

# THE O'DONNELL EX

VOLUME XIII

O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, OCTOBER 1, 1936

NUMBER 48

## Rex Theatre To Present "The Green Pastures"

The management of the Rex Theatre announces the showing of "The Green Pastures" October 11 and 12, the most notable film in a decade.

The management also asks that the patrons who wish to see the picture, to try and make every effort to see it from the start to the finish. We give this for the benefit of the public, in order that they might enjoy the picture more.

The Rex, will however, remain selling tickets at the box office for those who come late. But again we ask you to come early and see it through.

The picture has an all colored cast including the famous Hall-Johnson choir, of world recognition. Never will there be another picture that will equal "The Green Pastures."

## ESTIMATES ARE MADE FROM COUNTY PLANNING SURVEYS

College Station, Sept. 29.—Farm men and women of Texas from 204 counties who turned in program planning surveys instituted by the Extension Service estimate that if farm lands were adjusted to maintain soil fertility and control erosion that the farm population in the State would not in the judgment increase more than 13,000.

George E. Adams, assistant state agent of the Extension Service and chairman of the committee on farm planning, pointed out that these figures are taken from estimates made entirely by those living in the country as farmers and farm homemakers.

Other things brought out in the survey, which has been sent to Washington for compilation with figures from other states in a national report, was that the farm men and women of Texas estimate that there should be a decrease in crop land, especially in cotton and wheat, and a corresponding increase in pastures and grain for feed.

They also estimate that there should be a decrease in the 350,000 head of cattle and 320,000 hogs on Texas farms, partially, at least, for home use. These committees also found that more cotton and orchards were needed to supply vegetables and fruits for home use in Texas.

This county planning activity will go ahead in Texas this year under the supervision of an Extension Service committee consisting of George E. Adams, state agent, and J. W. Smith, county agent, Blair, specialist in foods and nutrition, Miss Mildred Horton, vice director and state home demonstration agent, R. W. 1909 unit a month for six consecutive months beginning with March of this year—a feat unparalleled in its history.

## CHEVROLET TRUCK SALES REACH NEW HIGH PEAK

Sales of Chevrolet trucks during the current year have shattered all previous truck records in Chevrolet history. W. E. Fish, commercial car manager, announced this week.

Sales in date since Jan. 1 have totaled more than 28 per cent above those for the same period last year, and more for the corresponding year last year.

87 per cent above those of the corresponding period in 1935, the all-time record year, he said.

"Truck sales through August," said Mr. Fish, "were 183,675 units, as compared with 139,296 last year through August and with 139,387 in 1929. Chevrolet dealers sold more than 20,000 units a month for six consecutive months beginning with March of this year—a feat unparalleled in its history."

The outlook for truck business continues good. There is every reason to expect a new all time high mark at the end of the current year."

## ON TEXAS FARMS AND RANCHES

J. W. Engfinger of Lamb county proposes to have plenty of feed for his dairy cows this winter in the face of scarcity and high prices. He filled one ton trench silo in August with heifer, beef, and corn bunnies, and another one in September.

The first trench silo in Bailey county was filled in 1935 by L. Smith's farm in the West Camp community. Twenty-four trench silos were filled last fall and 30 more this fall, making a total of 54 now in use in the county.

Nine farmers terraced 1,097 acres of land in Freestone county, during the 1935-36 season, according to R. W. Howe, estimates that the work was done at a cost of 32 cents per acre with the use of the county grader secured by the cooperation of the county commissioner. Howe supervised the terracing of 500 other acres without the use of the county equipment. He reports the cost a little less per acre, but the terraces not quite so good as where the heavy county equipment was used.

Alfalfa demonstrations in Swisher county are planned by three farmers working with county agricultural agent P. C. Colgin. The agricultural conservation program has made many farmers legume-minded, and alfalfa demonstrations will be on the increase wherever this legume can be grown.

## EAGLES' SCREAMS

Editor-in-Chief Mildred Goddard  
Sports Editor George Le  
Joke Reporter Eldon Carroll  
Fire Chief Anna Mae Cross  
Bobbie Carroll

## Pep Squad News

The caps have been ordered and the material has arrived, therefore the pep squad girls are getting costumes made. It isn't definite as whether the girls will get to go to Roosevelt Friday but it is definite that they will go to Ropes Friday week. So cooperate with us and the boys will win.

