting.

About as large a winter wheat crop as possible already has been planted and a committee member declared cotton farmers are preparing to plant an "extra large crop" to get benefit of present high support prices.

Chairman Elmer Thomas (D., Okla.) of the committee which heard Brannan, said legislation to back up Brannan's proposal would be offered in congress.

give the federal housing expediter powers he does not have now. These would include authority to reimpose rent ceilings on previously-decontrolled areas and on other specified types of living quarters. Restored also would be right to control evictions, to sue for triple damages following overcharges, and to take criminal action against willful violators.

JACKSON DAY: Million Or More

"Happy Harry" Truman had pulled himself up by his own bootstraps, grasped the dark cloud of Democratic gloom and ripped it aside to disclose a satisfying silver lining.

And now, party big-wigs and adherents are smiling expansively in anticipation of hacking the million-dollar mark when the traditional \$100-a-plate Jackson Day dinners are held in February.

NOTHING SUCCEEDS like success, Truman might have reminded his followers—and because of his personal success, money, which was woefully lacking in Democratic party coffers before the election, is now expected to come rolling in.

Normally, anywhere from \$600,000 to \$700,000 is raised for the party at the dinners, but this year the national committee thinks it can surpass that figure and come nearer the million-dollar mark.

And they well may do it, for many people who wanted no part of Harry Truman during the campaign, and who kept their hands in their pockets, now are willing to give and give generously.

However, careful planning is going into this year's Jackson Day dinner project. One such dinner will be held in every congressional district of the larger states, and at least one dinner in each of the smaller ones.

Plans already have been mapped to seat an all-time high record of 3,000 at the Washington dinner.

"Of course there are still some lukewarm 'Wednesday Democrats,'" a committee said, "but the financial return this year should be terrific."

Chief Killer

Once again the nation's attention would be called to the fact that diseases of the heart and blood vessels are the leading cause of death in the United States.

The occasion: The American Heart association's 1949 national campaign. Hard to dramatize, because its victims seldom die spectacularly, heart disease is a major concern of those who deal with a people's health. The malady is responsible for one of every three deaths in the nation each year.

Rheumatic fever and rheumatic heart disease take a heavier toll from youngsters five to 19 than any other disease. Even in the years from 35 to 54, heart disease causes far greater mortality than the other leading killers, including cancer, accidents, tuberculosis, pneumonia and nephritis.

The chart tells its own story about the fatalities resulting from heart diseases in the nation.

The dates of the national campaign of the American Heart association are February 7 to 28. The dates of National Heart Week are February 14 to 21.

THE FUND-RAISING goal of the campaign is five million dollars. Of this, three and one-half million dollars will be used by local heart associations to maintain and expand their community cardiac programs. The remainder will be used by the American Heart association for expansion of its national programs.

The 1949 campaign slogan is art and compelling. It is: "Open your heart—fight heart disease."

COAL SUPPLY: Everyone Relax

The American male who must wrestle with the furnace, worry about keeping a fireplace full of fuel, concern himself with the possibility of a heatless future could sit back and relax.

There is enough coal under the surface of the United States to last a thousand years.

After that, somebody else could worry.

AUTHORITY for the extent of the nation's coal resources was Dr. Edward R. Weidlein, director of the Mellon Institute of industrial research.

Pointing out that half the world's known coal reserve is possessed by the United States, he asserted many industrial leaders and technical experts believe "that a large industrial development based on coal is in the making and that a considerable expansion in coal production is imminent."

PSYCHIATRISTS: Who's Next?

Americans had something else to worry about besides prices and possible war. It seemed the nation's chief need, despite any suppositions to the contrary, was more psychiatrists.

According to a subcommittee of the Hoover commission, nothing could be done about the nation's deplorable mental health condition until the present 4,500 psychiatrists were increased to 10,000.

Washington Digest

Politicians Settling Down To Practical Things Again

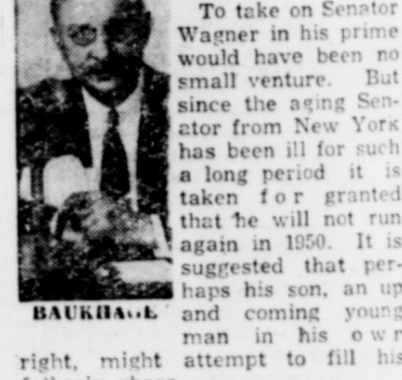

By BAUKHAGE

News Analyst and Commentator.

WASHINGTON. — With the mighty fanfare of the Democrats on inauguration day a fading memory and even the brave words of the past, the Republicans on Lincoln Day less than a whisper out of the past, the practical politicians on both sides of the aisles in the house and senate are hard at their practical politicking.

