Mahon Is Home

Congressman George Mahon has returned from Washington and opened his Lubbock office in the Post Office Building. He said that at present he had no special plans except to attend to official business and visit among the people. Congress adjourned August 20 and is not scheduled to reconvene until next January 5.

Mahon, in commenting on the Congressional session, stated, "The Republicans claim that a wonderful job was done. Democratic leaders take a dim view of accomplishments. It is, in my opinion fair to say that Congress, on the whole, did a reasonably good job. Along with most Democrats, I voted for much of the program. But on many measures there were sharp differences of opinion.

I strongly opposed the Administration's program to scuttle the 90 percent of parity support program for agriculture and replace it with the sliding scale system. In my opinion, the new program is no answer whatever to our farm problem. Agriculture will sustain a terrific setback without corresponding benefits to the consumer and taxpayer. There is a farm problem, but the flexible support program is not the answer to it."

Wednesday night, Sept. 15th at 8 p. m. is the date for the Nazarene Missionary meeting. Young and old, men and women, are all invited. The ladies of the society are giving a play "Where There's A Will There's A Way".

Cemetery Meeting Set For Tuesday

The O'Donnell Cemetery Association will meet Tuesday night Sept. 21st at 7:30 p. m. at the Legion Hall to lay plans for the annual cleaning of the Cemetery, according to J. C. Harris. The project last year was a big success and as you will remember, about 15 truck loads of sand was moved from our memorial park. Honor the memory of your loved ones by doing your part and help plan this year's cleaning project. Mr. Harris added.

Middleton Gins 1st Bale At Woolam's

J. T. Middleton, sr. ginned the first bale of the season for the Woolam gin here. The bale weighed 525 lbs and the gin bought the bale at 50c lb. Dub is one of the Community's most progressive farmers and is a member of the local City Council.

To Tech: Arthur Jackson and Nolan Porterfield.

School Is A Benefit To O'Donnell

In O'Donnell, as in most communities throughout the United States, our schools are about the biggest business you will find in town. For example, last year this district spent in round numbers \$160,000 for public education. This year the figure will be about \$18,000 short of last year due largely to the loss of six class room teachers. In spite of this slash in funds our school this year will employ 24 instructional and administrative persons, 1 secretary, 1 tax collector, 8 bus drivers, 3 custodians, and 3 lunch room workers. You have invested in this district well over \$750,000 in buildings, buses real estate and equipment. It is no wonder then that school business is big business throughout the land.

It is with pride that we have watched these last few days of freedom from school worries, enjoyed by our youngsters. Boys and girls coming out for preliminary band rehearsals, football squadmen working out in the early evening and the little elementary kiddos running across the campus and looking on the doors of each room to see who's class they will be in. It is not only with pride but with thanksgiving in our hearts that we look forward to another year of schooling in a land of plenty (droxy though it may be) and to know our children will have the advantages of schools free from the dictates of a few men of tyranny. That they will be taught the will of free men and to think for themselves.

Bank Has New Hours

E. J. Smith, president of the First National Bank here, this week announced new business hours for that institution. The bank will open at 9 a. m. and by a close at 4 p. m. . . an hour less than has been schedule. Of live importance to farmers and businessmen will be the new schedule Saturday: open until 4 p. m.

Plans New Home Here

Incidentally Mr. Smith plans to build a new \$25,000 home in east part of town just west of the Hugh Lott residence. The lovely home will be partially brick and have 3 bedrooms, a bathroom, a living room, a dining room, a kitchen and a breakfast room. Mr. Smith is proving a decided asset to our community over the

LOCAL BAND INVITED TO LUBBOCK FAIR

An enjoyable afternoon spent with seven members and visitors present. The next meeting will be with Mrs. C. M.

'46 Club Opens Study

The 1946 Study Club of season with a mid-morning meeting in the home of Mrs. Flo Williams on Wednesday Sept. 15. Hostesses for the occasion were Mrs. Douglas Ballew, Mrs. Carroll, Mrs. Homer H. and Mrs. Elstyn Bates.

Ham and potatoe skewers

cooked eggs with cheese sauce, broiled peach halves, cherry and walnut coffee cake and coffee was served to the guests who were seated at individual tables covered with white maderia cloths and centered with red roses in cut glass bud vases.

A prayer by Mrs. Carr Spraberry

opened the program followed by the president's message by Mrs. Burl Koening. Mrs. Douglas Ballew, program chairman for the year, presented the year books.

A resume of the club's programs for the year is as follows:

A series of meetings for a study of Southern, history, music, social problems and literature; a Blue-bonnet tea with a program on Texas in Washington and a Rosemary party to honor pioneer women.

The theme for December is "Christmas is Christ" and for the pre-Easter season "A Time For Faith".

Other program highlights include "Great Loves of History," "Indian Art," "Books with a Flavor of the Southwest" and a program on Flower Arrangement. A barbecue with husbands as guests will close the club year.

The next program in September

will be at home of Mrs. Carr Spraberry with Mrs. Pleas Childress of Odessa reviewing the book, "History of the American Negro."

Many Have Foot Disease

Infectious hepatitis literally means "infectious inflammation of the liver." It is a virus infection which occurs sporadically all year long, but which subsides somewhat during summer months. Grace said there no experimental animals on which tests can be conducted, and the virus cannot be

"culturer" or grown in a laboratory. Other people, he said, are apparently immune. Sub-clinical cases— people who have the virus but are not sick—are not uncommon.

The disease is characterized by a flu-like onset, accompanied by a low-grade fever of 99-101 degrees for two or three days. The liver area is sore and tender. Walking increases pain because the inflamed liver is thus aggravated.

Increasing numbers of cases of a disease called "infectious hepatitis" are being observed in Texas, state health officials say.

Over 800 cases of the debilitating illness have been reported by private and hospital physicians. That's substantial increase over the number reported for the same time period last year, says Health Department Epidemiologist Dr. Gordon Grace.

Most medical authorities believe the disease is spread by person to person contact through nose and throat discharges. Dr. Grace pointed out. But he said a number of cases have been traced to contaminated food and water.

The House approved the Administration's \$3,400,000,000 foreign aid program by a vote of 280 to 125, the Democrats giving the measure greater support than the Republicans.

"There are musical notes which are inaudible to the human ear," says a scientist. We want more of this kind.
