

# THE O'DONNELL INDEX

VOLUME XII O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, JULY 18, 1935 NUMBER 41

## Tri-County Celebration Here August 1-2-3

### House Destroyed By Fire Wednesday

The six-room farm residence on Tule property nine miles south of town was completely destroyed by fire Wednesday afternoon when a gas stove exploded. The place is owned by Mr. and Mrs. Charles Kendrick. The fire started at the house under the oven before stepping out. The oil pipe was leaking and a small bowl had been under the drip until it could be mended. It is believed that the flame from the two bowls down into this bowl of oil, that the oil in the pipe became heated and burned back into the oil tank. At any rate, this glass tank exploded, throwing fragments of glass, melting kerosene all over the house.

Kendrick was at work on the side of the field, and ran to the house as quickly as possible. Neighbor boy, Mr. Burrus, was with the hoeing, had reached the house a few minutes before Mr. Kendrick. Before any of the furniture or household goods could be saved to safety, however, the house was gone. Two mattresses and two boxes, the clothing which the family owned, and a few smaller pieces of furniture were all that were saved. Canned goods, cured meat, and a small lard had been stored in a garage just east of the house, and the wind was just right to sweep flames to it. None of these things was saved.

### New Cafe Opens Here Last Week

Under the management of E. E. Egan, formerly of Rotan, a new cafe was opened here last Wednesday. The enterprise is to be known as the Rainbow Cafe. Mr. Eakins is the partner in the business. Mr. Egan has equipped the cafe with a special menu for making sandwiches, curd meat, and made lard had been stored in a garage just east of the house, and the wind was just right to sweep flames to it. None of these things was saved.

### Boys Scouts Stop Off On Tour

A bit of excitement was noted here Wednesday morning when a group of twenty-six members of Scout Troop 314, from Gilmer, stopped off for a short time on their way to the Grand Canyon, Arizona, and with the prospects of a trip down into Old Mexico. The trip down from the staff, two members of the party called at the office, and explained the trip. One of the boys contributed \$10 in there being a requirement that each should have earned the money by his own efforts. The entire funds were handled by the scoutmaster, Terry Goetta. They hired a truck, equipped a trailer with beds and a negro cook, packed canned goods and staples from the town merchants at a discount, and started on the fifteen-day trip. They left Gilmer Monday.

### People Warned To Stay Off Closed Highways

Attention of our readers is called to the notice shown in this issue of the paper, in regard to driving over state highways that have been closed by the Highway department for construction purposes. It is not the desire to prosecute anyone, but the warning is published because it is desired to secure a full compliance by the highways with the law, which forbids driving over state roads that have been closed. On several occasions, the Highway Department has been put to considerable expense on the account of people driving over these roads in numerous instances. There are numerous instances where the permanent construction was injured because of driving, so that the roads after being fully surfaced were not as good because of the trucks that are used in the construction work, and anyone who drives on these roads is violating the criminal law, and further, if any accident should occur, would be liable civilly. As stated above it is not the desire of the county attorney to prosecute anyone, but rather, it is desired to keep people off of the forbidden roads. It is hoped that our citizens will cooperate in this matter as it means a great deal to Dawson county, and we feel that they will give full cooperation if they understand the grave necessity.

Mr. S. J. Parker and son, Mr. Jim Parker went to Stanton over the weekend to visit their son and brother, Mr. Dewey Parker, who has been seriously ill. Contracting typhoid fever, Mr. Parker has also suffered from a severe tonsillitis complication. He was somewhat improved when they left there Sunday afternoon.

At a recent meeting of the business men, August 1-2-3 were named as the days for O'Donnell's big celebration. This event is expected to draw a large crowd from the surrounding territory. A similar celebration was held here last year. It was called the O'Donnell Tri-County Picnic and brought people from Borden, Dawson and Lynn counties. The estimated attendance was 3,000 people. However that was only a two day affair and this year's is to be a three day's of amusement, such as baseball, horse racing, carnival and the like for your pleasure. Publicities that were appointed Monday night are:

Finance: E. T. Wells, J. M. Noble, W. R. Gibson and B. J. Boyd. Entertainment: Guy Bradley, Otis Harris, Shorty Wright, Naymon Weaver and Tom Anderson. Publicity: G. Bert Davis, E. D. Holman and Mrs. Ferrel Farrington. A full announcement will be made in next week's paper. Make your plans now so you can attend this "celebration".