The sudden re-entrance of Governor Dewey on the political scene was something that took many of his fellow Republicans by surprise. Nevertheless, it would seem that many who don't like him because he lost last November and others who didn't like him enough to help him win last November, are willing to change their minds and really work for his election to the senate in 1950. They think he has a chance for the seat which Senator Wagner has held so long.

There is a tendency on the part of Democrats to shrug off this distant possibility with "Dewey can't do that either!"

BAUKHAGE

right, might attempt to fill his father's shoes.

That is always good political practice, for more than one candidate with a former hero's name, has been swept into office by voters who either didn't know their idol had departed or else thought a candidate by any other name couldn't smell as sweet. It was often declared that a number of old-timers had a vague feeling that FDR and TR were, if not the same, at least approximately the same person.

Meanwhile the Republicans are rapidly solidifying their forces for a concentrated battle over the repeal of the Taft-Hartley bill, and the way the atmosphere feels at this writing, Republican senators are offering the nearest thing to a filibuster that can be offered without actually being labelled one. Senator Pepper called it that from the start.

April is contract day for a good many unions and the race is to get the Taft-Hartley act off the books before then. If the Republicans can keep on amending and arguing past that date, it will be a distinct, if only temporary, victory for them.

It must have been quite a shock for the labor leaders to learn that the administration didn't think that labor won the election. Labor did a tremendous job for Truman, put in a lot of hard, fast cooperative work, dovetailing their programs with the efforts of the regular party workers.

But one Harry Truman did a lot of work, all by himself. When the A. F. of L. and CIO heads came down to Washington early in January

INAUGURAL COLOR FADES

Back to practical politicking

laying their demands on the line they were somewhat annoyed to find a number of top Democrats polite, grateful and gracious, but also just a little coy.

Newsmen outside one office door when an A. F. of L. delegation was waiting for members of Senator Thomas' labor and public welfare committee, heard much desk-pounding and one voice was strong enough to penetrate the thick paneling:

"We went up and down the country ballyhooing for the repeal of the Taft-Hartley act. And that's what we want now."

But the practical politicians in the house and the senate knew they were facing the fight of their lives. They knew they could count on some Republican support, but only if they sent down a bill which had something in it beside straight repeal. That is why the administration ordered a "one-package" measure, one that contained certain positive provisions. The unions were willing to let the old Wagner act come back into force, but the administration knew that was the wrong approach since there was considerable popular sentiment against undoing all that had been done in the way of scotching strikes.

Shake-Up Hits Probe Committee

One of the interesting changes wrought by the election was the reorganization of the un-American activities committee. This strange child, born of a desire of one Democratic congressman to check Nazi and anti-Jewish activity in this country back in the days of Hitler had become a problem child for the administration.

The father of the idea (it was a New York congressman), saw his offspring kidnapped at birth. It was seized by Republican Hamilton Fish of New York and later by Rep. Martin Dies of Texas and brought up in quite a different manner from what was intended.

The Democrats were pretty embarrassed with the committee before Dies was through with it, and when he decided to withdraw from the Washington scene they tried to squelch it but failed. It had proved too good a headline-getter for its members. Then along came the Republicans in 1946 and grabbed it, making it one of the administration's number one headaches.

As soon as Democrats returned to power they saw to it that the committee, now an accepted institution, was cleaned up. By one twist and another, they managed to eliminate all of the old members but one, Representative Wood, who is chairman. Membership was limited to lawyers, which was logical enough, for its faults were those which no honest lawyer would condone, and it was reformed to recognize civil rights and to conform to some of the fundamental principles of justice and civil rights with which the original organization scorned to bother. Witnesses are now permitted to give their side of the case, be represented by counsel if they desire.

Nothing has been done to hamper its effectiveness, and it should be able to render a real service from now on. As Rep. John McSweeney (D., Ohio) one of the new members, said: "The spy hunt should be carried to a logical conclusion, but I will not permit innocent men and women to have their names and characters besmirched by unfounded and unsupported accusations."

The un-American activities committee, as it was run before it was cleaned up, was an institution which simply could not continue to exist in America. It used methods which Americans will not tolerate, because if there is one thing an American demands, it is the right to be considered innocent until he is proved guilty. "Who steals my purse steals my trash... but he that filches my good name robs me of that which not enriches him and makes me poor indeed."

Comms at Work In Irvied Halls

One of the jobs which the committee under J. Parnell Thomas, was preparing to do was to investigate communism in American colleges. That sent the universities and colleges into jitters for fear academic freedom would be crippled as other freedoms had been by the fanatical members of the old group. However, there is no reason at all why a judicial investigation of this particular subject shouldn't be undertaken.

