THE O'DONNELL INDEX

O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, APRIL 11, 1935 NUMBER 28

Win On Meat Show

Open counties competing, Lynn won second place in the 1st Division of the Quality Show in Lubbock last week. Lynn won first prize, Hale won second, Hockley fourth, and Lubbock and Lynn were two counties having H. D. ...

S. S. Class Will Stage Play On Apr 23rd

Members of the Girls' Sunday School Class of the First Baptist church are to present a rollicking 3 act play at the high school auditorium on Tuesday evening, April 23rd. Admission will be 10 and 20 cents, and everyone is heartily urged to come out and enjoy a good laugh. Miss Ruth Marie Howard plays the title role as "The Only Girl in Sight" and opposite her is Hilton Hensley. "The Only Girl" enjoys the name of Joycelen St. John Lowisroft, while her partner answers to the appellation of James Archibald Bennett. With Miss Howard and Mr. Hensley, roles will also be played by Mr. and Mrs. Gene Loper, Miss Edwyna Vermillion, Frances Williams, Mary Hamilton, Mona Rae Edwards, Margaret Goddard, Jewel Bevan, Tore Thompson, Messrs. East, Howard, Ralph Gary and Vernon Kirkland. Mrs. A. Loper is director, and all indications are that this will be one of the best amateur productions staged here in some time. Don't fail to see it.

Easter in the Offing

Money for Wells May Be Borrowed From F. H. A.

Congressman George Mahon was advised today that it would be possible for farmers to secure loans under Title 1 of the Federal Housing Act for the purpose of putting down irrigation wells on their farms. This interpretation was made by the Legal Department of the Federal Housing Administration after Mr. Mahon had called on them in regard to the irrigation problem. The Act provides that the Federal Housing Administration may insure loans made by local bankers to home owners for the purpose of making improvements up to \$2,000. A farmer may apply to his local banker for funds to put down a well and provide the equipment. If this loan is made in accordance with the regulations of the Act, it will be insured by the Federal Housing Administration, according to the information received. Therefore, the local banks would be the judges of the soundness and desirability of this type loan. The future policy of the Federal Housing Administration can not be predicted with certainty.

Continued Sand Storms Harass Entire Territory

Even though agricultural writers are trying to be optimistic and probe the theory that West Texas soil is being fertilized and enriched by top soil from Kansas, Nebraska, and Colorado, the majority of the population of our section would gladly get along without such fertilizing and also dispense with the sandstorms. Intense clouds of flying sand and gravel as well as dust have been swept in from every direction during the past few days, the winds at times affraying truly alarming velocity. Friday of last week was a very unusual day, with an atmosphere so hazy as to resemble an old swamp country fog. This haze was apparently our part of raging storms in the northwestern states. The high wind followed the dust on down into Texas Saturday, and hasn't left us yet. The question of moisture for the spring gardens and for the 1935 crop is becoming a rather serious one for Texas and her neighboring states.

Abandonment of Test Ordered in Dawson

Order for the abandonment of the Ray Albaugh et al No. 1 John Robinson, Dawson county wildcat oil test in section 46, Block M. E. L. and R. Fy. survey, was issued Friday, and the hole is to be abandoned at 4,860 feet. After drilling was resumed at 4,515 feet when further drilling was ordered after the first contract depth of 4,500 feet was reached, considerable trouble was reported. It was said that a string of tools was lost in the hole and that in searching for them a huge cave-in was found. As a result of this, drilling was stopped and the plugging ordered. The test was running high in the Yates sand, it was reported. A considerable flurry of leasing was occasioned when Harper and Adams, Ediland drillers, took over the operations at the insistence of some of the major companies. Ray Albaugh had drilled the test down to below 3,900 feet, on his own resources.