## The Seniors

The Seniors in this year's graduation class that were Juniors here last year were Juniors here last year. They have arrived and the seniors are terribly busy getting money together to pay them. The new seniors have made their order, but their rings haven't arrived. The invitations have also been selected.

## Zel Fritz is Back after Two Weeks Illness

The class looked at some class pins and rings last Friday and we all are about ready to get our jewelry for 37. We did not decide on anything, but expect to go so this week. The Seniors have already begun expecting things of us as they wanted to know if we would have a party. They are already talking about that "Junior-Senior" banquet of 37, too.

## Soph News

The sophomores have selected purple and gold for their class colors. Jewel Singleton, a Soph, has returned home from Lubbock after an operation for appendicitis. She is getting along nicely, and we hope to have her back in school next week.

## Fish News

Our sponsor, Mr. Armstrong, has been sick, but we are glad to say that he is now back in school.

We have a boy in our class, Douglas Owens, from Priddy, Texas. We are trying to learn his ways as he came from a foreign country. He hopes some day to teach Mr. Hickox some math.

## We are not sure, but we think very strongly that Catherine Allen has been using Mack Bradley's locker for a note box.

## Plays To Be Selected

Plans for one and three act plays are underway. Mrs. Charles Cathey has charge. Mildred Goddard, Bobbie Carroll, and Zel Fritz have been selected as a committee to choose the plays for Senior and Junior class and also the public speaking class.

## Society

Members of the Senior class had a theatre party Saturday night. They attended the Rex Theatre, seeing "The Bride Walks Out." Plenty of noise and pop corn entertained them throughout the show. After the show they went to Lamesa to the skating rink.

## Jokes

Miss Gilbert: Mildred, what part of speech is women?"

Mildred: "Women ain't part of a speech, she is all of it."

Mrs. Stokes: "Now Herman say your prayers and go to sleep."

Herman: (A football enthusiast) "God bless Ma, God, bless Pa, God, bless me, Rah! Rah! Rah!"

## Big Prize in Fair Amateur Contests

A total of \$140 will be paid to winning amateurs in the five amateur contests which will be held during the Dawson County Fair here October 15-17.

Elimination contests will be held Thursday afternoon and night October 15, Friday afternoon another contest will be held and a fourth will be held Saturday afternoon. Prizes for the four elimination contests will be \$8 first, \$7 second, \$4 third, \$2 fourth, and five prizes of \$1 each, making a total of \$25 each contest.

The final contest will be held Saturday night, October 17th, at which time the Grand Prizes will be awarded as follows: \$15 first, \$10 second, \$3 third, \$5 fourth, making a total of \$38.00.

Contests will be held on the stage of B. E. Needles' big Sound truck which will be located within the Fair Grounds. The services of H. H. Hutto, who will conduct the contests, and the use of the equipment is being supplied to the Fair Association by Mr. Needles free of charge.

The Lamesa Compress, the Dawson County Cotton Oil Co., and the girls of Dawson county are supplying the funds for the amateur contest prizes.

Winners will be determined by the applause machine which records the amount of applause received by each contestant. Judges will read the machine and announce the winners.

Auditions will be held at ten o'clock each morning for the amateurs making application. Each applicant will be notified the place of auditions. Only applicants will be permitted to attend auditions.

All amateurs are urged to make application and try for the prizes. Application blanks may be had at Dal Paso Drug Store, Bryant Pharmacy, and Taylor-McCall Drug Store. All applications must be mailed to Amateur Contest, Box 845, Lamesa, Texas.

All performances must be entertaining—such as impersonations, singing, playing musical instruments of all types, readings, all types of dancing, boxing, short comedy acts, and any other wholesome entertainment.

First prize winners of each of the elimination contests will not be permitted to participate in any of the other programs except the final program. The winners of the elimination contests of honorable mention will be announced at the next succeeding contest, excepting the final contest which will be announced immediately after the contest. Contestants may enter more than one contest provided they can do different types of entertainment, and provided that it has been approved by audition. All contestants must be attentive and answer questions promptly—they must be courteous and considerate of the other contestants.