Canada received a distinct shock recently from Dr. Watson Kirkconnell, president of Acadia university. He made an analysis of the report of the Labor Progressive Party university students conference at Toronto last fall which was published by the SATURDAY NIGHT, a weekly magazine published in Toronto.

The report is a 14,000 word document which presents the Communists' own views on their position, in Canadian universities. It reveals, according to Dr. Kirkconnell, that there are militant Communist "nuclei" on the campuses at McGill, Toronto, Winnipeg, Saskatoon, Edmonton, and Vancouver, all under rigid party discipline.

There are known to be a number of similar groups, doubtless working with the same party techniques, in this country. In some places they are considerably weaker than they used to be.

President Can Help

JANUARY is a month when we have come to think of inaugurating Presidents and of raising money for children who cannot walk.

In addition to children, newspapermen became so long accustomed to a President who also could not walk, that they have been a little slow to realize that the President of the United States can now drop in on his friends on Capitol Hill without the least effort, and can amble in and out of the Capitol's entrances as fast as anyone else when he takes the oath of office.

For so many years it was necessary to build long, slanting ramps up inclines in order to avoid steps for the President, that the people in Washington became quite accustomed to it and took it for granted.

And during all the years Franklin Roosevelt was in office, the newspapers, including those hostile to him, said almost nothing about his infirmity. Even in private conversation people did not talk too much about the fact that the President could not walk. They just felt sorry for him and didn't mention it.

Only on his birthday was his infirmity brought home to the public, and then in order to help others stricken with his dread affliction.

An Idea for Truman

Today this column recalls these facts because as Franklin Roosevelt's birth again approaches, and as the span of years since his death increased, it is only natural that the money-raising effort which he inspired should somewhat diminish. Therefore here is an idea which may help revitalize it—an idea by which one President can help the work started by another.

Harry Truman not only can walk, but he can play the piano. And despite the advice of his daughter to stick to his few favorite tunes, a lot of people think he plays rather well. They enjoy hearing him.

Only a very few of the American people, however, have had the pleasure of hearing him. He has played at the dinners of his Oklahoma oil heiress friend, Mrs. Perle Mesta. He has played at the Press Club, and in the privacy of the White House.

And while it might not be dignified for the President of the United States to play before a large audience, there could be nothing wrong with Harry Truman's making two or three records for the American people for the benefit of Roosevelt's infantile paralysis fund.

For instance, if the President should make a phonograph record of his old favorites, "Missouri Waltz" and "Anchors Aweigh," I predict they would sell in the millions.

ASCAP Offers Aid

To test out the idea, I put it before Fred Alvert, head of ASCAP (American society of composers, authors and publishers). Alvert has written a good many songs himself, including two which sold over two million—"I'll Get By," and Big Crosby's theme song, "Where the Blue of the Night Meets the Gold of the Day." So he can be considered something of an authority on music. Furthermore, as head of ASCAP he is something of an authority on the sale of records.

Fred Alvert's reaction was immediate. He volunteered to obtain a waiver of all royalty rights from the authors of Harry Truman's favorites, and also offered to pay a good share of the cost of making the records. The only reason he didn't offer to pay all the cost was because he feared the sale would run into so many millions it would bankrupt ASCAP.

Anyway, there is an idea—an idea by which one President can help cure the affliction which struck another President. The records could be dedicated: "To a crippled President who helped a crippled nation—from Harry Truman."

Inaugural-Go-Round

Out-of-town detectives imported to augment the secret service were being paid \$30 a day during the four-day inaugural. Five hundred of them, drifted from neighboring cities, wore a secret insignia to identify themselves to each other. Ex-Sen. Curley Brooks of Illinois, Republican, who arranged the money for the inaugural, couldn't get more than two seats for himself. He thought he was making the preparations for the Republicans. Now he is defeated, and the Democrats are spending the money. No wonder senators were calling the inauguration "Curley Brooks' wake."

Ten thousand Dewey buttons turned up in Washington, distributed by the Freedom Train. What happened was that the American Heritage Foundation was able to get salvaged Dewey buttons at bargain rates and covered them over with freedom slogans. Oklahoma's flying L. bershops, harp-mony to the inaugural, had to sing without accompaniment.

Doing Things Together

"The American success is the
 story of large numbers of people
 doing something together. When an
 enterprise prospers, everybody con-
 nected with it prospers, and the
 success legend must be divided
 among them." The statement was
 made by Mr. Crawford Greenewalt,
 president of the Du Pont Company,
 who believes that America's unique
 position was achieved "not because
 we have more coal or more gold or
 more land, but because we have
 more incentive, more venture, more
 determination." Now, when the rest
 of us get out and talk that way, I
 believe that we will begin to see
 the greatness of America.

