Schooler Contested Will Settled Cemetery Is Cleaned

The contested will of the late S. R. Schooler, who died here in May of 1952, has been settled by the County Court of Lynn County, and under terms of the will the estate will be divided equally between the Buckner Orphan Home of Dallas and the Methodist Home of Waco. R. M. Haynes of here will execute provisions of the will.

Mr. Schooler left a considerable estate consisting of about 1,000 acres of land in this vicinity, some 25 rent houses in town of O'Donnell as well as several desirable business houses on the square and

elsewhere in town. Mr. Haynes said that of this date he did not know exactly how the estate would be liquidated but that likely the rent houses and business real estate would be sold by private deals and that the land, perhaps, would not be placed on the market at the present time.

Old-age and survivors insurance rights will no longer be impaired or lost entirely due to a long period of total disability which prevents a worker from engaging in any substantial gainful work. This provision, which is a part of the 1954 amendments to the social security law is known as the disability "freeze," and it will protect present beneficiaries as well as persons retiring in the future. Present beneficiaries who were seriously disabled before they became 65, and who are still disabled, may have their benefit amounts refigured with an exclusion of their period of no earnings due to disability before they were 65. Those disabled persons who are not yet 65 may apply for a "freeze" which will protect their average monthly wage, on which future old-age and survivors insurance benefits are based, and their insured status. In all cases, the disability must be medically determined.

The disabled worker must have at least five years of covered employment or self-employment before his disability. And one and a half of those five years must have been during the three years right before his disability began. His disability can be either a physical or mental or mental impairment. Disabled persons may apply for the "freeze" beginning January 1, 1955.

The disabled person, whether he is already receiving retirement benefit check or not, must be still disabled at the time of application. A period of disability in the past from which the individual has recovered cannot be considered for the "freeze." The disability must have lasted for at least six months before a period of disability can be established, and it must be expected to be of long and indefinite duration or to end in death. A person whose disability extends for year into the past and who meets the work requirements described above may have the "freeze" applied to his whole period of disablement if he applies before July, 1957.

After June 30, 1957, the "freeze" will be retroactive for only one year. A freeze will apply to a period of disability as long as it lasts, however, for social security purposes, no period of disability may begin after the worker is 65. July, 1955, is the first month in which a benefit refigured because of disability may be paid.

Prevent Children Disease

"It is the adult's job to prevent

childhood accidents," declares Dr. Geo. W. Cox, State Health Officer.

As children do not always conform to the practices that would

assure greatest safety, adults must be made to understand the accident

problem of children and be concerned about it as they are about

childhood diseases.

A notable decrease in infant mortality

has been brought about by physicians and public health work

during the past quarter century. Despite the efforts of the medical

profession to protect the country's future citizens, childhood mortality

continues high because of accidents-accidents that for the most part are

preventable.

The accident death rate among

children is being reduced only about one third as fast as the rate

for death by disease. Preventable accidents are the leading causes

of death in the age group one to fourteen. Only by the understanding

and cooperation of adults can the toll of child accident deaths be

reduced.

Besides causing deaths, accidents

are responsible for thousands of school children being injured

sufficiently to require the attention of a physician or cause absence from

school. Injuries occurring in school buildings account for 26 per cent,

going to and from school, 5 per cent, at home and 17 and other places

22 per cent.

"Children deserve the right to

grow up and it is up to every adult to give them that chance," said Dr. Cox.

Improves The Park

Last week saw a revival of "Operation Sand Lift" at the O'Donnell Cemetery with a hundred or more truck loads of sand being moved from the cemetery by trucks and placed in low sections of streets in town according to J. C. Harris and Wm. Jackson of the Cemetery Association. County Commissioner Bill Snellgrove of Dawson County and County Commissioner Beatrice McLaurin of Lynn County used a part of their personnel and equipment while the Cemetery Association hired additional labor. The cemetery looks a great deal nicer now. Thousands of tons of sand had drifted into the roads and lots of the memorial park during the past drought.

GIVES BOOK REVIEW

The Methodist F. S. C. S. met at 3 p. m. last Monday with a book review by Mrs. Russell Denison of Lubbock reviewing Arnold's DO-IT-MAKER. Other churches of the town were guests. Mrs. Denison was introduced by Mrs. Raymond Ballweir, WSCS president.

Mrs. L. G. Schuessler played several organ selections during the program and fruit cake and coffee were served.

SOLDIER ON VACATION

Camp Hakata, Japan - Pfc. Donald D. Mires, 21, whose wife Betty, and parents, Mr and Mrs. Leonard M. Mires, live in O'Donnell, Tex., recently spent a 7-day rest and recreational leave from his unit in Korea at Camp Hakata on island of Kyushu. Mires is a truck driver in the 68th Anti-Aircraft Artillery Gun Battalion.

