

Advances On Cotton To Be Made First

Farmers To Be Given 10c Per Pound That Tending To Fix That As Price Roosevelt Tells Corporation To Carry Out Pledge Given Planters; 4 Per Cent Interest

President Roosevelt announced Friday a commodity credit corporation would be created immediately with an initial capital stock of \$3,000,000 with authority to borrow from the Reconstruction Corporation and to lend on the security of commodities.

The President said the first duty of the corporation would be to carry out the pledge to loan farmers 10 cents a pound on cotton in an effort to raise cotton prices and increase farm purchasing power.

Indications are the corporation may later be called upon to loan on other commodities.

President Roosevelt made the announcement at his regular press conference.

Personnel of the corporation has not been completed, but probably will be conducted through Secretary Wallace.

The effect of the cotton loans will be to guarantee farmers against loss of cotton goes below 10 cents. However, there will be restrictions to prevent prices going too high. It was indicated if the price went above 15 cents the farmer would be compelled to sell.

The loans will be made at the nearest acceptable warehouse on all cotton above low middling grade of 7-8 inch staple.

The loans will bear interest at 4 per cent and will be made only between now and June 30, 1934. This means that only the present growing crop will be eligible for the loans and not the crop in the warehouses.

Farmers must agree to rent 40 per cent of next year's cotton acreage to be eligible for loans.

The \$3,000,000 initial capital will come out of the New Deal fund of \$100,000,000 provided by the Agricultural Adjustment Administration to remedy the crop surplus situation.

Local Teachers Attend County Meeting Sunday

Teachers of the Grammar school and high school attended a meeting Friday at Taboka Saturday responding one hundred per cent to the call of county superintendent H. P. Cavness.

The last legislature abolished the old teachers institute, but asked for two special meetings during the year. O'Donnell teachers had the only perfect attendance from the larger faculties of the county.

The chief purpose of the meeting Saturday was the organization of Inter-scholastic League for the coming year. A nominating committee composed of E. E. Gilbreath, A. L. Faubion of Wilson, and C. L. Vaughn of New Home submitted the following names for officers and they were elected unanimously: Director general, J. P. Pace, Taboka; athletic director, S. F. Johnson, O'Donnell; declaration, Supt. Miller, New Lynn; debate, C. L. Vaughn, New Home; spelling, Mrs. Chester Smith, Joe Stokes; essay, Miss Vazay, Wilson; extemporaneous speaking, Griff McConal, Weller; art memory, Mrs. B. Nix, Wilson; music memory, Mrs. Applewhite, Taboka; Tiny Tot story telling, Mrs. Taylor, Gordon.

Semi-Annual Singing Convention To Meet At Lamesa Sunday

G. C. Clift, president of the Dawson County Singing Convention, asks us to announce that the semi-annual meeting will be held at the court house in Lamesa this week end.

The program is slated to begin at 7:45 Saturday evening, and will continue through Sunday Mr. Clift said. Everyone is invited to attend at least a part of the programs.

Schools Make Plans To Assist With Harvest

As the harvest season swings into full force on the South Plains this week, school authorities in every district are making plans to assist the farmers in gathering crops.

The Wells school board, in a special meeting with superintendent Griff McConal Sunday, announced that the session will be suspended in that district for the coming three weeks at least, in order that students may be in the fields all through the day.

The OK school dismissed Monday of last week until further notice. We understand that other communities are planning to follow this plan, but as this is being written (Monday afternoon) we have received no authoritative reports.

In keeping with this spirit of co-operation, the O'Donnell school board announced through E. E. Gilbreath, superintendent of the city schools, that class work will begin at eight o'clock rather than at nine, students thus completing an extra hour each day. Mr. Gilbreath added that all boys and girls are being earnestly urged to utilize this extra hour each day in picking cotton or gathering grain.

The new schedule went into effect Thursday of last week, and so far a meeting with approval from all parents that many children depend on full work for money with which to buy clothing and school supplies through the session, and this extra hour will, in many instances, mean that students can continue with their school work and at the same time have some cash-earning time. The board and faculty also ask the cotton planters, in our district to bear these facts in mind, and give the children employment in every possible instance.

Mrs. F. M. Clark and little son were here from Lubbock this week end for a short visit with her parents, Mr. and Mrs. W. T. Huff, Master Dale Meredith is quite a young man now, having reached the mature age of one year.

