O'DONNELL, LYNN COUNTY, TEXAS, Wed. Nov. 2, 1960

### General Election Is Nov. 8th

### School Carnival Is Enjoyed

#### AN EDITORIAL

Tuesday, November 8th, may be the most important date in the history of America. Certainly our nation needs a great man for President—a Washington, a Lincoln, a Wilson, a Roosevelt.

Like most of you, this has been a difficult decision to us — how to vote Nov. 8th. Equally Mr. Kennedy and Mr. Nixon fail to warm our hearts and make us feel the decision RIGHT BEYOND A DOUBT. Perhaps either, in office of president, would make a Lincoln. Trying them to make a president into a GREAT PRESIDENT. Certainly our Nation will be back of the winner. That's AMERICANISM.

HOWEVER The Index this week urges the election and return of the DEMOCRATIC PARTY to power and leadership. With all the faults of the Party we saw on TV at the convention, following Allan Shivers in a walkout means only INJURY to our own best interests in our opinion.

#### Here's a few considerations —

1. The Democratic farm program as given in the platform seems best for the farmers of our nation. Eight long years of Benson are now on the record. Most of our local farmers are for the Democratic ticket. What supports our economy — the farmers or Wall Street?
2. Most of our county, state and national officials are Democrats — how much good can they do us with future problems with a Republican president and a Negro in the cabinet — as Lodge suggested.
3. Associations of farmers and allied interests throughout the Nation are urging a Democratic victory.
4. For middle classes of America a liberal party holds more benefits than "tight money" conservative policies. God must have loved poor people because He made so many of us.
5. Religion troubling you? Think back to Al Smith being defeated on that score — and Mr. Hoover going in — for little other reason. What did you do during the depression? We know what we did — and we are voting Democratic hoping our choice is right.

#### Harvest In High Gear

A check of the five local gins as of Tuesday morning showed 12,467 bales being ginned for an estimated 40 percent of the crop. Cold rains and cool weather has caused cotton to begin to defoliate and machine harvesting is starting. Peak ginning should start this week. Last week end was a very good business period but business generally is not as good as last year, merchants say. Much of the grain has been cut and harvest is now starting on late grain. Early December should see most of the Mexican Nationals gone.

#### Speaks At Rotary

The O'Donnell Rotary Club met Oct. 18 and visiting Rotarians were Clyde Branon, Paul Goostree, Virgil Williams, W. A. King and Douglas Black of Lamesa. Jim Scott of Lubbock was a guest. LeRoy Olsak of Lamesa spoke on "Opportunity Frontier." On Oct. 25th visiting Rotarians were Matt McCall, Stansell Clements, Frank Liddell and Wayne King of Lamesa. Don Hurst, spoke on "Salvage Diving."

#### MRS. DORMAN TO HEAD EXES

An estimated crowd of 150 ex-students enjoyed the annual homecoming banquet at the school cafeteria Friday night. At a business meeting of the Exes held earlier that afternoon, Mrs. Cecil Dorman was named president, Hulon Bo. Ch. vice president, Mrs. Patsy Jackson was named secretary treasurer. S. F. Johnson, popular former superintendent here, and now of Plainview, was speaker of the evening. The Class of 1935 was honored on their 25th anniversary. After the ball game, the group met at the home of Mr. and Mrs. Wayne Clayton for a coffee reception was held after the Community House.

#### H. D. CLUB MEETS

The O'Donnell H. D. Club met Monday at 2:30 p. m. at the Community House. Six ladies were present and officers were named for the year. Refreshments of cookies, cakes and coffee were served. Mrs. Ragan won the door prize. The next meeting will be at the Community House Nov. 8th at 2:30 p. m. The H. D. Agent will meet with the group. Mrs. Ragan and Mrs. E. A. Wright will be co-hostesses. Everyone is cordially invited.

#### Engagement Told

Mrs. Hiram Prather announces the engagement and approaching marriage of her daughter, Sarah, to Billy Edwards, son of Mr. and Mrs. Ed Edwards. Vows will be exchanged in December.

#### School Menu

Wednesday — barbecued weiners white beans, creamed carrots, vegetable salad, peach half, corn bread, butter, milk.  
Thursday — tamales, blackeye peas, buttered corn, tomato wedge, rolls, butter, jelly, milk.  
Friday — fish sticks, green peas, creamed potatoes, carrot stick, cherry pie, corn bread, butter, milk.

#### LETTERS TO EDITOR

TO THE EDITOR:

Many people have inquired why their poll tax receipts have been stamped "Democrat" and the same time want to know if they have to vote Democratic in this nation's general election. You do not need to have your poll tax receipt stamped either "Republican" or "Democrat" in order to vote Nov. 8th. Texas voters have a free choice in secret ballot to express the dictates of their own individual consciences.

I'm sure the people of Texas will not be fooled by lavish promises and giveaways — forcing federal aid to education and teachers' pay, which will inevitably lead to a mono little school system — radical change of controls — the farmer being told to farm workers — reducing depletion allowance which would affect our whole Texas economy — the beginning of socialized medicine — repealing state right to work laws — the unionist's dream — urban renewal and repeal of the Connally Amendment. Non-partisan fiscal experts say all this will cost an additional 15 billion dollars. Who will pay for this radicalism? It's rather obvious, isn't it?

### 10 Rules for Hunting Safety

The thrill of the hunt is exhilarating, and yet at the same time can be soothing. This paradox of emotions probably accounts for the tremendous popularity of the sport. But there is still another aspect — this one, not so attractive — the ever present possibility of an accident.