Notice of the place and time of auditions will be mailed to each applicant together with a copy of the rules which must be followed. Any amateur is eligible to enter the contest who is approved by audition.

## WPA to Curtail Projects During Crop Season

Big Spring, Sept. 26.—R. H. McNew, District Director for the Works Progress Administration, announced Saturday that it would be the policy of the W. P. A. to curtail operations or temporarily close down projects as workers find jobs at seasonal work.

This is in line with the Works Progress Administration policy to carry out projects solely for the purpose of providing work for the unemployed, and not because the community needs a road or street, or some other worthwhile project.

The number of workers leaving WPA projects for cotton picking has already materially reduced operations on construction projects in District 18; an even greater reduction is expected as the crop season gets under way.

## Jackson-Foster Nuptial Rites Solemnized in Clovis, N. M.

Mr. and Mrs. S. B. Jackson of Littlefield, Texas, announce the marriage of their daughter, Inez, to J. Russell Foster of O'Donnell.

The marriage took place at Clovis, N. M., August 29, in the home of the Rev. Wright Randolph, pastor of the Church of Christ.

The couple were accompanied by Mr. and Mrs. William H. Jackson of Sudan, brother and sister-in-law of the bride.

Mrs. Foster was a student of the Littlefield High School in 1933 and for the past two years has been employed by the Southwestern Associated Telephone Co.

Mr. Foster is the son of Mr. and Mrs. George D. Foster of O'Donnell and attended the O'Donnell High School.

The couple will make their home in Littlefield where Mr. Foster is employed by the Hardberger-Castle Gin Co.

BLACKEYED PEAS WANTED: Will buy considerable quantity of peas.—W. C. Sauls, O'Donnell.

## Teachers For Lynn County 1936-1937

Lakeview: Mr. and Mrs. W. N. Lewis, Miss Helen Allen, Mrs. B. A. Morrow, Tahoka.

Petty: G. C. McWhorter, Ruth Miller, Mrs. Beatrice Cromer, Tahoka.

New Home: J. T. Carter, T. C. Fanning, Ina McCollom, Pearl Hufstader, Mr. and Mrs. A. L. Pace, Mrs. Margaret Ross, Tahoka.

Joe Stokes: Mr. and Mrs. Roy Jameson, Route 6, Lubbock.

Dixie: N. P. Craig, Elaine Cavness, LeBrusha Macha, Tahoka.

Wilson: S. G. Anthony, J. W. Wilson, M. C. Brandon, Jack Miller, Dudley Wooden, Jewel Simpkins, Ethel Green, Mrs. W. L. Forrester, Ophelia Wilson, Marie Parks, Florence Dickson, Linda Franke, Curtis Cook, Geraldine Walker, Wilson, Texas.

Morgan: Mr. and Mrs. C. O. Head, O. W. Richardson, Ethel Brown, Wilson, Texas.

Gordon: Lester Rogers, Tommie Edith Wynne, Post, Texas.

New Lynn: Mr. and Mrs. J. B. English, Everett Williams, Mrs. Marie Englin, Margaret E. Henderson, Mrs. Laverne Smith Wynne, Post.

Grassland: H. M. McEachern, Mrs. Myrtle Mathis, Maida Strickland, Astena Harder, Post.

Edith: Mr. and Mrs. A. B. Griffith, Louise Hancock, Tahoka.

Rural High No. 1: F. C. Thorpe, R. K. Green, Warren Berzitt, Drucilla Eberhardt, Mrs. Lawrence Sanford, Alberta Surgen, Corbin Douthitt, Lowell Douthitt, Tahoka, Texas.

Joe Bailey: A. H. Roberts, Irene Beckham, Mrs. Jessie Russ, Tahoka. (Address A. H. Roberts at O'Donnell)

Midway: A. McWhorter, Lucille Keeton, Anna Lou Henderson, Tahoka.