Miss Jane Gary spent the week end at home with her parents, Mr. and Mrs. R. W. Gary. She is employed at Thornhill Variety at Taboka.

A Fair Question

What About Your Subscription

With proceeds from cotton checks and cotton harvest coming in as nicely as we have ever seen it, we wish to remind our readers that our subscription list is sadly in need of some 'pay up'.

There will be a few more days left to get in your renewal at the bargain rate of fifty cents, but this price must soon be raised to the regular price of \$1 so that we may meet the increased cost of publication, so slip a four-bit piece out of your pocket and check off that big check for a bale of cotton and roll it along to us.

The Index hasn't mentioned this subscription for many months; we just figured that when you folks had the money you'd come and pay us, and as long as you didn't have it, we would just mention it. But now that we all have slightly better prospects, we ask you to lend us a helping hand.

Look at your name on the little yellow slip in the upper left hand corner of the paper, and observe the date which follows the name. That date is the time your subscription expires. Some of these dates are far behind times, but we've realized the depression as keenly as you, and we haven't wanted to press anybody. We have tried to be nice—and now we are confidently expecting you to be nice to us. Everybody is invited to take part in this popular pastime—subscribing to the Index. The crowd forms at the left, and don't crowd, please.

Don't get the idea folks, that we need the money. We don't need it; but those fellows we owe are in a hard shape and they sure do need it. Let's give them a boost.

Remember that this bargain rate brings your home town paper to you for less than one cent each week. A package of chewing gum or a cigar would pay for it for more than a month, as would the price of a coke or one slot machine chance.

Through this fall our merchants will carry advertising news which will save you fifty cents many times over. Nine communities are represented in our new columns, in addition to our county, state, national and political news. Remember this is campaign year, too, and you'll want all the latest developments in state and county politics.

950 Checks Received; 797 Still To Arrive

With the receipt of two batches of checks at the office of special agent Joe Williams Saturday, a total of 950 checks have been received by Lynn county farmers as compensation for cotton plowed under this summer. Seven hundred and ninety-seven are still due to arrive, and Mr. Williams said Tuesday afternoon that these are expected any day.

So far \$299,297.00 has been received at Taboka, Mr. Williams said. In the two groups which arrived Saturday were a number made jointly by the farmer, Federal Land Bank or Loan companies, or absentee landlords. These must have the endorsement of representatives of each party named in the check, so that \$19,790 have not yet been placed in circulation.

Cold Snap Reminds That Summer Ends

Increasingly cool nights have been jogging memories of South Plains folks for several days, but on Monday morning of this week a brisk breeze from the northeast told us in no uncertain terms that winter is about here.

There have been cool spells occasionally for several weeks, but this was the first taste of real fall weather we have had in West Texas, and closets and cedar chests were ransacked for wraps and warmer clothing.

Dry goods merchants report increasing sales in sweaters, woolen materials, and coats. Dresses, hats, and shoes for women and children and felt hats for men had already been selling as fast as they could be received here.

Higher Cotton Forecast Made By Government

Local Merchants Attend Wholesale Clothing Market

Lubbock, Oct. 12.—Wearing apparel offered for sale to the retail merchants of West Texas and Eastern New Mexico here October 8, 9, 10, and 11 at the seventh semi-annual Wholesale Clothing Market rivalled the principal markets of the Southwest in style, quality and quantity, officials of the Lubbock chamber of commerce have announced.

The latest styles in ladies ready-to-wear, millinery, hosiery, coats, wash, frocks, and in other merchandise were modeled in this style show with the following wholesale merchants participating: Lyndam Manufacturing Co., Charlotte Frocks Inc., Stern-Slegman-Pitts Co., Foyndexter and Sons, Smith McCord-Townsend, Fitts-Smoot, Dry Goods Co., and Brand and Parits Kansas City Market; Higginbotham Millinery Co., Dallas market; A. E. Frank Co., San Antonio market; and Oklahoma Bear Brand Co., Oklahoma City market.

In addition to the firms in the style show, there were approximately fifty other firms handling both women and men's clothing, shoes, millinery, general line, novelties, costume jewelry, work clothes, hats, shirts and other merchandise.

From 150 to 200 retail merchants came into the market to make purchases for fall sales. Cotton marketing and receipt of cotton acreage reduction money has put millions of dollars into the hands of the farmers of the Plains in the past few weeks this being a great stimulus to business in this section.

Mr. and Mrs. C. H. Cabool, N. Saleh and Jap Baldwin attended from here.