J. H. Cathey Died Friday; Was Pioneer Resident of Section

James Henry Cathey, resident of the territory for more than thirty years, passed away shortly after noon Friday of last week after a lengthy illness. Death occurred at his home in the Pride community. Funeral services were conducted at Pride Saturday morning in the presence of friends, sorrowing relatives and friends. Interment was made in the cemetery at Gail, where his parents and a brother are buried. Higginbotham funeral home was in charge of funeral arrangements. This was the third time death has visited the Cathey family in little more than a year. Mr. John Cathey having passed away in February 1934 and a sister, Mrs. C. B. Morrison, just two weeks ago. Uncle Jim, as he was affectionately known by his friends and relatives, lacked a few weeks reaching his 83rd birthday, being eighty-two years, ten months and one day of age at the time of his death. He was born June 4, 1852, in Kent county, Mississippi. He was the eldest child of the nine children of Lucy and T. D. Cathey, and as the elder brother he bore responsibilities and assisted in the care and upbringing of his brothers and sisters. To the day of his death he was still looked up to as the head of his family, and the place being accorded him not only because of his age but also because of the respect and deep affection felt for him by every member of the closely-knit family.

B. B. Girls Sponsor Play Tuesday Night

Attention of our readers is called to the fact that members of the girls' basketball team are presenting a three-act comedy entitled "Red Headed Stepchild" at the high school auditorium, Tuesday evening of next week, or April 16th. Admission will be ten and twenty cents, a small sum for an evening of fun. The cast of characters has been carefully selected, the girls have worked long and faithfully on the play, and it is rumored that the presentation will be an unusually good one. Remember to see the "Red Headed Step Child" at the high school auditorium, Tuesday evening of next week.

County Club Girls Lower Family Bills

At least two families are finding that it pays to have daughters interested in 4-H club work, according to records proudly displayed recently. Elizabeth Evans, a member of the Southward 4-H club, has become an expert in the mysteries of hotbeds, and is now ready to supply the family garden plot with all the pepper, tomato, and sweet potato plants that can be had. This she does for her project in these words: "My hotbed, 7 ft. x 3 ft. x 2 ft. is situated on the south side of the house. I removed all clay dirt and put in a layer of manure 8 inches deep. I then put in two tubs full of water, and let stand for three days. I measured 18 inches for sweet peppers, 12 inches for hot peppers, three feet for tomatoes, and 2 1/2 feet for sweet potatoes. I planted and covered them with one inch of soil. The tomatoes were planted on Wednesday, and were up in a perfect stand the following Wednesday." Miss Gayle Campbell of the Wells club is proving herself an expert as a personage in the family budget, as she has undertaken to provide vegetables for table use and also for canning. She outlined her plans thus: "There are ten members in our family, and in order to produce enough vegetables for our use, I have planned a large garden. The garden spot near the house is 150 feet long and 100 feet wide. The rows are spaced 3 feet apart. On March 23, I planted 150 feet of Detroit Dark Red, 75 feet of Chantanello, 75 feet of Danver carrots, 75 feet of spinach, 75 feet of lettuce radishes, 75 feet of Early Heart lettuce, 75 feet of Early Prize head lettuce. All of these are up to a good stand. I place in cans over the plants during a sandstorm to protect them from wind and sand. I plan to plant my field garden when it rains. It will be 150 ft. by 100. Here I will have my water, peas, cantaloupes and all beans and peas. "Sometimes this week I plan to plant mustard, swiss chard, eggplant, peas, turnips, okra, squash, cucumbers, and get out my tomato plants. These two girls are enthusiastic members of their clubs, and both became interested in this activity soon after our present county home was demonstrated. Miss Sylvia Robb's construction agent, Miss Sylvia Robb took up her duties. And if a mere editor may hazard an opinion, we'd

Money for Wells May Be Borrowed From F. H. A.