During 1959 there were 159 accidental deaths attributable to firearms. While a large number were children who had pulled a "toy" gun out of Dad's bureau, most were outdoor hunting or allied "cleaning" accidents.

By October 1, 1960 — during dove hunting season — there were four deaths from hunting accidents.

However, death from firearms is not the only way to die during hunting season. A good many hunters slip and fall over precipices while gazing off into the distance instead of watching their steps on unsure ground.

But the greatest danger is still the hunter's weapon. Here are the ten commandments of shooting safety, which if followed seriously may save your own or your partner's life.

1. Treat every gun with the respect due a loaded gun.
2. Watch that muzzle. Carry your gun safely — keep the safety on until ready to shoot.
3. Unload guns when not in use, take down or on breech — guns should be carried in cases to shooting area.

#### EAGLES TURN IN A THULLING GAME

The Eagles thrilled a capacity homecoming crowd here Friday night by plowing under Friendship 28 to 16 for their first district win and the second of season. Dennis Jordan rolled around end for a 37 yard run in the 2nd but the extra try failed. Friendship took the offensive and a 50 yard pass play netted a tying score. Jerry Bowles threw a 20 yd. pass and run play to Wendell White to move the Eagles ahead but extra try again failed. Friendship score again in 3rd but Fernando Lopez raced 20 yards for a TD and added the pair of extra points to put the icing on the cake. Buster Snellgrove added the final local tally in the 4th by going over on the four yard line. Bowles passed to White for extra points.

At half time Sue Mahurin was crowned as the 1960 Homecoming Queen. The week before at half time Sandra Moore was crowned as Band sweetheart and the Eagles close the season at Seagraves.

**CHILDREN PROJECT CITED**

Almost 17,000 handicapped youngsters—suffering with disabling conditions ranging from harelip to being born without arms or legs—were on the State Health Department's "active" register when the fiscal year ended last June 30.

Of the names on the active register, 5,986 received services in the form of hospitalization, braces and similar necessities during the year. The others had been cared for previously but still required follow-up attention.

The Department's division of crippled children's services paid for 59,658 days of hospitalization for 3,459 medically indigent children, all under 21 years of age, whose handicapping condition legally qualified them for service. Cases required an average of 14 days of hospital confinement.

To be eligible for service, state law requires that a patient be under 21 years of age, have normal mentality, and have an impairment involving either muscle, bone, or joint. And, according to law, there must be reasonable expectation that the patient can be benefited by treatment.

Each year the active register grows longer, with some 200 names being added each month. After acceptance, a child is removed from the active files only by moving out of state, death, reaching 21 years of age, being discharged by his physician or a change in financial status.

Vote the Ticket that is BEST FOR TEXAS  
HERE'S HOW TO DO IT

1. Find the names of RICHARD M. NIXON and HENRY CABOT LODGE at the top of your ballot.
2. Leave the names NIXON and LODGE unmarked on the ballot; scratch all other names for President and Vice President.
3. To complete your ballot, leave the name of the candidate for whom you wish to vote for each office and scratch the rest.

**WARNING!**

You may be told that you cannot vote for Nixon and Lodge if (1) you voted in the Democratic Primary or (2) your poll tax receipt or exemption certificate is stamped "Democrat." THIS IS NOT TRUE. YOU CAN vote for any candidate you wish, no matter how you have voted, or not voted, in any previous primary or election. THIS IS YOUR RIGHT AS A FREE AMERICAN.

**Who's going to help the farmers?**

America's farmers are having a rough time in the midst of Republican "prosperity." Low prices—high costs. Big overhead—small profit. Costly investment—staggering bills and debts.

Who's to blame? It isn't just Ezra Taft Benson. The Republican administration that appointed Benson and for eight years praised his policies is equally to blame. The "experienced" Mr. Nixon has called Benson "one of the greatest Secretaries of Agriculture in our history."

The best way to get sympathetic action for farmers' problems is to elect Democratic leadership to the White House.

**Most Drinking Starts Before College Days**

NEW HAVEN, Conn.—Four out of every five college men who drink began their drinking before entering college, a researcher at Yale University's laboratory of applied physiology reported recently.

Robert Straus, research associate, disclosed for the first time preliminary results of a five-year study into the drinking habits of American college youth. This study was made by Mr. Straus and Selden D. Bacon, director of Yale's center of alcohol studies.

Of the American women students who drink, 65 per cent also started drinking before entering college, Mr. Straus said.

"The probability that a young person will drink at all," he continued, "is closely related to the practices of his or her parents."

"Of the men whose parents both drink, 90 per cent are themselves users. However, only half of the men (51 per cent) whose parents both abstain, drink."

"Where both parents are users, 83 per cent of the women drink on occasion. However, when both parents abstain, only 19 per cent of the women students drink."

He declared that parental advice on abstinence seems to be much stronger than advice from either church leaders or teachers.

Family income is a large factor "closely associated with the probability that one will use alcohol. Among those whose family income is under \$2,500, two thirds of the men and only 30 per cent of the women students drink."

**Commuter Snags Train But Can't Hold It**

EUREKA, Calif.—Loafers around the railroad station here tell this for the truth. Seems the station agent heard a loud crash on the platform. He ran out and saw the rear end of a train disappearing around a curve. A disheveled gent lay prone on the ground, surrounded by the contents of his banged-up suitcase.

An owlish youngster stared at the gent, but made no effort to assist him. "Was he trying to catch the train?" the station agent asked the youngster.

"He did catch it," replied the youngster, "but it got away."