Increased Acreage And A Much Larger Production Also Is Indicated Abroad; Average Yield Is Bigger

Along with an estimate that 12,885,000 bales of cotton would be grown in the United States this year, the agriculture department said Monday that an increased acreage and "much larger production" was indicated abroad.

The forecast Monday was 471,000 bales higher than that on September 8. The 1933 crop, if the departments predictions are borne out, will be only 177,000 bales less than that of 1932, despite the campaign which resulted in the plowing under of about 10,396,000 acres this summer.

The average yield forecast per acre gave the reason. The crop reporting board predicted the yield at 205.3 pounds of lint per acre, as compared to 173.3 in 1932 and an average of only 164.4 in the period between 1922-31.

The department said information reaching it was that the cotton acreage in India this season was 14,031,000 as compared with 13,413,000 last year. China's acreage was estimated at 6,594,000 compared with 5,530,000 last season, this being the highest. Russia 4,858,000 and 5,129,000; Mexico 421,000 and 188,000; Bulgaria 79,000 and 20,000; and Syria and Lebanon 14,000 and 20,000.

Cotton of this year's crop grained prior to October 1 were reported to day by the census bureau to have totaled 5,851,415 running bales, counting round bales as half bales, and including 616 bales of American-Egyptian.

Ginnings to October 1 last year totaled 4,835,990 running bales counting 127,531 round bales as half bales and including 1,108 bales of American-Egyptian.

Ginnings to October 1 this year by states included:

Texas, 2,281,057.

Runaway Cotton Trailer Breaks Telephone Pole

An unusual accident took place on the highway just in the edge of town Friday afternoon when the big three bale trailer recently built by Mr. Waldo McLaurin broke loose from the truck it was pulling and ran down the road to crash squarely into one of the telephone poles. The pole was snapped in two like a match by the force of the blow.

However, witnesses stated that it was lucky the pole happened to be just there, or the trailer would have straggled right into the living room of the Arch Proctor house presumably to pay an informal social call.

A new pole was set and the wires strung on Sunday and Monday under the direction of W. T. Huff, manager and owner of the telephone company. H. M. Hale did the work.

Co-op Office Opens; W. H. Clarke in Charge

The Local Cotton Co-op office opened Tuesday of last week under the direction of W. H. Clarke, and is busily engaged in all routine duties of a well regulated branch office.

Mr. Clarke has worked with and for O'Donnell trade territory for the past two seasons, this being his third year here, and has scores of friends among business men and farmers. His return was greeted with much pleasure.

Mr. Clarke states that he hopes to be prepared to make the ten-cent loans on cotton this week, and is anxious that every one interested in this call at the office and secure full details. He will also be glad to talk over the cotton acreage reduction plan for next year, and to advise with farmers and business men about these matters.

The office is in its former location in the First National Bank building. Mr. Clarke will be assisted by Warren Smith, who was in the office last year, and other help Mr. Clarke will be there to talk to visitors.

Singing School Is Closed With Concert

The county-wide singing school which has been conducted here for the past few weeks under the direction of O. L. Echols of Lubbock came to a close Friday evening when a public concert was staged at the high school auditorium.

Seating capacity on the lower floor and the balcony were taxed to the limit, and a large number sat in the windows or stood against the walls.

Mr. Echols repeated his former statements of gratification at the interest and enthusiasm displayed by students and the community at large, and said that this was the best school he had directed this year.

P. T. A. To Serve Dinner Saturday

We are asked to announce that the Parent-Teachers Association will serve a chicken dinner in town Saturday, and that the party is cordially invited to patronize them.

Proceeds will be used in the purchase of play ground equipment, books and other supplies for the schools. Thirty-five cents will be the price.

Death Calls J. S. Bickley

J. S. Bickley, father of Dr. C. A. Bickley, presiding elder of the Lubbock district of the M. E. church, died Monday afternoon at Stanton at the home of a son, J. C. Bickley. He was 78 years old.

Stricken with a cerebral hemorrhage nine weeks ago while visiting another son, Joe M. Bickley at Catesfield, Mr. Bickley has been ill since. Four weeks ago he was moved to Stanton, his home since the death of Mrs. Bickley last spring. They had made their home at Merkel for 40 years.

Funeral services were conducted at Merkel Tuesday afternoon, and he was laid to rest in the Roschell cemetery beside his wife.