Congressman George Mahon was advised today that it would be possible for farmers to secure loans under Title 1 of the Federal Housing Act for the purpose of putting down irrigation wells on their farms. This interpretation was made by the Legal Department of the Federal Housing Administration after Mr. Mahon had called on them in regard to the irrigation problem. The Act provides that the Federal Housing Administration may insure loans made by local bankers to home owners for the purpose of making improvements up to \$2,000. A farmer may apply to his local banker for funds to put down a well and provide the equipment. Continued Sand Storms Harass Entire Territory

Even though agricultural writers are trying to be optimistic and probe the theory that West Texas soil is being fertilized and enriched by top soil from Kansas, Nebraska, and Colorado, the majority of the population of our section would gladly get along without such fertilizing and also dispense with the sandstorms. Intense clouds of flying sand and gravel as well as dust have been swept in from every direction during the past few days, the winds at times affraying truly alarming velocity. Friday of last week was a very unusual day, with an atmosphere so hazy as to resemble an old swamp country fog. This haze was apparently our part of raging storms in the northwestern states. The high wind followed the dust on down into Texas Saturday, and hasn't left us yet. The question of moisture for the spring gardens and for the 1935 crop is becoming a rather serious one for Texas and her neighboring states.

School District Re-Elects Board Members

Voting was extremely light Saturday in the trustee election for the O'Donnell Independent School District. Only three names were listed as candidates for the two vacancies and the district returned to office the two former board members, W. E. Singleton and W. H. Harris. Friends had also filed the name of J. M. Ables. All three were able and conscientious men who would have filled the duties of the office to the best of their ability. However, with the district facing another year of depression apparently, perhaps the voters were wise in returning the two men who have had experience in affairs of the district. At any rate, two more faithful or capable men would have been hard to find. So far as we have been able to learn, Chester Connelly was re-elected trustee at large on the county board. We hope to secure names of trustees in the various school districts of our territory for this week's Index. If not, perhaps we can list them for next week.

Hilton Hotel Buys Lynn Prize Beef

Much to our regret, J. W. Garden's prize winning baby beef was bought at auction Wednesday of last week by the Hilton Hotel at Lubbock. He brought a price of 14 cents per pound. Several of our business men tried to raise funds locally to buy the beef for home markets, but for some reason the plan was not carried out. Personally we felt that he should have brought a better price, especially when his purchase price was placed lower in the Meat Show. Young Gardiner's entry placed fifth in the senior division and tenth in the entire show. Foindeuxer of New Home's entry, sent in for his entry, which placed only 29th in the show, while a Lorenzo beef, which placed 20th, brought 15 cents per pound. However, this was the first year in several that a local boy has had an entry, and maybe we'll know more how to do next time.

Car Damaged in Collision Friday

Damage amounting to more than \$500 was inflicted on W. J. Jordans' Buick Sedan Friday night in a collision with a 1929 Chevrolet driven by a Lamesa girl. Homer Lee Jordan and friends were returning from home with Lee driving his Buick. The Lamesa young person was their way home from the dance here. Whether the young man was inexperienced, was blinded by lights from the Jordan Buick was the cause of the accident, one could determine. The Buick was on its side of the way when the other car struck it. The radiator, shell, and fenders were bent on the Buick, while the front of the Chevrolet was bent. Fortunately, no one was physically hurt, but the Jordan boys have pretty sick eyes since.

Joe Bailey School Closed Last Week

This year's session of school was closed in the Joe Bailey community Thursday evening of last week when Seventh Grade graduation exercises were held. Students of the Grammar school presented a very enjoyable program. A community picnic was held Friday, with all students and a number of patrons attending. This has been a very successful and pleasant session according to teachers and patrons. Mrs. F. L. Bullard was principal, with Miss Faye Brown of Tahoka assisting. Mrs. Bullard, accompanied by Mrs. Bullard, and her sister, Miss Stella Dorn, returned to her home in Emory Friday.