### Relative of Local People Buried at Abilene Sunday

Funeral services were conducted last Sunday at the North Side Church of Christ at Abilene for Ira Harman Shankle, a brother-in-law of Mrs. Ben Moore. Mr. Shankle passed away last Thursday at his home in La Grana Beach, California. Mrs. Moore's brother, Buddy Baldrige, came from Clovis, and he and Mrs. Moore were present at the funeral services. Mr. Shankle had been ill for some time, so that his death was not unexpected. He is survived by his wife and two small children, Norma Jean and Ira Harman, Jr., one sister, Mrs. Taylor of Rome, Texas, one brother, Earl Shankle of Oklahoma City, and several other relatives. The funeral was held at his home, who was prostrated by grief.

Mr. Shankle professed faith and became a member of the church in early life, and until his death at the age of ninety-nine, had been an ardent Christian and supporter of his church. He was president of the Lions Club at La Grana Beach, was circulation manager of the Long Beach Daily, as well as editor of a magazine, The Southern Ghost.

### Farms and Ranches to Keynote Centennial

Farms and ranches alongside of Texas highways will keynote Centennial visitors' impressions of the State. The Centennial Farm and Home Demonstration Contest, announced by the Extension Service is an effort to enroll every family living on a Texas highway in one big reception committee to create a "smiling countryside" welcoming visitors to the birthday party.

Response to the announcement of the contest has been inspiring. Dallas News representatives met it when they went out to raise \$2500 for prize money for the contest. Commercial firms gave generously to stimulate enrollment in the state-wide movement to improve the homes, farms and ranches by which the State will be judged in 1936. Newspapers all over the State have joined hands in cooperation with the News in representing the city where the principal Centennial city will be celebrated. Good editorials and generous inches of space are being given to promote the movement. Radio announcers on commercial programs are telling of Oklahoma plans to "pretty up" the highways leading into Texas.

Extension Service agents aided by the men and women and boys and girls who have worked with them here are helping Texans on the highways to make plans for improvements based on Extension Service Standards for country homes of comfort and beauty.

Everybody wants the contest to be a success because Texas will be host to the nation in 1936. Texas pride is involved. Texas pride is our pride. The nation's opinion of the homes and farms and ranches of Texas matters to every Texan. So enrollment will not represent alone a desire to win one of the big prizes but will be a measure of Texans' love for their State.

## The City Cousin

### Merchant's Pageant To Be Presented Tuesday

Under the auspices of the Missionary Society of the local Methodist church and directed by Mr. and Mrs. Graves, a merchants pageant, which includes a trades display, style show and concert, will be presented at the high school auditorium on Tuesday evening of next week, which will be July 23rd.

Merchants and business men of the town are to be represented on the stage by young ladies, dressed in unique costumes suitable for each business or profession. The songs, parades, drills, and dialogue will be directed by Mr. Graves, with Mrs. Graves at the piano.

While we are not at liberty to go into details about the whole program will be full of new and amusing features. Among others will be the recitation of a play, which is said to be one of the most peculiar ever presented. More than 100 persons will take part in the presentation. Admission will be 10 and 20 cents proceeds to be used for the benefit of the Missionary Society. Everyone is heartily urged to come and enjoy the program, and at the same time assist a worthy cause.

### Farms and Ranches to Keynote Centennial

Farms and ranches alongside of Texas highways will keynote Centennial visitors' impressions of the State. The Centennial Farm and Home Demonstration Contest, announced by the Extension Service is an effort to enroll every family living on a Texas highway in one big reception committee to create a "smiling countryside" welcoming visitors to the birthday party.

Response to the announcement of the contest has been inspiring. Dallas News representatives met it when they went out to raise \$2500 for prize money for the contest. Commercial firms gave generously to stimulate enrollment in the state-wide movement to improve the homes, farms and ranches by which the State will be judged in 1936.

Newspapers all over the State have joined hands in cooperation with the News in representing the city where the principal Centennial city will be celebrated. Good editorials and generous inches of space are being given to promote the movement.

Radio announcers on commercial programs are telling of Oklahoma plans to "pretty up" the highways leading into Texas. Extension Service agents aided by the men and women and boys and girls who have worked with them here are helping Texans on the highways to make plans for improvements based on Extension Service Standards for country homes of comfort and beauty.

Everybody wants the contest to be a success because Texas will be host to the nation in 1936. Texas pride is involved. Texas pride is our pride. The nation's opinion of the homes and farms and ranches of Texas matters to every Texan. So enrollment will not represent alone a desire to win one of the big prizes but will be a measure of Texans' love for their State.

## DAWSON COUNTY BALL TOURNAMENT STARTS ON AUGUST FIFTEENTH

Announcements this week by officials charge of the annual Dawson County Baseball Tournament, are that there will be over \$200 in prizes this year to the winners of the tournament. As the prize list now stands \$150 in cash will be awarded to the first place winner with \$50 to the winner of second place and other prizes to be announced later.