LOCAL MAN IS HONORED BY SOCIETY

Dale Karpe, a pre-med student at Texas University, recently received a bid to join the Texas Alpha chapter of Alpha Epsilon Delta National Honorary Pre-medical Society. The society recently elected 16 pre-med students who by their efforts and accomplishments have demonstrated an outstanding character and scholarship worthy of the recognition conferred by membership in such an organization.

School Board Meets

The regular monthly meeting of the O'Donnell School Board saw all members present and featured the acceptance of the annual audit published in this issue. The average daily attendance for the first 12 weeks of school averaged 585.77 pupils and enables the school to employ one more teacher. Mrs. Almond was recently employed and is residing in home of Mrs. J. L. Shoemaker, Jr. She is teaching in Junior Hi and the new teacher will also teach there. 609 children are currently enrolled.

The school will secure a new bus to arrive about Jan. 15th to be used on route feeding into southwest area of district. Mrs. Etta was appointed census trustee.

Eagles Take Game

O'Donnell's girls basketball team took the first half of a double-header here Tuesday night to gain a split with Taroka in the opening game of the season for the visiting Bulldogs. The Eagle girls broke away from a two point, 18-16 halftime lead to overwhelm their visitors, 33-32. Burna Rogers with 24 and Roddy Pelts with 19 points led the way in the scoring column. Tahoka's top scorer was Susie Smith who collected 13.

It was a different story in the boys game, however, as Tahoka overcame an early 7-0 built up by the Eagles to move ahead 24-20 at the half then match their early pace for a close 48-40 victory. Junior Pitts, 6-4 Tahoka post man, was the nights high scorer with 26 points. O'Donnell's Harold Sanders and Carl Gene Jones clipped in 13 and 11 respectively for the losers. Both teams play again Friday night, O'Donnell hosting Cooper and Tahoka visiting Seagraves.

Lunchroom Menu

Monday: Sausage, cranberry sauce, lima beans, carrot stick, milk, bread, chocolate cake.

Tuesday: Tuna salad, blackeye peas, buttered corn, milk, bread, ice cream.

Wednesday: meat balls and macaroni, English peas, candied yams, rolls, butter, bread, milk, apricots.

'39 Club Meets

The 1939 Study Club met Dec. 1 at the Methodist parsonage with Mrs. Marvin Menefee as the hostess. The program was on ART. Mrs. A. H. Koeninger was the leader and Mrs. L. E. Robinson of Lamesa was the guest speaker who gave an interesting and informative talk on china painting. She illustrated her talk with a display of paintings on different types of china. Refreshment plates of fruit cake with whip cream, nuts, mints and coffee were served to fifteen club members and two guests.

Mrs. Bowlin Hosts Club

The Thursday Bridge Club met with Mrs. James Bowlin as hostess. Mrs. Clyde Winans won high score, Mrs. Hugh Lott won second high Mrs. Fulkerson won bingo and Mrs. Joe Lehman won traveling.

The next meeting will be the annual Christmas party at the home of Mrs. Wayland Taylor on Dec. 16 at 7:30 p.m.

894 Take X-Rays Here

894 area and local people received chest X-rays here last Tuesday at the Taylor Implement when State Health Department mobile unit was here for a one day stand. This figure was slightly ahead of Tahoka. O'Donnell's aim was 1,000 persons. Credit for the fine local showing goes to the civic clubs of the town especially the '39 and '46 Study Clubs. Individually Mrs. Burl Koeninger deserves much credit for her untiring effort in the project.

Senior Class Meets

The senior class met Wednesday Nov. 24 to return their senior picture proofs and to return all magazine subscriptions. The magazine subscriptions totaled \$765.00. The boys sold \$630.55 worth of subscriptions while the girls sold only \$135.25. Tommy Todd and Harold Sanders tried for high dollar salesman each with \$135.00 of subscriptions. Magic 8 balls were given as prizes to the high dollar salesman for the first day and for the last week end. Gerry Sherrill won the prize for the first day and Harold Sanders won for the week end. Harold also won the Opportunity Club prize for selling more than three Saturday Evening Post magazines and will receive a flash bulb camera outfit. Billy Pennington was a mystery student, but failed to sell five magazines and so forfeited the prize which was a blanket and cushion or a picnic kit.

THE ANCIENT CITY OF JERICHO IN PALESTINE WAS DESTROYED BY INVADERS' ARMIES AND REBUILT ON THE SAME SITE AS MANY AS IT TIMES.