No Mere Accident

If management thinking at Du
 Pont is any key to the attitudes
 generally held in industry, I think
 we may all be encouraged to expect
 greater and greater things as
 America goes ahead year after
 year. Indeed, "the greatest good to
 the greatest number of people" is
 a description that just fits Amer-
 ica. But it is no accident. It in-
 cludes the ways we cooperate, capi-
 tal with labor and labor with capital
 —until actually there are no dif-
 ferences.

Better Than Average

When you consider that persons
 willing to deny themselves put up
 their savings to the tune of \$13,500
 for each worker at Du Pont, you see
 how the stockholders cooperated.
 That makes a good solid invest-
 ment behind the average Du Pont
 worker. It's higher than average.
 Proper and wise use of tools and
 human energy enabled this average
 worker to collect \$10,600 for his part
 of production. That's higher than
 average.

Out of this \$10,600 had to come
 costs of producing the goods. About
 42 per cent, or \$4,410, went for raw
 materials, power, and other neces-
 sary expense. This average work-
 er himself was paid \$3,330. The gov-
 ernment tax bill was \$1,030. There
 was put aside \$730 to replace and
 modernize tools that wore out. All
 these costs came to \$9,500, which
 taken from \$10,600 leaves a profit
 of \$1,100. On an investment of \$13,-
 500 that's about 8 per cent. That's
 not bad either.

What Makes America?

However, stockholders were asked
 to leave \$280 of this profit in the
 business, making \$13,780 for this
 average worker to use the follow-
 ing year. Stockholders were then
 paid \$820 in dividends, or about a
 6 per cent return on their money.
 This is the way that Du Pont's an-
 nual report reads, in terms of each
 worker. It represents wonderful co-
 ordination of the worker-management
 team. When you duplicate this
 many times, with big and little busi-
 ness, you've got what makes Amer-
 ica.

The measure of America, then,
 is how well all of us cooperate.
 We've done a wonderful job in the
 past, despite misunderstandings
 here and there. This system, that
 permits us to use all our talents and
 all our resources, is sometimes
 called "free competitive enter-
 prise." But it is also a wonderful
 adventure in cooperation. More than
 any other land today, more than
 can be found of any nation in his-
 tory—we have succeeded in bring-
 ing "the greatest good to the great-
 est number of people."

"LIVE WIRES" by

VERNON COOK

This is a diesel ... a modern locomotive that means better service to you.
Leaders of two unions think it's a feather-bed ... a "make work" job that means less service to you.

● Leaders of unions representing rail-
 road engineers and firemen seek to force
 railroads to add extra, needless men on
 diesel locomotives. This is sheer waste
 of a "make-work" program which would
 mean fewer improvements and higher
 costs—for YOU!

Railroads use modern diesel locomotives be-
 cause they are one of the means of giving
 faster, better service to you.
 Two men compose the crew of a diesel.
 They occupy a clean, comfortable cab at the
 front. The engineer handles the throttle. The
 fireman sits and watches the track ahead.
 With no coal to shovel, he has practically
 nothing else to do.

No Benefit To You

Now the leaders of the Brotherhood of Loco-
 motive Engineers and the Brotherhood of
 Locomotive Firemen and Enginemen want
 to use the diesel locomotive as a means of
 forcing a feather-bedding scheme on the rail-
 roads. The extra men they propose to add to
 the diesel crews are not needed. There is no
 work for them.

The union leaders are fighting among them-
 selves about which union should furnish
 these extra, needless men. The Brotherhood of
 Locomotive Engineers have even threatened
 a strike. You may not be interested in this
 dispute of these two unions, but you would
 be vitally concerned if these groups succeed in
 putting through this feather-bedding scheme,
 because it would mean a slowing up of the
 improvement program of the railroads—of
 which the diesel is the outstanding symbol.
 Diesel crews are among the highest paid

railroad employees—real aristocrats of labor!
 Their pay is high by any standard. Granting
 of these demands, therefore, would mean that
 the railroads would be paying out millions in
 unearned wages to those in the very highest
 pay brackets.

We'd Like To Spend This Money On You

You know how much the diesel has meant to
 you in increased speed, comfort and con-
 venience. The railroads have many more of them
 on order for even greater improvement in
 service to you. But needless drains of money,
 such as this present demand of the unions for
 needless men on diesels, reduce the ability of
 the railroads to spend money on better ser-
 vice for you.

Proud as the railroads are of the diesel, it is
 only a small part of their improvement pro-
 gram. Since the War, literally billions of dol-
 lars have been spent on improvement of

tracks and stations, on new passenger and
 freight cars, as well as on diesel locomotives,
 and on the many other less conspicuous de-
 tails of railroading that contribute to im-
 proved service.