W. L. Palmer's Uncle Dies at Hamlin Sunday

News was received here Sunday afternoon of the death of W. A. Smith at Hamlin, deceased being the uncle of W. L. Palmer. Mr. Smith had filled a father's place for his nephew, orphaned early in his childhood, and for this reason the loss mourned by members of the family here. Mr. and Mrs. Palmer left late Sunday afternoon to be present for the funeral services, which were held at Hamlin Monday. Rev. Webb of Lamesa, long-time friend of the family, accompanied them and conducted the services. Mr. Smith suffered a stroke of paralysis some two weeks ago, and before he recovered from that illness suffered a second apoplexy which was the immediate cause of his death. Many of our people who came here from Jones and Fisher counties were well acquainted with Mr. Smith, and will regret to know of his passing. The Index joins with those friends in extending sympathy to the bereaved ones.

Drilling Resumed On T-Bar Test

Tahoka, April 6.—Drilling in the Wanette-Hart Oil company test on the T-Bar ranch, ten miles southwest of Tahoka, was resumed at 7 p. m. Friday. Depth was 4,313 feet. Shutdown had been ordered so the bit could be changed following drilling through the anhydrite formation. The test known as the Cass O. Edwards No. 1 is in the big hole and is being run as believed likely to be encountered at about 4,500 feet. The tests log shows that the formation is running from 230 to 250 feet higher than an old wildcat test on the T-Bar ranch about five miles to the west. There was also a test to the west in Terry county. The test is being drilled by E. B. Germany, Dallas driller. A large block of acreage estimated at 50,000 acres was formed.

Campaign Under Way Against Stray Dogs

The City Commission is making a determined stand this spring against fostering or harboring the dozens of stray dogs which ordinarily keep life pretty exciting in the city limits. Now folks, the City Council would like to see you do your part. Cause any one to lose a valued or loved pet, and does not wish to cause any trouble or grief for anyone, but so many complaints concerning stray dogs have been coming in that it is imperative that something be done. Because of this force of public opinion, the council is hereby warning owners of dogs that they must keep their pets within the confines of their own premises, or run the risk of having him shot by local officers. So if you have a dog, please keep the fellow at home and don't let him become a stray. Above all things, you live in the rural part of the territory, don't let your dog come to town on Saturday afternoon and get lost. Every Saturday night and Sunday one can see from one to a dozen playful, but belligerent, hungry, thirsty, and frightened. They followed their masters to town, and then got left when the family went home. If you value your pet or love him keep him at home.

Local Men Attend Paint Dealers' Meet

E. T. Wells, manager of Higginbotham-Bartlett Company here, and Barton Burk were O'Donnell's representatives at a meeting of the Charles Williams Paint Dealers at Brownfield Tuesday evening of last week. The chief purpose of the meeting was a discussion of the proposed advertising campaign being sponsored by the S-W company, and plans for renewed building and renovations over the South Plains this summer.

PTA Program Postponed to April 30

We are asked to announce that the regular program of the Parent-Teachers Association scheduled for Tuesday, April 23, has been postponed to the following Tuesday, or April 30. This change has been made in order that the annual Art Exhibit may be a part of the program, states Mrs. E. E. Gilbreath. Mrs. Gilbreath is arranging the event. Students of the art class will be assisted by the choral club in presenting an assembly program that morning, and will receive the guests and conduct them through the exhibit in the afternoon. They will then present several numbers on the PTA program in the afternoon. Remember this change in dates, and by all means plan to attend the program on April 30th. It will be well worth every minute of your time.

LAMESA STEAM LAUNDRY

Washington.—The President has placed Donald B. Richberg, his closest adviser, in the job as head of the National Recovery administration. Mr. Richberg will be chairman of the National Industrial Recovery board which has now been enlarged to the number of seven, and it is proposed that this group, divided between labor and capital representation, will guide the policies and programs as well as the enforcement of NIRA.

It may be that Mr. Richberg's appointment should be given only passing notice. Political appointments in Washington are many and the addition of one more normally would not attract attention. However, in this particular instance considerable significance should be attached to the appointment. It will have repercussions in more ways than one.