According to Bill White, business manager of the tournament, fourteen teams have already signified their intentions of entering the tournament with several more to enter before the entry lists are closed. Those teams already named as possible entrants are: Loraine, Tahoka, Wilson, Lamesa, Haskell, Stamford, Brownfield, New Moore, O'Donnell, Lubbock, Ackerly, Welch, Midway, and Flower Grove. Other teams wishing to enter are requested to notify Bill White, Lamesa, before August 3rd.

There is to be a meeting of the managers of all entering teams at the court house in Lamesa, at 8:30 P. M. Saturday, August 3rd, at which time the schedule and other matters pertaining to the tournament will be worked out.

The tournament is to start August 15, according to present plans, with two games to be played each day until the winner is determined. A small gate fee is to be charged in order to care for the expense of the tournament.

August 15 was selected as the date for the starting of the tournament in order to allow the players in the rural communities to get caught up with their work and be allowed to devote their time and best efforts to the playing of baseball.

This is expected to be the largest and best attended tournament ever staged on the South Plains and with the strong entry list and lucrative prizes some real baseball is expected. Fans are awaiting the starting date with impatience and are making their plans now to attend every game possible.

### Pie Supper At New Moore Friday Night

At the conclusion of the annual Singing School, Friday, July 20 a pie supper will be held at the New Moore school house. Mell Pierce, instructor of the school stated that the social will begin at 8:15 and that several featured numbers will be rendered by noted singers.

This school opened Monday, July 8th and according to Mr. Pierce it has been one of the best he has ever conducted. A cordial invitation is extended to the public to attend this closing program.

Mrs. and Mesdames Charley Cahoon and Guy Bradley were in Lubbock Sunday afternoon and night. Mr. and Mrs. W. L. Maxwell and Maxwell's sisters, Mesdames Dale, Jenkins and Vinson of Charlotte, N. C. Misses Thelma and Irma D. Palmer and Yvonne Westmoreland and Mrs. Marshall Whitehead were in Big Spring Sunday. They were accompanied home by Mr. Davis' nephew, Gene Hunter of Dallas.

## Hubbers Enter Lubbock Baseball Tournament

### Former O'Donnell Girl Wins Honors

Miss Earline Gilbreath, graduate of the local high school in 1933, has been appointed Flora in the State Granger organization, according to news dispatches released Saturday. To secure this appointment, Earline was required to make a public address, and it so happened that Governor Allred was in the audience.

The Grangers are comparatively new in the state having been reorganized in the year 1934, but their membership is growing rapidly.

The office to which Earline was elected carries with it a salary of \$25 monthly, as well as numerous out-of-state trips. She states that she plans to go to college this year, using the salary to help with her expenses.

The Index joins with other friends in extending congratulations.

### East Roads Improved; Cattle Guards Built

Much to the relief of the public, the commissioner's court of Borden county authorized the construction of cattleguards to be placed on the emergency roads which have been drafted into use since rains filled lakes and made the highways impassable, and this work has been completed in the last week. Mr. Jim Parker built and set the cattle guards at the fence line near his residence and also at the line across the pasture.

Since the lakes have been over the highway in three places east of town for several weeks, traffic has been routed across pastures, down turn rows, and through yards of residents of that section of our territory. And more often than not, motorists filed to close gates or put up fences, with the result that our folks out there were spending most of their time looking for their stray stock. So the construction of the cattle guards will be of much convenience to them as well as to the travelers.

### Old Age Pension First On August Ballot

The first proposition to be found on the ballot in the August 24th Special Election on Constitutional Amendments is the so-called Old-Age Pension Amendment. This year, for the first time the amendments will be numbered according to Secretary of State Gerald C. Mann.

The Old Age Pension Amendment proposes to give the Legislature the authority to pay these pensions to persons over the age of 65, who are not habitual drunkards nor habitual criminals, nor inmates of any State supported institution. Those who are eligible must have lived in Texas at least 5 years, during the nine immediately preceding application and in the State continuously. For one year.

All other restrictions and limitations would have to be set up by the Legislature. The Amendment authorizes the Legislature to accept money from the Federal government for the same purpose. It is presumed that Federal funds would match State funds. The maximum amount to be paid by the State would be \$15 per person per month. It is presumed that the Federal Government would match the State funds. The total pension per person per month in this case it is presumed would be \$30. The amount might be smaller, however; but not larger.

It is estimated that the cost of this pension to the State would run be between forty and fifty million dollars annually. No provision is made for the income. It would be up to the Legislature to determine where the money would come from. The Legislature would have to enact such laws as it deemed necessary to utilize the right granted by the Amendment. The Legislature might do this at once, or some time later on—or for that matter not at all. The amendment is non-negotiable and mandatory. There is no doubt that some form of old age pensions would be enacted if the amendment is adopted in August.