BY GEORGE TWIGG
MAP OF U.S.

THE EXACT GEOGRAPHICAL CENTER OF THE UNITED STATES IS DESIGNATED BY A STONE MARKER NEAR LEBANON, KANSAS.

A jumping rodent of Mexico and western United States bears an amazing resemblance to the kangaroo. It is called the KANGAROO RAT.

Canadian River Water Authority officials Tuesday morning presented the proposed contract to City officials of O'Donnell, and presented its proposed private financing plan to the local body.

Nine visiting officials of the Authority met with the council and a number of other citizens at High School at 2 p. m.

The time has now come when actual participation in the huge water project that has been under study for seven years is up to the people of O'Donnell.

O'Donnell Council will study the contract. Mayor L. J. Hash, states. Each of the 11 cities participating so far are asked to report their findings at a meeting of the Authority in Plainview Dec. 11.

If favorable to the governing bodies of the 11 cities, then an election will be called in each city to give the various councils authority to sign the contract and to issue revenue bonds, possibly for \$75 million to finance the project.

Cities involved in the plans for the permanent water supply are: Amarillo, Borger, Pampa, Lubbock, Plainview, Slaton, Tahoka, O'Donnell, Lamesa, Levelland, and Brownfield.

The two cities of Amarillo and Lubbock would pay about two-thirds the cost, and all the others one-third, distributed strictly on a usage basis.

After all these years of work definite plans are now ready for approval of these cities.

Here for Tuesday's meeting were the Water Authority finance committee, composed of Chr. Lawrence Hagy of Amarillo, George Flinger and Fritz Thompson of Borger, and J. Ray Dickey of Lubbock; A. A. Meredith of Borger, secretary of the Authority; A. L. Bahn Jr. representing the engineers; A. B. Huguenin of Dallas, attorney for the project; Wm. F. Smallwood, Dallas, spokesman for five New York investment banking firms that propose to underwrite the project.

In addition to the City Council present were Johnny Saleh, James Lemons, James Forbes and Tom Brewer as well as the local director S. M. Clayton, Jr.

Next week the index will run a question and answer series in order to better explain the proposal which will be voted on by O'Donnell, probably in January.

NEW MOORE

Mr and Mrs. T. A. Cotton and family of Colorado City spent the week end with Mr and Mrs. H. L. Webb.

Mr and Mrs. E. G. Smith visited in Slaton Sunday.

D. P. Crutcher, sr. and Jr. and Buddy Webb went deer hunting at Mason over week end.

Mr and Mrs. Bill Wilson of Enochs visited Mr and Mrs. Raymond Wilson Sunday.

Mr and Mrs. Jack Webb, R. L. Webb and T. A. Cotton attended the ball game at Lubbock Saturday.

Mrs. Virgil Adams visited her son Bill Swearingen at Brown field Sunday.

Mr and Mrs. Gus Blair of Levelland visited Mr and Mrs. Olan Blair Sunday.

Mrs. O. P. Crutcher Jr and children of Lamesa visited her mother Mrs. Ida Odams Saturday.

Banquet Is Enjoyed

The long awaited moment arrived Tuesday night -- the revealing of the O'Donnell Eagles 1954 sweetheart. The Eagles sweetheart selection was Patsy Clark. Patsy was presented as sweetheart by Coach Ed Robertson.

The annual Football Banquet was held in the cafeteria with the football boys' mothers as hostesses. The fathers of the boys were the special guests.

Carl Gene Jones was master of ceremonies for the banquet. The invocation was given by Harold Sanders with Wayne Mott giving the welcome. The boys seemed to have clothed Coach for the Winter when they presented him with a shirt, a pair of pants, and two pair of socks. The football boys, their positions, and classifications were then given by coach Ed Robertson. The speaker for the evening was Dee Andros, one of the Tech coaches.

Guests of honor at the banquet were: Wyatt Posey and Dee Andros Tech coaches; Joe Kelly, Lubbock Avalanche; and Dr. and Mrs. Joe Lehman. Dr. Lehman was given special recognition by Wayne Mott for his assistance during football season.

The banquet ended with the benediction by Travis Pearce.

Following the banquet, Wayne Posey showed and explained the film on the Texas Tech vs. Hardin-Simmons game.

Hats off to the Eagles and their new sweetheart, Patsy Clark.

The Shanghai Story

The exciting new idea behind the motoramic Chevrolet

The Bel Air 4-Door Sedan—one of 14 new Fisher Body beauties in three new series

Maybe once in a car-buying lifetime, you come across something that breaks all the old patterns and establishes new ones. This is that kind of car. This is the true story of how Chevrolet and General Motors shaped a new idea in steel.