This brings us to the question of the future NIRA. As we all know NIRA legislation in the house and senate is encountering rough sailing. There are so many different ideas being put forward about the principle of NIRA that thus far it has been exceedingly difficult to reconcile them. Since the present national industrial recovery act expires by limitation of law on June 16, congress faces the necessity of enactment of new legislation or allowing the present law to die and the codes under it to fall apart.

Selection of Mr. Richberg on the basis of these facts would seem to indicate that Mr. Roosevelt had picked his best soldier to fight the battle; that Mr. Richberg, being eyes and ears for Mr. Roosevelt, would be the individual to guide the President in choice of policy and that his most trusted adviser would be the man to put forward details of the proposed NIRA extension legislation. The undercurrent of gossip around Washington, however, indicates something else.

In the first instance, Mr. Richberg is in bad with organized labor, and he has shown no disposition lately to make peace despite the fact that he was for years the representative of railway labor unions. Mr. Richberg it was who clashed with General Johnson and who is regarded, therefore, as indirectly responsible for General Johnson's resignation as national recovery administrator. The new chairman thus goes into his job with threatening clouds on several sides.

It will not be forgotten, either, that such valiant campaigners as Senator Carter Glass and Senator Borah, not to mention the alleged progressive, Senator Nye, are waiting for the NIRA legislation in the senate. Mr. Richberg's hide will look to them the same as any other hide. It is just possible, therefore, as some observers have suggested, that Mr. Richberg may have been put out as the lamb on the sacrificial altar.

Indeed, color is lent to this supposition by the fact that Mr. Roosevelt has taken little direct interest in promoting legislation extending the life of NIRA. Thus far he has said that he desired to have the extension granted, but he has not turned on the steam as he is equipped, to do, and as he has done for bills that were personal hobbies with him. It is made to appear, therefore, that perhaps there will be distasteful NIRA extensions such that the functions desired by the administration to be retained will be parcelled out, some to the federal trade commission, some to the Labor department, and others of lesser consequence scattered elsewhere.

While we are discussing legislation, it may be well to consider what is being done about the program of extending credit to home owners in cities and towns through the machinery of the home loan board. The house has passed a bill which will increase by two billion, eight hundred million dollars the amount of funds available for loans of this type by the Home Owners' Loan corporation. This sum was approximately a billion dollars more than the home loan board thought was necessary, in the eight or thought of so much money started the members of the house on something like a riot, so they made ample funds available.

From reports filtering through to Washington, I think there can be no question but what the home loan system has been of help in thousands of cases. Undoubtedly availability of government money in this matter has saved unnumbered home owners from loss of their property where short-sighted mortgage holders had insisted upon undue curtailment or absolute repayment of the borrowed money. Extension of the system probably has resulted also in reduction of general interest rates by private lenders of capital. If they wanted their money to work at all, they had to meet the government competition. Whether the principle of government loans is sound in normal times is another horse. Time alone can tell. The activity of congress, especially in the house, indicates that there is a demand of some kind or other for these loans in preference to private capital and that necessarily must be considered as an influential factor.

As the legislation increasing the lend-

ing power of the Home Owners Loan corporation has progressed, however, I have taken occasion to inquire into operations of the corporation which is wholly government owned. From all I can learn it stands out as the finest illustration of what politicians can do in the way of building political machines that I have seen in a score of years in the National Capital. It will be remembered that upon creation of the board former Representative "Seaboard Hill" Stephenson of South Carolina was named chairman. Mr. Stephenson, being more honest about politics than many others appointed unreservedly that appointments were going to be made on a political basis. He created quite a furor and finally found himself sidetracked. For a time he here in Washington have heard little about politics in the home loan system. It has developed, however, that politics was not dead, but sleeping.

The loan corporation in carrying out the idea or policy of decentralization did some very peculiar things, according to certain parties. Actually, I am told, some young men without previous practical experience or training were supplied with copies of

Children Surprise Parents on Anniversary

Mr. and Mrs. A. F. Edwards celebrated their silver wedding anniversary on Wednesday, April 3, and their children surprised them with a family reunion and dinner at their home here.