O'Donnell: S. F. Johnson, V. D. Armstrong, Mrs. Morene Galney, Mrs. Paul Gooch, Miss Gilbert, Mr. Hickox, Miss Bennett, Louise Anderson, Christine Milwee, Jessie Gary, Mrs. John Vermillion, Mrs. Faye Westmoreland, O'Donnell, Texas.

Wells: Mr. and Mrs. Hamilton Still, Nola Shebourne, Elizabeth Harris, Jewell Ely, O'Donnell.

Pride: Carl Golden, Cordia Shepherd, Grace Harville, J. R. Kilpatrick, O'Donnell.

Newmore: Edward Simpson, S. D. Strainer, Louise Edwards, O'Donnell.

West Bar: C. S. Harris, Mae Duncan, Tahoka.

West Point: Mr. and Mrs. E. McWhorter, Tahoka.

Tahoka: R. C. Barrett, M. L. Penn, Prentice Walker, Cecil Ayers, Mrs. Leona Tunnell, Mrs. S. H. Assiter, Hazel Phipps, Carl Pratt, Miss Ada Hays, Miss Willode Dockey, W. K. Mathis, John Kirkwood, Lowell Douthitt, Linnie Tippitt, Mrs. Deek Dunagan, Mrs. W. D. Smith, Mrs. W. O. Henderson, Grace Williams, Mable Magard, Mrs. L. F. Criss, A. R. Bostick, Para Lee Sayles (colored), Tahoka.

When addressing teachers give the name of the school as well as post office. The first name after the name of the school is the name of the superintendent or principal.

## Post Office Moves To New Location

After several weeks of preparation the post office has moved into their new home. The new location being the building formerly used by the Mason Theatre. This building has been remodeled and all modern facilities have been added.

The post office has occupied the Singleton building since 1928.

## Mrs. E. T. Wells Hostess to Club

Mrs. E. T. Wells was hostess this week when the Tuesday Afternoon Club met at her home.

The large living room was decorated with bowls and vases of roses and lovely autumn flowers. At the conclusion of the games Mrs. L. E. Robinson was awarded prize for holding high score, and Mrs. Fred Henderson was given slam prize.

Refreshments of fruit salad pie with whipped cream, tea and coffee were served to the following members: Mmes Robinson, Henderson, Guy Bradley, B. J. Boyd, J. Mac Noble, Jr., W. E. Singleton, Harvey Jordan, Hal Singleton, Jr., Sam Singleton, M. J. Whitsett. The guests were Mrs. Faye Westmoreland and Mrs. Wingham.

**Murals Portray Texas Life**

Expressive of the four sections of Texas, their bountiful natural resources and historical background are the elaborate murals which adorn the walls of the \$1,200,000 Hall of State, the dominating building of the Texas Centennial Exposition at Dallas. At the top a section of one of the great murals found in the great hall portray two of Texas' foremost natural resources, oil and cotton. (In the extreme left may be seen the prow of a sea-going freighter, representing the vast shipping industry of East Texas and the lower Gulf Coast. In the center mural, which hangs in the North Texas room, Old Man Texas is the predominant figure. The lower is unmistakably typical of the heart of West. The paintings adorning the walls of the Texas Building's great hall are reputed to be the largest in the world. They portray the story of Texas, both in the days of the republic and after statehood. Although opened but a few weeks ago, the magnificent Hall of State has won a place as one of the nation's foremost memorial edifices.

homa to visit his uncle W. O. Starr. Mr. and Mrs. R. P. Flatt of Throckmorton visited Mr. and Mrs. Bill Miller last week.

**WOODY**

Mrs. D. L. Adcock, corres.

Due to the bad weather there was no Sunday school or church at the Baptist Church Sunday morning or night.

The Church of Christ had their regular preaching services at three o'clock. Mr. and Mrs. Ervin Ray, Mrs. Della Kinnison and children returned Saturday from the Centennial. Mr. and Mrs. P. J. Boatright and Mrs. Walter Boyd of Lamesa returned Sunday from the Centennial. Mr. and Mrs. J. F. Jackson had visitors from Big Spring the past week end.