Like most good ideas, this one is pretty simple. But it wasn't an easy one to carry out. For Chevrolet and General Motors set out with the idea of building the first low-priced car that would do all these things:

- bring you the very freshest and finest styling to be had.
bring you the most advanced engine design and engineering features.
bring you the kind of performance and the kind of ride that have never been available before in a low-priced car.
bring you the highest quality of manufacture and materials.

All this in Chevrolet's price field? That did take some doing! And isn't it logical that only Chevrolet and General Motors have the people, the skills, the resources and facilities, to carry out this exciting new concept? Here is how this new Chevrolet changes all your own ideas about cars!

Real Show-Car Styling!

Your eye tells you the Motoramic Chevrolet is no styling "patch-up" job. A rakish, low profile... soft swiftness from its sleek rear fenders to its wide-eyed Sweep-Sight windshield... a new outlook for motoring. And that outlook doesn't change when you slip inside... there's more room for hats and hips... exciting fabrics and trim harmonized with the whole car... as carefully as a bride matches carpet to curtains.

A Sensational Ride!

You live the new idea instantly... you glide... actually glide because spherical joints "roll with the punch" of the road in Chevrolet's new Glide-Ride front suspension. And outrigger rear springs mean new balance in turns... turns made so effortless by new ball-race steering.

And when you stop suddenly, new Anti-Dive braking control checks that nosing down in front... you get more level stopping. Tubeless tires mean much greater protection against blowouts. And with new high-level ventilation there's fresher air.

Power Beyond Compare!

You also feel the new idea quickly... quick power like a panther's paw with the new "Turbo-Fire V8" (162 h.p.) and two new "Blue-Flame" 6's. And sparking this performance is a 12-volt electrical system giving you better ignition, faster starting, greater electrical reserve for any of the power assists you might

desire. You have a transmission choice of economical Overdrive and improved, automatic Powerglide (optional at extra cost) or standard shift.

Even Air Conditioning!

And if you desire the convenience of power assists (optional at extra cost)... you'll find new power-steering and improved power brakes on all models. Power-controlled windows and

powershift seat are available on the Bel Air and "Two-Ten" models, while air conditioning may be added on V8 models.

Won't You Try It?

Here, we can only tell you how successfully the Motoramic Chevrolet expresses the new idea behind it. But the car itself can quickly show you! Come in for a demonstration drive, won't you, first chance you get.

MORE THAN A NEW CAR, A NEW CONCEPT OF LOW-COST MOTORING

*Come in and Drive
the All-New '55 Pontiac*

Road-test the Reasons why America says "IT'S HOT!"

With its first look at the All-New 1955 Pontiac, America said "It's hot!" Now that record thousands have bought and driven this spectacular new car, the verdict is stronger—because Pontiac performs even better than it looks!
Come in and see how Pontiac's Strato-Streak V-8 engine—with its remarkably improved economy—gives you a tremendous reserve of power for every need. Feel how Pontiac's long 124-inch wheelbase and wide-stance rear springing let you enjoy a ride you've never known before.

Experience how Pontiac's recirculating ball steering and larger, more efficient brakes provide almost effortless handling. Then glance around you at the wonderful roominess of the all-new bigger, wider, more luxurious Body by Fisher. And finally, notice the admiring glances Pontiac's distinctive years-ahead styling attracts.
But don't get the idea it's too rich for your blood—because you can buy a Pontiac at a price so near the lowest it will fit easily into any new-car budget! Come in and try the world's most modern driving!

THREE GREAT LINES—ALL WITH STRATO-STREAK V-8 POWER!
FABULOUS STAR CHIEF SERIES—Luxury-car beauty, size and power at lowest cost!—124" wheelbase
SPECTACULAR 870 SERIES—Leader of its low-price range in length, luxury, performance!—122" wheelbase
BEAUTIFUL 860 SERIES—High style and high power at a price near the lowest!—122" wheelbase

AUNT JEMIMA COMES TO MANSSELL BROS.

WEARING her beaming smile, and carrying with her the famous secret recipe for the world's most famous pancakes, Aunt Jemima is making a personal visit to town this week.

As she arrived, her expression "Tee in town, honey," was a signal of pleasure to folks who love good eating. During her visit she will serve her delicious pancakes to hosts of her friends, who will be on the lookout for her in local stores. Aunt Jemima makes this special journey to remind local housewives of the never-ending popularity of her pancakes, how easy it is to prepare pancakes men love so much, and how little it costs to serve appetizing feasts this way.