Among those who were present for the occasion were Mr. and Mrs. R. E. Taylor and son of Sonora, Mr. and Mrs. C. C. Whipp of Lubbock, A. S. and F. C. Edwards of T-Bar, Mr. and Mrs. Weldon McMillan and immediate members of the family.

MRS. ASKEW HOSTESS TO WELLS H. D. CLUB

Peace and happiness in the home the source, and means by which they can be attained were the subjects of a round table discussion when members of the Wells H. D. Club met Wednesday afternoon of last week at the home of Mrs. P. E. Askew.

Those present were Mmes. D. J. Bolch, C. Bolch, R. E. Towman, D. L. Greenwood, Ellis Barnes, Fred McGinty, A. R. Tyler, Jno. Etter, Jno. McLaughlin, and Miss Helen Askew.

Mr. Horace Henley, who has been ill for several days, is reported to be much improved this week.

Grandpa Henley has returned from a visit with relatives and friends in Fannin county.

T. L. Higginbotham was here from Dallas this week, looking after his farming interests west of town.

Mr. and Mrs. George Shumake, and daughter, Miss Vada, have been here from Hachita, N. M., visiting relatives and friends and attending to business.

Mr. and Mrs. E. T. Wells spent the week end in Fannin, N. M., with her father, Bell Burleson, and family. Mr. Burleson was celebrating his birthday. Miss Jim Ellen accompanied them.

Mr. and Mrs. R. E. Taylor and son Donald of Sonora, were guests last week of her parents, Mr. and Mrs. A. F. Edwards and other relatives and friends. Mrs. Edwards accompanied them home for a visit.

L. N. Nichols, carrier for rural mail route 3 was quite ill several days last week, but is able to be back on the job again.

Mrs. Harlan Austin of Hobbs, N. M. was the guest last week of her parents, Mr. and Mrs. W. H. Harris.

Mr. and Mrs. S. M. Weathers of Tahoka were here on business Friday of last week.

J. D. Crawford was in Tahoka on business Friday afternoon.

WELLS NEWS—

(Delayed from last week)

There was a good attendance for Sunday school this Sunday.

Cleatus Askew spent the week end at Petty with his brother, Dalton Askew.

Wells girls' tennis double team won first place at county meet, and will go to Lubbock Friday.

Miss Ronda Clemens spent the week end in the A. R. Tyler home.

Peggy Jane Adams has returned to school after an absence due to illness.

ECONOMY ZONE

V-8 POWER

With the introduction of the V-8 engine, Ford brought a new standard of performance to the low-priced field.

Comfort Zone Riding

Gives the ease, smoothness and comfort of a "front seat rider" even to back seat passengers—important engineering advance.

FORD ECONOMY

The 1935 Ford V-8 gives you the most economical car to operate Ford has ever built.

Why take less?

FORD has always aimed to make the automobile-buying dollar go as far as possible.

This year, the 1935 Ford V-8 gives you traditional Ford low prices, traditional Ford operating economy—and, in addition, riding comfort, body roominess, new beauty and new safety features that will satisfy the requirements of almost everyone.

Consider some of the major improvements in the Ford V-8 for 1935. Take Comfort: From this standpoint alone, what a completely rounded car this is! Comfort Zone Riding that gives "front seat comfort" even to rear seat passengers. Deep cushioned, high-backed, wider seats. Big, air-ballooned tires. Easier steering and a newly-designed clutch that responds to the touch of your foot.

Consider safety: There's safety glass all around—on all models—at no additional cost. A new, welded all-steel body. New, more powerful brakes, with an unusually high ratio of braking surface to car weight. And a lower center of gravity that gives increased safety and stability on curves!

Why be satisfied to receive less than this for your money! Examine this new 1935 Ford V-8. Ride in it. You'll realize that it is truly a new automobile value.