Feather-Bedding Means Less Service To You

But brazen feather-bedding schemes like the
 one now proposed would, if successful, divert
 large sums of money from our present im-
 provement programs. Even worse, they make
 improvements like the diesel worthless, by
 making the cost of their operation prohibitive.

These demands are against YOUR interests
 —as well as those of the railroads. They are
 schemes to "make work". Neither you nor
 the railroads should be forced to pay such a
 penalty for progress.

That's why the railroads are resisting these
 "make work" demands to the last ditch—and
 why they are telling you about them.

Who Wants "Housing"?

The central planners are at it again. They are getting set to try to push housing legislation through the special session of congress. There is hardly a bill to be considered that the "planners" and socialist-minded experimenters will push harder than a public housing bill. They realize that government housing, and the huge and wasteful spending that goes with it, would put the federal government right in business.

What is the origin of the idea that our government should subsidize housing and pass out the costs of it to the taxpayers? Where does the idea come from that the government of a nation is obligated to furnish houses and lodging to its people? These ideas did not originate in America, the land of the free. They came from Europe and from Russia. These ideas have been tried over there. They have never turned out any results, except colossal failure.

Promise and Spend

The only lasting effect of European public housing has been public debt. Their projects did not give them more houses, nor eliminate slums, nor provide homes for the poor. However, their experiments did give the Socialists and Communists a free ride to power. Time after time, these political gangs rode to power on public housing programs—so easy was it to promise and spend, promise and spend. Now, their people continue to pay heavy taxes for projects long since dead.

It is amazing the lessons of history are thus ignored, and the American people are asked to turn over their housing problems to the government. Our nation is great today, and our land a land of plenty, because we Americans have had the initiative to do things for ourselves. We have not been willing, in the past, to turn our everyday lives over to an expanding government. Our fathers did not stand back and beg the federal government to do everything for them.

Unhappy Times

The British people have had unhappy times with public housing and subsidies. During the thirties they tried public housing on a large scale. But it was only after government had failed, that private industry came in and produced a real boom in housing. The present Socialist government in England is interested in public housing. It is routine there to interfere with the liberties and freedoms of the people.

It is estimated that the American public spends more than four billion dollars a year on sports.

PNEUMONIA IS STILL A CHIEF KILLER

A statement from the State Health officer discloses the fact that 2,531 Texans died from pneumonia during the year 1941 and emphasizes his oft repeated warning that this disease is a killer. Pneumonia is caused by the pneumococcus germ which is present in the bodies of almost everyone and ready to start trouble if the resistance becomes lower for any reason. We can build up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather, sufficient clothing should be worn to keep the body warm. Keeping the temperature of our homes and offices as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the home.

Another method of prevention in pneumonia is to never neglect a cold, for the common cold often opens the door for pneumonia if it is neglected. A person with a severe cold should stay at home and call his physician for advice, if temperature persists and the cold lingers on. He should follow the doctor's advice until the cold has entirely disappeared.

Another advantage of consulting a physician when suffering from a cold is the fact that when the patient mistakes for a severe cold may be the beginning of pneumonia. If this is the case, the doctor will have an opportunity to begin treatment early, which adds materially to the patient's chances for recovery.

Bayonne, New Jersey, was settled by the Dutch in 1665 and is a world center for the refinement of oil products.

Grover Cleveland is the only person to have served two terms as President of the United States that were not consecutive.

The City of Chicago is the home of 10 major and a number of minor universities.

Daniel Webster, outstanding early American statesman, was first elected to Congress in 1812.

Dental Day Is Set

Observance of the first National Children's Dental Health Day on Feb. 7th has been approved and commended to Texans by an official Memorandum signed by Governor Jester.

The Dental health of Children is of prime importance to their general well being and every child should be under the regular care of a competent dentist from the time he is 30 months of age.

Much can be done in the way of tooth decay prevention under way of today and studies are under way at present which may lead to still further advances in the control of dental caries. Two Texas cities with almost identical fluoride content in their city water supplies are being used in one experiment. Sodium fluoride is being added to the supply of one city and the results in the reduction of dental car

ies checked against that of whose water supply is not. This experiment has been in progress only 29 months and is early to establish a positive opinion but the results checked have demonstrated a decided tendency to caries reduction in the where sodium fluoride is added to their drinking water.

Early training of children in good dental hygiene will aid them in keeping their teeth and gums in good condition their regular visits to the dentist will enable him to make appropriate actions as soon as they are

Buy Automatic Gas Ranges

The Only Unbiased Buying Guide of its Kind in the Major Appliance Field

The "CP" trademark indicates that the automatic gas range on which it appears is manufactured by a member of the Gas Appliance Manufacturers Association. These specifications are created by the Association on recommendations made by leading gas range manufacturers, gas utilities and home economists. Not all models bearing the "CP" trademark are alike but all models must be pre-tested by unbiased laboratories before they can bear the "CP" trademark.