A program rendered by the school children was enjoyed by a large group of patrons Friday afternoon. School will continue for two more weeks before turning out for the cotton harvesting. J. D. Banta and G. V. Waldrop have purchased new cats. Mrs. Vernie Moore of Big Spring and Jim Galley of Fort Worth are visiting. Mr. and Mrs. R. A. Vinant.

**O. K.**

High School English Department  
Sponsored by Miss Thelma Doves

Mr. and Mrs. Cecil Payne of O'Donnell spent Sunday evening with Mr. and Mrs. L. C. Keith. We had a nice rain welcomed by all O. K. farmers but we would have liked it better if it had come sooner. Mr. and Mrs. L. H. Clark of our community have just returned from the Centennial where they spent the past week.

Elmo Burkett spent the week end with Mr. and Mrs. Jack Burkett of O'Donnell.

Miss Mamie Tidwell and sister of Woody spent the week end with Gladys Fay Underwood.

Mr. and Mrs. Walters of Cisco visited Mr. and Mrs. John Burkett in our community last week.

Robert Mitchell's brother and sister James and Hattie Mae from Bartlett visited him Sunday.

J. L. Flowers of New Moore visited in the home of George McCasland Sunday.

Miss Rena Hester, who is attending Tech spent the week end with her parents Mr. and Mrs. E. W. Hester.

**Fair Tickets Delivered To Club Boys and Girls**

To date nearly two thousand fair tickets have been delivered to the 4-H club boys and girls who are selling tickets in the contest. About one hundred have entered and are trying for the fifty dollars in prizes offered to the boys and girls selling most tickets.

Hilton Hinsley, who has worked for C. E. Ray, has moved to Waco, and plans to enter Baylor University.

Mr. and Mrs. B. M. Haymes were visitors in Lubbock Tuesday afternoon.

W. L. Palmer was a visitor to the Lubbock Fair Wednesday.

Mr. and Mrs. W. E. Singleton and children, William Edward and Mary

Louise, accompanied by Mrs. Charlie Crawford were visitors to the Fair Wednesday.

Mack C. Bradley and L. E. Robinson Jr., attended the Fair at Lubbock on School Children's Day.

Mrs. Waldo McLaughlin was shopping and attending the South Plains Fair in Lubbock this week.

Mrs. Estelle Black, teacher of the 6th grade spent the week end in Tahoka with friends.

Mr. and Mrs. Guy Bradley and son, Mrs. C. C. Cabool and A. C. Lambert Jr. went to Lubbock Sunday to see the

picture Anthony Adverse.

Blackie Whitaker, Tasty Moore and Bob Dodd went to Lamesa Sunday.

Mrs. I. M. Wright called at the office Tuesday afternoon and sent the Index sent to her daughter, Mrs. W. R. Phillips of Atascosa, Texas.

Mary Bob Harrell, Correspondent

W. H. Frith was appointed chairman of the Sunday School Visiting Committee Sunday morning by Superintendent Ruby Bruton. Other members of this committee to serve for this quarter are Mrs. W. L. Lisenbee, Mary Bob Harrell, and Paul Edgmon. Mrs. Ralph Ranson is chairman of the new committee for opening exercises with Mrs. Jack Meares and Melvin Miller serving with her. Mrs. Walter Evans led in prayer meeting Sunday night.

Directly after the W. M. U. meeting Monday afternoon in which new names for the Forge-Me-Notes were drawn and the old names revealed, the Sunbeams met. The leader, Mrs. Ralph Ranson, taught the lesson, and the Sunbeam mothers, Mrs. W. J. Beckham and Mrs. W. H. Frith served suckers to the twenty-two children present.

The Pals Sunday School class went on a picnic Wednesday night to Turner Springs. Class members present were Elizabeth Rials, Bernice Petree, Ruby Bruton, Lela Stephens, Mrs. Ralph Ranson, Mary Bob Harrell, J. C. Frith, Elsworth Lisenbee, Adrian Simpson, Lonnie Stephens, Lowell and Victor Miller, Cleve Spencer, and Melvin and Elmer Miller. Visitors were Dorothy Jean and Louise Ranson of McCarty and Willie Lisenbee of Hobbs. Ruby Nelson of McCarty and Willie Weaver were united in marriage Saturday afternoon by Rev. Whitley. They are making their home in this community at the present.