In addition to three sons, Mr. Bickley is survived by a daughter, Miss Annie Bickley, and a number of other relatives.

Athletic Association To Present Play

Rehearsals will begin Monday evening on a three-act comedy drama, "Antnie Up" sponsored by the Athletic Association of the local high school for the benefit of the football squad.

The cast of characters will be announced next week, together with the date of presentation.

Community Singing Is Scheduled for Sunday

We are asked to announce that the regular third Sunday community singing, sponsored by the local singing class, will meet at two thirty Sunday afternoon at the Methodist church.

The public is cordially invited to come and take part.

Don't forget the P. T. A. dinner Saturday.

Canning Unit Here Reports 6819 Cans

Mrs. W. A. Tredway reported Tuesday noon that a total of 6819 cans had been filled with vegetables at the local canning unit since its opening three weeks ago. Mrs. Tredway placed a valuation of approximately \$1000 on the products of the kitchen.

Interest in the work continues to increase. Cans set a side for the kitchen here all filled by the last of last week, and W. S. Cathey, local chairman of relief work, made a trip to Taboka to assure more. He brought back eight cases.

Several thousand cans have been reserved to be filled with meats next month, he said. Mr. Cathey also added that this is now an effort under way at Austin to secure \$1000 more for Lynn county, the sum to be used in the purchase of cans.

Another Teacher Is Employed By School

Miss Oleta Moore, daughter of Mr. and Mrs. Ben Moore, has been elected teacher for the children of preschool age whose parents wish to begin their schooling this term. She took up her duties Monday of this week.

According to state regulations, a child whose sixth birthday is not passed on or before September 1 must pay tuition. The primary department here this year has been overcrowded since the opening day, so that the board deemed it inadvisable to place a further burden on the teacher, Mrs. Fay Westmoreland, and Miss Moore was elected to take care of the overflow.

Parents will be billed for each child's tuition and these tuition fees will comprise Miss Moore's salary.

Miss Moore has lived in O'Donnell all her life, and is a graduate of the local high school. She will be attending college work at Lubbock. She has many friends here who are indeed glad to know of the responsibility and trust placed in her, and who are confident that she will make a most successful teacher.

Mrs. Ed Cook, who has been at Christoval for the past two weeks taking treatments, was brought home Thursday.

Mrs. C. A. Rayburn, who has been visiting friends here and looking after business matters for the past two weeks, returned to her home in Pittsburg, Ill., Wednesday morning.

B. M. Haynes was in Lubbock on business Monday afternoon.

STATEMENT OF THE OWNER-SHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912

Of The O'Donnell Index published weekly at O'Donnell, Texas, for October 1, 1933.
STATE OF TEXAS:
COUNTY OF LYNN: ss.

Before me a Notary Public in and for the State and county aforesaid appeared the said Pauline Campbell, who has been duly sworn according to law, deposes and says that she is the editor of the O'Donnell Index and that the following is, to the best of her knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation) etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in sections 417, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager are: Publisher, Joe Alexander, Lamesa, Texas; Editor, Mrs. Pauline Campbell, O'Donnell, Texas.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)
Joe Alexander, Lamesa, Texas.

3. That the known bondholders, mortgagees, and other security holders owning 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)
W. H. Ritzenthaler, Salisbury, Mo., Mrs. J. E. Alexander.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in case of any stockholder or security holder who appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is . . . (This information is required from daily publications only.)
Mrs. Pauline Campbell
Sworn to and subscribed before me this 12th day of October, 1933.
B. M. Haynes

HIGHWAY GARAGE

"EAGLES' SCREAMS"

Six weeks examinations are being given this week in both high school and grade school. Superintendent E. E. Gilbreath announced Tuesday report cards will be given on Wednesday of next week.

Attendance Fair
In spite of the fact that a number of students have dropped out to pick cotton, attendance is ranging between 80 and 90 per cent, an unusually good record, Mr. Gilbreath reports. Several new students have enrolled during the past two weeks.

News Staff Elected
At a meeting of the student body several days ago, Pat Gary was elected editor-in-chief of this column, and he will be assisted in high school by Wilfred Gates, Vada Shumake, Dorothy Walls, Connie McConal, and James Clayton. Christine Ables is grade school editor.

Junior Class
At a business meeting Monday, the Junior class selected brackets for this year. It is hoped that they will be here in the near future.

Sophomore Class
Several pupils have withdrawn from the class. They are: Marvyn Shaffer, Busby Simmons, and Willis Vaughn. There are also a number absent because of cotton picking.

