(Ed. note — the bond election is set for Oct. 4th)

I would like to personally give you the facts that I am familiar with, regarding the proposed bond

The total amount of the issue is \$50,000.00 to be repaid with interest over the next 25 years. The interest rate the first 5 years at 4 per cent, the next 10 years at 4 and onehalf per cent and the final 10 years at 5 per cent.

In order to pay this project out, we propose to raise the valuation after May 1, 1959, 50 per cent and lower the tax rate from \$ 1.50 to

Now this will give you tax pavers a net increase on taxes of 25.5 per

In other words if your taxes are \$100.00 now, then they would be \$125.50 in 1959.

With reference to the proposed civic improvements, the bond issue will have the three propositions. However we propose to use the money in approximate amounts as

1. \$5,000.00 for new City Park. (also paving around the park site)
2. \$25,000.00 for Swimming pool. \$10,000.00 for Community

club house. 4. \$10,000.00 for new City Hall and fire station.

Now a lot can be said as to the merits of this project and O'Donnell is noted for its contributions to various causes. I can think of no project where we Citizens of O'Donnell can get so much for so little as in these Civic improvements.

For many years we in O'Donnell have had to be content with the bare necessities of a city, but now even with this new Bond issue the City is in about average condition with reference to debt versus taxable valuation.

I feel that it is time for us to make a step forward in improving our city for our children, friends and neighbors. I realize also that

this proposal 100 per cent and I personally hope that you voters see that the issues carry, as I certainly believe that it is for the advance ment of our town.

We welcome your questions regarding the issue and would like to discuss it with any of you, wheather you are for or against it. J. T. FORBES

WHO INHERITS PROPERTY IN ABSENCE OF WILL?

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children, your wife's who will have it is to provide a will which will protect your rightful beneficiaries and dispose of your property in accordance with your wishes.

When a deceased has no will, or dies "interstate" as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it-but in many cases it is not.

The provisions of the law conserning the distribution of property of a person who dies without a will are rather complicated, and all of the possibilities cannot be covered

by a general statement. There are different rules for real estate and for personal property, for homestead property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribu-

tion of the property. For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your

If your husband or wife survives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are sur-viving children or descendants of deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half

by a general statement.

There are different rules for real estate and for personal property, for homestead property, and for all of the many possible combin-ations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your

If your husband or wife survives and there are no children, the sur-viving spouse receives all of the property.

If, in addition, there are surviving children or descendants of deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half

Of course, grandchildren do not share in the estate unless their par-ent who would inherit is deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the