Mr. G. Bert Davis and son Allan and Herman Whitehead were in Big Spring Sunday. They were accompanied home by Mr. Davis' nephew, Gene Hunter of Dallas.

One of the largest crowds of recent years attended the baseball tournament at Lubbock Sunday, with scores of O'Donnell fans going up to root for the hometown boys.

The O'Donnell boys batted pitcher Bull Thompson all over his home field, winning the game by the lopsided score of 12-3. On the other hand, the Lubbock batsmen succeeded in connecting with only six balls offered them by Juan Costello.

Coming as a distinct surprise to home folks, the boys lost their Wednesday game to Wilson by a score of 8-6, a 12-inning game. It took eleven innings to break a six-inning game, and the O'Donnell boys scored to prevent the O'Donnell boys scoring. Costello donated four runs and five hits, and was then relieved by Lefty Reeves.

As we go to press, the boys are slated to meet the New Moore sluggers in the second game, this afternoon.

### Local Students Make Tech Honor Roll

Communications received Wednesday from the office of Texas Technological College stated that Miss Oleta Moore had made the spring semester honor roll with an average grade of B-plus on more than fifteen semester hours work.

The same notice stated that Stevens D. Stramer had also made the spring semester honor roll with an average of B plus on fifteen of more semester hours.

Both young people are to be commended for their industry and ability. The Index joins with the community in extending well-earned congratulations to them.

### Local Boy Enlists In Regular Army

Formal notification was received here Wednesday from Col. J. M. Churchill, district recruiting officer, that Felix W. Riggs, son of Mrs. Viola Robinson, has recently enlisted in the regular army of the United States, and has been assigned to the 15th, Ft. Artillery, stationed at Fort Sam Houston, Texas.

The young man has many friends here who will be glad to know that he is so pleasantly situated, this having been his ambition for some time.

### Paving Started on South End Highway 9

Paving was started last week on both ends of Highway No. 9 in Dawson county, starting at the Martin county line on the south end and the Lynn county line on the north end, both divisions working toward Lamesa.

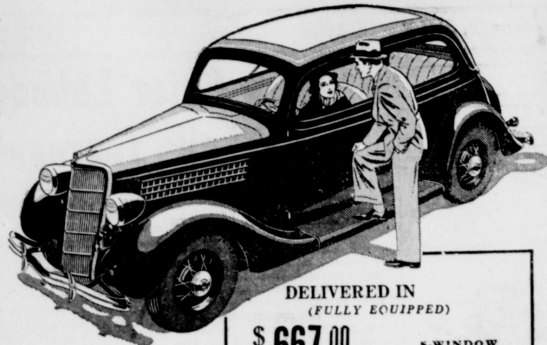

The work is proceeding at a rapid rate and it is hoped by contractors and engineers that the paving will be completed by September 1.

### ANNOUNCEMENT

Rev. W. C. Hart will preach at the Methodist church Sunday morning at 11:00 o'clock. The public is invited to come and worship at this church.

- An 85-horsepower engine, with 8-cylinder smoothness, and quietness at 4-cylinder cost. The same engine in every Ford car, regardless of price.
- The roomiest Ford ever built—all models, at any price, on the same length wheelbase.
- Springbase (the real ride-base) full 12 3/4 inches, with Comfort Zone ride, between springs, for all passengers.
- Safety glass in every window (no extra-charge).
- Big 6" x 16" air-balloon tires (no extra-charge).
- Fenders to match body colors (no extra charge).
- Separate, built-in luggage space (no extra charge).
- Welded, all-steel safety body, on rigid, X-braced frame.
- New safety pressure brakes, with 12-inch drums and master pedal action.
- Greatest all-around economy of any Ford car ever built.

THE Ford way of building a car is different. It means a big difference to you. All through the Ford V-8 you get things found in no other car within hundreds of dollars of the price. You don't have to know a lot about cars to recognize these extra value features, either. A few minutes behind the wheel of any Ford V-8 will show you how much more you get for your money.

Victor H. Schofflemeyer, agricultural editor of the Semi-Weekly Farm News concludes a splendid article on "The Soybeans 'Use In Industry'" as follows: "Soybean meal contains about 50 per cent protein, making it similar to animal horn and milk casein. This meal was experimented with the Edison Institute in the manufacture of horn buttons, gear shift knobs, light switch handle, distributor base, distributor cover, window trim strips, and many other molded parts on the Ford car. These parts may be produced in a pleasing variety of colors. Mixed with formaldehyde the protein produces a thermoplastic resin of great strength and can be machined at will. The soybean meal at the Ford Motor Company is also used as a bond in making briquettes, as a green or wet bond in foundry sand, as an adhesive for plywood, as a paper bond and in many other ways. In short the soybean and its products show the possibility of an important union between agriculture and industry. Texas can grow soybeans, hence this story."