Home Ec News
The Home Economics department has taken on some new finery. Pot plants have added much to the attractive appearance of the laboratory and theatrical gaud curtains are being made as a class project. The other group is refinishing tables for a class project. The new index file for the Home Ec library has been worked by Agnes McLendon as a class project, while Albert Gates and Hope Shook covered the books as their class project.

Santa Fe Offers Cut Rates For State Fair
Special rates during the State Fair of Texas, which opened last Saturday, will be effective over the Santa Fe Railway this year, to encourage travel by rail. A rate that will be in effect during the entire fair, with a return limit October 26, after its close, is quoted at one and one-fifth of the regular one way fare.

For the travelers who wish to spend only two to four days for the big state-wide event in Dallas, a week end rate is effective each Friday and Saturday of the Fair for which the passenger will be asked to pay only sixty per cent of the regular one way fare. Tickets are good for return on the following Tuesday after the date of sale.
E. L. Barnett leads the list by renewing his subscription to the Index for another year. It was already paid up to February of next year, but he wanted to take advantage of the special low rates now in effect and paid up until February 1935. Thanks, Mr. Barnett.

Lone Touchdown Loses Game To Amherst

The O'Donnell High School Eagles lost the fastest, most closely contested game of the season Friday when the big Amherst club made a touchdown in the final minute and a half of play to win 6 to 0.

First Half
Gibson kicked to Amherst on their 25 yard line, and failing to make yardage, Amherst punted to Tredway on his own 45-34 yard line. Two plays at the line failed to gain, and they punted out of danger. Just as the first half ended the Eagles were on Amherst's 8 yard line.

Second Half
Gibson kicked, Amherst made a little gain and had to punt. O'Donnell's ball on the 50 yard line. Tredway passed to Line, and a player came in from behind to get him and save a touchdown. In the final minute and a half, Amherst got away on a left end run for the only touchdown of the game. Big Greenlee went thru to block the kick for extra point.

With only 40 seconds left to play, Amherst kicked to O'Donnell. Morrison returned the kickoff back to Amherst's 1-3 yard line. He was caught from behind, and the game ended, Amherst 6, O'Donnell 0.
Greenlee was the outstanding player for the Eagles. DeBusk was out most of the game with an injured ankle received in the Croston game. The Eagles also Tahaoka Friday afternoon at Tahaoka. Coach Johnson and the players are very anxious that a number of fans go along to support the Eagles.

Subject of Relief To Be Discussed next Tuesday

Washington, Oct. 6.—Rep. Marvin Jones, who has been urging quick formal approval and allocation of around \$8,000,000 for emergency road work in drought and storm affected areas of Texas, was advised today by the public works board that it would take up the matter Tuesday.
Jones contacted every member of the special commission which will pass on the program, before presenting it to the general board, and has been promised quick action "all along the line", he said.

H. H. Williams and daughter, Miss Frances were here from Welman Sunday night.

Mistaken Identification Leads To Mix-up

Matt Trammell arrived in O'Donnell Sunday to meet a peculiar home coming. He, with three brothers, lived in O'Donnell and worked at the Rowlin Gin back in 1924-27. Last summer when Salmar Dick, Yowell, and three Trammells were being pursued and arrested all over West Texas the Trammells were identified as O'Donnell's former citizens.

Matt was surprised, to express it mildly, when an arrested friend drew him to one side and whispered that he'd better get out of town, offering assistance for old time's sake. Matt naturally wanted to know why he should be running from anybody, and the whole tale was told him. He immediately hunted up deputy sheriff John Johnson, and laughingly offered to 'give up'. After which explanations were entered into.

The Index takes great pleasure in making the official statement that our Trammells, Theodore, Matt, Tom and "Squirrel" were most emphatically NOT the Trammell desperadoes, and this statement is backed up by Mr. Johnson and other authorities. The persons or person who so identified them had been misled by the coincidence of the names and number of boys.

And if apologies are in order, Mr. Johnson and the Index hereby make them, fully and gladly. As Matt expressed it, about all a fellow has these days is his good name, and far be it from us to endanger that name. So you tell your neighbor, and tell him to 'sell some one else, that the wild and woolly Trammells are not even related to the O'Donnell Trammells.

In SOCIETY

Houchin-Martin Rites Said At Slaton

Friends here have received announcements of the marriage at Slaton last Tuesday of Miss Billie May Houchin and Mr. Ed Martin.