Orchestra and choir practice were held Sunday afternoon.

R. P. Davis was critically ill Saturday night.

Eloise Qualls returned to her home in Wichita Falls from a visit with her aunt, Mrs. Bob Butcher and her grand parents.

Mr. and Mrs. Fred Bell and family visited Arch Moore of Bellard Sunday.

Wilmer Stephens and family of Lamesa visited relatives here Monday.

Mrs. Buster Davis is visiting relatives in Flag this week.

Mrs. W. W. Weaver is in Trent where she will spend the next several months with Mr. Weaver's mother.

Willie Lisenbee of Hobbs has been visiting his parents.

W. Beckham returned Monday from a business trip to Fort Worth.

Mr. and Mrs. Cal Sledge and family of Granbury are here visiting Mrs. Sledge's parents, Mr. and Mrs. G. W. Nelson of McCarty and two brothers and two sisters of this community.

Earl Bratcher and family and R. Little and family of Artesia, Slacy Bratcher and family of Heggerman, N. M. are visiting Clyde Bratcher and his father, P. Bratcher.

G. A. Doty from Louisiana is here visiting his sister Mrs. Clyde Bratcher. Thurman Patterson and family of Woody visited J. G. Patterson over the week end.

Willie Starr has arrived from Okla-

**Famed Characters Will Greet Pupils**

Two famous characters from history and fiction will greet Texas school children who visit the Centennial Exposition in Dallas this fall. They are Alice in Wonderland and Queen Elizabeth, Alice from the Tony Sarg Marionette Theatre, is seen here lighting Queen Elizabeth's pipe. Her Majesty rules over Merrie England where the Globe Theatre and Falstaff Taverns are located. Both Queen Bess and Alice have made special preparations to welcome Texas pupils from this district to the world's fair.

**History of Screw  
Worm Fly Control**

Cases of screw worms in livestock have been known in the United States since 1843, according to Joe E. Clayton, district screw worm supervisor, whose headquarters are at Gail, Texas. Authentic cases with positively identified specimens date back to 1882. The screw worm fly inhabits the southern United States, Mexico, Central America, the West Indies and South America, including Uruguay and the Argentine.

The pioneer cattle raisers of Texas recognized the screw worm as a serious pest of livestock, and there are many references made by the early entomologists and veterinarians to it in literature. One of the first materials recommended for treating cases was calamine which was placed directly in the wound. Later the use of choleform and carbolic ointment was adopted. None of these substances are now recommended.

The U. S. Department of Agriculture, Bureau of Entomology and Plant Quarantine, recommends the present method of treatment and control as the result of research work conducted by Dr. F. C. Bishop, Entomologist, and his associates of the Division of Insects affecting Man and Animals. Other important contributions have been made by entomologists and veterinarians of various state agencies.

In 1916 Mr. D. C. Farman, Entomologist of the U. S. Department of Agriculture, Uvalde, Texas, began studies of benzol, the present material for screw worm treatment. At the same time he and his associates developed the use of pine tar oil as a wound dressing and fly repellent.

In 1923 a contribution of great importance was made by Emory C. Cushing, Entomologist of the U. S. Department of Agriculture, when he discovered that there were two species of screw worms that had previously been confused as one species. The two flies although almost identical in appearance, are entirely different in habits. One designated as the true screw worm infests only the wounds of living animals. The second species, called the secondary invader, breeds in carcasses and decaying flesh. This discovery placed emphasis upon controlling infested wounds in living animals, thereby reducing the population of true screw worm flies, and upon preventing wounds in domestic animals and livestock.

From time to time outbreaks of territory normally infested by the fly—Louisiana, Mississippi, Tennessee, Kansas and other states. In 1935 a serious infestation occurred in Georgia, Florida and other southeastern States.

**IF YOU**

Are in the market  
for a good tractor

**I Can Save You  
Money!**

Come in and see us

**PALMER  
IMPLEMENT CO.**

The forces of the Bureau of Entomology and Plant Quarantine were immediately centered in that section and an extensive control campaign was begun. This control campaign was successful and the losses from screw worms in that area were greatly reduced.