TractorKab BETTER LIVING BETTER FARMING

MORE CORN IN THE CRIB

Put your corn picker night and day in all kinds of weather. Corn shucks better on those damp cold days that drive many workers from the field. Don't let an early snow catch you with high-priced corn still in the field. It's expensive bird feed! Get a TractorKab now.

MORE MANURE ON THE LAND

Manure manure every day all winter—keep barnlots clean. Keep fields fertile. A warm TractorKab will make manure hauling pleasant on colden days.

MORE WHEAT IN THE BIN

More plowing done on time, more seeding done when it should be done, more energy for a better harvest. It's yours with TractorKab!

MORE BEEF—MORE MILK

Feed your stock every day—at the right time, in the right way. Eat hay-grain-silage the modern, money-making way with a TractorKab.

MORE HEALTH AND HAPPINESS AT HOME

Should you work in misery when the rest of the world works in comfort? A warm TractorKab protects you, puts your farm in tune with modern America. You've earned this protective convenience by years of hard and exhaustive wartime production.

WHO WILL DO YOUR WORK IF YOU ARE SICK?

If exposure to rains or cold sends you to bed, who will take care of your livestock? Will your help do the job right, or will your wife be forced to take on the burden of farm duties in addition to her household work? Buy a TractorKab now.

SERVE CHERRIES IN DESSERTS THIS MONTH!
(See Recipes Below)

CHERRY FAVORITES

FOR A MONTH which is short, February has more than its quota of holidays. Just in case you're entertaining for even one of these, I've planned a number of popular desserts from which you can take your choice.

Youngsters and oldsters alike will enjoy colorful desserts whether they're for family diner or a party. You may serve them ice cream, cake or pudding, or pie, if that's your favorite dessert, and it's bound to be a hit.

Here are a number of top-notch cherry dessert recipes which may be used during this month or any other. Starting with a cherry pie filling, you'll find that several other desserts can be made from it. Filled cup cakes, cherry sundae topping or a cherry frozen pudding, all are made using the same, easy basic cherry sauce that is used for pie filling. The sauce may be stored in the refrigerator for later use or for quick snacks when company drops in to call.

YOU'LL FIND that canned cherries are convenient to use and somewhat lower in price than last year. The following recipes call for water-packed cherries. If you use those packed in syrup, reduce the sugar in the recipe to 1/4 cup.

All-Purpose Cherry Sauce

(Makes 2 1/2 cups)

- 1 No. 2 can red sour pitted cherries
 - 1/2 cup sugar
 - 2 tablespoons cornstarch
 - 1/4 teaspoon salt
 - 2 tablespoons butter
- Heat the drained liquid from the cherries. Combine sugar, cornstarch and salt. Sift into the boiling liquid and cook until thick and clear, stirring constantly. Remove from heat; add butter and cherries.

Cherry Pie

Fill an 8-inch baked pie shell with 2 1/2 cups of the all-purpose cherry sauce. Garnish with 3 tablespoons shredded coconut mixed with 1 tablespoon grated sharp cheese.

Cherry Sundae

(Serves 4)

- 1 cup all-purpose cherry sauce
 - 1 pint ice cream
- Prepare the cherry sauce. Divide the ice cream into 4 servings. Top each with cherry sauce. Serve sauce hot or cold.

Cherry Filled Cup Cakes

- 2 1/2 cups all-purpose cherry sauce
 - 10 cakes
- Prepare the cherry sauce. Cut off tops of cup cakes and scoop out centers. Fill with cherry sauce. Serve with vanilla-flavored whipped cream.

Frozen Cherry Pudding

(Serves 6)

- 1/2 pint whipping cream
 - 2 1/2 cups all-purpose cherry sauce
 - 3 drops almond flavoring
- Whip cream until stiff; fold in cold cherry sauce and flavoring. Pour into freezing tray of mechanical refrigerator and freeze until firm but not hard.

IF YOU'RE looking for other cherry recipes with which to celebrate any event, you'll like the following selection. The first is a delicious cookie:

LYNN SAYS:

Food Tricks Make Dishes Appealing

To broil pears, halve and core fresh fruit. Dip in French dressing and sprinkle tops with grated cheese. Broil until brown. Use the tough portions of broccoli cooked and pureed, mixed with cream sauce and hard cooked eggs for a nice vegetable dish. Spice apple sauce and serve it with a small scoop of ice cream and a few crisp refrigerator cookies for a simple dessert.