The bride is well-known to the local people, especially to those of the OK community, and has scores of friends who admire her for her charming manner and happy disposition.

Mr. Martin is a comparative stranger to this part of the country, but we feel sure that he is a young man of splendid qualities, else he could not have won his lovely bride.

Family Dinner Honors Birthday Wednesday

Honoring the 86th birthday of Grandma McMillan, children and grand-children and their families gathered at her home Wednesday of last week and prepared a delicious family dinner. Each family brought a part of the feast, and the table was loaded with an array of food such as only the McMillans can prepare.

After dinner Mrs. McMillan held an informal reception, at which time members of the family and friends came to pay their respects and offer best wishes.

The McMillan family and home have grown into the life and affairs of this section of West Texas, and the traditions of gracious hospitality, true friendship, and civic interest are embodied in this highly respected and beloved elder member of the family.

Miss Oma Fairley Weds Clovis Man

Mr. and Mrs. A. C. Fairley of this city announce the marriage of their daughter, Oma Faye, to T. H. Dawson of Clovis, N. M., the ceremony being performed at that place on September 17.

Mrs. Dawson graduated from the local high school and at once entered nurses' training at Lubbock. She received her nurse's degree with high honors, and has won recognition in her work throughout this part of the state. She has many friends who will extend best wishes for her happiness and congratulations to the fortunate groom.

Mr. Dawson is a son of Mr. and Mrs. W. W. Dawson of Slaton and has been associated with the Furr Food Store at Clovis for some time. They will make their home in Clovis.

The index joins with other friends in extending best wishes for their happiness and prosperity.

P. T. A. Will Meet Wednesday Afternoon

The Parent-Teachers Association will hold their regular meeting Wednesday afternoon of next week, according to announcements this week from Mrs. Perry Howard, president.

The Second Grade pupils will present a program, and every patron is cordially urged to be present.

The Primary department had charge of the program last meeting, and the little tots reflected great credit on their teacher, Mrs. Westmoreland.

The Third Grade with Miss Jordan (teacher), won the hook for the largest attendance of mothers.

Outline Cotton Acreage Control Plans For 1934

Washington, Oct. 6.—Plans for controlling 1934 and 1935 cotton production adopted by the agricultural adjustment administration call for county production control associations to be responsible for allocating the reduction to individual growers and for local administration of the plan. The procedure will somewhat resemble that used in wheat acreage control.

Acreage to be planted for 1934 will be announced not later than Jan. 1, but will amount to about 25,000,000 acres or approximately 60 per cent of the five year average. Acreage will be allotted states, counties and individuals on the basis of the five year average, 1928-32.

Producers will be compensated in part by a cash rental and (or) a benefit for acreage left out of cotton production, the amount to be determined later. Production will be restricted at planting time so that no plow-up will be necessary.

The plan is: The producer, through the county association, will enter into a contract with the Secretary of Agriculture for a period of two years. Required reduction for 1935 will not exceed 25 per cent of the five year average. Payments to farmers will be based on the domestic consumption proportion of the five year production and it will be the intention to give farmers parity prices for this portion of their crop.

Senate Passes Bill To Repay West Texas Farmers

Austin, Oct. 9.—The Senate today passed and sent to the house a bill to appropriate \$500,000 to reimburse West Texas farmers for part of the expenses incurred in eradicating the pink boll worm. The vote was 25 to 5.

The bill was introduced by Senators Arthur P. Duggan of Littlefield and K. M. Regan of Pecos. Senator T. J. Hubbrook of Galveston tried unsuccessfully to have it amended to appropriate \$125,000 to repay dairy men in this section for losses suffered in the eradication of the hoof and mouth disease.

Local People Attend Fair At Lubbock

Practically everyone in and near O'Donnell attended the Panhandle South Plains Fair at Lubbock last week, the greater number going on Wednesday, which was set aside for school children. All reports were most favorable.

W. R. Gibson, who conducted his usual booth for sandwiches and cold drinks, stated that he had never seen a two minor accident, and that business at every concession was excellent.

Two minor accidents were sustained by Mr. Gibson's crew; he himself seared the end of a finger in boiling grease, and the ice-box lid fell on Wilfred Gate's finger, crushing the end severely.

METHODIST CHURCH NEWS

W. R. Burnett, Pastor

At the morning hour next Sunday the pastor of the Methodist church will bring a message on the "Strong Heroic Christ."