Eagles' Screams

Seniors Plan Trip to Carlsbad

Following a custom of several years' standing, this year's graduating class is making plans to visit the famous Carlsbad Cavern on Governor's Day, the latter part of this month. Through courtesy of the management, students pay no admission fee other than the 15c tax on that day.

A second class play, entitled, "The Eagle Screams" has been selected for presentation during commencement week. The cast of characters will be selected in the near future.

Physical Training Period Devoted To Games

The last 25 minutes of the noon intermission has been set aside as Physical Training Period, and for the past several weeks the time has been spent in playing baseball or volleyball. On Monday of last week the senior baseball girls, coached by Superintendent Gilbreath, played the junior team, coached by Mrs. Lattimore. The game was a small but welcome recompense to students for their perfect attendance on April Fool's day, and resulted in a tie 25 to 25.

This perfect attendance on April 1 created much favorable comment throughout the district, and students have been highly complimented on their interest in school work. Senior and Sophomore classes had perfect attendance, and only one member of the Junior and Freshman room was absent, that student having mumps.

Sophomore Class Well Represented in County Meet Events

A check-up last week revealed the fact that sixteen of the twenty-six members of the Sophomore class represented the school in one or more of county interscholastic league events, a record of which the class is justly proud.

Those representative made good in their contests too, winning four first places and three second places. Winners of first honors were Zuel Fritz, junior girl declaimer; Royce Skinner, senior boy declaimer; Bert Tuna, mile run; Bobbie Carroll, pole vault.

Grammar School Has Promising Poets

Under the supervision of Mrs. E. E. Gilbreath, head of the English department of the grammar school, Sixth Grade students have been writing poetry. A contest was conducted recently, with Betty Rhea Caldwell winning first place with her "Little Flower" and Ruth Walker second place with "Elves in the Garden Hose." We think these poems are splendid pieces of composition for pupils of this age, and we take great pleasure in presenting them to our readers. In passing, may we mention that Yvonne Westmoreland and Ruby Jewell Brewer deserve special mention for their poems, winning third and four places respectively.

In passing, may we mention that Yvonne Westmoreland and Ruby Jewell Brewer deserve special mention for their poems, winning third and four places respectively.

Here are the winning pieces of poetry:

"THE LITTLE FLOWER"
This little flower so bright and gay
Started blooming one April day,
And if not picked, has promised to stay
To meet the scorching sun of May.

The sun sent down its rays of light,
On the little flower so gay and bright,
It kept on shining the whole day through
And warmed the earth, so the flower grew.

Then the cool drops of rain
Came pitter-patter on the pane
The little flower gladly drank
And lifted her head to God to thank.

Now when the summer mornings pass
And winter comes so grey,
This gay little flower will close her eyes,
And sleep again till May.
—Betty Rhea Caldwell.

"ELVES IN THE GARDEN HOSE"

The garden hose
Sends rainbow elves
A-skipping down the path
To wash the dusty stepping stones
And give the flowers a bath.

They pitter-patter
In the pool
Then turn about in glee
To dance upon an upturned nose
That is a part of me.

But one little elf said to himself,
As he sat on a peony pink:
"Plants are so tall
And I'm so small
I'm out of size in the world I think
—Ruth Walker.

Sixth Grade Geography students are working on a Texas booklet, and will have it completed soon. They spent last week taking six weeks' exams. Charlene Wanda Austin, Margie Ables, and Betty Lynn Middleton are on the spelling honor roll for this week.

Fourth grade: In our English class we have been writing plays, and have staged those written by Jack Walker, Allie Jo Schooler, and Margaret Sue Goddard. In Geography we are studying the Western States. We have read about the gold rush in California in 1848, and how so many people went to that state. This week's honor roll included Billy Ray Brunson, Raymond Kelly Curtis, Daniel

Eaker, Margaret Sue Goddard, Earlene Petty, Martha Jean Houchin, Allie Jo Schooler, Elouise Shoemaker, and Wanda Lill Everett.