It was thought for the longest that none would have to splice their belts on account of watermelon time in this section, but it looks now that splicing will have to be done, as melon vines are beginning to run, and an occasional bloom is seen. Speed the splicing time.

The dominant thought in the brain of every human being is the thought of how to make existence secure.

Good fortune is nearly always the result of a group of circumstances prepared by cleverness and brought about by perseverance.

Historical, yet interesting withal,

B. M. HAYMES

O'Donnell, Texas

that astonishing, unique, unprecedented, and unparalleled landslide of vote of confidence from the American people given to Franklin D. Roosevelt, the New Deal and the Democratic party on November 6th, 1934. In the present Congress which met January 3rd, 1935, in the Senate the Democrats have 69 seats, the Republicans 25, the Progressives 1, and the Farm-Laborites 1. In the House of Representatives, the Democrats have three hundred and twenty-two seats, the Republicans 103. Only in Reconstruction Days following the Civil War, has there been such a one-sided dominance in the congress as the Democrats now exert, having 72 per cent of the voting strength in the Senate, and 74 per cent in the house. No such one-sided dominance in the Congress since 1886. Old timers of the South remember the stirring times of those stormy days—that period of reconstruction during which, while the South was practically disfranchised, the party in power, with almost unanimous vote enacted the Fifteenth Amendment which placed that almost sacred prerogative (the ballot) in the hands of a horde of ignorant negroes, just freed from slavery, and notwithstanding this nation lived. Chattel slavery ceased, industrial slavery took its place. The years roll-

ed by, half a century and more were numbered with the years that were, the deeds and misdeeds of congressional legislation in greatest measure created the depression which forced many millions of American citizens to stand in line, receive a loaf of bread to prevent starvation—this condition brought about by a system vicious in conception, cruel in execution and disastrous in results, so much so that the citizens of forty-two of the 48 sovereign states of the Federal Union called for a new deal and by a sensational and most overwhelming vote made Mr. Roosevelt the executive head of the nation, and which gave him almost dictatorial power. No one can fathom just the results, so we stand alert, avidly watching, anxiously waiting.

Information comes from Austin that the minimum salaries paid the teachers in Texas Rural Schools have been raised from five to ten dollars monthly by the State Board of Education. The basic pay for rural day schools has been set at \$80 monthly in the 1935-36 term. The maximum is \$95 paid on an 8 months term. Principals salaries range from \$85 to \$100 for one teacher schools, to \$125-\$135 for eight teacher units.

meeting with considerable success, both in the quality of merchandise purchased and in the price paid. As an instance, County Agent L. C. Carter of Howard County, gave out the statement that a quantity of hay was recently bought and handled cooperatively at a saving to the farmers of \$12.50 per ton. The idea is well worth the consideration of Dawson County farmers.

## USE COMMON SENSE IN MANAGEMENT OF VACATION

Austin, July 16.—This is the time of year when we put much effort and justify the expenditure on the ground that we and our families require an opportunity to recuperate through change of surroundings and to improve our well-being. But there is often very little common sense in the management of the vacation, especially that of the children. The essentials of good care are ignored, so that the child is often in less satisfactory condition, physically and mentally, at the opening of the school in the fall than he was at the beginning of the summer, said Dr. John W. Brown, State Health Officer.

Insufficient rest and over-exercise are particularly common. It is more difficult, of course, to see that the child obtains sufficient rest during the summer, the long days and planned diversions being responsible; but more rest, not less, should be the rule during the summer months. Heat and exercise may interfere with proper digestion, indiscretions in diet are often permitted or even encouraged. Milk, the child's staple food, which deteriorates rapidly in warmth is not sufficiently protected; and other foods are subjected to contaminations which would be less likely to occur in winter.

A sudden change from an indoor to an outdoor life often leads to long exposure to the summer sunshine and when this is unduly prolonged sunburn often results. Children who have played out in the sun all the year are more or less hardened to the effects of the sun but those that don't sun-tan suits for the first time should be careful not to prolong the exposure at first. Exposing the skin a short time at first and gradually increasing this will soon build up a beneficial tan without sunburn.

Mrs. R. J. Hendricks and daughter Miss Imogene, of Tatum, N. M., are visiting the Parker families east of town this week.

## CHEVROLET SALES LARGEST SINCE 1929 FOR JUNE

Detroit, July 11.—Chevrolet sales and production in June were the largest for that month since 1929. W. E. Holler, vice president and general sales manager, reported today. Sales in the United States totalled 97,862 units. Total production including Canada and export, was 122,300. "These figures," Mr. Holler announced, "not only surpass the sales and production totals for any other June since 1929, but with a single exception exceed the highest totals for any month in years."