Sunday school will meet promptly at 10 a. m. We have a place for every one.

The Epworth League meets at 7 p. m. The Leaguers are having excellent programs now.

The evening worship service will be promptly at 8 p. m. next Sunday.

The Woman's Missionary Society will meet at the church at 2:30 p. m. Monday.

Everyone will find a hearty welcome at all the services of the Methodist church. Come and worship with us.

Small Tomato Patch Nets Large Returns

Mrs. B. G. Whitehead believes that she is enjoying the greatest return on the smallest investment in the country. Last July she selected a plot of ground back of their store and home, and prevailed upon Mr. Whitehead to set out tomato plants, in an area not larger than an average size room.

She has had fresh tomatoes for the table twice daily for the past several weeks, and in addition has put up for winter use 81 pints of the vegetable.

Unless a killing frost comes during the next few days, she will ear fully 125 pints.

Mr. and Mrs. W. H. Venzey were here from Wellman Sunday night.

J. A. Carnett of Lamesa was here on business Monday morning.

RUNNING THAT GAUNTLET OF EYES!

C. E. RAY
DRY CLEANER
CAN YOU RUN THE GAUNTLET OF EYES?

Thank Goodness, Jim,

OLD WEATHER NEVER DELAYS US!

"Betty would be late on our first air trip, but as usual when gets cold, it's to be expected." Jim: "You mean that temperature actually has an effect on her promptness?" Ann: "Yes, she very prompt ordinarily—it's a case of car trouble in cold weather. Bill doesn't see that the difficulty is in his choice of oil and oil." Jim: "Well, Ann, you couldn't expect everybody buy Conoco, could you?" Ann: "If everyone knew how Conoco oil and gasoline protect both you and your motor against the difficulties of cold weather driving they would!"

WE HAVE ONLY A FEW MINUTES LEFT

I KNOW JIM BUT BILL JUST GOT THE CAR STARTED AFTER HALF HOUR TRYING

YOU DO GET HERE, SO GLAD!

CAR TROUBLE? BETTER TELL BILL TO BUY CONOCO GAS NEXT TIME

"We had the most awful time, Ann! We were ready to be in plenty of time, but when Bill tried to get the motor started, it wouldn't budge. After running down the battery he had the car out of the garage and got some one to push it started—and just in time. The car just doesn't seem to work!" Ann: "It isn't the car, Betty, it's the oil and gas Bill buys. You tell him to get Conoco Germ Processed Motor Oil and Conoco Bronze Gasoline—they are more economical and have cold weather performance that gives us instant start and 'Hidden Guard' protection." Betty: "I'm sold—and Bill too just as soon as I get to him!"

CONOCO
The sign of the Red Triangle

Instant Starting and Lightning Pick-up can best be obtained with Conoco Germ Processed Motor Oil because the petroleum is called "The Hidden Guard" stays up in your motor and keeps it clean.

When planning a trip for business or vacation, write the Travel Bureau, Denver, Colo., America's largest Free Travel Bureau.

Rev. Jenkins preached a fine sermon Sunday afternoon. There was a good attendance, and everyone enjoyed the service. Rev. Burnett will preach for us this Sunday afternoon. Everybody come and bring some one with you.

There was also a large crowd at singing Sunday evening. We have our new song books now and everyone is invited to come and learn the new songs.

Mr. and Mrs. Jimmie Eudally visited relatives at Tahoka Sunday.

Mrs. Frank McKee is on the sick list, and has been confined to her bed for several days.

Mr. and Mrs. Roy O'Connor and Miss Esther Davis were dinner guests

Sunday of Mr. and Mrs. C. Gillispie. Everyone is busy with the harvest now.

Miss Ronda Clements and her mother were here from Tahoka, visiting in the Elmore home over the week end. Mr. and Mrs. Lavoice O'Connor entertained the young people with a party Wednesday evening. Everyone had a nice time.

Robert and Jerry Stokes spent the week end at Mesquite with their sister, Mrs. S. V. Walker.

Those on the honor roll at the end of the first month of school are: Olan Ray O'Connor, Juanita O'Connor, Clyde Wyche, Arvella Dorsey, Ola Maye Hester, Jerry Stokes, Pauline Cunningham and Denver McKee. Our school has been dismissed for cotton picking.

Miss Mary Lackey was a dinner guest in the Spencer home Sunday.