At the present time the U. S. Department of Agriculture personnel working on the control of screw worms is directed from San Antonio, Texas. The problem is being approached through the use of proper animal husbandry practices and proper materials for treating cases. You can assist in this campaign by giving records of screw worm cases in your livestock to your local county agent or to the district screw worm supervisor, who will be glad to give you any information you desire concerning screw worm control.

The U. S. Department of Agriculture recommends benzol to kill screw worms in wounds, after which the wound should be coated with pine tar oil, specific gravity 1.065, to hasten the healing of the wound and aid in repelling further attacks of the fly.

**150,000 Used Cars  
Expected to Be Sold**

For the first time in the history of the automobile industry, Ford dealers throughout the United States will launch next Thursday a nationwide used car and truck clearance sale, which will continue throughout October.

The aim of the drive is to put into the hands of new owners before the month ends more than 150,000 sound, dependable used cars and trucks, taken in trade in the sale of part of the 1,000,000 old new 1936 Ford V-8s produced this season. The drive is not only the first nationwide clearance sale of its kind ever conducted by Ford dealers en masse, but also the first nationwide event of its kind in the history of the motor car industry.

Launched just in advance of the advent of cold weather, the clearance sale is intended to enable those whose cars are too likely to withstand the rigors of winter driving to acquire without extra expenditure used cars or trucks which will serve safely and dependably during the winter months. The rigors of winter driving to acquire without extra expenditure used cars or trucks which will serve safely and dependably during the winter months.

In preparation for the sale, dealers throughout the country are repricing their entire used car and truck stocks in order to permit clearance without delay.

Mr. and Mrs. B. J. Boyd spent the week end out of town.

Madames Harvey Jordan, Fred Henderson, and E. T. Wells and Miss Beverly Wells went to Lubbock Wednesday.

Rev. W. C. Hart visited with friends a short time Thursday. He is planning to spend the winter in Albany, Texas with his daughter.

FLOUNDERING IN THE SMALL SWAMP

**Milk Best Source of Farm Cash—Survey Indicates Steady Increase**

**DAIRY** farmers' income from milk for the first four months of 1936 increased \$25,000,000 over the first four months of 1935 according to K. V. Lipscomb, Texas dairy leader. As the largest single source of farm income, milk put \$435,000,000 in farmers' pocketbooks during the period—a new high since 1932. Although storms and food cost farmers and distributors extra expenses this year to get milk to consumers, increased farm milk income is particularly gratifying to the milk industry despite heavy losses, Mr. Lipscomb declared. Milk was less than 15 per cent of total farm income ten years ago, while for 1935 it was about one-fifth of the total. With yearly farm milk income about \$340,000,000 greater in 1935 than the 1925 total, dairying brightens the agricultural picture, as milk is paid for monthly while most crops only bring in money at the end of the season. During the last quarter of a century, the number of cows in the United States has grown to more than 25,000,000, with yearly milk production of approximately 46,500,000,000 quarts. These increases are due chiefly to scientific progress and expansion of daily distribution of milk to consumers. Increased cooperation of dairy farmers and milk distributors to produce high quality milk by maintenance of rigid health standards and a steady, dependable supply forecast continued improvement in farm return from milk during the year, according to Mr. Lipscomb.

**BANK GROUPS MAKE NATIONWIDE SURVEY**

American and State Banking Associations Collaborate in Investigation

**LOAN SERVICES STUDIED**  
Activities of the Government in the Banking Field Are Reviewed and Position of Banks Analyzed

NEW YORK.—Detailed bank researches, covering all phases of practical operating and economic facts and conditions related to banking, are being made by the American Bankers Association. The resulting material is being placed at the disposal of all state banking associations, which in many instances are extending the researches of the national association in their own states. These activities are said to be a part of the general program of banking development which is being carried on by the organized banking business.

Among the most extensive researches being conducted by the American Bankers Association is that of its Committee on Banking Studies, which is making a detailed survey of Federal Government lending agencies and policies. The basic material, which is kept up to date by continuing studies, shows where the Government agencies get the money they lend, what liability the Government assumes, what subsidy it extends, what return it gets, for what and to whom the money goes, and on what terms it is loaned.