"For the third time this year, June gave us a monthly production in excess of 100,000, the other two months being March and April. In no other year since 1929 has even an entire year had three 100,000-car months such as this year already has at the half way mark."

"As we enter the second half of the year, we have already built more than 60 per cent as many cars as we produced in all twelve months of 1934—a year in which Chevrolet started the industry by registering more cars in the last six months than in the first half."

Models of June greatly exceeded Stan-

dard model sales. However, the priced Standard models, during this year with the addition of Master blue flame engine, is a tremendous success. To date, 1935 Standard sales show an increase of 727 units over the same period of last year."

Mr. and Mrs. C. C. Betty and children are in Hobbs, N. M. this week.

## "Broken Arch"

How often do we hear this expression? It simply means that in the structure of the foot there are certain misshapen bones.

How often during the day do you say "My feet are killing me?"

How many of your friends walk with that misshapen wooden footed motion?

By correcting that misshapen bone or bones, we stop those cramps, bunions, chafing and aching feet and limbs.

B & O Cash Store J. N. Line & Sons

Jeannett and Wilma Rodgers and Mrs. Joe Williams as honorees.

Different games were played and dancing and music were enjoyed. One of the cleverest events of the evening was the room was in darkness while each person lighted a candle which gave the room a soft glow and reminded one of the much read about Fairy Land. Then a contest was held to see who could blow out his candle first.

At a late hour refreshments of ice cream and cake were served to approximately thirty guests.

**BLUE DARTER**  
News of the Joe Bailey Community Mary Frances Brewer, correspondent

Everyone is busy this week, cleaning crops of weeds and getting ready to lay by.

Miss Dorothy Jordan has returned from a weeks visit with friends and relatives in Dublin and Anson.

Misses Doris and Connie McConal were visiting with friends; a short time Tuesday morning.

Mr. and Mrs. C. A. Elland and children are visiting her sister Mrs. Marshall Whitsett and Mr. White.

Miss Effie Vaughn was the guest Saturday night of Mr. and Mrs. D. M. Estes.

Miss Beatrice James and Ann and Mr. Floyd Thompson were Lubbock visitors Saturday afternoon.

Mr. Buddy Davis attended the Harley Sadler show at Lubbock last Thursday night.

Doc Beach was in Lamesa Saturday afternoon attending to business interests there.

Mr. and Mrs. Marshall Whitsett have as their guests this week her niece, Mrs. Milton Simmons and Mr. Simmons of Fort Worth.

Mrs. Bill Brunson is spending this week with her mother who lives at Marvaneal. Mrs. Brunson is assisting her mother with fruit canning.

Carolina, Mrs. M. L. Maxwell who has been visiting here returned to her home in McCamey Monday. She was accompanied home by her brothers and sisters.

Mr. and Mrs. E. E. Gilbreath returned the latter part of last week from a visit with relatives at Dublin. They were accompanied home by her sister Miss Johnnie Mae Phillips who will visit with them for a few days.

of every member of the church to help support it.

11:00 A. M. Worship Service "Every man standing in his place."  
8:30 P. M. "Physicians of No Value."

We will be under the tabernacle for services Sunday. Come and worship with us.

**BAPTIST CHURCH**  
A. Loper, Pastor

Our summer revival will begin on the first Sunday in August. Rev. C. J. McCarty of Lubbock will do the preaching. Music will be under the direction of C. H. Mansell. We are anxious to have all singers of the town and communities to join in this part of the meeting, for it is indeed a vital part. We extend a cordial invitation to the people to join us in all the services, which will be held twice a day under the tabernacle.

Members of the Ladies class brought up their score Sunday, which gave them a small lead over the men's class for the two Sundays. Our next will have to pep up a little on the six-point record, especially on the prepared lessons and bringing Bibles. Do not forget that visiting counts also. Lesson for the men next Sunday will be the Seventh chapter of Luke.

A number of our people signed pledges to tithe last Sunday. We hope that number will increase each Sunday. All the teachers are expected to keep this matter before their classes and enlist every one possible to begin to tithe the first Sunday in August.

If one joins a lodge, he pledges and expects to support the lodge regularly, and if he remains in good standing he must do so. When one joins the church, he also pledges to support it regularly and cheerfully. No one could expect to remain in the Lodge without supporting it, and neither should anyone be satisfied to remain in the church without contributing to its support. "On the first day of the week, let everyone of you (everyone from the greatest to the least) lay by in store as the Lord has prospered him." 1 Cor. 16:2 "As he hath prospered in his heart, so let him give." The matter of paying the Lord His tithe and giving Him offerings is not accidental, but must be a plan and purpose of the heart. It is not only the duty but also the privilege

**How Does Chiropractic Apply to the Disease from Which I May Be Suffering?**

The question nearly every reader asks. The nerves that radiate from the spinal center of the backbone, reach every organ of the body. It follows then, that misalignments affecting any of these nerves, when corrected by chiropractic adjustments, will affect favorably any organ of the body reached by these nerves.