Mr. Virgil James is here from Palacios for a visit with his parents, Mr. and Mrs. Walter James.

Mr. and Mrs. Roy McKee visited

her parents, Mr. and Mrs. Walter James Sunday.

Correspondent

Rev. George Fletcher conducted church services Sunday. There was a fine attendance, and everyone enjoyed the service. The young folk's union met before church time, and an interesting program was rendered. Group No. 2 will entertain next Sunday.

The entire community joins in grieving at the death of Mrs. F. L. Burrus who died in an Abilene sanitarium Sunday morning. She was loved by all who knew her, and our sympathy goes out to the bereaved family.

Miss Olene Stephens had as guests Sunday afternoon, Misses Daphne Lamb and Almarine Nunnally.

Mr. and Mrs. Lefty Stephens were visitors in the Bearden home Sunday.

A number of folks from Berry Flat attended church here Sunday night. Aline Nunnally, who is in school at O'Donnell, spent the week end at home.

Mr. and Mrs. Harden Isaac and little daughter, and Mr. George Fletcher were guests of Mr. and Mrs. George Stephens Sunday afternoon.

Mr. Adolph Telchik is visiting his brothers, Oscar and Edgar Telchik. Mr. and Mrs. Frank Lamb and a group of young people attended the Fair at Lubbock Saturday.

Mrs. Bradshaw and daughter, Miss Iva Lee, returned last week from a visit with relatives at Anson.

Miss Olene Stephens was in Lubbock Saturday. The play which was presented Friday evening was most successful, and was enjoyed by all present.

REMEDY REMOVES CAUSE OF STOMACH GAS

Most stomach gas is due to bowel poisons. For quick relief use Adlerika. One dose cleans out body wastes, tones up your system, brings sound sleep. (Corner Drug Store).

Mr. and Mrs. C. H. Mansell, Mr. and Mrs. Carey Shock, Misses Margaret and Norma Ruth Verrellien, and Misses Doris and Connie McConal went to Anton Sunday to take part in a singing convention.

ON TEXAS FARMS

By W. H. Darrow
Extension Service Editor

Forty-six bushels of corn raised from an acre by John Thomas Knight, 4-H club boy, is not a record breaking yield, but it is more than twice the Madison county average. That acre made more money than two ordinary corn acres and probably more than three such acres. It makes plain the sort of economic production the Agricultural Adjustment Administration has in mind. To retire part of the land from production and make the rest yield enough to give some profit.

Long on lard and short on fruit, Mrs. Virgil Kolb, 4-H pantry demonstrator in Stonewall county, did some trading as a result of which her family food requirements are properly filled. Excess food in the pantry should be inventoried and sold or traded for products needed, she says.

Soaking last year's maize heads in a solution of 2 pounds white arsenic in 10 gallons of water for 5 or 6 hours and scattering heads in the fields away from farm stock has given Haskell county farmers good kills of jack rabbits, ravens and rats, the county agent reports.

A braided rug 8 by 10 feet in size has been made for the home economics department of the University of Texas by three Nacogdoches county home demonstration club women. It is made of new all-wool material, dy-

ed blue and tan with shades of gray, lavender and rose. When finished it weighed 60 pounds and brought \$60. The makers are Mrs. Ethel Wallace, Mrs. Jewell Manes and Mrs. Ernest Wallace.

It was hard for the county agent of Goliad county to convince his farmers that crooked breasts in turkeys were due to improper feed and lack of minerals. Finding a flock of crooked breasted hens and toms he got permission to feed the next year's broods his way. Of 103 turkeys raised only two had crooked breasts. Goliad county farmers now feed balanced rations and minerals.

AGED TWINS ATTEND FAIR

Mrs. E. Fleming of Lubbock and Mrs. Lucy Woods of O'Donnell, both of whom attended the Panhandle South Plains Fair, probably the exposition's most unusual visit.

Mrs. Fleming and Mrs. W. Ainsworth, are 81-year-old. They attended the fair yesterday and they enjoyed it.

Mrs. Fleming, widowed, has ten children, is living with her daughter, Mrs. W. E. Lowery, five miles southwest of Lubbock. Mrs. Woods, also a widow, has her own household. She is the mother of 12 children, six of whom are living. Seven of Mrs. Fleming's are living.

The twins were born in county, they said. They observed their 81st birthday August 11—Avalanche.

Bob Debenport has been since Friday of last week, but to be somewhat improved.