Third Grade: Those making 100 all week in spelling were Para Thena Ables, John Ellen Beach, Juanita Cargal, Joysey King Edwards, Dorothy Clayton, Helen Jane Galneau, Nelda Harrison, Leta Lackey, Emma Lee Pearce, Stanley Cathey, Dwayne Mires, Carl Page, Robert D. Stockton, Billy Tuna, and J. L. Petty. Those making 100 all month in spelling are: J. L. Petty, Carl Page, Leta Cargal, Dwayne Mires, Emma Lee Pearce, Helen Jane Galneau, Dorothy Clayton, Joysey King Edwards, Juanita Cargal, Para Thena Ables, and John Ellen Beach.

Second Grade: Those on the honor roll for March are: Doral Campbell, Doris Payne, Valene Buchanan, Alice Nell Walker, Frank Stokes, Gienna Fay Mires, Billie Jean McKee, Loneta Minor, Sidney Yarbrough, Alvin Ward, Billy Ray Frazier, Addie Pearl McKibben, Billy Jane Johnson, Virginia Shaw and Jimmy Schooler.

The Blue Darter

News of Joe Bailey Community Edited by Mary Frances Brewer

Mrs. F. L. Bullard, principal of our school for the past two years, accompanied by Mr. Bullard, and her sister, Miss Stella Dorn, left Friday night for their home in Emory.

Our school session closed Friday. All students except a very few completed the term successfully, and we were all glad of the grades we made.

Grammar school commencement exercises were held Thursday evening. Graduates were Thelma Williams, Ruby Ratliff, A. J. Warren, Morris Smith, and Joe Beckham. Thelma Williams was valedictorian, Ruby Ratliff salutatorian. The program rendered on this occasion was much enjoyed by school patrons and friends.

Mr. and Mrs. Tom Yandell and family of O'Donnell were guests Sunday of Mr. and Mrs. L. T. Brewer and family.

A 4-H club was organized among our boys last Thursday morning. V. F. Jones, our county agent, was present for the organization. Mr. Tom Brewer is sponsor.

Miss Faye Brown, primary teacher returned to her home in Tahoka Friday afternoon.

Marking the close of school, the community enjoyed a picnic Friday, with an attendance of approximately 125 persons. A bountiful picnic lunch

a barrel of lemonade, and games in tennis and baseball kept the crowd entertained.

Church News
Forty-five members were present at Sunday School Sunday. Bro. Lee made an inspiring talk which was enjoyed by all.

Bro. Braswell will preach for Sunday afternoon at 2:00. Everyone come and take part in this service. You will always find a cordial welcome at our church.

Social News
Mr. and Mrs. Jap Kyle entertained the young people of the community with a party Saturday evening. The attendance was light because of the standstill, everyone enjoyed the hospitality very much. It is always a pleasure to be in the Kyle home.

(Delayed from last week)
Our community held a picnic at Duck Canyon Monday, with about 100 persons attending. Everyone took a picnic lunch which was served at noon. The event was much enjoyed.

Miss Juanita Williams who has been suffering from an attack of appendicitis, was able to be back at school for final exams.

Little Miss Eula Faye Strawn who has been in a Lubbock hospital is doing nicely.

Mr. and Mrs. Woody Newton with relatives at Waco.

Four Models from **\$8.95**

"Eyelaxation"

"Eyelaxation" is something everyone should strive for when reading, sewing or working—it means eye functioning perfectly without strain or effort. Work can be done better, studying is made easier and more beneficial and, most important of all, you feel better when your eyes are relaxed. "Eyelaxation" is very important in your everyday life.

Here's one way to assure "Eyelaxation"—the lamp illustrated is one of the new Reading-Study lamps designed with just that in mind. On the desk or table an even, glareless light of just the right intensity is provided that makes even fine print fairly jump out of the page. Floor lamps are also available with the same principle of illumination.