**The Government in Banking**  
"It is not the intention of the committee to express its viewpoint about this agency," says the foreword to the material. "Its intention is only to determine the facts. These facts properly assembled and presented should help banks to meet Government competition if and where it exists. The committee believes the Government entered the lending field at a critical period in order to aid banks and financial institutions. If the time has come for the Government to withdraw, it is the duty of bankers to demonstrate their readiness to take care of all sound credit needs."

It adds that the banks must be equipped with full factual material as to the Government's emergency lending activities and procedures. That full cooperation has been given the committee by Government agencies in obtaining facts. Binders of the material gathered have been placed by the committee in the hands of state associations.

**Investigation of Postal Savings**  
The Committee on Banking Studies has also made a survey of the Postal Savings System throughout the United States to ascertain to what extent it is competing with chartered banks. Questionnaires were sent to banks in all places where Postal Savings depositories are operated and their answers will be analyzed as a basis for the committee's findings.

The Bank Management Commission of the American Bankers Association has made a nation-wide survey covering the movement among banks to increase their earning abilities "through fair and legitimate rates for services they render their depositors." It has developed a plan of account analysis as a basis of fair charges.

"All business in order to justify its existence is founded on the economic principle that a reasonable return should be expected from services rendered," the commission says.

**Personal Income Loans**  
The Bank Management Commission has also formulated methods for installing and operating personal income loan departments in banks. "This plan contemplates making loans primarily to individuals and small business concerns based upon the character and assured incomes of the borrowers, as distinguished from the usual basis for 'commercial loans,'" the commission says.

It points out that a large part of the population is not now making use of available bank credit and that "those people the personal loan department extends a valuable service which at the same time is profitable to the bank." It adds that it is "the duty of the banks to educate the public to come to the bank for all financial services. Small borrowers should be informed that the local bank is willing to care for their demands."

**Other Researches**  
Other researches are being made by the Economic Policy Commission of the association dealing with shrinkage in liquid commercial loans caused by economic changes in the nation's business methods while the National Bank Division has made studies of the lending and investment powers of this class of bank, the present status of the real estate investment field and of detailed data by states on earnings and expenses.

The Savings Division has gathered the facts showing savings in banks of all types, the number of savings depositors, the per capita savings for the country as a whole and the effects of current economic and social changes upon the savings habits of the American people. The association's State Bank Division has issued the most recent figures available as to the detailed conditions of state banks, showing steady improvement in the position of the state banks with rapid expansion in their aggregate resources, while the Trust Division has compiled a guide to fees with a recommended cost accounting system.

**FUEL TECHNOLOGIST EXAMINATIONS ANNOUNCED**

The United States Civil Service Commission has announced an examination for various grades of fuel technologists. The salaries range from \$3,900 to \$8,600 a year.

Applicants must have completed a full 4-year course leading to a bachelor's degree in a college or university of recognized standing with major work in chemical engineering, mechanical engineering, fuel technology, or chemistry, and must have had certain specified experience.

Full information may be obtained from Cleve E. Austin, Secretary of the U. S. Civil Service Board of Examiners at the post office in Lamesa.

Miss Emily Beck, returned missionary from Brazil will speak Sunday Oct 4 at Wells school house. Every one is cordially invited to hear this sermon.

**SAFEGUARD EYE-SIGHT WITH BETTER LIGHT**

I.E.S. LAMPS

Students who read and study at night need correct lighting to prevent unnecessary strain on their eyes. Tests have proved that insufficient light or light that is too glaring is tiring to the eyes and causes eyestrain troubles.

Give your child the benefit of a GOOD LIGHT for studying or reading. The I.E.S. Better Sight Lamps in our store and at electrical dealers are scientifically designed to make seeing easier.

Reading-Study Lamps for tables provide the right amount of glareless light for every seeing.

Lounge Lamps, also called floor reading lamps, are planned by easy chair or lounge.

Floor Lamps serve a special purpose in a study or office for general illumination.