Chiropractic releases the power inside. It is simple and easy to understand. It is a FOUNTAIN OF HEALTH toward which the world is turning.

**Chief Interest In August Election To Be Repeal Act**

Probably chief interest in the August 24th election on the seven proposed Constitutional Amendments will center on Proposition No. 9 on the ballot—the repeal of Prohibition according to Secretary of State Gerald C. Mann.

The Constitution at present, prohibits the sale, manufacture and transportation of alcoholic liquors (except 3.2 beer). This prohibition would be stricken out by adoption of the Repeal Amendment.

The proposed amendment specifically prohibits the return of the open saloon—and it would be up to the Legislature to define the term "open saloon."

No machinery is set up for the sale of liquor. The Legislature would have the authority to determine just who and just how liquor is to be sold. This could be done by State monopoly or through private channels. The Legislature would have the authority to repeal laws regulating local option elections.

If the amendment is adopted all counties, cities and precincts that were dry in 1919 when statewide prohibition was adopted would be dry now—at least until local option elections were held to determine otherwise.

It is well to remember, Secretary Mann points out, that there will be an election next year in November to determine whether the State shall sell liquor through a state monopoly system. If the repeal amendment is adopted in August, it will in effect be submitted again in November, 1936, in the State Monopoly Amendment which says the State SHALL have a liquor monopoly. To retain the present dry status both the August 24th Amendment and the November, 1936 Amendment must be defeated. Passage of either will repeal the present prohibition section of the Constitution.

**Farm News**

**1934 Cotton Tax Exemption Certificates**

Closing date for polling (special pool) for 1934 cotton Tax Exemption certificates was Monday night July 15th.

Producers who have a few Cotton Tax Exemption Certificates that have not been surrendered to the County Agents Office to be sent to the Washington office to be re-issued for Certificates usable on the 1935-36 cotton crop must do this before Thursday, July 25. After that date it will be too late to do anything with the 1934 tags if you have not already put them in the special pool or brought them in to have them re-issued for this year's use.

**New Cotton Contracts and Split Contracts**

All new contracts (contracts signed for the first time in 1935) except three or four have been adjusted by local Committeemen and are ready to be signed by the producer. Producers who have not signed their new contracts and made Bale Tag Applications for this year please come in immediately and do so. We would like to get all of these contracts signed and ready to be sent to the State Allotment Board soon after July 25.

Producers who have not signed their Split-Contracts and made Bale Tag Applications please do so not later than July 25th.

Austin, July 15.—While the Texas Highway Commission today canceled all new designations and applications for newly designated roads with certain exceptions, until the Government may act under its gigantic relief program, nevertheless, here and there definite assurance was given on a number of projects.

Perhaps the most significant move by the commission takes in Highway 83, extending across West Texas as the most direct route to the Carlsbad Caverns.

A large group of citizens in the 11 counties affected attended the hearing, with M. E. Daniels of Breckenridge as the spokesman, but hardly had he finished when Harry L. Hines commission chairman, declared that further speaking was unnecessary, "because the commission is just as enthusiastic for improvement of the road as you are. In fact, we already are arranging for a conference at Carlsbad with the Governor and commission of New Mexico, and we have conferred with officials in Washington, and all of us are anxious to get those gaps closed as soon as humanly possible."

Then the delegation applauded, shook hands with the commissioner and departed. The road goes directly west from Fort Worth to Seminole in Gaines county. All but 163 miles of the route is in first class condition and the route is 80 miles shorter to the cavern. Coming to a halt in the half of the road were: T. F. Oak, James Stanley and J. W. Childress of Gaines county; Dixie Kilgore and V. Z. Rogers of Dawson county; Bert Masingill, A. O. Murray, and Dave Burdett of Borden county, with representatives from Scurry, Stephens, Palo Pinto, and Parker county also present.

**ALL CLIENTS ON RELIEF ASKED TO CALL AT OFFICE**

Due to the inauguration of the new Works Progress Administration it has become necessary to certify anew the eligibility of all clients on the relief rolls of Dawson county. To obtain sufficient information for the certification of eligibility to relief, all persons now receiving assistance from the Dawson County Relief Office have been requested to call immediately at the relief office to be certified for the new works program. This transfer is to be completed by July 25th.