LYNN CHAMBER'S MENU

- Braised Rump Roast of Beef
- Browned Potatoes
- Carrots
- Gravy Onions
- Bread and Butter
- Orange-Onion Salad
- *Frozen Cherry Pudding
- *Recipe Given
- Beverage

Cherry Dainties

(Makes 3 dozen)

- 1/2 cup sweet butter
- 1/4 cup sugar
- 1 egg yolk
- 1 tablespoon grated orange rind
- 1 tablespoon lemon juice
- 1 cup sifted flour
- 1/2 teaspoon salt
- Chopped nuts
- Candied cherries

Cream butter, add sugar and cream thoroughly. Add egg yolk, rind and lemon juice. Mix well; add flour and salt. Mix to a smooth paste. Roll into small balls, the size of marbles. Dip each in slightly beaten egg white and roll in chopped nuts. Arrange on greased baking sheet and press a piece of candied cherry in each cookie. Bake in a moderate (350° F.) oven until golden brown, about 12-15 minutes.

George Washington Cake

(Makes 2 9-inch layers)

- 1/2 cup shortening
 - 1 1/4 cups sugar
 - 2 3/4 cups cake flour
 - 1/4 teaspoon salt
 - 1 teaspoon baking powder
 - 1/2 teaspoon soda
 - 1 cup sour milk or buttermilk
 - 1 teaspoon vanilla
 - 4 stiffly-beaten egg whites
- Thoroughly cream sugar and shortening. Add sifted dry ingredients alternately with sour milk and vanilla. Fold in egg whites. Bake in 2 waxed-paper lined 9-inch pans in a moderate (350° F.) oven for 30 minutes. Put layers together and frost with the following frosting and garnish with maraschino cherries.

Twice-Cooked Frosting

- 2 cups sugar
 - 1/2 cup water
 - 1/4 teaspoon cream of tartar
 - 1/4 teaspoon salt
 - 2 egg whites
 - 1 teaspoon vanilla
- Cook sugar, water and cream of tartar to soft ball stage (236° F.). Add salt to egg whites; beat until frothy. Place over hot water and gradually add sugar syrup, beating constantly. Continue beating until mixture forms peaks.

Cherry Pudding

(Serves 6-8)

- 1 quart hot milk
 - 2 cups dry bread crumbs
 - 3 tablespoons butter
 - 4 eggs, slightly beaten
 - 1 1/2 cups sugar
 - 2 1/2 cups red, sour canned cherries drained
- Pour the scalded milk over the bread crumbs and mix with remaining ingredients in the order given. Pour into a greased casserole and bake in a moderate (350° F.) oven for 45 minutes or until set. If you desire a sauce for the above pudding, use the cherry juice from the canned cherries, sweeten it to taste and thicken with 2 teaspoons of cornstarch mixed with the sugar. Cook until clear and serve warm or cold.

Released by WNU Features.

This pancakes spread with strawberry, raspberry or blueberry jam, then rolled and sprinkled with powdered sugar make a delightful dessert. Slice liver in strips and cook it with celery, onions and Chinese vegetables. Season with brown and soy sauce and serve over Chinese noodles. It's delicious. Did you know that a bit of curry powder in corned beef hash will put it in the elegant class? You can stuff green peppers with the mixture for a meal in one dish.

THE BIBLE SPEAKS

International Union Sunday School Lessons
By DR. KENNETH J. FOREMAN

SCRIPTURE: Mark 2:1-3:6
DEVOTIONAL READING: Luke 11:37-46

Inevitable Critics

Lesson for February 13, 1949

ONCE UPON a time, so the old story goes, there was a chameleon, a lizard that can change its color to match whatever it stands on. They put him on a black cloth and he turned black; on a red tablecloth and he turned red; on a green billiard table and he turned green. Then some mean person set him down on a Christmas necktie—and the poor little thing exploded.

Dr. Foreman

This is a parable of the person who tries to please everybody. It can't be done—and it ought not to be tried. "Woe unto you," said Jesus, "when all men speak well of you."

Jesus Christ himself did not please every one. Not even a perfect personality can be 100 per cent popular. Not that Jesus enjoyed rubbing people the wrong way. There was nothing perverse about him. He was deeply sincerely, friendly, and to lose any friendships must have been even more painful for him than for us who are so selfish. Nevertheless he did make enemies, he had his critics; and his followers may expect no better.

Misunderstanding Motives
ONE POINT on which Jesus met terrific opposition was his attitude toward the Sabbath. Repeatedly he or his disciples would do things on the Sabbath which (as Jews then understood the law) were quite wrong. There are Jewish communities in Palestine today where a man walking on the street on the Sabbath smoking a cigarette would be warned to put it out; for it is against the Mosaic law to light a fire on the sacred day, even a tiny fire at the end of a cigarette.