**O. K. HOME DEMONSTRATION CLUB MET JULY 12TH**

"A correct diet plays a most important part in the way we look," stated Miss Mattie Phenix, County Home Demonstration Agent, to members of the O. K. Home Demonstration Club when they met in the home of Mrs. Alice Greenlee, Friday July 12th.

Miss Phenix gave a very interesting demonstration on "your looking glass." She also looked at the dresses made from our foundation patterns and it seems that we have quite a bit more work to do on them yet.

The club adjourned to meet with Mrs. Mildred Vandiver, Friday, July 26.

There were eight members and two visitors present. —Reporter.

**LOCALS**

Mr. and Mrs. W. L. Palmer were Slaton visitors Thursday afternoon.

Mrs. Paul Gooch and Mrs. Faye Westmoreland who have been attending school at W. T. S. T. C. for the past six weeks returned to their home here Saturday evening. Miss Thelma Palmer made the trip to fetch them home.

Master Gerald Stokes spent the week end with his grandparents, Mr. and Mrs. J. W. McDonald. He accompanied his parents, Mr. and Mrs. Harry Stokes home Sunday night.

Miss Bernice Boles spent the week end with Misses Toye and Ann Thompson. She returned to Lubbock Sunday night to resume her duties at the West Texas hospital.

Mr. and Mrs. Marvin Alexander and children of Fort Worth are visiting his brother Carl Alexander and family this week.

Coach Fletcher Johnson, Superintendent E. E. Gilbreath, W. L. Gardenhire, and S. M. Minton left Monday for a vacation and fishing trip near San Saba.

Mr. and Mrs. B. L. Davis and her sister, Miss Nell Boyer, are spending a few days at Cloudcroft, N. M.

Miss Beverly Wells is able to resume her duties as school and city tax assessor this week after an attack of summer flu.

Mr. and Mrs. E. T. Wells and daughter, Miss Jim Ellen, were among the fans who went to Lubbock Wednesday for the Hubber-Willson game.

Dr. and Mrs. Ferrell Farrington Mrs. C. C. Caldwell and daughter, Betty Rhea, returned early Wednesday morning from Alba and Dallas where they had spent the past week.

Mr. and Mrs. Cliff Lambert and children, A. C. and Marelle, returned Monday from an extended vacation trip with friends and relatives in Oklahoma, Fort Worth and other points.

Mr. Roy Carpenter, county attorney of Andrews county, and Sheriff Dillard of the same county were in O'Donnell on business Thursday.

Mr. and Mrs. W. R. Gibson have as their guest this week their daughter, Mrs. Ome Brewer and little son, Jerry of Fort Worth.

Miss Juanita Parker, who has been teaching at Adrian during the last school term is at home for a short vacation.

Mr. and Mrs. W. E. Vermillion and family are visiting friends and relatives in Wise County this week.

Miss Laynette Smith was a Lamesa visitor Monday.

Mr. Jack Markham of Roswell was the guest a short time Saturday afternoon of Mr. and Mrs. E. T. Wells and family.

Mr. and Mrs. Glenn P. Lee of Marlow, Oklahoma and children, Glen Jr. and Daisy Beth are visiting her parents Mr. and Mrs. Hal Singleton Sr.

Messrs. James Applewhite and Sonny Brown of Tahoka were O'Donnell visitors Monday night.

Mr. and Mrs. Ellis Jordan and family had as their guest last week end her brother Mr. Johnnie Homer and wife and family of Hereford.

Born to Mr. and Mrs. Jim Ward on July 13th an 8 1/2 pound son. Both mother and baby are doing well.

Mr. and Mrs. J. B. Williams announce the birth of a daughter, Theoda Yvonda.

Mr. and Mrs. Ellis Barnes are the proud parents of a seven pound daughter, born July 7th. The young lady has been named Bobby Lucille. Mother and baby are doing nicely.

M. J. Whitsett is acting as pharmacist at the corner drug during the absence of W. E. Vermillion.

Mr. and Mrs. Paul G. Morris returned Tuesday night from a vacation trip which took them to Sherman, Houston, Galveston, Bridgeport, Oklahoma City and other points. They have been gone almost five weeks.

**FRIENDSHIP**

FRIENDSHIP is one of the finest things in life.

A good friend comes to us when we are in distress and unhappy, and without a good friend our life would be empty. But to make a friend we must first be a friend. A friendly, thoughtful deed is appreciated at all times. The bonds of friendship are far more comforting than coupons cut from bonds.

Don't let old friends pass out of your life just because they do not live next door.

Spare a few minutes now! Reach for your telephone! Exert your personality to the next block, the next town or another state without leaving your easy chair. Make your old friends a telephone visit while you are in the mood.

O'Donnell Telephone Co.