It was just that sort of thing that Jesus ran into, more than once. His enemies misunderstood, or at least misrepresented, his motives.

They claimed that he was "blasphemous," that is, that he was deliberately making light of God's law. The truth was that he was acting by God's highest law—the law of love. Helping people in need was more important than keeping the letter of the Sabbath law. Jesus' example may help us here.

Stepping Out of Bounds
WHEN Jesus healed the man with the palsy, it was not the cure his critics found fault with, it was his first saying "Your sins are forgiven." "Who can forgive sins but God alone?" they said. In short, the Pharisees thought—some of them perhaps sincerely—that Jesus was stepping out of bounds, pretending to do something that he had no right to attempt and no power to accomplish.

Now Jesus did have both the right and the power to say what he said to that sick and sinful man. And he made no apologies for going beyond the limits his critics set for him.

So we too may sometimes be accused of "biting off too much," of going beyond our powers or capacities. Our critics may be right, you know, though Jesus' critics never were. But how often they are wrong! If Lincoln had listened to his critics he never would have left his backwoods law office; they did not think him fit to be president. If the Wright boys had listened to their neighbors, they never would have flown an airplane, for who would have thought a couple of bicycle mechanics could do what so many scientists said was impossible?

The Company You Keep
JESUS' friends got him into trouble, as Mark shows us. For one thing, some were the "wrong sort" like Matthew the tax-collector. Then his friends had an unconventional kind of religion, they actually seemed happy about it instead of gloomy like some of John's disciples. And to make matters worse, his friends "broke" the Sabbath laws much as Jesus did. All in all, Jesus' critics complained that Jesus' friends were a bad lot, and they judged him by the company he kept. But Jesus knew his friends better than his enemies did.

He never gave up or loosened a single friendship on his critics' account. Some of his friends gave him up, but he never gave them up.

So the Christian, if he has anything like Jesus' gift for making friends, may find himself criticized for their sakes.

Watch Out For It!

2,4-D, the famous weed killer, will also kill most legumes, most vegetables, garden flowers and shrubbery, says NDAC extension service.

Household Hints

In ironing cotton sheets and pillowcases, use warm water for sprinkling because it penetrates the fabric more quickly than cold water.

Do not use too hot an iron or use too much pressure when ironing the folds of sheets. This results in weakness at the line of the folds and finally causes cracking of the sheet along these lines.

In removing stains from sheets and pillowcases, special methods should be used for the various types of stains. Lipstick usually comes out when bleached in hot, sudsy water. If it refuses to come out, the stained part should be bleached with hydrogen peroxide or Javelle water. If breakfast-in-bedders have spilled coffee or chocolate, the spots will usually wash out in hot sudsy water. To remove fruit stains, pour boiling water through the stain. If it is stubborn, bleach with hydrogen peroxide or Javelle water. To remove iron rust, apply a solution of oxalic acid and rinse thoroughly.

It is not necessary to iron Turkish towels. Ironing may mat the loops and make the towel less absorbent.

To make fudge squares uniform in size, pour the fudge in ice cube trays which have been greased with margarine. The fudge hardens quickly and each piece is uniform.

New towels should be laundered before use for better absorbency and sanitation.

No Longer Constipated

"Since I made ALL-BRAN my breakfast cereal I've stopped taking laxatives!"—Mrs. V. DeBonis, Philadelphia, Pa.

If your diet lacks bulk for normal elimination, this delicious cereal will supply it. Eat an ounce every day in milk—and drink plenty of water. If not satisfied after 10 days, send the empty carton to the Kellogg Co., Battle Creek, Mich., and get DOUBLE YOUR MONEY BACK. Order KELLOGG'S ALL-BRAN today.

This Home-Mixed Cough Syrup Is Most Effective

Cough medicines usually contain a large quantity of plain syrup—a good ingredient, but one which you can easily make at home. Take 2 cups of granulated sugar and 1 cup of water, and stir a few moments until dissolved. Or use corn syrup or liquid honey, instead of sugar syrup.

Then get from any drugstore 2 1/2 ounces of Pinex, pour it into a pint bottle, and fill up with your syrup. This gives you a full pint of wonderful medicine for coughs due to colds. It makes a real saving because it gives you about four times as much for your money. Never spoils. Tastes fine.

This is actually a surprisingly effective, quick-acting cough relief. Swiftly, you feel it taking hold. It loosens the phlegm, soothes the irritated membranes and makes breathing easy. You've never seen anything better for quick and pleasing results.

Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way.

Pinex Is Dependable!
